NUMBER 1

Carpinteria Escapes Damage In Heaviest Storm In Years

Carpinteria escaped with minor damage and no injuries as the result of the storm which swept in Sunday night and deposited 6.97 inches of rain up to Thursday morning, although for a time on Wednesday creeks rose to dangerous levels and in many cases overflowed into low lying areas.

Donald Stockton, son of Mr. and Mrs. W. Guy Stockton, narrowly escaped death or serious injury about 3:45 Wednesday morning when his heavy truck loaded with 18 tons of canned tomatoes struck a landslide in Gaviota Pass and skidded down an embankment into a stream. The cab of the truck was almost completely submerged, but Stockton, who was uninjured, managed to free himself and reach the road. He was brought to Carpinteria by a passing motorist and returned to the scene of the accident later to assist in removing the load only to see the bed of the truck break up and the tomatoes start on their way to the ocean.

The peak of the storm was reached here early Wednesday morning and at noon Santa Monica creek threatened to undermine the state highway bridge and was flowing.

COMMUNITY CHEST DRIVE RAISES, \$2,100

Latest figures compiled by John E. Jones, secretary of the Community Chest, show that a total of \$2,100 of the \$2,300 budget has been raised, and there is every chance that the drive will go over the top, since a number of persons who regularly contribute generously to the chest are out of the district at present and have not been heard from as yet.

Methodist Church Prepares to Celebrate 75th Anniversary

The Carpinteria Methodist Church will celebrate the 75th anniversary of the founding of the church in Carpinteria on Thursday, Friday, Saturday and Sunday, March 24, 25, 26, 27. Special evening services will be held on Thursday, Friday and Saturday at 7:30 p. m. and three services on Sunday.

On Thursday and Friday evening Dr. R. Ernest Little, formerly of Wesley's Chapel, City Road, London, England will be the speaker. Dr. Little is traveling in America and Canada on an international peace and evangelistic tour and visited the Carpinteria Church some time ago, at which time he was well received.

On Saturday evening, Howard A. Cory, Methodist Men's Movement Layman of Alhambra M. E. Church will be the speaker.

On Sunday the morning service at 11:00 a. m. will be conducted by Dr. W. C. Buckner, District

(Continued on page 8)

GAS TAX IN STATE SHOWS DROP FOR JANUARY

For the first time in almost a year gasoline sales showed a decrease in comparison with the same month of the previous year, the State Board of Equalization reported today.

Gasoline sales for last month amounted to 126,764,626 gallons, on which a tax of \$3,802,938.78 was levied. This tax represented a reduction of 1.37 per cent as compared with the income of January, 1937. It also was \$326,180 less than the amount collected last December.

Inclement weather throughout the state was blamed largely for the January reduction.

MASONS TO HEAR JUDGE C. LOUIS DRAPEAU

The Carpinteria Masonic lodge has made arrangements for Judge C. Louis Drapeau of Ventura to address the members at the stated meeting to be held on April 11. Judge Drapeau will speak on Masonic endowments and Masonic homes in California for the aged and for children.

Mr. and Mrs. Ray Barrett of Huntington Beach were week-end guests of her mother, Mrs. Jerome F. Tubbs.

New students enrolled in the high school are Frances Haley, freshman, Bentonville, Ark., and Edith VanMeter, sophomore, and Margaret Russell, freshman, from Ventura Junior high school.

LIONS CLUB, P. T. A. TO HOLD JOINT MEETING

Following the regular dinner of the Lions Club next Thursday evening at the Veteran's Memorial building, the high school and grammar school Parent-Teachers Associations will join the club at 7:30 to hear Mrs. Helen Meyer, Santa Barbara police woman, speak on "Delinquency Among Girls." Sergeant Thomas Keating of the Santa Barbara Police department will also speak on "Delinquency Among Boys." A program of special music is being arranged for the evening.

CONGREGATION VOTES FOR NEW CHURCH HOME

A unanimous vote to erect a new church building was cast at the meeting of the congregation of the Community church following the regular service Sunday morning, as the first step toward planning for its construction. A building committee composed of John B. Hudson, Merton F. Lewis, E. D. Solari, Mrs. A. G. Wood and Mrs. Charles Curtis was appointed to secure an architect's advice on sites, and tentative plans for a building to be considered at a called meeting when their report is complete.

Two sites have been suggested, the Curtis property which adjoins the present location of the church, and the four lots belonging to the county which front Vallecito road. They were submitted on a report of a committee appointed last week, composed of F. A. Hebel, Mrs. E. W. Hoffman, Mrs. Carey Demaree and A. C. O'Banion.

Frank David Wykoff

Frank Wykoff is the proud father of a son, Frank David, born to Mrs. Wykoff in the St. Francis hospital in Santa Barbara last Saturday afternoon. The young gentleman "weighed in" at seven pounds and 11 ounces. Young Frank will have quite a job cut out for him if he goes in for track and attempts to better the records already established by his father.

Mrs. John C. Furby, Miss Elizabeth Furby and Charles Bliss have returned from Berkeley where they visited Mr. and Mrs. Neil Furby.

Mr. and Mrs. C. G. Smith of Davenport, Iowa, have been recent guests of Mrs. Blanche Koehler and family.

A group of relatives motored to the new home of Mr. and Mrs. Ben Bailard Monday evening for a housewarming.

Mrs. Susan Richards and Mr. and Mrs. E. J. Cooke of Los Angeles were week-end guests of Mr. and Mrs. Joseph Hendy.

School Plans To Be Discussed At Public Meeting Tonight

BEAN GROWERS DISCUSS MARKET PLAN AT LOMPOC

Over thirty interested bean growers and dealers met last week at the Lompoc Grammar school, to discuss the proposed marketing set up, according to a statement made by Mr. Fred Gillett, secretary of the committee and president of the Farm Center. All phases of the present situation was discussed under the leadership of Mr. Ed. Sutter, chairman of the Lompoc Farm Center Bean Committee.

After considerable discussion the growers voted unanimously to ask the United States Government to draw up a marketing agreement along the lines of the tentative proposal which has been made by the National Bean Committee.

COMMITTEE NAMED FOR PUBLIC SCHOOL WEEK

J. E. Hawley, Albert Coles and A. E. Southworth have been appointed on the committee to make arrangements for the observance of public schools week which starts on April 25 and is sponsored by the Masonic Lodge.

Mr. and Mrs. Adrian G. Wood expect to sail tomorrow on the Lurline from Wilmington for a month's voyage to Hawaii.

Mrs. W. Guy Stockton, Mrs. Howard Mays and Mrs. Lucie Treloar were hostesses to the members of their P. E. O. chapter at a dinner at the Stockton home Monday evening.

* The trustees of the Carpinteria Grammar School have called a public meeting to be held this evening at 7:30 in the Veterans Memorial building to discuss plans and location for the new grammar school for which bonds were voted last fall.

