## ELECTION ROLES GROW, CHAIRMANSHIPS OPEN

Another Legislative Council voting post will have to be filled in the upcoming elections to be held Mar. 14 and 15. Donna Gian-siracusa, non-affiliated women's rep has resigned her post.

Signups for this office along with women's rep at large, RHA men's rep and fraternity rep are open in the A.S. office now.

Freshmen class offices to be filled in the election are vice-president and secretary. These positions were left vacant when the holders went down grade points. The other position open is AMS vice-president.

### Five Chairs Open

There are five committee chairmanships open this semester: Charities, Awards, Special Events co-chairman, Recreation Control Board and Publicity Committee.

Any students wishing to apply for any of these Legislative Council non-voting positions can fill out a pink form in the A.S. office and leave it in the wire basket assigned for that purpose. Deadline for these signups is Monday, Feb. 29.

### Committee Needs

All committees need members, Kitty Joyce, A.S. president announced, students who want to work on these committees should fill out a pink form in the A.S. office and contact the committee chairman whose name and phone number is in the student directory.

For students applying for chairmanship posts, after leaving the completed form in the A.S. office they will be contacted by Sharon Holden, A.S. Secretary. The applicants will then be interviewed and appointed by Kitty Joyce.

### Caution

Miss Joyce cautioned, "All chairmen are members of the Legislative Council and must attend a minimum of two council meetings."

In order to apply applicants must have a "C" average. Experience is helpful, but not prerequisite. Interest and ideas for the committee are also important, Miss Joyce said.

## Colonel's Coeds Vie For Ball Queen Title

Six finalists are competing for the title of Queen of the Military Ball. The ball, which will be held at the Officers Club at Vandenberg Air Force Base, on Friday, March 4, will be high-lighted by the coronation of the queen and her court of two princesses.

The candidates were selected by primary ballot held at a meeting of Scabbard and Blade, last week. They are Jethelyn Clary, Nancy Fairchilds, Linda Lynch, Ann Nichols, Caroline Street, and Judy Wolfe.

Attending the formal dinner dance will be upper division R.O.T.C. men and members of Colonel's Coeds. Invitations have been extended to Chancellor Samuel Gould and Mrs. Gould, and Gen. and Mrs. Wade, (CG. VAFB). Transportation to the Air Force Base will be provided by chartered buses.

The event is co-sponsored by Scabbard and Blade, upper division R.O.T.C. honorary, and Colonel's Coeds, from which the candidates for queen were selected.

## 'College Day' Hosts Needed

Students are urgently needed again this year to act as guides and hosts for "College Day" on Saturday, March 5, from 9:30 a.m. through noon.

Student members of the General Planning Committee, Ann Cady, Hal Jones, and Dale Lauderdale, have distributed forms to campus, organizations requesting volunteers for the occasion. Last year's successful event was attributed in great measure to the excellent assistance given by members of the student body.

An orientation meeting for guides who can attend will be held in the Huddle Room, Thursday, Feb. 25, at 2:30 p.m. Those who cannot attend are still requested to report for duty in Room 2128 of the Classroom Building at 9:30 a.m., Saturday, March 5. Refreshments will be served to the guides as well as to the guests of the day.

Students are urged to write personal letters of invitation to high school and junior college students back home, particularly those contemplating attendance at the University. Further information regarding the occasion may be secured from Dr. Ralph K. Nair in the office of Relations with Schools, building 404, Room 116, Ex. 2260 or Dr. Philip Walker, Department of Foreign Languages, Classroom Building 2307, Ext. 2262.

JOSEPH SZIGETI

### Last Chance

Today will be the final opportunity to get student tickets for the Joseph Szigeti violin concert on March 1 before they go on public sale next Monday.

The sponsoring committee on Arts and Lectures provided a pre-sale of tickets for students and faculty members prior to the public sale, beginning Feb. 22. This plan was adopted to be sure that each student and staff member had an opportunity to get tickets for this unusual musical treat.

Student and faculty price is 75 cents. General admission to the public is \$1.50. No seats are reserved.

DANIEL NEGRIN will give a master dance lesson in the old gym Thursday.

## Best Dancer of Year, 1954-55 Season Appears in SB, Gives Lesson at UCSB

By Dot Bradbury

"Best Dancer of the Year of 1954-55 Season on Broadway" reads Daniel Negrin's Donaldson Award. This and his high acclaim from critics tells us that Mr. Negrin is no ordinary dancer and that his Feb. 25 appearance in the Santa Barbara High School auditorium will be no ordinary modern dance concert.

