S.B.S.C. MEETS SAN JOSE IN FIRST CONFERENCE GAME

PARADE AND BONFIRE AT BEACH RALLY

The burning in effigy of the San Jose coffin preceded by a mammoth parade, will feature the rally this evening in anticipation of the San Jose game tomorrow which will officially induct State college into the football realm of the California Coast conference.

The annual rally which has usually preceded the home-coming contest in previous years has been changed this year to celebrate Santa Barbara's first football game as a member of the California Coast conference, to which it was elected last spring. Heretofore, all Roadrunner games have been free-lance contests.

Assembling this evening at 7 o'clock, automobiles and floats will form on Arrellaga street east of State street in readiness for the starting signal that will be given at 7:30 o'clock by Pep Committee Chairman Gene Harris, who is in charge of the event.

Cars, facing westward on Arrellaga, will turn to the left and proceed south on State street to Cabrillo boulevard, where another turn will be made on that thoroughfare to East beach, the scene of the big bonfire and rally.

The parade will be led by members of the Pep committee in two automobiles. Immediately following will be machines containing faculty members and administration officers. Third in line will be the Student Body officers. These will be followed by members of the Roadrunner and San Jose football squads in automobiles donated for the purpose through the courtesy of local automobile distributors. After the football players, floats of the Senior, Junior, Sophomore and Freshman classes, respectively, will be in line. Decorated automobiles and floats of campus organizations, fraternities and sororities, will follow the class entires. Stu-

(Continued on Page Three)

Delta Zeta Deltas Entertain Faculty

The Delta Zeta Delta sorority entertained the faculty and presidents of the sororities at a high tea given last Sunday from four to seven. The tea was held at 1750 Prospect avenue, the home of Emily Van Wagner, president of the sorority.

Dorothy Mansfield, accompanied by Dorothy Robbins and Isabel Vaughn, sang "Trees," "Neapolitan Nights" and "Chinese Lullaby."

Ester Janssens entertained with a piano solo. The sorority colors was the motif for the decorations, refreshments and lighting effects.

Five W. A. A. Women Hike to La Cumbre

Five women of the W. A. A. on the campus hiked to La Cumbre last Sunday, starting at 2 o'clock in the morning, and returning at noon of the same day. Mildred Mincher, Lola Collins, Elizabeth Nute, Dora Woods and Miss Van Fossen were the ones who went. They reported that the trail was in good condition.

Budget Will Need Increasing If Eagle Loses Any More Ads

The advertising manager of The Eagle complains of the cooperation given him by the co-eds of the college for his advertisers.

He states that he is likely to lose some of his accounts. A week ago Trenwith's ran an ad about silk stockings and the co-eds immediately stopped wearing them. This week Trenwith's wanted to insert an ad about dresses, but he wouldn't take a chance.

IND. ED. MEMBERS WILL HOLD AFFAIR

The Industrial Education department will hold its first social event this season on Sunday, October 23, at El Capitan beach, according to Factotum James Peel, following the department meeting Tuesday.

The event will be in the form of a picnic and barbecue, and will be open to all students of the College desiring to attend. Entertainment will consist of fishing, swimming, indoor baseball, horseshoe pitching and other contests and games.

Tickets for the barbecue will go on sale Monday at 50 cents per plate. Committees in charge are: entertainment, Clarence Annin, Keith Gunn and Merton Harlow; transportation, Arthur Hill, Alfred Boradori and Harold Morehead.

—Back the Team—

Women's Glee Club Holds Regular Meeting

Various ideas for the work of the Women's Glee club for the coming year were discussed at their regular meeting last Tuesday afternoon, with their instructor, Mrs. Barnett.

The usual uniform of a white dress of any style with a green scarf was decided to be kept as the club regulation dress. Dues were fixed at twenty-five cents a month. The officers for the club have not as yet been chosen.

Mrs. Barnett also spoke of contributions from both glee clubs to buy records for the new phonograph in addition to those purchased through the Library fund. The phonograph belongs to the two clubs.

SPORT DANCE TO BE GIVEN AT SAMARKAND

Another dance, honoring the football teams, with the San Jose men as guests-of-honor, will be held tomorrow night at 8:30 in the blue room and lobby of the Samarkand hotel.

