THE STUDENT BODY WEEKLY OF THE SANTA BARBARA STATE COLLEGE

Frosh Day
Was a Success;
Sophomores Are Next

VOL VI. SANTA BARBARA, CALIFORNIA, FRIDAY, DECEMBER 17, 1926 NUMBER 14

CONSTITUTION CHANGE PASSED BY STUDENTS AT MEET YESTERDAY

Letter Awards Made More Difficult to Obtain by Passed Amendment

Council recommendations for the revision of the student body constitution on the matter of awarding letters in sports were submitted to the students yesterday and passed. Award of letters by the revision will become of much stricter nature in regard to the work done by the individual.

The proposal for change in the paragraphs pertaining to letter award was made by Coach De Groot and the mens' athletic council. Special recommendation by the coach, captain and captain-elect will be required under the new provisions, and a distinctive letter will be awarded to the athletic manager and varsity season managers as a new feature of sports award.

Juniors Quiet Seniors In Tennis; Frosh, Sophomores Yet to Meet In Tournament

A Junior victory over the Senior racket wielders last Friday afternoon in the inter-class tournament placed the third-year men in the finals of the struggle.

The singles matches were dull and slow; Greenough eliminated Vince by a 6-1, 6-1 count, while Brotherton, Senior, had no trouble in disposing Atwood, of the Juniors, 6-0, 6-0. With the match at stake, the doubles developed into a real scrap, the Juniors coming out on top, 6-3, 6-4.

The Frosh-Soph matches have not been completed, only one having been played. Francis Manis, Frosh first man, defeated Mike Abbott, 6-3, 6-4, in a fast match. Abbott, who was rated first last year, will have to look to his laurels or Manis will be the Varsity first man. Smith and Donahoe still have their match to fight out, and the doubles are still to be decided. They will probably be played off during vacation, as both men will remain in Santa Barbara over the holidays.

Campus Contributes to Keep of Near East Orphan Child

A Golden Rule offering of six dollars has been collected by Dr. Evans from college students and faculty for the education of an orphan in the Near East. The money is being held until the time an orphan can be adopted.

The education of another orphan, little Serap Stepanian, is fostered by the Montecito Presbyterian Church, of which Dr. Evans is minister. With many children in the Near East in need of such help, it is possible for a group of twenty people by weekly ten-cent offerings to support an orphan in the American orphan homes.

The annual Christmas party of Alpha Theta Chi sorority was held December 13 at the home of Eleanor Hicks.

Traditional Step Sing To Take Place After Vacation

The semester step-sing, the first one this year, is planned by the Pep Committee for the first week after the Christmas holidays. It will probably be held on Thursday night between 7 and 8 o'clock owing to a conflict with the basketball game on the night previous, which was to have been the date of the step-sing.

Last year the custom was instituted and proved unusually successful, many turning out. It is held on the steps in the quad in front of the main portion of the building.

SENIORS RECEIVE CUP FOR FROSH BIBLE CONTEST CLOSE

High Percentages Turned In by All Contestants; Juniors Close Second

The Senior class won the Pep Committee cup for selling the largest percentage of Frosh Bibles. Their name will be engraved upon the trophy, to be done by the losing class, the Frosh.

The announcement was made in assembly Tuesday. The delay was caused by the closeness of the Junior and Senior classes in the race. The loser, the Freshman class, is responsible for the engraving. All the classes, however, did better than was expected.

The contest was judged upon a percentage basis. The largest margin above 100 per cent automatically points to the leader. The Seniors won by a 120 plus whereas the Juniors held a close second with a 120 even. The Sophomores and the Freshmen, with 95 per cent and 83 per cent respectively brought up the rear, valiantly despite the obvious lack of support.

Outing Club Hike Success; Is Best Hike Yet Held

The Outing Club hike to Flores Flat Sunday proved to be a success. The day was clear and the hike could be seen plainer than usual.

Many snaps were taken of the group including several with Jim Can Shack in the background. They will appear in the La Cumbre this June. Clayton Sheesley led the party.

JEAN M'KENZIE MAKES LONG SWIM TO CARPINTERIA FROM LOCAL BEACH

A twelve-mile swim taving seven hours and made in a comparatively cold and rough ocean was the feat accomplished by Jean McKenzie, '28, last Sunday. She was the only one of three to make the distance, and as a result of this swim she is expected to enter the Catalina swim, with a prize of \$25,000, next month.

