REVEAL QUEEN AT REVIEW TONIGHT

GAUCHOS ENTER 24 FLOATS IN HOME-COMING PARADE

Twenty-four campus organizations were busy adding finishing touches to their floats today in preparation for the Homecoming parade which will take place tomorrow at 2:00 p.m. The parade will form at Haley and State streets and travel up to Valerio street, where it will disband.

Designs for the floats will be based on the theme "Rolling Home," showing the different means used by the Alumni in returning to their parent campus, according to Virgil Bryan chairman of the Homecoming Parade Committee.

Cups awarded by the Retail Merchants Association will be presented by the Homecoming Queen at the after-game dance, to the three campus organizations showing the best designed floats. Theme, originality, and effectiveness will be the basis for judging. Dr. W. Aggeler, Dr. S. Goodspeed, Dr. E. Noble, Dr. W. Hayes and Dr. E. E. Erickson will act as judges.

The Homecoming Parade Committee, Virgil Bryan, Francis Guess, Jean Smith and Nancy Nelson, announced that the following organization will parade:

Alpha Theta Chi, Kappa Sigma, Hoff No. 75, Sigma Phi Epsilon, Delta Zeta Delta, Gamma Sigma Pi, Sigma Delta Phi, Sigma Pi, Delta Sigma Epsilon, Quad Club, Tau Gamma Sigma, Associated Men Students, Gamma Delta Chi, Industrial Education Dept., Chi Delta Chi, Alpha Phi Omega, Women's Athletic Association, Sigma Alpha Kappa, Phi Kappa Gamma, Phrateres, Sigma Tau Gamma, Home Economic Club, Inter. Var. Christian Fellows, and Phi Beta.

Gauchos, Cal Poly Mix In Homecoming Game

The Cal Poly Mustangs journey down from San Luis Obispo to meet the Santa Barbara Gauchos in the annual Homecoming game tomorrow night at 8:15 at La Playa Stadium.

This will be Cal Poly's sixth game this season, and the hard fighting Mustangs have managed to garner but one victory in their previous five. Santa Barbara has won five of the nine games against Cal Poly in past years, while the Mustangs have taken three, and one ended in a tie. In last year's tilt, the home team came through victoriously in an exciting 19-6 game.

The Mustangs are coached by two Santa Clara football greats, Howie O'Daniels and Charles Pavelko. Coach O'Daniels was seldom outplayed by an opposing lineman while on the Bronco elevens of 1928-29-30. He has coached the Cal Poly team since 1933, and compiled an enviable record, winning 55 games out of a possible 86. Backfield coach Pavelko played quarterback and fullback on the Santa Clara teams that de-

ONE OF THESE GAUCHO LOVELIES will be revealed and crowned as Queen of Homecoming at the Galloping Gaucho Review tonight, following Wednesday's election. From left to right, front row, Gerry Steen, Muriel Lehman; second row, Claylain Wilson, Dolores Toone; third row, Jean Wright, Aulene McLaughlin, Barbara Balthis; fourth row, Barbara Lamb, Barbara Rush.—E. G. Wilbert photo.

GAUCHO-CAL POLY RALLY

A joint Gaucho-Cal Poly rally will take place in the Sunken Gardens of the Santa Barbara courthouse tomorrow afternoon after the Homecoming parade. All students watching or participating in the parade are invited to attend.

HOSTESS ALUMNI

Members of the Associated Women Students Executive Board will act as hostesses to the Alumni Association Officers this year during all Homecoming activities.

Girls who are participating are Barbara Abbott, 1st Vice President of AWS; second vice president May Nakanishi; Mary Moseley, Secretary; Donna Thomas, Treasurer; Phrateres President Alice Thomas; Connie Peugh, Key and Scroll President; Laura Goetke, Crown and Scepter President; Las Espuelas President Jan Fitts; Marge Mayers, Clubroom President; the University Village representative, Shirley Wolfe; and B. J. Winslow of the College Recreation Club.

BONFIRE, MAYBE

Barring heavy winds, in which case it would be called off, a pre-game bonfire, sponsored by the Freshman class, was to be held last night outside of La Playa Stadium.

The bonfire was to renew an old tradition here at Santa Barbara, a tradition that had been abandoned in recent years.

The yell and song leaders were to be on hand to put all Gaucho rooters in the spirit of the coming Homecoming game.

Picnic After Parade

Sigma Phi Epsilon fraternity continues its run of social successes tomorrow afternoon with an after-the-parade picnic for actives, pledges and dates.

The get-together will be held at Oak Park.

WARNING

The Judicial Committee has instructed the grandstand ushers to turn in names of persons acting in a manner unbecoming a student of Santa Barbara College at the Homecoming game.

These offenders will be brought before the Committee for disciplinary action.

Alumni to Get Sheepskins

The class of 1912 and classes graduating every five years after that will be especially honored with a presentation of diplomas when the homecoming Gaucho alumni gather at the Native Sons' Beach Club for dinner tomorrow evening at 5:30.

In addition, earliest graduating Gaucho co-eds will receive sashes.

Pat Riley, class of '27, will be toastmaster at the dinner, and Provost and Mrs. Harold J. Williams will be special guests. Also present as honor guests will be the Queen of Homecoming, her escort, and AMS President Dale Scott and Mrs. Scott. President of the statewide Alumni Association of UC SBC is Roy Stone of Los Angeles.

Brass Choir Concert

The Brass Choir will give a concert at the Santa Barbara Museum of Art on Sunday, November 9, at 3 p.m. This will be the first concert of the Art Museum series.

Which?

Galloping Gaucho Review to Launch Homecoming Weekend; Queen Will Be Crowned

Who is Homecoming Queen?

The secret will out tonight at the Galloping Gaucho Review, when the co-ed who is to reign over Homecoming Weekend festivities will be enthroned and crowned. Dale Scott, president of the Associated Men Students, will officiate at the coronation.

The Queen was selected by secret ballot last Wednesday after a week of hot campaigning in which the several candidates

were "boosted" by posters, tags, leaflets, and radio plugs. The two runners-up will be her ladies-in-waiting.

The Review itself is a fast-paced round of student talent acts, with Bob Wheeler and Bob Eskew as masters-of-ceremony. Included in the show are a "Southern skit" by Delta Sigma Epsilon; vocals by Bobby Marvel and his combination; a modern dance by Chi Delta Chi; Tommy Cowan and his singing combination; Gaucho songleaders in "Dark Town Strutters Ball"; a "surprise vocal" by Joy Foster; and the Sigma Pi chorus. The student swing band, under the baton of George Beatie, will furnish the music. A prize will be awarded for the best performance.

After the coronation of the Queen, Coach Stan Williamson will introduce the team, and a general rally with the marching band, song and yell leaders will follow.

The Review, sponsored by the Rally Committee, is directed by George Stone, with Gerry Gray assisting.

The curtain will rise at 8:00 p.m. sharp in the auditorium. Tickets costing 50 cents are on sale at the Graduate Manager's office; and if any of the 750 seats are left, will be on sale at the door tonight. This will be the only presentation of the Review.

Announce Lineup for Frosh-Soph Challenge Grid Game

Tentative lineups for the first annual Gaucho freshman-sophomore Homecoming football game to be held this afternoon, at 4 p.m. at La Playa field, have been announced by the presidents of the two classes. The game is the outcome of a frosh challenge delivered to the Sophs.

The starting lineup for the sophomores includes Jerry Dismuke, quarterback; Bob Botherton, center; Jerry Terres, end; John Boettner, end; Bob Melvin, halfback; Jerry Rose halfback.

The freshman team, several of whose members are on the Junior Varsity team, includes Otty Scruggs, Rucy Limon, Val Helecks, backs; and Ken Bonilla, Dean Knouse, and Bill Hart, linemen.

John Boettner and Bill Hart, presidents of the sophomore and freshman classes respectively, have called upon all the members of their classes to arouse spirit and rivalry both before and during the game.

