SANTA BARBARA, CALIFORNIA, FRIDAY, OCTOBER 1, 1926

NUMBER 3

## BUDGET IS PASSED BY COUNCIL; VERY FEW ALTERATIONS MADE

### New Fund Created to Pay Expenses of Pep Committee

One percent was given the Pep Committee and a petition for a raise from 14% to 18% was denied La Cumbre, the annual, when the student body budget for the year was formulated at the council meeting Tuesday. The Forum Fund, which last year was 1%, applicable to debating, dramatics, and oratory, was dropped.

The proposed budget for the year, as drawn up by the faculty budget committee composed of Miss Bradley, Miss Severy, and Mr. Peters, was practically accepted as recommended. A recommendation of one percent addition to women's athletics, to be drawn from the Forum Fund, was not accepted, the one percent being placed into a new fund, that of the Pep Committee.

Although recognizing La Cumbre's need for additional funds, the quota was not raised, and in order to give the annual more money if necessary, an amount of approximately \$500 from the sinking fund of two years ago and which is now in savings, will be referred to the student body for appropriation.

The budget as recommended by the faculty gave men's athletics 48%, La Cumbre 14, sinking fund, 10; Eagle 11.5; women's athletics 4.5; general fund 2, and social 10.

### First Student Dance Next Week; To be Hard-Time

A rural hard-times party and dance is scheduled for next Friday by the Social Committee. It will be a general student body social, held in the gym and beginning at 8:30 p.m.

The feature of the affair will be mixer dances and events. Jansen's Orchestra has been secured.

Decorations carrying out the rural community atmosphere is planned. As it is expected there will be an over-balance of women at the dance, outside invitations have been sent to men of the town, as well as the men from Southwestern University, who will play here Friday.

### Doctor Added to College Faculty; Holds P.E. Exs

A new member of the faculty is Dr. Markthaler, medical examiner and consulting physician for men and women. He started his work here last week when he gave the football men physical examinations. This week the women of the college are receiving medical examination under an appointment system.

Dr. Markthaler came from the East a year ago. He studied at Harvard, Wesleyan and Columbia Universities.

### The New Budget

The following is the budget for the current year as adopted by the student council Tuesday. The amounts are calculated from the basis of \$5400 from dues this year, each sum being for the first semester only.

Men's athletics	48 %	\$1296.00
La Cumbre	14 %	378.00
Sinking fund	10 %	270.00
Eagle	11.5 %	310.50
Women's ath.	3.5 %	94.50
General fund	2 %	54.00
Social	10 %	270.00
Pep Committee	1 %	27.00

## HEALTH BENEFIT TO REMAIN OPEN FOR MEMBERSHIP

Resolving that they would not let such an opportunity for individual protection pass the students, the heads of the Health Benefit Association decided, after threatening to close to further membership last Friday, that their lists will remain open for the coming year.

By Friday of last week, thirty-five students had joined the association. This number included practically all the football men, besides the students who signed up for protection against sickness.

Harold Morehead, chairman, has declared the policy too good to lose and states that early joining will mean actual assurance of the Benefit in addition to personal satisfaction.

### Dancing is Reinstated at High School by Petition

The reinstatement of dancing at the local High School took place this week when the faculty readmitted this type of entertainment to the social calendar. The action of the teachers took place after extensive petitioning on the part of interested students and the endorsement by the student council.

Dancing was abolished at the High School three years ago because of student failure to comply with the regulations set by the social committee. Since that time, the question had been agitated several times, but without success.

### Fryer Chosen Head of Frosh Class at Meeting

Gaillard Fryer was elected president of the Frosh class at their meeting held yesterday. Margaret Gammill was chosen vice-president, Thelma Morgan secretary, and Gene Harris treasurer. Lawrence Pollard was given the job of yell leader.

Warren Atwood, chairman of the Pep Committee, made an appeal to the class in regard to their responsibilities at the coming rally bonfire. The Frosh have promised to build and guard the pyre.

## Roadrunners Travel North to Play Strong Fresno State Team

The Roadrunner eleven meets Fresno State, at Fresno, this afternoon in what is anticipated as one of the hardest games of the year.

The game is to be the feature of the Fresno Fair week, and is expected to draw an enormous crowd.