Daniel Negrin is a native New Yorker who was first inspired by a dance course at City College. He flew to the Fiji islands to choreograph authentic native dance sequences used in the film, "His Majesty O'Keefe."

### On Broadway

On Broadway Mr. Negrin did the Sioux Indian Dance in "Annie Get Your Gun" and other production numbers in other Broadway shows including: "Touch and Go" and "Plain and Fancy."

He has also proved himself to be an actor in stage and television appearances. He has appeared as a guest artist at all of the major dance festivals in America and has toured in solo program of "Dance Portraits" with great success throughout the country.

### UCSB Sponsors

Miss Mary Tiffany of the UCSB department of Physical Education and Mrs. June Lane of the Dance Department of the High School are sponsoring the program. Miss Tiffany has just joined the UCSB staff this year and she brings with her a rich background of concert and professional work.

Mr. Negrin will give a master dance lesson in the old gym on Feb. 25 from 3:30 to 5:30 p.m. The lesson is open to all students of dance free of charge.

## Movie of 'Brothers Karamazov' Coming

The *Brothers Karamazov*, a film adaptation of Dostoevsky's novel of the same name, starring Yul Brynner, Maria Schell, Calire Bloom and Lee J. Cobb, will be shown in the classroom auditorium next Thursday evening at 7.

The movie is being sponsored by the I.A. club and admission has been set at 40c per person.

This MGM movie depicts Russia of the late nineteenth century, a Russia of lavish wealth and grinding poverty. *The Brothers Karamazov* is considered one of the greatest novels ever written.

## Tune, Fisher, Williams Also Resign Posts El Gaucho, La Cumbre Without Editors;

Arlen Collier, editor of *El Gaucho* resigned last Tuesday along with three of his top editors and Pat Downey, editor of *La Cumbre*. The resignations were tendered to the Press Control Board who immediately opened applications for the vacant editorial posts.

Resigning from *El Gaucho* along with Collier were Jerry Tune, sports editor; Phyllis Fisher, news editor and Kathy Williams, feature editor. Reasons given for the resignations mainly stemmed from the fact that the publications interfered with class study too much.

## WALKER TO GIVE UNIVERSITY TALK ON 'ZOLA'S LIE'

By Polly Lombardi

Dr. Philip D. Walker, UCSB Associate Professor of French, will lecture on "The Naturalist Metaphor; Zola's 'Lie,'" in the second University Lecture of the Spring semester Feb. 23 at 4 p.m. in the classroom auditorium.

The lecturer will discuss "how the sources of Zola's great power lies in the tension in a masterpiece like *Germinal* between his ambition to turn himself into a scientific novelist, and his true genius as a maker of myth."

### Zola "Lie"

Dr. Walker will discuss the art of Emile Zola, 19th century French novelist and the father of the naturalist novel. Zola is one of the most widely read French authors since Victor Hugo. Although he is one of the most publicized modern writers, Zola is also paradoxical and deceptive, points out Dr. Walker. His art, to use his own word, is essentially a literary form of "Lie."

Walker came to UCSB in 1957 after three years as an instructor at Lawrence College, Wisconsin. He did his undergraduate and graduate studies at Yale and received his Ph.D. from that institution. He is the author of several papers on Zola.

"I've been interested in Zola ever since my undergraduate days at Yale and especially since I met Zola's son in Paris," the professor explains.

### European Study

Walker has spent considerable time in Europe since 1947. He was one of the first American students to attend the Ecole Normale Supérieure in Paris where he studied Zola's notes and papers. It was during this time that he met Zola's son and discussed his father's works.

One of Walker's most interesting experiences in Europe was his participation with a Swiss volunteer reconstruction camp that rebuilt in the Spring of 1948 an Italian village destroyed by the Germans in World War II. Other than this, Walker spent the majority of his time in Paris at the Bibliotheque National where he did much of his research on Zola.

## Krayk Quartet To Perform Three Classical Quartets

Works of Mozart, Beethoven, and Haydn will be included in next Tuesday evening's Faculty Recital. The Krayk Quartet, in residence at UCSB, will present three classical quartets at their recital which begins at 8:30 p.m. in the campus auditorium.

