

WADE RESIGNS, COUNCIL APPOINTS TROY

The somewhat confused state of student government at Santa Barbara College took another twist last week when Fred Wade was declared president and then resigned his position. The Legislative Council, meeting Wednesday night in a special session, accepted Wade's resignation and appointed Ted Troy to fill out the remainder of the term.

The mixup started about five weeks ago when the Eligibility Committee, which passes on students' scholastic standings, declared Wade ineligible to hold office. When the vacancy was declared, a special election was called, and Troy defeated Dave Gorrie for the position of president.

Corrected Grade
But before Troy could be sworn in the Eligibility Committee received information from the registrar that Dr. John Cushing had made an error in computing Wade's mathematical grade in the Biology 1A final examination. The corrected grade, which was unsolicited by Wade, boosted him to a C average, making him eligible to hold office.

Wade, in a letter to the committee, requested that the decision on his ineligibility be reversed. The Eligibility Committee, after discussion, decided that Wade had become eligible to hold office as of March 17.

The problem was then referred

to the Election Committee. The committee recommended that "both Fred Wade and Ted Troy be considered duly elected Associated Student Body President and that Council should decide who should carry out the duties of this office for the rest of the semester." This recommendation was made to the Legislative Council.

Four Hours
The Legislative Council, after four hours of debate last Tuesday night, decided that there had never been a vacancy in the office of president, that Wade was still in office, and that the special election which had named Troy to succeed Wade was null and void.

Council met as a committee of

the whole order to discuss the matter fully and informally without a motion on the floor. Wade and Troy spoke to the members, each giving the reasons why he should be considered president. Both agreed that they would like to see justice done. Wade's request was full reinstatement in office.

Wade maintained that the election was void. He pointed out the difference between void and voidable. He said a voidable act would be one done by fraud on the part of one party. Upon discovery of the fraud, the other party could make the act void. An act that would be considered void would be one in which the parties acted in good faith, but there was mutual

mistake. A void act is not good from the start.

Issue
This issue was whether Fred Wade was ever ineligible. If he was, Troy's election would be considered official. If he was not, Troy's election would be considered invalid.

After four hours Bill Peaker moved that "Fred Wade was never ineligible and is still student body president, and the recent election is null and void." The motion was passed by a 9-7 vote.

Wednesday Wade resigned, giving as his reasons the pressure of outside employment and academic commitments.

Before his resignation he gave

Troy power to act as his proxy until his resignation was accepted. In a special meeting Wednesday night Council unanimously accepted Wade's resignation and immediately appointed Troy to serve the remainder of the term, until June 1 of this year.

Troy was then sworn in and utilized his new duties as president immediately to entertain a motion to adjourn. Since all members of the Legislative Council had by that time become considerably disenchanted with the situation, the request for adjournment was promptly complied with.

SANTA BARBARA, CALIFORNIA, WEDNESDAY, MARCH 25, 1953

No. 19

Assembly, Displays, Banquet Feature Cal Charter Day

Tomorrow, March 26, marks the 85th birthday of the University of California. Throughout this week the several branches and campuses of California have paid tribute to Charter Day with assemblies and speakers.

Charter Day will be officially recognized on the UCSB campus at 11 a.m. tomorrow with an assembly in the Quad, featuring the theme, "Cal-2,000 A.D." The ASB president, Ted Troy, will open the assembly. Musical numbers will be presented by the Treble Ensemble group. The provost will then introduce the speaker, Brutus Hamilton, the Director of Athletics and track coach of the Uni-

Brutus Hamilton

versity of Calif. His speech will be "The Highlights and Sidelights of the 1952 Olympic Games." Hamilton, who was appointed head track and field coach of the American Olympic team, which competed in Helsinki last summer, has been active in all but one of the games since his undergraduate days in 1920.

Eileen Berkman will speak on behalf of the California Club, to be followed by the second and third prizes for the model exhibit. The provost will then present the first prize, and following will be the singing of "Hail to California."

The Charter Anniversary Dinner will be given Saturday evening at the Montecito Country Club. Dr. Norris E. Bradbury, Director of the Los Alamos Scientific Laboratory and a key man in the development of the nation's scientific defenses and nuclear research, will be the principal speaker. He will speak on "The University and Atomic Energy."

This banquet is open to the public and reservations, which must be made in advance, are now being accepted at the office of Dr. Ernest L. Bickerdike, chairman of the committee on public ceremonies, in charge of the event. They may be made by calling the Riviera campus at 7136.

