Squabble Club

Successful at First Meeting

The Squabble Club held its first meeting Wednesday evening and organized its membership for the summer. Officers were elected, rules for the conduct of meetings were formulated, and plans were laid for a program throughout the whole summer session.

W. F. Mann, retiring president, called attention of the members to the objectives of the Squabble Club and told about the influence it has wielded on the campus in former years in building up a spirit of good fellowship among the men of the industrial education department. Conducting the annual election he then handed the gavel over to Dwight Adams. Accepting the honors unanimously thrust upon him, Mr. Adams delved into the business of the evening. Herbert C. Anderson, instructor in the Frank Wiggins trade school, Los Angeles, was elected secretary.

The new Program Committee is composed of: J. D. Wilson, Frank Wiggins instructor; Roy W. Fredin, drafting instructor; John, Marshall High school, Pasadena, and H.F. Cummock, auto mechanics instructor, Central Junior High school, Los Angeles. The programs will be provided as usual by members with the exception of two occasions, when outside speakers will be invited to discuss subjects pertinent to modern day trends in education.

E. E. Ericson, head of the industrial education department on the campus, expressed his delight for the successful initiation of the Square Club. Richard A. Beyers, manual education instructor in the Gorman Avenue school, Los Angeles, announced arrangements for a deep sea fishing expedition on Saturday, July 13. Plans were also discussed for representation at the annual meeting of the California Industrial association which will be held in San Jose, July 5 and 6.

Miss Krueger

New H.E. Head

Miss Jean Travis Krueger, who is now teaching in the University of Wisconsin, has been selected as the new head of the home economics department to succeed Miss Charlotte P. Ebbets, according to an announcement made by president C. L. Phelps. Miss Ebbets has retired from that position after twenty one years of service.

Miss Krueger was formerly a teacher in California, having taught in the San Diego State college, and in San Francisco as supervisor of home economics and in the summer session of the University of California. In the University of Wisconsin with the rank of associate professor of home-economics she has served as acting head of the department in the absence of the regular head. For some years she was away from the University of Wisconsin serving at the head of the home economics department and dean of women at the Michigan State college, and as director of institutional management at the Merrill-Palmer school in Detroit.

She has had practical business experience in connection with the summer session and this promises to add much to the interest in these gatherings.

The course in recreation offered by Lawrence E. Chenoweth this summer session has attracted the largest enrollment of the season with 76 students on the roll. It promises to bring much to the life of the campus, for all members of the course seem determined to get the most out of recreational activities offered.

Among the activities which will be followed are tennis, badminton, archery, swimming, wrestling, indoor baseball, volley ball, handball, horseback riding, dramatics, boating and hiking.

Leaders have been chosen for each group and the members of the class will work singly as well as in related groups. Lectures on recreation in its various phases, the relation of recreation to the community and to leisure time, will be presented during the session.

Members of the recreation group will be expected to take leadership at the various social functions presented each Friday during the session and this promises to add much to the interest in these gatherings.

The popularity of the recreation course is another evidence that the old saying “all work and no play” is to be readjusted for a sane and balanced program of study with happy, wholesome recreational activity for which all students will be the better.

The various group leaders are: Archery: Mrs. Alberta Stow; Badminton: Morgan N. Smith; Dramatics: Charles E. Darland; Tennis: George Atmorea and Harry Moore; Handball: Alex. Mueller; Indoor Baseball: Kenneth Holland; Golf: Howard Marvin; Swimming: Charles Leister; Wrestling: Bob Morelli; Boating: Ernest Carter; Track: Bruce Davis; and Horseback Riding: Esther Funk.

Anyone interested in any of the above activities may see the above committeemen and make arrangements for participation.
Tennis Instruction Offer Made to Group

Because of numerous requests there will be a class in tennis instruction and practice open to recreation students who have signed up for tennis, according to Harry Moore, group leader. The class will offer a short instruction period followed by a practice period of competitive tennis. Beginners as well as more advanced players will be welcomed, as the class will stress the organization and practice necessary to attainment of perfection in the game, Mr. Moore stated. Members are requested to sign bulletin board as soon as possible.

The tennis class will have its first meeting on Tuesday of next week during ninth hour, and on each Tuesday and Thursday afternoon following at the same time. Players will provide their own racquets and tennis balls, and are urged to play at their own time, to supplement the class period. Mr. Atmore will organize a playing schedule and hold an instruction class 3rd and 4th hours daily.

Lawrence Chenoweth directs the recreation class. A tennis group will also be under the direction of George Atmore. Jack Knight has volunteered to act as Mr. Moore’s assistant in the class.

H. E. Hendrix Is Here for Series of Lectures

E. E. Ericson, head of the industrial education department, wishes to announce the following series of lectures to be presented, beginning the week of July 22, by Mr. H. E. Hendrix, state superintendent of public instruction.