Members of the quartet are Stefan Krayk, first violin and founder of the group; Martha Woodhead, second violin; Sigurd Odegard, viola; and Ira Lehn, violincello.

### Works

The opening work will be Mozart's Quartet K.589 in B-Flat Major. Probably his best work and one which is a fine example of classical lucidity, this was the next to last one Mozart composed.

Beethoven's First String Quartet, op. 18 in F Major will be the second work on the program. This shows many of the characteristics of the late Haydn work, and also demonstrates Beethoven's penchants for the extensions of traditional classical form.

The program will conclude

with the Haydn Quartet, op. 64, no. 5 in D Major. Composed in 1790, it is one of the later works of Haydn. It is known as the "lark" quartet because of the lyric beauty of the opening theme of the first movement.

### Performers

Stefan Krayk, founder of the Krayk Quartet is an associate professor of music at UCSB where he has been on the faculty for 10 years. A native of Poland, Krayk came to the U.S. in 1946 and became a member of the Philadelphia Orchestra. He has played many recitals throughout the country and has been a featured soloist with many major orchestras.

Continued on page four

Miss Downey announced to PCB that three of her sub-editors had also resigned. They were E. Michael Lee *La Cumbre* business manager and associated students editor, Mike Curry, special events editor and Carole Porter, RHA editor.

### Acted on Advice

Collier announced that he was resigning upon the advice of his academic advisor and the advice of the faculty advisors of the publications. Collier said he had gone from a 3.0 to a 2.5 in his major last semester and needed to devote more time to his studies in order to qualify for graduate school.

Miss Downey went down grade points and became ineligible for her office.

*El Gaucho* Sports editor Tune is resigning to participate on the tennis team. Miss Fisher is leaving on a Mediterranean cruise this spring and Mrs. Williams gave as her reasons for resigning her present study load and illness.

### Weekly Paper

The press control board decided to make the paper a weekly beginning the first week in March. The reason for this was the lack of staff to work on the paper, and the disadvantage of having a new editor who has not had any experience on *El Gaucho*.

The board felt that the limited amount of staff members that can be mustered at UCSB does not make it feasible to continue the paper on a twice-weekly basis.

It was noted during the meeting by Dr. Homer Swander, PCB advisor, that both *El Gaucho* and *La Cumbre* editors have grade difficulties after they take office, and that this is a recurring problem that should be remedied.

### Smaller La Cumbre

The board discussed decreasing the size of *La Cumbre* after this year but postponed making a final decision until later.

Collier agreed to stay on as editor until a successor could be found and agreed to help the new editor establish himself in the position. It was hoped by the board that qualified applicants would be found, especially since the paper is becoming a weekly.

