

THE EAGLE

VOL. 4

SANTA BARBARA, CALIFORNIA, FRIDAY, NOVEMBER 21, 1924

No. 10

ROADRUNNERS READY TO WIN

IMPROVEMENT OF CAMPUS MAY BE FACT

A contour of the northwest portion of the campus has been sent to the State Engineers at Sacramento in anticipation of a swimming pool and an athletic practice field to be situated near the gymnasium. Although there is no assurance that present plans will be carried out, the administration hopes that a swimming pool and athletic practice field may be added to the campus within the next year. Mr. Stewart and Mr. Poage, State Engineers, visited the campus a short time ago to consider the possibilities of such improvements.

BASKETBALL OUTLOOK INDICATES SEASON OF SUCCESS

Interscholarastic basketball training will begin immediately after Thanksgiving and will last the remainder of the semester. With the abundant material turned out for practice, Casey should be able to pick a world-beater team. Forty-four men have signed up for basketball; almost a fourth more than the total football turnout. The interclass games have already shown us what a wealth of material is at hand.

Four lettermen remain from last year's varsity squad: Anderson, center; Linder, guard; Keim, forward, and Minetti, forward. It is regrettable that Minetti, last year's high point man, will be unable to play basketball this year until after Christmas, due to doctor's orders. Furman, a promising guard, is also laid up at present with a broken wrist received in the Bakersfield game last Saturday. It is hoped that his arm will be O. K. before the interscholastic schedule opens.

The interscholastic schedule will be definitely arranged next week if plans work out as proposed. After the Cal. Poly game the Student Body will know more definitely how it stands in regard to the finances for the various games proposed. Among the teams we are certain of meeting in the present season are Loyola, California Christian College, Cal. Poly and San Jose. Games may be arranged with some of the larger colleges in Southern California.

FORUM WILL SPONSOR CHRISTMAS PLAY

A Christmas play, "A Christmas Chime," by Margaret Cameron, will be given this year under the auspices of the Literary Forum. The play is a modern comedy having four main characters. Anyone wishing to try out for the play should see Margaret Burke, president of the Forum, as the cast will not be limited to Forum members.

DR. STOLZ VISITS CAMPUS; WILL RETURN DEC. 12

Dr. Herbert R. Stolz, State Supervisor of Physical Education, visited the campus Sunday. He went over the proposed ground developments for the Physical Education work with President Phelps and Mr. Gilliland. His comment regarding the proposed development of a swimming pool and an athletic field was encouraging.

Dr. Stolz will return to the College for an official visit on Friday, December 12. He will address the men and women separately who have Physical Education as a minor. Dr. Stolz is interested in the development of minor certificates in Physical Education.

FACULTY MEMBERS RECEIVE APPOINTMENTS

Two faculty members, Miss Ebbets and Mr. Jacobs, have been appointed on local committees of the Better Home Movement of America in which Santa Barbara has entered. Miss Ebbets, head of the Home Economics Department, has been named on the executive committee. Mr. Jacobs, head of Community Mechanics Department, received appointment on both the location and building committees, which will select the site for and arrange for the building of a model home here in Santa Barbara. Plans are being made whereby members of the College Carpentry class will take part in the building of this home. It is probable that some work in furnishing the home will be done by classes in the Home Economics Department.

CANDLE-LIGHT SERVICE HELD TUESDAY

The candle-light service will be held in the music cottage on next Tuesday afternoon from 4:30 to 5:30.

It has been the custom of the A. W. S. to hold each year, a Thanksgiving vesper service or candle-light service. The service is one of the most impressive gatherings held by the women students during the year. The service consists of singing of hymns and special numbers, and a speaker who has not yet been chosen. All women students are urged to attend this most impressive service.

CAPTAIN M. J. PHILLIPS ADDRESSES STUDENTS

Captain Michael J. Phillips spoke in an interesting manner to the students and faculty Tuesday morning in assembly on the subject of early California History. He told many stories of early days in Santa Barbara county, all of which were much appreciated by his audience. Captain Phillips has written a play, "California," dealing with early history of Santa Barbara, which is to be presented at the Lobero Theatre during Thanksgiving week.