Practically no decorations will be used. Committees were not appointed, Pearl Crawford, chairman of the Social committee, taking complete charge of the affair.

The usual number of feature and individual contributions will be given. Greenough's orchestra will furnish the music for the dance.

The new ruling for guests will be strictly adhered to tomorrow night. No outsider will be allowed upon the floor who is not wearing a guest badge. Every effort shall be made to prevent the uncomfortable crowding that was so noticeable at the first social dance of the year.

—Back the Team—

H. E. Building Plans To Be Completed Soon

Final checking on the plans for the Home Economics building will be made the last of this week by President Phelps and Andrew P. Hill, Jr., official school plan officer of the state.

Minor details are to be thoroughly gone over, after which the final plan will be taken to Sacramento by Mr. Hill. Working drawings will then be made, and these will be ready within five weeks. Bids will be opened for contracts following their completion.

—Victory! Santa Barbara—

DR. M'CLINTOCK SPEAKS MONDAY

"The Sun Dance of the Black-foot Indians" will be the subject of a lecture to be given in Recreation center Monday evening, October 24, at 8 o'clock, by Walter McClintock.

Mr. McClintock will illustrate his lecture with lantern slides. In 1896 Mr. McClintock was sent by President Cleveland to make a thorough study of national forest reserves so that a policy might be adopted by the government. During his study Mr. McClintock was made an adopted son of Chief Mad Wolf of the Blackfoot tribe of Montana and the North Piegiens of the Alberta province of Canada.

Through the relationship a thorough study of the various customs and traditions of the people was made and through this knowledge Mr. McClintock is able to give a lecture which otherwise would be impossible to give.

May Be a Good "Red Grange" But a Poor Soap-Rag Slinger

If a few students of vocational psychology have it correctly that people seek their mental levels in occupations, then a 200-pound Freshman by the name of Dick Zinser has yet to look for his.

Deserting the football squad a week and a half ago where he was a promising candidate for the guard's berth, Dick took a job with popular Brown-DuMars Confectionery shop as commander-in-chief of the good vessel Dishpan and started to clean everything within sight. Saturday was payday, and in Dick's little brown envelope was a note which read somewhat like this: "Your services will be no longer required after today as you do not seem adapted to this type of work." Poor Dick has taken it very much to heart!

ART DEPT. CLASSES LEADERS FOR YEAR

The Art department elected officers for the coming year in their first departmental meeting of the year, Tuesday. Phil Smith received the presidency; Marian Herbert is vice-president; Elizabeth Foster, secretary; Maurine Crowther, treasurer; Edward Brown, social chairman; and Margaret Graham, publicity chairman.

The members of the department were informed of the honor fraternity for the art students, the Delta Phi Delta, the only society in California. The Chicago Art league and other large schools of the East are included in the membership of the honor fraternity.

According to opinions of art teachers, Santa Barbara State college has an exceptionally high ranking Art department. The courses taught enable a graduate to teach in practically any branch of the art field, stated Mrs. Crosswell, head of the department.

—Back the Team—

Progress Reported On Athletic Field

Work on grading of the new Athletic field is under way at the present time, and it is believed that the football teams will have at least six weeks of practice on the field following the raking and settling of the filled ground.

Contour work will be completed within a short time, and the field will be temporarily in shape for use. The women have been using the field for archery practice during the past few weeks.

SAN JOSE SEND UP HEAVY OPPOSITION

BY RICHARD ROMAIN

The Roadrunners encounter San Jose Jaysee eleven tomorrow afternoon at the Peabody Stadium in the first home conference clash of the season.

Coach DeGroot has been drilling the men thoroughly in passing and tackling in preparation for the "big game." San Jose has, this year, one of the strongest eleven in the history of the college, with a team composed entirely of seasoned veterans to carry on their conference struggle.

To San Jose, however, the game with Santa Barbara is just another game, and from all reports the only thought of Coach Knollin and his sturdy gridders in giving the tussle is how high to roll the score. But the Olive and White men are planning to give them some food for thought.

The Roadrunner's line-up will probably be changed from its regular order due to the injuries of two of the first string players, which were received in last week's Occidental game. (Incidentally, Occidental college ran up more injuries than the Roadrunners: three of their first squad men were injured, and two of them seriously enough to keep them out of play in their game tomorrow.)