Mr. Hendrix will speak on the following topics: Monday, July 22, “Education, Dynamic or Aesthetic”; Tuesday, “The American Vision”; Wednesday, “Personal Problems”; Thursday, “Curriculum Problems,” and Friday, “What’s Ahead for Education.”

State P. E. Director Visits State Campus

Hal Orion, state director of physical education and former director of recreation in Santa Barbara, was a campus visitor yesterday.

The purpose of Mr. Orion’s visit was to consider our local athletic situation and the recreation problems of the city. Mr. Orion is a member of the state recreation commission.

Lincoln Exhibit on Display in College Library

In our library there is a display of Lincoln Material which is housed in the Lincoln Library, founded in 1928 by William Wylies of Santa Barbara.

This unusual collection includes a short biography written in Lincoln’s own handwriting, a sample of music of the Civil War period, two original slave deeds, original copies of the Confederate and Lincoln ballots. There appears also a leather-bound volume smaller than a postage stamp, containing parts of three speeches of Lincoln’s. This miniature book has one hundred thirty nine pages, title page, half titles, table of contents, preface and dedication make it complete. It was awarded first prize at one of the bookbinder’s conventions. Other pieces of interest are included in the collection.

Important Announcements

Classes are to be dismissed on Thursday and Friday, July 4 and 5, in celebration of Independence Day, according to word received from the administrative office. Regular attendance will be required on Saturday, July 13, to make up this deficiency, stated President C. L. Phelps.

The new 1935-1936 circular of information and announcement of courses for Santa Barbara State College were received Monday by the president’s office, and are now available to the student body.

Dean William Ashworth will read a modern three-act comedy at 9:30 on Tuesday afternoon in room 45. The readings will be a regular weekly feature.

Since there are no courses in physical education this summer, gymnasium service is not available. The gym will be open at various hours, however, for recreation classes. Classes and other students wishing to take showers must bring their own towels.

First Social Affair Is Held at Cerca del Mar

The first summer session dance and picnic was held at Cerca del Mar in Carpinteria last Friday evening from 4 to 10:30 o’clock. The affair was attended by more summer students than any previous affair for the last two summers.

Places were set for 175 at the tables and several late comers were accommodated. A group of students served a chicken dinner which was both tasty and sufficient. Service was on time and well handled. Bill Main, student body president, is to be complimented in his choice of caterer and location.

The afternoon was spent in playing horseshoes, volley ball, and baseball. Mr. L. Chenoweth was in charge of the social and recreational program.

Music for the dancing was furnished by Mrs. Phyllis English and her orchestra. Rhythm was good and the dance floor was filled throughout the evening.

A word of warning to those who come late or do not purchase tickets before the day of an event. The social committee chairman advises that all coming events will start at the exact time announced and that beginning with the next event, no one will be served who has not made arrangements for tickets before the date or time of the repast.

College Chess Club Meets Monday Night

Last night the chess players gathered in the men’s club room for a long set too.

Mr. E. E. Ericson with his horse play seemed to take advantage of all handicaps. Pawn my word I never saw so many players get rooked.

As an added attraction for next Monday evening, Louise Taylor will challenge all comers of the college players to a match of simultaneous games, playing them all at one time. It is expected that there will be 15 or more players present. Anyone interested in watching or playing is welcome to come.

The match will be explained before the game starts at 7:00 o'clock Monday evening.

“Gee, I won’t be able to go to the J-Hop,” was the explanation of an Alma College ( Alma, Mich.) after being severely burned on the hands from an explosion in chemistry lab.
Printing Teacher Married Here

Miss Elsie Schoff, 34 graduate of the home economics department, and Ralph A. J. Porter, printing instructor in the industrial education department, were married last Saturday morning at 9:30 o'clock in a quiet ceremony.

The bride wore hydrangeas blue silk suit with a white hat and white accessories. She is a member of Gamma Delta Chi, social sorority.

Mr. Porter graduated last semester from the I. E. department. He is a member of Sigma Alpha Kappa, social fraternity, Alpha Phi Gamma, journalistic fraternity, Phi Sigma Chi, I. E. fraternity, Halos booster society, and Alpha Phi Omega, scouting fraternity.

The newlyweds will make their home in Santa Barbara.

Former Student Marries

Stuart M. Thompson, '32, was married to Miss Allee M. Stephen, on the 22nd of June, at the St. Marks Chapel, in Berkeley, California.

Mr. Thompson, a graduate of the History Department at Santa Barbara State, is nearing completion in his work for the M. A. degree at the University of California. He received his general secondary credential there in December and will teach in the ninth grade of the Richmond, California, junior high school.

A member of the local chapter of Kappa Delta Pi, national honorary education fraternity, he was elected to the Lambda chapter of Beta Kappa Pi, at U. C.

Miss Stephens graduated June 10th from St. Luke's Hospital, in San Francisco.

June Graduates Get Teaching Positions

According to word received from Mr. Jane Miller Abraham, three graduates of the June '35 class have secured teaching positions.