HIGH SCHOOL STADIUM TO BE DEDICATED ON THANGSGIVING DAY

The new High School stadium will be officially dedicated by Mr. F. F. Peabody at 2:30 Thanksgiving Day afternoon, after which the High School football team will play the Huntington Park High School team. At a special meeting of the High School Student Body held last Wednesday, the students unanimously voted in favor of a proposal by Mr. Martin to charge no admission to the dedicatory game. The purpose of such action is obviously to draw as many people as possible to the High School to let them see and appreciate the work that is being done by the school board and the faculty of the High School.

The new athletic field will be one of the best in the state for high schools, comparing only with that in San Diego for size and workmanship. The bleachers recently constructed will hold about three thousand people. The field is surfaced with turf and it has an adequate drainage system for wet weather. It is the largest in the city, being a quarter of a mile in circumference.

The field will be a revelation to athletics in Santa Barbara. The College will probably use it regularly for home games in track or football next year; and nothing favors home games more than an adequate athletic field to offer the visiting team.

FRESNO CONFERENCE SCORES SUCCESS

(By Clara Ziegeler)

The delegates to the I. W. A. Convention in Fresno returned home Tuesday night, after having been delayed in Bakersfield for two days on account of car trouble.

Friday evening the girls were entertained by the Women's Athletic Association. A circus and dance were given in their honor in the school gymnasium.

The greater part of Saturday was taken up by the business meeting, where the girls discussed topics of interest to all the schools present. The delegates have brought back many valuable suggestions which they will try to work out this year.

The seventh annual conference will be held at Pomona next fall. In order to facilitate matters, it was decided that the office of president, corresponding secretary and treasurer should be held by the same school. U. C. L.A. was elected vice-president, and Occidental was elected recording secretary.

One of the most important matters passed upon was the resolution opposing women's smoking on the campus. The situation in the Los Angeles colleges is becoming so critical that the girls asked for some action regarding the matter.

Saturday noon the girls were entertained by luncheon in the school cafeteria, and at night a banquet was given in honor of the delegates at the California Hotel in Fresno.

Those who represented S. B. S. C. were Etta Burnett, Bernice Gange, Eleanor Warren, Clara Ziegeler, Ruth Garner and Dean Pyle.

SQUAD MEETS CAL POLLY IN LAST STRUGGLE

The Roadrunners will close this year's football season with a clash with the Cal. Poly team at San Luis Obispo tomorrow afternoon. The team is not in its best condition, having lost Furman, who sprained his wrist in the Bakersfield game last Saturday, and Captain Vince, who received injuries in the last game.

Cal. Poly has a strong team this year, having held the Fresno State eleven to a 22 to 6 score last Saturday. Fresno State has one of the strongest teams in secondary colleges in the state and the score speaks well for Cal. Poly.

Several weeks ago the Bakersfield Renegades swamped Cal. Poly to the tune of 20-3, but it is rumored that the Kern County eleven received the breaks. The Roadrunners held the Renegades to a tie score last Saturday; so, the odds are for us in tomorrow's game.

The Roadrunners have practiced only two hours in this last week and they will have to play fast to win tomorrow's game. If we do win, it will not be a walk-away.

Cal. Poly has been defeated by the local teams two years in succession, and the northern team is planning to stage a restoration. Last year's score was 21-19 in favor of the Roadrunners.

The line-ups have not been definitely determined as yet, but the following men are slated to make the trip: Keim and Linder, ends; Foss, Gillette, Brownsberger and Fritz, tackles; Brooks, Annin and Hawkins, guards; F. O'Reilly and Annin, centers; Garber and E. O'Reilly, quarterbacks; Hollingsworth, Anderson, Baranov and Fritz, halfbacks; Hollingsworth, fullback.

WOMEN'S GLEE CLUB WILL GIVE OPERETTA

The Women's Glee Club is planning to give an operetta in the spring, and will begin work on this new project in a few weeks. A committee consisting of Frances Jones, Lois Pearson and Alta Faulkner has been appointed to make initial preparations for the operetta.

