

## National

### ● GOLDWATER CHALLENGES JOHNSON

Speaking at Charlotte, North Carolina, Monday night, Senator Barry Goldwater challenged President Johnson to "face-to-face debates." Goldwater also hit the power of the Supreme Court.

"I dare him to face me before the world. I demand of him debate. You and I demand that he debate the major issues of this campaign." These were Goldwater's words of challenge.

On the Supreme Court, Goldwater said, "Of all three bran-

ches of government--today's Supreme Court is least faithful to the constitutional tradition of limited government and to the principle of legitimacy in the exercise of power."

### ● JOHNSON STRESSES LEADERSHIP

President Lyndon Johnson told a rambling White House news conference that "at stake in the campaign is how we can develop strongest preparedness by uniting our people... and leading our allies and the people who feel as we do, in helping freedom survive."

This Monday confab also dis-

## News Briefs

closed that President Johnson intends to travel to approximately 30 states during the coming campaign. Next Monday he takes a New England jaunt. Other trips will be to the South and possible Far West.

Other announcements included news from Senator Hubert Humphrey that "enthusiasm for the Democratic ticket has never been higher." Johnson also appointed Clark Kerr, president of the University of California, as a member of the board for

Communications Satellite Corporation.

## State and Area

### ● SANTA ROSA BURNS

Fire moved swiftly toward the California town of Santa Rosa Tuesday morning. After erasing half of the town of Calistoga, the blaze sped toward Santa Rosa. Nearly 300 families in the northwest section had orders to evacuate in the face of the flames.

Whipped by 35 mile-an-hour winds, the conflagration moved swiftly at first. As winds dropped, the heat of the fire dimi-

nished somewhat. Estimated damage thus far is five million dollars.

## International

### ● U.S. WARNS RED CHINA

Secretary of State Dean Rusk stated that the United States "is not going to be pushed out of the Gulf of Tonkin." "If the pressures from the north continue, they, too, will have dangerous consequences," Rusk continued. Despite renewed action, Rusk termed the action "self contained" and said the United States "will continue to insist that Tonkin Gulf is international water."

## TODAY'S WEATHER

Generally sunny;  
light and low  
morning clouds.  
Warmer temperatures.

Volume 45, Number 3

Associated Students, University of California, Santa Barbara

Wednesday, Sept. 23, 1964

AT LAST--After several years of careful planning, the ground has been broken at the site of the new Student Center. The \$3 million first seg-

ment of the center, which is located above the lagoon, will be completed by December, 1965. In the background is San Miguel Hall.

## Parking permits, fees described

Parking regulations for 1964-65 have been announced by the Vice Chancellor.

There are five types of permits: "A"-- Faculty and Staff; "B1"-- Women Students in permanent residence halls; "B3"-- Las Casitas Students; and "C"-- Students living off campus.

Parking areas on campus are designated for specific permit use only, but "A" permit holders may park in "B" or "C" areas if space in "A" areas is not available.

Vehicles must be parked only in designated parking lots, and must display a valid parking permit.

### CONTROL HOURS

In Residence Hall areas lot controls are always in effect. Control hours in other areas are indicated on the lot designation signs, and are subject to revision at any time.

The present parking fee is \$15 for cars, and \$5 for motorcycles and motor scooters for the year beginning September 1 and ending August 31.

An annual car permit cancelled before February 1 entitles the holder to a refund of \$7.00, and the motorcycle permit refund is \$2.00 if cancelled prior to February 1. For re-

fund, the parking decal must be removed, and evidence of destruction turned in to the Police Department, together with Cashier's receipt.

The fee for permits issued after January 31 is \$8.00. Summer permits are \$3.00. The permits are not valid beyond August 31.

### SPECIAL PERMITS

For special circumstances, temporary parking permits may be issued. The fee for these non-refundable permits is \$2.00 and they are issued for a period not exceeding 30 days.

Permits for students enrolled in University Extension courses or evening classes only, between 3:00 p.m. and 11:00 p.m., are \$3.00 per semester.

Permits for second cars are available upon payment of an additional \$1.00.

Fees, paid at the Cashier's Office, are subject to revision as conditions warrant.

Applications for parking permits may be obtained at departmental offices, the Cashier's Office, the Personnel Office, and the Police Department, Monday through Friday, from 8:30 a.m. to 4 p.m.