Anin, last year's captain, suffered a sunstroke in the first quarter of the Oxy game and had to be taken out. It is doubtful if he will be in tomorrow's line-up. Hickman pulled a tendon in his groin and will be out of action.

Johnson tore the muscles over his right ribs, but he will be back at his regular berth as left guard again, as will Captain Gates Foss, who received severe lacerations on the nose.

Thurmond, unfortunately, will be unable to participate in the game with the Spartans. He was injured in an automobile accident, necessitating the taking of seven stitches on his forehead. His temporary loss to the team will be a serious one as Thurmond was the (Continued on Page Four)

Social Club's First Meeting Next Week

The Social Science club plans to hold its first meeting one week from Wednesday night, according to Gene Harris, president of that organization. Several meetings have already been scheduled, but very few students turned out. Whether or not the club will reorganize this year depends upon the number who attend each meeting, stated Gene Harris.

Lawrence Pollard is vice-president of the club. A secretary will be elected at the next meeting. Lecture meetings will be held in the auditorium room of the library.

FIRST CONFERENCE GAME TOMORROW

TOMORROW marks a new era in the growth of the athletics of Santa Barbara State college. Due to the negotiations of Coach DeGroot, Santa Barbara has now become a member of the California Coast conference.

This means an elimination of all doubt concerning games. Last year the game with the Southwestern team was cancelled, leaving an open date that could not be filled. The schedule for this year is fixed by the conference, leaving no possibility of an unforeseen cancellation.

The reason for the growth of the college through its entrance into the conference is two-fold. It advances the athletic standing, and also increases the educational standing.

The first reason is obvious. The latter might not be so clear. It is seen this way by some:

This year, due to an unfortunate occurrence at Chico State, many of their students were transferred to Santa Barbara. Near Chico are other State colleges—Fresno, San Luis Obispo, and others. Yet these students, necessitated to transfer, chose Santa Barbara. Thus, by being in this conference, the publicity field of Santa Barbara State college is widened, bringing it to the notice of students who would otherwise fail to remember that there was such a college.

Perhaps the athletic advantage is not considered important in gaining publicity for the college, but if questioned closely, the fair sex might admit a furtive preference for the college whose football men are starred in state athletics.

To indulge in repetition, tomorrow is the first conference game to be played on the home field. This is to be a double header, Santa Barbara High school playing the first game, with Lompoc, at 1:15. This will allow the college students enough time to arrive in time for the kick-off. There is no legitimate reason for any student not coming to the game. Make these words the slogan for all games:

"Keep up the good work started at the last game."

COLLEGIAN SPIRIT AT OXY GAME

THE SPIRIT displayed by a handful of State collegians at the Oxy game last Saturday is to be commended, and a vast improvement over that displayed at the U. C. L. A. game three weeks ago. Although a smaller number was on hand last week, this did not deter them from cheering the team and each player as he left the field. That's the spirit.

OPPORTUNITIES GREAT FOR FORUM CLUB

THE FORUM CLUB has been given one per cent of the Budget, an increase from nothing last year. That amount of money, small as it is, ought to enable them to do much better things this year.

What is there to do? One of the main things should be to organize a department in oratory and debate. There are State colleges all over California with debating teams waiting for a chance to show Santa Barbara State what a good licking she can have administered to her merely by the presentation of pompous words for or against a certain question.

That is, maybe Santa Barbara would take the small end of the decision. There are men and women on this campus who are able disciples of Cicero. But what chance have they to show their aptness with the English language? Not one in the world, unless something is done, and that by the Forum club.

THE PEST

By
DICK

"Well," said Sparky, "she paints but I love her anyway."

You'll have to admit
 If you're a gentleman still
 That going out with blondes
 Is quite all right;
 But if all blondes fade as some
 Blondes do —
 Better take 'em out at night.

It's a darn shame, — I had a poem all made up about Scotty Gunn but he looks so tired after that game last Saturday, I think I'll give him a rest.

MI-GOSH LOOK HERE EARTHQUAKE NEAR STRATFORD ON AVON UPHEAVAL CAUSED BY SHAKESPEARE TURNING IN HIS GRAVE

STRATFORD - ON - AVON — This morning at six o'clock the inhabitants of this hamlet were aroused by a very severe earthquake shock. It seemed to center in the region of the tomb of William Shakespeare. Common opinion is that Mr. Shakespeare has shifted himself after many years of mouldering in the same position. As yet the cause is unknown.

