

# SANTA-BARBARA STATE-COLLEGE EL-GAUCHO

Vol. XXIII

SANTA BARBARA, CALIFORNIA, FRIDAY, OCTOBER 29, 1943

No. 6

## COLLEGE MERGER EXPLAINED

### Camp Cooke Holds Dance

Tomorrow night at 6 p.m., busses will leave the college campus, en route to Camp Cooke, taking 100 State College women northward for the first in a series of over-night dances, sponsored by the social committee.

In initiating any activity of this type, the committee expresses its appreciation for the cooperation of the women who plan to make this trip, and a belief of its assured success.

For those women who plan to attend, suits or sport dresses will be in order for the dance, and slacks will serve for the tour of the camp that has been arranged for Sunday. Chapel will be open to all those who wish to attend.

Busses will arrive in camp at 8 p.m. on Saturday, and dancing will follow immediately. A buffet supper will be served during the dance. Following the dance, women will be escorted to the assigned barracks, where they will spend the night. They will eat their meals with the men during their regular "chow" periods.

Entertainment for the dance will be furnished both by the men in the division with whom the dance has been arranged, and by "The Three Dots and Dash," Jean Ausman, and Emily Joost and Edie van Meter.

### Proficiency Tests Given Next Tuesday

Make-up proficiency tests for those students who have failed in any part of the examinations will be given in the auditorium next Tuesday starting at 3 o'clock.

Dr. Charles Jacobs, dean of upper division, explained that students deficient in any division of the test must retake the entire division and will be held responsible for any part taken whether formerly passed or not.

For the time schedule for the various divisions, students are requested to see the heads of their department or consult the bulletin boards. There is a charge of 50 cents for those taking a make-up test for the first time, and \$1.00 for each test taken thereafter. Receipts must be presented for admission to the auditorium.

### Emergency Plan Introduced Here

In order to help relieve the desperate need for teachers, emergency credentials have been issued to eight college students and they are now teaching in local schools.

At a meeting of the deans of the State Colleges in San Francisco recently, Dean Charles Jacobs presented the plan being followed here whereby students could be employed without first receiving a standard teaching credential. His proposal met with the approval of the State Department of Education as well as the other colleges.

The procedure required under this plan is as follows:

1. Superintendent applies for teacher. If there is no certified teacher to fill the position, he then asks for someone who could be employed on an emergency credential.

2. College attempts to find someone who has already had sufficient amount of directed teaching and could be recommended to handle the work.

3. Applying superintendent then writes to Credential Committee in Sacramento stating situation and asking that student be given an emergency credential authorizing him to teach and to receive regular pay.

4. Student continues college work fulfilling all requirements and is given necessary supervision.

5. Regular state teaching credential is issued to student only after he has fulfilled all requirements for graduation and certification. When a student lacks one or two courses, the requirement may be completed during summer session.

#### ANNOUNCEMENT

Those students desiring to run for the office of Vice-President of ASB should obtain petitions from Eleanor O'Boyle, acting vice-president and in charge of the election, before noon next Monday.

The election is scheduled for next Friday and petitions must be filed early.

### Student Status Same, Says President Phelps

By decision of the University of California Regents in their monthly meeting last Friday, Santa Barbara State College will be merged with the University. President Clarence Phelps clarified the situation regarding the merger with the University by elaborating the following points:

### Wiens Works In Near East

Henry W. Wiens, specialist in government administration, instructor at Santa Barbara State in 1941-42, and administrative officer for Red Cross work in Tehran, Iran, for the past year, has been induced to take a responsible position with the Mills-Paugh Commission working with the Iranian government.

The Mills-Paugh Commission, composed of American experts in government and finance, has been working for some years to improve the economic and political situation in Iran. Members of the Commission must be approved by the Iranian Parliament, as was the case with Wiens.

Wiens has assumed this work with the approval of the Red Cross administrators, who have highly commended his work with the Red Cross. Before coming to Santa Barbara, he worked for a year administering relief in unoccupied France.