Decals are issued by the Police Department upon presentation of an approved application accompanied by the appropriate Cashier's receipt, and Vehicle Registration slip. Decals should be mounted in the lower right corner of the windshield.

No permit holder will use visitor parking zones, which are clearly marked. The use of reserved spaces is restricted at all times.

## KCSB works toward FM broadcasting

By DENIS DUTTON  
Staff Writer

KCSB is moving closer to the commencement of full time FM programming. That's the word from Bill Mann and Phil Vango, KCSB engineers. In the mean-

## Appointments for photos set

Yearbook picture appointments for seniors and Greeks are being made this week at the Campus Photography Studio in the SU.

Individuals are charged \$2.75 for the portrait sitting.

time, the campus station will begin next Monday serving Anacapa, Santa Cruz and Santa Rosa Halls on AM carrier current.

KCSB is presently operating under an Federal Communications Commission engineering test permit which authorizes the station to carry out tests of FM equipment. The first test was broadcast last Friday from the transmitter on top of San Miguel Hall.

The big obstacle still to be overcome by KCSB engineers is the installation and calibration of remote metering devices for the FM transmitter.

Federal law requires that

half-hour checks be made of transmitter power when the station is on the air. Also yet to be done is the tuning of the transmitter to the correct frequency, which for KCSB will be 91.1 megacycles.

This year will see many new features in KCSB's programming. An Associated Press teletype will supply the station with international, national and regional news, as well as in-depth reports and feature stories.

The International Service of the Canadian Broadcasting Corporation has agreed to supply

(Cont. on pg. 3)

## Campus cultural activities planned

A jam-packed schedule of lectures, film classics, concerts and other musical selections, dramas and art exhibitions has been set for the months of September and October at UCSB.

Heading the list of authorities who will lecture here are Thomas Braden, president of the state board of education;

## Frosh elections signups beginning

Students interested in campus government should sign up in the AS Office before October 5 for the 10 positions to be filled in the October 19 elections.

Offices available for members of the Freshman Class are president, vice-president, and secretary-treasurer. Other positions are Sophomore Class secretary-treasurer, two Women's Representatives - at-large, one Women's and one Men's Non-Affiliated Representative, and one Women's and one Men's RHA Representative.

All candidates are required to attend a meeting in the Student Union Quiet Lounge on October 6 at 4 p.m. They must take a test on the AS Constitution and Robert's Rules of Order on October 8 or 9 between 3 and 5 p.m. All publicity is due on October 12. No publicity may be put up until then.

Philip M. Wagner, editor of the Baltimore Sun; and Harold Rosenthal, editor of "Opera" Magazine.

Braden speaks Tuesday in Campbell Hall at 4 p.m. His topic will be "Politics and Education."

Wagner, a Regents' lecturer, will speak on "A Newspaperman Looks at Washington" Thursday, Oct. 8 at 8 p.m. in Campbell Hall.

David Gebhard, director of the UCSB Art Gallery and a Harold J. Plous Memorial lecturer, will discuss "Pre-historic Art: Pattern or Chaos" Thursday, Oct. 13 at 4 p.m., also in Campbell Hall.

### SHAKESPEARE

John Lawlor, a professor of English language and literature at the University of Keele in England, will speak on "Trial and Error in Shakespeare's Dramatic Career" Thursday, Oct. 15 at 4 p.m.

Isaac McClelland, principal of the David Starr Jordan High School in Los Angeles, will talk on "Discovering Hidden Talent" Wednesday, Oct. 21 at 8:15 p.m. The speech will be delivered in honor of recipients of University scholarships and honors-at-entrance.

"Is Federalism Worth Saving?" will be the topic of a speech to be delivered by Philip M. Wagner, Regents' lecturer,

(Cont. on pg. 3)

# El Gaucho

## Editorial Page

### Congratulations

El Gaucho would like to congratulate those associated with Frosh Camp on the success of their endeavor. This activity took a great deal of preparation and this year benefited 1234 new students, or roughly one third of the entering freshman class.

A full orientation program included an introduction to the academic, cultural, social and recreational aspects of campus life. One hundred forty-three students, serving as staff and counselors, donated a great deal of time to make the transition from high school to college as easy as possible for entering freshmen. Seventy-five of the faculty also co-operated, serving as lecturers and discussion leaders.