Charter Day activities have been planned by the Rally Committee under the direction of Dave Lamb, Sally Carter and Jean Newham.

62 on Deans' List For Fall Semester

Five students on the Santa Barbara campus made straight "A" averages in the fall semester. Harriet Polt carried the honors for the women students, while John Enrenborg, Robert Lockard, Alvin Main, and Dean Moor represented the men students. Sixty-two students achieved averages of 2.50 or better, the average required to make the list.

Others who made the Deans' Lists include Mary Whitney, 2.96; Frederick Junker, 2.88; Ann Casey, 2.87; Edward Sounheim, 2.86; Rena Frabony, 2.85; Hermione Chevallier, 2.82; Janet Lease, 2.82; Joyce Waddell, 2.82; David D. Ward, 2.81; Jeannette Hedge, 2.80; Nancy Mckee, 2.80; Frank Walker, 2.80; Sheila Livingston, 2.78; William D. Magers, 2.78; Lyman Cook, 2.76; LaVonne Dohm, 2.75; Claire Podger, 2.75; Marjorie Shreve, 2.74; Bill Hoisington, 2.72; and Shirley Hook, 2.72. Also Mary Kukura, 2.69; Mary Lou Rough, 2.69; Shirley Chard, 2.67; Joy Aarset, 2.66; Bernard Olsen, 2.64; Marjorie Whittemore, 2.64; Margot Abbott, 2.62; Scott Ruckman, 2.62; Sharon Kittle, 2.61; Shirley Stockton, 2.61; Geraldine Christy, 2.60; Roland Gatheral, 2.60; Robert Holland, 2.60; Dale Smith, 2.60; and Elton Ward, 2.60. Others include Kenneth Crow, 2.58; Jane McCullough, 2.57; Phebe Stern, 2.57; Albert Conaghan, 2.57; Eleanor Chesley, 2.56; Helen Burnette, 2.56; David Daniels, 2.56; Richard Weber, 2.56; Robert Adamson, 2.55; Sybil Horne, 2.53; Earl Barringer, 2.53; Herbert Harbison, 2.53; Marvyn Melvin, 2.53; Kendall Murphy, 2.53; Donna Brimley, 2.50; Carol Funk, 2.50; June Ledbetter, 2.50; James March, 2.50; Rodney Olsen, 2.50; William Richardson, 2.50; Clarita Thompson, 2.50; David Townley, 2.50.

Costantino Announces Jazz Club Formation

Students who are interested in the development of American Jazz will be able to join a Jazz Club which now in the process of being formed. The club will meet once a week, probably on Monday afternoons, and Joe Costantino, who is forming the club plans to bring out the story of American Jazz and its backgrounds.

The next issue of *El Gaucho* will have further details.

Research Papers To Be Presented

Three research papers have been scheduled for presentation to scientific gathering by Dr. Charles B. Miller, assistant professor of physics, with undergraduate co-authors.

The first reporting will be this afternoon of a paper by Dr. Miller and Archie Ginn entitled "Construction and Unitization of a Continuous Diffusion Cloud Chamber in the Advanced Undergraduate Laboratory."

Next weekend the research collaboration with George D. Hayball, will be given in a paper at the meeting of the Optical Society of America by Dr. Miller in New York City. It is entitled "Fast Single Prism Spectrograph Employing Multiple Passing."

The independent study course work of Nathaniel Sanders will be reported by Dr. Miller at the MIT conference on Physical Electronics in Boston on March 26-28.

Dr. Miller will visit laboratories in the New York area for a week and spend one day at the national laboratory for atomic studies at Oak Ridge, Tenn., to discuss some experiments which are underway at the College here.

Freshmen to be Guests At Deans' Coffee Hour

Freshmen will be honored at the fourth Dean's coffee hour this semester tomorrow at 4:00 in the AWS club room.

Also invited are the student council members and a faculty

Beta Sigma Tau Has Highest Scholarship

Comparative fraternity grades for the fall semester showed that Beta Sigma Tau held the highest average, a 1.8491 overall. The second place position was held by Sigma Alpha Epsilon, which obtained a 1.456 overall.

