NUMBER 27

## American Legion Holds Regular Election of Its Officers Tuesday Night

### LEASING OF CERCA DEL MAR IS DISCUSSED

Installation of Officers Will Be Held On Tuesday Evening, September 18

The annual election of officers of the American Legion was held Tuesday night at their regular meeting at Cerca del Mar. Regular business was conducted, including a discussion of the proposed leasing of Cerca del Mar from the State.

Officers elected for the ensuing year are as follows: Commander, Ferlys W. Thomas; First Vice Commander, J. C. Tonge; Second Vice Commander, Marc Latham; Treasurer, Stanley Shepard; Chaplain, Dr. T. M. Shorkley; Historian, A. E. Southworth; Sergeant at Arms, Neil Vaughn. The adjutant will be appointed later by the commander. Members of the executive committee will be Richard Kistler and Archie M. Horton.

The installation of officers will be held on Tuesday, September 18th, probably at the high school auditorium. This meeting will be "ladies night" and a special program is being planned for the occasion. The committee in charge of the program will be announced at a later date.

Lease on Club House Held Up  
Plans for the taking over of Cerca del Mar were discussed but no final action was taken. The lease offered by the State is not satisfactory in its present form and letters have been written in an effort to obtain more satisfactory terms for the Legion.

A committee of three, two members of which are Ferlys W. Thomas and Archie Horton, were appointed to contact the supervisor from this district to see if it would be possible to include a War Memorial Building for Carpinteria on the SERA program after the Aliso school is finished.

It was voted to buy a new flag to replace the one at the beach which is badly worn.

Emanuel Solari, who returned with his wife Sunday evening from a two weeks trip which included a parks visit with Mr. and Mrs. T. M. Parks of Lompoc at Huntington Lake, and the Legion convention in San Francisco, reports that the keynote of the convention was the anti-communist stand taken by the Legion. It was brought out that the American Legion has no quarrel with legitimate union labor, but that the organization is definitely against any communistic interference with industry in this country. National Commander Hays gave a stirring talk which was broadcast over a national hook-up. Archie M. Clauson was elected State Commander for the coming year. Mr. Solari states that an effort is being made to have Clauson speak at one of the Legion meetings here sometime in the near future.

### Things To Remember:

When Black Bart robbed two stages on the San Marcos Pass on a rainy day and left a piece of poetry which read: "Here I've stood while wind and rain have set the trees a sobbin', waiting for these d— stages that wasn't worth the robbin'."

When Jimmy Ord displayed the hide of a grizzly bear at the Centennial in 1884. The bear was killed in the Siskiyou mountains.

When a huge grizzly known as "Old Clubfoot" used to come down and kill cattle as near as the foothill road.

When the mountains were burned off every year in order to make deer hunting for the next season.

When it was possible to hit the trail and camp, fish and hunt without restrictions as to location.

## ELEVENTH ANNUAL FIESTA PROGRAM

THURSDAY, AUGUST 23

10:30 to 5:30, at El Paseo de la Guerra. Strolling vendors, entertainers, serenaders, Spanish fruit and flower markets. 2:30 p.m., famous "HISTORIC PARADE." Starts at State and Sola Streets; continues down State along West Beach waterfront. At 8 p.m., "LA ENTRADA DE LOS AMERICANOS," at Peabody Stadium. At 8:30 p.m., "Rose of the Rancho," Lobero Theatre. Street dancing, De la Guerra Plaza (City Hall) and State and Carrillo Streets, 7 p.m. to midnight. From 9 p.m. until midnight, entertainment by Poole-Verhelle group on Court House lawns.

FRIDAY, AUGUST 24

At 10 a.m. and 2 p.m. garden tours, via own automobiles, start from Recreation Center, affording opportunity to visit noted estates and gardens seldom opened to public. Beginning at 10 a.m., colorful Spanish entertainment at El Paseo de la Guerra. At 2 p.m., Stock Horse Show, with riding and roping contests, at Pershing Park. At 2:30 p.m., the famous Ruiz-Botello pageant on the Court House lawn. At 3 p.m., a Fiesta tea at Rockwood Woman's Club. At 8 p.m., "LA ENTRADA DE LOS AMERICANOS," Peabody Stadium. At 8:30 p.m., "Rose of the Rancho," Lobero Theatre. Street dancing. From 9 p.m. entertainment by Poole-Verhelle group, Court House.

SATURDAY, AUGUST 25

At 10 a.m., special garden tour leaving Recreation Center. Entertainment at El Paseo de la Guerra all day. From 2:00 to 4:00 p.m., portion of State Street roped off to represent scene of fifty years ago. At 8 p.m., "LA ENTRADA DE LOS AMERICANOS," Peabody Stadium. At 8:30 p.m., "Rose of the Rancho," Lobero Theatre. Street dancing during evening from 9 p.m. on. Entertainment at Court House by Poole-Verhelle group.

### ATTENTION VOTERS

Free transportation will be furnished to those voters who have no way of getting to the poles on Tuesday, August 28. Simply call Carpinteria 3581 and a car will be sent to your door.

These cars are being furnished by a group of public-spirited citizens of Carpinteria who are fully aware of the importance of getting out the vote 100% at this election.

The trite phrase used so often in testing out fountain pens or typewriters, "Now is the time for all good men to come to the aid of their Country," might be fittingly made to read, "Now is the time for all good men and women voters to come to the aid of the government."

The very foundation of our government rests on the right of the people to govern themselves. The opportunity to do this is in the hands of every person who can qualify for the franchise. If the voters of this country insist on doing a "Rip Van Winkle" they might as well face the fact that they may be due for a sad awakening one of these days. It might not be so pleasant to wake up some nice morning and find this country in the hands of a Dictator  
(Continued on Page Four)

## School Costs Garden Club Higher in 1934 to Stage Show

Following Data Is Available In County Auditor's Office Exhibit Open to the Public; Membership Is Not Necessary

Throughout the past few years of the depression, various School districts in the County, through their trustees and administrators have had to retrench and economize in every possible manner. Salaries have been drastically cut, repairs curtailed and a minimum of supplies purchased. In direct contrast to local School district economy, the total cost for the Santa Barbara County School office administration and supervision has been much higher throughout the past three years of the depression than during the three years from 1928-31 when prosperity was at its height.

The present County School administration took office on January 1, 1931. The following data indicates the total cost of the County Superintendent's office for administration and supervision since that time as compared with the three years prior to that time. The total costs here reported and the average daily attendance figures are taken directly from the Annual Financial Reports of the County Auditor. These reports are open to the public and the figures can be checked.

According to information from a former County School Superintendent, the following five programs all come under the jurisdiction of the County Superintendent's office and are expenditures incurred by that office. They are Administration, Supervision, Board of Education, Attendance Officers and Institutes. The salaries of the supervisors are set by the County Superintendent of Schools. These following data include such items as salaries, supplies, office expenses, etc.

Regardless of the legislation passed during the past five years, the average annual per pupil cost as well as  
(Continued on Page Eight)

The Garden Club of Carpinteria is sponsoring a flower show to be given at the Woman's Club Building on August 30th. The hours are from 2:00 p.m. until 9:00 p.m. The show is open to the public and all persons having flowers they wish to enter are invited to do so. Membership in the club is not necessary in order to exhibit.

A special table is being reserved for geraniums, and another table for zinnias. Geraniums are such a common flower in this section of the state that they are usually overlooked when it comes to making entries in flower shows and it is the desire of the club to have as many varieties on display as possible.

The rest of the tables will be devoted to flowers of all varieties that are grown in Carpinteria gardens. For the convenience of persons wishing to enter flowers, members of the committee will be at the club house on the morning of the 30th to receive the flowers between the hours of 9 and 12.

The committee in charge of the show includes: Mrs. A. V. Buell, Mrs. Wade Hamilton, Mrs. Clarence Sawyer, Mrs. David Safwenberg and the Misses Katherine and Myrtle Bailard. The community is asked to join with the Garden Club in their effort to put on an interesting and attractive floral display.

### ATTEND REUNION

On Wednesday evening a number of persons from Carpinteria attended a reunion of members of the graduating classes of the Santa Barbara High School between the years of 1912 to 1920. A picnic and a barbecue was held at Tucker's Grove.

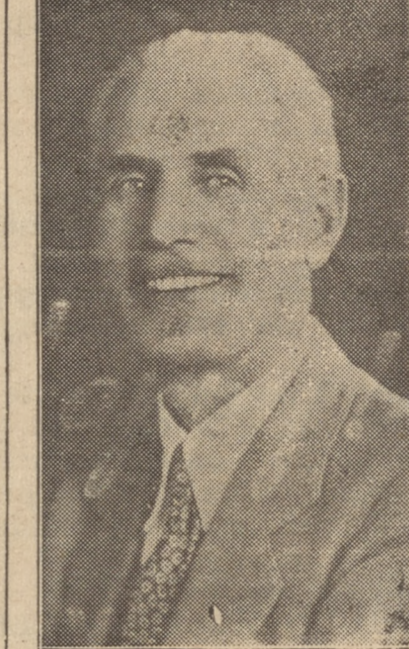

Among those going from Carpinteria were: Jack aBilard and family, Mr. and Mrs. J. K. Miller, Frank Wyckoff, Mr. and Mrs. Joe Schweizer

## Harry A. Lintz Is Made Three to One Choice in Straw Vote

### SANTA BARBARANS SHOW INTERESTS IN RACE

Lintz Campaign Given Added Impetus As Central Labor Council Adds Endorsement

Straw votes which have been taken in Santa Barbara County during the past week favor Harry A. Lintz, local candidate for County Superintendent of Schools three to one. A canvas conducted in Santa Barbara during the past four weeks and representing over 2,500 contacts with city voters, indicates a large majority for Lintz.

The poll disclosed that a majority of Santa Barbarans are intensely interested in the coming election, contrary to the usual assumption that a large number of citizens who are eligible to vote are not particularly interested in the political situation. Many of these persons have already formed decided opinions concerning the various candidates.

