## New Music Director Replaces Barnett During Illness

An announcement from the music department today confirmed the report that Mrs. Helen M. Barnett, who has been ill for the last six weeks will be unable to return for at least another month. Her classes, however, are being continued with Mrs. Anita Priest and a new member of the faculty, Mr. Munro Langlo, conducting them.

Mr. Langlo, a former resident of Santa Barbara, was brought to the local campus from Hollywood where he was an instructor of voice. A record of his accomplishments shows him to be outstanding in the field of music, particularly as an instructor of voice. Mr. Langlo is a graduate of St. Olaf college, Minnesota, in the class of '29. For three years he held the coveted position of soloist with St. Olaf choir and in that capacity toured the United States with the group.

The new instructor in the music department has studied under some of the most outstanding authorities in his field. He began conducting under Melius Christiansen and Frank L. Waller. His study in voice and opera was supervised by such masters as S. Adolph Engstrom, Willard Schindler, Theodore Schroeder, Felix Hughes, Leonidas Coroni and others. For three years Mr. Langlo was director of the music department of Flint, Michigan, junior college, after which he came to Hollywood. Mr. Langlo will teach classes in voice and acapella choir at State.

## Stewart Releases Statistics on Profs

Report Tells of Birthplaces, Colleges of State Instructors

Just who our faculty members are is a question that seldom bothers most students. In fact the general impression that students know too little has been hinted from time to time. However, it was left to Mrs. Irene Stewart to delve into the real facts from which students may better understand what is represented in the host of faculty members assembled at Santa Barbara State. In a report drawn up recently Mrs. Stewart has given out the information concerning the sex, birthplace, and training of our instructors.

Of all of our instructors only 12 were born in California. However, there are more California trained teachers (or at least more records of attendance in California schools) than of any other state. Teachers born in California are Mrs. Bennett, who was born in Santa Barbara; Miss Haverland, Goleta; Dr. Outland, Santa Paula; Miss Ramelli, Santa Maria; Dean Bennick, Whittier; Miss Leonard, San Bernardino; Mr. Harder, Williams; Miss Pond, Hollister; Mrs. Berger, San Francisco; Dr. Maxwell, Woodland; Mr. Wells, Sonoma; Mrs. Hodgins, Tulare.

Illinois and New York claim fame as native states of five each. Illinois produced Mrs. Doolittle, Miss Krueger, Mrs. Lyons, Mr. Taylor, and Mr. Wilton; New York, Dr. Bishop, Mr. Griffin, Dr. Halterman, Dr. Jacobs, and Dr. Mather (New Yorkers suffer Ph. D. tendency?). Four of our persons hail from Nebraska; Miss Clack, Mrs. Davis, Mr.

Pierce, and Mr. Walker; Minnesota, Iowa, and Ohio claim three each: Minnesota, Miss Frye, Miss Van Fossen, and Mrs. Wharton; Iowa, Mr. Peters, Dr. Sweet, and Mrs. Price; Ohio, Mrs. Abraham, Mr. Hile and Dr. Pearce.

There are two each from: Indiana, Mr. Davis, and Captain Jones; Kentucky, President Phelps and Miss Sehon; Massachusetts, Miss Ball and Mr. Cheever; Michigan, Mr. Barron and Mr. Soules; Missouri, Dr. Nettles and Mrs. Edwards; Oregon, Dr. Kinsel and Mr. Lawhorne; and Wisconsin, Miss Bradley and Mrs. Bradley. Other native states are: Colorado, Mrs. Sands; Kansas, Miss Severy; Maine, Mrs. Fish; Nevada, Jack Porter; Pennsylvania, Dr. Girvetz; Texas, Mrs. Priest; Virginia, Dr. Ellison; and Washington, Miss McPeak.

There are six "foreigners" among the faculty. Mrs. Barnett was born in Toronto, Canada; Dean Ashworth in Accrington, England; Dr. Noble in Pyong Kang, Korea; Mr. Rust, Calcutta, India; and Mr. Ericson in Stockholm and Mr. Werner in Osterlund, Sweden.