THIS ARTICLE TAKEN FROM A LONDON PAPER THREE WEEKS AGO SHOULD HAVE AFFECTED THE WHOLE COLLEGE IN GENERAL AND ME IN PARTICULAR.

Now he evidently thought I was trying to steal his thunder and by way of protest he kicked up a rumpus in the form of an earthquake shock.

Now, listen—I'd rather—much rather, quit writing that play than to cause Mr. Shakespeare any mental anguish, thereby straining our international relationship with England.

SO WHY NOT TURN OUR ATTENTION TO SOMETHING MORE UPLIFTING, SUCH AS A MARBLE TOURNEY BETWEEN THE MEMBERS OF THE FACULTY. OLD STUFF—YES, BUT THIS TIME I'M PUTTING MY MONEY ON MR. SELLE.

PERHAPS I COULD EVEN CHALLENGE OUR "YEP" COLUMNIST TO A WORD DUEL, BUT THEN THAT ISN'T FEASIBLE BECAUSE HE IS A PAST-MASTER IN THE USE OF ADJECTIVES AND WHEN THEY HIT — THEY HURT.

Below is a copy of a letter I just received in my box:

Dear Pest:
 Your column is well named. Why the editor accepts that trash of yours every other week will always be a mystery to me. Why can't you turn your mind to something worth while? Your wit is terrible and your technique is worse. For gosh sakes lay off.
 (Signed) Sal Amander.

DOCTOR JACOBS SPEAKS BEFORE BIG SYMPOSIUM

Speaking before the city, county and deputy superintendents of education of the State of California, Dr. Charles L. Jacobs, dean of the upper division, outlined results of a study made during his leave of absence at Columbia university.

At the request of William John Cooper, state superintendent of public instruction, Doctor Jacobs was invited to present an address on "Teacher Rating as an Aid for Improving Their Service," at the annual symposium of superintendents, required by law, which gathered at Hotel Del Coronado, San Diego, from October 3 to 7.

Dr. Jacobs indicated a number of significant facts which heretofore have been apparently unrecognized in the educational field. He stated that any kind of rating device cannot be used for all purposes in rating a teacher as to abilities. This he illustrated by pointing out that an employment questionnaire must have few items while one to determine improvement should be detailed and comprehensive.

Another pertinent fact is that an improvement rating should be made by the supervisor, where such is employed, rather than by the administration head, thus eliminating any negative reaction which the teacher might have.

"The teacher should know on what she is being rated and told of the results at a specifically appointed time," Dr. Jacobs mentioned. "Also, the rater should not be compelled in his grading by teachers to follow the normal curve of distribution, as such will continue to eliminate those in the lowest quartile, and finally result in a dilemma."

As a result of his address, Dr. Jacobs has received numerous invitations to address other conventions.

NOW I LIKE THAT — AND I MIGHT ADD THAT THIS PERSON IS WELL NAMED ALSO — GOING AROUND SPREADING POISON — THAT'S ALL THE THANKS I GET FOR ALL MY HARD WORK.

Since all is fair in love and war, I'll take the one on the right.

PERSONAL

Beryl Dunning, president of the G. P. department, received a telegram that her father had been injured in an automobile accident in Santa Paula. The latest reports are that his condition is not serious.

Jessie Carmichael, Helen McKay, Grace Platt, and Jeannette Birnie attended the Occidental game.

Pearl Crawford attended the Backwards party Friday night, and was ill all day Saturday.

Angelina Alliverti, who has been for four months in Italy, France, and Switzerland, returned Sunday night.

Stewart Paulin and Bill Roulston spend most of their Saturday mornings after ducks. They get one—occasionally.

Louise Lowry is going to spend the week-end among the shieks—and she does not mean Arabia. It is Hollywood.

Louise Houghton of the Freshman class was elected president of the Tuxis club of the Presbyterian church. She replaced Rosamond Young.

Work on Heating Plant To Be Resumed at Once

Work on the installation of the new heating plant in the basement of the main building was recently interrupted, when state workmen, who were on the job, sent in a complaint on lack of materials.