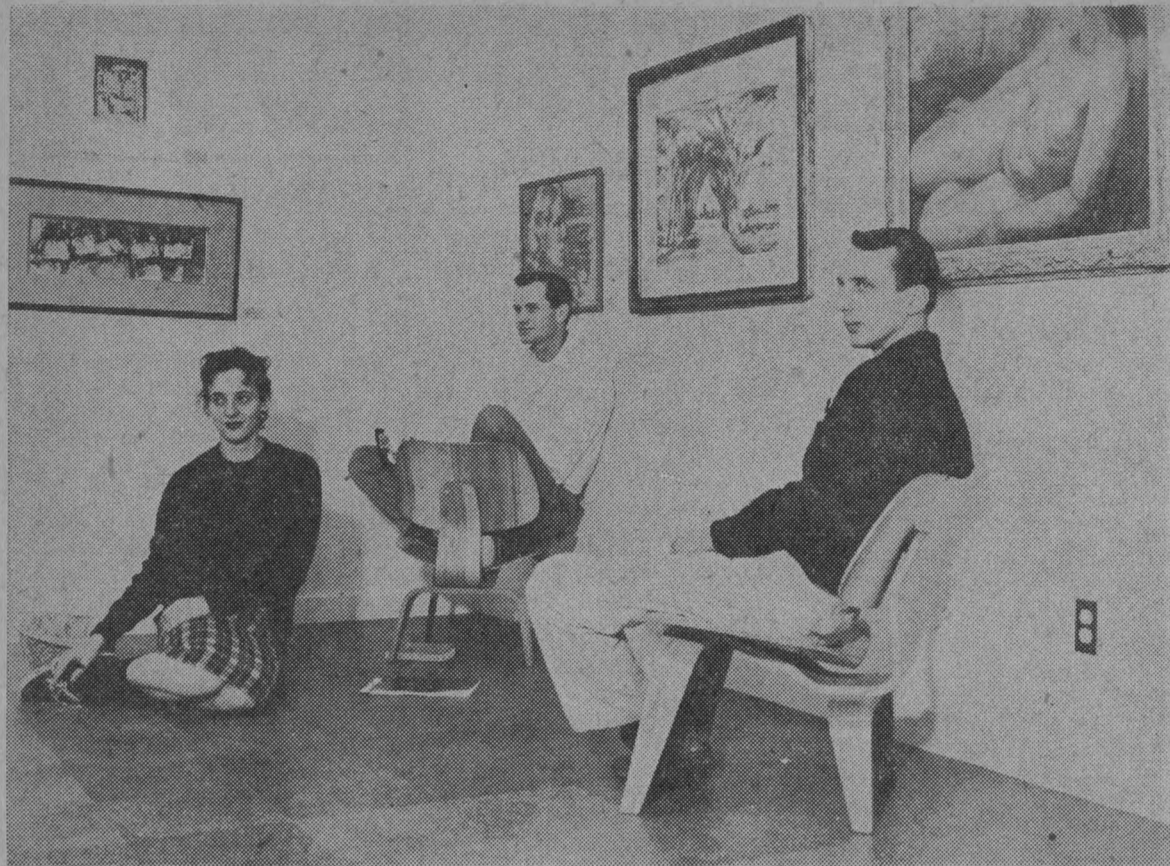

### Apply by Tuesday

Students may apply for the editorship in the *El Gaucho* office. Applications close Tuesday at 4 p.m. The press control board will meet at 5 p.m. Tuesday to consider those applying. Each applicant will be interviewed by the board before a decision is reached.

Applications for the editorship of *La Cumbre* are also open, and will close at the same time. Students applying for the editorship of the annual should contact Miss Downey in the *La Cumbre* office.

Since the paper will be going to a weekly status starting in March, publication date will probably be Thursdays. This is the last of the bi-weekly papers, since next week, because of the holiday, there will be only a Friday paper.

**VARRIED REACTIONS**—UCSB students Loretta Wilson, Dan Petter and Fred Juul sit back and study some of the fifty painting now being featured in the art showing of the Donald and Esther Bear Art Collection. The exhibition consists of over 50 paintings, drawings, prints and pieces of sculpture by local and national artists. The exhibition runs until Feb. 29. **TICKETS ON SALE FOR OPENING FETE IN RELIGION WEEK**

Tickets for the 1960 Religion In Life Week Kick-off Dinner can be purchased for 75 cents at the University Religious Conference Building, the Graduate Manager's Office or from any member of the Religion In Life Week executive committee. The dinner is planned for 6:30 p.m. on February 28 at the Ortega Dining Commons.

**Gould Speaks**

The evening's program will be centered upon a talk to be given by Chancellor Gould entitled "Sacred and Secular Views of Man in the Academic Community." This dinner promises to be a highlight of the week and all are urged to attend.

During Religion In Life Week the College Bookstore will feature a sale of books expressing current religious responses to the challenges of contemporary life.

These books have been carefully selected and contain information that will give the reader new insight into the conflict between religion and contemporary thought.

Displays may also be found in the library and classroom building showcases.

*At a recent big political meeting in California the leaders worried whether they should have a Protestant minister, a Catholic priest or a Jewish rabbi give the invocation.*

Any of the three might be construed as favoritism to certain political interests!

*So they came up with the solution: they chose a Buddhist.*

Solomon himself probably couldn't have devised a smarter answer to a dilemma. This may go into history along with Napoleon's brilliant idea of dropping cannonballs on the ice, instead of shooting directly at the soldiers crossing the river, thereby drowning them very effectively.

*Now it may happen that you go to a restaurant expecting filet mignon, and instead are served something so tough you wouldn't be surprised to find part of the bridle in it. (Naturally that doesn't happen in Santa Barbara restaurants.) What to do?*

You want to be polite, don't care to make a scene, don't wish to cause a fuss . . . So you say "I'll take this home to my dog, I'm not very hungry tonight." If you don't have a dog, that complicates it.

*Point is that you shouldn't ever eat anything to be polite, if you think it isn't going to agree with you! Nor drink anything, either.*

Be polite to your stomach first of all. You have to survive, and there are a lot of booby traps, hurdles, trap doors and roadblocks on the pathway of life.

