

THE EAGLE

VOL. 5

SANTA BARBARA STATE COLLEGE—SANTA BARBARA, CALIFORNIA, FRIDAY, NOV. 13, 1925

NO. 9

FOURTEEN DELEGATES WILL REPRESENT S. B. C. IN A. W. S. CONVENTION AT POMONA BEGINNING TODAY

Uniform Dress Will Be Feature of Local Delegates; "Keeping Girls Interested" Discussed.

Four official delegates are leaving today for the A. W. S. Convention at Pomona College this week-end. They are accompanied by ten unofficial delegates. The convention this year aims "to do something big in the way of thinking as women this year, and actually to reach some conclusions."

Ester Janssens, president of the local A. W. S.; Janice Kennedy, Grace Micksh, and Edith Comstock are the official delegates. Unofficial members of the party are Elsie LeBlanc, Jean McKenzie, Helen Clarke, Erma Learned, Rebecca Singleton, Jean McLochlin, Mary Runkle, Ada Dunning, Charline Hord, and Gwendolyn Douglass. Dean Pyle will accompany the delegation.

In the round-table discussion, Friday evening, Santa Barbara has been asked to discuss the question of "Keeping Girls Interested." Ester Janssens will lead the discussion. The Oregon A. W. S. Conference of this year will be handled by U. S. C. and Occidental; Riverside will discuss the "Simplification of Activities," and Santa Ana will discuss "Freshmen."

The main topic of the convention is the "Responsibility of Freedom." It will be introduced by Pomona, and the various phases of the topic will be led by the representatives from Fresno, Redlands, Occidental, Fullerton, and San Diego. They will discuss responsibilities of leadership as to the self and habits, and as to others, the characteristics of leadership, the social responsibilities of the modern girl, and the fallacies of popular representation.

Local Delegates Plan Stunts.

Ester Janssens is chairman of a committee to advertise S. B. S. C. through stunts by the local delegation. The Santa Barbara women will dress alike, wearing white sweaters and green socks, and will carry olive and white canes. The cars will also be decorated.

At the convention held in Fresno last year, the Santa Barbara delegates appeared in uniform dress. They created much favorable comment, and since Pomona is closer to home than Fresno, it is expected that this scheme will be carried much further this year.

Next Week

Monday—4:20 p. m., first interclass basketball games. Night, Glee Club and Social Committee meetings.

Tuesday—Fourth hour, General Assembly. 4:20 p. m., second interclass games. Night, Forum dinner at cafeteria.

Wednesday—4:20 p. m., third interclass games.

Thursday—Fourth hour, Council and Glee Club meetings.

Saturday—Night, Block S Society dance.

Men's Glee Club Dance Recreation Center Tomorrow Nite

Second Annual Affair By College Glee Club; Greenough's Music

The Men's Glee Club is sponsoring a dance to be given tomorrow night at Recreation Center. Frank Greenough's seven-piece orchestra has been engaged for the evening.

The dance is open to the public and will begin at 9 p. m. sharp. Those who attended last year, when a similar affair was given at Rockwood Inn, can speak for the type of party the Glee Club is capable of putting over. With the combination of Greenough's orchestra and Recreation Center, an even greater success may be expected.

Our last football game of the season is to be played tomorrow afternoon and it is expected that some of the Cal Poly boys will attend the dance. No other College affair is scheduled for the evening, so it is possible for a large portion of the Student Body to attend.

Tickets may be obtained from any member of the Glee Club at one dollar each and each ticket will admit one couple.

Forum Chooses Very Unique Play For Assembly Presentation

"The Angel Intrudes," by Floyd Dell, was selected by Miss Kathleen Goddard, chairman of the Forum play-reading committee chosen last week to find a play to be given in Assembly soon. This play will be presented by the Forum on Tuesday, December 15, in the Assembly. The play is not a Christmas play, but was chosen because it has a rather clever turn in the plot.

Tryouts for the three parts in the play will be open to all the students of the College and will be held at the College on a day next week to be announced soon. There are parts for two men and one woman.