Fresno will outweigh the local team twenty pounds to the man. The line-up consists of all experienced men, most of them with college football experience, and all with prep school records. Several recruits are from the championship Bakersfield team of last year.

As an example of their strength, Fresno pushed over a touchdown on the strong Stanford varsity in a game played last week. The final score read 44 to 7 in favor of the Cardinals. Fresno's ability to score on a team as strong as Stanford is a reliable index to their strength.

### Furman Out

Hal Furman, guard and punter, has withdrawn from the game on the advice of the doctor. His kicking was an important asset to the defensive strength of the locals, and his weight counted heavily in the line.

Coach DeGroot is taking a squad of twenty-two men on the long trip. While not anticipating anything like victory, Coach states

### Registration Totals 423; Still Steadily Climbing; Registrar to Close Today

Registration in all of the college departments totaled 423 on Wednesday afternoon. Mrs. Miller, registrar, announced that registration of new students will be definitely closed today.

The number is expected to reach from 450 to 500 by the time the list is complete. The number of entering students took on a steady decline after the rush of the first few days, and during the last week, therefore, it has been slow.

### Katherine Dirham Ill in Cleveland Hospital

Miss Katherine Dirham, former student and member of the Tau Gamma Sigma sorority, is very ill with typhoid fever in a Cleveland, Ohio, hospital. Latest reports say she is improving.

Miss Dirham left for the east the latter part of July and expected to extend her trip for this semester through many parts of the east to visit relatives. She had been at Washington, D.C. as well as other points of interest before her illness.

She is under the care of two doctors and two special nurses. Her mother, Mrs. Dirham, left Tuesday for Cleveland.

The father of Hubert Sawyers died Monday night following a long illness. The students and faculty of the college extend their sympathy to the family.

that the team will put up the strongest capable fight, and may be able to spring a few surprises on Fresno.

The probable starting line-up will be Vandam at center, Clapp and Larsen at guards, Mead and Hawkins at tackle, T. Foss and Martin or Aequistapace at ends. Walt Swanson will call signals in the backfield, Gates Foss will be at fullback, and Curtis and Vince at halves.

Those who are making the trip are: Vandam, Clapp, Larsen, Mead, Hawkins, Aequistapace, the Foss brothers, Vince, O'Reilly, Curtis, Swanson, Pollard, Lawrence, Martin, Williams, Mabe, Brubaker, Morehead, Clemore, Stauty, Thurmond, and Cravens. The men left yesterday morning at 7:15 in a special Pickwick stage.

## CHURCHES WELCOME STUDENTS TONIGHT AT SOCIAL

The County Union of City Churches is holding a party for the welcome of college students tonight at eight at the First Baptist Church, at the corner of Victoria and Chapala Streets.

As an annual affair the social has always been well attended. Students who went last year declared it very worthwhile.

Invitations were distributed this week to all students in the college. No information as to the nature of the party has been given out except that it is to be an "ocean party" and that those attending will not regret it.

### Two Down-Town Classes Listed by Administration

After-hour classes, as a new feature in the college program, will be given at the Junior High School. These are open to down-town people largely.

President Phelps will instruct a class in Philosophy of Education, to be given on Thursday afternoons from 4 to 6 p.m. Thus far President Phelps has twenty-five enrolled in the class. Dr. Maxwell will also have a class in the after-hour group, but as yet he is undecided as to its nature.

### TAU GAMS HOLD TEA

The faculty members of the college and the presidents of the sororities were the incentive for a tea given by the Tau Gamma Sigma at their home, 716 California Street, last Saturday afternoon.

The house was decorated in a scheme carrying out the sorority colors. Irma Leigh Johnstone rendered many selections on the violin accompanied by Elizabeth Jordan.

About thirty-five were present.

## MEN'S GLEE CLUB HAS FIRST PRACTICE WITH PROMISING TURNOUT

### Twenty-Six Join Club; Old Leader Returns to Organization

The first rehearsal of the Men's Glee club was held last Monday at the Y.M.C.A. Twenty-six men were present, a large growth from last year.

Mrs. Barnett, leader, declares the tone quality of this year's organization better than ever at this time of the year. Considering the latter fact, it is believed the club will be wholly successful in breaking its own precedents in entertaining ability.

