You remember. She was always there when you were frightened. And if you got hurt, she was standing by with bandages. Wouldn't it feel good to talk to your mother again right now?

Calling over AT&T Long Distance Service probably costs less than you think, too. And if you have any questions about AT&T rates or service, a customer service representative is always standing by to talk to you. Just call 1 800 222-0300.

Sure, your schoolwork and your friends keep you busy. But call home and find out what she's wrapped up in.

**Don't compete with a Kaplan student—be one.**

Why? Consider this: More students increase their scores after taking a Kaplan prep course than after taking anything else.

Why? Kaplan's test-taking techniques and educational programs have 50 years of experience behind them. We know students. And we know what helps boost their confidence and scoring potential.

So if you need preparation for the LSAT, GMAT, MCAT, GRE, DAT, ADVANCED MEDICAL BOARDS, TOEFL, NURSING BOARDS, NTE, CPA, INTRO TO LAW, SPEED READING, or others, call us. Why be at a disadvantage?

## Buy a printer with your Macintosh and conserve paper.

A Macintosh™ personal computer and an ImageWriter™ II printer will save you hours of time. Not to mention gallons of correction fluid and reams of paper. And, if you buy both now, the first ream

of paper you'll save will have a lovely green glow with Presidents on it. So here's the deal: You'll save a bundle of cash when you purchase an ImageWriter II printer along with your choice of a Macintosh Plus or a Macintosh SE. Either way you'll be able to turn out beautifully prepared papers. And we'll even try to help you

with a variety of financing options. We feel compelled to tell you, though, that a deal like this can't last forever.\* So it's a good idea to see your campus microcomputer center today. And join the paper conservation movement.
