

LEGISLATIVE COUNCIL WILL DETERMINE FATE OF AMENDMENTS TONIGHT

by Louis G. Robinson '60

Legislative Council will discuss the proposed constitutional amendments at a meeting to be held tonight on the Mesa campus.

The proposal, first conceived by a group of students who felt that the present system of representative government was inadequate in actually representing the views and feelings of the student government, is merely to be reviewed by the Council tonight,

for approval of presentation to the student body in an amendment election.

Council's approval of the constitutional amendments to be placed on a ballot does not necessarily mean that the Council itself is approving of these constitutional amendments. The question to be debated at the meeting tonight is whether or not the amendments should be placed on the ballots for student vote.

According to the Constitution of the Associated Students of UCSBC: *The chairman of the Election Committee shall arrange for an election to be held within fifteen days after the proposed amendment has been passed by the Legislative Council. Copies of the proposed amendment and notices of the election shall be posted by the Chairman of the Election Committee. A full statement of the amendment shall be published in El Gaucho at least*

one week prior to the election.

Voting on amendments shall be by secret ballot and a favorable vote of two-thirds of all votes cast shall be necessary for the adoption of the amendment. Regular election procedure shall be followed.

The students that have proposed the constitutional amendments have met the necessary constitutional requirements by "acquiring a petition signed by at least fifteen per cent of the

regular members of the Associated Students and presented to the Chairman of the Election Committee at least one week prior to the Legislative Council meeting to which it is to be presented."

Elsewhere on this page of *El Gaucho* a complete text of the proposed constitutional amendments are presented. Chief changes to the present constitution are that of a revamping of the present system of government

representation. The proposed changes would allow Repts at Large to be elected according to living groups and living areas rather than the present system whereby the Repts-at-Large are elected through votes cast by the entire student body.

The signers of the proposed amendments state that closer government representation can be had by electing Repts according to living areas similar to our national system of governmental representation.

GOLETA, CALIFORNIA, TUESDAY, MARCH 12, 1957

No. 24

Complete Text of Proposed Constitutional Amendments

Amend the following articles to read:

Article III — Section 6

The elective officers of this organization shall be the following: President, Vice-President, Secretary, four Class Presidents, and the Representatives.

Article IV — Section 3

The voting members of the Legislative Council shall be the President of the Associated Students, the Vice-President of the Associated Students, the Secretary of the Associated Students, and the Representatives.

Article IV — Section 4

The non-voting members of the Legislative Council shall be the chairmen of all standing boards, the presidents of the Senior, Junior, Sophomore, and Freshman Classes, the President of Associated Men Students, the President of the Associated Women Students, *El Gaucho* Editor, Graduate Manager, Dean of Men, Dean of Women, one faculty member appointed by the Provost, and the representative of the Mesa Campus.

Article IV — Section 7

Regular Legislative Council Meetings shall be held weekly or as necessitated by pending business. Voting members shall attend all meetings. Non-voting members shall attend the first and third meetings each month and any other meeting as called by the President.

Article IV — Section 12

Unexcused absence from three Legislative Council meetings during the term of office shall constitute automatic removal from office. All excuses for absence shall be accepted by the President subject to the approval of the Legislative Council.

Article IV — Section 14

The Representatives shall be apportioned in the following manner:

- The members of the Associated Students shall be divided into five groups according to place of residence. These groups shall be Women's Residence Halls, Men's Residence Halls, Fraternities, Sororities, and Private Dwellings.
- Each group shall be entitled to one representative for every five per cent or major fraction thereof of the Associated Students which it contains.
- If any one of these groups is entitled to more than one Representative, it shall be divided into as many units as representatives to which it is entitled. This division shall be the responsibility of the President of the Associated Students, the Vice-President of the Associated Students, the Secretary of the Associated Students, the Dean of Men, the Dean of Women, and the Graduate Manager, acting as a committee. This division shall be made immediately before each Fall Election.
- The representatives must live within the unit from which they are elected.
- If a Representative moves out of the unit from which he is elected, he forfeits his office.
- A Representative must be elected by the voters from his unit.

Article V — Section 6

Chairmen of all standing committees, except the Elections Committee, shall be appointed by the Legislative Council from the Representatives.

Article VIII — Section 1

Regular Associated Students elections, except those for Representatives, shall be held in the Spring Semester, a minimum of three school weeks before the beginning of final examinations. Representatives shall be elected in the Fall Semester before the end of the third week of classes.