The tours that were taken two years ago by the club were recorded as very successful. These were taken under the direction of Mrs. Barnett, traveling into parts of San Joaquin valley and a large section of Southern California. In the history of S.B.S.C. they went down because of the reputation it established for Santa Barbara.

Last year the organization progressed satisfactorily. Pep was shown and good showings were made, although they were not comparable to those of the year before.

With the enthusiasm shown by the present membership co-ordinative with their reported ability along the lines of tone quality, great expectations will be with good cause.

### Ericson Organizes Sunday School Class of College Men

A Sunday School class of twenty-five college men, with regular attendance, is the record established by E. E. Ericson, head of the Community Mechanics Department.

Mr. Ericson holds his class every Sunday morning at 9:45 at the Methodist Sunday School, which is in the High school at present. The class is made up almost exclusively of local college men.

A banquet was held last week by the class at the Y.M.C.A., at which Keith Gunn was chosen president and Clayton Sheesely, secretary.

### Eagle Receives Second Class Mail Privilege from U.S.

Second-class mail postage has been granted to The Eagle by the United State Post Office at Washington, D. C. This privilege reduces the postage for outside mailing considerably. The word was received Wednesday.

Attempts to secure this class of mail matter was attempted in 1924, but was denied because the publication did not conform with requirements for this division. The application was renewed this year, resulting in the action at Washington.

The big reduction in postage makes possible a much wider exchange list, with the consequence of added publicity for Santa Barbara State.

## THE WHY OF IT

Hearty and genuine co-operation by all concerned is an absolute essential to the success of any organization. Such a co-operation often, however, requires self-sacrifice.

This week several members of the football squad were discovered breaking training. The offense was smoking, an action very strongly forbidden by Coach DeGroot.

Much of the year's program for the college has been depending on the success of the football squad. In turn, this program would consequently place the responsibility on to the individual members of the team, and their attitude toward the college activities would largely determine its success.

It is a well-known fact that the college does not hold the standing in the city that it should enjoy. This year, especially, attempts are being made to remedy the condition. Publicity in the town papers has been increased, with the consequence that the city is expecting a certain amount of ACTION from the campus. They have been told that great forward steps are being taken by the "college on the hill" this year, and they are expecting to hear from it.

To fall short of this expectation would be a tragedy. It would kill all efforts heretofore made, and an overwhelming success of some college event would be necessary to bring back the standing the institution has been developing.

And, then, when everything seems to be moving smoothly and success of this end assured, to have the foundation of this publicity weakened by the violation of training rules is something much more perilous than one might imagine.

The Eagle firmly believes that these men who have violated training have no intentions of being a hindrance to any advancement which might be possible for the college to make. They merely do not realize in what their actions might result. All they need is the situation explained to them.

Then if they persist in violating training, the men are useless to the college and might just as well be eliminated from activities. They lack the college spirit.

When a person enters an organization, it is with the general assumption that he is joining to be of some use to the group. He is entering the organization to act, and not to be a deadhead. And so it is with football, especially this year, when a team is needed which realizes what the college is striving to obtain, and which is willing to co-operate to the best of its ability to place Santa Barbara State in a position where great advancements might be made.

A college attracts the attention of the public by the nature of its athletics. When this has been obtained, the institution has within its grasp opportunities to inform outsiders in regard to its real mission—the education of the young people of the country. Athletics can be used in this way to a tremendous advantage.

A few members of The Eagle staff dropped into a cafe close to the Southern Branch campus last Saturday just before the game in hope that something could be found pliable enough to eat. After bending a few forks on the pie crust, they are wondering if that is how Coach Bill Spaulding toughens up his crowd of pigskin boys.

Earthquakes seem to be with us still. Maybe some half-wit on a metropolitan paper will take the opportunity to rub into college students that they aren't the only supreme beings in this world, after all. He might get a jolt if he looked up his own record in his Baby Book.