Roscoe McGuire, head of Dramatics, Oratory, and Debating in the College, will choose the cast and direct the play. This will be the first play to be sponsored by the Forum this year.

Keith Gunn Injured In Ventura Game

Keith Gunn, eminent guard on the Roadrunner team, was seriously injured in the Ventura J. C. game last Wednesday. When the smoke cleared away after a fumbled ball and several men got off Gunn's head, he was found to have concussion of the brain.

He was immediately removed to an Oxnard hospital, where he remained until last night. Coach Gilliland went back to Oxnard yesterday and brought him home.

FRAT AND SORORITY PLEDGE INITIATION FEATURE NEXT WEEK

Many Pledges Announced For Initiations In Quad Next Week

Pledges of the various Greek Letter Societies on the campus are greatly concerned as to what may befall them next week. Initiation begins Monday, lasting the entire week. Many rumors have been spread about the campus as to what the pledges may expect, but each fraternity promises to start initiation off with a "bang" Monday morning.

Those to be initiated are remembering the many unpleasant acts that pledges were put through last year, such as walking home from a back road near Carpinteria, wearing their clothes backwards, girls crying whenever their best boy friend speaks to them, or a bath in the pool.

In approving the Pan-Hellenic constitution recently drawn up, President Phelps has objected to any initiations being performed down town, because of unfavorable publicity. Hence all of the pledges will be initiated in the quadrangle of the College.

The pledges to be initiated are as follows:

Sigma Alpha Kappa—Lewis Peters, Gene Powell, Clifford Leedy, Otto Larsen, and Harold Furman.
Beta Sigma Chi—Francis Peter.

Alpha Theta Chi—Dorothy Whitestein.

Delta Sigma Epsilon—Edith Anderson, Anna Cowan, Isabel Bolton, and Charlene Hord.

Tau Gamma Sigma—Cecelia Hauser and Geneva Leach.

Delta Zeta Delta—Loring Cochran, Helen Dane, and Ruth Chalmers.

Phi Chi Alpha—Madeline Connel, Ione Wilson, Edith Comstock, Marian Hebert, and Greta Howard.

Exhibit From Mr. Wolf

Tuesday an exhibition was received from the Chouinard Art School of Los Angeles, where Mr. Wolf, former head of the Art Department of this College, is now teaching. The exhibit consists of designs for textiles, paper cutting designs, block prints, and commercial designs.

ROADRUNNERS TACKLE CAL POLY SATURDAY IN LAST GAME OF GRID SEASON AT PEABODY STADIUM, 2:30

Many Roadrunners Play Their Last Game Tomorrow; Teams Very Well Matched for Exciting Contest

Saturday, November 14th, the old rival from San Luis Obispo will hail to town to try to keep the record reading the same as it did last year after the tussle on the northern field. California Polytechnic School has always been a hard team to beat and Coach Gilliland is not very jubilant about the outcome, but the team is going on the field determined that it will at least reverse the 7-0 score that resulted last game.

Frosh Day Scores Big; College Given Dose of Orange, Green

Frosh Show Upperclassmen How to Run College By Display of Pep

With the campus decked thoroughly with green and orange, "Frosh Day" yesterday broke all previous records for class day celebrations. The program given at the morning Assembly was received by an unusually large crowd, who generously applauded the acts of the Frosh. To Ardis Sloan, chairman of the "Frosh Day" committee; Charlotte Bellman, Gwendolyn Douglas, Vincent Pelletier, Alfred Tomlinson, and to the Frosh who took part in the program, goes the praise for the success of the day.

The feature of the program, of which Charlotte Bellman had charge, was a skit on the "Right and Wrong Way of Doing Things." Different modes of life were selected, one person showing the right method and the other the wrong way. All were received well, and so was the last, the bedtime skit. Miss Beckley's interpretation of the wrong way of retiring for the night scored the biggest hit of the program.