Endorsed by Labor Council  
Lintz's campaign was given added impetus last week with the endorsement of his candidacy by the Central Labor Council of Santa Barbara. Numerous letters have been received from those interested in the welfare of the County school systems. The endorsement of the labor council and several of the letters are printed below.

Santa Barbara, August 13th, 1934.

### E. B. OLSEN CANDIDATE TO COUNTY TREASURY

Briefly states his qualifications as follows:

"While in College I took a special course in 'Commercial Law and Accountancy.' How to install and keep the many various systems of Book-keeping and methods of Auditing.

"After leaving college I spent over ten years in Germania Bank, (later known as Farmers & Merchants Bank) of Mendota, Illinois, the last three years of which I was Assistant Cashier.

"I was also elected City Treasurer of Mendota, Illinois, which I held for only one term, for the reason that the laws of Illinois does not permit a City, County, or State Treasurer to succeed himself in office.

"I came to California in 1908 where my first position was with the County National Bank of Santa Barbara, afterwards going to Oxnard, Calif., where I spent three years in the office of American Beet Sugar Company, and three years as head bookkeeper  
(Continued on Page Seven)

### CYRIL HARTLEY, LTD., SIGNS CONTRACT FOR A. S. S. C. SERVICES

Club Members Will Be Provided With Day and Night Service

Cyril Hartley, Ltd., Carpinteria Ford dealer, announced today that he has signed a contract to provide full Automobile club of Southern California emergency service to members, effective September 1.

He has purchased a powerful tow car with winch which will provide means of transporting cars which get into difficulties, either day or night, and is providing four telephone numbers where Club members may call at any hour for emergency roadside service as provided for in club memberships.

Mr. Hartley is gratified to announce this up-to-date development for Carpinteria district motorists and requests local club members to tell their friends that he will maintain an Official Automobile Club of Southern California garage here in Carpinteria.

### 17 LUCKY NUMBER FOR YOUNG LOCAL NIMROD

Francis E. Botello, son of Mr. and Mrs. M. A. Botello, who left on a hunting party on the 16th with Dr. A. Spaulding and party was fortunate enough to bag a large forked horn buck, early on the morning of the 17th. He was the only one in the party to make a kill.

### The Village Observer Saw:

The mechanical department of the Chronicle pestering one of the sales girls in a Santa Barbara store on Saturday night.

A well known local citizen buying a hobo a sandwich and a cup of coffee early Monday morning.

Certain citizens loathe to leave the refreshment tables at the Democratic rally Tuesday evening.

Mr. and Mrs. Joe Schweizer enjoying a fish dinner Monday night in Santa Barbara.

Harry Lintz still able to eat in spite of the vicious and unfair attacks launched against him in Santa Barbara papers.

## LET'S MAKE IT 100 PER CENT FOR LINTZ

Carpinteria has a local man in the field for the office of County Superintendent of Schools. He is well known to the citizens of this community and certainly is well liked and efficient or he would not have held his position of District Superintendent of Elementary Schools here for seven years.

There is certainly no question as to his ability to maintain and administer the office he seeks satisfactorily and harmoniously. While many of his friends would hate to see him leave his present position they all realize that the office of County Superintendent is a step up the ladder.

Lintz has been criticized by Santa Barbara papers for aspiring to a higher position in school work than he now holds. This is the first time we have ever heard of a person being criticized for having a laudable ambition. He has been unfairly accused of being a tool in the hands of a group of persons whose motives are purely selfish. This accusation is unfair not only to Lintz but to the many people prominent in school work who are supporting his campaign.

No opportunity has been given Lintz to refute the many malicious charges that have been made. But, you, the voters of this district, know that those charges are untrue. Show Harry Lintz by going to the poles and giving him a unanimous vote that the community has confidence in his character and ability.

## PARTIES PREPARE FOR NOVEMBER BATTLE

The great drive for November votes is beginning—and both major parties are throwing themselves into the job of getting them with more force than they have shown for many years.

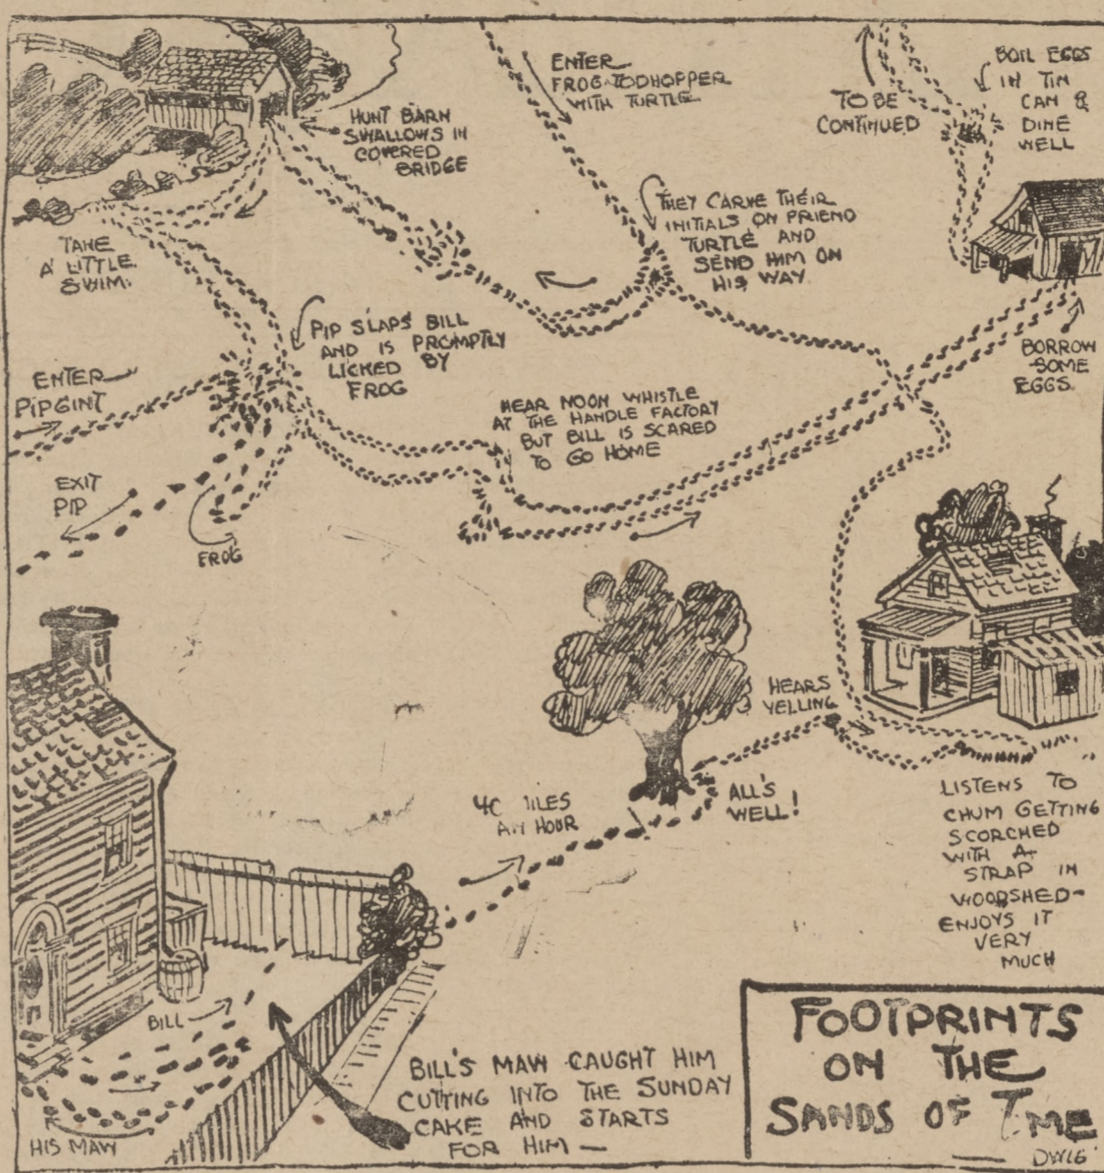

The Republicans, who have been dormant for the last year and a half, are emerging. Definite, reasoned opposition to the Roosevelt program is springing up. In a recent magazine article Senator Dickinson, who proposed Herbert Hoover at the convention which nominated him, made these definite criticisms of the present administration: That the Democratic party has been leading us toward a dictatorship; that its rate of expenditure of public funds, if continued, will result in national bankruptcy; that it is destroying individualism and private initiative; that a return to Republican principles is essential to the preservation of the constitutional government and our ancient traditions. Mr. Dickinson's points are generally in complete accord with those of Chairman Fletcher of the Republican Central Committee.

The Democratic party is not taking criticism "lying down." For example: Recently only two cabinet officers—Hull of the State Department and Perkins of the Labor Department—were in Washington. The rest of them were about the country, making speeches and looking things over. Less important officials, such as the sub-cabinet members, were likewise in far places, and it would have been hard to find a state not visited by some Administration official. Gist of the talks made by these men is that the New Deal, for the most part, has been successful; that we are in the middle of the stream now and that changing horses would spell ruin; that if Mr. Roosevelt is permitted to carry on his policies, with full Congressional support, for two years more, he will succeed in bringing prosperity back.

Most forecasts lead to the belief that the Administration has lost considerable ground, but that it will still maintain control of both houses of the Congress. Main reason for that is Mr. Roosevelt's personal popularity—it is thought that millions of people who are fundamentally opposed to his policies will vote for him and for Democratic candidates because of his personal magnetism. It is a fact that sheer personality is one of the greatest assets any public man can have—and the November elections will show how potent Mr. Roosevelt's is.

## SCHOOL DAYS

By DWIG

## BREVITIES

Mrs. Felicie Hubbard entertained the members of her bridge club Tuesday afternoon at her home "Veiled Oaks" on Toro canyon road.

Carpinteria Lions have postponed their meeting scheduled for this evening until next Thursday, and will join the Fiesta celebration.