Frosh-Soph Game Today

'RACE' AMENDMENT GOES TO STUDENT VOTE BY PETITION

By a 12 to 7 majority, the Santa Barbara College Student Council last Tuesday night voted against a resolution to place before a student body vote the controversial anti-race discrimination amendment. Representatives of the anti-discrimination group promptly presented a petition purportedly signed by at least 15 percent of SBC students asking that the amendment be brought to a student referendum.

Throng of Gaucho students gathered in Pine Hall to witness the outcome of the controversy during the regular weekly meeting of the Council. From the outset the atmosphere was charged with suspense as students representing various aspects of the explosive racial question awaited the opportunity to air their views.

The resolution asking a student body vote was brought to the floor by Jan Fitts, council member, who read the following:

"No organization shall be granted campus recognition, with the campus privileges associated therewith, until the officers of the or-

ganization shall have deposited with the Deans of Men and Women an affidavit stating that neither their local constitution or charter nor the constitution or charter of any national organization with which they are affiliated contain any restrictions upon membership based on race, religion, or color."

The motion was seconded by Ed Morris, and after a point of wordage had been raised by Dean Jones, the resolution was amended to read: "No organization, either existing or future, is to be granted."

When President George Graves called for discussion of the motion, Howard Moody gave a 7-

"JUNIE"

STUDENT BODY SECRETARY HAS FULL SCHEDULE

Blond, 5'1" and a sparkling personality best describes Junie Davidson, secretary of the student body. Better known as "Junie," she has lived in Santa Barbara all her life.

A junior, majoring in Junior High Education, she graduated with a gold seal from high school in 1945 and was awarded a scholarship in her college freshman year. She hopes, someday, to teach journalism.

She is affiliated with Delta Zeta Delta, social sorority, and, although a local girl, she lives with her "sisters" at 616 E. Valerio St. There, she is house manager and publicity chairman for the sorority.

Besides being President George Graves' right hand and keeper of the files on the committees' minutes, Junie busies herself with many other activities. She's a member of Key and Scroll, honorary junior women's organization; membership chairman of the Cal Club; secretary of Alpha Phi Gamma, national honorary journalism fraternity; member of Alpha Mu Gamma, national honorary language fraternity; and works on the staff for the handbook.

However, don't get the idea Junie is too busy for any social life. She finds time to attend as many parties and dances as possible. She says she also likes the beach, good records, and clothes. And fellas, she likes well-dressed men—especially in cashmere sweaters and saddle shoes!

Despite all these accomplishments, her secret ambition is to be a really good bridge player.

Betty Maher, Handbook Editor

SIG PHI PLEDGE LIST CORRECTED

The Sigma Phi Epsilon pledge list, as published in the October 24 edition of El Gaucho, was incomplete and included only half of the men actually pledged. The editors apologize for this error and, by way of retribution, publish herewith the corrected list.

Sigma Phi Epsilon fraternity pledges are: John Arthur Behel, David James Bingham, Roscoe Orien Butcher, Jack Saunders Burrows, Robert Rushfor Campbell, John Albert Cooper, Willard Clarence Cormier, Joseph Peter Constantino, Franklin Milton Dumm, Francis Gregory Fitten, Robert Harold Fletcher, Lawrence Ellis Garner, Richard Lodis Goslin, Arthur Leonard Hammerstrom, William A. Hellwig, Joseph Thomas Kiggins, George Vincent Leyva, Charles Monroe Little, John A. Mason, William Elbert McCroskey, Gordon Donald McIntyre, Coleman Ancil Morrison, William Ketteridge Norton, John K. Piazis, Jackson Blair Reavis, Phillip Ashton Reavis, Frank Joseph Schimandle, Theodore Junior Shank, Eugene Vincent Sheehan, Quentin Douglas Sims, William Paul Votaw, Sherman Frank Worth and William Bergen Nelson.

"I Spy" Moulton, SB Cards Offer Service To Campus Wives

Wives! Where was your husband at 11 p.m. the other night? "I Spy" Moulton knows. Why not share in this knowledge by

- (1) Having "I Spy" Moulton shadow your husband for modest fee of fourteen dollars per hour.
- (2) Renting "I Spy" Moulton's differential integral equalizer at twenty-five dollars per night which tells you exactly how many parts by weight a returned husband is alcohol.
- (3) Expending \$7.89 on a student body card, presently available to all faculty and student wives who wish to see first hand how hubby spends his evenings.

Chillun whose mothers have already taken advantage of (3)! Where were your parents at 11 p.m. the other night? It shouldn't take an "I Spy" Moulton to tell you that they were out sharing in one of the many delightful events their joint student body cards entitle them to.

Willie Wigger AWS President

Freedom Of Speech

A village character was filling out an income tax blank and came to that part marked "Do not write in this space." Incensed at this limitation on his personal liberty, he penciled in the forbidden space, "I'll write where I damn well please."

Free Smokes to Flood Campus in Survey

Free cigarettes by the pack will be handed out on campus weekly during the remainder of the year by a representative of Chesterfield cigarettes, in a nation-wide campus program.

The unidentified interviewer, "Mr. ABC," will spend one day each week in the college cafeteria, checking brands being smoked on the Gaucho campus. If students interviewed are carrying Chesterfields at the time, Mr. ABC will give them another pack to match. In case Joe or Jane Gaucho is smoking a Chesterfield, two full packs will be awarded.

Identity of Mr. ABC, as well as the day on which he will appear, will vary from week to week, in order to increase the effectiveness of the survey.

Ad Club Meetings to Be Held on Tuesdays

Regular Ad Club meetings will be held in the art department on Tuesday evenings from 7 to 10 p.m. to allow members to work together on posters, according to Theresa Lindbery, president.

The Ad Club is planning a publicity campaign for the World Student Service Fund as its present project. WSSF campaign will consist of showcase displays as well as posters. Those working on the show case displays are Larry Mosher and Marguerite Clark.

Organizations desiring posters or decorations for dances should contact Theresa Lindbery or Larry Mosher at least a week and a half before the posters are to go up, and three weeks before dances.

At the last meeting on October 14, Stan Backer demonstrated the use of silk screen. New ideas for poster making were discussed.

Editors note: The release regarding Ad Club services and activities appearing in the October 22, edition of the EL GAUCHO was erroneous. The assistant editor regrets the occurrence.

'Pepsi' Offers Grads New Scholarships

Twenty-six new graduate fellowships, each of which will pay full tuition and \$750 a year for three years, are being offered to college seniors this year for the first time by the Pepsi-Cola Scholarship Board.

Seniors who wish to apply for one of these fellowships may obtain application forms from Dean of Men Paul A. Jones or by writing to the Pepsi-Cola Scholarship Board, 532 Emerson Street, Palo Alto, California.

Completed applications with official transcripts of credits and other required information must be received by the Board not later than January 1, 1948. Winners will be announced March 15.

Double Indemnity

The sailor had just missed his ship. With his arms around his girl's waist and a gloomy look on his face he watched the vessel majestically steaming through the Golden Gate. "Now, honey," he muttered, "We're both in trouble."

"Ed" Morris, Rally Chairman

Radio Men Asked To Club Meeting

All Gaucho radio amateurs and enthusiasts are cordially invited to attend the meetings of the Santa Barbara college Amateur Radio Club which meets every Tuesday evening at 7:30 in the Radio shop on the Mesa campus.

The club has complete equipment for those "hams" who wish to keep their hand in radio as well as code practicing. There is no restriction on participation.

Faculty advisor for the club is Mr. James R. Bell.

1331 State Ph. 5165

STUDENT HOUSING SHORTAGE EASED

An all-clear in regard to student housing for this semester has been sounded by Miss Velma Morrell, Housing Office director. The pre-semester bombardment has eased up and with the exception of a few students who were temporarily housed with friends the situation has straightened out. There are ample listings available for men students and in case of a change of address they should notify the Dean of Men immediately.

STUDENT OFFICERS SOUGHT

The offices of finance chairman, publicity chairman and editor of El Gaucho are now open. Any student interested in filling one of these positions should write a letter stating his qualifications to George Graves, Student Body president.

Graves will select officers on the basis of the letters, and his decisions will be ratified by the Student Council.

