THIS IS what the Cal Poly Mustangs may expect tonight . . . fine lay-up as demonstrated by Lee Smelser, Gaucho forward.

DIETZ PRESENTS DANCE CONCERT

Miss Margaret Dietz, creative dancer and assistant professor in physical education, UCSBC, will be presented in a solo dance concert Sunday, Feb. 17, at 8:30 in the campus auditorium. The concert will be sponsored by the UCSBC Committee on Drama, Lectures and Music and the Department of Physical Education for Women. The concert is free to the public.

A distinguished exponent of the Mary Wigman School of the Dance, Miss Dietz approaches her programmed eight dances in varied moods, ranging from the lyrical ("From Your Quiet Hours" and "A Dream") to the dramatic and violent ("Journey Into Light" and "Of Burden and of Mercy").

An integral part of a Dietz program is always the music, which plays a much stronger role than mere accompaniment. Sunday's program will include pieces written especially for the dancer by Ben B. Johnston, an American composer, and by Ulrich Kessler, a German composer.

Walter Terry, dance critic of the New York Times, characterized Miss Dietz in glowing terms: "She performed superbly . . . she nobly represents the art of dance, symbolizing a dance world characterized by inviting frontiers rather than by confining boundaries."

SCHOLARSHIP APPLICATION DEADLINE NEAR

March 1 is the deadline for all applications for scholarships at Santa Barbara. This information has been released by the Scholarship Office.

The Santa Barbara campus offers extensive opportunities for anyone interested in obtaining scholarships in practically any field of study offered at this school. Scholarships range in value from \$300 to \$750.

Need and Grades Financial needs and good scholarship are the basis for all applications. A student enrolling for the first time should have earned a B-plus grade average to be eligible; anyone currently enrolled must maintain a B average. Scholarships are awarded on a competitive basis determined from the following factors: scholastic record, financial needs, character, and possibili-

ties of future success. Honorary awards are also offered in limited numbers to Santa Barbara students with adequate funds who have achieved outstanding success on campus.

85 Awarded An average of 85 scholarships a year are awarded, although last year this number jumped considerably to 106. Although the money available for scholarships is variable from year to year, last year over \$36,000 was offered in scholarships. Cal Alumni Scholarships may be applied for, also, through the Berkeley or UCLA offices. If you wish any further information, contact the Scholarship Office in Bldg. 401, Rm. 202, upstairs.

'GAUCHO' SEEKS

JOURNALISTS Attention, all those interested in work on this publication! Some openings are now available on the El Gaucho staff. Applications may be filled out in the El Gaucho office, which is located at the rear of the student union area, directly behind the Activities Control Board office. Forms will be accepted to Friday, Feb. 22.

King of Diamonds To Be Chosen at Ball

Hey, gals, who's your favorite King of Diamonds? Better decide fast, because the annual dance by that name, sponsored by Alpha Delta Pi sorority, will be held this Saturday, Feb. 16, from 9 to 12 in the Carrillo Auditorium.

This affair is girl's bid, with tickets now on sale to women students for \$1.25. Each ticket sold represents a vote for one king candidate, and balloting will take place at the dance itself.

Selected as candidates for King of Diamonds from the seven other sororities at UCSBC were: Lambda Chi Jim Warner, sponsored by Alpha Phi; Delta Tau Delta Art Herman, sponsored by Chi Omega; Sig Ep Joe Rank, sponsored by Delta Gamma; Kappa Sigma Larry Smith, spon-sored by Delta Zeta; Lambda Chi John Patcha, sponsored by Pi Beta Phi, and Sig Ep Stan Mc-Ginley, sponsored by Kappa Al-

The Esquires have been reserved to provide the music for the dance, which commemorates St. Valentine's Day. Jane Pitman and Thelma Gene Tinker of Alpha Delta Pi are in charge of the event.

POLIO SHOTS GIVEN

The Health Dept. announced today that additional poliomyelitis vaccine will be available this

These free poliomyelitis immunizations will be available for all students at UCSBC under the age

WOMEN'S REP, FROSH **CLASS OFFICES OPEN**

lege will go to the polls Friday, March 1, to elect four student officers in a special election called last Tuesday night by the Legislative Council.

The vacancies in the student government are for the positions of women's representative - at large, freshman class president, vice president and secretary.

The former position was left vacant when former Women's Rep Jan Wilson failed to return to college for the beginning of the spring semester.

Frosh Vacancies

The vacancies in the freshman class result from the president and vice president of the neophytes being declared ineligible for extracurricular activities for academic reasons. As El Gaucho goes to press it appears as though Rosalind Rea, present secretary of the freshman class, will resign her office to run for the position of president.