Members of the Frosh Camp Staff were Gary Jones, director; Jim Hartmeyer, assistant director; Roger Husted and Sue Pine, housing and meals; Dave Thomas and Kris Giebler, registration; Dick Mounts and Marie Lynn, discussions; Pat Kerr, program coordinator; Reece Duca and Kris Rice, assemblies; Ron Mullenaux and Marc Jacobs, recreation; Karen Olson, faculty co-ordinator.

Members of the assistant staff were Andy Arbogast, Sally Fox, Lynda Hofmann, Pat Palmer, Margie Reeder, Doug Miller, and Rick Tanner.

Students who successfully carry the burdens of a college career seldom make headlines. There are many students on this and other college campuses across the nation who not only are successful in their academic pursuits, but in addition find time to be of benefit to their fellow man.

### Editor's Mail Box

#### A Contrast

Dear Editor:

"Those who would answer every problem with nuclear weapons display not bravery, but bravado, not wisdom, but a wanton disregard for the survival of the world and the future of the human race." - Lyndon Johnson, New London, Connecticut on June 3, 1964.

"All NATO forces stationed in Europe, regardless of nationality, should be equipped with and trained in the use of nuclear weapons, particularly of the so-called battlefield or tactical variety. So long as Europeans feel that the U.S. can veto the defense of their homes by the most modern weapons, they will have reason to view the NATO alliance half in hope and half in fear.

"The question of 'nuclear sharing' revolves, actually, on a question of trust. Do we, in nuclear matters, trust the Soviets more than we trust our allies?" - Barry Goldwater, LIFE Magazine, January 17, 1964.

This letter is in reply to and in completion of Michael Iverson's purposely incomplete quote which was printed in the September 21 issue of EL GAUCHO.

BOB NAMANNY  
Sophomore  
Poli Sci Major

#### Peace Corps

Editor's note: the following letter was sent originally to Maxwell Pellish of the Economics department. Tom Ivers graduated from Santa Barbara in 1963. He is now serving with the Peace Corps in Venezuela.

"...I've been here for about 10 weeks and like it pretty well. I'm living in Moralez, a semi-rural city of some 150,000 people, and located about 60 miles from Caracas. Moralez has a small town atmosphere and people have really given

us a good welcome here.

My partner and I are working in a barrio (slum) of about 20,000 people. We won't be able to work with everyone, but we are trying to work with the organizations there. We have located a house, but haven't been able to move in because it isn't quite finished.

Venezuela is surprisingly developed technologically. One can buy almost anything that we can in the U.S. at about the same price (usually) or higher. Of course either price is too high for Peace Corps volunteers.

The majority of the people do not have very high incomes. The reason that the country is first in per capita income is because of the oil resources, and these are located in the hand of a few.

So far my Spanish is coming along fine. At first it was a little difficult, but now I can speak and understand fluently. That of course is a boon. Without speaking the language one is doomed to frustration and cannot accomplish much."

(cont. from pg. 1)

Thursday, Oct. 27 at 4 p.m. Rosenthal will speak on "Purcell, Handel, and the Rise of Italian Opera" Friday at 8 p.m. in the orchestra room of the Music Building.

On the drama schedule is Max Frisch's "The Firebugs," which will be staged by Theodore Hatlen, chairman of the Department of Dramatic Art, October 29 through 31 at 8:30 p.m. in the New Theatre.

## FILM SERIES

The film classic series begins Sunday "The Rest is Silence" (German, 1959). All Sunday movies are shown in Campbell Hall at 6 and 8 p.m.

Films to be shown on subsequent Sundays in September and October are "Variety Lights" (Italy, 1950); "My Life to Live" (France, 1962); "The Kid Brother," a Harold Lloyd Comedy; "The Lovers" (France, 1959); "The Matlese Falcon" (American, 1941).

A faculty art exhibit will begin next Tuesday at 4 p.m. with a coffee hour in the main gallery of the Art Building. It will run through Sept. 30.

The first West Coast retrospective exhibition of paintings by William Merritt Chase will open Tuesday, Oct. 6 at 5 p.m. in the main gallery.