The long course was from the Bath House to Carpinteria. The distance was covered by guiding just beyond the kelp line, and is often much rougher than inland from the kelp line.

One of the accompanying swimmers was forced to give up at Summerland, when a strong current was

VENTURA JAYSEE IS BEATEN IN SEASON'S SLOW GAME BY 13-8

Frosh Get Drubbing from High School Heavies; No Team Work, Trouble

(By Floyd Kenney)

In a game marred by fouling and lack of team play, the Roadrunners defeated the Ventura Jaysee team Wednesday evening by a count of 13-8 in the second basketball game of the season.

The locals put up a rather poor brand of basketball against the much weaker squad from the Point Santa City, and should have run up a much larger score. Team play was utterly lacking in the offensive work of the Olive and White, but a strong defense confined the visitors to long shots, most of their points being scored on free throws.

Santa Barbara failed to find the bucket and seemed unable to work together long enough to put the ball in the hole for sure shots. Coach DeGroot used almost the entire squad in an effort to find a going combination.

Frosh Lose To High School

The Freshmen had the same difficulty as the Varsity and lost to the local high school heavies, 19-12. A failure to get together spelled defeat for the Progressives. Martin, T. Foss and Glover showed up to the best advantage for the Frosh, while Greeson and Crawford were the shining lights of the High School.

The line-ups were:
S.B.S.C. Frosh (12) S.B.S. (19)
Boeske (1) f Lampe
Glover (2) g Crawford (6)
Kramer (3) c Pruett
Martin (4) g Greeson (10)
Pollard (5) g Duncan (3)
Substitutions: Frosh, Hoban (2), Cravens, T. Foss, High School, Sampson, Watson, Darbi.
S.B.S.C. Varsity (14) Ven. J.C. (8)
Clemore f Finley
Williams f Kitley
Dunn g Gardner
C. Foss g Malloy
Curtis f Catlin
Substitutions: Santa Barbara, Morehead (3), Feary (2), Vandam (1), O'Reilly, Brotherton, Kenney, Larsen, Brubaker, Ventura, Boten.

COLLEGE HYMN FOUND BURIED IN LIBRARY; DISCOVERED BY ESTER JANSSENS; ENDS SONG DISPUTE

Sophomores Drop Plans for Exam Jubilee Hop, Conflict

A short meeting of the Sophomores was held Tuesday after the assembly at which preliminary plans for Soph Day were discussed and a committee appointed to take charge, the committee consisting of Pearl Crawford, chairman; Marcia Goodwin, Helen Sitze, Phyllis Randall, and Dan Britton.

Due to conflicting dates between the Exam dance and the Soph Day program, it was decided to drop the dance. The class will probably sponsor a dance sometime in the second semester.

PENNANT STICKERS PLACED ON SALE BY PEP COMMITTEE

Students Urged to Use New Design for Christmas Vacation Advertising

Unissued last Wednesday noon, the new pennant windshield stickers have been selling fast, with indications that they will be sold in sufficient quantities to make an advertising impression during the Christmas vacation.

One thousand of the labels were printed, all of them with the gummed side on the back, as decided by the Pep Committee, which has charge of the sales. As it is expected this number will not last very long, considerable experimentation can be made for a second printing.

It has been pointed out by the Committee that the best results from the sticker when placed on windshields are obtained by first moistening the glass and applying the pennant on to the wet surface, thereby insuring an even moist surface and no waste of the glue, which might otherwise be weakened by washing. That the stickers will hold on the outside windshield during rainy or foggy weather is based on the principle that if the sticker is firmly adhered around the edges no water can wedge under the surface.

It was found that the sticker would not hold on the black glazed notebooks as there is enough grease in them to counteract any glue, but that they would adhere if the notebook is scraped to remove this glazed surface.

Considerable effort was expended to match the olive-green color of the sticker with the adopted shade of the college, and the color is declared to be very close.

Alfred Tomlinson designed the new sticker.

The Delta Zeta Delta Sorority held a Christmas party Monday evening, December 13, at the home of Frances Cattaneo. The main feature of the evening was a treasure hunt in which each member sought for her Christmas present. Refreshments were served.

Covered up in the library unnoticed for years past was the college hymn. It was found yesterday by Ester Janssens.