Article VIII — Section 2

In addition to the officers prescribed in Article III, Section 6 of this constitution, each class shall elect class officers. Freshman class officers shall be elected at the same time as the Representatives.

Article IX — Section 1

- Any student officer except class officers and Representatives may be subject to recall by presentation to the Legislative Council of a petition signed by ten percent of the regular members of the Association.
- Representatives may be subject to recall by presentation to the Legislative Council of a petition signed by twenty-five percent of those living within the unit from which they are elected.

Taylor Succeeds In Women's Rep Race

The run-off election to decide the position of Women's Representative-at-Large resulted in a victory for Joanne Taylor '58 over her opponent, Sandy Bechtold '59.

With a relatively average percentage of the student body turning out for a run-off election, a total of 688 votes were cast.

Held last Thursday and Friday, the special election was brought about by failure of the voters to properly mark their ballots according to the preferential system, noted Carol Fellman, ASB vice president.

Miss Taylor, who has served Santa Barbara College as a member of the Women's Physical Education Publicity Committee, Charities Committee, Junior Class Council, and as a Junior Panhellenic delegate, will officially assure her office when the Legislative Council meets tonight.

Her duties as Women's Rep-at-Large will consist of representing the student body, and serving on various committees under the jurisdiction of the Legislative Council.

Dostoyevski Theme Of All-College Talk

Dostoyevski's legend of the grand inquisitor, found in "Brothers Karmanazov," will be the subject of today's All-College Lecture to be given by Dr. Edmond E. Masson, assistant professor of French and acting chairman of the foreign languages department. It will be given at 4 p.m. in Bldg. 431, Rm. 102.

The legend is considered by many critics to be the culminating expression of Dostoyevski's thought.

Dr. Masson will not attempt to explore it in any formal fashion but will try to give the gist of the legend and his own reactions to it.

The speaker was born of a French family in Moscow and read the Russian work in the original. He has previously lectured on Russian subjects and had an article published on Gogol in the Pacific Spectator. All students are invited to attend this event.

NEW AWS LEADERS

Elections Committee has released the results of the AWS elections held last Friday. Elected for the office of president of the Associated Women Students was Judy Dean; first vice president, Patty Pratt; second vice president, Mayla Lewis; secretary, Trudy Gerry, and treasurer, Sheila Higbee.

The reason the election was held at this unusually early date was that the new president of AWS is to attend an IAWS convention in Michigan this month.

Barbary Coast Almost Rained Out

Plans were almost formulated to change the Barbary Coast presentation to the weekend of the 15th and 16th. But, despite a dampening of spirits, brought about by an overnight rain, the midway was nevertheless held open after a roll call vote decision by the surviving booths.

Needless to say, shortly after the decision, Old Sol appeared brightening up everything in sight, including Bill Ritter's spirits.

The results of the judging for best booths, best shows and the whiskerino contest go as follows:

Booths

- 3rd Place
Serina—Garter Toss
Cahper—Food Booth
Birch—Strength Booth
- 2nd Place
Rifle Team—Shooting Booth
Sequoia—Mister Magoo Booth
Laurel—Marriage and Divorce Booth
- Delta Tau Delta—Surfing Movie
- 1st Place
Alpha Phi—Human Roulette
I. A. Club—Bottle Break
Sigma Phi Epsilon—Caricatures
- Manzanita—Hawaiian Souvenirs
Acacia—Fishing Booth
Grand Sweepstakes winner
Lambda Chi Alpha—Train Ride

Shows

- 3rd Place
Pi Beta Phi—Pogo Show
- 2nd Place
Sigma Alpha Epsilon—Grand Old Horse Opera
- 1st Place
Kappa Alpha Theta—Nautical Nineties

Whiskerino Contest

- Bushiest Beard—John Ward
Most unique beard—Ted Young
Longest Beard—John Dawn
Most Participation—Acacia Hall

Naval ROC

The ROC (Reserve Officer Candidate) program leading to an officer's commission in the U. S. Naval Reserve has been opened on a temporary basis to college freshmen, sophomores, and juniors over 18½ years of age whether or not they have had previous military service. Formerly this program was open only to applicants under 18½ years of age or to those who had previous military experience. The present temporary plan will terminate on March 31.

Men seeking further information are invited to get in touch with R. E. Robinson, Associate Professor of English, who is acting for the Office of Naval Officer Procurement as Naval Officer Candidate Interviewer and Counselor on this Campus. Robinson's office is in Building 406, Room 202.