## ART GALLERY

Selections from the Sedgwick Collection and other paintings, drawings and prints from the permanent collection will be on continual display in the small and entrance galleries. Gallery hours are 10 a.m. to 4 p.m. on week days and 1 to 5 p.m. Sundays.

Musical performances will be staged by the Deller Consort with counter-tenor Alfred Deller at 8:30 p.m. Thursday, Oct.

15 in Campbell Hall; soprano Dorothy Westra, associate professor of music, who will deliver a faculty recital Tuesday, Oct. 27 at 8:30 p.m. in Campbell Hall; and the Men's Glee Club Saturday, Oct. 31 at 8:30 p.m. in Campbell Hall.

Also scheduled is a performance by the Erick Hawkins Dance Company Wednesday, Oct. 28 at 8:30 p.m. in Campbell Hall.

## Speech, Drama split creates 2 departments

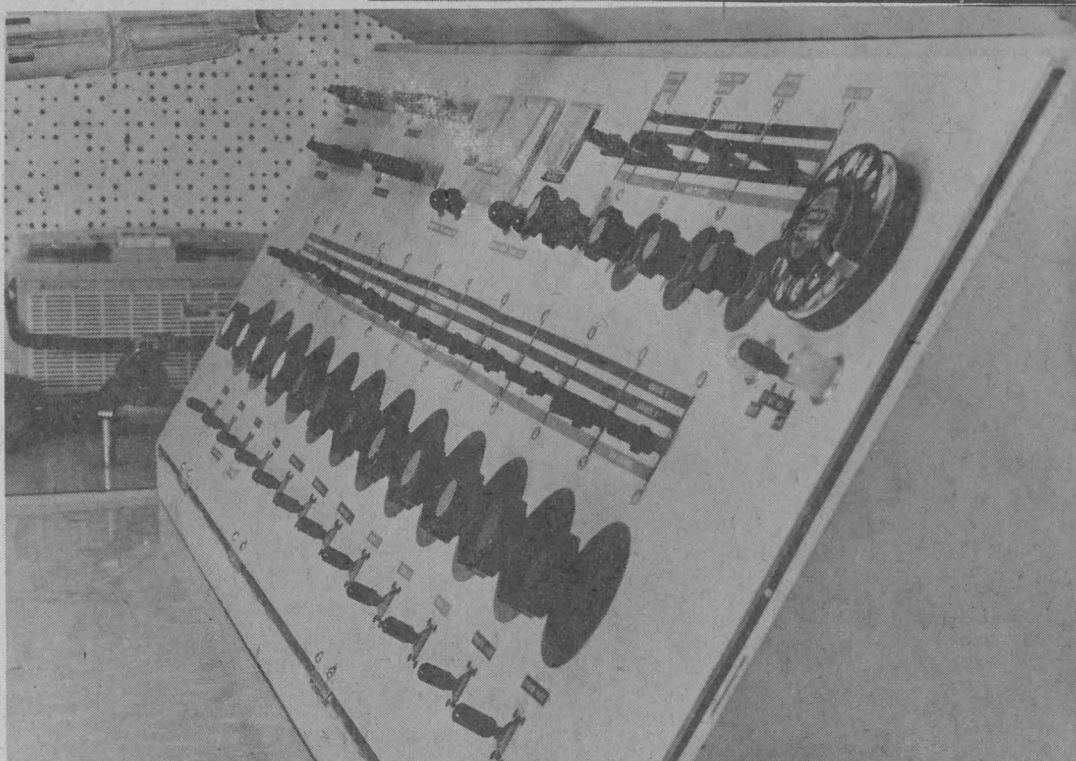

Replacing the Department of Speech and Drama will be two new departments this fall.

Professor Theodore W. Hatlen has been appointed chairman of the new Department of Dramatic Art, and Dr. Rollin Quimby, who was chairman of the old department, will continue as chairman of the Speech Department.

Specialization in rhetoric and public address and speech pathology are offered to speech majors at Santa Barbara.

The undergraduate curriculum in dramatic art offers a four-year course in both theory and practice of acting, stage direction, stage and costume designs, and playwriting. The major is a balance between courses in dramatic literature, theater history, and production.

Both departments will use the new Speech and Drama building. Seminar and conference rooms, rooms designed for public speaking, a speech clinic, sound-conditioned experimental rooms, and individual student-rehearsal rooms will be available.