## KAMPUS STATIC

"DOC" ELLISON has been  
MAKING NASTY cracks about  
THE NOISE some of our  
POWERFUL CARS make as  
THEY WIND up in second  
ON THE driveway.  
THIS IS ASCRIBED to  
ENVY AND DISGUST, for  
"DOC" IS one of us  
AFFLICTED WITH a balky speedy  
FORD. HOWEVER, this  
FORD IS A real  
SPORTY SORT. While driving  
ON ESTADO during the  
FIGHT RETURNS our respected teacher  
WAS MAKING A GREAT attempt to  
LEAVE THE SORDID surroundings.  
JUST THEN TUNNEY poked Jack  
IN THE EYE! And the  
FORD HEARD about it and

STOPPED THEN and there.  
FURTHERMORE IT refused to  
MOVE UNTIL it heard  
GENE PROCLAIMED as the  
CHAMP. UPON which it  
SQUEAKED WITH GLEE, and  
DANCED A HORNPIPE and then  
BORE "DOC" home. This  
EXPLAINS WHY our respected  
HISTORIAN is so extremely  
WELL POSTED on the fight.  
PERSONALLY WE believe this  
EXPLAINS HIS GRUDGE against  
CARS. WE ALSO THINK that  
HIS CAR SHOWED signs of  
REMARKABLE intelligence  
WHEN IT STOPPED. At least  
IT'S A REDBLOODED Ford of  
THE OLD SCHOOL and knows a  
GOOD FIGHT WHEN it hears it.  
ADIEU.

## STUDENT OPINION

This column is conducted by The Eagle for the benefit of the students. All letters are requested to be as brief as possible. They must be signed, although the name will be suppressed if desired. Place communications in The Eagle box. The Eagle will assume no responsibility for views published.

Editor, The Eagle:

The cafeteria is to be complimented on its fine service this year, especially by the issuing of the ten meal rates. It is also being materially helped by the increase in patronage, a very decided increase over last year.

But, could one suggestion be made? Heretofore it has never opened doors until 12 o'clock, or a few minutes before. Why not have the noon meal service from 11:30 a.m. and absorb the business which usually has to wait for ten or fifteen minutes until 12 o'clock arrives. This would also diminish the rush. Such a policy, I believe, would help patronage to a great degree.

A "Caf" Eater.

Although the rooting section at the Southern Branch game was not large, it was composed of many whose vocal chords could be easily heard. The yelling done by Santa Barbara, under Yell Leader Norvel "Bones" Dice, sure was a constant reminder that the Grizzly section didn't hold a monopoly on the forensic department of the game.

The enrollment has not quite reached expectations, but this slight deficiency should not be allowed to interfere with plans this year. It is true that less money will be available for campus enterprises, but that should not hinder a bigger development than witnessed last year.

Flapper Toots Says:

When you have your printing done at the

News Job Printing Dept.

You feel just as pleased with it as you do when you find 50c in your purse you didn't know you had.

## THE EAGLE'S EYE

—An Upper Classmen Observes

IT SEEMS too bad that the upper-classmen can't realize that the Frosh are perfectly willing to do almost anything that they are supposed to.

Last year the Frosh class set a high standard for class and school spirit, and from all indications, this year's Frosh class is only too willing to do better.

It makes anyone rebellious to be told that they must do this, that, and the other thing, or they will be subjected to drastic punishment.

After initiation week how's for elling the Frosh what they are supposed to do and relying on their class and school spirit to see that it is done.

Four-bits to a tin penny that the results will be better than if they are told that tradition forces them to do it.

\* \* \*

COME of the newspapers don't give very glowing accounts of our football team's action last Saturday. Well, maybe—but, if everything they say is true, and if the fact that we held their score to 25 means anything, then we pity poor Branch when they meet some of the teams in their own class.

One of the worst things in the world is too much conceit. A certain amount of conceit is done up in everyone, but when it is obvious in every word and action of an individual it becomes obnoxious. The other day a young man in speaking of a certain young lady of his acquaintance remarked, "She's a mighty nice girl but she didn't appreciate me." That poor fellow is to be pitied. She would have appreciated him if she had seen anything in him to be appreciative of. It cannot be blamed on the girl and yet that conceited ass is still believing that something is radically wrong with her. Some day he will see himself as he is and will be looking for someone to kick him.—Santa Ana J.C.

**Eagle Staff Appointments Completed This Week**

Organization of The Eagle staff was completed this week with the appointments to the higher positions on the staff.