Frank Walker of SAE earned individual honors with a 2.800 average. He was followed in order by Bob Holland, DTD, 2.600; Dave Daniels, SAE, 2.562; Earl Barringer, SAE, 2.538; Rodney Olsen, DTD, 2.500; Kemp Richardson, SAE, 2.500; David Townley, SAE, 2.500; Lyman Eggleston, BST, 2.444; Don Sherwin, SAE, 2.437; Richard Metzger, LCA, 2.400; William Herrold, STG, 2.312; Carl Schafer, STG, 2.294; Joe Maguire, STG, 2.276; and Ronald Shattuck, DTD, 2.250.

The overall fraternity averages follow.

Beta Sigma Tau	1.849
Sigma Alpha Epsilon	1.456
Sigma Tau Gamma	1.361
Sigma Pi	1.357
Delta Tau Delta	1.324
Lambda Chi Alpha	1.294
Sigma Phi Epsilon	1.290
Delta Sigma Phi	1.267
Kappa Sigma	1.122
All Fraternity Average	1.342
All men's average	1.472

representative from each department.

Two more coffee hours will be held this semester, on April 16 and May 7, making a total of six this semester.

Coral Casino Is Scene of Parasol Prom on Saturday

Santa Barbara College's traditional Spring formal, the annual Parasol Prom will be held Saturday night at the Coral Casino. Social Committee Chairman Ray Muhlethaler is in charge of the arrangements.

Parasols entered by organizations will decorate the Casino for the dance, and all campus organizations have been invited to place an entry. Prizes will be awarded to the most attractively decorated parasols, which will be judged on originality, uniqueness and beauty.

Registrar Reports Enrollment of 1383

A report from the registrar's office shows that there are 648 men and 735 women, a total of 1383 enrolled for the spring semester. Of this number 460 are seniors, 264 men and 196 women; 358 juniors, 180 men and 178 women; 253 sophomores, 112 men and 141 women; 292 freshmen, 79 men and 213 women; and one post grad.

The largest departments are elementary education, 209; industrial arts, 161; physical education, 116; and home economics, 93. Departments with over fifty members are kindergarten primary, arts, economics, political science, junior high, music, and zoology.

Twenty-six states besides California are represented with Arizona sending the highest number of students. Nineteen students are from foreign countries, representing Canada, Chile, China, Cuba, England, Germany, Iran, Mexico, the Philippine Islands, and Poland.

THE VOTES of all the ROTC Cadets last week resulted in the selection of five new Colonel's Coeds from a group of 24 candidates. Chosen were, left to right, Judy Curry, Mollie Lee Green, Sandi Heavin, Pat Dominis, and Margaret Murdock. These new members, all selected from the freshman class, will hold the honorary rank of Lieutenant in the organization. The Colonel's Coeds are active in ROTC social and military events.

Miss Santa Barbara Contest Sponsored

Soon to be sponsored by the 20-30 Club will be a preliminary Miss America contest. Women students from Santa Barbara College are encouraged to vie for the prizes which are a \$250.00 scholarship donated by Jordano's Inc. and a \$150.00 wardrobe to be donated by Lou Rose of Santa Barbara.

Anyone interested should contact AWS president Teddy Tye by Friday. Information can also be obtained through the office of the Dean of Women or through the 20-30 Club, P.O. Box 518, Santa Barbara. The qualification that entrants must be Santa Barbara residents will be waived for college students.

The winner will be sent, expense free, to Santa Cruz to compete with other city winners for the Miss California title. Miss California will compete in Atlantic City in September for the coveted title of Miss America of 1954.

LETTERS

March 16, 1953
 Miss Pauline Byard, Vice-President
 Associated Students
 Dear Miss Byard:

A recheck of last semester's Biology 1A final examinations has revealed an error in computing the score of the examination that changes Fred Wade's grade for the course from a "D" to a "C". I am writing this statement so that you and the Student Council will be fully informed of the circumstances.

Biology 1A finals are kept available to any student desiring to check his work at the start of the succeeding semester. The discovery of an error in computation leading to a raised grade change for another student caused me to recheck all the finals. This revealed a few additional cases where grades had to be raised because of the omission of points during totaling. This situation was reported to Dr. E. R. Noble, Dr. J. C. Snidecor and the head of my department, Dr. Mary Erickson. The required grade changes have been made in the Registrar's Office and notification will be sent to the students involved via regular channels.

Although the above procedure would, in general outline, be followed by any instructor in the University detecting a similar error in grading, I have outlined it to show that Mr. Wade unaware of any of this until told by me that an error had been made.

I realize that a complex situation has been created and express profound regret for the difficulties this situation has created for Mr. Wade, Mr. Troy and the others involved.