FM FOR IV -- Santa Barbara's campus radio station, KCSB, will soon be handling FM programs from this control board.

## KCSB news gains AP

(cont. from pg. 1)

KCSB with transcription discs of lectures, dramas and musical events.

"The Educated Imagination," a series of six lectures, will explore the history and aesthetic of literature. Another CBC presentation will bring KCSB listeners dramatizations of famous Canadian trials.

Also offered by KCSB through Radio Canada are musical events that will include record-

ings made at the Montreal Jazz Festival as well as presentations of classical music.

A meeting for all the old and new KCSB staff will be held tonight in SH 1131 at 7:30 p.m. The station invites anyone who would like to become acquainted with radio to attend. Positions are open for news writing, announcing and engineering. No experience is required.

## Houston proves integration success

(Editor's note: The following is an article about working integration in Houston written originally by Bill Porterfield of the Washington Post. It will be concluded in Friday's issue.)

A narrow bayou in Houston separates two neighborhoods once restricted to whites that

now are integrated. But the neighborhoods are a world apart.

Ironically, it is the neighborhood south of Bray's Bayou which has been called "a model example for any city of an experiment in democracy" by Charles Kelly, executive director of Houston's Bi-racial Council on Human Relations.

South MacGregor Estates is a tree-shaded neighborhood of fine old homes and meandering streets. It is a place where wealthy Jewish families began to build in the 30s and 40s when they were barred from moving into River Oaks, Houston's original silk stocking residential area.

**LIVING IN HARMONY**  
Today, 175 Negro families live there in quiet harmony with 825 white families. Drive along the winding streets and one can count on the expansive lawns 225 signs which say, "This is our home. It is not for sale."

At last count, there were but 65 "for sale" signs in the neighborhood. Three months ago, there were 165 "for sale"

signs in South MacGregor estates and not one "not for sale" sign. What caused the turnabout?

### Proposition 14 attacked

Proposition 14, the initiative which would remove the power of state, cities and counties to enact so-called fair housing legislation, has been called "an attack on the principle of equal opportunity in education" by a Los Angeles teachers' organization.

The American Federation of Teachers College Guild said the proposed state constitutional amendment is "a grave threat to the attempts to end segregation in the Los Angeles schools."

Edward A. Irwin, Guild president and national vice-president of the American Federation of Teachers, said, "Major cities throughout America are awakening to the burden which segregated housing imposes on their school systems."

### Assistant appointed

David P. Gardner has been appointed assistant to the chancellor for development, Chancellor Vernon I. Cheadle said today.

Gardner, for the past year director of the California Alumni Foundation in Berkeley, succeeds Lawrence J. Hagerman, who resigned last month to go to the University of Singapore as a development adviser under an Asia Foundation appointment.

At UCSB Gardner will be responsible for coordinating the University's relations with public and private groups, including the UCSB Affiliates, the Alumni Association, parents organization, community groups, foundations and business and industry.

Gardner received his master of arts degree in political science at Berkeley and is completing his work for a doctorate.

**FOR SALE --** Gas kitchen range, modern bathtub (left-handed), all purpose table, room divider, good condition -good riddance, LOW PRICE, Call 8-2045 preferably in morning or late afternoon.

## Cycle boom means trouble

Lack of observation of bicycle regulations has led to an increase in accidents and a nuisance to both the students and the campus police, according to campus police Captain Willis Lowe.

Last year 23 accidents were investigated by the campus police. Captain Lowe stated that the number of accidents which go unreported is only a matter of conjecture.

One of the major regulations states "Pedestrians shall have the right of way at all times, unless the exercise of this right-of-way will endanger the safety of any person."

Students break this regulation by ignoring signs which restrict bicycle riding. According to Captain Lowe, "In the past these restrictions have not been enforced; but because of the frequency of the violations, tickets will be given to offenders."

A major problem facing the police is bicycle thefts. Last year 659 bicycles were either stolen or temporarily borrowed. Of these, 537 were recovered by the police.

It is a misdemeanor to use a bike without the owner's permission. The offense is punishable by a fine not exceeding \$200 or a jail sentence not exceeding three months or both. In the few cases in which students were apprehended, fines ranged as high as \$120.

