Five W. A. A. Women Hike to La Cumbre

Five women of the W. A. A. on the campus hiked to La Cumbre last Friday, starting at 7 o'clock in the morning, and returning at 7:30 o'clock Thursday night. Mildred Mincher, Lula Collins, Elizabeth Kepner, Dortha Albee and Min Van Fossen were the ones who went. They reported that the trail was in good condition.

Budget Will Need Increasing If Eagle League and Other Aides

The advertising manager of The Eagle complains of the extra costs which have been thrown upon the editors of the college for his advertisers.

He states that he is likely to lose some of his accounts. A real estate man was asked an about silk stockings and the co-eds immediately stopped wearing them until next week. Mr. Tew's wish to extend an ad without contracts, he wouldn't take a chance.

SPORT DANCE TO BE GIVEN AT SAMARKAND

Another dance, honoring the football team, with the San Jose men as guests-of-honor, will be held tomorrow night at 8 o'clock in the same room and lobby of the Sam­arkand hotel.

Parties no decorations will be used. Committees were not appointed. Pearl Crawford, chair­woman, will be in charge of decorations, taking complete charge of the affair.

The usual number of feature numbers will be given. Greenough's orchestra will furnish the music for the dance.

The new ruling for guests will be strictly adhered to tomorrow night. No outsider will be allowed upon the floor who is not wearing a green badge. Every effort shall be made to prevent the uncom­patible +, dress of any style with a green +, about dresses, but he wouldn't want to insert an ad with a green +, budget. The usual number of feature numbers will be given. Greenough's orchestra will furnish the music for the dance.

IND. ED. MEMBERS WILL HOLD AFFAIR

The Industrial Education de­partment will hold its first social event this season on Sunday, Oc­tober 23, at El Capitan Beach, ac­cording to Jamesine Fee, following the department meeting Tuesday.

The party will be in the form of a picnic and barbecue, and will be open to members of the Col­lege desiring to attend. Entertain­ment will consist of fishing, water­ball, horseriding, pitching and other contests and games.

Tickets for the barbecues will go on sale Monday at 50 cents per plate. Committees in charge are: entertainment, Clarence A., Anna, Keith Gunn and Morton Harlow; traps, Mrs. Peter L. Hill, Al­fred Borodurai and Harold More­head.

Dr. McClinton Speaks Monday

The Sun Dance of the Black­feet Indians** will be the subject of a lecture to be given in Recre­ation center Monday evening, Oc­tober 18, by Dr. McClintock.

Prof. McClintock will illustrate his lecture with lantern slides. In 1934 Mr. McClintock was sent by President Cleveland to make a thorough study of national forest reserves so that a policy might be adopted by the government. Dur­ing his study Mr. McClintock was made an adopted son of Chief Mad Wolf of the Blackfeet tribe of Montana and the North Piegans of the Alberta province of Can­ada.

Through the relationship a thorough study of the various cem­eteries and traditions of the people was made and through this knowl­edge Mr. McClintock is able to give a lecture which otherwise would be impossible to give.

ART DEPT. CLASSES LEADERS FOR YEAR

The Art department elected of­ficers for the coming year in their final meeting of the year last Monday. President Phelps and Andrew P. Foster are the top officers of the depart­ment.

Mr. Phelps was re-elected president of the club. Mrs. Bafrnett, secretary, and Margaret Holmes, social chairman, have been re-elected to their regular positions. Miss Foster's term was out, and another term will be selected at the next meeting.

San Jose Send up Big Opponent

BY RICHARD ROMAN

The Roadrunners encounter San Jose States eleven tomorrow af­ternoon in the half time program in the first home conference clash of football.

Coach DeGroat has been drill­ing the men thoroughly in passing and blocking in preparation for the “big game.” San Jose has, this year, one of the strongest eleven’s in the history of the col­lege, with a team composed en­tirely of seasoned veterans* to carry on their conference row.

To San Jose, however, the game will be a mere Monday in another tie game, and from all the reports the only thought of Coach Knollin is to get a win. Although he is only a second year coach he wants to insert an ad with the same name, which was read somewhat like this: “Your ser­vices will be required. You have been re­quired after today as you do not seem adapted to this type of work.” Poor Dick has taken it very much to heart!

