NUMBER 17

FIRE DISTRICT TO BE ACTUALITY AS ELECTION CARRIES

PROJECT WINS 2 TO 1

Minature Landslide in Summerland Precinct Carries 100%

At a special election held Tuesday, June 12, formation of a Carpinteria Fire District with boundaries identical with the high school district carried by a vote of two to one. At the same time the following directors were voted in: District No. 1, Joe Schweizer; District No. 2, Myron Robertson; District No. 3, Howard Irwin. Voting by precincts was as follows:

	Yes	No	
Dist. 1	28	21	Joe Schweizer, 37
Dist. 2	21	11	M. Robertson, 25
Dist. 3	27		Howard Irwin, 27
	76	32	

The next step in the project will be the canvassing and approving of the ballots by the County Clerk and the Supervisors. When this has been done the Directors will meet and formulate plans which must be submitted to the Board of Supervisors for their approval before the 16th day of July this year.

The vote cast was light but it was sufficient to pave the way for the formation of an adequately equipped fire-fighting organization which has been greatly needed in the Carpinteria district for some time.

Memorial Services on Sunday Night

The modern Woodmen of America assisted by the Royal Neighbors, Knights of Pythias and other fraternal organizations and service clubs of the Valley will hold their annual memorial services at the Methodist church on Sunday evening, June 17 at 8 o'clock. The public is cordially invited to attend. Delegations are expected from Ventura and Santa Barbara.

Special music by the following persons will be a feature of the service: Wallace Blar of Santa Barbara accompanied by Mrs. Blair; Mrs. Wallace, accompanied by Mrs. Hubbard of Ventura and James Conlon, accompanied by Mrs. Conlon of Santa Barbara. Rev. C. P. Moore will deliver the message.

The committee in charge of preparations for the service include Earl A. Chaffee, E. Victor Stubbs and William H. James.

Change in Ownership

On Monday, June 11, Ann Waynflete, formerly of Orosi, Tulare county, California, purchased the Carpinteria Chronicle. Mrs. Waynflete has been associated with her husband, Walter Waynflete, in the publishing of the Cutler-Orosi Courier for the past five years.

Mrs. Waynflete plans to move her family to Carpinteria sometime before the opening of the fall school term.

Man About Town Saw:

Walt Huber bragging about his family.

Carpinteria alive with children all hours of the day now that school's out.

Monte Ramey showing off a big fish.

Ray Bassett getting ready for a glorious Fourth!

Interest in soft ball still running high.

Carnera favored to win!—humph!

Man About Town not around very much this week.

CLASS OF '38

Front Row, Left to Right—Edith Bright, Vivian Botello, George Clarke, Phillip Wadsworth, Ralph Walsh, Carol Chaffee, Thelma Bauhaus.
Second Row—B. Roderiguez, Barbara Bassett, Mary Cadwell, Vincent Molino, Eva Solomon, Martha Rose Dowling, Jenaro Saragosa.
Third Row—Seguro Mizukami, Kenneth Coffman, Dorothy Schuyler, Bertha Hubbard, Kazuye Ota, Doris Moses, Marjorie White, Frank Bradley, Clyde Smith.
Fourth Row—John Lyman, Juanita Alvarado, Emma Gene Roberson, Nora Fine, Lois Grell, Rachel Emerick, Ethel Senteney, Jack Hoffman.
Top Row—Laurence Avant, Harold Ober, Mrs. Rystrom, Rolland Wüllbrandt, Donald Mason.

Citrus Export is Heaviest in 4 Years

Much Fruit Being Sent To Europe

Sales manager T. H. Powell reported that in both volume and sales and prices received, Exchange citrus business is the best in four years for comparable weeks. California orange shipments for last week and this are the heaviest ever made for comparable weeks, except in 1933, when prices were very low, he said.