### Campus groups register at ACB

Groups that wish to be registered as campus organizations must fill out registration packets and return them to the Activities Calendar Board Office by Oct. 2.

About 200 groups are involved in this registration. They must fill out the forms if they wish to be recognized by the University.

Students interested in being a part of the Activities Calendar Board should sign up this week in the AS Office. Interviews will be conducted tomorrow through Tuesday.

### Campus doctoral program changed

New programs leading to the Doctor of Philosophy degree in English, geology, music, philosophy and sociology have begun this fall at the University of California, Santa Barbara. There will now be thirteen departments offering work toward the Ph.D. Continuing programs include those in biology, chemistry, economics, history, mathematics, physics, political science, and psychology.

A new Master of Arts program in anthropology brings the total M.A. program to 23. M.A. degrees are also available to candidates in applied mathematics, biology, botany, chemistry, drama, economics, education, English, French, geology, history, mathematics, music, philosophy, physical and health education, physics, political science, psychology, sociology, Spanish, speech, and zoology.

### Funds granted

The Department of Sociology has received a graduate training grant for \$30,000 from the National Institute of Mental Health.

The grant will be used for a graduate program leading to advanced degrees in sociology.

### Auction of lost items planned

Lost and unclaimed items left on campus last year will be auctioned October 2 at 11 a.m. in Building 440.

Among the unclaimed items are bicycles, books, jewelry, watches, luggage, and irons, according to University officials.

Items will be put on display at 10 a.m. that morning.

### Department gets grant

The Danforth Foundation of St. Louis has pledged a cash grant to support the Department of Religious Studies.

Gifts amounting to more than \$26,000 will be donated to the new academic department. The organization and content of the courses are left to the university.

Curriculum for the study of Western religious systems was first established at Santa Barbara ten years ago. Last May it was approved by the Regents as a regular academic department.

The Danforth Foundation was created in 1927 by the late Mr. and Mrs. William H. Danforth. The purpose of the Foundation is to strengthen higher education.

## Rifle range opening October 1 Men's, Women's teams form

"The rifle range located at the ROTC building is now open to all interested students," announced Sergeant Edelen, rifle Coach, today.

Beginning October first, the range will be open from two until five every weekday afternoon. Use of the range, rifles, and ammunition is free. U.S. Winchester rifles are used.

Students will be helped to shoot by Sergeant Edelen, and are encouraged to come. This help is part of an expanding rifle program to help students at UCSB, who help pay the cost

of the rifles, ammunition, and range.

Members of a men's rifle team are Robert Frick, George Berringer, Maurice Alston, Randy Joe Young, and James Hartmeyer. All are returning from a team which compiled a 16-1 won-lost record last year.

Women interested in forming a team are encouraged to come to the range also. If there are enough women, a women's team will be formed. James Hartmeyer will probably coach this team.

## Grid team girds grimly for tough Whittier game

Stunting their linebackers, the San Fernando Valley State Matador football team defeated UCSB, 7-0, Saturday. Will this double-teaming type defense affect Gaucho plans for Whittier and beyond? To find out, this reporter asked several players what they expected to see in practice this week. Here are their answers:

Joe Davis felt that the team will work on its attitude this

week. He also felt that the offensive line will be due for plenty of work to help get the offense rolling.

"We'll probably work most on improving our blocking," stated Bob Whitworth. Better pass protection and more team spirit also will be hit hard, according to Whitworth.

Quarterback Bob Heys expects several new plays to help the offense get moving. "They

should give us a more balanced attack," he said.

Special work on the stunting-type defense is mainly what Jerald Cline felt is important. "Any team we meet this season is liable to use this defense against us after the success San Fernando had," Cline commented.

"Many of the men are undergoing a period of self-reevaluation," said Bill Burnett. He seconded the idea that work on the stunt defense and the offensive line will be stressed.

Several new patterns will be added to Jerry Kearns repertoire for the Whittier game. Kearns already leads the team with five chances for catching more passes, and jelling the offense.

Ernie Zomalt saw little difference being made in the basic offensive patterns. The team has realized its mistakes, and will correct them," he said. Offensively, the change will be to meet the strengths and weaknesses of the opposition, according to Zomalt.