Blood Drive Tomorrow; Goal Set at 500 Pints

STUDENTS AGED 18 TO 21 MUST OBTAIN RELEASES FROM PARENTS

The Blood Bank would like to remind the entire student body of Santa Barbara College of the All-College Blood Drive that will take place tomorrow.

The first 135 pints will be put into a general All-Santa Barbara College fund and as such it will be available to all students who might have a need for it. A certain amount will also be credited to Larry Adams who, as we all know, has a regular need for blood.

The Blood Bank urges students not to eat for four hours prior to a donation. There will be signs all over the campus directing you to the donation center, and at the student union you will find a sign indicating the amount of blood that has come in so far.

The goal for the day is set high because the need is great. LET'S ALL ROLL UP OUR SLEEVES AND GIVE NOW, so some of us (AND IT MIGHT BE YOU) will have blood when we need it.

Dining Commons Nears Completion

The exterior of the new dining commons, being constructed at the University of California's seashore campus, Santa Barbara College, appears prominently in its picturesque setting adjacent to the inland lagoon.

Construction is expected to be finished next November, with transfer of the facilities in the temporary dining hall scheduled for December, according to Robert E. Floyd, campus planning engineer.

Architects Pereira & Luckman of Los Angeles designed this sixth permanent building on the new oceanside site. Its T-shaped facilities will accommodate the 380 campus resident students at one time and provide modern kitchen facilities. The total floor space covers 25,000 square feet.

GILLESPIE PLAYS

Dr. John E. Gillespie, concert pianist and chairman of the music department at Santa Barbara College, moves into keyboard literature of the late 19th Century in his sixth piano recital of his current series, scheduled Friday, March 15. Under auspices of the Committee of Drama, Lectures and Music, the concert is scheduled in the UCSBC auditorium at 8:30 p.m. and is free to the public.

Dr. Gillespie will play music of the late romanticists, Brahms, Grieg and Franck, in his next historical recital. The monthly concerts have established a consistent audience among Santa Barbarans, who have heard Dr. Gillespie present a chronological sequence of the development of keyboard literature. In the final concert Dr. Gillespie plans to represent the major figures in impressionist, expressionist and contemporary schools. Only three recitals, including this week's, remain in the series of eight.

Gaucho Band Opens Tryouts for Show

The Gaucho Band has berths for many students who are interested in show business for the organization of its First Annual Band Show.

This show, a musical review, is an all-college event, and will draw from talent from all parts of the campus. An open rehearsal will be held at 7:30 p.m. tomorrow in the campus auditorium.

There are several spots open for dancers and singers in solo and chorus roles; make-up, costumes and set artists, stage workers, specialty actors, and workers in other phases of the production, according to Bob Raleigh, co-chairman.

The review, directed by Hal Brendle and Bob Raleigh, will be presented to the public April 26 and 27. The entire show is being handled by students.

RA POSITIONS OPEN

Men and women students who wish to apply for the position of student resident assistant in the residence halls on the campus should contact the Housing Office at once for an application, according to the campus Housing Office.

During the 1957 fall semester there will be positions for seven women and nine men.

Student resident assistants receive their room and board free in exchange for duties and responsibilities assigned to them in the residence halls. Only upper-class students who have lived at least one semester in the residence halls should apply. Further information may be obtained from the Housing Office.

It is requested that all students who change their local or home address during the semester report to the Housing Office and fill out a change-of-address card.

Amendments Draw Student Opinions

by Toni Walsh '60

A pertinent topic before the student body at the present time is the proposed amendment changes to the Associated Student Constitution. These changes deal primarily with the system of representation in reference to the members which comprise the Legislative Council.

Adoption of these amendments would eliminate the present six representatives-at-large which are elected by the entire student body, and would be replaced by 20 representatives elected on the basis of their place of residence. These would be divided into five groups which consist of Women's Residence Halls, Men's Residence Halls, Fraternities, Sororities and Private Dwellings, and each group would be entitled to one representative for every five per cent of the Associated Students which it comprises.

Before Appearing On Ballot

Before these amendments can be placed on the ballot and brought before the Associated Students for a vote, one of two courses must be followed: 1.) The Legislative Council must pass the notion to place them on the ballot by a 3/4 majority, or, 2.) a petition signed by at least 15 per cent of the members of the Associated Students would bring it before the Chairman of the Election Committee who, after holding it one week, would in turn present it to the Legislative Council for a vote. The Council must then pass it before it can be placed on the ballot.