An original tune, and a good one at that, is the way the hymn is characterized. The music was found written in pencil on a blank music tablet.

The discovery ends a dispute which has been attracting the attention of the student body for the past few months. Just what will be done with "Our College Grand" is not definitely decided, although Song Leader Phyllis Randall states that it will probably be just one of the songs.

The words of the hymn follow:

Our College, all hail to thee,
High on the hill by the sea,
Glorious our vision each day,
Mountains and valley and bay,
Oh, Eucalyptus towering,
Oh, sunny hillside flowering,
Guard and protect her alway!
This our commandment obey.

Our College, all hail to thee,
Our inspiration be,
Point out the false from the true,
Courage and strength imbue,
"Live to the truth!" let this phrase
Guide us thru-out all our days,
Steadfast and loyal are we,
Our College, all hail to thee.

Home Economics Sale Held Wednesday to Raise Funds

The annual sale of the Home Economics club, the Phi Omicron Iota took place on Wednesday.

This sale was to raise money for two objectives, to aid the Ellen H. Recard Fund and to help maintain the Home Economics department at the Women's College at Constantinople.

This year it will also help defray expenses of a delegate sent from the club to the annual meeting of the Home Economics of Southern California. The conference will be held in Los Angeles at the same time as that of the State Teachers meeting next week.

President Phelps Returns From Convention In East

Concluding his first extended trip of the term, President Phelps returned to the campus last Monday from the research committee meeting on the length of elementary education held in Chicago last week. A member of the commission studying elementary education in Canada and the United States, President Phelps will summarize his judgment on the work done at the convention, in treatise form.

Hacia Arriba, Elementary School Club, Plans Hike

Prospective members of the Hacia Arriba Club of the elementary school are planning a hike to La Cumbre.

The club is to be composed of upper grade boys and girls who can swim to the raft, a distance of 100 yards and hike to La Cumbre. The club plans to stimulate a love for the outdoors and for healthful recreation.

Juniors Hand Seniors Defeat In Class Tennis Finals

Oxy Won 34-8, Ventura Lost 14-8 We Improve With Use

OCCIDENTAL TIGER DEFEATS LOCAL HOOP QUINTET BY 34-8 SCORE

Completely out-classed by a team showing more experience and superior team work, the Roadrunners lost the season's first basketball game last Saturday night to the Oxy Tiger by a 34-8 score.

Coach De Groot's charges fought hard, however, and the game served its purpose by showing up the weak spots that must be strengthened. "The game is nothing to be disappointed about," said De Groot. "Occidental is rated as this year's conference champs, and I am altogether satisfied with the way the men played."

The Tiger showed a snappy offensive, but an inability to cage the ball kept the score down. Mishkin starred for the visitors with five field goals and he was closely followed by Archer, who rang up four field goals

and one free throw. Ellsworth was a tower of strength on the defensive for Oxy.

Frenchy Williams was Santa Barbara's high point man with a field goal and a free throw. The Roadrunners failed to connect with the bucket on a great many occasions, although they did not make many tries.

Thirteen fouls were made in the course of the game, eight being chalked up against the Occidental five and five against the locals. Ellsworth, massive Tiger guard, was removed from the contest because his allotted four personals were all used up.

The Santa Barbara defense was not so hot, Foss being the only man who functioned anywhere near properly. The visiting forwards were allowed free shot after free shot, and could not help but score.

A girls' college in Germany has decided that the study of biology is incompatible with maiden modesty.

Many Attend A.W.S. Xmas Dance at Country Club

There was a record attendance at the A. W. S. hop last Friday night. Even the amount of presents exceeded all expectations, not to mention the punch. But the fact that there were about three hundred persons at the dance speaks well for the popularity A. W. S. functions have attained.

There were no decorations; the Montecito Country club would have them made look gaudy and garish. It speaks well of the decoration committee that they were discerning enough to see this. Between intermission Christmas carols were sung, bringing back to mind a practice that is not often indulged in.

DEGROOT TO PLAY ON OLYMPIC RUGBY TEAM DURING XMAS HOLIDAY

Leaves Yesterday To Play In Vancouver Against Canadian Rugby Elevens

The beginning of the Christmas holidays will witness Coach De Groot playing rugby football at Vancouver, B. C., according to intentions signified by the coach this week. He will be accompanied by Garvin Hunter, who played with him in the San Francisco Olympic Club teams in 1924, which organization is sponsoring the holiday practice in the north.