### Women Plan Sports Meet

A series of inter-mural athletics has been arranged between the women of Santa Barbara State College and the women marines stationed at the air base in Goleta, according to the Social Committee.

Lieutenant Creen, commandant of the Women's Auxiliary of the Marine Corps, has enthusiastically promoted this proposed program, and will confer later with Miss Elizabeth Sehon and Miss Gladys Van Fossen of the college physical education department.

The various sororities have planned volleyball and basketball teams.

1. The board of regents of the University of California accepted Santa Barbara State College to become a part of the university, Friday, October 22.

2. An Associated Press announcement indicated that the institution would be maintained as developed with assistance and further development from the university.

3. No date has been set as to when the institution is to be taken over. Probably the earliest possible time will be the beginning of the second semester of the current school year.

4. Conversation between President Phelps and the president of the University of California, Tuesday, October 26, indicated uncertainty as to a definite statement of time.

5. Until the institution is taken over, the students, faculty, and administration are under the direction of the state department of education, and the institution will still be the state college. Immediately after it is taken over, all procedures will be under the direction of the University of California and all records, degrees, and honors will bear the university stamp.

6. Provisions for the employment, tenure, and pension rights of the faculty have been assured in the measure of the state legislature which prepared for the merger.

### Foss To Speak At A S B Assembly

If flying conditions permit, Major Joe Foss of the Marine Corps, the foremost ace of the war and now stationed at the Marine Air Station in Goleta, will address students of Santa Barbara State College in an assembly, November 9.

Major Foss will tell of his experiences in the Southwest Pacific, where he downed twenty-six Jap planes to become an American hero.

## EDITORIAL

"That we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom . . . ."

The haunting lines of the simple address, scorned by the forensic masters of the time, should be remembered this Armistice Day, 1943.

For we are being deluged with the alluring antique phrases, the "unimpaired sovereignty," the "free enterprise," the "white supremacy," from the America where roam the Duponts, the Hearsts, the Nyes, the Talmadges, and the McCormicks who would murder the unknown soldier and then mouth platitudes over his pretentious monument.

In England, we are told by the editor of *The Nation*, the vigorous reform enthusiasm which was engendered by the harrowing blitz is sodden with pessimism. In this country we see a coalition of business and the "free" press demonstrate unceasingly that the war effort is a triumph of the management which graciously donates its resources despite the hindrance of grasping bureaucracy and duped, gangster-ridden labor. Our cautious legislature is vitiating the resolutions which desire closer post-war co-operation with other nations.

What are the hopes for the four freedoms and a truly secure America when the soldier returns? Will he, as in the last aftermath, be swept into the fevered search for normalcy, junking the social gains of the last decade, partaking of the refinement of disillusion, hounding labor and the skulking Reds? Is he destined to join another American Legion reflecting the smug and stupid provincialism of too many of his fellow countrymen?

"A new birth of freedom" is for all men and forever. It means the freedom, for everyone, to live in a decent house, to eat good food, to be educated adequately and democratically, to be insured the prospect of security, to vote, to be a Jew or a Negro, and to be free from war.

No one will give us a new free world; one has only to observe the prevailing mood. Armistice Day in 1943 should remind our young generation to fight for it, now, and after the war, until it is won.

## GaUCHO Room Must Be Clean

Once again, on bended knee, we plead: "Please keep the GaUCHO Room Clean!!" Just like Mother used to tell you—it's for your own good (honest).

You know all the facts—now all we are striving for is the 100 per cent cooperation of the student body. The G.R. is not only a disgrace to the campus—it's a mess. If you're one of those who abuse the privileges given by the use of this room by leaving coffee cups and fruit juice glasses (which aren't supposed to be in there in the first place) stop while you can.

Coke bottles are still being left on the tables and cigarettes are still being stamped out on the floor.

Well, we don't know how you feel about it, but we enjoy the GaUCHO Room. We like to spend our free time there. If you do, too, you'd better start giving it your personal attention. This is being issued as a final warning! (and we're offering a reward for the guy — dead or alive — who makes the fatal move.)