In the matter of education there are at State representatives of the training of 64 colleges and universities and of nine special technical schools. Of the 64 institutions 18 are in California. The California schools and the number of representatives from each are Santa Barbara State, 23; U. of California, 22; Stanford U., 14; U.S.C., 13; Claremont colleges, 9; U.C.L.A., 7; Pomona, 4; Whittier 2; Fresno State 2; San Diego State, 1; San Jose State,

## Amendment Explanation

This issue of El Gaucho carries a reprint of the constitutional amendments proposed by the constitutional amendment committee and unanimously passed by the council. Realizing that these amendments are the first thorough revision of the student body constitution to be made in two years, we will attempt to explain the more important proposed changes and the causes for them.

First, the changes in the method of election of council representatives from the sophomore, junior and senior classes, represents an attempt to improve the caliber of the council by placing more emphasis on the importance of the office, requiring qualifications of the person elected through constitutional examination, and having the actual election accomplished by means of the secret ballot. The whole process is improved and the possibilities of political "railroading" are lessened.

Second, the change of internal structure of the council, giving the heads of standing committees and the editor of El Gaucho, is intended to create more interest on the part of those members to attend council more regularly. This change is also believed to be justified in that the new voters will be able to know and report on their problems to the advantage of the council, and will constitute an intelligent voting group.

Third, and probably the most important change of the entire group, is the setting up of an athletic board of control, composed of faculty members, two alumni, two student body representatives, the heads of the athletic department, and the graduate manager. This move is aimed to bring Santa Barbara State up with the times, as such a board is being used in almost every other college and university in the state. It provides a very dependable and constant committee which will guide athletics in the college, preventing the haphazard and rather "slipshod" methods which have characterized previous handlings of sport affairs. In as much as the board will govern all athletics, and will allocate funds derived from all sports, it will be relatively independent of student jurisdiction. It must be remembered that athletics have never been a paying proposition to the student body in any sense, as in the best year on record, last year, the expenditures for other sports aside from football, were far more than the profits of the gridiron sport. Under the new system, the student body will no longer be called on to make appropriations for any sport, major or minor.

Fourth, and merely a matter of formality, is the changing of the name "controller" of the student body to "graduate manager" and makes no change in the powers or authorities vested in that office. The change in the name of the head of the Men's Club to president of the associated men students is a similar change made only for the sake of consistency.

Fifth, the reorganization of the rally committee, which has been suggested and planned by this year's committee is aimed to make that division of student government more effectual in its work, by decreasing the size of the committee to a workable number. From this committee also came the suggestion that the position of song leader has outlived its usefulness, thus the amendment abolished the office from the constitution, due to its lack of importance.

Sixth, and finally, the new athletic award system aims at a more uniform system which is to the benefit of the award winners, giving them more freedom of selection. The changes have had the backing of the Block "S" society, headed by Fred Monson, who participated in the amendment committee work on the change.

Regardless of the opinion held on these changes, it certainly is the duty of each student interested in effective student body government to appear at Tuesday's assembly, for the purpose of becoming enlightened as to the proposed changes, if he is not so already.

(As in someone's getting "rid")

A party of some sort in the house near the end of Victoria street where six "cute fellows" live was declared a success last Saturday night by JEAN DURAN. She stated upon leaving the party, "I'm very glad to have met several of you boys." Further information was not forthcoming. . . . Revue director FULLERTON must have a house-mother's walk. He calls at 1750 Prospect, rooms one and three and JACK RIVERS and EUGENE BURDICK have bumps on their heads from diving under beds. . . . The Phantom of the Revue didn't disclose his identity, but the other night he was sitting on a Quad bench in the rain with a girl who asked him who the Phantom really was. . . . Very informal but enjoyable Gaucho club scene: JANE HANNA, LORRAINE SQUIRES and BUD BURDICK (again!) having fun when they found a piece of adhesive tape to play with. Last item was mild but he glad it's no worse—just a warmer-upper—DR. HELEN ELIZABETH SWEET issues "Fs" for spontaneous wit. BILL SEARS was sick of cutting up his cat in physiology lab, and Miss Sweet asked, "Haven't you ever worked on a chicken in the kitchen?" Reply, "No, never in a kitchen." . . . Bum ankle and crutches make things tough in lots of ways but GORDON WOOLEY balances the books by visiting MARY THOMSON. . . . Can't think who else to dedicate to,

so we'll just throw in part of the words to the latest song. "I'm beginning to feel like a bedspread—I've been turned down so often." . . . DONALD DUCK KUPFER deserves happy congratulations on his birthday yesterday. . . . the office staff entertained in his honor in Dean Ashworth's office. . . . quote MISS RAMELLI talking to JEAN SMITH: "If you go out with BUZZ BOLAS you're practically made." . . . Tsk, tsk. DEAN BENNINK looking like the administrator of a bread line. . . . giving cookies to starving HARRY SLOAN and IAN CROW after the party. . . . Spring in the air with ROSALIND KELLY and DOUG DUCKHAM. . . . congratulations to DAVE RUMBAUGH who defied the rain, floods, and duckboats to get hitched in L.A. recently. . . . ## Biography of a Bandana Shows Diversified Existence