Franklin Anderson was given the assistant editorship. He is backed by several years of experience with school papers, and is valuable because of his knowledge of make-up, printing, and headline writing.

Hazel Scolari and Virgil Durlin received places on the staff as feature writers and desk assistants. This is a new position created this year, this ranking replacing such positions as sport, society and feature editors. These two staff members will do much of the heavier writing of the sheet, as well as assisting at the desk. Both are experienced in journalism.

The reportorial staff is composed of Jean McKenzie, Arthur Evans, Grace Coffin and Floyd Kenney. Other additions to this section of the staff will be made as the need warrants.

Edwin Dundas has been appointed assistant business manager. He will take care of all advertising and mail lists. Lucile Malcom is typist. Miss Winifred M. Frye remains as faculty advisor.

**Rush Week Ends Yesterday With Conclusion Of Many Social Events**

All Greek Letter sororities on the campus closed rush week yesterday at noon, with the rules more strict this year than in previous years.

Pan-Hellenic has demanded that these regulations be carefully observed and a copy of them has occupied a portion of the bulletin board for the past week.

The schedules, completed by the organization, are as follows: The Phi Kappa Gamma are not rushing this semester; the Tau Gamma Sigmas gave a theater party Friday night in honor of one rushee. Delta Sigma Epsilon entertained Thursday of last week at the home of Florence Izant, 23 West Arrelaga street. Last night they entertained with a progressive dinner party at the homes of Florence Izant, Josephine Bolton, Anna Cowan, Ada Dunning, Ardis Birnie, and Margaret Ellison.

The Delta Zeta Delta entertained with a formal tea at the home of Mrs. Jane C. Miller, 1721 Santa Barbara street, last Wednesday. They had a beach party at Cain's Cottage in Sandyland last Friday evening and last night they entertained formally at El Paseo.

The Alpha Theta Chis entertained on Tuesday of last week with a Chinese bridge tea in the garden of the Haberlitz home, 320 East Mission street. Last Monday a Dutch supper was given at the home of Elinor Hicks, 420 East Valerio street, and last night the rushees were formally entertained at the home of Charlotte Bellman, 1912 State street.

The Phi Chi Alphas entertained last Saturday afternoon with a studio tea at the home of Mrs. Rudolph Brougier. Last night they gave a dinner at Sear's Grill after which the party attended "Tin Gods" at the Granada theater.

**SORORITY HONORS GRAD**

Miss Barbara Dewlaney was the honoree at a farewell dinner given at the Tau Gamma Sigma house, 716 California street, last Monday evening. Miss Dewlaney, who is a graduate member of the sorority and former editor of The Eagle, left for Stanford University last night.

**PHI CHI ALPHA**

The Phi Chi Alpha sorority entertained Saturday afternoon at a tea dansant given at the studio of Mrs. Rudolph Brougier on the Cliff Drive. During the afternoon the sorority viewed the paintings and collection of books and antique furniture of the late Mr. Brougier, who, before his death last year, was an art instructor here.

**SECRETARY GOES EAST**

Mrs. Mary Oldfield Steele, secretary to President Phelps, left yesterday for a two-weeks' vacation and visit with her parents at Colorado Springs, Colorado.

**PHELPS GOES NORTH**

President Phelps left last night for Berkeley to attend a meeting of the presidents of the State junior colleges and state colleges. He is a member of the committee on legislation for the junior colleges, which will meet.

Students from the Mission grammar school in Mission Canyon have commenced coming to the home economics department to serve as practice classes for the women of the department.

Sidney Doner, editor of The Eagle last year, left last Sunday for Stanford, where he will finish his studies. He is planning to take up journalism.

Patronize The Eagle advertisers. They help us.

**CHANGES OFICE HOURS**

Because continual interruptions made work almost impossible, the office of the financial secretary, Miss Lowsley, will only be open from 10 to 11:30 a.m. and from 2:30 to 4 p.m. daily. The new office hours will start Wednesday when the completion of the payment of laboratory fees will be made.

A notice of the change will be posted on the door of the office.

