Roosevelt and Neutrality

● In his Chicago speech President Roosevelt practically reversed the substance and effect of the Neutrality bill that he so strenuously supported earlier in the year.

The bill was designed to keep the United States out of war. It was based upon our sad experience in the World War. No country engaged in war, whether declared or undeclared could receive money from this country to prosecute this war. Furthermore, no belligerent could receive war materials from this country, and citizens of the United States could not ride in belligerent ships with the protection of the United States after the President declared a condition of war existed.

There were, to be sure, loopholes in the bill. For example, a firm engaged in selling munitions could tranship them from a branch office in a neutral country. This was done for the Loyalists in Mexico.

The practical effect of the Neutrality bill was to keep the United States in splendid isolation from the quarrels and thievery of its neighbors. Also, it proclaimed that the United States was not interested in the moral issues involved in such an undeclared or declared war. The bill expressly forbade the President from naming the aggressor.

In Chicago Roosevelt openly designated Japan the aggressor, and destroyed forever the illusion that the United States was indifferent to the welfare of its neighbors. This likewise knocked the Neutrality bill into a cocked hat. However, it had a good effect. Britain noted and listened, and Japan must have felt uncomfortable, for they speedily despatched a group of propagandists to this country to "explain" Japan's position. The opinion of the United States on such a matter has an effect and is important, and it is impossible for this country to sit back in complete indifference.—J.C.S.

● The "half-face test" popularized by a leading cosmetic house, came into its own during rat week at Mercer college. Freshmen women had to appear one day with their hair done up in plaits and make-up on one side of the face only.

"Westwood School for Girls" is no more. Rivals can no longer call the University of California at Los Angeles by that name because the two to one ratio of women to men has disappeared. This year 3,509 coeds and 3,579 men are registered.

Title of the world's tiniest coed is now held by Catherine Cooper, Santa Ana sophomore. She is just 56 inches tall, nosing out her nearest competitor by 1 inch.

Three hundred thirty-seven gallons of apple butter have been made in the kitchens of Glenville State Teacher's college in West Virginia. This allows each student 1,438 teaspoons or two teaspoons per slice of bread—if the student consumes 719 slices of break during the year.

Last week-end at Purdue males could not attend the free union tea dance unless they wore a flower presented to them by some coed. Each girl had two flowers to bestow. It was all part of the arrangement by which, for the space of three days, the men became the "weaker sex" as far as dating was concerned.

A junior at Ohio State university attended the wrong class. He attended the same wrong class three weeks in a row. He had, in fact, attended this class, completed the course and taken a "B" in it two years before. He explained that he had slept through most of the classes and hadn't gotten around to buying a text, so—

The band at the University of Illinois owns nine tons of tunes arranged by Sousa. At least 2,889 band arrangements, formerly belonging to John Phillip Sousa, are in the possession of the band. They weigh more than 18,000 pounds.

Questionnaire

● What is a quiet evening at home to the average college student?
E. DeLANY

Three room mates, either moaning because they haven't any "date", the radio blaring with tin-pan jazz, or complaints because life isn't exciting. Things to come will be, a quiet room with a fire blazing in the hearth, a good musical program, and no "mates".

DOROTHY EMERSON:

A quiet (?) evening at home is worse than a "date". More people, more noise, and more wasted time.

KAY SMITH:

There is no such thing, with girls, fellows, dogs, telephones, door bells, etc. Such fun.

GRACE WILLIAMS:

Eight girls, four radios, two telephones, one dog, four or five fellows downstairs.

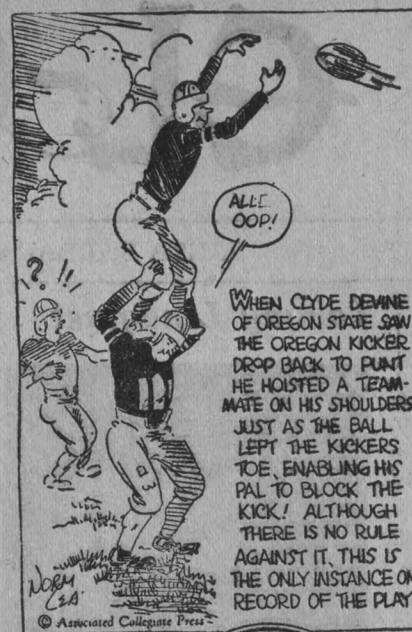

CAROL MacQUIDDY:

Probably a grand dance program, a book lying around waiting to be opened, and the telephone and door bell ringing every few minutes.