### 'Hip Pocket Napkins' Play Major Role in Life of Prince, Pauper

By FRED SMOOT

Once upon a time there was an honest bandana. Large, red and useful, it hung respectfully and conveniently from the rear pocket of the laborer who toiled eight hours a day, slept eight hours a night, ate and gambled the other eight, got drunk Saturday nights, and went to church on Sunday. Useful, too, was this bandana to the farmer, who went to bed with the chickens, got up with the sun, worked hard all day and never in his life raised hell except when the dogs didn't do the chores or the pigs got in the vegetable patch. Measured in volume, the honest sweat that that bandana wiped away would irrigate the Dust Bowl or flood Ohio again. But time marches on and looks not where it leaps, and our bandana has risen in the world. It now has far, far different uses from its original purpose, thanks to the ingenious sex. In the summer, the bandana adorns that pulchritudinous portion of fe-

male torso from the waist to the armpits, with reasonable space here and there attributable to area limitations of the bandana itself. And with this advance in position goes a change in name. And so our bandana goes French and is dubbed bandeau. Otempora, o mores. . . . But the season changes and early spring is on us, when rain, wind, fog and sundry seasonal savageries of sunny Southern California unite to lash the waves or toss the curl of milady's coiffure; then does our bandana scale the heights to become the prized protector of Her Highnesses' hair-dress. But did I say old bandana? I err, dear reader, for a change is evident in design as well as purpose. On the old familiar white-dotted, red background, flowers have bloomed, dogs have whelped, horses have foaled, and somebody has splashed paint. But the cold banana it still recognizes, even under its new dress. . . . Yes, the bandana has come far, and ere comes Christmas Day next, I'll give you two to one that somebody will actually discover that our good old bandana is still a perfect promoter for proboscis pipings.

## Pandemonium No Word for Local Riot, Tuesday

### 'Not Exactly Apathetic,' Says Kupfer As Mobs Storm Ad Building

It's an outrage, they can't do that to us," squeaked about twenty-five students. Getting up from where they had been sitting, they stalked from the room, their hard leather heels scraping the nearly wornout, wooden floor. Outside of the room a small huddle formed. The group became tense and talked in low tones. "Why the dirty—" "I'll never—" The talking became more tense, the language worse and finally as one, the group started toward a building that loomed in the distance. . . . It was clear to see that trouble was brewing. At the corner the first group was met by another group. It ceased to be a group and became a gang, spurred on by the leaders. On and on they went, gaining new supporters. The hushed, low talking that had started the gang on its way was now a scream. On and on they went getting nearer to their goal. Louder and louder became their yells. Anyone that would not join the mob was pushed to one side.

The regular meeting of Kappa Delta Pi, national honorary educational fraternity, was held last night in the A.W.S. clubroom with Rea McPeak president, presiding. Miss Elizabeth Sehon, women's physical education teacher, was the guest speaker. A business meeting and initiation of new members was also held.