It was reported that exports to Europe would reach 565,000 boxes of Sunkist Valencia by the end of June, the heaviest in four years. Although below today's domestic market, the average return on sales made to date in Europe was reported very satisfactory. Almost 150,000 boxes of Sunkist grapefruit, double any previous year's report, will be shipped to Europe by the end of the month.

President Teague announced the appointment of directors M. H. Butcher, Santa Paula, and E. B. Griffith, Azusa, as successors on the Growers Advisory Committee during the vacation months.

Mother of Local Resident Passes

Word has been received here of the death of Mrs. E. A. Elliott in Fresno on Tuesday of this week. Mrs. Elliott was the mother of Mrs. F. L. Smith of Carpinteria. She was past eighty years of age and had been in poor health for some time. Mrs. Smith was called to her bedside early in the week when her condition became critical. Mr. Smith and children left yesterday to attend the funeral which was held in Fresno at 10 o'clock Thursday morning.

Announce for Constable

M. A. Botello of Carpinteria, today is making formal announcement that he will run in the coming primary election for the position of Constable of the First Township.

Botello's petition, which was filed in Santa Barbara today, was circulated by Joe Schweizer and bears the names of a number of prominent residents of the district.

FINAL GARDEN INSPECTION

The final inspection of gardens entered in the children's garden contest will be made during the next few days by members of the Girl Scout committee who are sponsoring the contest this year. They are Mrs. John F. Rock, Mrs. Donald Andrews, and Mrs. Bailard Franklin.

Old-Time Stage Men May Have Convention Here This Month

In order that the memories and adventures of early day stage coach drivers of the West may be preserved for future generations, Col. Fred Richardson of Carpinteria, has issued an appeal to the country at large to send him information, names and whereabouts of stage coach drivers still living. Pacific Coast members are to hold a re-union in Carpinteria during the later part of this month, at which time they will form the nucleus of a national organization.

To date numerous letters have been received. One of the most interesting is a letter from a woman stage coach driver, Mrs. Delia Haskett R. Rawson of San Dimas. Mrs. Rawson at one time drove the mail from Ukiah, Calif., to Long Valley, Mendocino, Calif. Another letter has been received from Thomas W. Johnson, who came to California in a covered wagon from Missouri in 1853. Johnson drove the stage between San Luis Obispo and Pleyto over fifty years ago.

Curriculum Survey Is Made By Local High School Committee

The following presents a progress report of a curriculum revision program which was inaugurated by Principal J. M. Hawley in the local high school, early in the fall of 1933. At that time Hawley appointed A. E. Southworth, vice-principal, as chairman of a committee to study the curriculum of the school in the light of current, economic, political, and social changes which are taking place in society, and to report recommendations for improvement, based on such study. Dr. I. A. Mather, and Mrs. Marla Demaree, members of the faculty, were also assigned to the committee. Hawley was urged to meet with the committee whenever it should meet, which he has done.

Specifically, the purpose of the study has been to secure objective data on which to base a program of curriculum improvement. Four aspects of the problem have been given consideration, namely: (1) the general nature of the community and school population, (2) the present curriculum organization of the school, (3) the organization of subjects into departments, and (4) the administration of the daily schedule in the school, including an evaluation of the guidance program.

The committee hopes to make recommendations for a program of continuous curriculum revision early in the school year 1934-1935.

The committee held three or four

Life Saving Class Starts Monday

To be Held Twice Every Week at Beach

Starting Monday morning, June 18, at 10 o'clock, Junior-Senior life-saving classes will be held twice a week under the instruction of R. G. Bassett and James Woods at the local beach. These classes are open to any person over twelve years of age; the only requirement being a membership in the Red Cross and purchase of the emblem when the course has been completed.

Classes will also be held for children under twelve beginning Monday afternoon, at 2:00 p. m. These classes will be in charge of Leona McCubrey and Billy Winters, playground instructors, and will be a regular part of the program every day except Saturdays and Sundays. Attention is called to the fact that special swimming events have been planned for the Fourth of July. A complete program will be published in this paper next week.

