CARPINTERIA VALLEY TO VOTE ON FIRE DISTRICT FORMATION

Supervisors Set June 12th as Date of Election; "Carpinterians," Local Civic Body, Is Supporting Active Campaign

THURSDAY, June 12th, has been set by the Santa Barbara County Board of Supervisors as the date upon which voters of the Carpinteria Union high school district will decide whether or not they are to have a fire district and the necessary fire-fighting equipment to fully equip such a district. This was the result of a presentation to them of a petition signed by approximately a majority of the property owners of the proposed fire district. The residents of the proposed district will be able to vote either for or against the establishment of a fire district, and it is expected that several thousand of them will exercise this privilege.

The petition was signed by approximately 600 residents of the proposed fire district, representing approximately 400 properties. The petitioners are asking the Board of Supervisors to set June 12th as the date for the election, and they are asking the Board to provide sufficient fire protection for the proposed fire district.

LOCAL HIGH SCHOOL ATHLETE IS NEW SO. CALIF. RECORD HOLDER

Dale Schuyler Takes 1290-Yard Run at Big Los Angeles Track Meet Saturday; Francon Places Fourth in “C” Event

For the first time in the history of the Carpinteria Valley district school board, there will be a high school track and field athlete—of that becoming a southern California champion and record-holder—in the "big" track meets scheduled for the upcoming season. Dale Schuyler, a senior at Carpinteria High School, will attempt to set new records in the upcoming track meets. He has already established records at local meets and is expected to continue his winning streak in the upcoming meets.

LIONS CLUB MEETING

At its regular meeting last Tuesday night the Carpinteria Lions Club met last night, and elected officers for the coming year. The meeting was well attended, and the program planned for the coming year was discussed.

The officers elected for the coming year are: President, R. E. Brobeck; Vice-President, A. E. Draper; Secretary, Mrs. R. E. Draper; and Treasurer, J. E. Beckstead.

Things To Remember:

Andrew Martin, who works for the U.S. Department of Agriculture, was recently on leave and he had a message to pass on to the readers. He said:

"The addition of "more men" who come along about once a year, needing somewhere to live, has made life a little difficult.

Daisy Windy (Mrs. A. R. Franks) left for private school in the Los Angeles basin. Herbert took his winter clothes and plans to return in the spring."

MAN ABOUT TOWN

Bill Clyde making the rounds spreading the good word about the puppies and kittens. He said:

"A rolle of Carpinteria’s young men, in the way to school, is spreading the good word about the puppies and kittens. They are planning to start a campaign to sell the puppies and kittens and use the proceeds to build a new school in the district."

GRAMMAR SCHOOL TO LOCAL GRADUATES

"What Makes You by Dr. Jaqua, Principal of the Los Angeles Grammar School, to the graduating class, "What Makes You" was the subject of the address. He said:

"There are many factors that make a person successful. One of these factors is determination. If you have determination, you can overcome any obstacle."

LEAGUE MEET, TO BE HELD AT COUNTY MUSEUM

Plans are being made for the League Meet to be held at the County Museum next Saturday. The meet will be held to the best advantage, with the best facilities available.

LAKE DISTRICT MAY BE USED

PROPOSED FIRE DISTRICT

Some 275 property owners of the Carpinteria valley have voiced desire by petition that their homes, property and lives be protected by an "adequate fire-fighting apparatus" and by "the formation of a fire district to include that portion of Carpinteria Valley and Summerland covered by the fire district," according to the application for such a district by the fire committee of "Carpinterians," no doubt prompted by the recent disastrous fires on the Santa Barbara mountains, which have shown the necessity of such fire protection in this area.

Realization of the inadequacy of the present equipment, and the importance of efforts put forth by Cyril Brown, chairman of the fire committee of "Carpinterians," has led to the necessity for the formation of a fire district for the valley.

A fire district is a legal necessity, and it will be quite necessary for the elected office holder to uphold his election platform.

MEET THE CANDIDATE

Wise candidates will take definite stands and stick to them, for the American people are universally intelligent nation on the face of the globe, drawing to the polls until the ballots are counted.