## In My Opinion . . .

By Jack Salyer

### CHAMBERLAIN AND CREW

The astute Baldwin did two things that kept his regime from stinking. One of them was to sell Hoare down the river and the other was to put Anthony Eden in as the front to the foreign office. Thus, he kept his party afloat after striking the nearly disastrous Hoare-Laval snag. Most Englishmen actually believed that Anthony Eden was secretary of Foreign Affairs, including Anthony himself, whereas Vansittart was the real man that carried out the real work of the foreign office and Baldwin's policies. It was a convenient arrangement and worked admirably. Baldwin could pretend to hate the Fascist powers in Europe and at the same time play ball with them. . . . Then came the unimaginative Chamberlain who frankly favored Mussolini's Ethiopian conquest and is at heart more friendly to Germany than France. He does not believe in the League of Nations either. The idealism of Eden did not go down with him, so he told Eden that he must put his toys away and accept what he amusingly calls "realism," that is, his brand of realism. Eden had to get out or reverse every principle he stood for. Out he went to be substituted by the Tory Lord Halifax. . . . The only possible justification Chamberlain has for this policy is to gain a free hand to deal with Japan, for Japan is now beginning to menace British interests in the Far East. Very well, and any conflict in the Chinese area with Japan must necessarily include Russia. He may hope to so nimbly straddle the issue as to keep Russia in the offing along with France in case of need, but to believe that Stalin will fall for this sort of trickery requires a childish guile beyond belief. Even Chamberlain should know better. . . . How long Chamberlain can cling to his policy will be decided by the British themselves, and our guess is that unless he pulls some miraculous tricks out of the bag he will follow Eden to the bench. —J.C.S.

## THE "Mike"

THOUGH YOU MAY NOT BELIEVE IT . . . the Sig Alphas have had three student body presidents in the 7 years 1931; the Beta Sigs, two; the Tau Omega's one; (which still doesn't include one prexy from the great army of the fraternally unorganized). For vice-presidents of the college, all have been sorority women for the past seven years (except one—and a non-frat man). For the rest of the vital statistics in this miniature census, see the below figures:

Student Body Secretaries—Monopoly by 2 Tau Gams and 2 Alpha Thetes.  
El Gaucho Editors—Six unorganized and one Alpha Thete.  
Finance Chairman—Sig Alpha majority.  
A.W.S. Prexies—2 Delta Zetes and 2 Alpha Thetes.  
Men's Club Prexies—Sig Alpha monopoly.  
Rally chairman—Five unorganized out of 7.  
Welfare Chairman—1 Sig Alpha; 1 T.O.; 1 "un."  
Social Chairmen—2 Tau Gams and 2 Alpha Thetes.  
La Cumbre Editor—2 Delta Zetes and 3 unorganized.

Which all goes to prove that over a 7 year period, major offices were held by only 17 non-organized students, while fraternity and sorority occupied 61. . . . FLEETING MEMORIES OF . . . the Anacapa House, former athletic house on the corner of Anacapa and Valerio streets, will have to remain a memory. The process of

razing has already begun, and the lumber appears sufficient to build four houses and even a spare doghouse. The property will undoubtedly be sold as soon as possible. The old place was once a staid mansion, but according to the consensus of opinion, it "stayed" long enough in its latter capacity. Hardly a house now, it once housed forty men . . . but the era of the "Anacapa corner," front yard baseball practices, worried "Housemother" Wilton, is stricken from history. NOW IS THE TIME . . . for all good men to come to the aid of their party." Not only is this a practice typing test for high school typing classes, but it's about to be the slogan once more on the campus. Election season, that "everyone-hates everyone" element, is about to roll. Among the rumored candidates are Harry Sloan, of Sigma Alpha Kappa; Gamma Sigma Pi, David Jones; Doug Duckham, transfer of U.C. L.A.; Beta Sigma Chi, Jack Kitchen. Although these are but rumors, they bespeak a hot election or at least a greater plurality of candidates. Remember the "two-vote" revote last year? Ann Seymour will handle the election board this time, in her capacity of A.S.B. vice-president, and promises that every candidate will NOT have a "watcher" in on vote-counting. Last year's board contained more ex-officio members and confusion than did the candidatorial scramble itself. Fraternity and sorority squabbles, party "splits", etcetera could be omitted, probably won't, but then it's all in a day.

Indicating that the dance routines and chorus numbers would evolve into the finest and most finished ever used in a Roadrunner Revue show, Dance Director Harry Sloan, stated today that choruses had been chosen and rehearsal schedules completed for his group. Rehearsal for the principles has also begun, according to Director Jimmie Fullerton, who has announced a strenuous routine for four days out of each week. A change in the cast resulted by an ineligibility precipitated Gerry Pilling, who before was under-study for Irene, into the part. . . . The following specialty numbers had been selected, to date: Morelli and Hart, comedy; Cecile Katz, monodrama; Three Anti-Ritz brothers; H-a-r-r-y and Velma Stewart; Pearl Beach, dancer; Jean McArthur, singer; Tom Kelly, singer; The Phantom, singer; Cobb and Wyrick, piano team; Rangers, hill-billy band. . . . There are still openings for two specialty numbers which must be filled within two weeks. Arrangements for tryouts should be made with Fullerton as early as possible.