Miss Norma Thompson and Wendell Mullison of Albuquerque, N. M., were guests of Mrs. Gertrude Darling and Miss Marion Darling Thursday.

Mr. and Mrs. Fred Greenough returned Saturday evening from Tucson, Ariz., where he has been attending the university summer school.

John Rodriguez is expected to return this week from Balboa, Canal Zone, where he sailed on the United Fruit liner Talamanca three weeks ago.

Members of the Business and Professional Woman's club held a picnic supper at Cerca del Mar Monday evening.

Miss Maude and Miss Minnie Merrihew are spending the week with relatives in Long Beach.

O. W. Parsons Sr. and Miss Mollie Parsons of New York City will return next week after spending the summer with Mr. and Mrs. Olijer Parsons at their ranch near Rincon.

Mrs. Carey Demaree was expected to return today from Santa Ana where she has been visiting her mother, Mrs. M. E. McKean.

Mrs. John D. Fuller and granddaughter, Louise Fuller of Santa Barbara, motored to Los Angeles Saturday where they visited J. D. Fuller Jr.

Mrs. Hugh Thurmond and daughters Arleen and Martha and Claire Thurmond have been visiting Mrs. Robert Clarke at Lake Arrowhead and in Los Angeles.

Miss Ellen Bailard entertained members of her bridge club from Santa Paula Monday evening at her home on Casitas road.

Dr. Adele Grant left for her home in Los Angeles Tuesday morning after visiting her sister, Mrs. Fred Humphrey.

Mr. and Mrs. Marc Cravens and Mrs. J. W. Bailard spent Sunday at the Forsythe ranch in the Santa Ynez with Cravens' son Marcus who has a position in the forest reserve.

Mrs. Adelaide Ormsby of San Francisco is visiting at the home of her brother, Burchell W. Upson.

Miss Reva Walsh has returned from Hollywood where she was the weekend guest of Miss Josephine Newstetter.

Mrs. W. P. Mahoney of Heppner, Oregon, is visiting at the home of her daughter, Mrs. Irving A. Mather.

Miss Frances Senteney returned

## The Last Word . . . . . By ANN

It's a good thing for me that this political business only comes every two years or so or I'd be a raving maniac and a fit subject for Patton. As it is I find myself seeing pink ones coming under the door and thinking sometimes that maybe I really am Catherine the GREAT. Frankly I've got the biggest political headache of the whole bunch who are running for office and I'm not even a contender in the race.

Not only am I completely floored by the local and state politics, but all these other isms that have come into being in the last few months have augmented the afore mentioned headache. Like Mr. WILL ROGERS about all I know is what I see in the papers and if I can believe that the XYZ bunch are going to give me a thousand dollars a month after I'm forty, and the COD crowd will give me a trip around the world if I just join

their party, then I'm for them and the papers a million. However, down deep in my heart I know it's a lot of bunk and that it just can't be done, but why do they keep on putting this stuff out and make me feel bad? The only thing I can do I suppose is to quit reading the papers and get myself a nice copy of something by Ethel M. Dell and retire to the rocking chair brigade.

Really I'm all excited about the Santa Barbara Fiesta and wonder how I'd look dressed up like a Spanish Senora with the matilla and everything that goes with it. It seems to me that those early Californians had about the best of the bargain in comparison with the hurly-burly of our every day life; their's must have been so quiet and peaceful. I think I'll go to SPAIN and get rid of this headache instead of an aspirin tablet.

Sunday from a Santa Barbara hospital where she has been a patient for the past three weeks.

Miss Caroline Braley has returned to Ventura after spending the weekend at the home of her brother, Edward Braley.

Mrs. M. E. VanDeusen and daughter, Eleanor of Glendale, are spending their vacation at La Conchita on the Rincon.

Mr. and Mrs. Linn Unkefer have returned from Norman, Oklahoma, where they visited Mrs. Unkefer's parents, Mr. and Mrs. R. C. Risinger.

Gordon and Hamilton Darling of Coalinga spent the week-end with Mrs. Gertrude Darling and daughter, Miss Marion, going on to Los Angeles this week.

George Waters and family have moved from Santa Barbara to lower Palm avenue, Mr. Waters having the local distribution of the Santa Barbara News and Press.

Miss Betty Furby is spending the week in Yosemite with friends from Fellows.

Mrs. J. E. Shepard and granddaughter, Mary Shepard, have returned from a business trip to Upland.

Miss Norma Henkin of Los Angeles has arrived to visit Miss Saralie Winter and attend Fiesta.

Mrs. William Birss of Santa Barbara is visiting her parents, Mr. and Mrs. Marc Cravens in Casitas Pass.

Mrs. Janet Bauhaus is camping in the mountains near Bishop with a group of friends from Ventura.

Mrs. C. P. Moore and Miss Ruth Moore have returned from a six weeks' visit in New York City.

Mrs. Thomas Tonkin, Mrs. Pearl

## FUND OF EXPERIENCE OF GEORGE R. BLISS IS OF VITAL IMPORTANCE

### Candidate Is a Graduate of Cornell University in Law

In the candidacy of George R. Bliss, republican candidate for congress, it is not only interesting, but of vital importance that he has had such a fund of legislative experience as a background. A graduate of Cornell University in engineering and law which latter profession he followed in Washington, D. C., during the course of which he interested himself in and followed much of the legislation through the two branches of congress, thereby not only learning the manner of procedure, but also firmly grounding in his mind the fundamentals of the law making bodies. Then, too, his six years in the legislature rounds out an education and experience most highly essential in one entering into the duties of congressman.

During his three terms in the legislature he was probably one of the best known legislators not only in his untiring, intelligent and effective efforts, but also for the tenacity of purpose with which he worked on the many varied problems arising therein. The general acceptance of Mr. Bliss' election throughout the district is most gratifying as the people feel that with his energetic manner and tenacity of purpose he will accomplish much toward solving the problems of unemployment, old age pensions, shorter working hours, public works that assist and are not competitive with private industry, governmental economy and in general work for the best interest of all the people in his district all the time.

Lakin and Mrs. Sheridan Wright of Santa Barbara were luncheon guests of Mrs. Adrian G. Wood.

Miss Virginia Bailard spent Thursday and Friday of last week with friends in Los Angeles.

## YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND  
Director, Physical and Health Education  
New Jersey State Department of Public Instruction

### Good Work by the Parent-Teacher Association

The Parent-Teacher Association is engaged in many excellent projects for the welfare of children. But in my opinion they are making one contribution that stands out above the others. I refer to the school lunch, whether it is the mid-session milk luncheon or the organized hot luncheon at noon.

I mention this now because schools will soon be opening, and it is not too early for the Parent-Teacher Association committees to start planning for the year. And perhaps never before has there been such great need for good school luncheons. The economic conditions of recent years have deprived hosts of children of physical and emotional security. Food has been less plentiful or it has not been wisely chosen. School boards have been forced to withdraw financial support of the luncheon.

Underlying outward signs of depression there is a sense of realization on the part of children that something is wrong. It is an emotional thing, a disturber of that feeling of security which all children should have. Now a good cheerful luncheon is only one part of the remedy, but a very important part. It not only means food, but sociability, happiness, relief from worry, a restoration of good feeling. This is one valuable service open to the Parent-Teacher Association. I assure you it pays.

Next week Dr. Ireland will write about health and the school.

## CHURCHES

### COMMUNITY CHURCH

Rev. Leon Kirkes, Pastor

The Sunday School picnic last Saturday at Camp Comfort was a warm success. Dr. Lape and Chas. Curtis proved themselves to be master managers of athletics. They are nominated now for whatever they are running for in the way of athletics. Carey Demaree got fooled about the egg. But it was the same egg that was designed to fool the old hen. Another contest is in the offering.

The Sunday School will meet at 9:45.

Public worship at 11 a.m. The subject of the sermon will be "The Food of Man." It is believed that we are suffering even in these times from too much "bread and meat" and not enough faith, hope and love. The world: "What have I done that I should be punished so terribly?" A visitor from Mars: "You have been wasting your money in fighting; you have been living beyond your means; you couldn't stand prosperity." An Old Prophet: "You have been spending your money for that which is not bread." Who is right?

Visitors and others without a church home are cordially invited to all these services.

### METHODIST CHURCH

Dr. C. P. Moore, Preacher

The regular Sunday Service. Sunday school 10:00 a.m. Preaching service 11:00 a.m. Sermon subject: "Christian Personality." All visitors and strangers are extended a cordial invitation to attend all the services. The evening service is one of study and worship. Beginning of a series of studies of all "isms" and all people. Good music and Congregational singing. These night services are of special interest to young people.

### CHRISTIAN SCIENCE SOCIETY

814 Walnut Street

Services Sunday, 11 a. m.; Sunday school at 9:45 a. m. Wednesday meeting 8 p. m. Reading room open Tuesdays, Fridays, 2:30 to 4:30 p. m. You are invited.

### ST. ANDREWS EPISCOPAL

Coast Highway

Members of the Carpinteria congregation are asked to attend the Church of All Saints By the Sea, in Montecito, temporarily.

### ST. JOSEPH'S CATHOLIC

Msgr. Jose Gutierrez

Mass at 6:30 and 9 a.m.

Mrs. Mildred Hogle Crumpton and Mark Bassett of Hanford called at the home of Mr. and Mrs. Charles Hogle Monday en route to Riverside.

Mr. and Mrs. S. C. Maddox and sons have returned from a week's vacation spent in the south.

**BREDSTEEN MAKING CONSISTENT GAINS IN CONGRESS RACE**

During the present week Joe Bredsteen has been campaigning in various parts of this county. He is out for the Democratic nomination for Representative in Congress from the Tenth Congressional district, which

JOSEPH BREDSTEEN

comprises the counties of Santa Barbara, Kern, Tulare, San Luis Obispo and Ventura.

Bredsteen was a candidate for the same position two years ago and came within a few hundred votes of winning the nomination. He is making a bid again for the nomination, having been campaigning continuously since the time of filing of candidates closed on June 23rd.