Since plans at the time of the election called for the erection of the school on the old site, the trustees will outline the reasons for changing the location to the Owens property, chief of which is the fact that the old site is badly needed by the high school for an athletic field and for expansion of building facilities should the rapid growth shown by Carpinteria during the past year continue.

Arrangements have been made whereby the grammar school can purchase sufficient ground for the school building immediately and acquire the balance of the tract over a period of three years. In turn the high school will purchase the old grammar school site and this money will be applied on the purchase of the new site for the grammar school.

Work is expected to start on the new school as soon as necessary legal publications for purchase of ground and bids on construction have been completed.

CARPINTERIA FIREMEN ELECTS OFFICERS

The Carpinteria Fireman's Association held its regular monthly meeting in Summerland on Tuesday evening with 16 members in attendance. Election of officers was held during the evening and the following officers named: president, Stanley Isle; vice-president, Steve Granaroli; secretary, Frank Burbridge and treasurer, Les Carter.

County Clerk's Records Give History of County from 1850

J. E. Lewis, County Clerk

Mr. and Mrs. David Safwenberg were hosts at the second in a series of dinner parties at their home Saturday evening.

* Santa Barbara county is more fortunate than a number of other counties in the state, according to J. E. "Jack" Lewis, County Clerk, in having a complete record of county government and transactions in original form dating back to the year 1850 when the county form of government was first instituted.

Lewis recently spent some time delving into the old records of his office and brought to light many interesting facts showing the vast contrast between the early and present day methods of keeping records and the changes made in the duties of various county offices and bodies.

The earliest records are bound in heavy leather and are inscribed in the fine penmanship and flourishes of that period. Proof of Santa Barbara County's Spanish origin is clearly shown in these records as many of them are written in Spanish. The first influence

CONSERVATION WEEK

Benjamin Franklin expressed its philosophy. President Roosevelt the First carried it out in a new way. And today California carries it on—the principle of thrift applied, not exclusively to the pennies which Poor Richard wisely counselled us to harbor, but to the goods which fill the rich treasurer-house of our natural resources.

Because that wealth is highly perishable California celebrates Conservation Week, March 7 to 14, to remind us that thrift means safeguarding the majestic stands of California's green timberlands, the sweeping white arcs of beachland, the tumultuous cascades of swirling rivers and waterfalls—all of them sources of wealth or carefree havens for the fisherman, hunter, camper, and recreations seeker.

But the conservation policy which the first Roosevelt energetically put into practice, California has ably seconded. Each and every citizen can be most proud of his stake in the State's \$14 million investment in our far-flung park system of 300,000 acres which will preserve beyond the lifetime of anyone now living, the grandeur of the Redwoods and Sequoias more ancient than Egypt's famed pyramids.

Conservation, as opposed to wanton or careless destruction, is intelligent foresight. It is a common-sense example of thrift applied to perishable resources. The success of that practical man's philosophy can be seen not only in conservation applied to forestlands, but to all resources—the wonders of chemistry conserving and transforming waste farm products, the techniques of mass marketing through retail networks, diligently conserving today's surplus of produce in readiness for tomorrow's need.

Conservation Week in California calls attention to the State's vivid achievements in this field. But let it also be a challenge reminding us that conservation must not only be preached. It must be practiced!

THE BIG TREK BEGINS

Old Sol inches along steadily toward the Equator. Punctually he'll arrive there for his date with the Equinox on March 21 if the celestial clockwork keeps running with its customary split-second precision.

Soon San Juan Capistrano's celebrated swallows will come sweeping up from the South with a rush of wings, darkening the eaves of the venerable mission with a hundred dancing shadows.

Down in the deep South the circus calliopes are being tuned up while the wagon-cages receive their bright spring dress of gaudy paint and gay

The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

METHODIST CHURCH

Melvin J. Addington, Pastor

Morning Service: "The Religion with a Flaming Heart"; Evening Service: "God and Company Unlimited"; Wednesday prayer and Bible Hour: "The Con and the Oath of God." Heb. 6:17.

Christianity becomes a reality when it sees the frailty of self and the need of others. Our strength is made perfect in weakness: God can work best through the organization that moves forward on its knees. Many a victory is won by the saint that is shut in with God. At alters gate the heart of Wesley was strongly warmed and God wrought the revival. Many churches, have been resting when they should be wrestling. God's invitation is that we call upon him and that he will show us great and mighty things that we know not of. Who is able to bound the limits of his power?

Our Wednesday evening prayer and Bible study has been centered about thought of God's greatest revelation to mankind. In this big test revelation his redemption work is complete.

HIGH SCHOOL NOTES

The Fashion Show that is to be held in the high school auditorium, and which is to be sponsored by the Junior class and P. T. A. members, promises to be a gala affair.

The yearly event will be held on March 18 at one o'clock and admission for students will be twenty-five cents and fifty cents for adults.

The committees are as follows: The P. T. A. mothers will be on various committees. They are Mrs. H. . Franklin, Mrs. P. I. Dane, Mrs. Stanley Shepard, Mrs. Percy Houts, Mrs. George Humphreys; the candy selling committee, the following girls are in charge: Bulha Hutchinson, Virginia Jennings, Mariam Romero, Hisae Musikaimi, Erma Vodkerah and Carol Dane.

On the serving committee are the following: Beverly Humphreys, Marilyn Shepard, Nancy Franklin, Martha Thurmond, Helen Naulty and Elsa Lee Grell.

The ticket committee will consist of Donald Royer, William Osterman, Gordon Milne, Richard Houts, Myron Sturmer, Bill Cat-

gilding in readiness for the big trek north. And there's busy work afoot elsewhere. This week Southern Pacific men are re-painting the airy interiors, and setting up the stall-boards, in the big all-metal cars that will shortly be carrying some of America's handsomest thoroughbreds on their annual spring trek north from Santa Anita. When these blue-blooded animals go places, theirs is a first-class buggy ride ensuring them expert care and handling, and most of the relative comforts that only today's modern service methods can supply.

But while the bang-tails will soon be heading north in typical bank-up style, there's another trek already started. Off the Washington coast, a U. S. Coast Guard cutter has started playing the cowboy to a great herd of seals as it convoys them toward their mating grounds on the Pribiloff Islands in the Far North. More than five cutters in relays will shepherd some 1,800,000 seals through the steely blue Pacific waters up to the Bering sea where the lonely Pribiloffs face the gaunt wastes of Siberia.

Land and sea again feel the promise of Old Sol's return from below the Equator. And on land and sea the great trek north is underway.

THE CARPINTERIA COMMUNITY CHURCH

Rev. Deane F. Babbitt, Pastor.

Sincere worship must result in active love for fellowmen and a life of social justice, according to Jesus, the Messiah of the world. In the absence of the Pastor, who will be conducting the Communion of the Lord's Supper in Montecito, Mr. Paul M. Gammons of the San Francisco Theological Seminary will preach upon "Lights for God!" at the 11:00 service.

"Even so let your light shine before men; that they may see your good works, and glorify your Father who is in heaven."—Matt. 5:16.