The Associated Student Elections Committee, of which the Associated Students vice president, Carol Fellman, '57, is chairman, met Friday to determine the schedule for the elections.

The committee decided to hold elections only one day, Friday, March 1, as this is a special elec-

College Radio Series Aired Over KTMS

The college series, "Faculty Conversations," under the direction of Dr. Rollin W. Quimby, opened Sunday, Feb. 10.

"Little Magazines," the first of the weekly programs on KTMS, featured authorities and contributors from the UCSBC English faculty.

The panel consisted of Drs. Ashley Brown, instructor in English, Hugh Kenner, chairman of the English department, and Marvin Mudrick, assistant professor of English. Dr. Donald R. Pearce, associate professor of English, served as moderator for the group.

With all of these men who have distinguished themselves successfully in the literary field, the program proved very interesting and worthwhile.

The first program was given in connection with the first issue of Spectrum, a literary magazine published by the UCSBC Associated Students; the following programs will be based upon the weekly All-College Lectures, beginning Feb. 19.

Students at Santa Barbara Col- tion and it is difficult to get people to man the polls for two days. **Constitution Conflict**

This decision of the Elections Committee appears to directly contradict Article VIII, Section 4, of the Associated Students Constitution, which reads:

In all elections the polls shall remain open a second day unless at least three-fourths of the regular members of the Associated Students vote on the first day of balloting.

A review of various elections in the past appears to prove that this three-fourths has never been reached by the end of the first day of balloting, let alone the second.

If the polls were to remain open a second day it would have to be on Monday, March 4, as the day after March 1 is a Satur-

To Be Fought

In contacting various members of the Legislative Council about this decision of the Elections Committee, before press time, it was learned that plans are being made to set aside this decision and to have elections on Thursday, Feb. 28, and Friday, March

Other decisions of the Elections Committee were to have sign-ups for the various offices from Monday (yesterday), Feb. 11, to Friday, Feb. 15. Any student who wishes to run for one of the four offices may do so by signing his name in the Associ-

COMMITTEE CHAIRMEN

Positions of Rally Committee chairman and Social Committee chairman are now open on the Legislative Council. These positions represent a non-voting council membership. Sign up in the ASB office, 108 in Bldg. 477.

ated Students office in the Student Union patio. Copies of the Constitution and By-laws will be available.

The Constitution Test, which all prospective candidates are required to take, will be given Wednesday, Feb. 20, from 12 to 2 p.m., according to the Elections

Publicity Due

All publicity for the election rill be due by Monday, Feb. 25. at 3 p.m. The Elections Assembly will be held Wednesday, Feb. 27, either in front of the Student Union or in the Auditorium if inclement weather prevails.

This is a scene from the first act of "The Fourposter," the current Mask and Scroll production appearing at the Campus Little Theatre. The play stars Mr. and Mrs. H. Winston Park, and will run through Saturday, February 16. (For a review of "The Fourposter" see page 2)

WHERE WAS THE PRESIDENT?

Last Thursday night the big reception for President Sproul was held at Las Casitas Dining Hall. The event, a smashing success, was packed from floor to the rafters with ample numbers of both sexes. Present in the reception line were Dean Reynolds, Dean Keener, Provost Noble and many other campus dignitaries.

The reception was held for the new students enrolled for the first time this year. The trip through the U-shaped reception line led to the dance floor and the punch bowl, the music being supplied by the El Gaucho Band.

Expectant voices questioned: "Where is President Sproul?" Faculty members fidgeted. Anxious eyes searched the rainy darkness. At approximately 9:36 p.m., according to unconfirmed sources, the phone rang and soon the news was flashed that the plane bearing President Sproul never got off the ground. The rain halted the Sproul pilgrimage at the Oakland Airport.

Aquacade Coming; **Swimmers Sought**

Persons interested in swimming, diving or working on various committees will meet Wednesday, Feb. 13, in Bldg. 431, Rm. 101, at 7 p.m. The Aquacade will be presented by the Associated Students May 2, 3 and 4. Vicky Pierce, chairman of the 1957 Aquacade, is determined to put on the best show yet. She is looking for a good narrator and expresses the importance of this meeting to all who are interested.

HARVARD TO HOLD **INTERVIEWS HERE**

Guinn Smith of Harvard Graduate School will be on the Santa Barbara College campus on Feb. 18 to interview students interested in graduate studies in the field of business administration, it has been announced by Dr. Willard L. McRary, acting dean of letters and science.