If and when an election is held concerning these amendments, a 2/3 majority of the students voting must be obtained to carry the proposed changes. For a preview of the results of such an election, *El Gaucho* has interviewed various members of the student body from each of the groups concerned.

A Greek Says . . .

Ron Wyse '60, Lambda Chi, stated his opinion. "Representation in the Student Legislature should not depend on where you live. Your student leaders should be chosen from the student body as a whole, and not on their status, such as Greek, non-Greek, etc. If these proposed amendments are passed, this will cause nothing but animosity between the Greeks and RHA."

City Dweller Speaks

Don Ball '59, who lives in town, voiced his opinion. "I'm not for representation at large, but neither do I think that this new plan is workable. Its increased size would work against itself."

Resident Hall Opinions

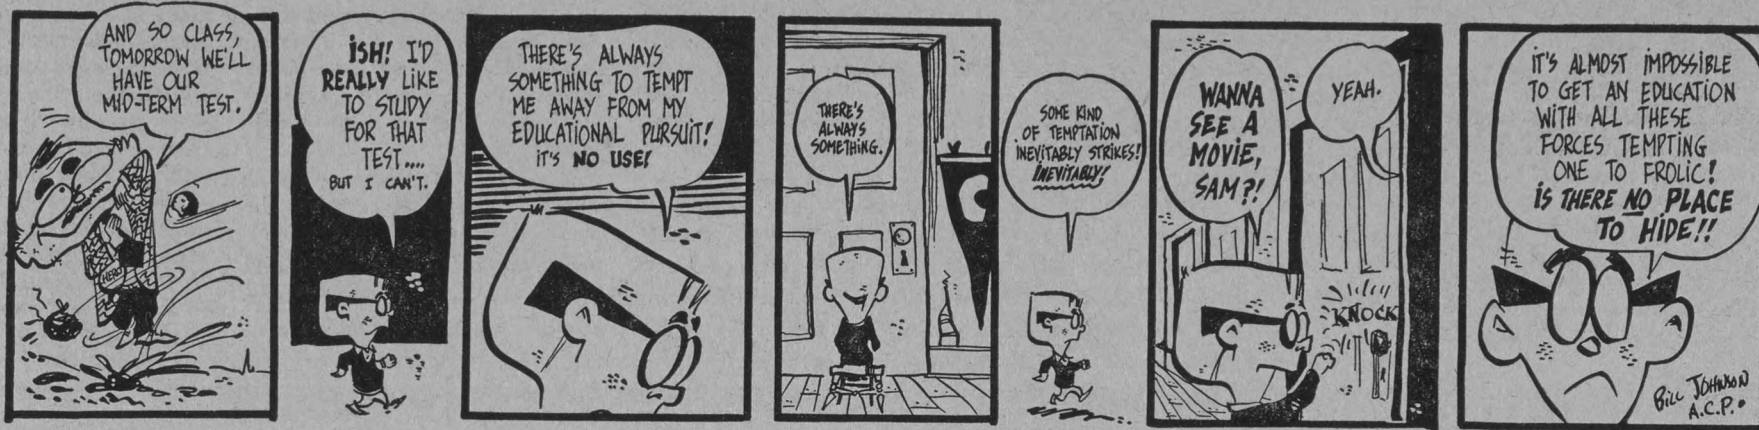

Jane Weber '60, who lives in Santa Rosa Hall, was definitely in favor of the amendments. "The new amendments are better because then all the opinions would be heard. I feel that because RHA members comprise a majority of the student body, that a division of this type of representation would not be unfair."

Although the above opinions were those of the individuals and in no way represented the views of the groups with which they are affiliated, the interviews of these students and of many others around campus brought several interesting facts to light. The comments were varied and many different aspects were mentioned, but the majority of the discussions that aroused were prefaced by the same thought. These students expressed that they did not feel sufficiently versed on the subject to give an accurate opinion.

Judging from the opinions expressed, it seems that the facts, motives, and ultimate ends of the proposed amendments are largely unknown to the majority of the student body.

The problem then, is for the students to inform themselves and to gain an understanding of these proposed amendments before taking any action—pro or con.

Service separates the boys from the Minute Men

I'M ONE OF THE 4500 dealers who represent the Union Oil Company of California.

Minute Men, we call ourselves, because we feature service that's the last word for speed with thoroughness.

Regular customers take it for granted. But we nearly always get a comment from the new ones. Last week, for example, a man I'd never seen pulled up at my station here in Cedar Hills, Oregon.