Special music will consist of "Nocturne Poetique" by Gutmann, Offertory, "By Singing Waters" by Lieurance, and "Unfold, Ye Portals" by Gounod. At seven-thirty in the evening Rev. Deane F. Babbitt will speak of "Human Witness." The "Festival of Song" provides an opportunity for many to participate in song, prayer and praise.

Tuxis Choir at 5:30 is busy on the Easter music. Men and women, young and not so young, are invited to contribute their voices at this hour. Miss Nancy Franklin will conduct the Youth Fellowship at 6:30, her subject being, "Do They Call You Honest Bill?" Miss Ruby Musick is in charge of the social hour following the study group.

lin and Lawrence Bailard.

The decoration committee, will be Helen Naulty, Webster Beckstead, Richard Kistler, William Osterman, Marilyn Shepard and Nancy Franklin.

Troop 23 of the high school Girl Scouts will hold their regular meeting at the home of Miss Mary Alice Hebel, they will carry on a study of first aid. The meeting will commence at 7:30 p. m.

The first year home making class journeyed up to Santa Barbara today to visit the Ambassador and St. Paul Laundries to study the characteristics of the various departments involved.

Last Tuesday the Homemaking class had a cheese sandwich sale. The money made was used in buying new fixtures for their class dining room.

The varsity basketball squad played last Tuesday on the first of March and defeated the Santa Barbara State College Junior Varsity by a score of 35 to 34, thus enabling themselves to make up for the defeat of the day before

WOMEN IN THE NEWS

By LEONE BAXTER

When a man loses his job, the tragedy of it usually reflects into the life of a woman. For rare is the man without some feminine influence or responsibility.

Reacting according to her type, the woman may stand valiantly by, through the dark panic of unemployment. She may go to work herself, to supplement the family income. Or, in cases only to be whispered about, she may criticize or openly pity, leaving a man feeling bere of a great deal more than his job.

Thus, the attention of American women is drawn today to a scene in the gallery of the British House of Commons; to a beautiful young matron schooled in self-control; to Mrs. Anthony Eden, who stood by in those historic moments when an empire changed its course—and her husband lost his job!

It does not alter the situation to record that Anthony Eden resigned as foreign minister because he didn't agree with the prime minister's foreign policy. Many a man opposed to office policy has been given the privilege of resigning—or getting fired. Eden strove for a lost cause and went down to defeat; and it is chronicled that not once did his wife try to swerve him from the idealistic approach to the expedient compromise.

In an historic old castle outside London hangs a painting of young Mrs. Anthony Eden. Before it American tourists may henceforth stop to gaze and say: "Remember when her husband lost his job? She was a thoroughbred; she kept her chin up and made him feel proud that he stuck to his ideals!"

In these days, when few families escape the stress of troubled times, millions of American women have occasion to be thoroughbreds, too. Not in ancestral castles, but in heavily mortgaged cottages, or even on the prideless dole, women of wisdom and grace and fortitude meet their problems "with their chins up," both for the sake of their own morale and that of their menfolk.

Fortunately, there is no crisis in California comparable to that which forced Eden from public life, replacing him with men who believe compromise will avert war with Italy and Germany.

But there are women in California as ambitious, as vitally interested in their husbands' careers, as the wife of Anthony Eden. And this is election year! Next November will see many more defeats than victories for aspiring candidates. Lucky, then, the man whose wife is wise enough to take a leaf from another thoroughbred's book—to bolster her husband's hurt pride—and to "keep her chin up," win or lose!

by the same squad by a score of 37 to 38.

For the next six weeks the Carpinteria high school will have as a student teacher who will assist Mr. Southworth of the foundations of English and History and Miss Elizabeth Platt, she also plans to assist the Spanish class which Miss Virginia Bailard is teaching. She is Miss Martha Lee Stone who is a graduate of Scripps College and Claremont college in Claremont.

Bob Hope, who is featured in Paramount's "College Swing," has a pair of dilapidated trousers as his favorite article of clothing. Hope uses them as "loafing pants."

A. R. HEBEL JOINS USED CAR DRIVE

A campaign, to be known as "National Used Car Exchange Week" and scheduled for March 5 to 12, is an outgrowth of recent conferences at the White House between President Roosevelt and leaders of the automobile industry, Mr. A. R. Hebel, local Chevrolet dealer said.

The campaign is timed at the outset of the spring selling season when both new and used cars usually begin to move in greatest volume and is aimed primarily at stimulating the disposal of used car stocks now in dealer hands.

During the last few years vast improvements have been made in motor cars and this improved transportation is available on easy terms to those who take advantage of the bargains to be offered during "National Used Car Exchange Week," Mr. A. R. Hebel stated.

"Too many unsafe wornout, unreliable cars, without modern safety brakes, safety glass, large tires and steel bodies, are in operation today," he continued. "Too many are costly to operate. Eleven million cars seven years old or older are licensed for operation throughout the country.

"Many of these cars can be replaced during National Used Car Exchange Week — to the great advantage of the buyer and of the public — with newer, 'up-to-date' cars, without initial investment beyond their present car and on terms to suit the average pocket-book. These new cars offer modern equipment and are a good investment in comfort, safety and economy."

I'VE BEEN TOLD — That the breeding, feeding and sale of equipment for dogs is a \$75,000,000 industry in America. . . There are approximately 32,000,000 unorganized workers in the United States and 7,000,000 organized. . . The Daily Worker, leading communist paper, has a circulation of 40,000 and uses old presses once owned by the Wall Street Journal, a leading financial paper. . . Glass lined tanks for storing beer, 11 feet wide and 40 feet long, hold 540,000 glasses of beer or enough for a glass for all the people in Milwaukee. . . The Empire State Building is frequently struck by lightning. . . 425,000,000 yards of cotton cloth were Sanforized (treated to prevent shrinkage) by Cluett, Peabody and Co., last year.

MRS. R. J. OGAN ENTERTAINS FRIENDS

Mrs. R. J. Ogan entertained Friday afternoon at dessert and sewing party for a group of friends including Mrs. John W. Robbins of Edgerton, Wis., Mrs. Ada Hursh of Portland, Mrs. F. A. Hebel, Mrs. H. L. Beckstead, Mrs. Charles Curtis, Mrs. C. C. Heltman, Mrs. Clarence Sawyer, Mrs. Phil Dane, Mrs. Chester Miller and Mrs. Randall Curtis.

ENTERTAINS AT FAMILY DINNER

Mr. and Mrs. Richard Morris entertained at a family dinner Saturday evening as a farewell party for their sister, Mrs. George D. Montdort, who returned to her home in Blaine, Wash., Sunday. Attending were Mr. and Mrs. Harborn W. Morris, Mr. and Mrs. R. J. Ogan, Mrs. E. C. Durfee of Santa Barbara, Mrs. Marion Linkey and daughter, Lila, and Jack Morris.