Social Club’s First Meeting Next Week

The Social Science club plans to hold its first meeting one week from Wednesday morning, according to Miss Helen Brown, new leader of the organization. Several meetings have already been scheduled, but the exact time and date are not yet named. Whether or not the club will re­organize this year depends upon the number who attend each meeting, stated Gene Harris.

**THE PEST**

**By DICK**

“Well,” said Spavik, “she paints but I love her anyway.”

You’ll have to admit if you’re a gentleman still the old rustle is quite all right; but if all kinds fade in some others do better to eat ‘em out at night.

It’s a darn shame — I had a poem all made up about Scotty Gunn but he looks so tired after that game last Saturday, I think I’ll give him a rest.

I CAME ACROSS IT BY SHAKESPEARE TURNING IN HIS GRAVE

**STRATFORD-ON-AVON —**

Then to Relish in the inhabitants of this hamlet were aroused by a very severe earth movement in the region of the tomb of William Shakespeare. Common opinion on the shakespearean premises shifted itself after many years of mouldering in the same position. Of mouldering in the same position.

Now he evidently thought I was trying to steal his thunder and by way of protest he kicked up a storm in the form of an earthquake shock.

Now, listen — I’d rather—much rather, quit writing this thing and put Shakespeare any mental anguish, thereby straining our international relationship with England. So why NOT TURN OUR ATTENTION TO SOMETHING BETTER BECAUSE HE IS A PAST MAN CLASS — YES, BUT THEN THAT ISN’T FEAS

**THE PEST**

**By DICK**

Speaking before the city council and deputy superintendents of education of the State of California, Dr. Charles L. Jacobs, dean of the upper division, outlined results of a study made during his leave of absence at Columbia university.

At the request of William John Conjour, state superintendent of public instruction, Dr. Jacobs was invited to present an address on “Teacher Rating as an Aid for Improving Their Service,” at the annual symposium of superintendents, required by law, which gathered at Hotel Del Coronado, San Diego, September 3 to 5.

Dr. Jacobs indicated a number of significant facts which hereafter have been apparently unrecognized in the educational field. He stated that any kind of rating device cannot be used for all purposes in rating a teacher as to ability. To indulge in repetition, tomorrow is the first conference game of the conference year. Due to an unfortunate occurrence at Chico State, many of their students were transferred to Santa Barbara. Near Chico are other state colleges — Fresno, San Luis Obispo, and Santa Barbara High school playing the first game, with Lompoc. These will be the slogans.

There are State colleges all over California with debating teams waiting for a chance to show Santa Barbara State what a goodlicking she can have administered to her merely by the presentation of pompous words and phrases. There is a certain question. That is, maybe Santa Barbara would take the small end of the decision. There are men and women on this campus who are able disciples of Cicero. But what chance have they to show their aptness with the English language? Not one in the world; unless something is done, and that by the Forum club.

**DOCTOR JACOBS SPEAKS BEFORE BIG SYMPOSIUM**

Errol Dunning, president of the G. F. department, received a telegram that her father had been injured in an automobile accident in Santa Paula. The latest reports are that his condition is not serious.

**PERSONAL**

Jessie Carmichael, Helen McKey, Grace Platt, and Jeanette Birtle attended the Occidental game.

Pearl Crawford attended the Backwards party Friday night, and was ill all day Saturday.

Angeline Allhead, who has been for four months in Italy, France, and Switzerland, returned Sunday night.

Stewart Paulin and Bill Boulton spent most of their Saturday mornings after ducks. They got one octogenally.

Louise Lowry is going to spend the week-end among the shakers and she does not mean Arabia. It is Hollywood.

Louise Houghton of the Prescott church. She replaced Rosamond Young.

**EDITORIAL PAGE**

**TOMORROW** marks a new era in the growth of the athletics of Santa Barbara State college. Due to the negotiations of Coach DeGroot, Santa Barbara has now become a member of the California Coast conference.

This means an elimination of all doubt concerning games. Last year the game with the Southwestern team was cancelled, leaving an open date that could not be filled. The schedule for this year is fixed by the conference, leaving no possibility of an unforeseen cancellation.