Court Decorated

On the walls of the main building in the rear of the court stood a "29" twenty feet high. It was painted in green and orange. Built with corrugated cardboard and wooden frame, the figures were laid out in sections, which will make possible the use of the "29" for any Frosh activity.

Every pillar in the court wasn't neglected in regard to decorating. Even the trees received green and orange. Signs and posters also assisted the decoration.

Floating above the main building was a cluster of balloons, numbering about ten, which were supporting green and orange streamers. These balloons arrived at the campus at eleven o'clock.

It is reported that the unusual celebration of the day disturbed the Sophomores. Just what the Sophs have in store for their day is in doubt, but an attempt will probably be made to equal "Frosh Day" in glory and splendor.

The Art Department will stage a Christmas pageant December 13. A meeting was held Wednesday morning to consider the selection of the cast and the costumes.

There are several men who will be out to do their utmost because of a reason which the whole team cannot enjoy. Jimmy Anderson, Perry Linder, Jack Vince, Bud Garber, Francis O'Reilly, and Allen Keim will be playing their last game of college football and nothing could be more appropriate than for them to be on the team that slips a win over the team that is now ahead, because of having won the last game.

Realizing that they will be making history that can be enjoyed by every local supporter of the green and white, the whole team is bent on making this game a success from our own point of view. With the regular ends, Keim and Linder, in action it will be necessary for the visitors to keep their plays well inside, and there the responsibility will fall on Annin and Martens at tackle positions. Because of injuries the guards are hard to find, with the exception of Otto Larsen, who has been playing the star of the linemen in many of the games this season. Furman and Gunn are on the bench and cannot hope to be ready to go Saturday, so Coach will probably have to move Vandam from his accustomed place at tackle to guard. Van has been playing a steady game all this season and with more experience will be a great asset to the squad next year. Francis O'Reilly at center, one to be making his last bow to Santa Barbara fans, has not been out of the game this year and will be wanting to make this last game one to be remembered by.

The backfield will be more or less intact, with Anderson, Morehead, and Vince backing Curtis and Garber. At Cal Poly last season this combination would do most anything it wanted to with the opposition, and then the breaks would go the wrong way and they would have to start all over. Finally, with the stiff wind on their backs, Cal Poly men succeeded in sending a long pass to a touchdown.

The defense will be on the alert this time and expect to snag any passes that the visitors see proper to use. On the bench to help keep up the spirit and fight will be such valuable men as Clemore, Treloar, Smith, Mobley, Lopez, Mabe, Heggie, Kiney Nicklin, and Lane.

President Phelps went to Ventura last Saturday to see Mrs. Blanche Reynolds, County Superintendent of Schools, about the possibility of having courses in extension work there next semester.

WORLD COURT DISCUSSION

The New Student, the only national student newspaper in the United States, is conducting a nation-wide student poll on the subject of the world court soon, on the same order as the nation-wide student straw vote for presidential preference last fall. This student poll will be to determine whether or not the students in America, who will soon take a hand in the affairs of government, are in favor of a world court, and if so upon what plans would they like it based.

This poll is being conducted to stimulate the interest of American students in the affairs of the world. The ballots will allow the students to check which of four plans they prefer. These plans are as follows:

- 1.—For U. S. participation in the World Court under the "Harding-Hughes-Coolidge Terms," which state that the United States will not be connected with the League of Nations nor be bound to any obligations under the League Covenant nor by advisory opinions of the Court on questions not voluntarily submitted by the United States.
- 2.—For U. S. participation under the "Harmony Plan" of thirty peace leaders, which states that the United States will join the World Court under the "Harding-Hughes-Coolidge Terms," but will withdraw after five years unless a code of international law has been adopted outlawing war and the Court given jurisdiction.
- 3.—For U. S. participation under the "Borah Terms," which state that the United States will not join the World Court until international law has been codified outlawing war, and the Court given jurisdiction; the United States not to be thereby connected with the League of Nations.
- 4.—Against U. S. participation in the World Court.