With the primary election only a few days away Bredsteen is making his final visits to the various localities in the five counties of this district. He has made an extensive canvass of the entire district and says he is well satisfied with the response accorded him by the voters. He feels his chances of being elected this time are good.

Bredsteen has spent the past thirty years in California, where he has devoted his time to the publication of weekly newspapers in which he has always taken the side of the farmer and of labor in their efforts to better their conditions. He is at present the publisher and editor of The Santa Barbaran, a weekly newspaper, which is published in Santa Barbara.

Bredsteen is a native of Wisconsin, where he was born and raised on a farm in the same county in which "Bob" LaFollette lived. His ancestors were Scandinavians. As a youth he took up the trade of printer but resumed school again and taught school for two years before he entered the University of Wisconsin where he graduated in 1901.

He has made a special study of law and economics in connection with his newspaper work. He is a supporter of Roosevelt's program and is an enthusiastic advocate of adopting emergency legislation to shorten the workday sufficiently to enable the unemployed to get work. He is also an ardent advocate of establishing adequate pensions for all citizens, who reach retirement age.

**LEGAL ADVERTISEMENT**  
**CERTIFICATE OF DOING BUSINESS UNDER FICTITIOUS NAME**

NOTICE IS HEREBY GIVEN that the undersigned, ANTONIO CAVALLI and OTTO CAVALLI have formed a partnership and are doing business as Dairymen on Cieniegatas Road, near the City of Santa Barbara, County of Santa Barbara, State of California, under the name and style of "THE FOOTHILL DAIRY";

That the full names of all the members of such partnership and their respective places of residence are as follows:

ANTONIO CAVALLI, Cieniegatas Road, Santa Barbara, California.  
OTTO CAVALLI, Cieniegatas Road, Santa Barbara, California.

IN WITNESS WHEREOF, the said ANTONIO CAVALLI and OTTO CAVALLI have hereunto set their hand each for himself this first day of August, 1934.

ANTONIO CAVALLI  
OTTO CAVALLI

STATE OF CALIFORNIA,

COUNTY OF SANTA BARBARA ) ss

On this first and second day respectively of August, in the year one thousand nine hundred and thirty-four, before me, Myrtle L. Smith, a Notary Public in and for the said County of Santa Barbara, State of California, residing therein, duly commissioned and sworn, personally appeared ANTONIO CAVALLI and OTTO CAVALLI, known to me to be the persons whose names are subscribed to the within instrument and each acknowledged for himself to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal in the said County of Santa Barbara the day and year in this certificate first above written. (SEAL)

MYRTLE L. SMITH  
Notary Public in and for the County of Santa Barbara, State of California.

Hugh M. Lindsey, Atty.  
Published in The Carpinteria Chronicle Aug. 9, 16, 23, 30, 1934.

**SCENE FROM LAST YEARS FIESTA PARADE**

**CORONER DODGE ASKING SUPPORT**

**Complications of Office Demand Varied Experience and Understanding**

The office of Coroner has many trying conditions—Mr. Dodge being endowed with a calm and sympathetic nature does much to relieve sorrowing relatives and friends in their grief, those coming in contact with him in his official duties all agree that he should be retained in this responsible office which he has filled with credit to himself and the public in general during a period of 12 years. He has been a faithful servant of the people having been re-elected at each succeeding election for County officer unopposed which speaks well for the able manner in which he has conducted the affairs of his office, with such a record for efficiency and service will no doubt be a strong point in his favor for re-election.

Mr. Dodge is a member of and stands high in fraternal circles but, as he says, for socialibility and good-fellowship only and does not believe in using fraternalism for political influence. He has long been a resident of the City and County of Santa Barbara having cast his maiden vote in the City of Santa Barbara, he is a loyal friend and popular with all classes, his many friends concede his re-election at the primary election August 28th.

**LARGE ATTENDANCE AT COMMUNITY CHURCH PICNIC**

The Sunday School picnic held Saturday at Camp Comfort by the Community church was attended by more than 80 members of the school who were seated at the long table loaded with the traditional picnic supply of good things to eat. During the afternoon a program of contests was put on by Jean Shorkley, Dr. J. B. Lape and Charles Curtis. Awards were made to the winner in each event, as follows: foot races—children under 8 years, Shirley MacDonald, Stanley Hebel; 8-14, Dolly MacDonald, Leslie Johnson; over 14, Phillip Bates, Elmer Norlin, Leona McCubrey. Sack Race—Dorothy Merrifield; three-legged race, Doris Dole, Jacque Bailard; Potato Race—Wanda Swain, Barbara Bates, Myron Sturmer. Cracker eating contest—Theodore Mayrhoffen. Egg race—older girls, Agnes Braley, younger girls, Jacque Bailard, women, Mrs. John B. Hudson, men, Dr. J. B. Lape. Wheelbarrow race, Lawrence Smith and Elmer Norlin.

**HE'S A PEDESTRIAN**

The word "pedestrian" has been humorously, and variously defined, but a new and singular meaning has been suggested to the Automobile Club of Southern California: "A pedestrian is a man who has found a place to park his car."

Say You Saw It in The Chronicle

**GABBY GERTIE**

"When a man says it with apple blossoms he thinks a girl is a pippin."

**BEAN STRAW TO SELL AT \$5.50**

The opening price for the 1934-35 bean straw crop, which comprises the pods after the lima beans are threshed out, has been set at \$5.50 loose, and \$7.50 baled, according to word received by bean growers from the California Bean Straw association, which met Wednesday in Oxnard. The prices refer to Ventura county, it being understood that in other counties the prices would be based upon cost of haulage. In the last few years bean straw has come into favor not only as a forage for cattle, but also as a soil builder, and is widely used in citrus orchards, where it is plowed into the soil.

**PICNIC GIVEN IN HONOR OF DR. ADELE LEWIS GRANT**

Franklin Canyon was the setting for a no-host picnic given Monday in honor of Dr. Adele Lewis Grant, of Los Angeles, who has been visiting her sister, Mrs. Fred Humphreys, here. Dr. Grant returned to Los Angeles Wednesday.

Guests attending the picnic were: Dr. Adele Lewis Grant, Mrs. John Bailard, Mrs. Bern Franklin, Mrs. Archie Horton and son, Franklin, Mr. Gideon Franklin, Miss Mary Gwyn Franklin, Misses Katherine and Myrtle Bailard, Mrs. J. D. Fuller, Mrs. Donald Andrews and daughter, Carolyn, Miss Beverly Humphreys, Mrs. R. D. Pinkham, Mrs. Alberta Stowe, Mrs. Mary Mitchell of Santa Barbara, Mrs. Parson and guests.

Miss Dorothy Pettit has returned to her home in Pasadena after visiting her aunts, Miss Maude and Miss Minnie Merrihew.

John B. Hudson left Tuesday for Boston where he will spend a month visiting relatives.

**BATSCH AND FRANKLIN HEAD GET - TOGETHER AT CERCA DEL MAR**

**Principles of Democratic Party Are Stressed At Meeting**

(By ORB CRAWFORD)

The Democratic committee of Carpinteria represented by Charles Batsch and C. B. Franklin held a rally and get-together party at the Cerca del Mar beach club Tuesday evening. The followers of the Democratic mule began to gather at seven o'clock and by eight-thirty a large and enthusiastic crowd of people filled the lounge. At this time the doors of the dining room were thrown open and all were treated to a pleasing repast of hors-d'oeuvre, cheese on rye and large schooners of the foaming brew.

About nine o'clock the meeting was called to order in the lounge by Mr. J. Napier of Santa Barbara, though this writer noticed that a few were loathe to leave the barbelled cheer in the dining room. Mr. Napier in a few chosen words explained that the gathering was meant for the good of the party and that no factional element would be permitted to disrupt the evening, he then introduced Dr. Ramers as the principle speaker of the evening.

Dr. Ramers' talk was ably presented bringing out the principles of the Democratic party and stressing the point that at this time the Democrats had a chance to sweep into State governmental control, this objective to be obtained only through complete harmony in party ranks. The speech was well received and he was heartily applauded as he retired.

Following Dr. Ramers on the speakers' stand Mr. Napier now introduced several candidates who are out for various offices on the Democratic ticket. Among these were Mr. Bobby Robertson, Mr. Gus Janssens, Mr. Harold Weidman, Mr. Joe Bredsteen, Rev. C. P. Moore and several others. At the close of the speaking the beautiful ballroom of the club was thrown open and the assembly was invited to dance the light fantastic to the strains of a four piece orchestra. All ended harmoniously at the midnight hour and the committee was well commended for its efforts in promoting a wonderful evening.

Charles Blackburn of San Gabriel who is spending his vacation at the Palms Hotel, was host to a fishing party Monday. Guests were Jack Murphy, of San Fernando, Robert Powers and Msgr. Jose Gutierrez.

**I. F. THOMPSON SEEKS REELECTION TUESDAY AS ASSOCIATE JUSTICE**

**Candidate Was Appointed To Supreme Court in 1932**

Urging the return of Associate Justice Ira F. Thompson to the State Supreme court, Santa Barbara county attorneys and business men have organized a campaign in his behalf in the August 28 primaries.

Justice Thompson was appointed to the Supreme court in 1932, to fill the vacancy left by the death of Associate Justice Richards. Prior to this appointment, he had served six years in the District Court of Appeals, Second Appellate district, Division 2, and three years on the Los Angeles Superior court bench.

He graduated from University of California and the California School of Jurisprudence in 1909, and practiced law in Oakland and Los Angeles until his appointment to the Superior court bench in Los Angeles. He was born in Wisconsin on June 20, 1885, and came to California in 1900.

Attorneys throughout the state are working for his return, and Alameda and San Diego bar associations, the only ones which take official action, have endorsed Justice Thompson.

San Francisco Republican clubs, the Civic League of Improvement of the northern city, and many Los Angeles organizations of similar nature also have endorsed the associate justice.

His name will appear on the ballot for election in the primaries, it was pointed out.