INSTALLATION OF OFFICERS AND ATHLETIC AWARDS TO BE MADE IN CLOSING ASSEMBLY AT C. U. H. S.

Fifty-Five Awards to be Given Local Athletes for Baseball, Track and Basketball

GIRLS ALSO HONORED FOR ENDEAVORS

WITH the graduation of twenty-one students tonight at the Commencement exercises which will be held at 8 o'clock p. m. in the high school auditorium and a closing assembly to be held tomorrow the high school year comes to a most happy termination.

During the assembly Student body presidents will be introduced, new officers installed and athletic awards made. The program is as follows:

Plans for Aliso School Move Ahead

Work Expected to Start Next Week

In order to hold the new Aliso site, the board of trustees of the Carpinteria Union Grammar school at their last meeting decided to endorse a personal note in the amount of fifty-five hundred dollars. The board found it impossible to renew the option on the property, which was to expire on June 15, because of an oil lease which was offered to Peter Cooper Bryce, owner of the property.

The bonds are to be sold at the next meeting of the County Board of Supervisors on Monday, June 18. The money will be available for the use of the school board on the Aliso project immediately after this date as the legality of the bonds was investigated when they were first offered for sale. The project was delayed when it was found necessary to have the bond issue re-advertised because of a technicality.

Frank Booth, project engineer for the SERA, wrote the board this week stating that the project has his approval and will be submitted to the State headquarters at Sacramento for their approval without delay. Booth pointed out that the project could go ahead immediately out of County relief funds if the local supervisor, Tom Dinsmore, and relief director, E. D. Solari, were willing. Both Dinsmore and Solari promised the board that as soon as the title is in the name of the Carpinteria school district this could be done. It is the plan of the board to record the deed on Monday, June 18th, which will mean that work can be resumed before the end of next week. Booth is confident that the SERA set-up will be in operation in this county within the next two weeks.

Introduction of Student Body Presidents: Bud Lamborne, S. B. S. College, 1934-35; Marcus Cravens, S. B. S. College, 1933-34; Bob Stewart, C. U. H. S., 1928-29; Bob Rockwell, C. U. H. S., 1929-30; Sadie Hales, C. U. H. S., 1931-32; Calvin Yaggy, C. U. H. S., 1932-33; Bill Lambert, C. U. H. S., 1934-35; Frank Smith, C. U. H. S., 1933-34.

Presentation of Athletic Awards: Basketball, A class Elmer Norlin, James Peterson, Fred Lopez, Martin Morelli, Walton Kendrick, Robert Bowen, Dale Schuyler, Reggie Ogan, manager.

Class B: Jesus Morales, Philip Bates, Joe Roderiguez, George Bliss, Lawrence Smith.

Track, class A: Ralph Woods, James Peterson, Walton Kendrick, Dale Schuyler, capt., Reggie Ogan, Douglas Pettit, Frank Smith, mgr.

Class C: Edwin McKnight, Ben Ezaki, Peter Franco, Lloyd McLean, Joe Roderiguez, capt.

Baseball, class A: Harold Burris, James Peterson, Taka Hirashima, Jesus Morales, Ralph Wood, James White, Dale Schuyler, Bill Lambert, capt., Martin Morelli, Fred Lopez, manager.

Certificate of Merit in Athletics: Earl Dorrance, baseball; Edward Evans, baseball; Ben Ezaki, football; Peter Franco, football; Richard Roderiguez, football; Paul Davis, track; Philip Bates, track; Joe Wadsworth, basketball; Paul Davis, basketball.

Thirty-three letters; 16 certificates of Merit; 1 trophy (special); 2 trophies (tennis); 1 trophy (archery); 1 trophy (Heaney contest); 1 life pass.

Installation of student body officers

Athletic awards for girls: Barbara Houts, Alma Bebout, Frances Morris, Jorine Floyd.