Since the club members have expressed themselves in favor of adopting a new uniform, a committee consisting of Anna Lincoln and Daphne Latham has been appointed to submit suggestions for a uniform.

HAVE YOU LOOKED IN YOUR MAIL BOX?

Many students are exceedingly thoughtlessly and carelessly neglecting to look in their mail boxes. As a result, many of them fail to receive important messages which have been placed there for them. Also notices and letters allowed to remain in the mail boxes for several days become a source of nuisance to those who have mail in the same box and must repeatedly look through the same assortment each day. It is annoying to say the least, and since the space occupied by the mail boxes is exceedingly limited, each individual is asked to look in his mail box frequently.

THREE FOR 'BOB'!

No small amount of the credit for the enthusiasm shown at the Renegade-Roadrunner game last Saturday is due to the efforts of 'Bob' Wormser. In the absence of our official Yell Leader, Wormser took the helm of the Good Ship "Pep" and steered her to the port of success. For the first time this year we had a live rooting section, and the successful outcome of the game was brought about by fight and pep that the rooters put into the team. Three for Bob! He deserves all credit for his timely leading of the leaderless rooting section. Come again, Robert!

THE RETURN OF "THAT OLD-TIME SPIRIT."

At the game with Bakersfield the other afternoon there was a marked increase in the spirit of both bleachers and of the team. Now, this may be mere coincidence, but common knowledge has it that the two go hand in hand; the one cannot live without the other. A good representation of rooters from the College cheered the much discouraged Roadrunner on to his best, and his best was a tie with the strong Bakersfield eleven, who had thrice defeated the Staters in previous seasons.

The result of this game should be a lesson to the Student Body. After our several defeats this year at the hands of stronger teams, there was a feeling on the campus that the fellows didn't have the fight and pep that they should have, that they didn't want to win. The game Saturday was a direct refutation of these charges, and should give the members of the Student Body food for a great deal of thought. Every one of us who has failed to give the team our support during the present season should put this question to himself, and judge the team after he has given himself a fair answer: "Would the fellows have played a better game if I had been there to cheer them on, if they had felt that I was in back of them in spirit and in person?"

And it must be admitted that support has been lacking here this year. Many of us have failed to realize that if we do not turn out for the games the team has no way to judge whether we are back of it or not. The players fairly feel that not to turn out for the games is to not care whether the team wins or not.

Now, we are about to enter upon the basketball season. It will be a hard season, replete with games with strong teams. If it is successful it will be so only because each and every student of the College turns out and gives the team his backing. Let's all turn out and yell the fellows to a successful season. We made a good start Saturday, let's keep it up.

YOUTH OF ENGLAND UNITES IN MOVEMENT

On March 8, 1924, the youth of England assembled at an inaugural meeting of the Federation of British Youth Movements held in London. The following extract from one of the opening addresses of the meeting is typical of the thought of young England as she builds up the Youth Movement:

"The Youth Movement of today differs greatly from similar movements in previous generations. Partly owing to the war and the consequent collapse of Western civilization it has been forced to grapple with fundamental realities, and in consequence it is challenging the old order with new ideas in economics, politics, education, religion and social life; ideas which it is not content to leave in the realm of theory, but is determined to translate into action. The Youth Movement is out to build a new social order, the keynotes of which are reconciliation, friendship and co-operation."

Internationalism and liberalism are tending to counteract the pessimism and disillusionment of post-war days. One of the most significant phases of the movement is the Workers' Educational Association, an organization which arose from among the workmen. The work carried on by the organization varies, but one of the most interesting features are the tutorial classes. These classes are held for three years and aim at reaching the standards of university work. University tutors for the most part lead the classes, although the appointing of a tutor is optional with the students, who govern the class and choose their own subject. "Chief interest centers in the study of economic and social problems, political and social philosophy, literature, music and biology." The classes are proving of great value not only to the laborers but also to the college students who conduct them.