TO GRADUATES AND FORMER STUDENTS OF SANTA BARBARA COLLEGE

Welcome home!
I proudly join the faculty and students of the College in extending to you a welcome to our 1947 Homecoming. Many of you will find the College greatly expanded since your days as students. You will find a larger faculty, and some new emergency buildings. You will notice, as you walk about the campus, numerous and extensive alterations. These changes mark the growth and development of your College. But the College spirit, which prompts your coming, is still with us. Your presence and your continued cooperation will keep that spirit alive. Make yourselves at home!

J. Harold Williams,
Acting Provost

J. Harold Williams,
Acting Provost

Decoration Cup to Be Awarded at Dance

The first annual Homecoming House Decorations cup is to be awarded at the Harvest Homecoming dance tomorrow night, according to Bill Hart, president of the freshman class which is donating the cup. All the campus sororities and fraternities are expected to decorate their houses, which will be judged on Saturday.

This is the first year that such an award has been made, and the frosh class expects the cup to be a perpetual prize, to be given each year to the best decorated house.

The cup will be awarded on the basis of how well decorations have followed the theme "Rolling Home to Harvest Homecoming," the class president stated.

Judges this year are Sally Freeman, rally chairman of the class; Gloria Bonham, social chairman; Dick Roberts, member, and Bill Hart.

Since various activities have been planned for all day Saturday, all Greek presidents are asked to contact Bill through Box "H" or by calling 22655 to tell him what time they wish their house to be judged.

Any Greek organizations not having a house of their own are urged to decorate their president's or some other residence, and all groups are asked to compete for the cup. Otey Scruggs is handling arrangements for the prize.

Change Petitions Due Noon Mondays

Students petitioning the Admissions Committee for a change of program should file their petitions with the Registrar's Office before noon on Mondays, as meetings of the committee are held at 3:00 on that day.

By November 14 all midsemester "cinch" notices will have been calculated by the faculty and are to be placed in students' mail boxes during the following week.

Anyone receiving two or more of such communications will have the opportunity of discussing them with the Dean of Men or the Dean of Women.

TRIM GAUCHETTES and twirling batons will lead the Santa Barbara College band to Homecoming halftime. Left to right the pace setters are Lynn Miller, Marjorie Worth, and Shirley Rohar.

No more "Drop dead." According to a recent release by Dr. L. F. Weltin, of Physics 19A, death is the reaching of "thermodynamic equilibrium." Hereafter, Joe Gauch, you must say, "Reach your thermodynamic equilibrium, bub."

Frosh-Soph Game Today

ACCUMULATED LOST ARTICLES

The Lost and Found department, which is located on the west side of the Quad, has accumulated an assortment of lost articles. The department asks all students who have lost anything to stop in and claim it as soon as possible.

GAUCHO HOMECOMING

NEW ENGLISH MENTOR LAUDS CALIF. CULTURE AS ESSENTIALLY AMERICAN

One of the new University of California fall additions to the rapidly expanding Santa Barbara College faculty, is Dr. Lawrence Willson, Ph. D., from the University of Connecticut, who will be Assistant Professor of English.

Born in New Hampshire, Dr. Willson received almost all of his teaching experience in the East. His first assignment after graduation was at the University of Delaware where he taught English for four years. From there he journeyed to California in the early part of 1941 to do some research work at the Huntington Library in Pasadena. While on the West Coast he also spent several months at Berkeley.

In the fall of 1942 he was at the University of Tennessee teaching American Literature. After this he went to Yale to teach for a year. The fall of 1944 found Dr. Willson teaching at the University of Connecticut in Storrs. Last summer was spent at Colgate University in Hamilton, New York.

WESTERN SIGHTS

Dr. Willson, with his wife and their two sons, made the trip from the east by train, stopping off at various points of interest; one of which was Salt Lake City. While there he was able to fulfill one of his great childhood ambitions—to see if one could really float in that body of water known as the Great Salt Lake. He discovered that he could smoke a cigarette, or even read a book while floating.

His principal professional interest is the study of American culture as it is reflected in our literature. He hopes that there will be more campus interest in this subject, as he feels that California offers a fine opportunity for work of this type. He explained

that America is too interested in studying English literature. In doing this we are neglecting an important phase of our own culture as it is personified by the early pioneers and settlers of the West.

WOOLY WEST

To Dr. Willson, the western part of our country is essentially American; having no connection with England. Strangely enough England is far in front of the U. S. in the study of American literature. In some cases they know us and our country better than we know ourselves. Dr. Willson thinks that California is one of the most interesting parts of the United States, and he thinks that it should be known for more than the early Gold Rush days, fine climate and its scintillating Hollywood.

Here at Santa Barbara, Dr. Willson said that he liked the "general attitude, cooperation and cheerfulness" of the students. As yet he has discovered no problem students, and he hopes that it will continue this way.

Although Dr. Willson and his family have been in Santa Barbara only a few weeks, he has been fortunate in finding a furnished home for himself and his family.

I. E. Members Leave For Southern Cal Posts

The Industrial Education department, Santa Barbara College, bade farewell to two more of its senior members this week who were lured away by attractive teaching positions in the Southern California area.

Ralph V. Fletcher is leaving for Van Nuys High School, and Charles E. Blair will teach at Washington Irving Junior High School, Glendale.

WELCOME BACK FOR HOMECOMING, FORMER GAUCHOS! As President of the Associated Students may I extend to all returning alumni my best regards. You probably will not recognize many features of our campus—we have added several new buildings, our administrative set-up has changed, and the student body enrollment has jumped to 2660. However we have tried to keep the small-school spirit of Gaucho friendliness prevalent and we hope you will find this spirit throughout Homecoming weekend.

George Graves,
Student Body President

STUDENT PREXY CAMPUS 'WHEEL'

George Graves, better known as the "wheel," is one of the busiest men our campus.

Besides carrying a full load of studies, he finds time to preside over the Associated Student Body and Kappa Sigma. George is a member of the Cal Club, Blue Key, and is on all major committees. His "extra" time is devoted to the formation of an economics club. If this venture should succeed, graduates will no longer have to pocket their degrees and trudge from door to door looking for work. Instead, the club would keep in touch with business firms and know which one need personnel, what qualifications are required and who is available.

George is strictly a strawberry shortcake man, though he will accept an occasional pie when his wife presses it on him. He likes old-new songs like "Peg O' My Heart" by Clark Dennis, and Paul Whiteman's version of "Rhapsody in Blue." As for the homecoming game, he says Cal-Poly hasn't a chance. Unless our stars are hurt in scrimmage, the Gauchos should win by at least 13 points.

No one can tell how much George has done for our college, but under his leadership student participation in school affairs has improved 100 percent; Beta Sigma has become the national Kappa Sigma; and passes have been issued to the faculty and the students who do a great deal in extra-curricular activities. These passes have helped immeasurably in making students conscious of, and active in such things as newspaper work the yearbook and sports.

Besides these and many other things he has given us something else—a personality that the school can ill afford to lose and which it can never replace when he graduates.

The WSSF is an international organization for supplying food, books and clothing to war-destitute students in Europe and Asia.

IE FRAT PLEDGES NEW MEMBERS

Pledging Pi Sigma Chi this fall were John M. Groebli, Richard Cummings, Fred Ott Greta, Keith Gummere, Jesse W. King, Maurice W. Kopp, Paul E. Landry, Robert K. Lonsdale, Lester R. Marshall, Henry J. Opperman, Robert N. Wallin, Ray Whitley, Earl Wilbert, Emmet E. Skirvin, James Shelton, and Howard B. Webster.

Warner E. Newby is president of Pi Sigma Chi. Chief council is Professor Emanuel E. Ericson.

CANINE CANDIDATES SOUGHT FOR WSSF DOG KING ELECTION

All Gaucho students and individuals who believe their canine pets possess the ultimate in personality—appearance being of no consequence—are urged to enter them in the contest for Canine King and Queen of Campus, sponsored by the local committee of the World Students Service Fund.

Elections will be held every day next week while the WSSF fundraising campaign is going on, and ballots will be cast by purchasing five-cent tickets. Anyone may vote for any dog as often as he wishes, and as long as his nickels hold out.