Dear Suzie,

Spring is really here. I bet it's as hard for you as it is for me to settle down again into the same routine of **study, study, study.** It's not so bad now, just wait until it's warm and sunny every day.

In my last column, I dropped a hint about **cottons.** Well, since spring is definitely on her way, now is the time to start **stocking up** cottons for the warm weather. A good start would be our 2-piece **cotton skirt waist** dresses at \$12.95. They come in a variety of **cool spring colors** that will make you feel **crisp and cool** in the warm weather.

However, spring weather is sometimes unpredictable as we at UCSB know very well. So, to go with these **cute cottons,** we have dyed to match **bulky 100% orlon sweaters.** They are cable stitched with 3/4 sleeves and a plain neck. The price is only \$11.95. They come in **beautiful colors** of sun-kist yellow, baby blue, mint green, light brown, orange and that good old stand by, white. To go with this outfit, Lou Rose has dyed to match crushed **leather belts** at \$3.95.

Another fashion item that **spring has sprung** this year is the old stand by of the **red, white, and blue** combinations. If you feel like being **patriotic,** Lou Rose has many suggestions in a variety of items. For example, how about a white **stitched down pleated skirt** at \$19.95, or red or navy **straight skirts** starting at \$11.95. To wear with these skirts, Lou Rose has a beautiful selection of red white and blue **sweaters** of all styles priced from \$11.95 to \$15.95. Lou Rose is also starting to receive **cute spring cotton jersey blouses** that are so necessary for Santa Barbara.

So Suzie, enough said. My suggestion for you is **start spring smartly and smoothly** by coming down to **Lou Rose annex,** "the store behind the big tree." I'll be there every **Saturday** to help you.

The ground hog has pulled a double-cross! This is winter? Shadow or no shadow the season of love and fever has arrived.

Heart day was a big one for the little arrow creatures. Newly engaged are Chi O Deanna Jones and Lambda Chi Fred Roth. A specially decorated cake with an *El Gaucho* headline announcing the engagement of editor Arlen Collier to Phyl Fisher news editor was served to Villa Marina hall last Tuesday night. The Alpha Phi house had much excitement Monday night as Bobbie Testut and Mary McGranahan exerted simultaneous efforts to blow out the candle and revealed their respective pinnings to Sig Ep Dave Kamens and Lambda Chi Dave Fischer.

A double serenade for two newly pinned couples was held last Monday night in Santa Rosa's patio area. Linda Lewis was the recipient of the Lambda Chi pin from Wayne Ryburn and Marty Lewis (no relation) became Roy Houtz' new pinnee. Punch and a special cake inscribed with the Lambda Chi coat of arms was served after singing by the Ribera-Hall hostesses. Sig Ep's sang to newly pinned Norm Badian and Alpha Phi Pat Downie. Other Sip Ep pinnings are Andy Hunter to Waldine Koerper and Al Dexter to Linda Barge.

## 'CAINE MUTINY' STARTED HERE

By Chris Quarton

Returning to the scene of its premiere performance at the Granada Theater in 1953, the third production of the Department of Speech and Drama, Herman Wouk's "Caine Mutiny Court-Martial," under the direction of Dr. Stanley Glenn, will be presented in the Little Theater Feb. 24, 25, 26, 27 and March 2, 3, 4, 5 at 8:30 p.m.

This adaptation from Wouk's Prize-winning novel, *Caine Mutiny*, enjoyed a long and successful run on Broadway in 1954, with Henry Fonda, Lloyd Nolan, and John Hodiak in the starring roles.

The play is designed to give

the audience a feeling that they are in an actual courtroom through its unobtrusive set and unusual opening. The result of these unique staging effects is a very effective, vigorous drama.

The plot also has an unusual twist. Defendant Maryk's lawyer Greenwald, who would much rather prosecute than defend his client, wins him an acquittal by not defending him. Greenwald attacks others instead, and with ingenious ease gradually traps not the accused but the accuser.

Another thing—the Esterbrook Classic always uses ink. You'll like ink once you get used to it. It makes clearly discernible marks on the paper.

because it is much lighter in structure and because it doesn't ramble as the book does. There is more tension and singleness of idea combined with great unity." Santa Barbara drama critic Ronald Schofield deemed "The

### COMMITTEES: AN AGONIZING REAPPRAISAL

To those of you who stay out of your student government because you believe the committee system is just an excuse for inaction, let me cite an example to prove that a committee, properly led and directed, can be a great force for good.