One of the leaders of the Parliament of Nations organized by members of the Y. M. C. A. has said of its membership of nine nationalities: "These young men are ceasing to think in terms of nationality and are beginning to think in terms of world movements, and they are convinced that the acceptance of the principles of broad-minded internationalism by the leaders in world affairs will mark the beginning of the solution of our major world-problems."

COLLEGE ORCHESTRA HOLDS REHEARSAL

The College orchestra held its first regular practice in the Music Bungalow on Thursday afternoon after school. William Hartshorn directed the rehearsal. He reports a large number of students have joined the orchestra and that rapid progress is expected to be made with the live membership.

ICE CREAM SALE HELD BY ELEMENTARY PUPILS

The fourth, fifth and sixth grades of the Elementary School under the direction of Miss Pond, sold ice cream cones during the eleventh hour and noon Wednesday. More than three dollars was made by the sale. This money will go to buy curtains for the Elementary building.

HARVARD GRADUATE SPEAKS TO MEN'S GLEE CLUB

Mr. Lyle Ring, a graduate of Harvard and student conductor of the Harvard Glee Club while he was in college, gave an interesting talk to the Men's Glee Club Monday night. He explained in detail the transition that has taken place during the last few years in the college glee clubs. At one time they presented almost nothing but vaudeville acts, but a change is rapidly coming about and the glee clubs are proving to the public that they are able to undertake classical music.

ALUMNI

Gertrude Ramsey, of last June's class, visited College last week. She is now teaching at Olivelihoods, near Santa Paula.

Rita Martin, who was graduated last February, is now teaching at Olivelihood.

Word of the death of Mrs. Esther Walton Diether, graduate, reached the College this week. Mrs. Diether, nee Esther Walton, graduated from the Home Economics Department in 1914.

Bess Exton, '24, of the Home Economics Department, expects to be in Santa Barbara for graduation in June. Miss Exton is attending Columbia University.

Ruth Blanchard, a graduate of the Home Economics Department in 1924, who is now in Rio Vista, sent best wishes for the success of The Eagle.

Mrs. Beagle, formerly Vera Brewer, '21, of the General Professional Department, is teaching in Raymond, California, and is also a member of the Board of Education.

The Alumni Association is planning a luncheon to be given during the Ventura County Institute held in Fillmore, for the Santa Barbara graduates who are teaching in or near Fillmore. The luncheon will be given on Monday, November 24. The guests of honor will be Mrs. Blanche T. Reynolds, County Superintendent of Schools, and Miss Alice Pendery, County Supervisor and former faculty member of the State College. There will be about twenty Santa Barbara graduates at the luncheon.

Dr. Stockton is going to speak at the Ventura County Institute to be held at Fillmore.

ORCHESTRA REPRESENTATIVE SPEAKS TO ASSEMBLY

Mr. George W. McClellan, a representative of the Los Angeles Symphony Orchestra, spoke to the students on Tuesday morning in the general assembly. In the course of his talk, he said that there are only eleven symphony orchestras in the United States, as the cost is so prohibitive. The Los Angeles Orchestra will play in Santa Barbara in January, February and March.

Dr. and Mrs. Kent Smith of Bakersfield were visitors at the College last Monday. Mrs. Kent, formerly Miss Elizabeth Snyder, held the position of College librarian here before her marriage.

OUTING CLUB PLANS TRIP FOR HOLIDAYS

Much enthusiasm is being displayed over the Outing Club trip to the Cabin during the Thanksgiving Holidays, many students having already signified their attention to go on the trip. As yet no definite plans are ready to be announced, although it is thought that Monday morning will see a completed plan for the trip posted on the student bulletin board in the main corridor.

According to present tentative plans, the members of the club who make the trip will leave the College by machine at 7:00 A. M. Friday following Thanksgiving, travelling over the San Marcos Pass, thence up the River Road to the Cabin above Paradise Camp. Hiking, hunting and practical science work will be the features of the trip, and promise to keep the campers busy the full length of their stay. Return will be made over the same route, some of the party planning to leave Friday night and the remainder on Saturday afternoon.