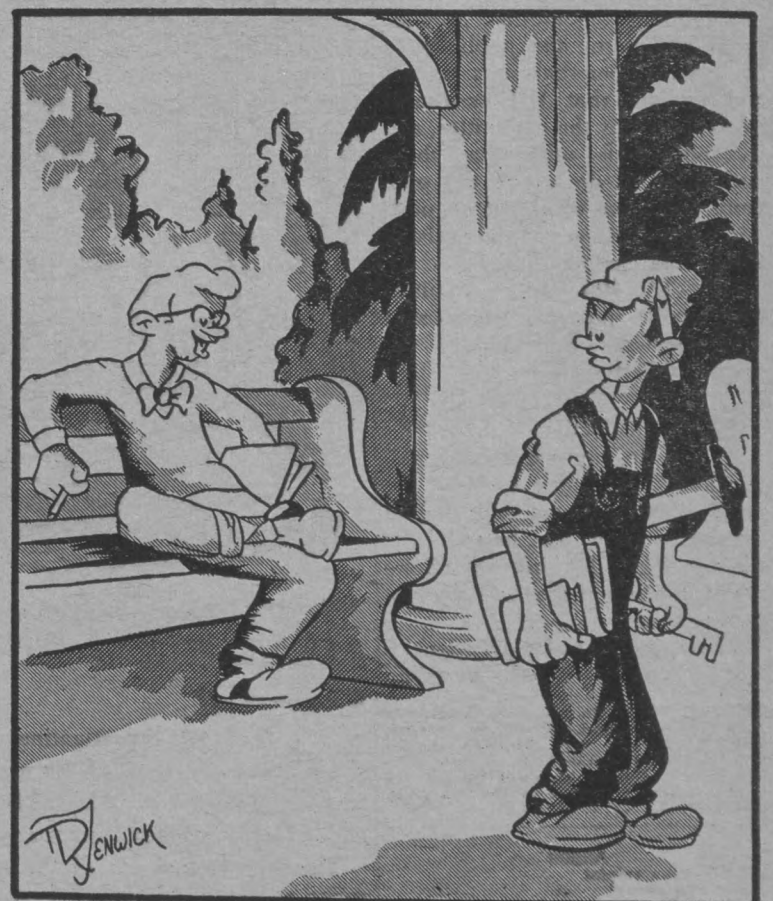

A registration fee of 50 cents is required to enter a dog, and should be submitted, along with the dog's name, sponsor and picture, to Bill Kresich at the El Gaucho office.

The WSSF is an international organization for supplying food, books and clothing to war-destitute students in Europe and Asia.

NEED ASSEMBLY HELP

Director and helpers are needed for the World Students Service Fund assembly which will be held on November 6.

Those who are interested are requested to contact Les Stanhilber, chairman, through the Quad "S" box, or phone 2-5869.

"What's your major, Mac?"

"Bugs" Battelle

Epitaph

By Bugs Battelle

This is my official farewell to the editorship of El Gaucho.

Academic deficiencies forced the move. Had former conditions prevailed ex-editor Battelle would have been crying on the inside and looking in from the outside.

As yet no person has been found to accept the editorship of El Gaucho for the remainder of the Fall semester and the Spring semester. Which leaves unfilled one of the most honored positions a college can offer. Editing requires training, time, fortitude, and hard work, but the returns in experience and accomplishment are well worth it.

So rests the body of Bugs Battelle—ex-editor.

PROCEDURE FOR OBTAINING PUBLICITY

I.—The organization or group sponsoring a social function or event for which they desire the services of the publicity committee shall be responsible for contacting the publicity chairman for such arrangements.

II.—After approval of expenses estimated by the organization concerned, posters will be started. It is not necessary that members of publicity committee produce these posters or the publicity to be used; rather that such posters and publicity that ARE used must be approved by the committee, and no individuals other than those authorized to do so by the publicity chairman shall put up posters or any type of advertising within the campus limits.

III.—The Publicity Committee will handle posters, radio spot announcements and public address publicity.

DEAR EDITOR:

"I was in summer school and you had a big story on who the student body officers were, but in regular session we haven't the slightest idea. I think interviews are interesting if they are done in a good manner.

"Is George Obern the president?" Sally Sunning.

EDITOR'S NOTE: No, madam, you have your Georges mixed. Mr. Obern suspects blood connections with Abe Lincoln, but has no political aspirations on this campus. He is director of publicity for the college; George Graves is Student Body president.

ARISE!

Raise your voices! Join the shout! What's the issue All about? Hypocrite, What's your position? The pen's the sword. Sign this petition!

By Marie Cornthwaite

Ode To A Pigskin

By Marie Cornthwaite

Listen, my children, and you shall hear, Not the tale of a jockey named Paul Revere,

But one of a slight, nay, a great revolution, That once ev'ry year shakes this old institution.

What causes this clamour? You ask for the reason? Once again, my dear children, we find it's football season.

First comes Ed Morris and his rah-rah committee, What they'll do for a gag is really a pity.

Pep-rallies, roter caps, hail yellow and blue, At last the first game and we're right out there, too.

There goes the first kick-off, the ball is in play, We're backing our team every step of the way.

The fog rolls in and our hair gets straight, Our voice is hoarse, Gee, this is great!

At last comes a touchdown, the rooters all beam, Now isn't it a dirty shame it was for the other team?

The fight was furious, our players were wily. Get set for a battle, this week we play for Poly!

Poem

The school gets the benefit, The school gets the fame, The printer gets the money, But the staff gets the blame. The paper shows poor management,

The jokes they say are stale, The committee officers holler, The students how they wail. But when the paper's printed And the issue is on file, If someone misses his copy You can hear him yell a mile.

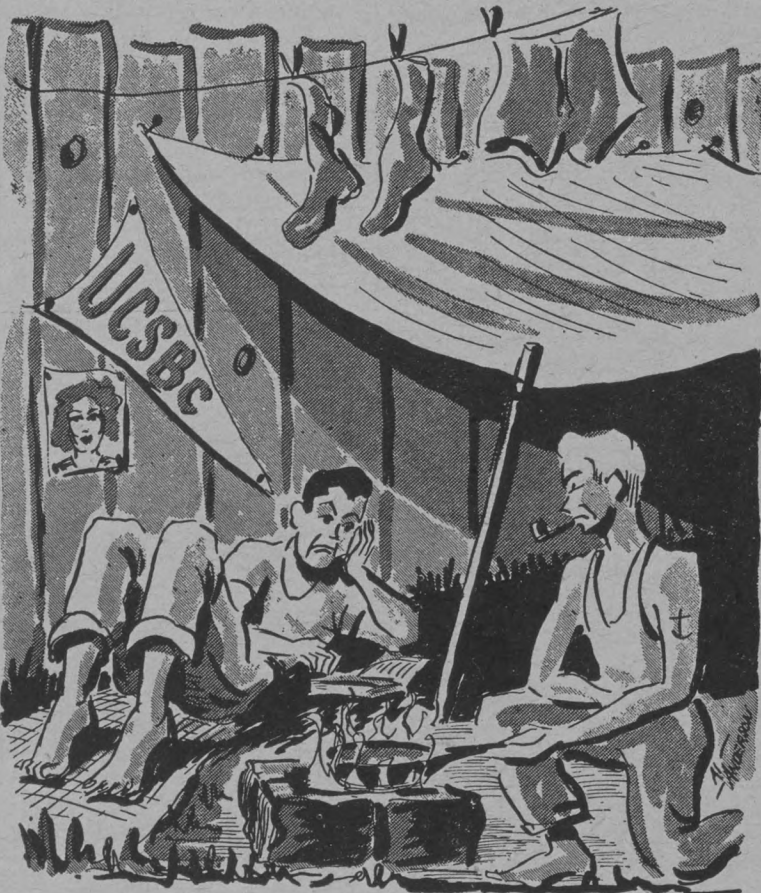

—Berkely Jacket

Canny Scotchman

Their cars having collided, Jock and Pat were surveying the situation. Jock offered Pat a drink from his bottle. Pat drank and Jock returned the bottle to his pocket.