According to President Phelps, who was at Coronado at the time, immediate resumption of the work is necessary and will follow his notification at Sacramento. October cold periods have made the use of the furnace necessary in past years.

Two new large boilers are replacing the one previously furnishing the college with heat. Their installation is in anticipation of the larger amount of heat that will be necessitated upon completion of the Administration and Home Economics buildings.

(Continued from Page One)

dents in privately owned cars will bring up the rear.

The prizes, one for the best class float and the other for the best fraternity or sorority entry, is announced by the Pep committee. The committee, which will act as judges for the contest, are Mrs. Steele, Miss Van Fossen, Miss Evelyn Hurlbut, Drs. Ellison and Maxwell, Warren Atwood and Gene Harris.

The program at East beach will commence at 8 o'clock with yells for Santa Barbara and San Jose, under the direction of Cheerleader Norvel Dice, who was elected yesterday to fill the vacancy created through the resignation of Cheerleader Hill. Following the cheers, the coffin will be hoisted on top of the mammoth pile of lumber, wooden boxes and crates which Freshmen, under the supervision of the Chaparral Knights, have gathered during the past week.

Captain Gates Foss, assisted by Student Body President Keith Gunn, will ignite the bonfire which will burn the San Jose coffin. While the fire burns and crackles and the coffin is consumed in smoke, Roadrunner cheers and yells will fill the air. Snaking and winding around the flaming bonfire "Howling Hundred" and "Rah for Our College" will rend the air.

As the fire begins to flicker, announcement will be made of the float winners. Speeches will be made by President Phelps, Captain Foss and the captain of the San Jose team, and Coach De Groot and Coach Knollin of San Jose. The rally will be concluded with the singing of "Alma Mater" and "Our College Grand."

FRONTWARD-BACKWARD WOMEN INITIATE

Nine examples of the art of dressing backwards as shown on the campus last Friday night by members of the A. W. S. If you think you are seeing things, look at their feet. Let them set you right.—(Courtesy of The Morning Press.) From left to right: Dorothy Robins, Dorothy Mansfield, Elinor Gifford, Helen Campbell, Pearl Crawford, Willa Del Savage, Elizabeth Neblett, Charlotte Bellman and Minnie Meier.

OUTING CLUB HOLD FIRST CABIN TRIP

The Outing club is to go to the cabin on the Santa Ynez river Sunday morning, leaving the college at 9 in the morning. The women, under the direction of Thelma Morgan, will furnish the picnic lunch. The men, headed by William Wegener and Stewart Paulin, will furnish the transportation. An entertainment committee, with Miss Van Fossen, Dora Woods and Merton Harlow, will provide fun for the club.

This week there has been a drive for members. So far about 85 people have joined. The drive closes Friday. Membership cards will be given each member by James Dinwiddie. These must be presented by the members in order for them to be able to participate in any of the entertainments.

—Back the Team—

Signs will be placed along the road, guiding those who are unfamiliar with the location of the cabin. A ruling that was made this year by the Outing club is that no outsider will be allowed to attend any trip or hike planned by the club.

PATTERN OF FAMOUS BUILDING IS USED

Students who have ventured for a visit to the main lobby of the Administration building have noticed the elaborate decorations being placed in the ceiling. The decorations are an adaptation of the Chapel of St. Agatha, Barcelona, once part of the palace of the kings of Aragon. The building dates from the early XIVth century, and its original ceiling, "made by one Bertram Riquier, carpenter," has only recently been restored.

The actual painting is being done by H. Ericson, a representative of the Arrenz-Warren Company of Los Angeles. Mr. Ericson did all the marbling work in the Old Mission, which consisted of imitations of Indian paintings.

A document possessed by Mr. Ericson, from which he is taking the pattern of the chapel, gives a description of the pattern used. "There is much variety in coloring, but owing to the minute scale of the ornamentation this fact is hardly noticed from below; it does much, however, to enliven the scheme. The effective dog-teeth patterning in black and white on bed-molds is very characteristic of medieval ceiling decoration. On the main beams, squares, framing rosétes, alternate with oblong framing and the backgrounds vary in color. A strong white line surrounds the fields. The sides of the beams are much more sombre in tone than the squares, and are divided off into panels which are separated by gold rosétes."