Sincerely,
 John Cushing
 Assistant Professor
 of Bacteriology

Professional Progress Meet Here Monday

The second annual Professional Progress Conference for alumni at Santa Barbara College will take place Monday. Mr. Tom Weir, assistant professor of Industrial Arts, is chairman of the program.

Group meetings, displays of aids and projects, and discussion of pertinent problems concerning

16 March 1953
 Eligibility Committee:
 Dean Sweet
 Dean Reynoldson
 Miss Byard

It has come to my attention that an error has been made in computation of the average of my academic marks for the Fall semester of 1952.

Since the Eligibility Committee premised a recent decision on erroneous information, it is herein requested that a reversal of this decision be logically made.

A full explanation may be obtained from Dr. John Snidecor, Dean of Applied Arts, regarding this unsolicited change in grade. This statement will soon be released for publication.

Due to the complexities arising from the recent election, other action is deemed necessary. As the Constitution of Associated Students in no way provides for such a condition, I requested the opinion and reaction of Dr. Upton Palmer, advisor on occasions in parliamentary and constitutional protocol.

Paraphrasing his words, he stated: *In actuality, no vacancy of the office of Student Body President has ever existed.* In instances of this nature, there is no alternative or course of action than to declare that part of the recent election, thought necessitated by a non-existent situation and based on false information, to be declared null and void.

This request is submitted at this time to prevent further complications.

Inasmuch as a considerable degree of importance . . . both public and personal . . . for present and future circumstances . . . is reliant upon this error, it is thus requested that you correct and clarify the unintended injustice.

Respectfully,
 Fred G. Wade
 cc: Provost Williams
 Dean Snidecor
 Dr. Palmer

teaching and teacher-training will be part of the program.

Eddie Dodge, (SBC, 1952) will preside at the general meeting. Over 100 alumni attended last year's conference.

A free lecture on a challenging subject:

Christian Science: The Law of Divine Intelligence to Man

will be given

Thursday Evening, April 2, 8:00 p.m.

COLLEGE STUDENTS, FACULTY, STAFF AND FRIENDS
 ARE CORDIALLY INVITED

18 March 1953

Mr. Ted Troy
 University of California
 Santa Barbara, California

Dear Ted:

In analyzing the present circumstances, I regretably have no choice but to resign from my position as President of Associated Students.

In lieu of the recent expression at the polls on the part of the Student Body and taking into due account our conversation late last night, I am requesting that you act as proxy for myself on all occasions until Legislative Council may permanently fill the job as best they see fit.

I am enclosing a letter to Council which I feel states the existing conditions . . . conditions which leave me no alternative.

I consider your taking the duties and responsibilities, not so much a personal favor, but rather a very necessary obligation that I know you're happy to assume.

My full faith is that you'll act in the best interests of Associated Students.

Appreciately,
 Fred G. Wade
 President,
 Associated Students

18 March 1953

Legislative Council
 University of California
 Santa Barbara, California

Kindly find enclosed my official resignation from the office of President of Associated Students. This resignation is effective at your earliest convenience. Ordinarily, I would prefer the resignation to be effective immediately. However, I have given Ted Troy the power to act as my proxy in all present instances, and consti-

tutionally, I must still be in office to do so.

The reasons for my resignation are threefold:

First, and most significant, since the mutual mistake of fact early in February, I have committed myself professionally to such an extent that time is at a greater premium than ever before.

Secondly, for my immediate post-college security, my Divisional Dean has advised me to confine my activities to the many hours of gainful employment to which I am morally bound.

The third reason, while not as basic, certainly deserves consideration. It is felt by many that Ted Troy was the victim of an unintended injustice. Everyone but Ted, it seems, has received principles of compensation. Due to the complexities of late, I not only feel this should play a part in my decision, but I further recommend that he be considered to fill the emergency vacancy by appointment.

In view of developments, I further believe that it would not only be just, but logical, for Council to publicly give much deserved credit to Dr. Cushing, for by his recent action, has reflected much credit on the caliber and integrity of our faculty.

Respectfully submitted,

Fred G. Wade
 President,
 Associated Students

Kappa Sigma Plans Beachcombers Brawl

Plans are now being made for the Kappa Sigma Beachcombers Brawl to be held Saturday, April 11 at the Carrillo Auditorium. The dance will be an all school event.

Whiskerino Contest For Barbary Coast

A Whiskerino contest will be held in conjunction with Barbary Coast, with awards going to two men and an organization, announced Bill Campbell, Barbary Coast chairman.