"Thank ye," said Pat. "But aren't ye going to have a bit of a nip yourself?"

"Aye," replied Jock, "but not until the police have been here."

"D'ya hear about those 400 beautiful would-be Co-eds—no housing—tough, huh?"

Who peeked?

The dean was investigating a charge made by some of the girls that the men who lived in the frat house forgot to lower their shades.

The dean looked out of the sorority window and said, "I can't see into any of the fraternity house windows."

"Oh yes you can," chorused the girls, "just get up on a chair."

"Race" Amendment Goes To Student Vote

(Continued from page 1)

minute plea for abandonment of discriminatory clauses in the constitutions of campus-recognized fraternities and sororities. "We don't like bullying," he said. "In the past our inaction has allowed race prejudice to flourish, although we all deplore it at heart."

George Geib, president of the Inter-fraternity Council, when asked to discuss the effect upon local organizations the amendment would have, stated that any organization failing to comply would not be recognized by the student body of the college and would lose the privilege of using El Gaucho and posters for free publicity.

The remainder of the meeting consisted of verbal barrages, questions, opinions, and arguments on many aspects and implications of the proposed amendment.

Vice-President Al Rasmussen explained the legal procedures whereby the student body constitution can be amended. In effect, the following points were crystallized:

The constitution can be amended only by a student vote. To carry, the amendment must receive two-thirds of the ballots cast by at least three-fourths of the student body.

A student vote may be called by two methods: first, three-fourths of the Student Council may vote that an election be held; or second, an election may be automatically called by the submission of a petition to the Student Council, the petition to contain names of at least 15 percent of the student body, and the election to be held within a week after the date of petition presentation.

In either case, the student body vice-president appoints a committee to take full charge of the election proceedings. Named to the election committee Tuesday night were Richard MacNair, Dan Julian, Jan Fitts, George Geib, Betty Moore, and Bob Goulet, with Vice-President Rasmussen as chairman.

Date for the election will be announced in next Tuesday's El Gaucho, along with the proposed amendment as approved by the election committee.

Joe Gaucho Speaks!

Letters to the Editor published in El Gaucho do not necessarily reflect the opinion or the policy of the editorial staff.

EVERYONE HAPPY

Dear Editor:

"What do you think of the discrimination issue?" has been a password on campus for the past couple of months, and although the only council member to oppose an attempt by that body to whitewash the question several weeks ago, I have thus far held my peace in taking any particular side on the subject. Principal reason for this attitude has been the hope that a satisfactory settlement could be reached without the "snowballing" of the issue that has been the present result.

Since my tour of duty as council member and editor of El Gaucho has been highlighted by accusations of "anti-Greek" from the organized groups, and "pro-Greek" by the independents, I feel somewhat qualified in presenting an unbiased view of the issue in question. It is my belief that passage of the proposed amendment to the constitution would serve to the best interests of both groups concerned.

Off-Campus Strength

Columns have been devoted to the pros and cons of the moral issue involved, but completely disregarding this, the benefits to be gained are in favor of passage. Much of the strength and influence of the Greek groups on the Berkeley and Stanford campuses has been the result of their off-campus status.

Placing fraternities and sororities off-campus would give them considerable freedom of activity which they do not possess at present, and at the same time would satisfy the groups pressing for reforms. Everyone would be happy. This move would force closer cooperation between the organized groups in building their own publicity program to replace the loss of the use of campus facilities. It would not actually constitute a defeat for the Greeks, as individual sentiment is in favor of the spirit behind the drive. Santa Barbara College would go on record as being a liberal institution, bigger and stronger Greek groups would be the result of additional freedom, and Negroes and Jews would still be kept off the membership rolls. Nothing is more tantalizing than membership in an "undercover" organization.

Independents and Greeks alike, vote "Yes" on the proposed constitutional amendment for reform, peace, hope, and prosperity!

Tom Lyle, Retired.

REBUTTAL

Dear Sir:

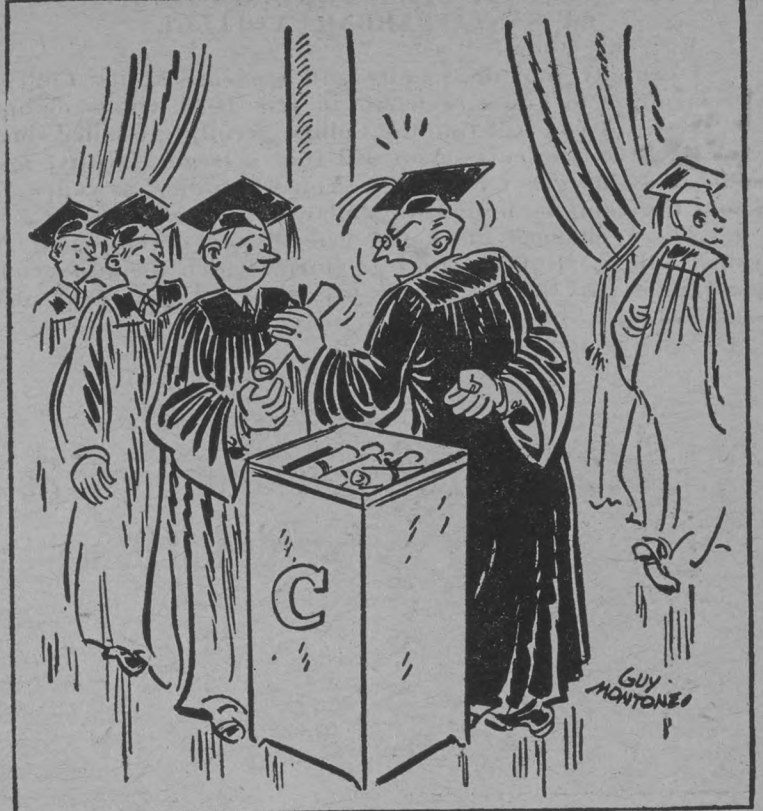

In a recent Letter to The Editor a pseudo-intellectual, self-styled radical, crusader, and authority on any subject, by name, Fulton Spurgeon Elder, unburdened his lofty soul for the reading enjoyment of El Gaucho readers. In the main, he expressed his views on the subject of racial discrimination.

Several days ago, I was accorded the privilege of exchanging opinions on that subject with Mr. Elder. Because he was unsuccessful in converting me to his views, Mr. Elder accused me within the short space of twenty second, Pacific Standard Time, of (1) being a reactionary, and (2) waving the Fascist banner. Versatile, ain't it?

Mr. Elder, in his letter, speaks in a learned vein, probably acquired in Dr. Givretz's Philosophy classes, of the necessity of logic. He should, to coin an old phrase, practice what he preaches.

In concluding his incongruous masterpiece, Mr. Elder informs our Student Body president . . . "I am thankful now, Mr. Graves, that I had no hand in your election."

Now let's all indulge in a big,

"... for the ONE THOUSANDTH and THIRD time: No, I am Not KAY KYSER!"

hearty laugh. I'll wager that the righteous Mr. Elder never even voted in the last election. His often and volubly expressed scorn for all campus activities hardly entitles him to accuse George Graves of being a member of the "enemy camp."

Bill Kresich.

ALUMNUS SPEAKS

Editor, El Gaucho, Santa Barbara College,

"It has been reported that a request has been made for letters relating to the proposed amendment of the college constitution which would prohibit fraternities and sororities from carrying on racial or religious discrimination where membership is concerned.

"Since discrimination is not confined to the above grounds alone and since college organizations due to their system of mysteriously selecting members cannot be truly democratic, this writer does not understand why this point was ever brought forward at all.

"A college society is a private organization just as a lodge. Persons may be rejected on any number of grounds apart from religion or race—such as for personal or financial reasons. Then perhaps a certain student does not have a good academic record or maybe he or she would not be an asset to such a group in the opinion of the committee. On any campus students will not understand why they were never asked to join a fraternity or sorority—religion or race usually has nothing to do with the problem at all.

"Since due to the very nature of such organizations they cannot be democratic and since some students will always be hurt due to rejection which often has nothing whatever to do with race or religion, it is my feeling that the question of a proposed constitutional amendment should be dropped. Good will cannot be legislated into people either at college or in society."