Miss Doris Eldredge of Hollywood is visiting at the home of Mr. and Mrs. Lee Lyman.

OFFICE OF CORONER AND PUBLIC ADMINISTRATOR

**CANDIDATE FOR THE MY PLATFORM**  
I feel that the office of coroner should be held by a physician because the coroner is required by law to render decisions on the cause of death from accident, violence, poison and any other cause where there is not a physician in charge of the person at the time of death. I am sure that a physician who knows anatomy, chemistry, etc., is better qualified to render his decisions than a layman who has had no previous education along these lines. With these facts in mind I make an honest appeal to the voters of Santa Barbara County for their support and promise an honest, economical, unbiased administration of the affairs of this office.  
**Friends, Foes, Countrymen—**  
Vote on Aug. 28, 1934  
I shall welcome your support, thank you for your efforts in my behalf. But if you do not vote for me, that is O. K.—BUT VOTE!

**WILLIAM JAMES JACOBS, M. D.**

A Physician, Not A Layman For Coroner

There are only a few states in the United States who permit anyone except a Physician as Coroner

**FACTS YOU SHOULD KNOW**

I am a graduate of a Class A school. I have practiced medicine for 29 years, eight in Santa Barbara. Have had a very wide experience in accident work. I have been railroad physician for the New York Central Railroad for six years before coming to Santa Barbara. I have served seven of the largest paper mills in the east in accident cases for over 14 years. I have held a commission in lunacy in the state of New York. I am 53 years old. I live at 414 West Los Olivos Street, Santa Barbara. My Office is at 29 West Anapamu Street. Member of Santa Barbara Taxpayers Assn., and Basset-Baxter Post, Carthage, N. Y. American Legion.

I am licensed to Practice Medicine, and Surgery in Both the Great States of California and New York.

**ATTENTION VOTERS**

(Continued From Page One)

heading a group of Communists, Facists, Nazis or whatever name the ever-increasing group of radicals in this country might choose to call themselves.

We are not alarmists but we do feel that it is the height of folly to ignore danger, no matter how remote that danger seems at the time. If you saw a small fire starting you would not stand by and let it burn, saying, "It's just a small fire. It can't do much harm." You would put it out, or attempt to put it out, before it spread and started a major conflagration against which you would be powerless.

There is danger, insidious and treacherous, like fire smouldering between the walls of a house, ready to break into flames when it is least expected.

It is within the power of the voters of this state to stamp out these sparks at the two coming elections. No matter what your party affiliations are, go to the poles and vote. There are good men, able men, intelligent men on both of the major party tickets. The Republicans or Democrats have not cornered all the brains and ability on either side. Both sides have good material to choose from in the primary election. The constituents of both parties have had opportunity to investigate the various persons running for office. If they have not they still have a few days in which to do so. They will find that the time necessary to do this is well invested.

In making a selection for Governor of this state, a man should be chosen primarily for his initiative, courage and business ability. Gov. Merriam has shown these qualities during the short time he has been at the helm. The financial affairs of the state are almost hopelessly tangled and the indebtedness of the State is overwhelming when one stops to consider it. Political experience is, of course, an asset, but good level headed business ability will help materially in pulling this state out of debt. C. C. Young, former governor of this state, is also a man of proven ability. The hopes of the Republican party in the November election, we believe, will depend largely on the choice of their candidate at the primaries.

The office of Lieutenant Governor ordinarily is not considered one of great importance. However, serious consideration should be given the abilities of the person selected to hold this position. It is entirely possible that the lieutenant governor may be called upon to step into the governor's shoes. Such has been the case both in California and Nevada during the past year.

In the offices of Secretary of State, State Controller, Treasurer, Attorney General and members of the Board of Equalization, it would be well to study the record of the men that have held these offices for the past four years, as well as the records of others who are seeking these positions. Although there are candidates on both tickets, these offices are practically non-partisan. It would be poor judgment on the part of voters, if they find that the present officers have performed their duties well, to put in new men just because of the general change in the political situation at the last presidential election.

The office of United States Senator requires but little study. Hiram Johnson, who is a candidate on both tickets, has served California well for a number of years in this position. There should be no question of his return to this important office.

The congressional race for the 10th district is one of vital interest to all. There are three candidates on the Republican ticket, Bliss, Cochrane and Connelly. Of these three, the logical choice would be Bliss. He is the only one of the group that has a background of experience that gives a complete understanding of all the problems involved in the large territory included in this district. He has had six years of law-making experience in the state legislature in addition to having been admitted to the bar in Washington, D. C. This legal and legislative experience would make him more valuable than a novice in the political field. In addition he is also a trained engineer, which gives him an understanding of the many and varied engineering problems which congress is so often called to pass upon. And beyond the fact that he is peculiarly well-fitted for the office by experience, is the character of the man. There is no question of his honesty and integrity. He will serve the best interests of the people and will be subservient to no one person or group of persons.

There are, likewise, three candidates for this office on the Democratic ticket. "Pat" Stubbs, incumbent, has the advantage of having had two years Congressional experience, but as far as we can learn he did not accomplish a great deal during those two years. George Lynn is being backed by newspaper interests in Santa Barbara that fought the San Joaquin Valley Water project which is so vital to that part of this congressional district. Lynn is now claiming to be heartily in favor of the water program. No doubt he is at the present time. But in view of the foregoing fact there cannot help but be a shadow of a doubt in the minds of many persons as to the sincerity of his claims. Joseph Bredsteen, also a newspaper man, appears to be a man who sincerely has the interest of the common people at heart. While he has had no legislative experience he is well versed in the problems of the people and of the 10th district.

In the matter of County and local offices, we have not been in the territory long enough to have formulated an opinion in regard to most of the offices. A large number of the voters in this township have lived here many years and have had an opportunity to know most of the candidates and their ability so, at least for the present time, we feel that in all fairness to the various candidates it is best that we remain neutral, as we have no desire to be unfair to any one person through lack of knowledge as to their records and fitness for the offices they seek.

Again we stress the importance of going to the polls Tuesday and casting your vote. Only a few moments of your time will be required. If you have no means of transportation simply call Carpinteria 3581 and you will be brought to the polls. In view of this service being offered voters we feel there is no excuse for any one registered not voting unless it be illness.

KEEP AN EXPERIENCED OFFICER ON THE JOB

Talmage has held this office for 20 years. He is thoroughly familiar with the community and its law enforcement problems.

He has served as deputy sheriff under Sheriff James Ross for 16 years.

He is a property owner and a taxpayer in this community.

His past record has proven his ability.

**Keep Talmage on the Job**

A Brief Summary of the Personal and  
Public Records of

**RAY L.  
RILEY**

State Controller

WHO IS A CANDIDATE TO  
SUCCEED HIMSELF AT THE  
1934 AUGUST PRIMARY

His public service in California began as City Trustee, Colton, for four years; County Supervisor, San Bernardino County, for six years.

Appointed by Governor Stephens as State Water Commissioner, 1918; first Real Estate Commission, 1919; in 1922 he was appointed State Controller and was elected to that office in the same year. He has been returned to that office by an overwhelming plurality at each election.

During his administration of the office of Controller antiquated bookkeeping has been replaced by modern cost accounting and reporting in consonance with the Federal reporting system, and in 1924, for the first time in seventy-five years the people of California knew to a penny the cost of State government for the prior year.

Ray L. Riley has been a fearless "watch dog" of state funds. His refusal to honor state warrants drawn in defiance of the edicts of the legislature and in violation of the law regarding state contracts has saved the taxpayers of California thousands of dollars. He sponsored the law limiting the annual increase in the expenditure of state and county funds to 5% of the previous year which has saved local taxpayers a vast amount of money. He has steadily opposed increasing the ad valorem tax on real estate and has strenuously endeavored to equalize the burden of taxation.

No breath of scandal has ever marked his private or public career and he has always held the unbounded respect of his constituents.

Mr. Riley is Past International President of the Lions Club, a member of the Masonic Fraternity and the Presbyterian Church.

**GEO. R. BLISS**

of Carpinteria

CANDIDATE FOR

**Republican Nomination**

for

**CONGRESS**

Member of California Legislature since 1929. Formerly practiced law in Washington, D. C. Served two years in army during World War. Anxious to remove unemployment; believes in a system of public works which will assist and not compete with private industry.

His pledge: "I will make the work of representing this district a full time job. I will spend the time between sessions getting acquainted with the people and their needs. I will appoint or recommend no relative to office. I will serve every part of my district faithfully, impartially and to the fullest measure of my ability."

**RE-ELECT HIM**

Primary Election Aug. 28, 1934

**The FARMERS  
CORNER**

by RALPH HAYLOR

Executive Secretary  
Agricultural Council  
of California

When the primary election hurly-burly's done, and the hectic nomination battles have been lost or won, California voters will all have the opportunity to become legislators!

"Every voter a legislator" might well be the slogan of the general election campaign, for 22 proposed laws, bond issues and resolutions will be submitted direct to the people in the balloting on November 6th.

And the voter who fails to take his legislative responsibilities seriously is likely to pay—and PAY HEAVILY—for his carelessness!

Some of the most revolutionary proposals in the history of direct legislation—including the highly-controversial Syncrotax, which would abolish all present forms of taxation and set up an entirely new tax structure—will go before the voters for their verdict.

Ten initiative proposals, qualified by circulation of petitions; ten proposed constitutional amendments, submitted to the people by act of the State Legislature; a resolution calling for a state convention to draft a new state constitution, and a \$30,000,000 bond issue to continue the Veterans' Farm and Home Purchase Program comprise the slate.