Last week the Student Council met at the Duluth College of Veterinary Medicine and Belles-Lettres to discuss purchasing a new doormat for the students union. It was, I assure you, a desperate problem because Sherwin K. Sigafoos, janitor of the students union, threatened flatly to quit unless a new doormat was installed immediately. "I'm sick and tired of mopping that dirty old floor," said Mr. Sigafoos, sobbing convulsively. (Mr. Sigafoos, once a jolly outgoing sort, has been crying almost steadily since the recent death of his pet wart hog who had been his constant companion for 22 years. Actually, Mr. Sigafoos is much better off without the wart hog, who tusked him viciously at least once a day, but a companionship of 22 years is, I suppose, not lightly relinquished. The college tried to give Mr. Sigafoos a new wart hog—a frisky little fellow with floppy ears and a waggly tail—but Mr. Sigafoos only turned his back and cried the harder.)

But I digress. The Student Council met, discussed the doormat for eight or ten hours, and then referred it to a committee. There were some who scoffed then and said nothing would ever be heard of the doormat again, but they reckoned without Invictus Millstone.

Invictus Millstone, chairman of the doormat committee, was a man of action—*lithe* and *lean* and *keen* and, naturally, a smoker of Marlboro Cigarettes. Why do I say "naturally"? Because, dear friends, active men and active women don't have time to fuss and fumble and experiment with cigarettes. They need to be sure their cigarettes will never fail them—that the flavor will always be mild and mellow—that the filter will always filter—that the pack will always be soft or flip-top. In short, they need to be sure it's Marlboro—dependable, constant, tried and true Marlboro. Smoke one. You'll see.

Well sir, Invictus Millstone chaired his doormat committee with such vigor and dispatch that, when the Student Council met only one week later, he was able to rise and deliver the following recommendations:

1. That the college build new schools of botany, hydraulic engineering, tropical medicine, Indo-Germanic languages, and millinery.
2. That the college drop football, put a roof on the stadium, and turn it into a low-cost housing project for married students.
3. That the college raise faculty salaries by \$5000 per year across the board.
4. That the college secede from the United States.
5. That the question of a doormat for the students union be referred to a subcommittee.

So let us hear no more defeatist talk about the committee system. It can be made to work!

You don't need a committee to tell you how good Marlboros are. You just need yourself, a Marlboro, and a match . . . Or if you like mildness but you don't like filters, try Marlboro's sister cigarette—Philip Morris.

## Netters Open Year At SB Tennis Club

Having lost five of their six top men of last season the Gauch tennis team under the new tutelage of Ralph Barkey faces the Santa Barbara Tennis Club Monday at 10 a.m. at the Municipal courts.

Jack Knudson, last year's number three man, will lead the netmen to their first game of the season. Other squadmen last year back are Jack DeWitt, Lloyd Roth, Bob Garey and Roger Dawson. Coach Barkey hopes to find some talent from newcomers Mike Smietzer, from Texas, Jerry Tune from Valley College, Ned Cook from Pasadena CC, John Eberly from Hawaii, and Steve Campbell from Riverside.

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

**Supple Full Coil suspension**—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

**Butyl rubber body mounts**—Thicker, newly designed body mounts

further insulate you from the road.

**Body by Fisher**—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

**Foam cushioned seats**—Chevy offers foam cushioned seats in both front and rear in all series but one.

**Safety-Girder frame**—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

**Hydraulic valve lifters**—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

**Cushioned steering shaft**—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

**Precision balanced wheels and tires**—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

**Easy steering ratio**—Chevy's high ratio Ball Race steering takes the work out of steering for you.

**Superior weight distribution**—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

**Wide choice of power teams**—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

# McDONNELL LOST FOR WEEKEND

by Wils Winnik,  
Staff Sports Writer

Two down, four to go — that's how it is with the Gauchos as they depart for Long Beach and points south this afternoon for a pair of basketball games, meeting the Long Beach State College 49ers tonight and San Diego State's Aztecs tomorrow evening.

A sweep of both games would move UCSB into at least a tie for the conference league with Fresno.