In 4½ minutes we filled his tank with gasoline, checked his oil and tires, added clean water to his radiator and battery, washed his windows, brushed out his car, emptied the ash-trays and gave him his receipt.

MORLEY BARNARD: "YOU WORK HARDER WHEN YOU'RE IN BUSINESS FOR YOURSELF."

"I've been in a lot of gas stations," he said, "but nothing like this ever happened."

I bragged a little: "Service is what separates the boys from us Minute Men."

"Aren't you ever tempted to take short cuts?" he asked.

I allowed as how we sometimes were. But there were two big reasons we didn't.

First, Union Oil. They spend thousands of dollars perfecting new service techniques, then teach them to us for nothing. We've learned it pays to keep our service up to the quality of Union Oil products. And they're the finest!

Second, ourselves. Every Union Oil dealer owns or leases his own station. This gives you the incentive to make every customer a satisfied one.

You know, I think he liked my answer almost as much as the service. Just the other day he stopped in for a credit card. "Go ahead," he said with a smile as we started our Minute Man routine. "Spoil me!"

* * * *

A UNION OIL STATION, customers tell us, is the one place where the service is certain to be as good as the gasoline.

This is high praise of our dealers, because their gasoline is new Royal 76, the West's most powerful premium.

As long as our economy furnishes both the dealers and Union Oil the incentive to constantly do better the things we do well, this happy situation is likely to continue.

YOUR COMMENTS ARE INVITED. Write: The Chairman of the Board, Union Oil Company, Union Oil Building, 617 West 7th Street, Los Angeles 17, California.

ELEMENTS BALK GAUCHO NETMEN

Heavy mist foiled the Gaucho netmen in their attempt to capture win number one over Long Beach State last Friday on the UCSB courts.

Leading 3-0 when both teams decided to cancel the remaining play, the locals were ahead in two of the remaining singles matches also. The matches were halted because of the slipperiness of the courts from the mist.

Gaucha kingpin George Lederer outclassed rival Long Beach's Dave Benish 6-3, 6-3 to take the win in the initial match of the day. Benish's blazing service gave Lederer very little as he volleyed and sent passing shots winging past Benish rushing the net.

John Ahern, number two man for the locals, trailed the visitors Dick Harp 6-4, 3-6, 1-3 when play was halted. Ahern played a strictly defensive game because of a bad back condition. Prior to injuring his back, he played brilliantly at Arizona and is expected to shine again for the Gaucho netmen.

Leftie Ted Phenix, number three in the Gaucho heirarchy, easily handled Long Beach State's Bill Lewis 7-5, 6-0 while Pete Lederer downed the visitors fourth man Paul Lader, 6-2, 6-0.

Gaucha Gene Hughes tallied one more for Coach Lyle Reynolds squad as he copped the win over 49'er Chuck Acosta 7-5, 6-0.

Don Campbell needed only two games to gain a victory in his first set, leading 4-1 when the play was halted.

Coach Reynolds plans to move Ahern back to the number one slot for the coming matches, providing his back continues to improve, and move G. Lederer into the runner-up slot.

Pete Lederer will take over the number three position with southpaw Phenix rounding out the first quartet.

Barry Bass will move into the top six as soon as he recovers from a bad case of blisters which prevented him from competing in the Long Beach State competition.

RHA NEWS

by Laurel Corkins '60

All students living on campus are fully aware of the fact that a \$5 fee must be paid during the registration process, but few know how the money is actually spent.

Of the money collected through RHA fees, 70% is returned to the halls to use as they wish in their individual social, recreational and living expenses. The remaining 30% is used by the RHA Council to carry out recreational, social, and cultural events for all campus residents. This semester income from RHA dues are \$1300.50, plus a carry over from the fall semester (\$131.13) gives RHA a budget of \$1431.63 for the spring semester, 1957.

Workshop

At the beginning of the semester the council appropriated \$136.00 for expenses connected with the RHA workshop.

Twenty dollars has been appropriated to each hall entering a booth in Barbary Coast this spring, making a total of \$400 to be used for this purpose.

The spring formal has been al-

lotted \$413.00, with major expenses being \$200.00 for the ballroom and \$150.00 for the band.

Social Committee

The Social Committee will work with \$81 this semester, which will provide record dances, records, and open house.

Another \$20 has been appropriated to the recreational committee, and will be spent primarily on volleyball equipment.