Santa Barbara Man Killed in Accident

Ernest Nelson, employee of a Santa Barbara laundry, was killed and four companions injured early Wednesday morning when the car in which they were riding crashed into the rear of a heavy truck. The accident occurred just north of the railroad overhead crossing on Rincon hill shortly after 3 o'clock.

The other occupants of the car were Harold C. Mullenary, driver, Timothy D. O'Riley, James Fallon and Earl Thornton, all of Santa Barbara.

Fallon was only slightly injured and was able to leave the hospital shortly after the accident. Mullenary, O'Riley and Thornton received major injuries and are in a critical condition.

Things To Remember:

When parties of young people had picnics in the canyons and climbed the sides of the mountains for yuccas.

When Earl "Slim" Talmage rang the school bell as the warehouse burned.

The Tug-o-war between the Junior and Senior classes in the spring of '25.

The crowds at the Aliso Tennis Tournaments.

BALL GAME SUNDAY

The Carpinteria Ball Club will play Lompoc at Goleta on Sunday at 2:30, at the Goleta Airport diamond. Goleta played Lompoc last Sunday, Goleta winning by the close score of 7 to 6.

The local club drew a bye last Sunday.

The ladies of the Methodist church will serve a dinner next Tuesday at noon in the church dining rooms.

Mr. and Mrs. Cyril Hartley and son plan to leave Saturday for "The Pines" a summer resort near Bass Lake, where they expect to remain for several weeks.

The Carpinteria Chronicle has been adjudged a legal publication by the Courts of Santa Barbara County

WE THANK YOU

ON behalf of the various Davis families, I wish to publicly thank the people of the Carpinteria Valley for their loyalty and support during the past two years. We are sorry it is impossible for us to live here because of ill health in two of our families. "Seebec" will remain. This is a beautiful country and its people are tolerant, loyal and friendly. The new management is well known in California newspaper circles and operates a successful publication in the San Joaquin valley. I know they will continue its broad, progressive policies and will make it "bigger and better" in every way. The Chronicle merits without a doubt the unanimous active support of the community it is so generously serving. Again I thank you.

W. L. DAVIS, JR.

APPRECIATION

I DESIRE to express my appreciation for the kindness and consideration of the citizens of Carpinteria it has been my privilege to meet during the few days I have been a resident of your community. If they are representative of the community at large, and I believe they are, I feel that I have been fortunate in my choice of location for a home and business.

The first weeks of managing a newspaper in a new town will be difficult, as faces and names are strange and I do not know, as yet, the background of your community life. If errors of commission or omission should creep into the paper during these first weeks, I must ask your indulgence.

It is my wish to serve the best interests of the community and you may rest assured that any project that will benefit the people of Carpinteria Valley and outlying districts served by this paper, will receive our wholehearted support.

You are cordially invited to drop into the office at any time and get acquainted.

ANN WAYNFLETE

BEWARE THE WAKES OF SEARING FLAME

California is a dry state in respect of first hazards and the major responsibility of preserving it unseared and beautiful devolves upon the motorist. This because the motoring fraternity now embraces practically everybody and in our matchless vacation-land cars go everywhere. Beware leaving wakes of flame and ruin!

Death of snows in the high places and of spring rains in the lower, with a mountain season advanced beyond normal make this a year of extraordinary peril for a long period, and the situation demands the utmost precaution. It is hardly to be assumed that any sane person would deliberately set a forest or countryside conflagration, but a blaze started through carelessness will be just as destructive. The loss in many instances is irreparable. In the case of watersheds it is even cumulative. Appalling floods follow.

Fires—mountain, forest, brush and field—are California's most persistent and devastating enemy, a constant summer and autumn and that by the exercise of reasonable vigilance most of these could be obviated.