### Individual Performances

Jerry Kearns' sticky fingers brought him 57 yards on five passes caught to lead all pass catchers. UCSB's Max Hand (46) snared three for 22 yards, while Joe Davis (87), Larry Scott, and Bob Blindbury each nabbed one.

Scott led the Gaucho backs with 33 yards in eight tries for a 4.12 average. Blindbury did some groundwork also, picking up 17 yards in eight attempts. For San Fernando, Sherbourne and Greathouse made 52 and 42 yards respectively.

Completing 13 of 24 passes, Dawson made 119 yards through the atmosphere. Jerry Crawford intercepted one to break up a UCSB spurt early in the fourth quarter. Two passes, 13 and 17 yards, had gone to Kearns. Crawford then intercepted the aerial and went for 25 yards. Earlier, another Dawson aerial fell into enemy hands.

Heys tried and completed three passes for 22 yards during his brief stints at quarterback.

conditioning and organizing begin immediately.

The first practice consisted of conditioning exercises including routine calisthenics and running. During the second and third days, formations and team organization were stressed.

### SCHEDULE

- October 2 - Cal Poly Frosh \* 3:00 p.m. - Here

UCSB's new cross country course makes a figure eight around the lagoon, then a loop on the lower lagoon. Many spots can be seen all over the course from the starting line.

What's the score?

## Distance men make points

by CLIFF CHERNICK  
Sports Writer

The Gauchito cross country team is ready for Long Beach's Invitational on Saturday. After viewing the spectacular performance his boys displayed against Westmont, Coach Adams says the team is the finest in UCSB's history. He has high hopes for a favorable showing in the tough Invitational. Scoring a meet in cross country is different from most

sports in that the lowest score wins. Each team runs as many men as are available, but only the first five finishers for each team are counted when tallying the team's total score. However, any runner who does not finish in his team's top five may still displace a runner from another team.

For example, in our last meet against Westmont we took first, second, third, fourth and twelfth places for a total score of twenty-two. Westmont took fifth, sixth, seventh, eighth, and ninth for a score of thirty-five; but Westmont runners also placed tenth and eleventh. Therefore, although they did not count in their team's total, they were still able to displace Jon Brower to twelfth.

Jack Roach and Jim Allen will most likely be the top Gauchito point getters at Long Beach, with Freshmen Rick Schankel and Jeff Rawlings close behind. Just how close these two are to Roach and Allen will probably decide the outcome of the meet.

## Here's Food For Thought:

Have you ever had football fever? We understand the authorities are predicting a massive epidemic on the UCSB campus this fall. The symptoms are an uninhibited desire to be at the game on Saturdays and a tingle of excitement down your back when the Gauchito fight song plays.

Of course, the only remedy for football fever is to enjoy the best malts, shakes, and burgers in town at Foster's Freeze. And while you're there, join in the Foster's Freeze Football Fun contest. You might win some fabulous prizes--including an all-expense paid trip to the Rose Bowl!

## U. S. Olympic Gymnastics team gives exhibition tomorrow night

Many veteran Olympians head the U.S. Olympic Gymnastic team this year. Appearing with the team in Santa Barbara are Makato Sakamoto, Jack Beckner, Larry Banner, Armando Vega, Ron Barak, Gregor Weiss, and Rusty Mitchell.

Starting time for the exhibition is 8 p.m. at Robertson Gym, Thursday. Total time of the performance will be one and one-half hours. Student tickets may be purchased at the Graduate Manager's Office for \$1.50.

### SAKAMOTO

Sakamoto is rated as a threat to take a gold medal. After defeating our top men at the National Championships in 1963 and 1964, Sakamoto is the top U.S. gymnast at the age of 17 1/2.

### OLYMPIANS

A veteran of the 1952, '56, and '60 Olympics, Beckner is rated a definite help to the team. Larry Banner served on the 1960 Olympic team. He was also 12th in the 12th All-Around international events. On the side hose, he finished seventh among 600 gymnasts from all over the world.

### NCAA CHAMPIONS

Armando Vega, Ron Barak, Gregor Weiss, and Rusty Mitchell have won NCAA all-around championships. Vega held the title three times, while Barak of U.S.C. is the 1964 Champion Weiss, from Penn. State University, was also a member of the U.S. Pan American team which went to Brazil. The year's real surprise was Rusty Mitchell.

Mitchell took first in every NCAA honor in gymnastics. In the tumbling and free exercise, he is considered America's greatest.