MR. AND MRS. SAWYER SURPRISED TUES. EVENING

Mr. and Mrs. Clarence Sawyer were surprised with a housewarming Tuesday when a group of relatives arrived to spend the evening and brought a gift of silver. In the party were Mr. and Mrs. Harborn Morris, Mr. and Mrs. Charles Treloar, Mr. and Mrs. Richard Morris, Mr. and Mrs. Rolland J. Ogan, Mr. and Mrs. Phil Dane and daughter, Carol, Mrs. Lucie Treloar, Mrs. Grant Stutsman, Mrs. Carrie Martin and Will Treloar.

MRS. HEBEL ENTERTAINS AT LUNCHEON

Mrs. Frank A. Hebel entertained at luncheon Wednesday afternoon for her sister, Mrs. John Robbins of Edgerton, Wis., who is her house guest. Those present were former Wisconsin residents and old friends. Luncheon was served at small tables, the guests including Mrs. H. L. Beckstead and her sister, Mrs. Ada Hursh of Portland, Mrs. R. J. Ogan, Mrs. Clarence Sawyer, Mrs. L. A. Johnson, Mrs. Marvin Davidson, Mrs. Phil Dane, Mrs. J. A. Lewis, Mrs. Charles Treloar, Mrs. Randall Curtis, Mrs. L. K. Hebel, Mrs. A. R. Hebel, Mrs. Carrie Martin and Mrs. Lucie Treloar.

MISS IRENE FAGIN GIVES DEMONSTRATION

Miss Irene Fagin demonstrated the spring clothing project before members of the Farm-Home Center at the Memorial building Tuesday afternoon, stressing foundation garments and showing accessories which will be used this spring. Attending were Mrs. L. F. Thompson, Mrs. R. E. Walsh, Mrs. Walter Dowling, Mrs. Marc Lath-

am, Mrs. Robert Stuart, Mrs. Reed Prince, Mrs. B. J. McKenzie, Mrs. S. C. Maddox, Mrs. Frank Gorham, Mrs. Harold Cadwell, Mrs. Albert Jarvis, Mrs. J. A. Lewis, Mrs. C. C. Whitcomb, Mrs. C. R. Vaughan, Mrs. P. I. Dane and Mrs. Carey Demaree

PERSONALS

Mrs. Hugh Thurmond and Mrs. Harold Cadwell entertained a large group of friends at dessert-bridge at the Woman's club last Friday afternoon.

Mr. and Mrs. Charles E. Neuman spent the past week-end with her parents, Dr. and Mrs. N. M. Fiske of Arcadia.

Miss Elizabeth Platt attended the graduating recital given by her brother at Claremont Monday evening.

Miss Ellen Hogle, who teaches in Chino, spent the week-end with her parents, Mr. and Mrs. C. A. Hogle.

Carpinteria Escapes Damage in Heaviest Storm In Years

Continued from Page 1)

ing over the railroad tracks. Old Town resembled a huge lake and many houses were surrounded by several feet of water. For a short time water flowed over the highway near Jones and Benedict's and threatened to enter the building. The creek near the George Bliss ranch was reported to be flowing down the highway and back into the creek bed under the Boy Scout Cabin at one time on Wednesday and the lake that forms near the Butler ranch during the rainy season threatened to cover the road for a time on Wednesday.

The last train to reach Carpinteria carrying mail was at 6:30 Wednesday morning. Service has been completely curtailed by

bridge washouts and heavy slides and may not be restored for several days. One of the heaviest slides is reported to have occurred at Ortega Hill in Summerland. Bus service to and from points south was halted about noon on Wednesday. All traffic to Ventura was halted for several hours Wednesday afternoon when the Ventura river overflowed and threatened the bridge on Highway 101. On Wednesday evening a "Road Closed Sign" was placed at the intersection of the Highway and Linden Avenue and the highway patrol was warning motorists that all roads beyond Ventura were closed and that the road to Ventura was dangerous in spots.

The grammar school housed in tents, and the Aliso school were closed Wednesday and only a half day session held on Thursday.

Some damage to ranches from erosion was reported and vegetable crops were damaged. The approach to the bridge leading to Cerca del Mar was partially washed out, and several ranchers were unable to negotiate private roads leading from the highway to their homes.

On Thursday morning all traffic south was halted at Carpinteria for several hours due to slides on the Rincon several miles south. Included in the traffic stopped was a Greyhound Bus which left San Francisco Wednesday evening. All telephone and telegraph lines to Los Angeles were out. All restaurants were doing a rushing business for several hours.

With practically all food supplies coming into Carpinteria and Santa Barbara from Los Angeles, housewives began stocking up Thursday morning for fear that there would be a food shortage if the roads remained closed for several days.

According to a rain gauge on a ranch near Carpinteria the rainfall recorded to Monday morning was .95, to Tuesday morning, 1.28; to Wednesday morning 2.17 and to Thursday morning 2.03, bring the total for the season to 20.30 as against 17.21 at this time last year.

TROUNCING RECESSION

To freshen the slightly parched channels of trade and commerce

and ease the effects of the recent employment drought, Congress has just primed the pump to the extent of a quarter of a billion dollars outlay for relief. Federal Reserve Chairman Eccles has gone so far as to stump for a billion dollar relief outlay on the assumption it would be worth ten billion dollars to the country in a year's time. Whether taxpayers would be of a mind to shoulder too much of an extra load is doubtful, for taxpayers and voters have expressed their attitude most emphatically on the recession. The American Institute of Public Opinion's recent poll discloses an overwhelming majority believe a decided upturn in business will be noted during the next few months. As far as the American people are concerned, the recent slump is licked—definitely!

COMEDY PREMIERE TO BE PRESENTED NEXT AT LOBERO

Arthur J. Beckhard yesterday announced another world premiere of notable drama for Lobero theater which he is operating under lease from the directors of the community playhouse. "Rhyme Without Reason," brilliant comedy in three acts, by Edmund North and James Gow, will be played here for the first time on any stage Thursday, Friday and Saturday, March 10-12, with a matinee performance set for Saturday afternoon.

John Eldridge and Esther Dale, Mrs. Beckhard in private life, will have the leading roles, with Leona Maricle, Clarence Derwent, Kay Linaker and Gil Patrick in the supporting cast.

"Rhyme Without Reason" is said by those who have read the script to be sophisticated drama with a vengeance and with the accent ever upon the comedy side. All three acts are set in a New England farmhouse, where Esther Dale takes paying guests. John Eldridge and Kay Linaker come to the farmhouse to write a play and are reeling off the scenes when who should appear as another paying guest but Leona Maricle, an actress, with who Eldridge previously suffered a love affair. The actress has by no means finished with the playwright, a fact which leads to "situations" as the writing lady has no intention of giving over her collaborator.

The well-known "New England conscience," while not listed in the cast of "Rhyme Without Reason," plays a prominent part in unfolding the drama. The playwrights North and Gow, will be remembered as authors of "One Night of Love," the recent Grace Moore picture.

Coals To Newcastle

Long before he came to the United States, Akim Tamiroff, currently appearing in Paramount's "Dangerous To Know," came into possession of a U. S. penny which he has carried as a pocketpiece for more than 20 years.