The ten initiative proposals seek to accomplish the following purposes:

1. Establish a local option system to control the sale of liquor in California.
2. Strengthen and extend the state civil service system to eliminate "the spoils system" in the selection of state work.
3. Permit defendants in criminal cases to plead guilty before a committing magistrate, except in cases involving the death penalty.
4. Allow a judge to comment on the failure of a defendant to testify in his own behalf.
5. Provide for the selection of upper court judges through appointment by the Governor, subject to confirmation by a special commission.
6. Designate the Attorney General as the state's chief supervising law enforcement officer, working in close co-operation with local prosecutors.
7. Create an elective State Board of Education to supplant the present appointive board, and substitute an appointive state director of education for the present elective state superintendent of public instruction.
8. Create a state naturopathic association as a public corporation to regulate the practice of naturopathy.
9. Establish the so-called Syncrotax, a gross transactions tax, in lieu of virtually all other forms of taxation. This would be utilized to finance both local and state governments.
10. A more liberal liquor law, permitting the serving of "hard liquor" in public dining rooms, hotels and clubs, but continuing the prohibition against saloons.

**RIEST MAKES ODD VISIT LAST SATURDAY**

Rev. Father Joseph Gutierrez of 4123 Fiser avenue, Los Angeles, who has been assigned to the Catholic church at Carpinteria during vacation season, made a most unusual home call upon Mrs. Fred Humphrey at her Serena home last Saturday morning. He drove his car through her garden fence, and along a destructive course across a neat front garden, right up to the point where the bumper gave its own loud knock at the front door.

Father Gutierrez was making a tour of inspection in his temporary parish when he applied the brakes while the wheels were on a freshly laid shoulder of the road. He went all the way to one side of the road, then directly back and across into the Humphrey yard.

No one was injured.

**CARPINTERIA COUPLE ENTERTAIN GUESTS**

Dr. and Mrs. H. C. Henderson entertained at dinner and bridge at their camp home on Star Pine road last Thursday evening, their guests including: Mr. and Mrs. Joseph Hendy, Mr. and Mrs. Irving Mather, Mr. and Mrs. Henry Sturmer, Mr. and Mrs. Don Maxfield and Mr. and Mrs. David Safwenberg.

**CONCERT TO BE GIVEN TO RAISE FUNDS FOR UNIFORMS**

The Santa Barbara Community Orchestra, directed by Roderick White, will give a concert in the high school auditorium on the evening of Oct. 5, the performance being sponsored by the high school orchestra and the proceeds going for uniforms for the members. Mr. White has promised to play a violin solo during the program.

**ALL BANKS TO HANDLE LOANS**

Within the next few days all financial institutions in Santa Barbara will be prepared to handle applications for the home modernization loans provided for under the new Federal Housing Administration program, according to announcements made last week by all local banks, trust companies and building and loan associations.

Under the plan, home owners are offered opportunity to secure loans of from \$100 to \$2,000 for repairs.

Roll Ogan and son Reg, Harbron Morris and Burdette Treolar are making the Morris cabin in the San-Yaer their headquarters while hunting.

**DRASTIC CHANGES IN  
AUTO STYLE FORECAST**

Is the world destined to witness drastic and radical changes in present-day automobile design and construction, or is the modern streamlined product of the automobile industry the final word in motor car refinement and efficiency?

This is a question ever present not only in the mind of the automobile manufacturer, but also in that of the petroleum scientist. For the latter is called upon constantly to "fit" his product to the changes in motor engineering and often to anticipate such changes. To quote H. J. Gearin, district manager of General Petroleum Corporation here, producers and marketers of General Mobilgas, "Progress in the science of gasoline refining has, perforce, had to keep abreast or ahead of improvements in motor design, for until fuel is available to utilize power, there is little use in producing the vehicle of such power."

Gearin, in common with many other petroleum experts, believes there will be as drastic changes in automobile construction in the next ten years as there were in the last decade. Some of the changes, he forecasts, may be more drastic than any that have gone before. Instead of affecting design and economics in construction only, entirely new power and production principles may be developed.

"This has happened in the petroleum industry," the executive pointed out. "If it had not been for the present day automobile would have been an impossibility and the speeds we now enjoy would be nothing but dreams dependent upon a distant future for realization. New principles in refining, discovered first by General Petroleum Corporation back in the war days, have resulted in the raising of the average cruising speed of automobiles from the 15 miles an hour of 1902 to the 55 and 60 miles an hour of today. There is nothing to prevent similar tremendous progress in the future."

**GOLETA HURLER TOO SMART; LOCALS LOSE CONTEST FOUR TO ONE**

**Locals Score In Fifth On Walk and Two Singles**

(By DICK WEGENER)

Bud Howerton, former coast league hurler, proved to be too smart with his slow curves, perfect control and change of pace last Sunday, when he set the Carpinteria nine down with seven measly hits to pitch the Goleta team to a 4 to 1 victory at the local field.

The local team scored its lone tally in the fifth inning when Willard reached first by virtue of a free pass, went to third on a single by Sanchez and scored when Treloar came through with his second hit of the afternoon.

Goleta scored one run in the second, one in the third and two more in the fourth to breeze through with an easy win.

Rod Howerton, a brother of the Goleta chucker, playing centerfield for the visitors hit three for five in Sunday's contest, including a single, double and three bagger.

Sanchez, who started on the mound for Carpinteria, punched out three for three for himself to have a perfect day at bat. Sanchez was relieved in the third inning by Shields who was in turn replaced by Bennett in the sixth.

The local boys were seemingly too intent upon killing that old apple instead of being satisfied with just meeting it in Sunday's game. This, combined with "lousy" base running and Howerton's smartness left Carpinteria holding the sack.

Carpinteria and Goleta will meet again this Sunday on the Cabrillo field in Santa Barbara.

Box Score:

Goleta	ABR	H	PO	A	E

Unspoiled, by the glamour of publicity and being a world's champion, is Frank Wykoff, commonly referred to as the world's fastest human.

The staff of the Chronicle were pleasantly surprised by a visit from the Southern California star on Wednesday. Quiet, unassuming and a perfect gentleman, one would hardly suspect he was talking with such a heralded champion.

Frank, it is said, ran his races for the love of running. Such a contrast to the University of California sprinter, Bullet Bob Kisel. Kisel runs because he is good and the tragic part of it is that he knows it.

Any person who has had the opportunity of seeing and meeting Wykoff, on or off the field of competition or in the business world, will tell you that he is a real man and 100%. He never lauded it over his fellow rivals because he is good, but met them on an equal basis.

In every sense of the word he is a wonderful sportsman and proves everything that has been written about him. More athletes modeled after the pattern of Frank Wykoff would enhance the value of athletic competition.

This summer in an exhibition at Bakersfield Wykoff set a new World's record for the 100 yard dash. With a running start he negotiated the distance in 8.7 seconds. Yes—Frankie can still get out and move.

With but a few weeks left in the major leagues, the potential winners are still doubtful.

Mickey Cochrane's Detroit Tigers are making a determined effort to finish in front with the Yankees in second place. Both teams would have to bust wide open for either Cleveland or Boston to finish in first place, which is very doubtful. If the Tigers maintain their present form and if the pitching remains as good as it has been it looks like they will finish ahead of New York in the American league.

The New York Giants in the National league have a decided advantage over their closet rival, Chicago, and there appears to be but little doubt but that they will be clashing with the Tigers in the 1934 world's series.

Primary Election, August 28, 1934

**SPORT THINKS**

By DICK WEGENER

You just can't keep a good man down, or rather I should say, you just can't keep a good tough man down.

Earle Combs the veteran Yankee outfielder, who was seriously injured on July 25, at Sportsman's park when he crashed into the left field wall going back after a drive, sustained a broken left shoulder and fractured skull in that unfortunate mishap.

After he was carried off the field and taken to the hospital it was predicted that the playing days of Combs were over, that he would never don a uniform again. The same statement was made about him in 1924 when he had the unfortunate experience of breaking his leg.

Combs is reported to be recovering nicely in an eastern hospital, with the shoulder completely mended and little danger of the head injury being permanent. From his bed the great little outfielder says that he is made of tough stuff and that he will be back in a Yankee uniform next spring.

Having had the pleasure of meeting Combs, besides watching his cavorting about the playing field, I feel safe in saying that this veteran of many a baseball contest will be back on the playing field next year. He has what it takes, that good old intestinal fortitude, and you just can't keep such persons on the bench.

There are many of us who are eagerly watching the performances of Lynwood "Schoolboy" Rowe the pitching ace of the Detroit Tigers.

On Tuesday afternoon, back in Boston, this modest young twirler turned in his 15th straight victory, beating the Boston Red Sox 8 to 4. This is his 19th victory of the season and he is within one game of equaling the all-time American league record of consecutive wins now held jointly by those immortals of baseball Walter Johnson, "Smoky" Joe Wood and Lefty Grove.

Much of the success of the league leading Detroit team can be attributed to the ability of this young star and it would not be surprising to see him equal and then go on and surpass the all-time pitching record of the Big Show.

Unspoiled, by the glamour of publicity and being a world's champion, is Frank Wykoff, commonly referred to as the world's fastest human.

The staff of the Chronicle were pleasantly surprised by a visit from the Southern California star on Wednesday. Quiet, unassuming and a perfect gentleman, one would hardly suspect he was talking with such a heralded champion.

Frank, it is said, ran his races for the love of running. Such a contrast to the University of California sprinter, Bullet Bob Kisel. Kisel runs because he is good and the tragic part of it is that he knows it.

Any person who has had the opportunity of seeing and meeting Wykoff, on or off the field of competition or in the business world, will tell you that he is a real man and 100%. He never lauded it over his fellow rivals because he is good, but met them on an equal basis.

In every sense of the word he is a wonderful sportsman and proves everything that has been written about him. More athletes modeled after the pattern of Frank Wykoff would enhance the value of athletic competition.

This summer in an exhibition at Bakersfield Wykoff set a new World's record for the 100 yard dash. With a running start he negotiated the distance in 8.7 seconds. Yes—Frankie can still get out and move.

With but a few weeks left in the major leagues, the potential winners are still doubtful.

Mickey Cochrane's Detroit Tigers are making a determined effort to finish in front with the Yankees in second place. Both teams would have to bust wide open for either Cleveland or Boston to finish in first place, which is very doubtful. If the Tigers maintain their present form and if the pitching remains as good as it has been it looks like they will finish ahead of New York in the American league.