# University of California May Play Here Wednesday

## U.C. Bears Plan Game Here With Gauchos

### Harder Gets Final Word from University Officials Next Week; Offers Chance of Season to State Baseball Players

By FRANK DOUGLAS

● BULLETIN. Positive affirmation of the game scheduled with the University of California baseball team by the Gauchito varsity will not be received by Coach Spud Harder until either Monday or Tuesday. The game, scheduled for Pershing Park Wednesday, is entirely dependent on weather conditions in Los Angeles. In case any of the games scheduled with U.S.C. or U.C.L.A. are called off because of rain the Bears will be unable to play the game in Santa Barbara. Notice of the California decision will be posted on the bulletin boards as soon as it is received.

First real test of the Santa Barbara State college baseball team will take place Wednesday, March 16, when the California Bears from Berkeley invade Santa Barbara for a nine-inning game in Pershing Park. Returning from a campaign in Southern California the University squad will meet the Gauchos in a non-conference game.

Already seriously bothered by the weather which has made trouble for baseball play in all parts the northern college is hoping for clear weather on their southern trip. With weather suitable for play the game will see the teams clash at 2:30 Wednesday afternoon.

According to Coach Spud Harder this game should offer the local players their chance to break into the limelight by giving the Bears a battle that will send them home talking about the type of ball that is played in Santa Barbara. Led by Coach Clint Evans, California will bring a team to Santa Barbara that has won the Pacific Coast title twice in a row and is rapidly on the way to another sensational season.

First real victory for the Bears this year was their C.I.B.A. victory over St. Mary's by a score of 8-4. In this game the Bears were trailing 4-2 at the beginning of the fifth when the Bears came to bat. Two runs on as many hits evened the score at the end of the fifth and then the California men scored four times in the sixth inning and put the game on ice.

Bear hitting stars of the Gael game were Hooks Devours and Co-captain Sam Chapman. Devours, center-fielder, got to base three times in five times at bat. Chapman, right fielder and perhaps the best player in all college baseball, was held to a mere two-for-four score.

Regular sparkplugs of the California team appear to be without number. There is a group of 60 players on the California roster. Of these at least twenty could be used to form teams that would show little difference in calibre of play. Also while there are stars on the team they are located in spots such that the big shots could remain entirely untouched and the fundamental personnel might be changed greatly. At such positions as the infield there is no man that could handle any position so well that he would have undisputed position of his spot.

In the hitting department the topnotchers are Tony Lombardi and Chapman. Last year Lombardi topped all regular catchers of the league with an average of .303 while Chapman batted .333 from his position at short stop.

This year the Bears will have one more incentive for every man to keep on his feet. This is the barn-

storming tour of the East in which the Bears will battle all the leaders of the nation. Because expenses are not too liberal the number of travelers is also limited. In order for a man to rate the trip he must prove himself to be worth the trainfare and meals. This is likely to lead to every game during March becoming an opportunity not to be bungled. With the competition that the Gauchos can promise them they should be in full swing when they play here.

The season has not yet been productive of the play that will be forthcoming in the next few days of competition with southern schools. Games have been rained out frequently in the north.

## Gauchos Play Two Games

### Harder Takes Men North; Today, Saturday

● Coach Spud Harder will take his Gauchito baseball team north today to meet Santa Maria junior college and then to battle with Cal Poly at San Luis Obispo Saturday. This will be the first out of town game on the Gauchos' calendar.

In 1936 the Gauchos beat Santa Maria by a score of 8-4. Then in 1937 State suffered weather difficulties that ruined all chances for the Santa Maria game. However, the frosh took it upon their assignment to play the Santa Marians. The jayssee team was too good for the frosh. The frosh from last year's team will get a chance to clean their record if they take the Santa Marians in stride.

Play Cal Poly  
On Saturday the varsity will battle with Cal Poly. Coach Howie O' Daniels had an idea that he could beat the Gauchito basketball team without much trouble when he lost that game he began to look for a chance to return the favor to State. Tomorrow his baseball team will be out to even the score.

Bob Murray, star outfielder, will be unable to travel north as his neck injury has probably put him out for the season. His spot will be filled in with either Young, Brothers, or Duckham. Others helping out in the field will be Erhard, Fugimoto, Fugii, who has come out for baseball as the basketball season has finished.