Ted Ellsworth has charge of making arrangements for the trip, and all who contemplate going are asked to see him at their earliest convenience.

MEN'S CLUB ROOM TAKES ON NEW ASPECT

Somewhat different in appearance from the first of the year, the Men's Club Room is on the home stretch to completion. The old floor has been supplanted by a new concrete one. Classes from the shop have constructed chairs, benches and tables. Community Mechanics men did their share and finished up by painting the walls and furniture. The color scheme so far is blue and rose, but when the women sewing the drapes have finished their work the whole scheme will be somewhat more harmonious than at present.

ELEMENTARY SCHOOL GIVES PROGRAM

The Elementary School children will give a program each Tuesday morning to entertain their parents. Tuesday the first program of this kind was given. It consisted of three piano solos and two recitations by the students.

LEADER OF GIRL SCOUTS VISITS COLLEGE

Miss Elsa G. Becker of the National Headquarters of the Girl Scouts of New York; Miss Ferguson, local director of the scout work, and Miss Sophie Baylord, local councillor, were at the College yesterday to interview Dean Pyle. Miss Becker stopped in the city yesterday on her way North, where she goes to give lectures in Education at various northern colleges and universities.

MR. LOWSLEY WILL LECTURE ON "MONEY"

Mr. James D. Lowsley of the First National Bank is to give a lecture on "Money" to combined classes in Economics on Tuesday evening at 7:30 in the assembly room of the city library. A short time ago Mr. Lowsley spoke to one of the classes in Economics and now at the request of Dr. Ellison and members of the class he is to give this second address.

EXCHANGES

The students of the San Pedro High School enjoyed an interesting talk on the subject of "Success," given by Chaplain M. M. Witherspoon of the U. S. S. Colorado.

A student of the Pacific Lutheran College of Parkland, Washington, Burton Kridler, won the State prize for his essay entitled "Dope Addiction." The contest was held by the Woman's Christian Temperance Union, and the award was fifteen dollars.

The debating team of the Fullerton Junior College is going to oppose the California Institution of Technology on the question: "Resolved that the United States should join the League of Nations through Legislation passed at the next session of Congress."

The San Mateo Junior College is preparing for its annual vaudeville show.

A piano has been purchased for the girls' cottage of the Riverside Junior College, and is being paid for in monthly installments.

The girls of the Sacramento Junior College have organized a football team.

The following amusing answers were found in some replies to questions given in an examination:

Question: "Define germicide."
Answer: "Germicide is a person who carries disease germs."
Question: "When is the thermal death point?"

Answer: "When we give ether or chloroform so the patient's heart is put to sleep."

Question: "What is an antiseptic used for?"

Answer: "An antiseptic is used for medical purposes to put a person to sleep as ether."

FORUM CONSIDERS SHORT STORY

At the regular meeting of the Forum Monday evening, the short story was taken up for discussion. Lothelle Miller, chairman of the entertainment committee, read a story written by one of the members of the Forum. A second story, from the Saturday Evening Post, was read by Mr. Ashworth. Both stories were eagerly discussed by the members of the Forum.

PUBLIC SPEAKING SOCIETY MAY PRESENT PLAY SCENE

The Public Speaking Society is considering putting on a scene from Shakespeare's "A Midsummer Nights Dream," before the Student Body some time within the next few weeks. The play chosen will probably be "Pyramus and Thisbe," although at present no definite arrangements have been made.

PERSONALS

Pat Neely has been absent from school for a week because of illness. Now we know what seemed missing.

Margaret Glatin and Marjorie Gates, '21, are leaving Friday for Oakland. They intend to do some rooting at the California-Stanford game Saturday.

Fred Jacobs, whose toe was broken during football scrimmage, declares that the toe has improved to the extent that he can now wear a shoe on his injured foot.

The football team will miss the services of Harold Furman in Saturday's football game, as Harold is a victim of the Bakersfield game, having broken his wrist.

Miss Jeanette Slagg, who was called home a week ago on account of the serious illness of her father, has returned to school.

"Eddy" Dowler spent the week-end in Los Angeles.