Yours sincerely,

Robert Fairbank

A. B. Santa Barbara College '47.

SHAMELESS LEGALIZATION

Editor, El Gaucho:

"The old specters of intolerance and discrimination rise again as topics for discussion, this time on the Santa Barbara campus as a result of the presentation of a resolution to prohibit discriminatory clauses in the constitutions of on-campus organizations. These twin bogies are as old as the concept of races or the establishment of religions and will undoubtedly live to be much older before they are safely in their graves.

"We must realize that we can't legislate against intolerance and

only in some cases against discrimination. In the case at hand it will be impossible to eliminate either intolerance or discrimination by removing the discriminatory clauses. They undoubtedly will continue as long as the meaning of democracy is impervious to the groups indulging in such practices.

Direct Concern

"This move on campus is obviously of direct concern to the Negro and Jewish people. They have been conscious of these practices towards them and their friends all their lives and I don't believe they had any great hopes of better treatment from some groups when they came to college. I also believe they realize that there won't be any great change towards them when and if, the clauses are prohibited. However, the whole crux of the problem here is the fact that these people are presented with the shameful legalization of intolerance and discrimination against their races and religions in the constitutions of some groups on campus which are recognized by the college, above all a public supported institution.

"The desire at this time should be to do away with such branding legalization of an obviously anti-democratic practice in a college supported by a democratic people. Liberty and freedom of action are not things to be taken for granted (for which you have ample evidence in several countries during the past decade), but involve not only responsibility but constant vigilance to see that they are not slowly taken away from us. If democracy is worth fighting for on the battlefield it is worth the same effort on the campus.

"Obviously much more can and will be said on this resolution before it is either neatly sidetracked or adopted. I hope, in future issues, you will allow a member of the group presenting this resolution as well as any opposition to express their views."

Sincerely Yours,

Dick Parrot.

To the Editor, El Gaucho:

"It was with no small measure of surprise that I saw petitions arise on this campus making a stand against racial discrimination. For people who are supposedly studying to have a share in the direction of this fundamental issue ever arise?"

"Since there must be an opposition, or the petitions never would have started, I would like to ask that opposition a question:

"If a man has the courage to stand for his beliefs, is there one who can define an American, claim that name for himself, and still believe in racial discrimination?"

Henry Cooley.

Frosh-Soph Game Today

Benching with Phil Jacks

On behalf of the sports department I would like to extend a welcome to all of the alumni returning to the Santa Barbara campus. No doubt you will see many changes here, but we hope you will think them for the better.

They are setting the tables with roses at USC after the Troy victory over California last Saturday. From all reports the Trojan team is not only good, but GREAT! From the way they played against Cal, maybe you don't think they will give the Fighting Irish from Notre Dame a good battle when they tangle on December 6.

As I sit here at the typewriter, I can see in the distance a group of feminine amazons chasing each other around the field with curved sticks. The game they are "playing" is called field hockey. They call it this because the object is to see just how many of the opposing side you can strew around the field in various stages of consciousness.

There is a little white ball that the girls attempt to hit with their sticks, but more often than not the "weapons" find their way to another girl's head, shins, arms or body. The playing field is dyed red with the blood of these valiant warriors, and limbs hang at curious angles from their bodies.

This, dear reader, is loosely called "recreation." If you have spilled an opponent's blood, you are a leader. If you have broken an opponent's bone, you are indeed the essence of something or other.

All right, I was only kidding, gals. Put down those hockey sticks . . . please!

Although the Junior Varsity football team lost to Santa Maria Athletic Club last Saturday, they at least have the satisfaction of outplaying a much older, heavier, and experienced, opponent, according to El Gaucho sports reporter Arnold Deverell.

The Junior Gauchos had the game on ice until the last few minutes, when the Club boys pulled it out of the fire. Both line and backfield play was said to be greatly improved over the last game.

A small but rabid group of rooters went to Santa Maria for the game, and I understand that they made almost as much noise as the entire Santa Maria section.

The old argument over "which is the better, college or pro football" is still being tossed around the country. I think that the best statement on the subject that I have heard was made by Bill Dudley, former All-American from Virginia, and at the present time cavorting for the New York football Giants of the National Football League.

When interviewed over the radio, and asked what he thought was the big difference between college and professional football he answered that, on college teams there were generally one or two weak men. In pro ball, however, you didn't find a weak man; it was just that one man was a little more outstanding than another.

Ski Club Sets Entry Deadline for Nov. 6

The Santa Barbara College Ski Club has announced that the deadline for membership is November 6. All would-be members are urged to pay their dues to any officer of the organization before that date or at the meeting which will be held on Thursday, November 6 at 7:15 p.m. in Pine Hall 100.

Dr. Gwynne Nettler will speak at the meeting on ski equipment and its care. The following meeting will feature colored ski movies. The executive board is making arrangements for two ski trips—during Christmas vacation and between semesters.

UCSBC-CAL POLY HOMECOMING GAME

(Continued from page 1)

GAUCHO STALWARTS go over last-minute strategy for Santa Barbara College's Homecoming game against Cal Poly's determined Mus-tangs Saturday night at La Playa stadium. From left to right, they are Backfield Coach "Doc" Kelliher, Fullback Jack Miller, Left Tackle Max Pickerts, and Head Coach Stan Williamson. Miller and Pickerts are co-captains of the Gauchos this season. Kickoff for the fracas is scheduled at 8:15.

Football, Tennis Launch New Intramural Setup

The long-awaited intramural athletic program is now under way with the announcement of the starting of two six-man football leagues, and a tennis tournament.

One football league will be comprised of residents of University Village, and will play its games at the field located there. The other league will be made up of students from the Mesa and Riviera campuses. All games will be played on Tuesdays and Thursdays from 3:00 to 5:00, and a championship game is being planned between the winner from each league at La Playa Stadium.

It is emphasized that the deadline for entries for either league is today at noon. Those interested in participating should follow these simple rules:

1. Turn in a list of nine or more men to Miss Penny Rivers in

the Physical Education department.

2. Designate one of these men, or a non-participant, as manager.
3. Turn in the full address and telephone number of each team member.

A.M.S. vice-president, Dink Sheehan, reports that the A.M.S. sponsored tennis tournament is to be held on November 3, and men who have previous experience are eligible to sign up for the contest in Dean Jones' office.

Mr. Richard Kaywood, director of intramural athletics on the campus, announces that anyone in the Physical Education department interested in being on the intramural executive council should contact him in his office.

Assures 1948 Tilt

According to Bill Russell, graduate manager of Santa Barbara college, the local reception was so good that games are already scheduled with Occidental and Pomona for the 1948 football season.

Traditional Homecoming Volley Ball Match Set

The Women's Physical Education department will again play host to its graduated members on November 1, at its annual Homecoming volleyball game. This game, a tradition of the department for many years, has always been played between the alumnae members of the department and the active juniors and seniors.

The event will be held at 11:00 a.m. in the Men's Gym and will be followed by a snack luncheon for all those present.

Tobacco Road

The chronic reformer was lecturing the village soak at the bar-room door.

"But listen," argued the soak, "I tell you one drink is all I ever take. Jus' one little drink. But that one little drink always makes me feel like a new man, an' pretty soon all those new guys line up for a drink too!"

rugged and powerful line. At end are a number of veterans, Bill Hume, Jack Bolton, Spud Meyers, Harold Winslow, and Lew Bewley. Bewley starred on the 1945 Navy team after spending his freshman season at Southwestern U.

At the tackles are 230 pound Marshall Samuels, Roy Bethel, a star at St. Mary's Pre-Flight, and Bill Barnes. Rough Robert Bennett, a letterman, Joe Griffin, and Bob Garver are the leading guards. John Fitzgerald, who played ball in his freshman year at Michigan U. will be coupled with Deane Anderson at center.

After returning victoriously from a 26-14 win over the Cal Aggies at Davis, the Gaucho squad is all set for the forthcoming game. Previous to last week's game, Santa Barbara had won two and lost one.

