MEN'S GLEE CLUB ON FIRST TOUR

Music Department Maker Great Progress

The Men's Glee Club of the Santa Barbara State College under the direction of Mrs. Helen Barnett will make its initial tour beginning with a performance at Carpinteria on April 24.

Following their first appearance as representatives of the college musical tradition, they will go to Santa Ynez on the 26th, Santa Maria on the 29th, Bakersfield on the 5th, and Delano, Wasco, and Lancaster on May 25th. The final performance will be given in Fillmore on the second day of May.

This is the first time in the history of the college that the musical department has made any such attempt, and the tour is made under favorably by the student body as being another step in the growth of the college.

Twenty-one men have qualified as members of the tour and will take part in the performances being advertised in good looking posters which will appear in the towns where they are to sing.

COLLEGE TRACK MEN WIN INTERCOL. MEET

Coach Gilliland is carrying a grin that goes all the way around his head as a result of the College winning the Intercollegiate Track Meet at Carpinteria Saturday, April 5. All the doctors recorded a strong San Diego team a regular clean-up.

However, the visitors who arrived at the airport and discovered your chicken until they are hatched. Instead of visiting San Diego, the herd of San Diego chickens that the track team had been promised was the Little Italy College Road Runners which proved to be quite a good game and vicious for another year.

Congratulations from the track team and to Coach Gilliland and his assistant Hawley for their splendid showing.

Social Science Students Meet Wednesday Night

The second meeting of the social science group was held Wednesday evening in the home of Dean Westcott. President Hawley was the discussion chairman of the evening. The topic taken was "The spectacular city of Washington with reference to the coming election." Marvel Miller, R. R. Belyea and Mr. Gorman talked on various phases of the question before the meeting was thrown open for general discussion.

The organization has adopted the policy of every member of the group to contribute some current event topic before the main topic is discussed.

The officers for the new organization for the next two weeks are: President, Jesse Hawley; Secretary, Margareta Burke.

Stop. Look. Listen. It's the O. P.'s.

DELEGATES REPORT A.C.A.C.W. CONVENTION

The delegates, Barbara Dew- neen, Helen Ingalls, and Jessie Delano attended the fourth national Athletic convention of American College Women which was held in Berkeley April 9-12 report an extremely successful and interesting meeting. More than one hundred student women attending from all parts of the United States met to discuss problems of women's college athletics. More than twenty students and women contributed in open meetings, in round table discussions, and in closed meetings where the business of the conference was carried on by the official delegates. Reports of the Eastern, Central, and Western Regional Conferences were given by a representative college from each section. Athletics in competition, consideration of the point system, athletic awards, national treasury, the News Letter (publication of A.C.A.C.W.), and various other problems were considered. The conference took a definite stand against intercollegiate teams and suggested federal legislation for thereby favoring inter-class, intra-college and a intra-class organizations in colleges of the A.C.A.C.W. are asked to consider the competition, consideration of the point system, athletic awards, national treasury, the News Letter (publication of A.C.A.C.W.), and various other problems as being important and admitted to the program of the conference.

The national conference succeeded in profitable undertakings for three years hence, while the next conference is expected to be of particular interest. Several students, some by men and others by women, are being brought to a close on May 7th.

All day Saturday, May 9, will be given over to homecoming and Alumni members. A supper is being planned in relatively handy distance and a dance in the gymnasium will follow the court entertainment.

YACHT CLUB SCENE OF DECK SUPPER

The over persistent cry for "something different" prompted the A. W. S. to give its supper Thursday evening at the Yacht Club.

The very unique affair was held at the Yacht Club and every camouflage possible was used to make the guests feel as though they were on board ship. A boat-national on the 1st of June, 1927.

Mrs. Myers, Superintendent of Parks and Recreation, was the toastmaster and Irene Cameron were chairman of the entertainment and refreshments committee.

FRENCH CLASS PLANS "LE VOYAGE DE M. PERRICHON"

Plans for the French party to be given some time in May are well under way and rehearsals for the entertainments and plays are being held regularly under the direction of Miss Haswell and her student assistants.

An offering of this fall's production has been attempted by the French department much interest in the affair is being shown.

A chorus of French dolls and fairy soldiers is dancing and thrilling to the tunes of several original French melodies which will be sung. Selected scenes from a lively French comedy, "Le Voyage de M. Perrichon," will be presented. The features of the program is a comedy of a more serious nature by Alfred Dumas. A complete program to be included with the cuts of the plays and choruses will be published at a later date.