**Jerry McDonnell was called back to his St. Louis, Missouri home Tuesday due to the unexpected death of his father, Edward J. McDonnell. It is uncertain whether the star Gauchito forward will return to the coast in time for this weekend's games.**

no State and possibly sole ownership of the front position should the Bulldogs lose to L.A. State Saturday. This would set the stage for the "Titanic of the Year" — Fresno's appearance in Robertson Gymnasium Feb. 26.

The 49ers have only a mathematical chance for the crown and are cast in the roll of spoilers. Long Beach has a string of 12 straight victories at home including last week's annihilations of San Diego, 104-72, and L.A. State, 110-100.

## Mile Relay Takes Third at Indoor

Four members of the UCSB mile-relay team picking up a third place medal for their efforts in the Los Angeles Times Indoor Games. The Gauchito foursome was in a special college mile relay race with four teams participating.

The relay team composed of Dave Boraker, Coyt Davis, Roland Gordobes and Bernie Weiner ran well despite being inexperienced in the ways of running on a banked, 160-yard per lap, board track.

The winning team was from the University of Redlands, who had run in the first indoor meet three weeks before, with a time of 3:31.1. Redlands led for the entire eleven laps, with UCSB in close contention until the last 440 when the more-experienced Los Angeles State team passed the Gauchos for second. Pomona was fourth and last.

along fast since the Gauchos beat them six weeks ago. In fact, Art Gallon's crew is the only CCAA team which hasn't lost to the 49ers.

Hank Salcido and Ron Stewart are the two big guns in the "race horse" brand of basketball Bill Patterson tutors. Salcido, a veteran guard, racked up 49 points in last week's two games while Stewart poured through 61 counters. All five of Long Beach's starters scored in the double figures during the weekend blitz.

### Aztec Star

The San Diego State Aztecs could pose quite an obstacle for the Gauchos tomorrow if their all-conference forward, Bernie Finlay, is hot. Finlay scored 36 points (exactly half of the Aztec's total) in the shellacking administered by Long Beach. The Aztec's are weaker this time around, due to the loss of Jim Doherty by graduation.

The Border pavilion is noted for being one of the toughest gyms in the conference for visiting teams. Nothing would please the hometown crowd more than a win over Santa Barbara to make up for the loss suffered earlier this season at the hands of the Gauchos. That was the first

### CAL POLY SITE OF COAST WRESTLING

The wrestling team travels to Cal Poly for their last match of the season Monday, Feb. 22.

During the weekend of the 12th and 13th, the wrestlers came up against three of the best wrestling teams in the state. Friday, they lost to Cal Poly 35-2. Tony Kalomas had a draw with Poly's 147 pounder. There were forfeits in two weights and the rest of the team was defeated by falls. On Saturday, the team traveled to Los Angeles State College for a double dual with L.A. and San Diego. The score was 28 to 0. Rei Yoshinobu at 157 pounds had the closest score as he was decisioned 2 to 0 by Glenn Arbutnot. Against San Diego, the Gauchos had to forfeit three matches — the score was 38 to 0.

Tuesday they were outpointed by Long Beach State although Jim Phillips won a match in the 137 pound division. Tony Kalomas tied his man in the 147 pound class and the Gauchos won the 157 pound class by forfeit.

JERRY McDONNELL

UCSB victory over the Aztecs in five years.

Gallon feels his club is in pretty good shape. Walt Harcos has shaken the flu bug and should be ready for the rugged road trip. Leading scorer and rebounder, Jerry McDonnell, was hobbling around on a gimpy leg earlier in the week, but is fit again.

Though McDonnell's scoring average of 11.2 points per game looks mighty puny next to the league leaders the Gauchos' 16-5 record is explained in the latest Gauchito statistics. Eight of the thirteen players on the squad have each scored better than 100 points. McDonnell has 223, Joel Fleiss is second with 217, and Buddy White follows with 166 digits.

Both games, tonight and tomorrow, will be aired over radio station KTMS at 8:05 p.m. with Jerry Patch and Tom Morgan mikeside.

# 'THE RUB'

by Stephen Davis

Is it that, against a background of silence, the dull thud of his own heart and the thunderous void of his own brain are sounds from which his own soul seeks refuge?

Or, is it that his precocious hatred of humanity, unlike his intellectual ardour, is so intense that he must, as much as possible, plague it with his blatant puerilities?

Raging like Pompeian Vesuvius in a breast whose most noble aspiration is to clothe itself in a belettered sweater, what profound resentment against the canons and decorum of maturity prompts his determination to guarantee that none shall overlook his stupidity?