The New York Giants in the National league have a decided advantage over their closet rival, Chicago, and there appears to be but little doubt but that they will be clashing with the Tigers in the 1934 world's series.

**FORD QUESTIONNAIRE REVEALS LOW COST OF OPERATION OF V-8 CARS**

More than 270,000,000 miles of driving without a penny for repairs or replacements!

Not a flight of fancy but the actual record of the Ford V-8, taken from the reports, over their own signatures and in their own hand-writing, of 34,954 owners of Ford cars.

Not the projection of a record set on a measured course by an expert driver in a car specially attuned for the test, but the honest experience of average men and women, driving their Ford V-8 cars over all kinds of roads, on the pavements of city streets and in the mud of deep-rutted country byways; in bitter cold and desert heat; under every possible extreme of climate, weather and traffic conditions.

The exact aggregate distance traveled by these 34,954 cars, announced by the Ford Motor Company after completing a nation-wide survey of Ford V-8 performance through questionnaires sent to their owners, was 272, 815,970 miles, or, to give a better visual conception of that astounding figure, approximately 115 times around the globe at its greatest circumference! a considerable distance to travel without paying out a cent for repair bills.

The inquiry sent by the Ford Motor Company to purchasers of Ford V-8's in every section of the United States took the form of four questions covering mileage, gasoline and oil consumption and repair bills.

The response of the owners was immediate and gratifying. Many told of 20,000, 30,000 and even 60,000 miles without a sign of trouble; 91.7 per cent reported complete satisfaction with the car; thousands said they never added oil between 1,000-mile changes; one in every four reported 18, 19 or 29 miles per gallon on gas.

vals because he is good, but met them on an equal basis.

In every sense of the word he is a wonderful sportsman and proves everything that has been written about him. More athletes modeled after the pattern of Frank Wykoff would enhance the value of athletic competition.

This summer in an exhibition at Bakersfield Wykoff set a new World's record for the 100 yard dash. With a running start he negotiated the distance in 8.7 seconds. Yes—Frankie can still get out and move.

**BABBLINGS**

By A. BROOK

The fluctuation of the monetary standard in this country has been so rapid that the whole thing has made us plain goofy. Not only are we in a daze and practically out on our feet, but it has brought about a strained diplomatic relationship between ourselves and the government.

The key to the whole situation lies in the fact that our Uncle Samuel can't make up his mind what money is or isn't (with us it ain't). At one time we operated on the gold standard (though all the gold we ever had is in some upper bridge work) then the gold was taken away and we went on a paper standard; it was then decided we had too much pulp and the size of the bills were cut down to cigaret papers and at this writing, if you can believe what you read, we're on a silver standard. The price of silver as we understand it is around 60c an ounce. To see how it worked out we happened to have \$1.35 in our pockets and upon weighing it up discovered its total value was about 15 centimes Mex. In other words the government is as usual long on the take and it's just another stunt to get the balance of our dough.

We decided to take steps to get even on this swindle some way and beat them at their own game. About five years ago we won a beautiful gold watch off a punch board in San Luis Obispo, that's a lovely town) The watch stopped running about two weeks after we got it so the other day we figured it ought to bring quite a sum as old gold. Walking into a shop where gold was purchased we

asked the price and was answered about forty bucks per ounce. We handed over our watch and told 'em to weight it up. This they did and at the pay-off handed us the magnanimous sum of 65c. Now it's a cinch that watch weighed anyway four or five ounces and we wouldn't have cared if they'd chisled her down to three, which at \$40 per would have been a neat 120 smackers. But no, they slip us 65c and shows us the door. Is it any wonder that we personally have placed the government in the doghouse?

To get back to this silver standard business it was our understanding that we'd all have lots more money to spend and everything was going to be hoty-tots. If we are correct this supposed silver prosperity era started about a month ago and if you can find anymore dough on us now than when it started we'll split with you on a sixty forty basis, you on the long end.

Furthermore every effort has been made to confuse the average layman in the value of money which is another thing we hold against our Uncle Samuel. You all remember Bryan's sixteen to one theory, which isn't a bad bet if the horse can run at all, (even as good as Bryan) but now they've raised the price to seventy to one with no takers. Show us someone with an ounce of gold and we'll show you a million—without any.

In conclusion we'll remark that it looks like the old army game of never giving the sucker a chance so what's the use.

**ONE PUBLIC JOB TO EACH FAMILY**

Tomlinson, present County Assessor, and candidate for reelection does not have a so-called "family" office. He employs only heads of families, and then where there is but one bread-winner in the family, with the exception of one four-month's deputy.

In these days of unemployment, no one household should have more than one public job. Look into this matter before you vote for either of Tomlinson's opponents.

Chicago is in financial trouble and not able to pay her school teachers and other public officials because of bad work in the Assessor's office. The Tax Roll was taken into court and declared illegal, so that one year's income was lost to the city.

Do not experiment with inexperienced men when you have an official who has proven his ability to do a good job.

There are no complaints against Tomlinson. His ability is recognized. He has been Secretary of the Southern California Assessors' Association for eleven years, and President one. His close application and knowledge of the work, entitles him to reelection. Vote for Tomlinson. Paid Adv.

Mr. and Mrs. James Catlin, Mrs. Henry B. Fish and Mrs. W. E. Blair of Ojai motored to Delano on business.

**WOMEN BEST DRIVERS SAYS EASTERN REPORT**

Figures make it appear that women are safer drivers than men, at least in Pennsylvania, according to a report received by the Automobile Club of Southern California from the Quaker State's Bureau of Motor Vehicles.

Of 32,883 automobile operators figuring in accidents during the first five months of this year, only 1944 were women. Although women constitute 19 per cent of Pennsylvania's licensed drivers, they were involved in only 6 per cent of the accidents, 4 per cent of the fatalities and 8 per cent of the non-fatal accidents. Only sixty-six were women out of a total of 3528 operators who lost their licenses because of law violations.

**A. J. (GUS) JANSSENS SEEKS PUBLIC OFFICE**

A. J. (Gus) Janssens was urged by many friends in the county to become a candidate for the office of Coroner and Public Administrator, at the primary election to be held August 28th. It was pointed out to him that his entire training, including the time he spent in the army during the World War, has fitted him to fill successfully this position.

OFFICE NO. 2

His distinguished service on the State tribunal and his progressive record on the judiciary for 11 years warrants his election.

**POLITICAL ADVERTISEMENTS**

Successful business concerns demand efficiency or replace employees when lax.

There are many examples of favorites on the tax rolls.

McCaffrey's Sporting Goods store on lower State Street with one floor paid on \$611 more merchandise than Sears-Roebuck with three floors on upper State Street, and whose tire stock has been appraised as high as McCaffrey's complete stock.

Wallace Blair has been a careful student of Realty values. He has made many appraisals for the Government. He is fully qualified. He knows from practical experience. He will equalize the tax burden and Economy will follow his election.

Vote for WALLACE BLAIR for County Assessor.

**GEO. R. MacLELLAN, COUNTY TREASURER, SEEKS RE-ELECTION**

George W. MacLellan, the incumbent County Treasurer, was the unanimous selection of the Board of Supervisors, over numerous applicants, to fill the vacancy caused by the death in July, 1933, of the late Winfield B. Metcalf, who held the position for forty-three years.

George W. MacLellan, as Treasurer of Santa Barbara County, handles \$5,000,000.00 a year of the taxpayers' money, the payments into the Treasury during the year just closed having been over \$4,100,000.00 and the payments from the treasury amounting to over \$3,900,000.00.

All but about \$10,000.00 used for cash transactions in the office is kept loaned by the Treasurer, and through his efforts Santa Barbara County last year collected over \$21,000.00 in interest.

All inheritance taxes are payable through the office of the County Treasurer and since the first of January, these inheritance tax collections alone have amounted to nearly \$150,000.00.

The Grand Jury auditor, in his report on examination of the County offices, has commended Mr. MacLellan's conduct of this office most highly.

**Installs New System**

On being appointed Treasurer last August, Mr. MacLellan installed a daily balance system of machine bookkeeping so that all the cash affairs of Santa Barbara County are closed and balanced each day, just as should be done in the largest business in the County.

Due to the variety of duties in the office of the County Treasurer, it is necessary that the Treasurer have a working knowledge of probate and inheritance tax law, laws affecting special assessment districts general laws of the State, and, most important, that he have an expert knowledge of bonds and their market value so that he may properly protect the taxpayers' money on deposit in the various banks, varying in amount from three quarters of a million dollars to as much as a million and a half dollars, and which is secured according to law by carefully selected government and municipal bonds, as provided by Chapter 189 Statutes of 1933.

George W. MacLellan has all these qualifications and is a competent, efficient and experienced public servant and will appreciate your support.

**Tune in KDB Sunday August 26th at 5:45 p.m. and Monday, August 27th at 6:30 p.m. and hear George MacLellan speak.**

Lompoc, Calif.  
August 14, 1934.

Attached is a copy of a letter which we are today sending to Mr. Harry A. Lintz.

My Dear Mr. Lintz:

I am very much interested to see that you are making a good race for the position of County Superintendent of Schools of Santa Barbara county. I assure you that the remainder of the school board members of the school board members of the Lompoc Grammar School are equally interested.

It is my belief that a change of administration in the office of County Superintendent of Schools is advisable at this time. I am sure that if you are elected, the relations between your office and the various school boards will be more harmonious.

With best wishes for your campaign I am

Very truly yours,

Leslie Smith,  
Clerk of Board  
Lompoc Union Elementary School.

And this from a newly formed organization composed of younger Santa Barbara voters:

August 13, 1934.

Dear Editor:

I wish to notify the readers of your newspaper of the formation of a Young People's League for the election of Harry A. Lintz to the post of County Superintendent of Schools.

It is a strictly voluntary league composed of young men of high school and college age. They realize that Harry A. Lintz is best qualified to supervise over the county schools and they hope to make the majority realize it, for it will be for the best interests of the boys and girls.