**Old Ma Earth Quivvers; Student Body Shivvers**

An internal geological disturbance last Tuesday abruptly interfered with campus routine and sent many students scurrying out of the classrooms. The quake occurred at 9:45 a.m., and was of considerable duration, although not severe.

The students on the campus this year were the ones most decidedly affected by the tremor, many of whom had never experienced an earthquake before. Those hardened to such disturbances remained seated in the rooms, enjoying the hurry and flurry of the newcomers.

**Piano Accompanists Are Selected for Orchestra**

Tryouts for piano accompanist to the orchestra were held in the music bungalow Wednesday afternoon. Four students tried for the position. Two were chosen as alternates. They were Elizabeth Jordan and Gertrude Warne.

**THURMOND ELECTED**

Lua Thurmond was elected vice-president of the Sophomore class at their meeting yesterday. She is replacing Rebecca Singleton, who did not return to the campus this year. Floyd Kenney is president.

That class bench in the corridor is getting all kinds of trade, when it should be for the use of Juniors only. Where is that class? It has a tradition to keep.

Tell them: "I saw your ad in The Eagle."

**Reporter Wants Something To Write; is Minus Dope; And Read Rest Below**

Reporters have their troubles. One of them sauntered into The Eagle office the other day minus his assignment. He looked worn and worried. He wanted to write, but had nothing to write about. Consequently the campus news sources were touched:

"I've got to write something," complained the worried reporter.

"How about the office system," suggested another.

"Nope, my sweet woman works there. I'd get smacked."

"Then about loafing in the corridors?"

"No, she likes that."

"The menu and prices at the 'caf'?"

"She helps plan that; not a chance."

"The way women slap on paint and powder."

"She does it too. That would mean war."

"Then the social committee; they're used to being criticized."

"Mi Gosh, it would take me a week to square myself. She's on that."

\*\*\*()\$%&—(,.;!\* f,fl(,() ..."

So the reporter turned in an article on the evolution of false teeth.

Hermann Schott, ex-'23, has been appointed research assistant in chemistry at California Tech. Mr. Schott is the brother of Walter Schott, '30.

## SOUTHERN BRANCH IS VICTOR IN GAME IN SOUTH; SCORE 25-0

Displaying much more strength than expected, the Roadrunner grid squad met a 25-0 defeat at the hands of the Southern Branch eleven last Saturday at Los Angeles. Although admitting that much weakness was displayed by the locals, Coach DeGroot was satisfied and was able to pick out the best men for the Fresno game today.

Playing a defensive game throughout, the Roadrunner aggregation used very few plays while on the offensive, driving continually at the Grizzly line, and finding the southern forward wall a hard proposition to crack. A thirty-five yard off-tackle buck by Swanson,

## Tennis May Become Minor Sport; Plans Being Made

Possibilities of men's tennis as a minor sport loomed this week with the plans being advanced to organize tennis for the physical education requirement.

Coach DeGroot stated this week that although no system of checking hours had yet been formulated, the sport would undoubtedly be recognized for credit before many weeks had elapsed. The college at present is handicapped by lack of campus courts, which makes the tabulation of hours spent in playing much more difficult, as the municipal courts must be used.

Judging from the turnout for the men's tournament last year, and from what is heard around the campus, a large number of men would register for the sport.

although fumbled upon the tackle, was the feature of the day from the Santa Barbara standpoint.

Only once during the game did Santa Barbara seem to be successfully driving back the heavy Grizzly line. The first of the second half witnessed a strong drive by the Roadrunners, who succeeded in carrying the ball down a large part of the field by end runs and off-tackle bucks.

**Grizzlies Score Immediately**  
Starting their first string men at the opening of the game, Coach Spaulding's veterans held Santa Barbara to downs, and within five minutes had shoved over the first tally. The drop kick went wide and low. Another score was made in the same quarter, being converted.

Southern Branch again scored in the second period, when by a series of long end runs and bucks they managed to ring up a touchdown, after the Green and White had almost held them to downs.

Frequent substitutions took place in the second half, both coaches sending in as many men as possible to find their strength and to give them experience. There was no scoring in the third department of the struggle, as it was during this period that the Roadrunners played the strongest game.

A passing game was adopted by the Grizzlies in the final stretch, the Blue and Gold using a long pass to considerable advantage, resulting in the final score of the game.

