Lifestyles . . .

During the course of an average quarter, Nexus photographers expose thousands of feet of film in an effort to capture scenes that will inform readers, illustrate stories, or simply give expression to the personal, creative vision of the individual photographer. Only a small percentage of these pictures ever get published; the remainder languish in a dusty file cabinet awaiting future use.

Contained within this collective portfolio is a reflection of Santa Barbara life, filtered through the senses and lenses of UCSB students. In these pages,

Nexus photographers (with an occasional contribution from the La Cumbre staff), unencumbered by the demands of daily deadlines, present their best work from the past quarter, and take the viewer on a tour of the unique place in which we live. Call it a capsule summary of the Santa Barbara Scene.

Great Western[®] has something better than the Guaranteed Student Loan: The *FAST* Guaranteed Student Loan.

Anywhere you go for a California Guaranteed Student Loan, you'll get a low interest rate and a long time to pay it back.

But with Great Western Savings, you'll get something more: *Fast Service*. You'll get an answer within 30 days. And, because Great Western is a major California lender, you get your money fast. You can even get a loan from Great Western if you have a previous student loan with another lender.

We lend to California residents and nonresidents, as long as the school is in California. Freshmen and half-time students are also eligible. You can borrow up to \$2,500 a year if you are an undergraduate, and up to \$5,000 for graduate study. The low interest rates mean comfortable monthly payments during the first few years after school when money may be tight. You can pay nothing while you're in school, and when you finish there is a grace period before your payments begin.

It's easy to apply for a student loan with Great Western Savings. Fill out the forms at your Financial Aid Office, and send your application to the address below.

You can get a Guaranteed Student Loan from other lenders, but with Great Western, you get guaranteed fast service.

**Don't Cut Long Hair.
PERM IT.**

Does your long hair have the "limps?" Do you spend hours with rollers and curling irons to give it a little life, a little body, a little pizzazz? Are you thinking of cutting it, just to end the long-hair blahs?

Well, don't cut it. Perm it at our salon. Give it the long-lasting fullness and body long hair needs to look its feminine best. You can choose lots of curl, just waves, or only fullness and body.

And you'll love the perm... new Wave Lengths Conditioning Perm for long hair. It's new from Zotos, the world's leading maker of fine salon perms. Nicky's is open Tuesday through Saturday.

YOU DON'T HAVE TO FOOT
A HEAVY PRICE
GET A LIGHTWEIGHT SHOE.

With Timberland's lightweight casual, you get two
pairs of shoes for the price of one. Weighing only 18 ounces,
it's as light as a running shoe. And, thanks to the double-
layered foam innersole and extra padding in the collar, it's as
comfortable.

But with waterproof leather uppers, solid brass eyelets,
and a long-lasting molded polyurethane sole, it's as tough as a
Timberland® boot.

So treat your feet to lightweight shoes that are rugged
but don't cost an arm and a leg.

Talks by Swami Dayananda

"The desire for happiness is fundamental to every human being. All pursuits--careers, relationships, possessions--are sought as a means for gaining happiness, yet none of them provides lasting fulfillment. I am never at home with sadness; I feel most true to myself when I am happy. Does this fact not reveal that happiness must be intrinsic to my true nature? If my nature is happiness and I still want to become happy, then this mistake must result from ignorance of my true identity. As the problem is one of ignorance, only knowledge can be the solution."

Swami Dayananda is a teacher of Vedanta and a Sanskrit scholar, who has been teaching in India since 1967 and has lectured throughout Europe, the Middle East, and North America since 1976. He has given talks at many universities in the United States including Cornell and M.I.T. and has spoken before the United Nations.

Swami Dayananda says of himself:
"I am a teacher and a teacher does not want to be believed without questioning -- he wants to be understood. He has a vision to communicate, and unfolds that vision so that one need not consult him again."