—Victory! Santa Barbara—

HOME ECS HAVE TEA

The women of the Home Economics department held a tea in the Music cottage Saturday afternoon from 2 until 4. Rotation card playing occupied much of the afternoon. Refreshments were served about three-thirty.

—Beat San Jose—

"Is life worth living?"
"Not if you have nothing better to occupy your mind with than in asking such questions as that."—Wildcat.

IVAN COOK SENDS THANKS

Ivan Cook wishes to express his appreciation and thanks to the Freshman class, the Men's club, and the Antlers for the flowers and fruit sent him while he was in the hospital a short time ago. Many students visited him, relieving the monotony of the hospital hours.

Another of those people who did absolutely nothing last weekend was Bob Smith. In this case nothing was listening to football games over the radio.

Gaillard Fryer and Powell Smith are ardent advocates of the professors' pet form of advice: study each assignment as it comes and do not allow them to pile up. That is, they are now, after having to study from ten o'clock Sunday until 6:30 the same evening for History of the Americas.

—First Conference Game Tomorrow—

Marilyn Jameson went swimming three times over the weekend.

COPIES WANTED

The editor of the Eagle issues a call for back numbers of the Eagle. A shortage of copies of the second issue, September 23, has occurred in the files, and any extra copies that students may have of that date would be appreciated by the editor.

(Continued from Page One)

only reserve fullback for the Roadrunners. This is his first year at Varsity, but he has already displayed excellent form at his position, and showed up well in the Oxy contest.

Walter Swanson, who played on the team last year, has been out with a sprained ankle. Swanson is a valuable backfield man and he may be in satisfactory condition to get into action against the northern team.

Undoubtedly, San Jose has a decided edge on the game. Its team is made up entirely of lettermen, and from the standpoint of a practice field and equipment, the northern State college has an obvious advantage.

With three coaches and over seventy-five men out for football, the Spartans have an excellent squad of reserve men.

In the first game of the season, San Jose Jaysee stacked up a 44-0 victory over Bakersfield Junior college. Last Saturday the northern Jaysees lost their first conference struggle, 13-7, against the Sacramento J.C. Panthers.

Hubbard, quarterback, is a star of the Spartan squad. He is good for making long gains in open field and he has repeatedly torn through the lines of the opposition for good yardage gains.

This will be one of the hardest-fought conference games of the season and both teams are going to fight for a highly important victory.

The Santa Barbara High school-Lompoc game will precede the State college game, which begins at three o'clock.

ELEMENTARY PUPILS BEGIN SWIMMING

Students of the college elementary school are beginning their third year in swimming instruction in their Saturday morning swimming class. There are 39 members, 19 girls and 20 boys in the club.

The class was organized by Robert Wormser and is being supervised by him in conjunction with H. A. Vance, Max Schott and Winifred Pollard.

There are four classifications in the club. They are "Poor Fish" (15), "Gold Fish" (4), Junior Kelpers (9), and Kelp Club members (11). Eight of the Kelp Club members are in the seventh and eighth grades, a total of 25% of the students in the class.

Those belonging to the Kelp Club are: Jim Briscoe, James Clark, John Merritt, Warren Fenzi, William Hewes, Tom House, Phyllis Whitestein, June Vance, Louise Warren (age nine, who is one of the two youngest members of the Kelp Club), Jean McDougall, and Patricia McDavid.

The club has the use of a boat and a canoe. Instruction and practices are held at the Los Banos plunge and in the surf adjoining.

The members are to be instructed in life saving in the near future by Edward Bittel, president of the Kelp Club. It is hoped by those in charge that a large number of Junior Kelpers and Kelp Club members will qualify for the Red Cross Junior Life-saving class and certificate.

—Victory! Santa Barbara—

MISS CAMPBELL'S FATHER DIES

The Eagle takes this opportunity to express the deep sympathy and regret of the Student Body at the death of the father of Elizabeth Campbell, a student on the campus last year, and editor of the La Cumbre. Miss Campbell graduated from the H. E. department.

—Victory! Santa Barbara—

TWO STUDENTS FINISH SWIM

Ruth Morrell and Jack Smith finished in the David Gray two-mile marathon held last Sunday. Ruth Morrell receives a fountain pen from the Mission Office Equipment company. Smith receives a sweater from the Smith Toggery.