Handling the pitching duties will be Erhard and Gardenhire.

### Varsity Drops Frosh in Second Game As Climax to Casaba Carnival

● Presenting the most colorful combat in all annals of State college sports the Powerhouse Pros and the Simple Seniors staged a battle last Friday night that ended in a score of 32-21. That was the score that Doctor Charles Jacobs reported at the end of the game to Co-ref. Clarence L. Phelps when the affair was over.

Honors of the evening were divided about equally between the Masked Marvel (otherwise known as Willum Ashworth) and everybody else on the floor. Coach Willie Wilton, Hoo Hile, Pot Porter, Pop Wells, Gold Nugget Harder, Getter Givretz (now known as the flunk specialist), Petty Pettus, Killer Kupper, and Father Follett also added to the confusion.

For the Seniors Yeager, Joham, Morelli, Lindquist, Pollock, Erhard, Oldershaw gave the scene an added element of rowdiness. Highlight of the game saw Wilton perched on top of the basket kicking the ball out of the basket. Janie Abraham's yell-leading in the second half scum also added to the slaughter.

In a grudge game following the carnival the varsity defeated the frosh and evened the loss of last year. Hart and Young finished their careers as State basketballers in grand style while Palmer, Howsman, and Crow also turned in good work.

## MERCHANTS TO OPPOSE FROSH SATURDAY

● Grabbing the limelight for the baseball activities in Santa Barbara tomorrow Coach Jimmy Van Meter and his Gauchito horsehiders will battle with the Goleta Merchants Saturday afternoon in Pershing park. With the varsity in Santa Maria and San Luis Obispo the frosh have the duty of providing college fans with their entertainment for this weekend.

Yearling batsmen may get their stiffest test as Whitehead of Goleta is rated one of the strongest pitchers around Santa Barbara. Whitehead has proven his worth by stopping Tracy's All-Stars with three hits. The Gauchito batsmen will be swinging hard in their attempt to win and if they can once get started they are likely to explode any pitcher.

Bud Howerton will start on the mound for the Merchants with McClain at the plate. Howerton may alternate with Whitehead but he will start the game. For the State squad Wrightson will pitch to Wilson.

## Second Guess . . .

By BOB BURT

● Spud Harder and his baseball team have certainly encountered bad breaks this spring. Tom Smith and Al Young, lettermen last year, didn't report due to outside work. The next blow to the team occurred when Bobby Murray received a neck injury in a game with Ventura that will force him to the sidelines for a few weeks. The following day Merlo, first string catcher, split his finger in a game with the frosh. The final touch was "Whizzer" White slugging outfielder, quitting the squad due to outside work. Probably the biggest loss to the team was Clair Busby who was declared ineligible last semester because of grade deficiencies.

The loss of all these valuable men leaves "Spud" only three outfielders. However, if the team can get the right kind of support from the moundsmen, they should be able to win more than their share of ball games.

## CAMPUS CHATTER

Where was "Spud" Harder last Wednesday? His nuggets, (56 of them) were demanding money for their lab fees and Theodore was nowhere to be found . . . The addition of Bill McArthur, sensation of last year's frosh track team, has bolstered our cinder hopes for the coming season. . . "Donk" Hart, pride of the "Maxwell" house, and his stooge, Jack Richards, have composed a song. The title is "Wishing" and how those boys are wishing . . . The current name for the auto court out on the highway, where the athletes stay, is "Nugget Gulch" . . .

## THIS AND THAT

Purdue captured the Big Ten basketball title with 10 victories and only two defeats . . . Henry Armstrong has won 35 out of 38 fights by knockouts . . . U.S.C., U.C.L.A., and Loyola have started spring football practice. The Trojans are very optimistic but they will probably . . . Lady Florise, the darkest of put out just an average team and keep doing so with Jones as coach dark horses, came in first the other day at Santa Anita and paid \$88.80 to win. The total take for the Handicap last Saturday was \$1,600,000 and they call this a depression.

## Gauchito Cage Men Complete Season with Close Victory

### Frosh Tennis Shows Power

#### Harry Rule Heads Squad of Gauchito Players As Season Opens

● With a leup in the rains, tennis practice is getting under way at the present time, with workouts scheduled for every Tuesday and Thursday afternoon. Harry Rule, Lompoc city champion, is acting as tennis manager in addition to playing on the frosh squad.