This poll will be very timely, because the Senate is scheduled on December 17 to discuss this issue. Hence it will soon become a popular topic for debates throughout the country. The poll will be conducted by The Eagle in co-operation with *The New Student*, during the last week of college before Thanksgiving, if the students are sufficiently interested in the subject to warrant the effort.

The eyes of the country are on the students and the outcome of this poll. Other colleges are doing it. Why can't we?

SONG AND YELL BOOKS

The College Song and Yell Books were printed by the Pep Committee this week and are now on sale at the Co-op Store for twenty-five cents each. The printing of these books is a project to be commended, because they were very much in demand by the students, many of whom were unfamiliar with even the better known yells and songs.

These books were printed with a view to keeping them up to date. For this purpose several blank pages are left in the back of the book for the insertion of additional songs and yells that might be composed. Let's get a book apiece and take them to the game tomorrow.

'RAY FOR THE FROSH!

The Frosh are to be highly commended for the spirit they showed at the College yesterday. They certainly let the upperclassmen know who they were and had it over the upperclassmen like an airdome roof in their exhibition of pep. The Frosh have set a high standard in spirit that the other classes will do well to pattern after. Here's congratulations to the Frosh and more congratulations to the class that beats them.

Conner Shannon says that the reason why the College paper is called *The Eagle* is that it is always on the rocks. Not a bad guess.

I THANK you.

La Verne Regards "L" Anniversary Recently

La Verne College recently celebrated its anniversary of "L" day, which was the day the enormous L was cut from the brush in the mountains behind the college.

In a history of the L in the La Verne *Campus Times* a detailed account of the experiences of the pioneers of the "L" movement is told, many of the experiences of which are similar to those already met with by local students who have been investigating possible locations for our S.

The La Verne L is a famous spectacle in the southland and it represents a feat of which the Brethren may well be proud. Santa Barbara may be bragging about something similar soon.

Elementary School Column

By the Children of The Sixth Grade.

A Talk by Mr. McClusky

Mr. McClusky has been visiting Southern California State Teachers Colleges, finding out the different methods of training teachers. He came to the College Elementary School and gave us an interview on the Hawaiian Islands. He said there are quite a few different nationalities there. The population of the islands is about 275,000. In the Hawaiian Islands they raise about 750,000 tons of cane sugar a year. The cane stalks grow from ten to forty feet tall.

Lucia Deardorff gave a party for the College Elementary School. Everybody came in costume. Mrs. Deardorff got all of the children in line and they marched around the room. Some of the children had clown suits, Japanese suits, and witches' dresses. Mrs. Deardorff had a program in which one of the singing classes sang a song about Hallowe'en, and one of the girls danced the bubble dance. Then we played musical chairs and we were served ice cream and cookies.

Tuesday I went on board the U. S. S. New Mexico. I first went out on the wharf and I got in line to get on the little motor boats. When a boat came for us, we got on. The U. S. S. New Mexico was about a mile and a quarter out at sea. When we got there, they were having gun practice. We got on board the big ship. I first looked at the big guns, then I went inside the ship. They have a potato peeler there which is run by electricity. When we wanted to go home, we had to wait half an hour because of the big crowd.—Jimmie.

W. G. Paul Speaks to Economics Classes

Mr. W. G. Paul, member of the investment firm of Paul, Ballis & Co., and president of the Kiwanis Club of this city, addressed Dr. Ellison's Economics classes last Monday and Tuesday on the subject of Stocks and Bonds. Mr. Paul told them about the various types of stocks and bonds and the fundamental differences between them. The addresses were very well taken by the students.

English Subject A Failures Notice

Students who failed in the English Subject A examination at the opening of this year must take the English X, which is being given on Mondays and Fridays at 12:10 in room 45, if they expect to take the next examination, in February. Dr. Maxwell, head of the English Department, stated last week.

Although late to enroll, an opportunity will be given to make up the work. The roll is being called regularly by Dr. Maxwell, who stated that about thirty out of sixty-five students who failed are taking the course.