Yours truly,

Julio Bortolozzo,  
Secretary.

And this from a former school official of Goleta:

August 15th, 1934.

Dear Sirs:

It is my belief that the affairs of our schools should be administered in

a capable, economical and business-like manner, without personal prejudices and solely in those interests which will be most advantageous to the pupils.

Believing these qualifications can best be fulfilled by his election to the office of County Superintendent of Schools it is with pleasure that I endorse the candidacy of Harry Lintz.

Yours very truly,

William J. Hamilton.

To the Voters of Santa Barbara County:

As members of the Carpinteria Union Grammar School Board, we wish to issue a definite statement concerning our support of the candidacy of Mr. Harry A. Lintz for County Superintendent of Schools. Mr. Lintz has served as district superintendent of the Carpinteria schools for the past seven years and has done a remarkable piece of work in building up the elementary education of the valley to its present high level. We feel that he is entitled to use his excellent ability as an organizer, administrator and youth leader for the wider services of the children and patrons of Santa Barbara county.

We take a definite stand for Harry A. Lintz for county superintendent of schools because we know that without harmony and educational leadership such as he can produce, the schools will slip backwards to the detriment of the children of this county.

Trustees of Carpinteria Union Grammar School,  
Signed  
John B. Hudson, Clerk  
M. F. Lewis  
Donald Butler  
Stanley L. Shepard  
Burchell W. Upson, president.  
In addition to the large number of trustees whose signed endorsement

was given in the Special Edition of the Santa Barbaran, more trustees who are backing Mr. Lintz' candidacy and signed the petition urging him to run are as follows: Bonita, M. C. Garcia, M. J. Souza; Cold Springs, Maude E. Bauhaus, W. A. Creasey; Ellwood, M. R. McSpadden, Alex Hutchinson, William Smith; Hope, Charles Bliss, J. E. Felker; Jalama, C. E. **SHOULD MRS. EDWARDS BE ELECTED COUNTY SUPT. OF SCHOOLS?**

Open Letter Is Received By Chronicle Editor From J. A. Elmhirst

To The Editor, Carpinteria Chronicle: Now that the primary elections are just before us for the State of California and its several counties one cannot help but notice the same old tactics and pork barrel methods being used and especially is our attention called to the campaign of Mrs. Muriel Edwards for Superintendent of the County Schools.

The whole issue, in so far as we tax payers and voters are concerned, has been smoke screened and besmudged by soap box orators, professional politicians and politically controlled newspaper editors until we know not whom to support.

Realizing what a simple matter it would be to elect our public officers if we had facts truthfully presented to us and applying the well worn axiom, that you can only forecast the future by carefully analyzing the past, it seems that there must be something radically wrong with Mrs. Edwards' administration, that she lacked harmony in her organization, hence the strong opposition. This being true she would also lack efficiency. Still going further, if the above two suppositions are correct, she would lack economy in her administration.

Now, efficiency and economy are the key notes among us tax payers and wage earners, because in the last four years practically every one of us has seen his income and revenue shrink from twenty five per cent to one hundred per cent, and believing that this great depression of ours was caused principally from slothful administration and high taxation the following tabulated costs of the Governmental department now controlled by Mrs. Edwards are presented to you:

1921-22	\$12,524.94
1922-23	17,052.09
1923-24	19,049.85
1924-25	18,391.41
1925-26	15,006.19
1926-27	17,723.90
1927-28	21,635.79
1928-29	20,985.16
1929-30	21,073.75
1930-31	22,516.03
1931-32	30,972.74
1932-33	27,287.38
1933-34	27,183.63

When one considers that these four

years were years of the greatest prosperity the United States ever experienced, when there were comparatively few delinquencies and practically no curb on the spending ability of public officials and on the other hand Mrs. Edwards' administration was during a period of the greatest depression that this generation has ever experienced, yet Mrs. Edwards' raised the total cost of her administration on us tax payers and wage earners approximately 42%.

One becomes somewhat bewildered after reading some of the Edwards' campaign slogans, such as "No Reason to Change," "Financial Accomplishment," "Savings Made," "Harmony in Co-operation" and "The Child's Welfare Comes First."

Considering the fact that parents of these identical children, referred to in the above slogans were losing their homes and positions through government inefficiency and tax burdens, does it not seem to make these slogans sound hollow and insincere?

According to figures at hand Mrs. Edwards pays her four assistant supervisors a grand total of \$12,250.00 per year salary, which lacks only \$374.94 of being the total amount required to operate the same entire County Governmental Department in 1921-22. Notice that Mrs. Edwards' cost of the Superintendent's office increased from \$21,073.15, under Pope in 1929-30, to \$30,971.74 per year, under Mrs. Edwards in her first year.

From the above observations from County Records, it would therefore seem best that we voters in Santa Barbara County disregard all political propaganda and cast our votes without fear or favor with the best interest of the community at heart and no thought of personal gain.

(Signed) J. A. Elmhirst, Los Alamos, California.

**Incumbent Asks Re-election to Important Post**

H. G. Cattell, who for 15 years has been Southern California's member of the State Board of Equalization, is looking forward to another term in this office.

Second only in importance to the governorship campaign in California is that for membership on the State Board of Equalization, the oldest and the only elective board or commission in the state. It was pointed out today by local supporters of H. G. Cattell, incumbent member for Southern California, who is seeking re-election.

Created in 1870, at which time its principal duties were to value the property of railroads and to supervise the work of county assessors, the State Equalization Board's functions have been expanded by successive legislatures until now it administers state taxes aggregating \$120,000,000 a year.

"Only a person long conversant with tax problems and familiar with state systems of taxation can be expected to be able to discharge in an intelligent manner the intricate duties imposed upon the Equalization Board," it was set forth in a statement issued at local headquarters today.

Some of the tax laws passed at Sacramento, it was added, were hastily drawn and are in need of amendment. The experienced members of the board recognize this, and while doing their utmost to make these laws for which they are not responsible work smoothly and equitably, intend to recommend to the next legislature changes that will be in the public interest.

**NEARLY 450 CARS OF LEMONS SHIPPED EAST BY LOCAL HOUSES**

Growers Enjoy Successful Season in Spite of Depression

Carpinteria has seen its largest lemon season. There will be in the neighborhood of 450 cars of lemons shipped to the eastern market from the local houses. The Carpinteria Valley lemon growers have seen a very successful season in the face of all economic conditions.

The average returns to the growers will be considerably higher than the previous year's average.

It is the opinion of those who know that the state production of lemons within the next few years is going to exceed the potential demand and it is the urge of those closely connected with the industry that each grower strive to the utmost to produce quality fruit.

With the potential tonnage in sight for future years it is only too plain that a certain percentage of the lemon crop will have to see its way to the by-products plant. Therefore it behooves all growers to concentrate their energy on raising quality.

**COSTS OF SCHOOLS HIGHER DURING 1934**

(Continued From Page One)

The total cost for the County Office expenditures has been much greater since 1931 than in the three years prior to that time. The average annual total cost from the years 1928-31 was \$21,498. For the three years since 1931, this average annual expenditure had risen to \$28,481 or approximately \$7,000 higher. Putting the above figures on a per capita pupil basis, the average annual total cost per pupil from the years 1928-31 was \$2.87 while from 1931-34, this annual average cost per pupil was \$3.49 or 21.6% higher.

To indicate the extent to which the County School Superintendent's official expenditures have increased, it might be stated that last year 1933-34, the total cost of the five programs coming under the direct control of the County Superintendent's office was \$27,183.63, this being exclusive of the Institute cost. With an average daily attendance of 8,127 in the Elementary Schools of the County, this meant an average per pupil cost of \$3.34. In 1929-30, a year of prosperity, the total expenditures from this office were \$21,078.75. There was an average daily attendance this year of 7,592, thus indicating a per pupil cost of \$2.77 for that year. Hence in 1933-34, the per pupil cost for expenses incurred by that office of the County Superintendent of Schools was 20%

higher than the same cost in 1929-30. Hence during a period of drastic curtailment of educational programs among all school districts, where the trustees followed the dictates of the peoples mandate and reduced costs very materially, the total costs as well as the per pupil costs of all expenditures under the jurisdiction of the County School Superintendent in her administration and supervision still remain 20% higher than during prosperous years.

The figures below have been taken from the annual financial report of the Santa Barbara County auditor.

\*1928-29, \$20,985.16; \*\*6,880; \*\*\*\$3.05  
\*1929-30, 21,078.75; \*\*7,592; \*\*\* 2.77  
\*1930-31, 22,516.03; \*\*8,038; \*\*\* 2.80  
\*1931-32, 30,972.74; \*\*8,151; \*\*\* 3.81  
\*1932-33, 27,287.38; \*\*8,176; \*\*\* 3.33  
\*1933-34, 27,183.63; \*\*8,127; \*\*\* 3.34  
\*Total cost of County School office administration and supervision.  
\*\*Average daily attendance.  
\*\*\*Average per pupil cost.

**GOVERNOR**

THE RECORD SHOWS THAT GOVERNOR MERRIAM DURING HIS 16 YEARS OF SERVICE IN THE CALIFORNIA LEGISLATURE WAS THE WHOLE-HEARTED FRIEND OF THE LABORING MAN. FOLLOWING ARE A FEW OF THE MEASURES FOR WHICH THE GOVERNOR VOTED:

The Semi-Monthly Pay Day—Labeing of Prison Made Goods—Anti-Coercion Bill—Electrical Satev Laws — Workmen's Compensation Law Amendments—Law of Prompt Payment of Wages—Public Works Program to Relieve Unemployment—Minimum Wage on Public Works—Sanitation Requirements in Various Industries—To Prohibit Fraudulent Use of Union Label—To License Employment Agencies—Eight-hour Law for Public Works—To Prohibit Employment of Aliens on Public Works —To Increase Compensation Insurance Payments—The Prevailing Wage Law.

More important than this, he is still emphasizing the necessity for a workable plan which will care for the unemployed of the State without placing additional burdens on taxpayers.