## Columbine

By EDIE VAN METER

No sir!! College just isn't what it used to be. Why, I can remember way back when you used to just step outside your door, and be whisked up to school in a CAR. Why all this sudden rush of sentiment? Well, the other morning, I saw "POP" WELLS riding a bicycle up the hill for an eight o'clock.

Belated but hearty congratulations to *Bea Terres*, TGS, and secretary of the student body on her engagement to *Angie Nunez*, former GaUCHO, now teaching in Lompoc.

Last Monday, we welcomed home *Horrel Chauncey*, ex-GaUCHO now serving in the Marine Corps, and his charming bride, *Pat*, of 48 hours.

Suppose that you've heard by this time that we were accepted by the Board of Regents of the University of California. As yet, though, we don't know what changes, if any, will occur. News will be posted at a later date.

*Ralph Johnson*, who left us at the beginning of the semester to train in the Naval Air Corps in Iowa, has been burning the telephone wires, from all we understand, talking to the gal he left behind him, *Shirley Putnam*.

El Gaucho is edited this week by Elsie Cascadden, and next week will be issued under the direction of Jean Ausman, the two papers to be judged by the Press Board in an effort to select the next editor. Barbara Burtis acted as editor for the two previous issues due to the illness of Marjorie Simmons.

**EL GAUCHO**

Entered as second-class matter in the post office at Santa Barbara, Calif., Sept. 17, 1926.

El Gaucho is published every Friday of the second year by the Associated Students of Santa Barbara State College. No issues are printed on holidays or during examinations.

**Speech Party Planned**

Theta Alpha Phi, the speech department fraternity, will have its annual party in the form of a luncheon arranged by Miss Mabel Barker at the Alpha Theta Chi house, November 6.

Perhaps that TREASURED PHOTO that doesn't look just right only needs a new mounting or a color job. Let us help you fix it up.

## MALE WANTED

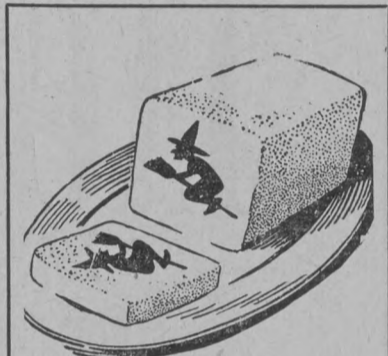

Wanted! One man to take a small part in the play, "The First Lady." The part does not require much memorization or rehearsing.

According to Miss Marion Hammond, director of the production, the play is progressing rapidly.

## Home Ec. Meeting Next Tuesday

Highlight of the Home Economics Club meeting next Tuesday in room 80 will be a talk by Mrs. Alma Schmidt on "Iceland, the Land of the Sagas."

The speaker is a writer and publisher in both Iceland and Canada. All Home Economics students and others interested are invited to attend.

**FOR HALLOWEEN**  
Ice cream is the dessert everyone likes

## Hikes Scheduled By Joint Action

The W.A.A. and Y.W.C.A. are jointly sponsoring a series of hikes for all women interested, the first of which will start Saturday, November 6, at noon. The destination will be announced later.

This is not a new idea as several years ago a similar group was organized, but it was started again due to the renewed interest in hiking that has appeared among the students this semester. The two organizations expect a good turn-out; and if the idea is a success, the hikes will be climaxed by an overnight trip at the end of the spring semester.

There will be a sign-up list posted on the Administration Building bulletin board for those girls who wish to take part in the first hike. The smallest group allowed will be ten, and if more than twenty girls sign up, a second group will be formed, so you had better get there early in order to get in your desired group. For those who are unable to go on Saturdays, there may be another hike on Sunday morning. Slacks and heavy shoes should be worn.

## Women To Aid In War Work

Greek women organizations were busy this week planning various war service work activities. Volley-ball teams were organized and inter-sorority games slated.