No student will be allowed to retake the Subject A examination who has not received the English X instruction.

San Diego President On Visit To College

President E. L. Hardy of the State Teachers College of San Diego visited President Phelps this week. Mr. Hardy has been spending a two months vacation in Oregon, where he visited various state colleges in the north. He stopped at Santa Barbara on his return.

College Spirit Is Given Commendation By Faculty

That the spirit of the College is improving tremendously is the opinion of President Phelps, Deans Pyle and Ellison.

President Phelps—"I think they are showing up very well. It has always been up to the students; it isn't a thing the faculty can make."

Dean Pyle—"We're waking up! The Student Body meeting last week is an excellent example. I think it will help everything, not only athletics, but every organization: the glee clubs, orchestra, Men's Club, A. W. S., etc. We should be on the lookout for all these things. In regard to the pep committee, Warren Atwood is doing excellent work. He should be highly commended."

Dean Ellison—"I think there is an improved spirit. Now, for instance, the attendance at the last assembly almost doubled. I think that should be kept up."

Arthur M. Ellis Will Speak On California

Mr. Arthur M. Ellis, a Los Angeles attorney, will give a talk to the students on the subject of Early California History on the third or the tenth of December. The lecture will be open to all students and their friends.

The lecture will be very instructive and exceedingly entertaining, according to President Phelps, who is familiar with the style of Mr. Ellis. The students will never regret laying this time aside for that lecture.

Men's Club Plans a Forum

To make the Men's Club meetings an open forum on questions pertaining to the College, was the action taken at the meeting of the organization last Tuesday noon. It is planned to include entertainments at the meetings.

This action was taken in an effort to increase the attendance at the Men's Club meetings, which are held once a month.

Mrs. Miller To Obtain Evaluation of C. M. Credits At Columbia

In an attempt to gain recognition at Columbia University for the Community Mechanics Department here, thus making it possible to transfer to Columbia for the M. A. degree in Community Mechanics, Mrs. Jane C. Miller, registrar, who left last Saturday for a two months trip in the east, plans to visit Columbia and ask that arrangements be made for the recognition. It is hoped that she will be successful.

Contrary to a statement in the Eagle last week, Mrs. Miller will not take a course at Columbia, as her time is too short.

Recognition at Columbia was given to the Home Economics Department ten years ago, according to Miss Ebbets, head of the department. Up to a few years ago, it was impossible to obtain even an A. B. degree at Santa Barbara, causing many H. E. students to complete their work at Columbia. However, since the establishment of the A. B. here three years ago, students go to Columbia to get the M. A. after obtaining their A. B. at the local institution.

"This College is known better in the east than it is here," Miss Ebbets stated in regard to the standing of the Santa Barbara State College.

Forum Holds Party In Cafeteria Tuesday

A dinner for Forum members and their guests will be given at the cafeteria next Tuesday evening. President and Mrs. Phelps will be the guests of the club. At this time the play that the Forum plans to give for its first play of the season will be read and the date of the try-outs will be announced.

This will be the first social event the Forum has had this year and many enjoyable diversions will be the features of the evening.

Many Enjoy C. M. Barbecue Sunday

Everyone had a fine time at the C. M. barbecue and picnic last Sunday at El Capitan Beach. Several of the men went early and enjoyed some good ocean fishing, which afforded varied excitement with a catch of seventy-one mackerel and the falling voerboard of Max Weide.

The feed was a big success and everyone had all he could eat. After dinner there were several fast games of baseball, horseshoes, and volley ball. At the same time there were several others who enjoyed a swim in the ocean and the sun on the beach. The party returned in the evening well pleased with the outing.

"How stunning," remarked the cave woman as the boy-friend wooed her with a club.

Prizes Awarded For Songs In A. W. S. Contest Tuesday

Gwendolyn Douglas was awarded first prize last Tuesday in the A. W. S. song contest, which terminated the first of this week. Loye Maybrien received second prize. Both songs were adopted by the organization at its meeting Tuesday.