JESSIE LEMMON CHosen SECRETARY

Miss Jessie Lemmon was elected secretary of the student body for the coming year. The election was necessary by the resignation of Frances Dearborn who is now attending Stanford.

STUDENT OFFICERS TO BE ELECTED

ELECTION SCHEDULED FOR TUES., MAY 6

The election of student body officers will take place on Tuesday, May 6. Petitions are already in evidence, candidates are being considered, and opinions are being expressed. The college is hoping that it will have a wind of campaigning which will bring to a close on May election day.

Since petitions must be on file on this is to one of the cut days of the college social year, it is important that the candidates carry on the work of making their voices heard, with as much enthusiasm as possible.

The president also expressed the hope that candidates would keep their nominations, "consider the possibilities, then vote" is the slogan of the campaign.

CAMPUS AND BLDGS. BEING IMPROVED

The following has just been received by President Phelps from Sacramento:

Practical phases of the training and education of the student teachers at Santa Barbara State Teachers College are being carried on by the State Department of Education according to A. H. Huron, Assistant Superintendent of Instruction. The report states that the San Pedro teachers college has just completed charts of the campus on which every rock and tree has been accurately located. The charts are being used as a basis for future landscape planning.

A large part of the campus and southern institution is under development by means of means of the building of a large residence and the re-arranging of the buildings. The school is being accomplished at about one-third the total cost.

In addition to this the students and faculty are greatly pleasantly surprised, after a week's work, by the many improvements on the buildings. Monday morning instead of being greeted by the gray, somber walls of the past they found the buildings brightly and freshly painted where the past they found the college already having been completed.

The pole framework that was on the lawn the past week has been removed. The framework will eventually will be planted with flowers and shrubbery to furnish.

Experience makes a man care- ful more than it makes him wise.

A DUTY OF THE MEN'S CLUB

Were you ever a member of an excursion group or v sitting delegation in a strange town? If you have been on one, you experienced the general hand-shaking and welcoming by the local committee, that is so essential a part of making the stranger feel at home. Even though at times the stranger may feel that it is an attempt to "sell" him something, be it anything from the spirit of fraternity in a lodge to a lot in a newly opened subdivision, he cannot entirely overcome the glow of popularity.

Such a movement among the college students is not a bad idea. We find it working well in the "Big Sister" movement among the women of the A. S. W. Why would not a similar movement among the men be a highly beneficial thing?

Each year upward of a hundred new students come into the school, strangers to us, and to one another. A movement that would reach out and draw them into the spirit of the organization, and that would make them feel as though the organization was interested in them as individuals would be profitable to them, in that it would make them feel the true spirit of western hospitality, and to us in that it would broaden our field of friendship by bringing us into fellowship in a pleasant way with many highly desirable companions.

CHOOSING OUR S. B. OFFICERS

With interest just beginning to be evinced in the coming student-body election a few thoughts on the seriousness of the task of choosing leaders for the organization for the coming year would not be amiss.

Elections are always fraught with certain evils, for instance the popular candidate, who capitalizes his ability to make the hundred in ten flat, makes a president, and the ability to look charming in an expensive gown does not mean that the young lady will be a model secretary of the organization.

No! WHO the candidate is but WHAT he is should be the factor that determines how the votes at the coming election shall be cast.

HOME EC. NEWS

New "bobe" in the Home Economics Department is Mae Hamilton, Bernice Gange and Lucille Wilson.

Thelma Walters was the guest of Mae Hamilton at her home in Delano for a few days last week.

Janice Kruse spent Easter vacation with her sister in Van Nuys.

The girls in Miss Frie's advanced dressmaking class are making linen dresses. Every color in the rainbow is represented.

The members of Miss Clark's millinery class made their own Easter bonnets.

EXCHANGES

The boys Home Economic class of manual arts, Miss Angeles, paid the chief of the Blitmore Hotel visit last week and were initiated into the sacred order of French chefs, "The Gordon Jones.

The dreams of the girls of Huntington Park high school have come at last to become true. Last week a large and well ventilated gymnasium was turned over to them for their exclusive use.

Probably one of the busiest and one of the most practical classes in vocational training in the Los Angeles high school system is the class in brick-laying given at the Lincoln High school.