### GOLD MEDALS

Coach of the Czechoslovakian team rated Sakamoto, Banner, and Weiss as top chances for gold medals. "This will be America's strongest team ever if all potential is met," many nations have concluded.

RON BARAK (USC) on the high bar. Tickets available at door.

## WHY WE CARRY GANT

There's more than fabric superiority in Gant. In addition, "needled-into the warp and woof of every Gant shirt" — there's flair-fit show — three vital in-herents that make all the difference when a man wears a Gant.

We chose Gant because they take shirt making seriously. They're hard to please (like we are) when it comes to fit of collar, its roll, its profile—how much it shows above the suit collar. They're fastidious about the way the body of the shirt drapes and folds. All must integrate to achieve that viable ingredient which gives comfort and aplomb. In substance, Gant shirts are keyed to the discerning tastes of well groomed men who appreciate quality. These men are our customers.

## Zentner plays Friday

Si Zentner and his orchestra will play Friday night from 8:30

SI ZENTNER

12:30 in Robertson Gym for the sophomore-sponsored dance "Fall Fling."

This dance is another one of the get-acquainted dances which requires no date. Tickets are \$1.00 when purchased before the dance at the AS office and other specified locations. Tickets will be sold at the door for \$1.50.

Zentner, a trombonist, played with the Jimmy Dorsey band in the forties. After a year with Dorsey, Zentner formed his own band. He later signed with Liberty Records.

Sophomore Class President Bill Pascoe stated that "UCSB is very fortunate to have such a fine band play for one of our dances. 'Fall Fling' promises to be one of the biggest dances of the year."

## El Gaucho Entertainment Page

### Museum of Art's autumn lectures begin on Monday

Museum of Art in Santa Barbara recently announced its lecture series and exhibitions for the autumn season.

The museum will hold lecture programs every second and fourth Thursdays of the month. The lecture topics include "Paintings by Paul Gauguin," "Athens: Age of Pericles," and "American Painting Now."

The exhibitions will include paintings by Donald Borthwick, drawings by Robert Nash, costumes from Macedonia, and art of New Guinea.

Also offered are painting classes for young people. The classes are for ages six through twelve and begin on Monday.

The museum which is located at 1130 State Street is open Tuesdays through Saturdays, 11 a.m. to 5 p.m., and Sundays, noon to 5 p.m.

### Claustrophobia growing menace to our fair state

California now ranks as the nation's most populous state, according to the Bureau of Census as reported in a New York Times Service report. The Census Bureau remarked that California has "enjoyed" a population boom in recent years.

Choice of the verb is open to challenge by some of those Californians who recall less congested times.

To ease their sense of popu-

## Minstrels to perform here

Lack of melancholy, and orientation toward fun-loving songs, characterize the New Christy Minstrels, who will appear at the County Bowl Saturday at 8:30 p.m.

### Hey diddle and diddle

Contrary to the nursery rhyme, the cow was not aiming for the moon; and contrary to bicycle regulations, the bike rider was not watching for "pedestrians."

These conditions led to a collision on the Airport Road last spring.

The bicycle was severely damaged, and both the rider and the cow were injured.

### New Profs

Chancellor Vernon I. Cheadle recently announced additions to the English Department. The new professors include Dr. Allan H. Orrick, assistant professor, Dr. Martha Banta, Dr. Ellen Hurt, assistant professor of English, Dr. Stoddard Malarkey, assistant professor, Miss Kathleen Smith, acting assistant professor, and John Michael Barnard, lecturer.

Special discount tickets of a dollar off are available for Santa Barbara students at Porky's Drive-In-Restaurant.

Formed in 1961 by Randy Sparks, the group is named after a company of pre-Civil War entertainers created by "Pops" Christy in 1842.

Made up of seven boys and two girls, the group tries to maintain the carefree spirit of the early minstrel days.

Each member of the group performs his own special solo and is skilled in playing a musical instrument.

### Local chapter of Dames to meet

Mrs. Vernon I. Cheadle and the local faculty sponsors of the National Association of University Dames will be the hostesses for an informal reception for wives of students and married women students.

The reception will be held Thursday from 8 to 10 p.m. in the University House.

For information or transportation, call 8-3400 or 8-2908.