The prize winner, "A. W. S., Our Song," will be used as the official A. W. S. song, while the second prize song, "Our College Spirit," will be used for outdoor singing, rallies, etc.

The entries were judged by Dr. Maxwell, Erma Learned, and Madeline Connel. Judgment was made on the basis of literary style, originality, and adaptability to the organization.

A stunt song, which will be used for the A. W. S. convention at Pomona this week-end, was accepted by the organization. It was submitted by Rebecca Singleton, Elizabeth Jordan, and Gwendolyn Douglas.

A prize of three dollars was given to Gwendolyn Douglas, and two dollars to Loye Maybrien.

The songs were learned at the A. W. S. meeting Tuesday.

Home Ec. Students Enjoy Department Party

The Home Economics party of last Friday evening proved to be one of the most successful parties the department has ever had. Nearly fifty members of the department, faculty, and students met at the Music Cottage and then went to the cafeteria, where the evening was spent in playing games and dancing. A musical program was given. Miss Edna Fletcher gave a piano solo, Miss Bessie Halfpenny sang a vocal solo, and Miss Ebbets gave a pianologue.

At the conclusion of the program delicious refreshments were served by Mrs. Ethel Hughes and her committee. Others in charge of the party were Grace Micksh and Edith Comstock, program and entertainment; Ruth Hunt, decorations; Laura Tade and Blanche Henninger, publicity; and Katherine McLean, clean-up.

"My poor fellow," said the lady, "here is a quarter for you. Goodness gracious, it must be dreadful to be lame, but just think how much worse it would be to be blind."

"Yer right, lady," agreed the beggar. "When I was blind I was always getting counterfeit money."

BASKETBALL SEASON OPENS WITH INTER-CLASS GAME MONDAY

Six-Game Series To Be Played Off Early Next Week

Basketball season starts Monday and the interclass games will be run off on Monday, Tuesday, and Wednesday of next week at 4:20 p. m. Two games will be played off each afternoon, the first round Monday, the second round, in which the teams will swap opponents, will be played on Tuesday, and the remaining rivals will have it out on Wednesday.

The basketball candidates, of which there are nearly enough for ten teams, will meet this afternoon to elect captains of the class teams and to decide whether they would like the winning team chosen on a point basis or a basis of games won and lost. They will also decide which teams will oppose each other in the class games.

In view of the large number of candidates for basketball this year, it can be seen that the interclass games will not be a walkaway for any class, but plenty of competition is predicted. The women's interclass games have already been played off to allow the men the use of the gymnasium.

These games will be played early in the basketball season to stimulate interest in the sport among the students and to get these games

out of the way for the regular inter-scholastic schedule which will come later in the season. Casey also wants to see what kind of material he has to build a team out of this year.

The Freshmen won the interclass tournament last year by virtue of their wealth of material from which to draw a crack team. We don't know what the Frosh have to show us this year, but the Sophs have Vandam, Leedy, Atwood, Williams, Mobley, Bailard, and Greenough, all of whom starred last year in the interclass combats. The Juniors have Francis O'Reilly, Brotherton, Weide, Morehead, and Linder. The Seniors have Anderson, Keim, Garber, Peters, and Minetti to lead them.

Seven lettermen remain from last year for Casey to build a team around. They are Anderson, center; Williams, forward; Morehead, forward; Linder, guard; Brotherton, forward; Vandam, center; and Mobley, guard. Besides these men we have Henry Minetti, veteran scoring machine from Santa Ynez; Clifford Leedy, and Lewis Peters, who almost made their letters last year. It is hoped that Anderson will be able to play sooo, because he is at present laid up with a torn ligament in his leg.

Women's Soccer Begins

Interclass soccer for women will start next Tuesday afternoon with the first practice. Class teams will be organized if the turnout is large enough, Miss Weage stated.

The English S Society is planning a new point system to determine who shall receive letters.