The opening tilt was against the Pomona, and the Gauchos outclassed the Sagehen to the tune of

TEAM STATISTICS

The following are the team statistics for the first four games:

Yards gained rushing	959
Yards lost rushing	186
Cards gained passing	76
Total net yards	869
First downs	47
Penalties	22
Yards lost penalties	245
Passes attempted	29
Passes completed	9
Passes had intercepted	8
Number of punts	23
Average length of punts	39.4
Fumbles	19
Own fumbles recovered	1
Average length of kickoffs	49.8
Number of touchdowns	10
Number of conversions made	6
Number field goals attempted	1
Number field goals made	1

CROSS COUNTRY

Cross Country track work has begun at La Playa stadium under the direction of Coach Nick Carter. As yet nothing definite has occurred, but a rugged schedule is being planned, and the boys are working hard in preparation. Anyone interested in seeing or joining this group should come to the stadium any afternoon between 3 and 5 p.m.

THEY SAY, "We've got a winning combination, we hope," and they're rarin' for the kick-off Saturday night when the crouching, charging, pass catching, and booting Gauchos meet the Mustangs at La Playa Field in the Santa Barbara College annual Homecoming feature attraction. From left to right, top: "Sammy" Cathcart, fleet-running halfback; Jack Miller, crushing fullback and co-captain. Bottom: Mel Patton, hard-charging breakaway back; Joe Rossi; and Max Diamond, right halfback and star pass catcher.

26-13. The second game with Occidental was closer, but the SB varsity came out on top 17-14. Next the Gauchos ran up against a power laden San Jose team, and when the smoke had cleared away the Spartans were on the long end of a 39-0 score.

UCSBC can also boast an excellent coaching staff, ably headed by Stan Williamson, and assisted by Doc Kelliher.

This is Stan Williamson's third year at Santa Barbara. After his first season in 1941. Coach Williamson joined the Navy, but he returned to the campus in 1946. Previous to his coaching position at Santa Barbara, Mr. Williamson had a colorful career at the University of Southern California. In 1931, he was elected captain of the SC team that won the mythical national championship, and was selected as All-American center.

The credit for this year's backfield goes to assistant coach M. S. (Doc) Kelliher. Kelliher has had many years of coaching experience, and was a star back himself at Santa Barbara in 1934.

The Gaucho backfield, paced by Sam Cathcart, with seven touchdowns in four games, is both powerful and fast. Bill Steele, who as a result of an injury incurred in the Occidental game, will be wearing a light cast on his left arm, Bill French, and Tommy White have been handling the brunt of the quarterbacking. Steele's passing was greatly missed in the San Jose, but he will be in there tossing them tomorrow.

The halfback jobs have been ably taken care of by "Buck" Billinger, Max Diamond, Kenny Duddridge, Earl Engman, who rose as the only bright spot in the San Jose game, with his brilliant defensive work, and of course Sam Cathcart.

At fullback, co-captain Jack Miller, speedy Mel Patton, and rugged Sam Dimas, have been giving the opposition no end of trouble with their offensive and defensive play. Miller has been doing the brunt of the punting, and has a very good average for himself.

The Gauchos can pride themselves as having one of the heaviest lines in the conference. It would be hard to single out any one player as the outstanding man, but co-captain Max Pickarts, George Crilley, Joe Rossi, Frank Kirkland, Bob Woodbridge, Cy Williams, John Daniels, Bob Bowman, Gordon Sheldon, and Dick Bowdey, to name only a few, have been spearheading the Gaucho line attack.

Russ Wenzlau, Roy Steele, Vic Paulson and brother Bernie, Al Katich, and George Anderson, give the SB team as good a brand of ends as you will find anywhere.

Capacity crowd is expected for the game, so get to the stadium early, and let the team hear both the students and the alumni making plenty of noise.

'DOC' KELLIHER IS GUIDING HAND OF GAUCHO BACKFIELD

The Golden Gaucho backfield this year is under the guiding hand of coach M. S. "Doc" Kelliher, who has many years experience in coaching football and was himself a star backfield player.

Kelliher is not new to Santa Barbara, for he graduated from old Santa Barbara State in 1934 after earning two letters as halfback and fullback in football and one in track as a sprinter.

In 1936 Doc coached freshman football at Santa Barbara State for one year. Following that he coached at Oxnard High School until the war came along. He joined the Navy's physical fitness program and while at St. Mary's he worked under his present boss Stan Williamson.

On the practice field Kelliher is a bundle of energy and keeps his boys on their toes. Doc is married and whenever possible, he keeps up his hobby of wood carving and model building.

Pigskin Prognostications

Due to an error, Pigskin Prognostications did not get into print last Friday. This week we start off anew with two guest experts who should know what they are talking about—Varsity Coach Stan Williamson, and Junior Varsity Coach Walt Condeley.

Mislaid Articles In 'Lost & Found' Held For Owners

Lost your shirt, brother? Gauchos are reminded that a Lost and Found Department is maintained by the Student Police Headquarters in the basement of the Quad. Hours are from 8:00 p.m. to 12:00 p.m. and 1:00 p.m. to 5:00 p.m., Monday through Friday.

Articles found, having identification on them will be returned by notifying owners through the student mailbox. After accredited recognition of the same, goods must be signed for. Members of the campus are cautioned to put their signatures in all books belonging to them.

Included in the Lost and Found collection are fraternity and sorority pins, watches, glasses, books, and other objects that have been there since the beginning of last year.

THE CAMPUS CORNER

Dear "Podnuh"—

Apologies to you (and to the boss) for not writing to you last Friday; 'twas just negligence—pure and simple.

Ya' know—I was thinking about the marital status at UCSB. Everybody's doin' it—getting married, that is. Even the Gauchos columns are full of notices of intent to marry. I decided I'd better get this info in the paper before there are no old maids left . . . so here goes nothing in the way of "something old, something new, something borrowed, and something blue!"

Here's an old item—old in the sense that we had them before. Remember the little sterling silver perfume atomizers? They monogram beautifully and would make wonderful gifts for bridesmaids at 5 bucks a throw. How good can things get, hmmm?

And this is definitely new! A new line of belts, La Jolla by name, is storming the joint. So practical for the new bride, too, if she's gonna wear the pants in the family. La Jolla belt makers have really captured the knock-down-western accent in their belts, too. Priced anywhere from 3.95 up.

Here's something borrowed. Anyone can come into Jack Rose and take out a charge account! Do it today!

And blue? What "fresh-married" gal wouldn't go for a blue, cotton, quilted brunch-coat? And what "fresh-married" guy would mind paying just 14.95 for said coat? And, darlinks, such a savings—there's a bedjacket which would be nice later—for only \$8.95.

"Scuse me, Gerry, while I disappear!"

Patti

P.S. Karpe came bubbling up to me last week looking snazzy in a kelly green variegated scarf. She was telling me to plug the WSSF—so I will . . . plug!

Junior High Members Tour Natural Museum

Holding their monthly social meeting at the Museum of Natural History in Mission Canyon, the members of the Junior High Education Club were taken on a tour of the Museum by Mr. E. Rett, husband of Mrs. Mabel Rett, senior in the department, on October 21, from 7:30 until 10:00 p.m.

New officers for the year were also announced at the meeting. They are as follows: Wanda Dooling, president; John Boettner, vice-president. There is a run-off between Dorothy Colby and Esther Helbeck for the office of secretary, and between Charles Metz and Nelson Otis for treasurer.

Following the meeting refreshments served in the museum library by Alice Chard and Ben Gehr.

Next meeting of the club is scheduled for November 4, at 7:30 p.m. in the AWS lounge. At this time Dr. Glen W. Durlfinger will report on his recent trip to Los Angeles where attend the California Teachers Convention.

At a Student Council meeting held on Tuesday evening, October 14, Jerry Terres was appointed Student-at-Large on the Student Awards Committee.

2C2A Competition Not To Include Fencing

The Santa Barbara College fencing team will not participate in the 2C2A Conference Championships, it was announced today by Coach Nick Carter. The participation of only two schools, San Diego and Santa Barbara, made necessary this measure.