Prospects are bright for a strong frosh team, as an experienced squad of seven players is headed by Santa Barbara's foremost player and one of the southland's brightest prospects, Leslie Allen. Competing in both singles and doubles, Allen was number one player for Santa Barbara high school for three years. In his senior year he advanced to the finals of the famous Ojai tournament, only to be eliminated by the present third ranking player in the country, Bobby Riggs.

Kourey Aids  
Mike Kourey, Allen's doubles partner, is also on the frosh team this year. The pair form one of the outstanding combinations in the city, having played together since junior high. In addition to manager Harry Rule, there are also Jack Peres, Tommy Kakimoto, Bob Jackson, and Ed Dorrance to complete a frosh squad of experienced players.

The varsity team has not as yet become fully organized, but at the present time Paul Pearson, with local high school experience, and Harry Nethery, a player on the Pomona frosh team, are working out with the freshmen. It is hoped that more varsity material will turn up soon to complete the varsity.

### Frosh Defeat High School As Wharton Scores Win for Hilltoppers

● The freshman basketball team climaxed their season Wednesday by coming through in the last five seconds to defeat the local high school, 48-46. Tommy Wharton played the role of Frank Merriwell by scoring 17 points in the second half.

The victory enabled the first-year men to cop the three game series two games to one. Wharton was the difference of defeat and victory for the frosh because of his all-around brilliant play. He scored 21 points from his guard position which is really sensational.

Bill Sears, consistent scorer, managed to loop in 10 points and Lyman whipped in eight digits. At one time in the game the Dons held a 21 to 4 lead and the two teams left the court at halftime with the preppers leading 28-13.

## Gauchito Basketball Men Honor Young

● Al Young, regular guard on the varsity basketball team, was picked as the most valuable player on the team this year to officially close the 1938 season. Young was chosen for his steady defensive work this year. The big six-foot guard held some of the best scorers of the conference this year in check during the season.

Bill Howsman was picked as honorary captain for the past season by the team. First string center, Howsman, was second in total points scored for the year. In addition, the Gauchos picked an all-opponent team for last year. It included Nelson of Whittier and Warmerdam of Fresno at forwards; Krisle of Loyola at center; and Brown of Occidental and McDonald of Loyola at guards.

Young's name will be placed on the blanket in the student body office which contains the names of players most valuable in each sport during the year.

# Frosh-Sophs Hop Tomorrow

## Wharton, Jones Arrange Novel Jig for School

Tom Wharton

### A. and M. Packing House Is Scene of Lower Division Classes Informal Dance, Open to All Students

● Fearing that a dance at Tucker's Grove tomorrow night might be rained out, the scene of the Frosh-Soph Hop has been shifted to the A. & N. packing house barn, on the highway north of Santa Barbara. The committee in charge has decided that a change in date would be unwise because of a crowded school calendar in the near future.

The new location has the typical old fashioned barn atmosphere, being decorated with harnesses and saddles on the walls and bales of hay around the sides. The place is easily found, being located right off the No. 101 highway by the overhead bridge to the north of the town.

All students attending should wear old clothes. A nickelodian will furnish a variety of music and punch will be served.

The price of admission is ten cents for all freshman and sophomores who have paid class dues, and twenty-five cents to guests and classmen not holding membership cards. Students selling tickets are: Bernice Shedd, Betty Palmaymesa, Theda Call, Grace Williams, Norman Bechho, Marlin Nelson, Alfred Merrill, Howard Joham, David Jones, and Tom Wharton.

Leadership in organizing the dance has been assumed by David Jones and Tom Wharton, sophomore and freshman class presidents. Reception is being taken care of by Theda Call; refreshments, by Hugh Shiels; music, by Howard Joham.

Not Hay-Hoedown  
Some students are under the conception that this dance is the annual Freshman-Sophomore hay hoedown. It is, however, a different affair altogether—the Hay Hoedown being scheduled for May 6.

The hop starts at nine o'clock and will last to twelve. Please remember that the date remains unchanged.

## Gladys Swarthout, John Boles Name Competition Opens

### Make List of Tunes from Two Movie Stars Names and Enter 'El Gaucho's Ticket Contest for Theater Ducats to Fox Arlington Musical Comedy

● There's a song in their hearts—a melody on their lips—and music in their names! Gladys Swarthout and John Boles can't help singing! They're made that way, and if you can't recognize songbirds when you see them, you're right in line for a pair of theater tickets.