The Los Angeles High will be represented in the national typing contest to be held in San Francisco the latter part of April, by seven of its students.

The glee clubs of the Nebraska State Teachers College have made a fine reputation for themselves and are in great demand throughout the state.

Both the men and women's clubs so far have given nine concerts in various parts of the state besides broadcasting over the radio many pleasing programs.

Both a dramatic and musical success was the edict of all who attended "The Marriage of Manomette," which was given by the combined glee clubs and orchestra of the Huntington Union High school a short time ago in the school auditorium.

Stop.

The students were startled with a queer sensation as they looked at the columns of the college Monday morning. What had happened? Ah, on closer inspection it was to be seen that the college had been painted a deeper hue. Goodness, we had not the slightest idea that our beloved college was to turn a Flapper?

The Women's Gynm Class of Recreation Center gave a dance last Tuesday night. The Men's Glee Club were invited, and the quartet sang with a trace of nervousness, as usual.

Mr. Bill Young has returned to school after illness and vacation. Not much the worse for wear.

Many students who did not go out of town during the vacation spent much of the time at the beach.

It is rumored that Gordon Sawyers stepped into the matrimonial chain during Easter vacation. We will be shy on single men pretty soon if we don't watch out.

COM. MECH. NEWS

Mr. Blodgett spent several days with friends north of San Francisco and visited schools in the northern counties. He also attended the principals' convention at Santa Cruz.

Mr. Briggs is making a "show chest" of wabash, taffeta and cedar. Look out, girls, he just made a colonial sewing stand, too, and plans further household furnishings. We wonder if the lucky young lady can be.

Lee Veresti has finished a beautiful cedar chest for Mr. Frothingham.

Dean Smith had a wonderful tuxedo with his "tie-back," as he calls his cravat, and finally emerged from underneath with victory in his grasp. Listen to her part, Leon says.

On the whole—we are all glad to be back once more.

Helen Pratt, who was unable to do practice teaching before vacation, is back again.

Miss Naomi Kasen was the hostess of a dinner party at her home on San Leandro during Easter vacation, in honor of Miss Adele Weaver, who attended last year. Marian Gogan, Anna Lincoln, and Isabel Lyons were the other guests.

Lois Fratis is very happy. We wondered why. "Just ask her and then you'll see. I've done my all day practice teaching."

Oliver (with wet eyes)—I'm an I. I. A.

Jessie—Oh, don't say that. Oliver.—Well, I suppose there is no use to argue, but all the really n-n-nay one.

"That's nothing but a big bluff," was what he said when a picture of the rock of Gibraltar was flashed on the screen.

First Bridesmaid—They are not even matronly, aren't they?

Second Bridesmaid—No matter. She's a gray widow and acts a virgin.

Mrs. Nouveau Riche—He's getting on so well at school, he doesn't French and Algebra now, but says, "How do you do to the lady in Altogether?"

Visitor—What does the chaplain do?

Student—He gets up and looks over the students' boy and then prays for the college.

I see where they gave a Mah Jong ball in the East. Well, what about it.

I just wondered how they represented the white dragon.

A flash-jack has its ups and downs, but a waffo has its depressions.

Student—How about that order?

Waiter—On the fire, boss.

Student—What, my ice cream?

"I've done my all day practice teaching."

Thursday, May 1—Faculty Meeting. Student Committee Meetings.
Tuesday, May 6—Women's Assembly. Men's Assembly.
Thursday, May 8—Departmental Conference.

Le Fevre Endures Precarious Situation

Due to the fact that the exchange manager, Rose P. Le Fevre, in all innocence, was in- vited to visit the high schools of Mexico last week, by a certain Walter Ellis, he has no contrivances to make this time to The Eagle. In fact it is doubtful whether he can contribute to any of his classes for a long time to come, as he is still consid- ered. He returned after the long ride from Santa Ana to Ensenada in Walt Ellis' Willy. He reports that when he wasn't making a wild grasp for the top of the car to save his head, he was either sitting on the floor boards or riding on the door and watching with staring eyes the Willy like a sharp mountain curve on two wheels, hoping that she would make it and not go crashing down the steep hilly in Guate- meer.

After arriving in Rasonada, which is a town of 2000 people, situated on one of the finest and largest bays of the western coast, he was informed there was no special ground there. So he and Walt, that night, took a course in the Spanish Pantango and did it with the pretty Spanish señoritas. The next day, after visiting the town they left for home sweet home.