Gauchos Roll Up 20-0 Win Over Whittier

Oldershaw, Yeager Star As State Captures Conference Victory on Hadley Field

Combining a powerful running attack with a tight defensive game, the Varsity football team of Santa Barbara rolled to an impressive 20 to 0 victory over the Whittier college eleven at Hadley field in Whittier last Friday night. The Gauchos third conference victory of the year saw them prove their superiority over the southern eleven in no uncertain terms as they pushed over three touchdowns, each on runs by Howard Yeager, and presented a forward wall which the Poets found practically impregnable all evening.

Captain Doug Oldershaw terrorized the Poet ball carriers with his hard tackling and splendid defensive play. In addition he completed two out of three conversions, one by picking up the ball which was bounding around after having been blocked and charged across the goal line in a good exhibition of head-work.

The Gauchos wasted little time in getting under way. They drove straight down the field after receiving the opening kickoff with Monson and Yeager tearing off huge gains on every attempt. A forty-nine yard run by Yeager featured the march which was culminated when he raced around left end for the score. Oldershaw then gave the Gauchos rosters something additional to cheer for when he dashed through the bewildered Poets with the blocked kick for the extra point.

The entire first string backfield of Monson, Pollock, Yeager and Frisholtz had a hand in the second touchdown march and once again it was a wide end run by Yeager that did the trick. Oldershaw sent the ball spinning through the uprights and Santa Barbara went off field at half-time in front 14 to 0.

With Monson plunging through center and the two halfbacks, Frisholtz and Yeager running the ends, the Gauchos went to their third score in the second half. Whittier threatened only once against a combination of second and third string Santa Barbara players. The Poets marked up a first down on the Gaucha three yard line. At this point Coach "Spud" Harder sent Mulock, Young, Busby and Oldershaw back into the game, and Whittier wound up by throwing an incomplete pass into the end zone from the nine yard line, where Oldershaw had deposited Schulyr on the previous play.

In the two remaining minutes the first string was able to advance the ball from their own 20 to the Whittier 20, when the gun cut short further play.

The entire Gaucha squad played well against the Poets. Their defense, both against passes and runs, stood up well in the face of the offensive thrusts of the southerners. Their offense, while mainly confined to running plays, saw a beautiful 20-yard pass from Monson to Young, another to Mulock which was missed by a cat's whisker, and a couple of fine punts by Quarterback Mickey McArthur.

Intramural Hoop Play Starts

Completing the first week of play the intramural basketball season under the direction of Hal Davis and Richard Palmer has developed into the most efficient recreation program yet held on the Gaucha campus.

Remember Oxy!!!!

Once upon a time there was a team of mighty seniors who were ready for anybody's team. Their coach knew his stuff. When the first game came up he told them to look out for a tough defensive team but the seniors knew more than the coach.

Score zero up.

And don't forget Texas.

So tough that the University of Texas refuses to play with them, but our boys were real good. These visitors were little runts. So the seniors thought it would be a walk-away.

Another tie.

Of course there were games in between with Redlands and Tempe. Then the seniors were really Gauchos. They played a game of ball that made the third string Staters look like first string Redlands or Tempe gridders. However, it seems that two games of this type were too much for the local brand of expanding skulls. Then after another bit of sloppy playing they got back in form and really trimmed another one of their rivals. Came the snap of the season, La Verne, a pushover. But

Down there at La Verne they have a record that few teams have. This includes State. They held every team to six points in the first three quarters. Reason for this is a nearly puncture-proof first string line. In case anyone wonders where La Verne got such material take a look at San Francisco Jaysee.

Last year State beat San Francisco State. San Francisco State was also beaten by the bay city jaysee. At the jaysee as coach is Lee Eisen, who once starred for California. Eisen formerly coached La Verne. Hence comes to La Verne Red Brickley who is probably second only to Oldershaw in his line plugging ability for the conference.