Here's the idea: Study the names of these two outstanding musical stars, GLADYS SWARTHOUT and JOHN BOLES. See how many popular song titles you can make out of the letters in those names (just to give you a start, you'll find "Stardust" and "Bolero") and list all the titles you find, on a sheet of paper with your name and address.

Send in your list to the "Gladys

Swarthout-John Boles" contest editor, in care of El Gaucho, before noon on Monday, March 14. The two longest lists of correct song titles will each win a pair of tickets to see Gladys Swarthout and John Boles, with John Barrymore, in their new comedy romance with music, "Romance in the Dark" when it opens next Tuesday at the Fox Arlington theater.

The college contest is being run by Kay Riley, ways and means chairman of the Kindergarten-Primary department. The department is selling tickets to the picture showing at the Fox with "Victoria the Great" as the second feature. All members have tickets to sell.

## HAROLD JACOBS GIVES TALK

● Harold Jacobs, managing editor of the Santa Barbara News-Press, made an informal talk to members of the International Relations club, Tuesday, March 8, on the subject 'Propaganda: Its Use in War and Peace.' The meeting was held at the home of Dr. Harry L. Girvetz.

The talk dealt largely with the mechanics of the art of propaganda and its development in modern times. Mr. Jacobs presented views on each of the press associations and their affiliations in Europe.

In answer to questions Jacobs stated that a will for peace by the masses would make it more difficult to persuade the people to participate in a war. Also Jacobs stated that changing centralization of the powers of the press made considerable change in newspaper techniques.

Prior to the meeting it was announced that Ruth Weller, chairman of the foreign films committee, had been able to obtain the picture "Crime and Punishment" in its French version for a general assembly Tuesday, March 15.

## Sorority Fetes Pan-Hell Council

● Delta Sigma Epsilon sorority was hostess to members of the Pan-Hellenic council at a regular dinner meeting of the group, Wednesday evening. Council representatives from the sorority entertained at the sorority house, 1721 Prospect.

After the meeting suggestions for rush rules for next year were made, and plans for pledging, including "Hell Week" activities were completed. Under the chairmanship of Alpha Theta Chi sorority, arrangements for Pan-Hellenic pledging ceremonies are progressing. This is the first year that all of the sororities as one unit have initiated pledges into Pan-Hellenic association. One member of each sorority will act as a member of the committee in charge.

Present at the meeting were: Dean Lois Bennink, sponsor of the group, Velma Jean Jones, Jane Leslie, Betty Palmaymesa, Rosalind Rawicz, Theda Call, Nadine Arundell, Helen Buckman, Jean Clausen, Mary Alice Halferty, Ellen Seymour, Jane Goslin, Frances Hoelscher, and Margaret Wilson.

## Women Invite Men to Hop

### 'Spinster's Skip' Set for Friday, March 18 at Rockwood

● Get under cover, fellows, here comes the Spinster's Skip! That amazing Amazon affair for which everyone has been waiting since last year's successful "hop," is here. The tables are turned on miserable masses of masculinity, and at last fluttering frills of femininity may have their fling.

The Skip will be sponsored by A.W.S., whose board promises it to be the most unique and peppy dance of the year. The affair has been scheduled for March eighteenth, Friday evening, at Rockwood.

The only "foreign element" in sponsoring the dance will be music which will be furnished by Fred Lambourne and his collegians.

However, we hear that there may be a surprise here.

### Women Rule

Women will be hostesses to the men at this event to the "nuth" degree. They will call for the men and "feed" them after the jig.

Sponsors for the event will be Dean and Mrs. William Ashworth, Mr. and Mrs. Frederic Hile, Dr. and Mrs. Harry L. Girvetz, and Mr. and Mrs. Harrington Wells.

### A.W.S. Aids

Members of the A.W.S. board are working on committees with Mary Alice Halferty in charge of decorations, with Judy Ingram and Ellen Seymour assisting. Dorothy Cameron and Pauline Michael will arrange for programs, Betty Palmaymesa, publicity, Miriam Turton, sponsors, Rena Sacconaghi, door prize, and Barbara Bennett, Frances Hoelscher, and Ann Seymour will arrange for punch.

All women wishing guest cards are urged to obtain them in Dean Bennink's office before noon Friday, March 18.