Those interested may sign up any time on April 1, at the ticket booth. An entry fee of 25c per man will be charged.

Trophies will be awarded to the man with the longest beard and to the organization with the highest percentage of men entered. A prize will also be awarded to the man with the best-looking beard.

Judging will be at Barbary Coast, April 18, in the evening. Judges are now being chosen.

Delegates to Attend Alpha Phi Gamma Meet

Alpha Phi Gamma, national honorary journalistic fraternity, will send as its delegates to the Western Convention at Occidental College, Judy Cook and Dick Pendleton. Saturday, March 28 is the date of the convention.

On the agenda for the day-long convention is a business meeting which will be followed by an informal "bull session" and various panel discussions on journalistic problems. Afternoon discussions will include the offerings in journalism for college graduates and the general effects of journalism through mass psychology. The convention will end with a recreational period at the Hollywood Palladium.

Nothing-no, nothing-beats better taste

and **LUCKIES**
TASTE BETTER!

Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette . . . for better taste—for the cleaner, fresher, smoother taste of Lucky Strike . . .

Be Happy—GO LUCKY!

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

From coast to coast in campus votes,
 We've found what students like—
 For cleaner, fresher, smoother taste,
 They go for Lucky Strike!

They aren't fooling me any more . . . UP ON THE HILL . . . I'm wise to their shennanigans. I want to pass some valuable information on to those that will be carrying on our glorious future after this year's graduating class leaves. You new students watch out—don't let them fool you. Don't be taken in by the catalogue and the laundry sheets. Don't let the class titles fool you because I am about to pull a Drew Pearson and tell ALL.

My freshman year I began to be a little suspicious. I enrolled in a class entitled "The Primitive Arts of the Watussis in the first 10 years of the 14th Century." I enrolled in this class expecting to be lectured on that subject, but they tried to snow me. The professor talked about the dance rhythms of the primitive tribes, the love making habits, and how they made flutes from a rare reed found only in the middle of the Bwangdonga forest. He talked about those and nefarious subjects for the whole semester so that at the end of the year I knew nothing more about the primitive art of the Watussis than Ed Monreal does.

I fooled 'em tho—I enrolled in a class entitled "The Love Making Habits of Primitive Tribes," and bingo—I learned all about the primitive art of the Watussis. Having acquired this rare bit of inside information I joyously would make out my program cards following my new line of reasoning.

For instance I felt I must know about the background of 19th Century Europe. So I enrolled in a course devoted to the culture of the 20th Century, and sure enough—we studied the 19th Century in order to understand what was going to happen in the 20th. So then this next semester I enrolled in a class devoted to the "Multifarious Aspects of the 19th Century In Europe," and I was promptly lectured regarding what had happened in the 20th Century as a result of what had happened in the 19th Century. This may

Engagements of Gibson And Miller Announced

Marjorie Gibson and Patsy Miller recently announced their engagements to member of the Pistachio household at 1640 Grand Avenue.

Marjorie Gibson, a senior from Baldwin Park who is majoring in Elementary Education, is engaged to Bob Clintsman. He is attending Cal Poly, majoring in electronics.

Patsy Miller, a senior from Downey, will marry Bruce Erwin who is a member of the United States Coast Guard. Patsy is also a major in Elementary Education.

sound confusing, but think what it was like for me.

This Senior year I have finally come into a prominence as an expert on what is being taught in the classes listed in the catalogue. This semester I found a class listed as "The Background of American Musical Development As Traced by Research of the American Indian, the Tennessee Hillbillies, The Georgia Peach Pickers, Red Nichols and His Five Pennies, and the Jazz of the Out of Work Taxi Drivers."

I wasn't fooled for a minute. I knew I wouldn't learn about any of those things. But—I did need a background of the aesthetics of musical expression, and the influence of the zither in Toscanini's rise to prominence. So, I am having it good.

Except for one mistake. I am enrolled in a class listed as "A Comparative Analysis of Various Excursions Into Limbo." I am the only male enrolled in the course, and I think the teacher will come to class with her glasses unfogged one of these days, and will no longer be enrolled.

Scabbard and Blade Hears Dr. Henry Adams

Dr. Henry M. Adams, assistant professor of history at Santa Barbara College, was the principal speaker at last Wednesday's meeting of Scabbard and Blade, national honorary society for ROTC cadets.

Dr. Adams described the military occupation in the Saar in 1944-45, where he served as a military government team which had charge of 5000 German civilians in the front line area and in refugee towns.