Margaret K. and Ralph A. J. Porter, printing instructor in the industrial education department, were married last Saturday morning at 9:30 o'clock in a quiet ceremony.

The bride wore hydrangeas blue silk suit with a white hat and white accessories. She is a member of Gamma Delta Chi, social sorority.

Mr. Porter graduated last semester from the I. E. department. He is a member of Sigma Alpha Kappa, social fraternity, Alpha Phi Gamma, journalistic fraternity, Phi Sigma Chi, I. E. fraternity, Halos booster society, and Alpha Phi Omega, scouting fraternity.

The newlyweds will make their home in Santa Barbara.

Progress
Santa Barbara State college has carried an upward curve on registration throughout the depression. There have been no spectacular spurs, but the progress has been an ever forward movement. It is interesting to note that this is the only institution to make its quota of summer students. Exactly 350 students have enrolled to date. This was the anticipated number and the basis for meeting obligations and expenses. In the adjustments that are being made to meet a changing era, we are making a direct contribution. For next semester, a course for freshmen is scheduled: An Introduction to Contemporary Civilization in the West, having as its purpose the aiding of students in the understanding of contemporary life problems. Another comparatively new course is Freshman Problems, designed to adjust the new student to college life. It is not a superficial sampling of cultures but rather emphasizes the individual over subject matter. Discussion groups in classes are also new. Here-tofore, students have listened too much and discussed current problems too little. The success of a democracy depends upon intelligent participation instead of passive reception. More attention then, will be given in the future to definite integration of subjects and to individual development rather than to the mastery of unrelated subject matter.

KINDERGARTEN CONVENTION IS HELD AT STATE

Delegates of Delta Phi Upsilon, national honorary kindergarten primary fraternity, were entertained in convention by the local Eta chapter of the organization, last week. The convention opened on Wednesday with registration at ten o'clock at convention headquarters in El Encanto hotel. Immediately following the delegates met for a business meeting at which time the grand president, Miss Margaret Dawson, of Columbia university, presided. The meeting adjourned for luncheon at one o'clock.

The afternoon's program featured an educational program at which Mrs. Leopold Stokowski was the principle speaker. Mrs. Stokowski, who is affiliated with the Dalton Schools, Inc., as associate director and chairman of the art department, spoke on "Art and Music in the Life of the Young Child," illustrating her lecture with slides and motion pictures showing art activities at the Dalton school. Musical numbers were given by Howard Safford, harp pupil of Mrs. Roscoe Lyman, who played "Andante" by Gluck, "March of the Marionettes" and "Lullabye" by Rogers, and "Song Without Words" by Butler. Mrs. Helen Barnett, head of Santa Barbara State's music department, sang "Daddy's Little Sweetheart" by Lehmann and her own composition, "Lullabye.

The day's program concluded with a barbecue at Edgecliff, where the delegates were entertained with native Mexican dances by Herrera and Loza. Original skits were presented by the visiting delegations.

Thursday's program included business meetings at 9:30 a.m. and at 2 p.m. At a luncheon meeting of the group, Jane Miller Abraham gave a charming welcome to the delegates. Emma Lopez and Mrs. L. Lopez sang a group of Spanish songs. At five o'clock a model pledging and initiation ceremony was presented.

The formal banquet of the group was held in El Encanto on Thursday evening. Decorations carried out the convention theme "El Camino Real," by the use of model missions and high roads. Mary Tomlinson sang two songs, and Dr. Robert N. McLean gave an inspirational talk on "The King's Highway."

One of the most charming interludes in the convention program was presented by the Old Mission Fathers, in the college quad on

Student Body Invited to Attend Beach Day

Students and friends are invited to participate in the second social event of the summer by attending the basket-lunch picnic scheduled for Friday, July 5, at 4 o'clock at West beach.

Tables and barbeque pits will be reserved for college people on that date. Students are to bring "tools" and the lunch. The committee in charge will furnish coffee.

Games and other recreational activities will precede the lunch which is set for 6 o'clock. Those who have no way of bringing their lunches can make other arrangements with Bill Mann or members of the social committee.

Governor Endorses Education Measure

The Fresno Bee of June 5, in its account of the signing of the Educational Bill 174 by Governor Merriam, quoted the governor as making the following statement: "I am always willing to lend a helping hand to build up our educational system. This bill gives to the boys and girls of the communities and districts in which these colleges are located, greater educational opportunities. It will mean they can obtain educational advantages not now afforded them."

Friday morning: The Padre Choristers, lead by Father Bertrande, sang a group of old chants as they have been taken from mission archives. Father Herbert concluded the brief program with a short talk on the history of the missions and their influence in California.

A tour of the college campus was followed by luncheon and a tour of the city which included the Biltmore hotel, the Jefferson estate, the courthouse and the Santa Barbara Mission. Tea at El Encanto concluded the three-day convention program.