Mexican Star's Debut

Elvira Rios, Mexico's most popular singing star, makes her screen debut in the new Paramount musical "Tropic Holiday," in which Bob Burns, Martha Raye, Dorothy Lamour, Ray Milland and Tito Guizar have the leading roles.

Your Hollywood Correspondent Reports . . .

The elaborate dressing room vacated by Marlene Dietrich, when she completed "Angel" at Paramount will be assigned to Joan Bennett when she reports to that studio to play opposite Randy Scott in "The Texans." John Barrymore all well again from a recent cold and ready to start work in his next assignment, "Spawn of the North." Following the preview of her current picture, "Romance in the Dark," Gladys Swarthout left for the East, where she is scheduled to appear in several concerts.

Louise Campbell will 'plane in to Hollywood from Chicago the first of March to report for work in her next picture, "Men With Wings." Fred MacMurray and Ray Milland will be starred with Louise in the picture. Gail Patrick again postponing plans she had for a trip to Europe, because of her forthcoming assignment in "Disbarred." Dorothy Lamour really gets a chance to wear some elaborate Spanish costumes in her current picture, "Tropic Holiday."

Peter Lorre in "Thanks, Mr. Moto," which comes to the Del Mar theatre on Sunday on the same program with Joan Crawford in "Mannequin."

Ray Milland, Martha Raye and Bob Burns appear in the picture with Dorothy. Glenda Farrell is planning to build a mountain cabin near Lake Arrowhead. Claudette Colbert writes from Switzerland, where she's been vacationing since the completion of "Bluebeard's Eighth Wife," that she had to pay two dollars for an order of ham and eggs in a little border town near the Alps. Charlie Butterworth, who lately appeared with Mae West in "Every Day's a Holiday," has bought a home in Palm Springs.

It's absolutely impossible to find Roscoe Karns in Hollywood these days, unless he is at work on the "You and Me," set, where he's working with Sylvia Sydney and George Raft. He spends all the rest of his time at Santa Anita. George Burns and Gracie Allen hope to have their new play room completed in time to have an "after-the-theater" party, following the preview of their latest picture, "College Swing."

Warriors Defeat State Junior Varsity; Prepare for C. I. F.

The Carpinteria high school varsity basketballers eeked out a one point victory, 37 to 36 over the State College junior varsity last Tuesday afternoon in the local gymnasium. The State College team was composed of freshman, varsity and ineligible players. The Staters potentially should have handed the high school a defeat but the superior team work of Coach Staub's quintet gave the locals the marginal victory.

According to Coach Staub it was the best game the boys have played since they defeated the Santa Barbara Dons about a month ago.

On Monday night the Junior varsity gave the Warriors a one point defeat with not as good a team as they displayed Tuesday.

One week from today, March 11 the High School Warriors enter the C. I. F. playoffs for Southern California championship.

FOUR SPORTS ON OXY SCHEDULE

Another crack at Southern California conference rivals will be given Occidental College tracksters on Saturday, when they journey to Long Beach for the annual A. A. U. relays.

Scoring thirty points in six events, Coach Joe Pipal's Tiger cinder team carried off top honors in the open division of the Southern California College relays at Ontario last week. Led by Co-captain Vern Ogle and Claude Kil-day, Oxy "Iron man," the Bengal field event performers did outstanding work, although the two open track events were dominated by Compton Junior college.

The Tigers fared not so well in the college division of the meet, tallying but four points. Redlands defeated San Diego, 14 to 13, in unofficial team scoring in this division. Two Oxy teams were disqualified for illegal passes, and a third for knocking down too many hurdles.

Dumped unceremoniously from their second place post in the Southern California conference standings by Whittier last week, Occidental College basketballers end their 1938 season this week-end as guests of San Diego State.

The Bengals suffered a double setback at the hands of the champion Poets and are slated to run up against a similiar situation this week-end. The Aztecs finally found their eye against La Verne last week, and they will be aided by the fact that they are meeting

We represent a number of the oldest and strongest companies in the world.

Next Friday evening, March 11, the High School Hoopsters enter the quarter-finals of the C. I. F. playoff for Southern California championship.

To date the exact opponent is not definitely known, however, it will be either San Luis Abispo or Fillmore. These two teams meet this week end and the victor becomes the Warrior opponent for the quarter finals.

According to the general opinion of those who have seen both teams play, the Fillmore squad looks stronger than San Luis Obispo.

If Fillmore is the Warrior opponent the game will probably be played at Santa Paula high school. Let's get behind Coach Staub and his team and be on hand to witness a great ball game.

the Bengals on the San Diego floor.

Should Oxy pull an upset and take both games from the Aztecs, they will still have a chance to finish in second place.

Hard hit by the loss of several veterans, Bill Anderson this week begins the task of rebuilding his Occidental College baseball squad in preparation for the rapidly approaching diamond season.

Roy Dennis' Occidental College tennis squad continues its practice campaign on Saturday when it visits the University of California at Los Angeles outfit.

The Bengals split even in matches last week-end, dropping battles to U.S.C., but triumphing over Santa Monica Jaysee.

TENNIS NOTES

By G. W. Hitchcock

An open men's Doubles Tennis Tournament sponsored by the Santa Barbara Tennis Association will start Sunday, at the Stadium Tennis Courts. Entry Blanks can still be procured at Fran. Castro's Kodak Shop, \$1.50 per team. Trophies will be awarded to both winners and runner-ups.

Among the entries are; Julio Bortolazzo and Joe Egus; Leslie Allen and Mike Koury, David

LOCAL GUN CLUB LOSES IN MIXED SHOOTING EVENT

Although members of the Carpinteria Gun Club were victorious in the rifle division of the mixed rifle and skeet shoot held with the Izaac Walton Skeet club last Sunday at the Izaac Walton Sport Club last Sunday by a score of 109 to 74, they were badly beaten in the skeet shoot by a score of 115 to 77, which gave the match to the skeet team by a score of 189 to 186. As a penalty the Carpinteria club will provide barbecued steaks for both clubs at the monthly shoot of the Walton Rifle club on March 6.

Scores for last Sunday afternoon were as follows:

ABOUT-FACE

The shadow of Leon Trotsky hovered over Moscow's massive Kremlin walls last week when Joseph Stalin performed one of the most surprising about-faces of his career. It was Stalin's powerful political machine which steam-rolled Trotsky into exile a decade ago for advocating world revolution. Now apparently that Stalin finds himself more solidly entrenched in power than ever, his enemies successfully "purged," Russia armed to the teeth, and ready to start building the "world's greatest navy," he, too, can proclaim the doctrine of world revolution in no uncertain terms. In blunt words, he announced the "duty" of workers everywhere to be that of rallying to the support of the nation he rules in time of possible attack by enemies from without. Whether he realized it or not, Stalin's message gave the

greatest comfort to his greatest enemies—Japan and Germany, who have long asserted that Moscow was pledged to a policy of world revolution.