After being exposed to Mex- ico for two days, Walter Ellis says he is now in a position to give any instruction in the Mex- ican language desired, but Le Fevre says no more trips in the Willy.

Editor's Note—Considering the popular and available elements existing in Mexico, the above mentioned condition is readily accounted for, and it might also be considered a surprise that the party returned in due time.

PERSONALS

The Grand Council of the I. T. K.'s of the Santa Barbara branch, spent a week in Ventura on a trip to the southern part of the state found themselves in the dinch of the storm Ventura officials. Everything must be O. K. as they are all back at school.

Miss Frances Lincoln went to Stanford University for her three weeks' vacation, visiting her friends who are in school there. She reports an ideal time.

Many students are acquiring yellow streaks up their backs! (From leaning against the newly painted pillars in the college.)

Mr. Charles Mansfield had two very young lovely ladies visiting at his home on upper De Vina street, who made his vacation slip by more quickly.

Enter Jamesa and Barbara Dewelley an a wonderful time at the Conference in Berkeley the week end before vacation. They met everyone they knew there during their short stay.

Miss Wyma has followed Miss Weage's example and has returned with bobbed hair, de- spite her assertion that she would not fall under the bar- ter's influence.

Lorna Roe has returned after an enforced vacation because of illness. We are glad to see her back.

Many college students attended the delightful dance given by the Debutantes of Isabella at Re- creation last Monday evening.

Watch your step. The General Professionals are coming.

A number of friends of Mae Werry missed her smiling face around the corridors and in the classroom. The mystery has been solved. She did her all day practice teaching.

Dorothy Williams has just completed her all day practice teaching. It was a success.

Contrary to the conceptions of a good many of the college students, the General Professional, like their all day practice teaching, is fun and they fear a lot. Just ask those who have tried it.

Pearl Wynes accompanied by Margaret Kenyon in her little Chevrolet drove from Casmalia to Santa Barbara to spend Easter vacation.

A great number of the General Professional girls' enjoyed their Easter vacation at their respective homes.

The Wednesday before vaca- tion the class of Curriculum for the Foreign Born under Mrs. Price visited the school.

Look out, the G. P.'s are on the map.

DELEGATES REPORT AT A. W. S. MEETING

A very important meeting of the A. W. S. was held yesterday morning at which reports were given by delegates to the Intercollegiate Women's Association Convention at the University of Southern California and to the Athletic Women's Association Convention held yesterday in which reports were made.

Barbara Dewlaney and Esther Janssen reported fully on the A.C.A.C.W. at Berkeley.

DELEGATES TO INTERCOLLEGIATE WOMEN'S CONFERENCE

The conference at which reports were made was unusually beneficial according to the reports given.

A French ship from Marseille is expected to arrive in the next few weeks. It is to be the only ship that will call at this port this season. Arrangements have been made for the reception of the crew of the ship.

The Art Copper Class

In one of the cases in the copper work which is of special interest to the Editor is a work of students who have only one-half of a semester's instruction in the art metal class. It is interesting to note that the bows which are shown are ham­mered from flat disks of copper. All that is used in the process is a coppersmith's hammer and a block of wood to form the bows in one end.

The desk set shown is made from an old still which had been in use somewhere in Santa Barbara county until the sheriff confiscated it and after chopping a few holes in it, sold it to a local junk company for scrap.

Many other things were made from the copper salvaged from that particular still. Here's hoping that the sheriff locates a few more. It's hard on the bootleggers but we need the copper.

BASEBALL SEASON ORGANIZED BY MEN

Baseball! Who said baseball? through the Coach's sea con­cepting a schedule of games due to the heartlessness of the men. The men are showing interest in a coming season. If anyone doubts a successful year just out, at this possible lineup as put out by Gilliland—

Catcher—Whipple, McKentyre, and Peters.

First Base—Sanford, Sawyer and Vining.

Second Base—Peters, Broth­erwood, and Mansfield.

Third Base—Mills, Raneick, and F. O'Riley.

Short Stop—Kein, Morhead, and O'Riley.

Left Field—Rollingsworth, back and Davis.

Center Field—Delong, Youngs and Linder.

Right Field—Conklin, Jones, and Jackson.

The "cost per year" basis is the business man's way of figuring clothes expense. Therefore we have chosen the Merchandise we carry.