John Turner presided at the meeting. At the initiation ceremony Capt. Carsten E. Fosmark and Lt. Mercier M. Doty, both of the ROTC faculty, were installed as associate members.

Van Horn-Browning Engagement Announced

Judith Van Horn passed chocolates to announce her engagement to Lester Edward Browning Jr. at a recent meeting of Alpha Phi sorority.

Judy graduated from Santa Barbara High School and is now a freshman at UCSBC. She resides with her parents, Mr. and Mrs. H. P. Van Horn at 389 Mission Canyon Road.

The groom-to-be is a graduate of Fort Bragg High School and is now attending the University of California at Berkeley, where he is affiliated with Sigma Phi Epsilon fraternity. He was also a member of the California Band.

There has been no definite date set for the wedding, which will take place in Santa Barbara.

Marcia Munger Is New Chi Omega President

Marcia Munger was recently elected and installed as president of Chi Omega. Other officers working with her are Robin Browne, vice-president; Ronnie Lechleiter, secretary; Gwen Lanning, treasurer; Mylouine Ellis, chapter correspondent; Mary Nizetich, rush chairman; Shelley Smith, pledge trainer; and Nadine Stephens, house manager.

Other new officers are Teddy Tye, social chairman; Jane Hardman, activities chairman; Nancy Steeves, personnel chairman; Ann Schlegel, historian; Gloria Jaral, vocations chairman; and Corky McLain, civic and social chairman.

Marge Adams Chosen

Alpha Delta Pi sorority recently held their spring election of officers. Marge Adams is the new president. A junior from Berkeley, she is a home economics major. The other elected officers are Mary Ann Stewart, vice-president; Betty Cunningham, secretary; Martha Griffin, treasurer; and Sally McAnaney, house manager. The officers were installed last Monday night at the sorority house.

 **IF YOU CAN WIN** 
**THESE WINGS YOU CAN EARN OVER
\$5,000 A YEAR AFTER GRADUATION**
**Important facts about the opportunities for YOU
as a Commissioned Officer—Pilot or Aircraft Observer—
in the United States Air Force**

Must I be a college graduate to take Aviation Cadet Training?

No. But you must have completed a minimum of 60 semester hours or 90 quarter hours toward a degree. In addition, under the new Aviation Cadet training program, you must be between the ages of 19 and 26½ years, unmarried, and in good physical condition—with high requirements for eyes, ears, heart and teeth.

How long before I get my commission?

60 calendar weeks. You will receive the finest aviation training in the world—training that not only equips you to fly modern military aircraft but prepares you for executive and administrative work as well. At the completion of your training, you will have acquired a commission as a 2nd Lieutenant and the coveted silver wings of the United States Air Force.

Where do I take my training?

Pre-flight training will be at Lackland Air Force Base, San Antonio, Texas. Primary, basic and advanced training will be taken at any one of the many Air Force bases located throughout the South and Southwest.

What happens if I flunk the training course?

Every effort is made to help students whose progress is unsatisfactory. You can expect extra instructions and whatever individual attention you may require. However, if you fail to complete the course as an Aviation Cadet, you will be required to serve a two-year enlistment to fulfill the minimum requirement under Selective Service laws. Veterans who have completed a tour of military service will be discharged upon request if they fail to complete the course.

What pay do I get as an Aviation Cadet? And after?

As an Aviation Cadet you draw \$109.20 a month pay. In addition, you get summer and winter uniforms, flight clothes, equipment, food, housing, medical and dental care and insurance . . . all free. After you are commissioned a 2nd Lieutenant you will be earning \$5,300.00 a year—with unlimited opportunities for advancement.

Are all Aviation Cadets trained to be Pilots?

No. You can choose between becoming a Pilot or an Aircraft Observer. Men who choose the latter will become commissioned officers in Navigation, Bombardment, Radar Operation, or Aircraft Performance Engineering.

Do Aircraft Observers get flying training, too?

Yes. Aircraft Observer Cadets receive approximately 200 hours of "in the air" instructions. The primary phase of Aircraft Observer training is the same for all branches (navigation, bombardment, etc.). The basic and advanced phases of training vary, depending on the specific course you pursue.

What kind of airplanes will I fly?