Germans Baked Out

Suffering from a severe cold, Louis King, directing Paramount's "Tip-Off Girls," found a new and practical use for one of the 1000-watt sun arcs on the set. He sat under it all day and the next day his cold had disappeared.

Menage a Menagerie

Dorothy Lamour's Hollywood apartment is taking on the aspects of a zoo as a result of her appearance in Paramount's "Her Jungle Love." The star's pets now include a dog, an alligator, a canary and a bowl of goldfish. She had to give away a tiger cub and a monkey

LEGAL NOTICE

NOTICE OF SALE OF BONDS OF CARPINTERIA UNION SCHOOL DISTRICT

WHEREAS, the Board of Supervisors of the County of Santa Barbara, State of California, did on the 13th day of September, 1937, order the issuance of \$100,000.00 of bonds of Carpinteria Union School District, in Santa Barbara County, State of California, said bonds being one hundred in number of the denomination of \$1,000.00 each, dated September 13th, 1937, and maturing five each year, commencing on the 13th day of September, 1938, and bearing interest at the rate of three and one-half percent per annum, payable annually for the first year the bonds have to run and semi-annually thereafter; and

WHEREAS, the said Board of Supervisors did on said 13th day of September, 1937, order that sixty of said bonds be sold to the highest and best bidder, at not less than par and accrued interest, for cash in lawful money of the United States, on the 4th day of October, 1937; and

WHEREAS, said sixty bonds were on said 4th day of October, 1937, sold to Heller Bruce & Company as the highest and best bidders for the same; and

WHEREAS, the said Board of Supervisors is now desirous of selling the remaining forty bonds of said bond issue;

NOW, THEREFORE, NOTICE IS HEREBY GIVEN that on the 14th day of February, 1938, the said Board of Supervisors ordered that the remaining forty bonds of said One Hundred Thousand Dollar Bond Issue of the Carpinteria Union School District, be sold to the highest and best bidder, at not less than par and accrued interest, for cash in lawful money of the United States, on the 14th day of March, 1938, at 10 o'clock A. M.; said bonds to be sold being numbered and maturing and being payable as follows:

Bonds Nos. 61, 62, 63, 64, 65 will mature and be payable Sept. 13, 1950.

Bonds Nos. 66, 67, 68, 69, 70 will mature and be payable Sept. 13, 1951.

Bonds Nos. 71, 72, 73, 74, 75 will mature and be payable Sept. 13, 1952.

Bonds Nos. 76, 77, 78, 79, 80 will mature and be payable Sept. 13, 1953.

Bonds Nos. 81, 82, 83, 84, 85 will mature and be payable Sept. 13, 1954.

Bonds Nos. 86, 87, 88, 89, 90 will mature and be payable Sept. 13, 1955.

Bonds Nos. 91, 92, 93, 94, 95 will mature and be payable Sept. 13, 1956.

Bonds Nos. 96, 97, 98, 99, 100 will mature and be payable Sept. 13, 1957.

NOTICE IS FURTHER GIVEN that sealed bids will be received at the office of the undersigned Clerk of said Board of Supervisors in the City of Santa Barbara, California, up to the said 14th day of March, 1938, at 10 o'clock A. M. at which time the above specified bonds will be sold to the highest and best bidder at not less than par and accrued interest; each bid shall state the amount bid for said bonds and the amount of premium, if any, bid therefor.

Each bid must be accompanied by a certified check payable to the order of the County Treasurer of Santa Barbara County for three percent of the amount bid, conditioned that the bidder therefor, if said bonds be awarded to him, will take and pay for said bonds within ten days after the passage of a resolution of said Board awarding said bonds to him.

Payment for and delivery of said bonds will be made in the office of the County Treasurer of said County, in the City of Santa Barbara, County and State, aforesaid.

The Board reserves the right to reject any and all bids for said bonds.

By Order of the Board of Supervisors of the County of Santa Barbara, State of California.

Dated: February 14th, 1938.
(SEAL) J. E. LEWIS,

County Clerk and ex-officio Clerk of the Board of Supervisors of the County of Santa Barbara, State of California.

Published in the Carpinteria Chronicle, February 18, 25 and March 4, 1938.

Your printing orders will be well done and appreciated at The Chronicle office.

* * * * *

* Behind The Scenes In * * American Business *

* By Orton B. Motter *

* * * * *

BUSINESS — Rays of sunshine pierced the recession-clouded business skies this week and revived hope for a spring recovery. Swift moving international events, including Hitler's move into Austria, Foreign Minister Eden's resignation and Great Britain's new policy of cooperation with the dictator nations, helped to clarify the European political atmosphere and lessen the fear of war there.

Merchants and business men throughout the world looked upon these events with optimism. Commodity prices rose. Cotton was up in Bombay and Liverpool, wool rose in Australia, rubber, tin, lead and grains rose in other markets. Rising prices for raw materials mean that the forces of inflation have set in again.

DIPLOMACY — A clever Englishwoman with a zeal for diplomacy is playing an important part in world affairs. She is Lady Chamberlain, wife of the late Sir Austen Chamberlain, who for the past six weeks has been "behind the scenes" in Rome, actively promoting Anglo-Italian friendship. Actually it was Lady Chamberlain who convinced her brother-in-law, Britain's prime minister, Neville Chamberlain, that Mussolini was sincere in his desire for a better understanding with England. Lady Chamberlain will be remembered as the woman who helped to engineer the four power pact at Locarno many years ago when she took the delegates from Britain, France, Germany and England off on a picnic and urged them to get together.

RETAIL TRADE — Observers believe that an upturn in retail trade will take place within the next six weeks. They point out that in every past depression, the so-called consumer goods industries such as clothing, foodstuffs, furniture have been the first to stage a comeback. Wholesalers have been reporting better business in these lines for several weeks past and it is logical to assume that when the new merchandise gets into retail stores the public's appetite will be whetted and its purse strings opened as the Easter season approaches.

INFLATION — In the past five years, according to Moody's index, the cost of living has risen 24 per cent and the general price level 32 per cent. Farm products have climbed 118 per cent and wholesale prices 4 per cent. This, in reality, is inflation. Few persons realize it but since February, 1933, eggs have gone up 73 per cent and flour has jumped 69 per cent. Many economists believe that commodity prices will rise 50-60 per cent more and the cost of living will double within the next few years.

REDUCING TIRE COSTS — American car owners would find their annual tire bill reduced \$110,000,000 if complete use were made of the latest technical advances in tire design. That estimate was made last week by Pittsburg Testing Laboratory, independent research organization conducting tests for scores of industries. Engineers of the laboratory have found a new scientific development serving the "double purpose of conquering the skidding menace and increasing non-skid mileage by an average of about 20 per cent."

LEMON MARKET REPORTED SLOW

The following report on the lemon market appears in the current issue of the Sunkist Courier.