THE LINE-UP

This is the probable San Jose and Santa Barbara line-up that will start tomorrow. Due to several injuries on the squad Coach DeGroot is unable to name definitely the starting line-up for the game.

S. B.	Pos.	S. J.
Martin	LE	Acres
Denno	LT	Regli
Johnson	LG	J. Brown
Vince	C	Escobar
Annin	RG	V. Hawley
Vandam	RT	Davison
Basten	RE	H. Hawley
Imes	RH	Hubbard
G. Foss	RH	Graham
Glover	LH	White
Clemore	F	Laws

S. B. S. C. LOSE FIGHT AGAINST OXY'S GRIDDEES

The Oxy Tiger ran wild last Saturday to beat the Santa Barbara eleven 40-0 at Eagle Rock. The local defense was weak at the tackles, the Oxy men making most of their gains through this hole.

Both coaches elected to start second string men, but after Oxy had shoved over two scores in the first period, Coach DeGroot rushed in his first line-up. The Tiger was content with one touchdown in each of the next two periods and shoved over two in the final quarter.

The local eleven looked good in all departments of the game except tackling. Poor tackling was directly responsible for at least four Occidental touchdowns. The Coach depended on off-tackle plays and end runs for most of the gains, Clemore and Glover packing the ball for several nice runs.

The Oxy backfield combination of Hunt and Howe at halves, Eberhardt at full and Schweizer at quarter functioned perfectly.

Several new men showed up well in last Saturday's game. Gordon Clow seems to be a real find at guard. He is fairly heavy and fast, breaking through the line several times to stop the Tiger formations. Vandam looked good at tackle and Thurmond showed up well at fullback.

The starting line-ups were:

S. B.	Pos.	Oxy.
Martin	LER	Weddington
Lopez	LTR	Charnock
Gunn	LGR	Popelka
Vince	C	Coultas
Annin	RGL	Hitch
Goodfield	RTL	Williamson

Hickman	LHR	Hunt
Thurmond	Q	Schweizer
Curtis	F	Eberhardt

—Beat San Jose—

EUGENE, Ore., Oct. 14.—The university of Oregon will have a snappy march, written by John Philip Sousa himself, and dedicated to the university.

This was the news received today direct from his manager, Harry Askin, by telegraph. The university will be the only institution on the Pacific coast to have a march by Sousa. Minnesotâ is the only university so honored in the Middle West, and but one or two others have received such attention.

Pick-Ups

By the Roadrunner

Although defeated by a large margin in last Saturday's game, the Roadrunners gained much in the encounter with Occidental. No injuries which will seriously hamper the playing of the team in the game tomorrow were encountered. The experience of playing against a strong defensive team will prove valuable no end to the players and the team will be even stronger that that which defeated Pasadena two weeks ago.

From all indications it is evident that the bonfire will wake up the town tonight and a large crowd of citizens of our beloved (?) community. The frosh, with that spirit which has been so characteristic of all the work done by them this year, have built at the beach the largest bonfire in the history of the school. Llewellyn Goodfield, president of the class, has given all the men work to do in building the fire and tonight will mark the climax of the work at the beach. When the bonfire is touched off the students of the school will see the result of much hard work on the part of the class. Continual guarding since Monday night has prevented any funny business on the part of various groups around town. In showing the old spirit at the fire tonight you will also show the frosh that you appreciate what they have done.

Tomorrow the Roadrunner eleven takes on San Jose in the first conference game of the season. A

DR. ELLISON TO READ

Dr. William H. Ellison has been invited to read a paper of original investigation at the annual meeting of the Pacific Coast branch of the American Historical association to be held in Berkeley during the Christmas holidays.

high school tilt will proceed the college encounter, so there is no excuse for anyone not being there. With the game starting at three o'clock all students should be through work by that time. A bigger and better rooting section is demanded by the yell leaders. Let's go. From all advance dope the San Jose State team is going to be no snap for the Runners. It is predicted by most everyone that the victory either way will be by not more than one touchdown. However, advance dope is not always correct; in fact, it hardly ever is. So we may expect to see the Roadrunners on the long end of a decidedly long score and then we may see — but why bring that up? Be that as it may, the crowd is guaranteed a full program, replete with thrills and all that sort of thing.