Lysle Hawkins' sprained foot has sufficiently recovered so that he may journey north to enter the last football game of the year.

Mr. Peters is a disturbing element. Tuesday he entered The Eagle office under pretense of fixing the phone and moved everything on the desk so as to impair the efficient workmanship of our reporters.

Miss Schauer will spend the week-end in San Francisco. While in the north she plans to attend the California-Stanford game.

Jack Vince is hobbling around school with a sprained ankle, which was injured in the Bakersfield game.

Julia Ann Grimshaw has been ill and has gone to Pasadena to stay until after Thanksgiving Holidays.

"Aunt Mary" (Flip's Ford) is in the hospital and expects to undergo a serious operation within a few days. All flowers will be gladly received.

The office was a popular place Wednesday afternoon and utter confusion and excitement reigned when students breathlessly gleaned the mail boxes looking for those little red flunk notices or cinch notices; call them what you will.

The Occidental College Men's Glee Club is planning a trip to San Diego in January, and a longer tour of the northern part of the state in the spring. The club is larger than in previous years, there being twenty-seven members.

Heard in the Main Office (During the last four years)

There have been many "foolish questions" asked by tourists from other states as they have been busy inspecting our campus. Just the other day Miss Clarke was in the office, when she was approached by a well-dressed stranger. He asked her in a tone that might have been addressed to some groveling menial, "Cawn you inform me where I cawn obtain something eat? What? A college? Eoh! I beg your pawdon!" So we have been mistaken for a restaurant. Again during the past years other remarks have been equally as ludicrous. Some of them are as follows:

"Are these the Turkish Bawth's (upon viewing the court and pond).
"Is this the 'Samarkand'?" (Familiar gathered from lounging students).

"I say, where is the Club House (Meaning unknown)."

"Perhaps this is some sort of school!" (Who knows?)

"Where is the check room?" (Whereabouts unknown).

So one might really wonder as just what sort of an institution this

BASKETBALL SCRAPS

PROVE EXCITING

CLASS STANDING:

	W.	L.	Pct.
Freshmen	2	0	1.000
Sophomores	2	0	1.000
Juniors	0	2	.000
Seniors	0	2	.000

Last Monday afternoon the Freshman basket ball team defeated the Seniors 26 to 10 and the Juniors forfeited a game to the Sophomores because they were unable to scrape up a team. The Freshman-Senior game was replete with fast playing on either side that would have shown to better advantage had the teams had more practice. Garber, who made eight of the Senior's ten points, was crowned high point man of the day. Brimhall, Senior captain, made the other field goal for the Seniors. Williams, Freshman forward, was high point man for the Freshmen, making six points in all. Leedy, Captain Vandam and Bailard each threw four of the Freshman points, while Greenough, Mobley, Langlow and Hoessel each threw two.

Last Wednesday the Sophomores defeated the Seniors and the Freshmen downed the Juniors in two fast and hard-fought games. The Sophomore squad under the leadership of Perry Linder walloped the Senior five to the tune of 20 to 7. Morehead, Sophomore

SAN JOSE COMMENTS ON BEAUTY CONTEST

The beauty contest which will be conducted for La Cumbre by its editor, Ted Ellsworth, has brought forth the following comment from the San Jose State Teachers College Times:

"Santa Barbara State College annual is conducting a contest to choose the eight most beautiful women in the College.

"We certainly envy the courage of Ted Ellsworth, their annual editor. If there isn't a hair-pulling contest before the affair is over, we will recommend Ted to lead a Woman's Suffrage convention, for he certainly will have the tact and the courage necessary."

forward, distinguished himself as high point man by piling up three-fifths of the Sophomores' score. The game "waxed fast and furious" while it waxed, although organized teamwork was lacking on both sides, due to lack of practice. Brimhall made five of the Seniors' seven points, and Garber threw the last two. Linder tossed two of the Sophomore field goals that Morehead did not make, and Weidman and F. O'Reilly split the other two between them.