"Demand for lemons was fairly slow throughout January with prices showing a decline from week to week. The volume of sales was much lighter than for the same month last year when a very strong demand existed due to numerous cases of colds and influenza throughout the country. Prices, while much below last year, were about normal for this season of the year.

With lower prices, considerably more push is being put behind sales, with the trade closely co-operating with the Exchange advertising campaign on lemon and soda and hot lemonade, which is now going on. This should result in a wider distribution and increased consumption.

The lower market and heavier percentage of 360s and smaller in the weekly shipments has resulted in a switch in trade preference for sizes. Until recently 360s and smaller have been bringing considerable premium over the larger sizes, but the demand at present time is strongest for 300s and

larger, these sizes now bringing some premium.

Due mainly to much lighter shipments by shippers not affiliated with the Exchange, January shipments were less than in any year since 1933, a total of 769 cars going forward compared with average shipments for January during the past five years of 869 cars."

HUMPHREY MOTOR INC., PLANS USED CAR CAMPAIGN

Complete cooperation in local observance of National Used Car Exchange Week was pledged today by Mr. W. W. Humphrey, president of Humphrey Motors Inc., of Carpinteria.

"We are confident that National Used Car Exchange Week will be an unqualified success here," he said. "Used car stocks on hand provide a wide range of best values in the history of the industry and prices are at rock bottom."

"We have just completed our arrangements for the opening of the campaign. Stocks have been reconditioned. Our salesrooms and used cars have been put in order,

banners hung. Our sales force has been augmented. We are ready for the biggest spring selling season we have experienced in some time."

Used car specials are listed in an ad for this firm appearing on page six of this issue.

But Is It Art?

Sylvia Sidney and George Raft eat in three nationalities in Paramount's "You and Me." They eat spaghetti in an Italian restaurant, koldomar and kalvsylta in a Swedish restaurant, and chow mein in a Chinese place.

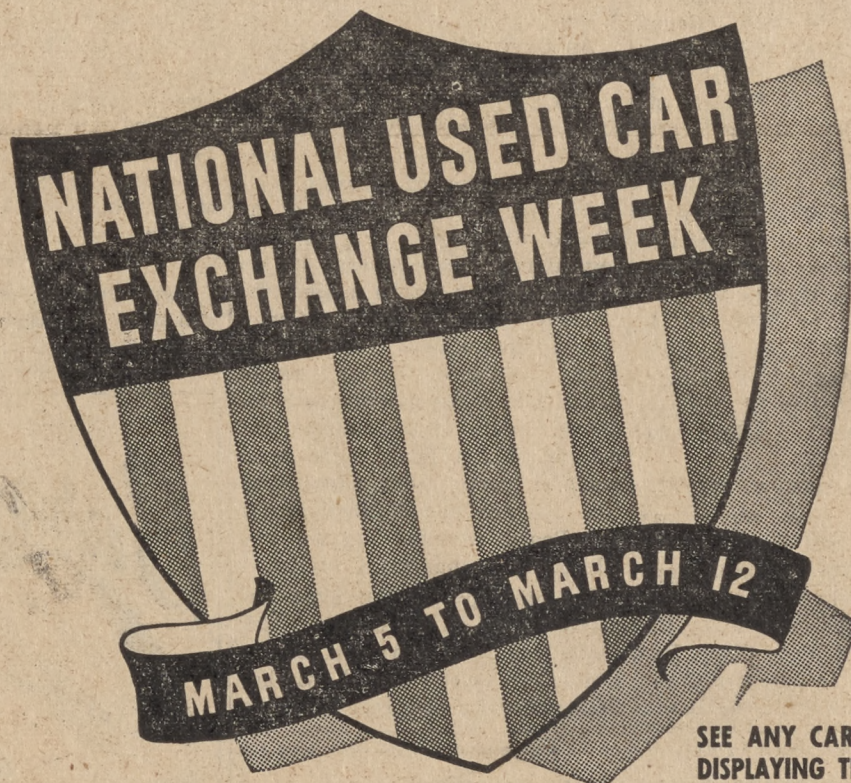

Long Location

Director James Hogan, filming Paramount's "The Texans" with Randolph Scott and Joan Bennett, will have his company on location in the cattle country of Southwestern Texas for more than a month.

BUY A MODERN CAR NOW—WHILE YOU HAVE MORE TO TRADE AND LESS TO PAY

Get there early while the choice is wide— fine cars now offered at rock-bottom prices

This National Used Car Exchange Week gives you a great opportunity to OWN A BETTER CAR for a small investment. Automobile dealers co-operating in this big sale have a fine selection of used cars — and prices are far below those of several months ago.

Many are 1937, '36 and '35 models — backed by the finest of dealer guarantees. All have thousands of miles of first-class unused transportation in them.

And the "first-class" transportation of these modern cars represents satisfaction which the owners of older cars can hardly imagine. Beautiful, modern styling — a more comfortable ride — more room for you and your luggage — finer,

more powerful engines — better gas mileage — better brakes — bigger tires — dozens of improvements introduced since your old car was built.

Now's the time to make the switch, while you have more to trade and less to pay. Your present car may cover the down-payment—balance on easy terms. If you have no car to trade, you can still take advantage of the low down-payments and easy terms during this sale.

County Clerk's Records Give History of Co. From 1850

(Continued from page 1)

of the 'machine age' is apparent in the records in 1907 when typewriters first were used in the court house, all records prior to that time being in longhand.

The first Board of Supervisors was not established until 1855 and further evidence of the predominance of the Spaniards is found in the membership of that first board which included Mr. Pablo De La Guerra, chairman; Frenando Tico, Ramon Malo and George D. Fisher as clerk.

Prior to the establishment of the Board of Supervisors in 1855 the Court of Sessions performed all legislative functions of the county as well as the judicial and the office of the County Clerk was first established in 1850 when the principal duty of the clerk was to serve as clerk of the District Court and as County Auditor.

According to the old records of the office, Mr. John M. Huddard was the first clerk of the District Court in the year 1850. Later, in the same year, Mr. Henry Carnes was appointed to the office of County Clerk, Clerk of the Court of Sessions and County Auditor. Since that time, there have been twenty persons, including the two above mentioned serve as county clerk. They are as follows: 1850 to 1851, A. F. Hinchman; 1850 to 1852, James W. Burrough; April, 1852 to November 1852, Charles E. Huse; November, 1852 to December 1852, Jose Maria Coverubias; 1852 to 1853, James W. Burrough; 1853 to 1857, George D. Fisher; 1857 to 1858, Eugene Lies; 1858 to 1861, Charles C. Cook; 1861 to 1873 Francis A. Thompson; 1873 to 1878, H. P. Stone; 1878 to 1880, J. P. Wentling; 1880 to 1884, A. B. Williams, who later served as chairman of the Board of Supervisors; 1884 to 1894, F. L. Kellogg; 1894 to 1895, Fred C. Bradley; 1895 to 1898, H. H. Doyle; 1899 to 1926, C. A. Hunt; 1926 to 1935, D. F. Hunt and the incumbent, J. F. Lewis, who was appointed to fill the unexpired term of D. F. Hunt who passed away in 1935.