You will fly jets. The Pilot Cadet takes his first instructions in a light, civilian-type plane of approximately 100 horsepower, then graduates to the 600 horsepower T-6 "Texan" before receiving transition training in jets. You then advance gradually until you are flying such famous first-line aircraft as F-86 Sabre, F-89 Scorpion, B-47 Stratojet, B-50 Superfortress. Observer Cadets take flight instructions in the C-47 Dakota, the T-29 Convair, and the TB-50 Superfortress before advancing to first-line aircraft such as the F-89 Scorpion, B-47 Stratojet.

Will my commission be in the Regular Air Force or Reserve?

Aviation Cadet graduates, both Pilots and Aircraft Observers, get Reserve commissions as 2nd Lieutenants and become eligible to apply for a regular Air Force Commission when they have completed 18 months of active duty.

How long must I remain in Service?

After graduation from the Aviation Cadet Program, you are tendered an indefinite appointment in the United States Air Force Reserve and are called to active duty with the United States Air Force for a period of three years.

What recreation and leisure time will I have as a Cadet?

Discipline will be rigid—especially for the first few weeks. However, it is not all work. You'll find swimming pools, handball courts, movies and other forms of recreation on the post.

Where will I be stationed when I get my commission?

You may be stationed anywhere in the world . . . Hawaii, Far East, Europe, Puerto Rico, elsewhere. During your tour of duty, you will be in close touch with the latest developments in new flying techniques. You will continue to build up your flying experience and later should have no difficulty securing a CAA commercial pilot or navigator rating.

Your future is assured if you can qualify! Here's what to do:

- 1 Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
- 2 If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.
- 3 Next, you will be given a written and manual aptitude test.
- 4 If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

BASEBALL TEAM OPENS CCAA PLAY

Gauchos Victorious In Two out of Three Games Last Week

By MIKE NOONAN

A fast improving Gaucho baseball team opens its CCAA season this weekend against the Los Angeles State "Diablos" when they travel south for a doubleheader. In the second week of play the Gauchos won two of three games.

Last Wednesday they defeated their cross-town rivals, Westmont College, 8-5, in a 10-inning thriller, and over the weekend they broke even in two contests, with a 9-0 win over Pt. Mugu and a 7-3 setback at the hands of the University of Southern California.

Duane Mittan pitched four innings of no hit ball as his mates collected three tenth inning runs to set down the Westmont Warriors.

In the big inning Catcher Marty Bear, who earlier tied the game up in the eighth with a clutch single, started things off with another sharp hit. First baseman Ray Rubinstein and third sacker Joe Duenas followed by placing down successive bunts to load the bases. Ken Trout struck out, but then Mittan helped his own cause when he squeezed Baer home with the winning run. Two additional scores were then walked across by the harassed Westmont hurlers.

Two days later the Gaucho nine traveled to Pt. Mugu where they shut out the Sailors, 9-0, behind the able pitching of Wyn Smallwood and Dick Love and ten hard-driven hits by the Gaucho batsmen, including doubles by Bill Davis and Joe Duenas. Ray Rubinstein hit a very respectable three for five.

Gaucho winning ways were stopped the following day when the Trojans took a 7-3 decision at Bovard Field. Three Trojan hurlers held Gaucho sluggers to but six hits as their attack moved with more effect behind seven well-placed singles. But it wasn't until the sixth that the CIHB power sewed up the contest. Going into their half of the frame with a slim 2-1 lead, the Trojans put together two singles and a wild pitch to score three more runs. Santa Barbara's top hurler, Jerry McIlvaine, was charged with the loss although he allowed but two earned runs.

This Friday the Gauchos play one more game, against Terminal Island Navy, before going into CCAA play in the double attraction Saturday in Los Angeles. So far the only teams that have defeated the Hilltoppers have been strong CIBA representatives. Against the Diablos Engle's wards will have a chance to see what they can do in their own league. They will be a week further along—that should spell a difference.

Mabeggels Now Lead Coed Bowling League

The Mabeggels now lead the Coed Bowling League with a record of seven wins and one loss. They hold a narrow one-game edge over the King Pins.

Last Thursday night the Mabeggels and the Mixed Hits had the best evening, taking four games from the Bs's and the Sig Toos, respectively.

The Four Aces split with the Scrubs, as did the Crazy Kats with the Alley Cats. The King Pins beat Pep and Si, 3-1.

Al Cox had both the high individual game and the high series with 191 and 481. The Four Aces had the high team game with 779 and the Mabeggels had the high team series with 2155.