The orientation committee will work this semester with \$150 which will cover police, refreshments and miscellaneous expenses.

Ten dollars each goes to the publicity and faculty-relationship committees. Seventy dollars has been set aside for mimeograph and miscellaneous supplies. There is also \$10 petty cash available.

An unappropriated reserve of \$117.63 remains to cover any unexpected expenses, and if it is not used, it will be carried over to next fall's RHA account. This balances the budget, bringing the total to \$1431.63.

RAIN UPSETS GAUCHO SPORTS

by Pete Vorzimer

Rain and the elements put quite a crimp in Santa Barbara College's athletics this weekend. On schedule were three baseball games, the SPA-AAU track meet in Los Angeles, the Long Beach State meet here, plus two tennis matches — in short, what might have amounted to a big weekend for SBC sports.

Baseball

Scheduled were three games, Thursday with MCRD, Friday with NTC and again on Saturday.

MCRD Walks Out

With but a one run lead, and the top of the Gaucho batting order coming up, the gutless San Diego marines with their equally gutless coach walked out of the ball park at the end of eight innings of play, whimpering to each other that there was a lack of any light — even though the blazing beams of their own home field lights were illuminating the vacant field.

Statistics Even

Both teams gave up ten walks, 7 and 6 hits, and the same number of errors. Pete Walski hit a homer with a man on in the first inning setting the Gauchos ahead. The marine corps followed by tying it up at the end of the second. They made it 3-2 in the third. In the 4th inning due to an error on the part of the marine catcher, three Gauchos came across the plate, setting the score at 5-3. Two runs in the sixth inning put the Marines on top.

Perhaps they would have won the game legally had they stuck around, but I guess with fatigue setting in and the Gauchos looking big-

ger, the big bad Marines decided that retreat was the better part of valor.

Ex-Gaucha Foils S. B. Nine

Jerry McIlvane, a Gaucho all CCAA pitcher in 1953 and 1954 closed the book on a strong Gaucho nine for the second game down in San Diego.

McIlvane gave up two runs to Santa Barbara in the first inning when he walked Johnny Osborne, Ed Coulter singled and Pete Walski tripled. The sailors got one run back in the bottom of the second.

Santa Barbara went ahead 3-1 in the top of the sixth when McIlvane lost his control and walked four straight batters.

In the bottom of the sixth, Keller Roger came to the mound for the Gauchos replacing Biggers. It was then that luck went against this forceful Gaucho hurler. Not big long, drives or grandstand smashes, but a series of short pops and rolling grounders—in general, some pretty meager hitting—which resulted in seven runs on six hits and a costly error. It was all over for the Gauchos as they squeezed in one more run in the 7th inning.

There were to have been two games against the Naval Training Center, but Saturday's game was rained out.

SPAAAU Meet Rained Out

Only a small number of events were held as the 3rd Annual Southern Pacific Association AAU Relays was called on rain at 2:30 in the afternoon.

Sam Adams, former University of California track star, now in graduate work here at Santa Barbara and coaching with Nick Carter the Gaucho track squad, boomed out with two strong places in the meet. Sam finished second in the shot put and fourth in the javelin. Adams

threw the shot 52 ft. 4½ inches finishing behind Don Vick of UCLA who tossed the lead ball 54 ft. 1¾ inches. Adam's throw of the javelin was 211 feet 11 inches.

Ed Austin, former Gaucho track star, representing the Santa Barbara AC, tied with two others for first in the high jump, according to Carter, and came out the winner as he made his jump of 6' 1" in the fewest number of times.

The remaining events were not run off because of the rain.

Second Meet Rained Out

In keeping with the bad weather, the Santa Barbara College-Long Beach State meet scheduled here in Santa Barbara for last Saturday, did not come about. This event has been re-scheduled.

Netmen's Win Stopped Short

Santa Barbara College's tennis squad was in the midst of racking up Long Beach state Friday afternoon in what would have been their first win of the season, when the rain got to be too much and the matches were called off, the courts being too slippery for play. The Gauchos were leading 3-0 and leading in two of the remaining single matches when players of both squads decided the courts were too wet for competition.

Playing really superb tennis was George Lederer, who, in the number one singles position, trounced Long Beach's number one man, Dave Benish 6-3, 6-3. John Ahern as No. 2 man, was trailing 49'er Dick Harp 6-4, 3-6, 1-3 when they discontinued their match.

Ahern's ailing back bothered him to quite an extent,

but it is hoped that in this week's next net action, he'll be able to get around his cautious defensive play, and get aggressive which is all he needs to come out on top every time.