### GAMMA DELTA CHI

Final arrangements were made at this meeting for the Faculty Tea to be held next Sunday. A volley-ball team was organized and plans made for games with other sororities. It was decided at this time to attend the Student body dance at Camp Cooke on November 6.

### CHI DELTA CHI

Members of the sorority made final plans for the Open House to be held on November 4. A buffet dinner was held honoring Peggy Shedd who soon enters her pre-flight training in the W.A.F.

### ALPHA THETA CHI

Meeting at the sorority house, Alpha Thetas completed plans for the Faculty Tea on October 31. Plans were made to serve the U.S.O. on December 1. Volley-ball teams were formed and the first game was slated for November 4. Christy Lyman, alum member, attended this meeting.

### DELTA ZETA DELTA

Delta Zetes completed plans for the Hallowe'en party to entertain Hoff Hospital Men on October 27. A volley-ball team was organized and a game was set for November 2. Carolyn Hunter, alumna member, was present at this meeting.

## Have a Coca-Cola = Howdy, Neighbor

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

*from Arizona to Australia*

At home or abroad, when the American soldier says *Have a "Coke"* to a stranger, he's made a new buddy. From Minneapolis to Melbourne, Coca-Cola stands for *the pause that refreshes* —has become the mark of the good neighbor.

# MORRISSEY STARS IN QUIZ CONTEST

Jackie Morrissey, representing the Delta Zetas, finally triumphed over the lone male contestant, Wilf Seaman of Sigma Tau Gamma, in the Information Please assembly last Tuesday.

With the emphasis on songs and nursery rhymes, Dorothy Kenniston conducted the sixteen question excursion into the realm of knowledge, while the ten representatives of various student organizations squirmed uneasily.

The first question was to name two sports in which a given term was used. In a blazing triumph the girls easily answered this, proving that perhaps they are not as inferior mentally as is sometimes supposed. The representatives seemed to be surprisingly well-informed on the locale of various pairs of lovers, while Wilf Seaman shined as a scholar of American history in giving the names of four presidents who had been military heroes (paging Dr. Ellison).

Wilf Seaman went on to show his intellectual prowess by answering the remainder of the quiz problems having to do with the connection of headlines and nursery rhymes and math. The

representatives of the Home Economics department were given a chance to prove themselves by giving personal names in foods. These were ably supplied by Betty Rodick, Lucy Goebels, and Mary Jean Ray, who, although only a freshman, showed great promise. Jean Collins demonstrated her great versatility by rendering with gusto the ballad of the unfortunate "Clementine."

The highlight of the whole program was the question that asked what famous singing sextet has reached fame in the last few years, the answer being the Seven Dwarfs because Dopey couldn't sing.

The prizes given the victors in this battle of wits were Roget's Thesaurus to the first place winner and a copy of c-o Postmaster to Carolyn Viets, who won the booby prize.

## Concert at Meeting Seniors To Meet

In accordance with their new policy of presenting an artist during part of their department meeting, the Music Department will be entertained by Mrs. Florence York Stahl in a concert at their meeting next Tuesday. Mrs. Stahl will play Beethoven's Sonata, Opus 10, number 2, and three Chopin compositions: Fantasie Impromptu, Nocturne in F sharp major, and Etude in F major, opus 10, number 8.

All seniors who will receive teaching credentials in February are required to meet at 4 o'clock in room 91 on Tuesday, November 9, according to Mr. Lawrence Chenowith, placement bureau director.

At this meeting seniors will receive and discuss necessary placement bureau forms. This is a required meeting, and seniors are asked to be on hand promptly.

# NEED A JACKET

See R.E.G.

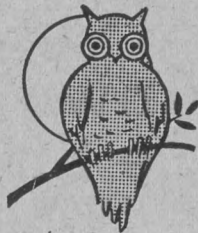

Priced 4.95 to 22.50

A good jacket comes in pretty handy these days for working, for school, for relaxing. A good jacket will help save wear and tear on your other clothes. If you need one . . . we have it. And whether it's a water-proof or a wool that best suits your need, we're ready to serve you.