Proper care in the use of matches and tobacco and in dealing with campfires would solve the problem to a great extent. An unextinguished cigarette or cigar or a lighted match thoughtlessly tossed along the roadside may bring fiery disaster—heavy damage to timber or farm crops, and even death. Thirty-five percent of all man-caused fires are attributable to devotees of the weed. Take no chances!

Consider that in ten years, from 1920 to 1930, a twelfth of the vast total area of California, or 8,400,000 acres, was burned over, and you can form some conception of the magnitude of this red-tongued destroyer. The estimated damage was \$14,500,000, and the cost of prevention and suppression \$10,750,000. These figures should serve as an eloquent plea for the most consistent effort on the part of the public to hold off such tremendous devastation. It blasts our natural resources. Wild life in all forms is a tragic sufferer.

The Automobile Club of Southern California, through its outing bureau, is strongly cooperating with the State Stop Forest Fires Committee and other agencies in the endeavor to assure the maximum of safety.

SCHOOL DAYS

By DWIG

Timely Educational Topics

By HARRY A. LINTZ

SEVEN cardinal objectives of education stand out when we come to survey our public school system as a whole. No objective of the seven is independent of the others and the school program constantly contributes to one or more of them. Through these outstanding seven objectives the school serves to integrate the home, the community and the school with new and valuable ideals. The good life is the complete life, and growth along any one of these seven lines enriches life at the six other points. Briefly these points are:

FIRST: Our schools train for useful citizenship by giving practice in democratic activities; by teaching thoroughly the tool subjects of reading, writing and arithmetic; by inculcating justice, good will, and loyalty.

SECOND: Our schools make for vocational and economic effectiveness by helping each child to understand and develop his individual gifts; by establishing sound working habits; by instilling joy in work, as well as giving

specific training for vocations. THIRD: Our schools encourage learning and thinking by maintaining a vital curriculum that is kept up-to-the-minute to meet evolving social and individual needs.

FOURTH: Our schools help to improve homes by setting an example of beauty and good order, by magnifying the home and parents, and by instilling the ideals and practices of home-making.

FIFTH: Our schools promote health by studying personal hygiene and public sanitation, by regular health examinations which help to establish health habits, and by providing clean, comfortable buildings.

SIXTH: Our schools promote ethical culture by magnifying the true, the good and the beautiful through earnest and cultured teachers.

SEVENTH: Our schools, to conclude, stimulate the wise use of leisure, introducing the young folks to a wide range of life interests, teaching the use of books and developing skill in music and play.

BREVITIES

Mrs. Frank Bauhaus spent the weekend in Piru with Mr. and Mrs. McCambell.

Miss Eloise Mays will remain in Carpinteria for the summer and will hold classes for students wishing to make up work.

Mrs. Lucie Treloar entertained the members of the chapter HD, P. E. O. at a buffet supper Monday evening.

E. D. Solari, A. E. Southworth and Arthur Hebel left today to attend an American Legion meeting in Cayucos.

Mr. and Mrs. James A. Lewis and daughters, Margaret and Claribel, visited at the home of Mr. and Mrs. Harold Lewis in Whittier during the week-end.

Miss Dorothy Clark has enrolled at U. S. C. for the summer term. Francis Hebel is spending his vacation at home after graduating from Cal-Tech last week.

Mr. and Mrs. Frank Webber and daughter, Wylo, of Los Angeles, were visitors of Mrs. Helen Hebel Smith, Sunday, at the home of her parents, Mr. and Mrs. Frank Hebel.

Miss Dorothy Lape, daughter of Dr. and Mrs. J. B. Lape, returned Tuesday to spend the summer months in Carpinteria. Miss Lape has been attending Whittier College.

Mrs. J. B. Lape returned home Tuesday afternoon, after an enjoyable ten-day visit with friends in San Clemente and Los Angeles.

Mrs. Andrew Dunlap and children of Los Angeles are visiting her mother, Mrs. Daisy Franklin.

Ellen Hogle and Barbara Demaree returned home Tuesday from Occidental college for their summer vacation.