Redlands Net Event

Rained Out

With the Gaucho netmen set to face Redlands University out on the home courts last Saturday, the same rain that rained out all other outdoor sporting events poured down over the frustrated Redlands racqueteers as they stood out on the SBC courts waiting anxiously for our boys.

Willie's Mad

It's become somewhat the vogue — this back-yard cleaning in basketball eligibility. Santa Barbara's done it. Westmont's done it. And certainly these two have had some to clean too . . . Hansen and Hardiman, respectively, for both schools. Well, it's time for the axe to fall on Pasadena Nazarene — so feels Willy — for this fellow, Eric Pyle, it seems, has been playing college basketball for nigh onto seven years. Well, Willie and Jack Siemens of Westmont are putting up a fuss this time . . . they got it through as was evidenced by Westmont's appearance in the big playoffs in Kansas, and not the old bible institute.

Willie has gone one step further — as he said in the News-Press that he is going to strongly recommend to the BAC that Santa Barbara break relations with Nazarene until such time as they start using only eligible players.

In keeping with El Gaucho's editorial policy, all unsigned editorials reflect the opinion of the entire editorial board. Signed editorials do not necessarily represent the views or opinions of the entire board.

We Most Sincerely Believe . . .

Anyone who has READ our newspaper will know that *El Gaucho* has carefully avoided making any statements for or against the proposed amendments which appear on Page 1. We have been this careful because we have not yet completed our study of these suggested changes.

One thing is clear to us, however — something completely divorced from how we might feel about the proposals: **NO MATTER WHETHER ONE APPROVES OF THE IDEAS PRESENTED OR NOT, THEY STILL SHOULD BE VOTED UPON BY THE ENTIRE STUDENT BODY.**

Last Friday afternoon the Editorial Board of *El Gaucho* voted unanimously in an opening meeting to suggest to Legislative Council that the proposed amendments be placed on a ballot to be voted upon by the student body.

This vote was unanimous even through approval of the amendments is not.

El Gaucho offers the following four-point argument for Council placing the amendments before the student body:

1) Whether or not one approves of the amendments, a person can vote to place them on a ballot without indicating approval. Such a vote merely indicates that you believe the student body capable of making the right decision.

2) A number of provisions in our Constitution, such as the initiative, and recall, are patterned after similar provisions in the Constitution of the State of California. Also in this document is a provision whereby the *people* of the state can propose amendments, by-passing the Legislature. It is perfectly reasonable to assume that this was the intention of the framers of our Constitution, that Legislative Council would not have a veto over the voice of a group of students, no matter what interests they might represent.

3) Failure to permit the student body to decide on the worth of the suggestion lays Legislative Council open to the charge of the proposers of the amendment—that Legislative Council does not represent the student body. We understand that at least 25 per cent of the student body has signed petitions asking Council to place these amendments on a ballot.

4) We are convinced that a belief in the basic principles of democratic government DEMANDS placing these amendments before the student body, where they may either be defeated or approved.

AWS BANQUET

All girls are invited to attend the St. Patrick's Day Banquet on Monday, March 17th, at 4:30 p.m. in the school auditorium, according to Annabelle Rea, AWS president.

Various sororities and dorms will entertain with skits. Mrs. Claire Forbes Walker will be the speaker.

Mrs. Walker is one of the leading women in the nation in advertising. She has been twice elected to the vice presidency of the Advertising Association of the West, and now owns the Forbes Advertising Agency here in Santa Barbara. Mrs. Walker has received many awards in her field; she is also the Santa Barbara correspondent for the Los Angeles *Examiner*.

Tickets are available in the Graduate Manager's office and will cost 50 cents with AWS cards and 60 cents without.

CAMPUS CARICATURES

by PETE VORZIMER

GREAT-BOOKS LIST

Following is a list prepared by several anonymous students for Campus Caricatures to aid and further the effectiveness of the faculty committee on the so-called "Great Books" program. The students felt that there was a real need for specific non-professional opinions as to the content as well as the form of the proposed requirement.

The following books were chosen because the students felt that they were undoubtedly the documents "most influential in shaping American culture and ideas today." The books were

Forum . . . Forum . . .

Dear Mr. McGinn:

Since you have become editor of *El Gaucho*, you have attempted to combat apathy by arousing controversy. Ignoring the merits of such a method, you must admit that you have not yet struck a responsive chord. Though you can deny, if you please, that the *snyd* (sic) comments made to you by individuals are actually representative of student body opinion, yet you cannot claim any enthusiastic popular support. We are still apathetic.