The Juniors were walloped by the narrow margin of 1 point in the fastest game yet played this season. A last-minute rally by the Frosh netted six points and a 13 to 12 victory. Jimmy Anderson made two-thirds of the Junior score, and Keim and Garber, who was playing for the Juniors when a fifth man could not be found, shared the final third. Williams made six for the Frosh, Vandam made four, and Leedy made the other three.

The line-ups were as follows:

Freshmen: Vandam (captain), c; Leedy, Langlow, Bailard lf; Williams, Bailard, rf; Mobley, Jacobsen, Hoessel, lg; Greenough, Gillette, Annin, Foss, rg.

Sophomores: Peterson, F. O'Reilly, c; Lemmon, Brotherton, Weide, lf; Morehead rf; Linder (captain), Laughlin, lg; Weideman, Davis, Jones, rg.

Juniors: Anderson (captain), c; Peters, lf; Keim, rf; Ellsworth, lg; Garber, rg.

Seniors: De Bolt, c; Garber, lf; Rey, rf; Wormser, lg; Brimhall (captain), rg.

The fastest game of the tournament will be played next week when the two best matched teams will clash; the Freshmen and the Sophomores. The Freshmen have piled up a larger score than any other team so far, although the Sophomores are capable of shooting baskets with a great deal more precision. The game promises to break all records for fast playing, especially since the rival teams are Sophomores and Frosh.

The Juniors will also play the Seniors if the former can scare up a team.

Mrs. Clancy: "Your child is badly spoiled."

Mrs. Casey (angrily): "What do you mean, spoiled?"

Mrs. Clancy: "Well, if you don't believe me, just come out and see what the steam roller did to him." —Ex.

Heard in Voice Class

Gladys: "O, Pete, why are you blushing?"

Pete: "I'm not blushing."

Gladys: "Then it must be the reflection from Madeline's hair."

ROADRUNNERS TRIUMPH BY HOLDING BAKERSFIELD TO 6-6 TIE

Team Displays Real Fight In Defending S. B. S. C.

In a sensational comeback that surprised all the followers of football in this city, the State College Roadrunners held the strong Bakersfield Junoir College Renegades to a tie game, the final score being 6-6. Bakersfield, thrice victor over Santa Barbara in previous years, came confident of victory, with a team far more powerful than ever before. The Roadrunners went on the field determined to break their long string of losses, in an effort to reinstate themselves in the eyes of the townspeople, who had ceased to believe the Roadrunners capable of winning. After the game everywhere were heard praises of the fight and team-work of the local players, and the large crowd of College rooters who attended the game went away with a renewed confidence in the somewhat questioned glory of the erstwhile haughty bird, the Roadrunner.

The Renegades kicked off to the Roadrunners, who completed a twenty-five-yard pass, Anderson to Linder, on the first down. On the next down, Anderson made fifteen yards on an end run, and would have crossed the goal line had he not been pushed out of bounds by one of his interference men. From then on neither team could gain consistently, and a punting duel was on, in which Foss had the best of the argument, constantly outpunting Freeman by at least fifteen yards. At the half, Santa Barbara missed an excellent chance to score when Baranov recovered a fumble on the twenty-yard line with a clear field ahead. A drop kick by Foss was wide as the half ended with the score 0-0.

Early in the third quarter, Bakers-

field began a heavy drive for a touch-down, penetrating the Roadrunner line for consistent gains. Captain Freeman finally carried the ball over, but the attempt to convert was blocked by Annin. A few minutes later the Roadrunners advanced the ball to mid-field by a series of bucks and end runs. Foss passed to Anderson for 15 yards, from which point he "Red Granged" his way thru the Bakersfield backs for a touch-down. Foss failed to convert.

Twice in the fourth quarter it seemed as though the Bakersfield team would score, but each time they were held for downs within the shadow of their goal posts. As the game ended the ball was in mid-field, with Santa Barbara trying to break away for a gain that would break the dead-lock. A large crowd of enthusiastic rooters, led by Bob Wormser, kept the air full of the first real yells that have been heard at College games this year.

Zipporah Rosenblet will give a talk before the sixth grade Geography class in the Lincoln school this afternoon.