'FOURPOSTER' JUST MISSES ON OPENING NIGHT

by Noel McGinn, '57

The Little Theater was less than half filled Friday for the opening of Jan de Hartog's "The Fourposter," as presented by Mask and Scroll and starring Mr. and Mrs. H. Winston Park.

The opening-night audience enjoyed the play quite a bit, frequently interrupting the performance with their laughter.

Though the play itself was a huge success, the performance by the two actors left something to be desired.

"The Fourposter" is a very sensitive comedy, dealing with the trials and tribulations of a marriage as it passes from the wedding day through 35 years of happiness and trouble. The playwright emphasized this sensitivity by making all scenes revolve around the center of the marriage, the four-poster bed.

This intimate view by the audience into the coarse and the sublime of a marriage places a heavy burden upon the two actors involved. With the play center-staged the audience is actually at first embarrassed by its prox-

imity to things that are usually clothed under a heavy veil of secrecy in our society.

Consequently, in the first scene, where the newlyweds first become acquainted, the actors must make the audience forget their inhibitions, so that they may live with the characters the innocence of what is being portrayed. This feeling of empathy was not carried across by Mr. and Mrs. Park. At least it was not felt by this author.

Having been denied this initial intimacy, it is difficult for the audience to really feel the emotions which the actors are attempting to portray.

The play does pick up in later scenes, the actors putting across the playwright's intention very well in the last act.

Mr. and Mrs. Park have performed in this play many times before. It may very well be that because they are so familiar with the action that it has lost its real meaning, and they have lost the sensitivity necessary to perform

In any event, it cannot be denied that they are very facile in

Coca-Cola Bottling Company of Santa Barbara

BASEMEN WILL TAKE ALL COMERS

With the 1957 collegiate baseball season drawing near, Coach Rene Rochelle's Gaucho ball club is working out daily in preparation for its traditional opener with the alumni on March 2nd.

Last week Rochelle greeted 10 lettermen from the 1956 squad, which could form the nucleus for a very successful year. Veterans figuring prominently in Rochelle's plans include Neil Wright, Jim Hezlep, Bob Pope, Pete Walski, Ed Coulter, Fiden-zio Brunello, Pat Mills, Ken Reyburn, Daryl Chausow and basketballer John Osborne, who will report following the close of the

cage season.

Rochelle plans several changes in his lineup in an effort to compensate for the porous Gaucho defense of 1956. Neil Wright, a strong .320 hitter who held down the first-base post last year, will be shifted to catcher as a replacement for Elmo Ferrari and Al McLeod, last year's prominent receivers. Pat Mills, regular leftfielder last year and a vital cog in the Santa Barbara offense, will be moved to shortstop, and John Osborne will be moved to center field. Ed Coulter, an all-CAA second baseman last year, will be back at his familiar position. The team of Mills and Coulter around the keystone sack should strengthen the Gaucho infield considerably. The switch of Johnny Osborne to center field completes Rochelle's defensive "new look." Osborne's speed and quick reactions should enable him to cover a lot of territory in

the Gaucho outfield. Two-year letterman Pete Walski, last year's home-run leader, will handle cleanup duties for the Gauchos. Walski will hold down the third-base post when not called upon for relief duty on the mound.

The vital pitching department will be bolstered by lettermen Bob Pope and Jim Hezlep. Pope, a stylish southpaw, was the Gau-

have three starters at a mere 5'11". It does not appear that there is a better team, considering height than Santa Barbaraa one-point loss is not a significant laurel for any team to rest on-our home court and our home fans may give us a slight edge tonight.

chos' most effective chucker last year. With a little more defensive help, Pope could be a big winner. Hezlep, a sophomore with a year of experience under his belt, should have an excellent season. Bob Jordan and Roger Keller are available for assisting on the mound.

Intermural Championship Tonight

by Gil Romoff

Lambda Chi Alpha meets the G.D.I.s tonight at 6:30 in the Armory in a game that will decide the Intermural of the campus. This will be tonight's preliminary game for the Gcahuos.

The Lambda Chi's edged Kappa Sigma 31-27 in a play-off for the Fraternity division championship last Saturday afternoon.

The Fraternity champions will rely on the rebounding strength of 6' 4" Ed Austin, forward, and 6' 5" center Bob Jordon. Both have excellent spring and can score well. Bob Peterson, Jim Warner, Jerry Higman are good shots from outside, while George Fisher and Vic Johnston can spell any of the above without hurting the team in the least.