Miss Mary Braley is spending her summer vacation at home.

DO you know that La Rosa Water at 35c per 5-gallon bottle is just as good as any other, no matter what the price?

WYKOFF SIGNS UP!

Wykoff Gives Address at Grammar School Commencement

Several hundred youngsters who attended the Carpinteria Union Grammar school have received, six months ahead of Santa Claus time, what they rate their outstanding Christmas present. This did not come tucked into any hearth-side stocking but was delivered on the lawn in front of their ivy-clad school building. Their district superintendent, Harry A. Lintz, announced the "world's fastest human," Frank Wykoff, had been signed by the Carpinteria Board, to direct their athletics and instruct them in physical education when school sessions are resumed at summer's end. The announcement brought cheers, somewhat treble in tone but full in volume.

If further thrill was needed to accelerate youthful hearts, Mr. Wykoff was present, very much in person, to distribute wide smiles and give them a sport-pointed tip on "the race of life."

"Don't think that I won my first race without any effort," he told the young students. "First there came no end of hard training—fundamental training in building up muscles and developing wind. I picked an ideal for myself—to beat Charley Paddock and clip seconds from the record in the hundred-yard dash. I never lost sight of that ideal until I had accomplished it. Just now

WOMAN'S ASSOCIATION TO MEET

The Missionary meeting of the Woman's Association of the Community church will be held Wednesday afternoon, June 20 at 2:30 o'clock in the church social rooms. The topic is "Siam—The Land of the White Elephant." Leader, Mrs. Lucie Treioar; Devotionals, Mrs. J. A. Jarvis; Hostess chairman, Mrs. Phil Dane.

civilization is rolling forward and you youngsters must prepare yourselves to keep it rolling. I trust I will be able to help you attain the absolutely necessary fundamental of a thorough physical education."

There is a note of gratitude and another of lasting friendship connected with the fleet-footed Wykoff's coming to the Carpinteria grammar school faculty. Ten years ago Supt. Harry Lintz was director of physical education for the Wilson school in Glendale and Frank Wykoff, a sturdy lad, was a most attentive pupil. Lintz gave the "human streak" his first track instruction and a friendship developed that has lasted into the runner's manhood. When a Commencement orator was needed this year, the superintendent thought of the former pupil, then a teacher in a boy's school at Atascadero. Wykoff felt that he was several other things than an orator, but when "The Race of Life" was suggested as a topic, he consented to "orate." He must have surprised himself, for he held the entire attention of a throng of grown-ups and, of course he held the youngsters spellbound from the first to the last sentence. He also spoke at the commencement of the Orcutt grammar school, where several hundred youngsters, envying the luck of their Carpinteria brothers in having such an athletic advisor, were forced to content themselves with the autograph—"Frank Wykoff."

Mrs. Elta Benson and daughter Doris of Nysaa, Oregon, have been visiting their cousin, Miss Jennie Maxfield, who will accompany them to Los Angeles for a week's visit.

TORTURE TESTED from COAST to COAST

Operating constantly without radiator or water, the self-same torture test car that made the sensational run from Atlantic to Pacific has proven the superiority of this new super motor fuel under every climatic and motoring condition to be found in Washington . . . Oregon . . . California and Arizona.

Curriculum Survey Made by Committee

(Continued from Page One)
tion, University of Southern California.

The following steps have constituted the procedure of the committee in carrying on the activity:
(1) A bibliography has been constructed which contains approximately 400 titles; (2) a careful study of current professional literature has been made in order to ascertain pres-

ent trends; (3) evaluation of curriculum practices in the Carpinteria union high school are being made on the basis of the trends indicated by No. 1 above; (4) many citizens, the faculty, and all of the students have been interviewed to secure information as to interests, needs, abilities and aptitudes; (5) school and other public records, including I. Qs., age-grade facts, teachers' marks, and other related information, have been examined to secure data concerning pupil activities and achievements; (6) certain test results are being studied; and (7) personal observations are being reported and recorded by the committee. It is planned to utilize the services of the entire faculty in completing the survey.