In the meantime there is an attempt to organize a Pacific Coast Championship which would include such schools as UCLA, USC, Stanford and California, besides Santa Barbara.

Dick Sweet Fifth In Newport Yacht Races

Dick Sweet, member of the Gauchito Yacht Club, placed fifth in the PC Class of racing sloops at Newport recently. This was the fall meeting of the Pacific Coast Intercollegiate Regatta. The PC Class is for 32-foot racing sloops.

Sweet took second in two of the three heats. Though he had to pick up his crew at the races, he still brought more honors home to Santa Barbara College.

"Money," intoned the judge, "isn't everything. It is not money that will heal the pain of a broken heart or put together the fragments of a shattered dream. Money cannot bring happiness to a smashed home nor repair the ravages of a misspent life."

"I refer, of course, to Confederate money."

CASING THE CAMPUS

By Junie and Betty

Homecoming weekend, here we come! Welcome all alums; what do you think of our campus with all its "new" buildings and increased enrollment?

Via the grapevine we hear that Gamma Sig alum Don Nagle and the little blond gal he met in summer session, June Kreter, plan to be married come December. And Myrne Mae Bartlett had a clever idea the other day—when her brother Stan, also an old Gamma Sig, and his wife swelled their family ranks, Myrna gave chewing gum tied with little pink ribbons to all her friends!

Stuck in Fresno

Poor Buck Levine, wife Emily, and Cal Club chairman Ed Morris didn't quite make it to the Cal Aggie-Gauche game last weekend; their car broke down in Fresno. To our knowledge, Katie Frye was the only Gauche at the game. By the way, speaking of the fracas, three cheers for Sammy Cathcart! How that guy piled up yardage.

When Pu Ko How-ers went up to the college cabin over the weekend, Dot Adameck with her poison oak was the only casualty, although Carol Richardson as prize onion roller had rather a rough time of things when she had to eat her onion raw. The usual amount of bedding got hidden, and because of transportation difficulties Peggy Ward, Gerry Behnke, Evelyn Schallis and Pat Payne all had to ride down in the back of Miss Butler's car along with four bed rolls. Ah, those wonderful cabin weekends.

"Chick's Choice" Report

They said everyone had a "riotous good time." to quote a guest, at the "Chick's Choice" dance last Saturday night. Some of the boys and their escorts capering to the music of the Stardusters were Jim Newman and Jean Calderon; Jimmy Wheeler with Betty Brehme; Art Wells-Judy Morgan, Bob Lorden and Donna Douglas. Many were the varied and original costumes observed. Thanks, Tau Gams, for putting on the dance.

Santa Maria saw a small but most enthusiastic gang of rooters for the Gauche Jayvee football game Saturday night. Besides Shirley Lerner, Bonnie Sly, Mary Lou Lewis and Bill Thagard, a big contingent from Hoff were there, including Bud Gmur, Carl Robbie, John Bruber, Frank Royce, Rudy Simonson, and Willie Dever. Carrying pom poms and adding to the spirit of the occasion also were Frank Goodall and Joyce Griffin, Grant Boyd with Marilyn Midland, Marie Fenton and Bill Jackson, and Phil Heathman and Virginia Carston. Everytime Bob Biddle ran out onto the field, his date Nancy Matthews and friends Myra Vischi and Bill Stephens and Johnny Ott and gal friend Vivian cheered. Too bad the team lost, but much fun was had.

We'll see you tonight at the Galloping Gauche, and tomorrow at parade, game and dance. Ohhhh, hate to think of Monday morning.

Budget Busters Snub Collegiate Expenses

Married Gauche couples are once again in high gear on the road of budget cutting. A recent organizational meeting called together the clan of Budget Busters for resumption of their traditional non-monetary social activities. It all started back in 1936 . . .

Even at this pre-inflation period married Santa Barbara College couples were feeling the pinch of bankruptcy. To insure that even overtly would not endanger the collegiate's right of after-hour fun, a group of progressive married students got together and formed the Budget Busters. The solid-rock platform was: recreation, and plenty of it—but at a minimum cost.

So successful was the idea and club that the Budget Busters have remained active right up to the present date. Ralph Sylvester heads today's organization, sponsored by Mrs. Louie Taylor. And according to all reliable reports, the Gauche Budget Busters will remain active and solvent for years to come.

Ceremonies Are Held By Sigma Alpha Kappa

The Sigma Alpha Kappa fraternity formerly initiated its 43 pledge class in ceremonies held at the home of president George Geib.

Sixteen men received pins signifying their pledgship to Sigma Alpha Kappa. They were: Clark Warren, Haurice Kopp, Bob Morris, Donald Iverson, Bill Iverson, Dick Iverson, Jack Cabot, Max Pickerts, Al Pentoney, Tom Dailley, Bob Bailey, Gordan Graybehl, Lyle Purdum, Herman Zmolek, Fred Mitschler, Norman Celee.

In the course of the evening the pledges were introduced to the requirements of their station and the thickness of Sig Alph woodware by pledge master Charles Craviota.

Kappa Delts Hear Local Newsman Talk on Education

"Children growing up in California schools today are getting as false and distorted ideas of life as students of the 1920's. As prospective teachers you cannot be complacent about it."

So spoke Ronald Scofield, newspaperman connected with Santa Barbara News Press, to members and guests of Kappa Delta Pi, honorary educational society, recently.

Mr. Scofield continued that schools should make aware of the economic forces they face upon graduating from high school, with emphasis upon the practical usage of the knowledge they gain from their formal education.

The speaker was introduced by Dorothy Eichelberger, program chairman for Kappa Delta Pi.

He: "Do you shrink from kissing?"

She: "Oh my no! Why if I did, I'd be nothing but skin and bones."

Gauche Fouls Up On Hour for AWS Breakfast

Wishing all former officers and sponsors of Associated Women Students a "good morning," members of the present AWS executive board will sponsor a Breakfast November 1, during Homecoming, from 9:30 till 10:30 on the sun roof, or, if weather threatens, in the AWS Room, and not from 9:00 till 10:30 in the faculty dining room as previously noted.

Patty Ponto will handle the name tags for the occasion, while the food preparation will be in charge of June Rice, AWS Counselor. Members of Las Espuelas will handle the serving.

Food for the occasion will consist of coffee, chocolate, and breakfast rolls.

Student Union Topic Of Discussion At County Alumni Meet

Ernest Smith, manager of the Memorial Union campaign for the Student's Union on the University of California's Agricultural college campus at Davis, was the speaker at last Wednesday's El Presidio meeting of the California Alumni Association of Santa Barbara County.

Smith discussed the campaign under way at Davis and arranged a meeting with the committee on the local campus to consider a Student Union project here to provide facilities for special campus activities.

appeared in the Friday, October 17 issue of El Gauche was erroneous. The editor regrets the occurrence.

MILK

helped build the undefeated ARMY FOOTBALL TEAM

WEST POINT—molder of men and military leaders—slants the rigid training of all cadets toward health and physical fitness. Every cadet participates in some type of sport, constantly developing mental alertness and sound body, the first requirements for leadership.

Out of West Point has come one of the greatest football teams of all time, famous for its "touchdown twins" combination and undefeated in three years of play. MILK—nature's most nearly perfect food—helped build that team. It's a menu "mus" on training tables throughout the Academy.

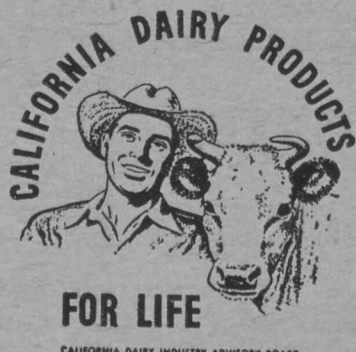

Pictured here is the undefeated ARMY FOOTBALL TEAM dining at Hotel Barclay in New York just after the spectacular 0-0 tie with Notre Dame last season.

"Football players the world over, high school, college, or professional, are great milk drinkers and the cadets are no exception."

Quoted from an article entitled, "Blanchard and Davis, West Point's Touchdown Twins," which appeared in the March, 1947 issue of PHYSICAL CULTURE magazine.