The reason for the growth of the college through its entrance into the conference is twofold. It advances the athletic standing, and also increases the educational standing.

The first reason is obvious. The latter might not be so clear. It is seen this way by some:

Perhaps the athletic advantage is not considered important in gaining publicity for the college, but it is suggested closely, the fairer and safer the same preference for the college whose football man are starred in state athletics.

To indulge in repetition, tomorrow is the first conference game to be played on the home field. This is to be a double header, Santa Barbara and their other colleges — Fresno, San Luis Obispo, others. Yet these students, necessitated to transfer, chose Santa Barbara. Thus, by being in this conference, the publicity field of Santa Barbara State college is widened, bringing it to the notice of students who would otherwise (all to remember that there was such a college.

The athletic advantage is not considered important in gaining publicity for the college, but it is suggested closely, the fairer and safer the same preference for the college whose football man are starred in state athletics.

Perhaps the athletic advantage is not considered important in gaining publicity for the college, but it is suggested closely, the fairer and safer the same preference for the college whose football man are starred in state athletics.

COLLEGIAN SPIRIT AT OXY GAME

The OXY game last Saturday is to be commended, and a vast improvement over that displayed at the U. C. L. A. game three weeks ago. Although a smaller number was on hand last week, this did not deter them from cheering the team and each player as he left the field. That’s the spirit.

Opportunities Great for Forum Club

The Forum Club has been given one per cent of the budget, a percentage from the school budget last year. Amount of money, small as it is, ought to enable them to do much better things this year.

What is there to do? One of the main things should be to organize and debate. There are 1500 colleges all over California with debating teams waiting for a chance to show Santa Barbara State what a goodlicking she can have administered to her merely by the presentation of pompous words and phrases. There is a certain question. That is, maybe Santa Barbara would take the small end of the decision. There are men and women on this campus who are able disciples of Cicero. But what chance have they to show their aptness with the English language? Not one in the world; unless something is done, and that by the Forum club.

Work on Heating Plant To Be Resumed at Once

Work on the installation of the new heating plant in the basement of the main building was recently interrupted, when state workmen, who were on the job, sent in a complaint on lack of materials. According to President Phelps, who was at Coronado at the time, immediate resumption of the work is necessary and will be hastened at Sacramento. October cold periods have made the use of the furnace necessary in past years. -

Two new large boilers are replacing the previous furnishing the college with heat. Their installation is in anticipation of the larger amount of heat that will be necessary upon completion of the Administration and Home Economics buildings. -

(Continued from Page One)

The program at East Beach will commence at 8 o'clock with yells for Santa Barbara and San Jose, under the direction of Cheerleader Norvel Dice, who was selected yesterday to fill the vacancy created through the resignation of Cheerleader Hill. Following the cheers, the coffin will be hoisted on top of the masts of pillow of lumber, wooden logs and crates which Freshmen, under the supervision of the Chaparral Knights, have gathered during the past week.

Captain Gates Pass, assisted by Student Body President Keith Morgan, will ignite the bonfire which will burn the San Jose coffin. While the fire burns and crackles, the women of the Home Economics buildings, and was served backwards. The annual A. W. S. backwards party was held in the cafeteria and gymnasium last Friday night. The Freshmen had to wait on table and clean up. The faces of the Freshmen were painted green, and the transfers with red paint.

There was much variety in color, nicknames, and the backgrounds vary much, however, to enliven the monotony of the ornaments. There are 1170 pieces of to that. -

When the fire begins to flicker, an announcement will be made of the next winner. Speeches will be made by President Phelps, Captain Gates Pass and the captain of the San Jose team, and Coach De Groot and Coach Knollin of San Jose. The rally will be concluded with the singing of "Alma Mater" and "Our College Grand."

By the Roadrunner

Although defeated by a large margin in last Saturday's game, the Roadrunners gained much in the encounter with Occidental. No injuries which will seriously hamper the playing of the team in the game tomorrow were encountered. The experience of playing against a strong defensive team will prove valuable, and to the players and the team will be even stronger that which defeated Pasadena two weeks ago.