Consisting mostly of Stanford men the Olympic teams are to maintain good conditions for the 1928 Olympic Games at Amsterdam. Several meets have been scheduled at Vancouver with teams of that locality.

All freshmen at the University of Colorado are required to wear their freshmen caps from the opening of the fall quarter to the beginning of the spring quarter. The caps, which are bright green with a gold button on top, must be worn at all times on the campus, and failure to do so means a dip in the pond for the disobedient frosh.

Captains of Four Sports For Women Elected For First Time In History

For the first time in the history of women's athletics in this college four captains have been chosen for basketball. Formerly it has been difficult to get enough players to have even an upper and a lower class team. But this season forty-six women have signed up for the sport and almost as many have come out to practice.

The captains which were elected are: Marlyn Jameson, captain of the Freshmen; Marion Huan, Sophomore; Bernice Haberlitz, Junior; and Eleanor Warren, Senior. Elma Altringer was elected manager of this sport last semester. Both she and the other captains are working to put the teams on a high plane of efficiency.

Practice is held four times a week. Each player comes out to practice twice a week in addition to keeping training rules.

Because the gym is small two court basketball has been substituted for the regular basketball usually played by women.

To accommodate spectators at football games during the rainy weather, a new \$10,000 cover has recently been put on the stadium at the University of Illinois.

Three hundred Spanish books by old and modern authors and playwrights have been received by the library at the University of Oregon.

FROSH CELEBRATE CLASS DAY WITH CAMPUS DECORATIONS AND PROGRAM

What is judged to be the best class day yet seen on the campus, the Frosh last Tuesday blossomed out into a blue and gold color display which announced the organized and active presence of the peagreens.

An unusually good program and a large Frosh ship floating in the quad pond featured the day. Although lacking in the usual amount of court decorating, the traditional class day program over-balanced this.

Outstanding in the "Frosh Vode-Vile," the program, was the re-performance of "The Filming of Uncle Tom's Cabin," which was given by the Frosh men before the Men's Club last week. The Frosh Greenhorn Orchestra furnished music for the performance. The jazz band was made up of Vic Janssens at the piano, Joe Martinque and Roland Lakin at the saxophones, and Weiser teasing the music with his famed tympani.

Aesthetic dancing as the Frosh see it was gracefully interpreted by two of the masculine constituents of the peagreens, Lawrence Pollard and Virgil Gillum. Their number, "Bub-

ble Dance from Lux," was a burlesque of the Hoola Dance.

A monologue by Roger Clapp, "This and That" and encoored with a take-off on "The Charge of the Last Brigade," together with a solo by Annie Cash, "A Little Spanish Town," rounded off the program. "The Long and Short of It" was a short and pointed humorous act in which Oliver, Conklin, and Barnard provided the fun.

A large blue and gold galleon with a sail on which was written "Frosh, '30" floated in the pond. Constructed under the guidance of Roger Clapp, the ship was acclaimed one of the best decorating stunts seen on the campus. Scattered around the court were '30 signs in the class colors. The members of the class wore class tams.

Jeanette Birnie headed the Frosh Day committee. She was assisted by Margaret Gammill, Helen Campbell, Robt Smith, Donald Conklin, Roger Clapp, and Powell Smith.

The Sophomores will celebrate in a like manner next month.

Sweaters Not Awarded Due To Delay by Company

Football sweaters were not awarded at yesterday's student body meeting due to unexpected delay on the part of the B. H. Dyas Company of Los Angeles. Word reached President Batchelder yesterday in time to announce the postponement of awarding until after the Christmas holidays.

No hazing takes place on the Syracuse University campus. The freshmen, however, must commit to memory the rules in the handbook provided for their use, and upon demand of upperclassmen, recite whatever is required. Also, any freshman appearing on the Syracuse campus without this green lid will be brought before the Senior council where his punishment will be meted out to him. And yet, no hazing takes place on the University campus.

Eleven freshmen at the University of Missouri were tried and sentenced recently by the student Senate to a public paddling for failure to obey freshmen rules.

Three language houses have been installed at the University of Wisconsin. About fifty girls are living in the houses and more than a hundred are taking their meals there. Foreign languages only are spoken during the meals. German, French and Spanish houses are in existence.

