Q: IS IT REALLY SAFER THAN THE SUN?

A: Yes it truly is, because we've reduced the amount of UVB or burning rays. The Wolff System's Bellarium lamps emit a level of UVB rays that is significantly lower than that of the sun, and well within the stringent guidelines of the FDA.

ONE IN A BILLION,
GET ONE OF A KIND!**

If you're stuck in a styrofoam rut, why not try a fresh alternative: a made-to-order sub, or salad from Subway. At Subway we use only choice meats and cheese, garden fresh vegetables, and succulent seafood. And the "fixin's" are always free. So why settle for one in a billion when you can get one of a kind from Subway, the fresh alternative.
