INTERDISCIPLINARY 5
SURVEY OF COMPUTING FOR THE
ARTS AND HUMANITIES
WINTER QUARTER 1985

INTERDISCIPLINARY 5-A Survey of Computing for the Arts and Humanities is a non­
technical introduction to computing with an emphasis on those topics of importance to
students in the arts and humanities.

The course is designed for non-science students who find that computing is playing an
increasingly important role in their studies. The emphasis is on the use of powerful
microcomputers and practical, inexpensive applications programs but covers computing
to a significant extent in subjects outside the non­technical subjects: Art, History,
Dance, English, Foreign Languages, History of Art, Music, and Philosophy.

The course contents are divided into 6 largely independent parts: Information
processing, Information management, the BASIC programming language, the
PASCAL programming language, a survey of the major computer languages and
applications, an introduction to the Apple II Microcomputer and an introduction to the
expanded Phelps Hall Microcomputer Laboratory, room 1517.

LECTURE: Tues/Thurs - Buchanan 1910
TIME: 9:30 - 10:45 AM
LAB: Microcomputer Laboratory 1517
REGISTRATION: Students who have not already pre­enrolled may sign up
for the class during Open Registration. Students who have already pre­enrolled
are advised to contact the Office of Student Services, 1517 Phelps Hall, for class
registration.

ISRAEL, AMERICANS, & PEACE—

We, the undersigned, support Israel’s right to exist as a democratic nation within secure and recognized borders, free from threats or acts of force. In light of this consensus, we commemorate the November 29, 1947 United Nations Resolution which led to the establishment of the State of Israel.

Matt and Janet — a breath of fresh air.

A NEW MATT DILLON...ON THE MOVE

OK, smart guy! What would you do if you were Jeffrey Willis? It's your last summer before choosing between college and jobless oblivion. Now comes a summer dream job at the ritz El Flamingo Beach Club, a luxurious haunt of the New York rich absolutely dripping easy money and overrun with beautiful girls. You rub more than shoulders with a gorgeous blonde coed visiting from California, you are taken under the wing of the Club's resident "get-rich-quick" artist and, suddenly, college is coming in a very distant second.

So, in September, what will it be? For Matt Dillon as Jeffrey Willis in Twentieth Century Fox's "The Flamingo Kid," the decision won't be easy. Everyone has an idea about what he should do with his life — and they're ALL wrong.

Flair for comedy

As the bright but less than "Easy Street" smart Jeffrey, Matt Dillon takes on a role tailored to show the talented young actor in a new light. Sure, he's still a legend in his own neighborhood, but in "The Flamingo Kid," Dillon is a rambunctious out of water with a flair for comedy and a crush on shapely newcomer Janet Jones. The tall, sunny blonde shines in her first major film role after brief appearances in "One From the Heart" and "Grease II." A veteran at age 22 of five seasons on TV's "Dance Fever" team, Janet Jones will follow her role in "The Flamingo Kid" by starring in the eagerly awaited film version of "A Chorus Line."

Also starring is a seasoned trio of top performers. Richard Crenna (as slick sports car dealer Phil Brody) recently made his mark in "Body Heat" and "First Blood," and will soon reteam with Sylvester Stallone in a second "Blood" called "Rambo," Hector Elizondo (as Jeffrey's concerned father) was last seen in the hilarious "Young Doctors in Love," and Jessica Walter (as the status-conscious Mrs. Brody) is best remembered for asking Clint Eastwood to "Play Misty For Me."

For director Garry Marshall, "The Flamingo Kid" is a comedy right up his alley. Known for his knack with youthful casts of hit TV shows such as "Happy Days" and "Laverne & Shirley," Marshall guides "The Flamingo Kid" on the heels of his first hilarious feature, "Young Doctors in Love."

For a dash of summer in the dead of winter, here comes "The Flamingo Kid." Your last days before college were never this hot and bothered.