We extend to our customers and friends our best wishes for a very Merry Christmas and a Happy Prosperous New Year

Cliques ?

Question: Do you think that cliques exist on the campus? If so, what would you suggest for a remedy?

Ted Marshall: "Cliquishness is a thing that should not be on the campus. It detracts from the big scheme of fellowship, which the college should develop."

Floyd Kenney: "There are cliques in Santa Barbara State, but they are not very strong. It is an impossibility to break them up."

Phyllis Randall: "One reason there is no pep or college spirit or cooperation in this college is because of cliques."

Harold Furman: "Cliques do exist to a small extent, but not as much as in former years. This is one thing which breaks down the cooperation of the students and college spirit."

Bernice Haberlitz: "Cliques are found to a great extent in high schools. Why put the colleges on a high school basis? If there are cliques in this college, it is up to the students themselves to break them up, because they break down the spirit of cooperation."

Clayton Sheesley: "Every school has its cliques. We have some here, and I think it no crime. It would be great if we could make one big clique that would interest the whole student body. Let's try it."

Miss Ebbets: "This is a question for the students themselves, and not the faculty, to decide."

Miss Frye: "I have not observed any tendency towards factions or cliques. This may be because only Juniors and Seniors come under my observation."

In South Dakota the tax on cigarettes is used only for erecting buildings at the universities and colleges of the state. Several have been built solely by this tax.

Freshmen at the University of Colorado present their outstanding man with a brown derby each year.

Women who live out of town must have special permission to drive home after a dance at the University of Kansas.

Notre Dame gridders make more noise on the football field than five ordinary squads at any other school.

Thanksgiving Day has been named "Walter Camp Day" at the University of Washington.

Tunnels are to be constructed at Yale to relieve traffic congestion on the campus. At the present time noise and confusion seriously hamper study.

Women students at Idaho recently passed a rule against library dates.

Freshman women at the University of Montana wear green caps similar to those worn by the men.

As a mark of distinction at Brigham Young University the seniors will wear blue cords, ranger hats, and blue blazers trimmed with white, and a blue cane.

University of Nebraska campus recently held a "Go to Church Day." Invitations urging a large attendance were sent to over six thousand students.

STUDENT OPINION

This column is conducted by The Eagle for the benefit of the students. All letters are requested to be as brief as possible. They must be signed, although the name will be suppressed if desired. Place communications in The Eagle box. The Eagle will assume no responsibility for views published.

Editor The Eagle:

Here's a question that has attracted my attention, and the worst of it is that it is true. What has become of the hello spirit that had such a fine start at the beginning of the year? Has it fallen by the wayside, or have we just forgotten about it?

Something has happened in the last three weeks. I have heard from several different sources, but mainly from the majority of women who are unable to take part in all campus activities, for various reasons, that they are not welcome here.

It seems that they get a cold shoulder from some of those who are in activities. This hurts, as anyone would know it would.

Now who is to blame? Surely not President Batchelder, for he has done his best and is doing his best now. The Pep Committee is trying its best to create a kindred spirit but still it fails to have much effect. There must be a remedy somewhere.

We are all to blame, for we each belong to a certain clique and do not mix with the students as a whole. There is the remedy. Everybody has his or her friends and it is natural to go with them, but we can at least get out of the rut that we have fallen into and show a friendly spirit towards everybody on the campus, making it a college to which all are welcome and made to think that they are. The only way to do this is by everybody making it a point to do his share in the ideal of group life on the campus.

Let's get back of Batch and make the hello spirit a "go" on the campus, and off of it, too. Speak to a fellow-

student even if you do not know him or her wherever you meet them. They will appreciate it and you will be surprised at the satisfaction it will give you.

Say Editor:

There is a rumor roaming around this campus of starting a house for fellows, each fellow paying his share and living as a group together. This is a good thing and would help the college by forming group life and that is what this college needs. A bunch of fellows living together would create spirit and be a benefit of the campus as a whole.

Now there is another rumor traveling around to the effect that one of the fraternities is planning a house and will not back the plan of a house for everybody, frat men and non-frat men as the first rumor states, but they want only their frat members in it.

If this is so it is not only harmful to the college but will hinder any progress toward a bigger and better institution, for the college lacks group life.

fit all because it will form a group for everybody and not one bunch, which is needed in order to attract other students here. The second would only benefit a few while the first would benefit all, not only the fellows in the house but the campus included. The reason for this is that it would develop spirit in athletics, give the fellows a place to meet, a place to come to when they first reach here. Therefore I think the first rumor is the one to back, and if everyone boosts for it and helps put it across, the college will benefit by it 100%.