Although from 1850 to 1853 the County Clerk also served as County Auditor and Justice of the Peace, the duties in those days were comparatively few and simple in view of the fact that today the Clerk serves as County Clerk, Ex-Officio Clerk of the Superior Court and Ex-Officio Clerk of the Board

of Supervisors and each one of these offices involves many duties.

As County Clerk the officer is charged with the issuance of marriage licenses; conduct of elections; registration of voters; the taking of jurats; the recording of Notary Bonds and other official bonds; filing of corporation papers and fictitious names; registering certificates of doctors, dentists and chiropractors; the collection and accounting of certain fees required to be charged for certain services by the statutes of this state and many other duties prescribed by law.

As Ex-Officio Clerk of the Superior Court the Clerk is required to attend all sessions of the Superior Court; file all documents; make all postings; issue summons and citations; keep all necessary records that are required by law to be kept for the conduct of the Superior Court; keep accurate minutes of the matters that come before the Court; keep accurate calendars of Court actions; make up all judgement rolls and docket all judgements; interpret and abide by the procedure of the Superior Court as prescribed by the rules of the statutes of the State of California, of the Judicial Council and of the local judicial committee of Santa Barbara County Council Bar Association; perform many other duties in connection with the administration of the Superior Court too numerous to list; assist with naturalization matters, keep naturalization records, and give oaths of allegiance; issue passports; take acknowledgments; certify as to authenticity of Superior Court records on file in the Clerk's office and as to Notary Publics.

As Clerk of the Board of Supervisors the County Clerk is charged with being in attendance at each regular and special meeting of the Board of Supervisors and the keeping of accurate minutes of each official meeting of the Board; attesting to and the signing of instruments allowed by the Board, such as claims against the County for money; County Ordinances, Resolutions, Deeds, etc.; keep ordinance books, minute books and other records with indexes thereto of all matters and actions of the Board. He must perform many other administrative and ministerial functions for the Board required by law and which are too numerous to list.

To many people the most important duty of the County Clerk is the issuing of marriage licenses and in this matter Jack Lewis has been unusually obliging. Realizing

that the present three-day marriage license law has prevented many out-of-town couples from coming to Santa Barbara to be married, Mr. Lewis has made it a practice to open his office after hours and on holidays by appointment to take applications and to issue licenses to couples coming to Santa Barbara from a distance. No doubt this practice is partially responsible for the fact that Santa Barbara county showed the highest percentage of increase in the issuance of marriage licenses during the past year of any county in the state. Mr. Lewis stated that throughout the state an increase of 20 per cent over 1936 was recorded and attributes this increase to the fact that many persons who formerly hesitated to enter into the state of matrimony unless they had a little money put by no longer take this matter into consideration and also to the fact that many persons on relief rolls are getting married instead of waiting until they have steady employment.

Mr. Lewis is a native of Santa Barbara county. He was born in Lompoc, where his parents have been engaged in ranching and banking since 1883. Following his graduation from high school there, he attended the University of California at Berkeley. Prior to accepting the appointment to the position of County Clerk he was in charge of welfare work for the county. During the period he has served as County Clerk he has made many changes and improvements in his department which includes a new flat filing system, instead of the old folding files, which permits easy access to records. He has also enforced the state law requiring that filing fees be paid at the time papers are filed and has set aside every Thursday between the hours of 10 a. m. and 3 p. m. for the handling of naturalization and emigration matters.

Methodist Church Prepares To Celebrate 75th Anniversary

(Continued from page 1)

Superintendent of Long Beach District, Southern California Conference. Afternoon services will be held at 3:00 p. m. with Dr. John N. Ashley, pastor of Santa Barbara M. E. Church in the pulpit. At the regular evening service at 7:30 p. m. Rev. Harold L. Thatcher, pastor of St. John's M. E. Church, South Ventura, will preside.

The first congregation of the church was composed of Mrs. Lucinda J. Callis, her daughter, three sons and sons-in-law, John M. Nidever and Mrs. J. M. Nidever. Mrs. Nidever was the last survivor of this group and passed away shortly after the 65th anniversary of the church which was celebrated under the pastorate of Rev. James T. French.

The Carpinteria and Ventura charge records of the San Luis Obispo District, Los Angeles Conference, show that William S. Callis, Thomas C. Callis, Lucinda J. Callis, John M. Nidever and Martha Nidever were received by Rev. J. C. Stewart as members of the church in 1862 and that the completion of the organization of the church was in 1863.

The first services of the church were held in the Carpinteria school building located on Santa Monica road. A church was built under the ministry of Rev. J. D. Franklin in 1873. This church was later sold to the Roman Catholic Church, 1894.

The present church was moved by teams from Arlington Heights in Santa Barbara to the present location at 8th and Maple. This property was procured from Thomas F. Fish on March 28, 1896. The lumber used was moved largely by G. E. Franklin and C. B. Franklin. Among the trustees at the time the church was moved

were W. C. Dimmick, G. E. Franklin and C. B. Franklin.

Pastors who have served the church since it was founded include: Rev. J. C. Stewart, Rev. J. D. Franklin, Rev. J. E. Miller, Rev. D. M. Rice, Rev. John Wesley Allen, Rev. L. A. Latimer, Rev. D. L. Cogdell, Rev. S. M. Adams, Rev. H. W. Featherstone, Rev. Richard Pratt, Rev. J. B. Johnson, Rev. J. C. Harris, Rev. J. M. Lanston, Rev. R. W. Bailey, Rev. A. T. Dunlap, Rev. S. M. Chase, Rev. A. V. Harbin, Rev. R. W. Parker, Rev. Hubert D. Knickerbocker, junior preacher; Rev. W. L. Pierce, Rev. Wade Hamilton, Rev. R. A. Rowland, Rev. James Healey, Rev. J. L. Jones, Rev. R. R. Raymond, Rev. S. P. Wright, Rev. G. L. Taylor, Rev. W. A. Youngman, Rev. C. A. Hyatt, Rev. J. A. Lewis, Rev. Robin Gould, Rev. W. A. Waggoner, Rev. W. H. Whesnant, Rev. L. J. Millekin, Rev. D. W. Barr, Rev. B. H. Mobley, Rev. D. A. Williams, Rev. James T. French, Rev. R. K. Acuff, Rev. Henry S. Ackire, Rev. C. P. Moore and the present pastor, Rev. M. J. Addington.

Signs 17th Radio Name

Fibber McGee and Mollie, "America's First Family" of the Monday evening radios, have been signed by Paramount under a long-term contract specifying three feature pictures a year. Their first picture is tentatively titled "Summer Boarders."

Faithful To Robe

Harold Lloyd appeared today on the "Professor, Beware" set wearing a dressing-robe which he has used in picture work for many years. The robe, worn by Lloyd countless times, has been mended, repaired, and reworked, and scarcely resembles the original garment, but the comedian refuses to abandon it.