What ails Junior?

Junior is he who considers the first year of his University education the fifth year of his high school education.

Junior is he who had considered the first year of his high school education the ninth year of his grammar school education.

## Gnatty Situation

Consequently, Junior is he who, in spite of the formidable screening processes extant between grammar school and the University, processes so intent upon straining at gnats that the horse-flies progress through them in state, Junior is, I say, he who considers the University an extension of grammar school—for those whose physical development dictates their discrete isolation from the younger teenagers.

His asinities in the classroom are not my concern.

They are the responsibility of his instructors, the price they pay for the dedicated, saintly, flagellant optimism with which they struggle within a system founded upon the proposition that the Constitution of the United States forbids discrimination against stupidity and incompetence.

But his bray-zen asinities outside the classroom are my concern; although, I am, perhaps, merely jealous; I do, indeed, envy the swan-like grace with which he executes the gestures of an intellectual ox.

During a period of silence in the Student Union, I, in terror, await the apparition of Junior.

## Libations, etc.

With his offering, his tithe, his devoted widow's mite clutched reverently in his hand, he approaches the variegated altar of his cult. He stands before it, gazing at the items in its spiritual menu as the Hebrews gazed at the inscriptions on the tablets, as the Babylonians on the diorite of Hammurabi. He glances back, with the affectionate eyes of a dowager's puppy, at the girl who has also taken refuge from the perils of maturity in the safe, spacious cavern of his mind. The

# 'University Seeking To Establish Control Over Students Wrong' --- NSA Council

(This is the second of three parts of a letter by the National Executive Council of the National Student Association concerning the Kerr directives on student government.)

Regarding the justification for imposing severe restrictions upon student organizations, it is quite the same: Chief campus officers have the primary responsibility for the formulation and enforcement of the necessary rules concerning student organizations. Initially, the United States National Student Association expresses its approval of the requirement that the organization may not have membership rules which require discrimination based on race, religion, or national origin, as set forth in the regulation adopted by the Regents on July 17, 1959.

## Odious

There are, however, two particularly odious requirements for recognition. The first is the requirement that "the purposes and activities of the organization must be compatible with the educational objectives of the University."

While we strongly favor campus organizations whose objectives, wholly, or in part, are educational, we are concerned that requiring "the purposes and activities... be compatible with the educational objectives of the University" might be used less to stimulate an increased sense of importance of the intellectual life than to effectively control controversial opinions on the basis that they are incompatible with the aims of the University.

The second requirement for recognition is that "the organization must not be affiliated with any partisan, political or religious group, nor have as one of its purposes the taking of positions with reference to off cam-

pus political, religious, economic international, or other issues of the time."

## Tyranny

There seems to be no more effective way to impose tyranny over the free expression of ideas, thus denying what traditionally has been the objective of the university community. This enforced sterility can lead only to collective amnesia and public agnosticism.

Clearly the United States National Student Association is in sharp conflict with the concept of the role of student government and student organizations as defined in the directives of Dr. Kerr.

## Sex

In the Seattle address, Dr. Kerr made this statement: "... Having served as chancellor of

the Berkeley campus of the University of California for six years I have learned that athletics is not a minor matter. I commented to the academic senate one time when there was the usual parking problem up for discussion, and when I had gone through the Pacific Coast controversy, and when the campus had had a panty raid that got headlines all around the world that I had discovered that the three great academic problems—in fact I concluded the only great academic problems—were these: sex for the students, athletics for the alumni, and parking for the faculty. And I went on to say that this was a commentary

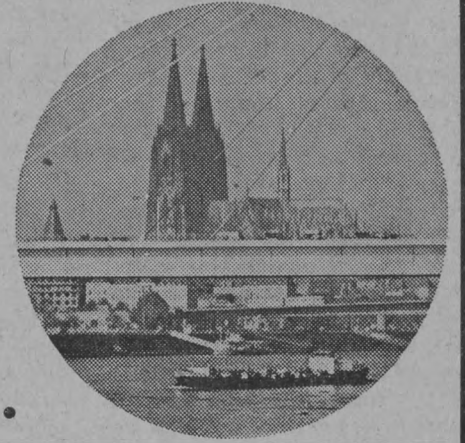

not only on my job but also on the average age and consequent interests of the three groups involved."

The directives of Dr. Kerr seem designated to insure that

students never got beyond the age of adolescence and the consequent interests of sex!