Four Men To Play In Tennis Finals. Real Contest Predicted

The men's tennis tournament, which has been narrowing itself to a finer point each week, has come to the place where there are only four contestants left to play off the finals and the battle for first place. Last week the contestants were Brotherton, Wormser, Garber, Ed die Smith, Abbott, Atwood, Asakura, and Greenough. These contestants divided themselves up in pairs for the third round and those remaining in the tournament became Brotherton, Garber, Abbott and Greenough, since Flip defeated Wormser 6-1, 6-2; Garber defeated Smith 6-3, 8-6; Abbott defeated Atwood 7-5, 6-4; and Asakura lost to Greeoough 6-4, 2-6, 10-8.

Final matches to be played this week will be between Brotherton and Garber and between Abbott and Greenough. The match to determine the final winner of the College between the winners of these last matches will be played off soon. In our opinion the final match will not be a walkaway for anyone.

ROADRUNNERS LOSE TO AZTECS 10 TO 0 SATURDAY

The San Diego Aztecs defeated the Roadrunners to the score of 10-0 in a well-played game here last Saturday. The game was fast from the first to the last whistle. Both teams showed a wealth of fight and knowledge of the fundamentals in the manner in which they picked out their men.

Contrary to expectations, the Aztecs did not make many yards off tackles, although their loose touchdown went through that section of the line. In general the line held very well. San Diego played a game of tricks throughout, interchanging various fake plays with smooth criss-crosses and passes. Keim and Linder smeared most of these criss-crosses, but one of them netted 50 yards when the San Diego quarterback broke through and was stopped by Jack Vince on the 23-yard line.

The spectacular work of Jack Vince and Jimmy Anderson before he was taken out with a torn ligament, was the feature of the day.

Keim and Linder showed plenty of scrap at the end positions also. Curtis proved himself an excellent leader in his management of the team from the quarterback position and made many yards for the locals by packing the melon through center.

Frosh Win First Interclass Game

In a hotly contested game of basketball last Thursday, the Freshmen women, defeated the upperclass women by 28 points, the score being 39 to 11. Both teams worked hard and the playing on both sides was excellent.

The lineup for the Freshman team was as follows: Marian Hauan, Elizabeth Cash, Helen Gould, Lydia Scudalari, and Elizabeth Bradley. Ester Janssens, Dorothy Kimes, Eleanor Warren, Edith Anderson, Elma Altringer, Helen Dane, and Evelyn Marshburn composed the upperclass team.

Frosh Women Victors In Interclass Basketball

The women's basketball season is over with the Freshman girls as the victors. Because they won two successive games last Thursday and Tuesday, they are declared to have won the series, even though the final game, scheduled for yesterday, was not played.

The game was exciting, the score being almost the same as on Thursday. The line-up for the upperclassmen included Edith Anderson, Elma Altringer, Helen Dane, Margery Granger, Ester Janssens and Dorothy Kimes. The girls that made up the victorious Frosh team were Marion Hauan, Helen Gould, Elizabeth Bradley, Anna Scudalari, Ruth Daniels, and Irma Smith.

VENTURA J. C. DOWNS ROADRUNNERS 12-6, OXNARD, WEDNESDAY

Ventura Shows Whirlwind Aerial Attack And Good Defense

At Oxnard last Wednesday the Roadrunner team was the one on the short end of the score in an exciting and windy game. The Ventura squad proved itself worthy of all the write-ups and sent such a barrage of forward passes at the Roadrunner backfield that it could not keep the J. C. men from scoring two touchdowns, and it was only the stiff breeze that caused a Ventura man to miss a long heave over the goal line, which would have made another score.

The Roadrunner squad, however, was not entirely outplayed, as the score might indicate, but almost half of the time had the ball in the Southerners' territory. The local line had them all outclassed; but with the exception of Clemore and Vince, the backs could not get started. Throughout the game Jack Vince could tear off from three to five yards through the heavy line and Bert Clemore showed his spurs by making the longest run of the game from the receiving of the kick-off. Not satisfied at that, he went through tackle for the yardage that finally put Vince where he could crash over the line for the lone marker made by the locals.