The G.D.I.s will attempt to make up for their lack of heighth with hustle, speed and a strong bench. Their well-balanced squad is composed of Don Levy, Don Evans, Mike Abraham, Duane Jackman, Jerry Bennett, Tony Roach, Nick Hazdovac, Bill Bryson, and Bob Edison. Levy and Evans are excellent all-around ball players, while Abraham possesses one of the best jump shots in the loop.

The annual intramural track meet takes place Thursday, Feb. 14th with the following tentative starting times for events:

3:00 p.m. High Jump, Pole Vault, Javelin, and shot put 3:30 p.m. One Mile Run 3:40 p.m. 440 Yard Dash

3:50 p.m. 100 Yard Dash

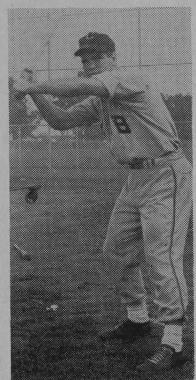

4:00 p.m. 70 Yard High Hurdles, Discus, Broad Jump 4:10 p.m. 880 Yard Run

4:20 p.m. 220 Yard Dash 4:30 p.m. 2 Mile Run 4:45 p.m. 120 Yard Low Hurdles 4:50 p.m. 4 Man 880 Yard Relay

All entries for Intramural volleyball teams must be submitted by Thursday the 14th. Games start the 18th.

by Pete Vorzimer
Length from head to toe told the tale last Saturday night as over the Wiltonmen 72-52. It will no doubt be written down as one the Westmont Warriors eased of the greatest nights in Westmont's basketball history. It is the first time in the history of the two schools that Westmont has beaten us on our home court.

It was a doubly bad night for the Gauchos as the fans put on the poorest display of fans manship and sportsmanship in a long, long, time. One might con-

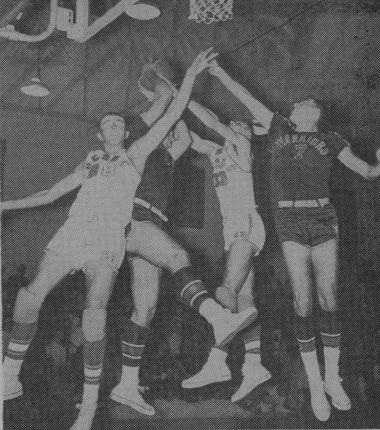

Pete Walski

sider that loyal fans, following the team closely over a lengthy period of time might have cause to get a little emotionally carried away when the ref appears to make too many calls against their team . . . but this definition, or rather rationalization does not fit the group (and a relatively small one at that) of S.B. rooters that showed up last Saturday night. For most of them this was the first Gaucho game they had seen . . . and their demonstrations, their boos, and their throwing of megaphones made them appear to be the asses that they were. The culmination of all this was the attempt made to steal and destroy Willy, the Westmont mascot at the close of the

Underserving of such poor fansmanship was the Gaucho five that put in a fine game, sticking with the Westmont team up to the last quarter despite the loss of Jim Robitaille after only threeand-a-half minutes of the second half. Now, with all the Gaucho heighth go nesave the 6' 3" of Phil Rice, the Gauchos had to rely on some fast playing and ball-stealing. Suffice it to say, they didn't make it and got gobbled up the last quarter-and-a-

The game was won on the boards. Tip-in after tip-in, rebounds galore from the Westmont five exasperated and defeated the Gauchos. If a shot wasn't made first off from the floor, somebody succeeded in tipping it in. Better luck against Poly, boys.

OFF THE BOARDS . . . that was the trouble the Gauchos couldn't make them . . . the ecstatic look on Don Hoopingarner

More on Editorial Policy . . .

What is the purpose of a college newspaper? Should its policies be biased? Should its views tend to show a broad picture of popular feelings?

We of El Gaucho think that the primary purpose of a college press should be first of all the means of ready information on prominent happenings and events; a means of communication. Secondly a college paper should be a means of expression of popular sentiment and opinion concerning issues and topics which strike close to home to a majority of the student body.

We do not feel that the paper should necessarily be a neutral or dormant thing serving strictly in a calendar-ofevents role. We do feel that a college paper can be not only informative and entertaining, but also opinionated in its presentation of issues and conscientiously biased in supporting popular themes.

"A newspaper's job is to objectively report the news, and then to candidly comment on it," says the Loyola News, Chicago. This is quite expressive of the views El Gaucho holds with regard to the role it must play in college doings.

In keeping with the general theme of a liberal arts college, we feel the ideals of the university should uphold the liberal advocation of freedom of expression. The meaning of any newspaper is lost when it becomes irresponsible or when it "rattles." But when anything is stated rationally, logically and in the interest of improvements, it ought not to go unsaid.