To accompany Brickley who plays at left tackle is Dutcher at left end. Led by these two the Leopards have been tough for anybody to beat and the only team to do a thorough job was San Diego. As for the backfield watch Fisher who specializes in off-tackle and end runs and Pierce who can buck the line plenty hard.

Also to add to the fight of the Leopards is last year's basketball game which nearly ended with a battle royal. At that time La Verne men told the Gauchos, "We'll get you next year at football."

And they will sure try to do it.

Stater Points for Yardage Record

When the season of 1937 is past and gone much will be forgotten locally and probably everything nationally with one exception. Santa Barbara State may emerge with a world's record hanging on the hook for Howard Yeager has only 373 yards to go to get the record for yardage in the career of college athletics.

Red Grange playing for Illinois made 3,337 yards in his three years of intercollegiate football. With four games to go Yeager has totaled 2,960 yards.

YEAGER LEADS IN CONFERENCE SCORING

Howard Yeager, All-American half, is in the hospital as the result of blood poisoning. While his condition is not extremely serious it may hold him out of the La Verne game. Howie will be sorely missed by the Gauchos who have already lost Bobbie Morelli.

In the survey of scoring in Southern California conference Yeager has been placed 18 points ahead of his nearest competitor, Glenn Groves. San Diego has the most men who have scored with State a close second. The only field goal was by Nichols of San Diego.

CINCINNATI BIDS FOR SERVICES OF HARDER

In a sport column of Ken Frogley, run in the Los Angeles Daily News of November 2, "Spud" Harder, Gaucha head man was mentioned as being considered for a similar position in an eastern institution.

The article reads as follows: "Theo 'Spud' Harder, coach at Santa Barbara State, is being seriously considered for the football mentor's job at University of Cincinnati, we understand. Position was first offered to "Pop" Warner who said the rest of his career would be spent at Temple, in refusing the bid. Warner recommended Harder, who played end for "Pop" at Stanford during the 1926, '27 and '28 seasons. Cincy's representative has already sounded out Harder personally with no decision yet announced."

Loop Schools Continue Battle

Oxy Takes Unique Spot With Three Zero Grid Scores

For one more week conference play on the gridiron has brought things closer to a "battle of the State colleges" as Santa Barbara State topped their old form to ride the Whittier Poets to a 20-0 Gaucha win. Meanwhile La Verne was holding Redlands to a six-point victory.

Occidental was out proving their right to a new name. This time they are getting a reputation for their inability to get across anybody's goal. So far this season they have scored 13 points. On the other hand, their opponents have scored three points. Even Cal Tech held them to a scoreless tie as did State and Redlands. Now it is the "Punchless Wonder" rather than the roaring Tiger.

Conference standings leave the teams in the following order; San Diego, Santa Barbara, Oxy and Redlands and La Verne and Whittier.

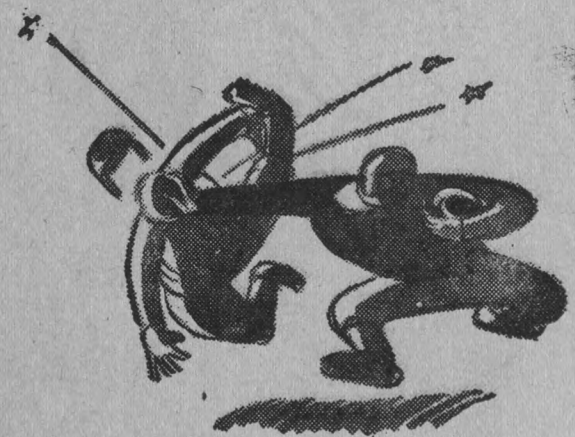

For the nation at large the leaders seem to be California, Alabama, Pittsburgh, Baylor, and Fordham with Santa Clara down at tenth. Last weekend California beat the Bruins of U.C.L.A. 27-14. The rest played drab games with the exception of Baylor who beat T.C.U. 6-0.

Favorites at the present to finish unbeaten are Santa Clara and Alabama with California a strong favorite to come through. For the Golden Bear powerhouse Washington and Stanford will furnish the dynamite. Washington alumni struck at Jimmy Phelan yesterday and he needs a win very badly. As for Stanford they are always troublemakers in the Big game.