Mr. McGinn, they say if you can't lick 'em, join 'em. The only thing we, as a student body, have in common is our apathy. Obviously, you must change your policy and start crusading for a Student Apathy Club. What typical Santa Barbara student would not willingly support an organization that has *The Power of Negative Thinking* as its handbook? Who among us could not come out strongly in favor of the motto, "I'm against it!" In conclusion, let me only repeat the words of Dr. William Frost of the English department: "Deadheads of the world, unite!"

Sincerely,

Pat Marks '58

chosen impartially; stress was laid on their influence and not on their value. A statement beside the name and author of each book tells the main reason why these documents, over and above all others, are the shapers of the "modern American mind."

The number of books selected, you will notice, equals ten. This is because "ten" has been one of the most influential numbers in the history of American mathematics.

In order of preference:

1) N. V. Peale: *The Power of Positive Thinking*. (A business guide for all Americans.)

2) D. Carnegie: *How to Win Friends and Influence People*. (A spiritual guide for all Americans.)

3) M. Spillane: *I, the Jury*. (The most influential and most read book in America today.)

4) B. Schulberg: *The Amboy Dukes*. (Main cause of the rise of paper-bound editions.)

5) A. Kinsey: *Sexual Behavior of the Human Male*. (A practical guide for all American women), or 5b) A. Kinsey: *Sexual Behavior of the Human Female*. (Same thing except for opposite sex.) Students should be required to read *only one* of these two books—depending on the student's height.

6) The Complete Writings of the Marquis de Sade. (Most sought-after book in U.S. today.)

7) P. Wylie: *Generation of Vipers*. (A practical guide for all mothers.)

8) M. Mitchell: *Gone With the Wind*. (Subject of the first giant technicolor movie.)

9) P. Adler: *A House Is Not a Home*. (A guide for all American businesswomen.)

10) H. B. Stowe: *Uncle Tom's Cabin*. (Profoundly influenced the recent Supreme Court decision to desegregate schools in the South.)

At The Movies

by Jack Nakano

FOX ARLINGTON

Tuesday

"Gun For A Coward," Janice Rule, Fred MacMurray
"Istanbul," Cornell Borchers, Errol Flynn

CALIFORNIA

Tuesday on

"The Great Man," Joanne Gilbert, Jose Ferrer
"Simon and Laura," Kay Kendall, Peter Finch

Around Town

by Jack Nakano

If there is any chance of cancellations, add your name to the long waiting list of tickets for the concert tonight by the Los Angeles Philharmonic Orchestra at the Granada Theatre.

Still on the music side, Dr. John Gillespie continues in his piano series with works of the late Romanticists. This excellent historical offering of eight recitals of piano compositions has only three presentations more to go with this Friday's starting at 8:30 p.m. in the auditorium.

Also, at the Trinity Episcopal Church, Yuri Sviridenko, Russian basso, will be soloist on the current Lenten series being given by Dr. Harold Einecke, Friday at 8:30 p.m.

There are readings this Thursday at 7:30 p.m. at the Repertory Theatre for summer stock work planned for July 2 through September 8. Good training and experience for those who are interested.

(same dinner on Monday evenings - 50c)

IT'S FOR REAL!

by Chester Field

FIREBUG*

A thousand curses on that slim, incendiary she
Who—calculating shrewdly my combustibility—
Enflamed me with her eyes and let me burn so merrily
That when the fire was out she'd made
A perfect ash of me.

MORAL: Where there's fire—there's smoke. So pull yourself together, chum, and put a flame to the end of your Chesterfield King. Ah-h-h-h—that feels better. Take comfort in that regal, royal length. Enjoy the smoothest natural tobacco filter. Savor the smoothest tasting smoke today—packed more smoothly by ACCU-RAY!

Like your pleasure **BIG?**
Chesterfield King has Everything!

*\$50 goes to Daniel J. Sullivan, Holy Cross College, for his Chester Field poem.
\$50 for each philosophical verse accepted for publication. Chesterfield, P.O. Box 21, New York 46, N. Y.

The other day our vice president in charge of good news announced that someone, somewhere, enjoys Coke 58 million times a day. You can look at this 2 ways:

Either we've got an incredibly thirsty individual on our hands. Or Coca-Cola is the best-loved sparkling drink in the world.

We lean to the latter interpretation.