So far, the chief difficulty in the way of the success of the project has been lack of sufficient time to give the work. Under the best of conditions, and without a doubt the Carpinteria situation closely approaches that ideal because of the enthusiasm for the success of the activity on the part of all, including faculty, board members, laymen and students, such a project requires a long period of time for completion. However, as indicated above, it is hoped that a final report may be ready very soon after the opening of the 1934-35 school year.

The materials indicated herewith are some of the important sources of data which the committee has used: Current educational writings, state department bulletins and other communications, age-grade charts, class schedules, October reports, grade records, student handbooks, attendance reports, county census facts

standardized tests and newspaper comment.

In estimating the values already gained from the study, only tentative statements are permissible. The following observations are probably true:

(1) Confirmation of the opinion of the need of radical changes in content, aim and method in courses of study; (2) an increased professionalization of the members of the committee making the study; (3) a fine awareness of what is taking place in secondary education on the part of faculty, students and the general public; and (4) a splendid foundation has been laid for the early completion of the original assignment.

The following references, among others, have been found very useful: Thmas H. Briggs' Secondary Education, 1933; Report of the President's Research Committee on Social Trend 1933; California Quarterly of Secondary Education, 1933-34; and the Junior-Senior High School Clearing House, 1933-34.

BREVITIES

Ann Waynflete, new owner of the Chronicle, accepted delivery of a new De Luxe Ford Victoria coupe from Cyril Hartley, local Ford dealer, Tuesday of this week.

Mr. and Mrs. Duval, Miss Ethel Childers and J. C. Smith of Somis were guests of Mr. and Mrs. Richard Morris on Saturday.

Mrs. Orin Sprague of Caruthers is visiting with her mother, Mrs. Julia Daly.

Mrs. E. D. Solari and children left today for Chula Vista where they will visit her parents, Mr. and Mrs. John Isle.

Mr. and Mrs. Fred Greenough are leaving Saturday for Tucson, Ariz., where they will spend the summer. Mr. Greenough plans to attend the summer session of the University there.

Adrian G. Wood and Lloyd Hales spent last week fishing along the Kern river.

Monte Ramey spent Sunday fishing at Gibraltar Dam and returned home with the largest catch of the season, a sixteen inch steelhead.

Hal Caywood, Goleta Principal Endorses Lintz

HARRY A. LINTZ

"School people and trustees throughout the county are endorsing Harry Lintz for County Superintendent of Schools.

"I believe the Harry Lintz would make an outstanding Superintendent and advise his election.

(Signed) HAL CAYWOOD, Goleta Union School.

Mr. and Mrs. H. W. McCampbell of Piru attended the grammar school commencement exercises last Friday.

Miss Leon Smith will motor to Minnesota with her parents to spend the summer.

Mrs. S. L. Blankenship of Los Angeles has been visiting her sister, Mrs. S. H. Romero.

Miss Catherine Jones will spend part of her vacation visiting in Washington, D. C.

Dr. Lela Beebe and Mrs. Joy Knaebel of the county health service held a pre-school clinic at the high school last Friday.

LEGAL NOTICES

NOTICE OF PUBLIC HEARING
In accordance with School Code, Section 4.379, a public hearing will be held in the Carpinteria Elementary School, Thursday evening, June 21, 1934 at 7:30 p. m., for the purpose of authorizing transfers of reserve fund balances to the District Budget.

(Signed) MURIEL EDWARDS, County Superintendent of Schools.

NOTICE OF NON-RESPONSIBILITY
I will not be responsible for bills contracted in the name of the Carpinteria Chronicle prior to June 12, 1934, or for any bills contracted in the name of the Carpinteria Chronicle that do not bear my approval and signature.