Yours for the first rumor,
 '29.

McGill University freshmen must carry song books to class and must not speak to upperclassmen unless spoken to.

The Basement Bolsheviks

Noon-Day Discussion in the Men's Club Room as "Doc" Durlin Sees It.

"Yeah," said the Super-Red, parking himself on the chair over the heater. "The Eagle wants to know if there are cliques in this institution of learning. I'll tell a man there are. I went to the last no-date dance, without a date, and I got left. Every girl I asked for a dance had program already made out. I had to invade Wallflower corner and I had an awful struggle. And get a date home. Are you kidding me?"

"But there's truth in your howls," mused the other. "There are certain bunches up here that have got a monopoly on all the good dates. This hello spirit and all that comradeship racket have sure gone on the rocks. I should worry. I think I'll be a monk."

"It's only natural," argued the Logician. "One group is bound to stick together and save dates and dances for each other. And there are plenty of nice women up here, only the men are afraid to ask them for dates."

"Have on, balliance," growled the radical. "We all know you've got a steady."

Say, what they ought to do is put all the men's names in one box and the women's in another and match them up. Then we'd get some real mixing."

"Look, you'd be taking a chance on getting," pointed out the Super-Red, pessimistically. "I know, darned well I'd get stung every time."

"Yes, and anybody that drew you would be more than stung. Pity the poor women."

The Student looked up from his notebook. "Will you guys kindly get to sleep, blazes out of here before I get hung for murder. Of all the gossip!"

The door slammed as a Medieval History text smashed against it.

Big feet are an asset to football players, says Coach Zupke of Illinois. Any football team whose shoes average less than 8 1-2 in size is likely to prove a failure.

DISPLAY THEM!

A new design of windshield sticker has been authorized by the council and was placed on sale this week. The old design is declared obsolete.

As a whole, the new stickers are proving adequate for the many purposes for which they are intended. They stick well to windshields, if properly applied. They hold firmly to suitcases and trunks.

There are still many of the old stickers to be seen on cars. Before leaving for home, see that your windshield carries a new design sticker. The old ones are out of date.

HELLO!

The editor this week received a communication, which is published this week under "Student Opinion," to the effect that the Santa Barbara State "hello spirit" evidently has been misplaced. It seems to be lacking.

The Eagle agrees. It is a scarcity, comparatively. Even though in a sense traditional, it is easy to drop, with the deadly reputation of an unwelcome campus.

To understand what the spirit actually is, consider how many of your present friends you made by a timid yet friendly "hello" at the beginning of the year. You will be surprised.

The Eagle took a brief survey of opinions of "cliques" last week and is printing the results in this issue. In them there is material for thought.

The Blankest Blank Verse

By the Staff Poet

Now Mother can't have
 Her little wrist watch
 And Father can't have his fine car
 And Sister is minus
 Her bracelet
 And Brother his big fat cigar.
 Poor sweetheart is crying
 And I am not buying
 The whole family is so broke
 I am only three years old, so well!

I

Don't you love the Tuesdays
 And don't you love the Thursdays
 And don't you love all assemblies
 Out there in yonder gym?
 Oh! those soft-soft-softer sofas
 And the velvet plush and mohair
 That we rest our weary tired backs
 upon.

II

While we listen to discussions
 Seated on these soft, soft cushions
 And our feet reposing on those sil-
 very shiny rugs.
 Oh what a joy it is—yes—and
 What a pleasure one might guess—
 And oh! Don't you love assemblies
 though?
 Out in yonder gym?

Silhouettes and X-Ray photos are being taken of all Harvard freshmen in search for physical defects.

Cambridge University and the University of Sidney, Australia, have requested debates with Ohio State for the next quarter.

PIGGLY WIGGLY

The Test of Time

Time is the element that slowly but surely proves the merit of any retail institution. Time tells—it eliminates the inefficient. The fact that Piggly Wiggly has successfully maintained its increasing legion of customers as well as steadily multiplying its number of stores is the best evidence available substantiating—THE TEST OF TIME.

well as steadily multiplying its number of stores is the best evidence available substantiating—THE TEST OF TIME.