Study Groups Form For Liberal Arts

Meeting in art galleries, libraries, churches, homes and schoolrooms, 18 neighborhood liberal arts discussion groups will be formed in Southern California this spring under auspices of University of California Extension to study varied fields of current interest.

Discussion groups in the libral arts were first organized by University Extension in the Los Angeles area a year and a half ago, and since then over 1500 persons have enrolled in groups to study such specialized divisions as American Politics, Introduction to the Humanities, and Ways of Mankind. Participants do not need a college background. There are no speakers and sessions are strictly for discussion, led by a trained member of the group.

This spring, as part of an enlarged program, new groups will form during late February and early March at the University of California, Los Angeles, in Beverly Hills, Santa Monica, Sher-man Oaks, Encino, San Diego, North Hollywood, San Fernando, Woodland Hills, West Los Angeles and Burbank. Leonard Freedman, University Extension representative, will serve as general coordinator for all groups.

Each study group is limited to 32 participants with advance enrollments now being accepted. The University will organize ad-

ditional groups on request.

Bulletins listing classrooms, study topics, fees and leadership arrangements for all areas are available on request to offices of University of California Extension, Liberal Arts, Los Angeles

What's it like to be AN IBM SALESMAN?

Selling to management is perhaps the best training for management, and it's the reason Gene McGrew joined IBM. Today, he possesses a thorough practical Business Administration education, responsibility, an excellent income—all at age 27. Read about an unusual career.

A Santa Barbara College asso-

ciate professor of French, who has lived at different times in

Paris, has approached the life of

famed painted Maurice Utrillo

with a more scholarly objective

than some of the painter's chron-

iclers. Dr. Robert Beachboard

hopes to unmask the real man,

Utrillo, who exists behind a mass

of fictions, perpetuated not only by rumor, by unscrupulous and

careless journalists and by delib-

erate distortions of authors, but,

inadvertently, by Utrillo himself. Now at work on his second

book about the renegade French

artist, Dr. Beachboard wandered

through a maze of fiction in

search of the true facts of the

author's life. In an interview with Utrillo, who died in 1955,

the painter heatedly repudiated

the various eyewitness accounts

of his life: "They're just a pack

of lies and libels. I know be-

cause even if I drank more than

my share, I always knew what

was going on. They said I was

crazy and that's another lie. I

wasn't crazy; I was a dipsomani-

Dr. Beachboard's analysis of Utrillo has resulted in a com-

parison with another French

painter, Henri Rousseau. "Both

men, in giving free vent to their

impulses, were unable to distin-

guish between self-imposed ridi-

cule and ridicule inflicted by oth-

ers. Each in his own way, how-

ever, had developed a defense mechanism, a kind of poker-face

'I'll-show-you-how-preposterous-I

really-am' type of humor.'

Gene's first sale, to a bank, required thorough study; consultations; a written recommendation. The climax came, Gene remembers, when he submitted his analysis to the vice president and received that gentleman's signature.

Discussing customers installation

Gene's latest sale was to a large industrial corporation. He's now preparing this customer for the installation of an IBM electronic system designed to simplify financial procedure; inventory and other systems problems. At 27, Gene finds himself top man on an important account. He's educator, salesman, administrator.

How would Gene define selling?

"We feel the best way to sell is to be able to consult. The best way to consult is to know something of value your customer doesn't. IBM's 'something of value' is profit through automation."

Gene's thoughts on competition:

"The entire Office Machine Industry feels the lead pencil is the biggest competitor. You've no idea how many time-consuming clerical jobs can be mechanized, thus freeing people for important, creative jobs. IBM's success in the field is due to service, knowledge, 'know-how'.'

Does Gene find his youth a handicap?

"It's what you know-not how old you are-that counts. I deal with executives twice my age on a basis of

equality, because they respect my training and my business judgment."

Future wide open

"I'm getting married soon, and I was amazed to realize how much security IBM's growth (sales have doubled on the average every five years since 1930) and benefits represent. But I think my real security lies in the chance to use my own ability fully and freely. There are nearly 200 Branch Managerships, 15 District Managerships and executive positions in 5 other divisions ahead of me. IBM is introducing new machines, systems and concepts so fast that, every Monday, we have a 'new idea' meeting just to keep up."

IBM hopes this message will give you some idea of what it's like to be a salesman at IBM. There are equal opportunities for E.E.'s, I.E.'s. M.E.'s, physicists, mathematicians, and Liberal Arts majors in IBM's many divisions-Research, Product Development, Manufacturing En-