At Union College women are allowed only two week-end dates a month and no girl is allowed to walk across the campus in the presence of a man.

## WOMEN'S HOCKEY TO START UNDER NEW INSTRUCTOR

Mrs. DeGroot, wife of Coach DeGroot, has been secured to coach women's hockey. Already her selection has stimulated interest and an increasing number of women are turning out.

Mrs. DeGroot was one of Stanford's most brilliant hockey players, and for years was captain of her team.

Both Mrs. DeGroot and Miss Weage feel that they have good material. They expect to organize three teams, a Freshman, Sophomore, and combined upper-classmen team.

Approximately forty turned out Tuesday afternoon. Most of the time was spent in physical examinations, practice commencing next week.

### BEST SPEECH

According to students of the University of California, the shortest after-dinner speech ever recorded was made by "Brick" Muller at the close of a banquet given at the University.

The feed was over, and the post mortem speeches began. Several long-winded orators unburdened themselves on the bored collegians. Muller's name was finally called.

"Brick" struggled to his feet and faced the crowd. He gulped from the glass of water in front of him, and turned a fiery red. He fiddled his cuffs and adjusted his tie. His mouth opened; he stuttered. Then he spoke distinctly.

"Aw, hell!" he remarked, and sat down to vociferous applause. At an informal vote, Muller's speech was awarded first honors.

Botanist—"I've just discovered a new plant."

His Wife: "Call it Qtzphomx."

"Why?"

"Because it fits perfectly in this cross-word puzzle I'm inventing."

As a stunt at Oklahoma University recently, a petition was circulated ostensibly asking for a holiday when it really requested the faculty to remove all credits, suspend them without a hearing and to shoot them at sunrise. More than 300 students were taken in by the hoax.

A club fraternity, sorority or society, exists on the University of Washington campus for every 25 undergraduate students. There are 42 organized houses for men and 27 for women.

A passenger liner, offering 90 courses in education and equipped like a modern university, will sail in October from New York on a cruise for eight months. Certificates for completed courses in this floating university will be issued by New York University.

## Lab Fees Payable Tues.; Tardiness to be Fined

Laboratory fees for all departments except the Community Mechanics are due next Tuesday, according to an announcement made by President Phelps Wednesday. Community Mechanics fees are due Monday. A fine of one dollar will be charged for not complying with the rule. For those who are unable to conform to this regulation, a promissory note payable in sixty days can be made out.

Dues are payable to Oran Booth, student body treasurer, as the student body is collecting the fees for the administration this year.

## Tournament in Archery is Warranted by Big Turnout

An archery tournament to be conducted at the end of the season has been scheduled by Miss Weage. It was made possible by the large turnout for the sport.

Forty women have signed up. Ester Janssens is manager of archery.

The Campus, official publication of the Connecticut Agricultural College, is to have one issue put out entirely by the faculty.

The War Department has cut the number of upper classmen R.O.T.C. officers in half.

According to Professor Judd of the University of Chicago, the average person should read and absorb a page of an average book in two minutes.

It has been computed by observers at Ohio State that it costs a fraternity man \$3 more a month to get his education.

The University of Copenhagen was founded in 1479.

Six middle-west universities are offering courses in aviation.

Notre Dame has produced more college coaches than any other institution in the United States.

## Blocked Passes

Ed Dundes has offered to donate his Ford to the backfield for use in scrimmage. The impression is that he desires a new Ford.

Training table diet has been changed, reports our special correspondent. The backfield now subsists on T.N.T. and granulated black powder, with nitro-glycerine as a beverage. The line devours lead and dynamite, moistening their food with sparkling drafts of hydro-sulphuric acid.

The squad has ceased wearing neckties, contending that Otto Larson should be forced to buy his own color riots. Ed O'Reilly led the revolt.

It has not been definitely decided as yet whether Tom Weims is a stray steam roller, or a derelict of the Rhinoceros age.

Vandam's interest in Art (students) has not yet affected his game.

"Kidos" Lopez has returned to the ranks. He has been milk-fed on a dairy all summer, and persists in calling the ball "Bossie."

If Foss improves his kicking much he may soon be known as Heavenly Gates, owing to his rising outlook on life.