The Standings:

Team	Won	Lost
Mabeggels	7	1
King Pins	6	2
Alley Cats	5	3
Four Aces	5	3
Mixed Hits	5	3
Scrubs	3	5
Crazy Katz	3	5
Bs's	3	5
Pep and Si	2	6
Sig Toos	1	7

JIM BEACOM, all-around Santa Barbara College track star, is shown taking a first place in the broad jump in Saturday's meet with the Los Angeles State track team. Despite 11-point performances by Beacom and Joe Riddick and 15 piled up by Hugo Nutini, the Gauchos lost to the Diablos, 69 2/3 to 61 1/3.

Spliters, Sigma Pi Lead in Bowling

With one third of the tournament completed, the Spliters now have a two-game lead over their nearest rival, Sigma Pi. Consistent with their name, the Spliters "split" two and two with the Sig Toos. The Sigma Pi team won three out of four games with Sigma Tau Gamma, the Delta Sigs beat the SAE team three out of four, and Sig Eps did the same to Lambda Chi Alpha, as did the Dels to the strong faculty team.

Walker, of the Delt team, bowled the highest series with a 539, Jack Baum of Sigma Pi had the highest game, 220, while his teammate Ted Troy did some exhibition bowling on alley five.

Following are the team standings:

Team	Won	Lost
Spliters	9	3
Sigma Pi	7	5
Sigma Tau Gamma	6	6
Faculty	6	6
Delta Sigma Phi	6	6
Delta Tau Delta	6	6
Sig Toos	5 1/2	6 1/2
Sigma Phi Epsilon	5 1/2	6 1/2
Sigma Alpha Epsilon	5	7
Lambda Chi Alpha	4	8

THINCLADS LOSE TO DIABLOS

Hugo Nutini, Jim Beacom and Joe Riddick staged brilliant one-man performances last Saturday afternoon but their efforts went for naught as the visiting Los Angeles State track team scored a narrow 69 2/3 to 61 1/3 victory over Coach Nick Carter's Gaucho cinder squad.

The Gauchos travel to Los Angeles Saturday for their annual triangular meet with UCLA and Cal Poly.

The meet with the Diablos last weekend wasn't decided until the final event—the mile relay. Nutini, who had already chalked up victories in the 880, mile and two-mile, ran the first leg of the relay and opened up a substantial lead over his opponent. But his mates were no match for the other three members of the Diablos quartet and the visitors won easily.

Nutini accounted for 15 points with his three first places. Beacom took a first in the broad jump, first in the discus and third in shot put to chalk up 11 points. Riddick was an easy victor in the high jump, took a second in the high hurdles and another second in the javelin for an 11-point total.

It was a woeful weakness in the sprints that ultimately spelled defeat for the Gauchos. John Godfrey's third in the 220 and Wayne Piercy's third in the 440 were the only points the Santa Barbarans picked up in the three sprint races. The Diablos racked up 25 points in those same three races, sweeping the 100 and running one-two in the 220 and 440.

The first student body organization at Santa Barbara College was founded in 1911.

Enrollment at Santa Barbara College in 1922 was 486, of which 195 were men.

THE SUMMARIES

Mile—Nutini, SB; Pearce, SB; Warren, LA. 4:42.8	High Jump—Riddick, SB; tie for second among Padilla, SB; Barber, LA; Yonker, LA. 6 ft.
440—Bell, LA; Asmond, LA; Piercy, SB. 52.5s	Shot Put—Barber, LA; Green, SB; Beacom, SB. 40 ft. 8 7/8 in.
100—Pitts, LA; Shoemaker, LA; Reynolds, LA. 10	Pole Vault—Carrillo, LA; Peoples, LA; O'Cain, SB. 15 ft. 2 in.
120 HH—Burke, LA; Riddick, SB; Reinstein, LA. 15.4s	Javelin—Ashby, SB; Riddick, SB; Proctor, LA. 173 ft. 2 1/2 in.
880—Nutini, SB; Downing, SB; Averbach, LA. 2:09.7	Broad Jump—Beacom, SB; Parsons, SB; Yonkers, LA. 21 ft. 1/4 in.
220—Bell, LA; Shoemaker, LA; Godfrey, SB. 22.3s	Discus—Beacom, SB; Finstad, LA; Peoples, LA. 113 ft. 2 in.
Two Mile—Nutini, SB; Holted, SB; Warren, LA. 10:29s	Relay—Los Angeles, Uran, Bell, Shoemaker, Asman. 3:29.6
220 LH—Burke, LA; Reinstein, LA; Asman, LA. 25.2s
