NO. 2

COLLEGE MEETS LOYOLA TOMORROW

Faculty Reception Enjoyed by Students

ENTERTAINMENT PROVES GREAT SUCCESS

The faculty of the State College welcomed new and old students at the faculty reception given last Friday night, Oct. 5, at eight o'clock in the gymnasium. The affair was the opening social event of the year, and was well attended by students and faculty. Entertainment of various kinds was interspersed with dancing throughout a pleasant evening.

Dancing began at eight o'clock to the music of Frank Greenough's orchestra, and continued until nine-thirty, when the faculty receiving line formed. After faculty and students had greeted each other, dancing was again in order.

Entertainment by members of the faculty was scattered through the evening. This consisted of two songs by Mrs. Barnett, readings by Dr. A. Grant Evans, and "Chalk Talk" by Mr. Wolf, all of which was much enjoyed. Much of the success of the evening was also due to the helpful "identification tags" printed in green and white, which were in charge of Miss Winham.

The gymnasium was tastefully decorated with greenery and refreshments of ices and cake were served on the greenery-covered balcony.

Members of the football team were permitted to attend the dance until nine-thirty. The dance continued until eleven-thirty, when the guests departed reluctantly, voting the affair a great success, and thanking the faculty for such a chance to get acquainted and have a good time.

GLEE CLUBS SHOW INCREASE IN NUMBER

Both Glee Clubs are progressing nicely, according to the leader, Mrs. Barnett. Each glee club shows an increase in membership. The Men's Glee Club numbers eighteen, while the Women's Glee Club boasts of approximately forty members.

Although both clubs will elect officers, the complete election has not been held in either club. Fred Seegert has been elected to manage the Men's Glee Club.

SAN LUIS LOSES TO COLLEGE SQUAD

"The worm turneth," and other prize nut lines have an especial meaning for the College squad. After losing for two straight years to the California Poly team of San Luis Obispo, the Santa Barbara State Teachers College eleven roundly trounced the Cracker Fiends by the score of 22 to 6.

Jimmy Anderson showed several of the runs that made him famous around the northern end of the county, while his teammates, Vince, Dials, Hollingsworth and Captain DeLand in the backfield made life miserable for the Poly team.

Anderson is credited with two touchdowns, while DeLand scored the other. Keim and Linder nailed a San Luis man behind the goal posts for a safety and two points.

San Luis' score came as the result of a fumble on Santa Barbara's 40-yard line, which was scooped up by a Parrot and rushed across the goal line.

Score:
Santa Barbara 0 7 0 15--22
San Luis 0 0 6 0--6

Lineups:
Santa Barbara (22) (6) San Luis
Linder LH Poby
Noel LT Karrol
Hawkins LG Mathenson
Young C Tingenbush
Henning RG Hydes
Adler RT Rich
Keim RE (C) Patchet
DeLand (C) QB Lumby
Anderson LH E. Pachet
Hollingsworth FB Miller
Vince RH Evillith

Substitutions: Dials for Hollingsworth; Fouche for Adler; O'Reilly for Vince; second team for first team.

COLLEGE TRIMS LOMPOC, 31-0

The State College eleven disposed of Lompoc High's football team last Saturday without much difficulty, the score standing at 31 to 0 at the end of four none too exciting periods. Every man on the bench had a chance to show his football knowledge before the small, but enthusiastic crowd, and even the second string men showed nearly as much class as the varsity, (in the opinion of spectators.

Vince, Anderson, DeLand, Dials and Howe were each responsible for a touchdown, while Howe converted the only goal of the game.

The College strength appears to be in their backfield work, which seems to be able to score at will. Early season predictions, however, are usually upset, but it is generally believed that the Vince-Anderson-Hollingsworth, Cooper or DeLand combination will prove to be the scoring end of the team.

The passing game has not been ignored, however, as Saturday's game showed. Although a great many more passes were incomplete than were completed, the system will prove to be an addition to the team when an opponent with a strong line and fast ends and backs is encountered.

Lompoc simply wasn't in it when their chance came to score against the college. The backfield seemed to be over anxious to put the ball across, and fumbles were too frequent to get them anywhere. Coach Green, however, has the material for a good team, and its passing game, although not displayed to perfection in Saturday's game, will prove to be a great benefit against other county teams. Lompoc's defeat of San Luis Obispo High two weeks ago by the

(Continued on Page 4)

SOUTHERN TEAM WILL SHOW FIGHT

HILL TOPPERS HOPE TO REGISTER VICTORY

Loyola College, whose football team is the stumbling block for many southern college elevens, will meet the State College eleven tomorrow afternoon at Pershing Park in what may develop into the hardest fought game of the year for the local eleven.

Although Loyola has lost two of her recent games, it is considered by many an honor to lose to the U. S. C. frosh. The pea-greens defeated Loyola by the score of 15 to 7 and Whittier College did the same by the score of 25 to 0.

The College eleven has come through the season so far undefeated, although it is admitted that four of the five games played were more or less of a setup. The College has, however, a good scoring machine, and a team that depends mostly on the offensive is equally as good on the defensive.

Captain Jack DeLand will play his first home game under his new title, and a large crowd is expected to witness the game. Coach O. J. Gilliland will likely start the following men: Keim and Linder, ends; Noel and Adler, tackles; Henning and Hawkins, guards; Young, center; DeLand, quarter; Vince and Anderson, halves; and Hollingsworth, full.

MR. LANGDON ADDRESSES ASSEMBLY ON OCT. 2

That the racial problem is becoming current is the view of Mr. Richard Langdon who addressed the assembly of Oct. 2 on the subject of Africa, its problem and its development. Mr. Langdon who is a resident of Ventura has recently traveled in Africa observing all stages of development in the race.

According to the speaker the sjambok which has been used unmercifully in controlling the negro in Africa will prove of no avail in keeping them out of the United States. Whether their standard or ours is to be paramount is the question for us to consider, states Mr. Langdon.

TO OUR STUDENTS

The Eagle owes its existence to its advertisers. Were it not for the generous support that the down-town merchants are giving us, this paper could not be published. The business houses herein represented are the best to be found in the city and deserve the loyal support of our entire student body. Let's all get behind the merchants who are giving us their support, and return a favor.

HOW ABOUT IT?

The proverb is, "You can always tell what kind of people your neighbors are by taking a look at their back yard." If this be true, and it unquestionably is true, what kind of an impression must visitors have after being taken to see a museum full of priceless relics and specimens of natural history located in a shack in surroundings so squalid as to compare favorably with the "horrible examples" studied in sociology.

The land in the rear of the gymnasium is an eyesore to not alone the college but to those who live above us on the hill. The habitat of "Spark Plug" festooned with waste paper, tin cans and bottles, gives an excellent impression of the city dump, and all this on the campus of a college.

Another choice beauty spot is the lot near the music cottage. This lot, with its dry grass and weeds, looks more like an abandoned cow pasture than the proper surroundings of an institution of higher learning.

The Eagle advocates a "Civic Improvement Day" for the College. Under proper direction, a few hours of work on the part of the men of the College, in cleaning up and burning off weeds and grass would make these untidy spots, if not attractive, at least not repulsive to the eye.

The College is our college, and we should be proud not alone of its scholastic attainments and athletic prowess, but of its appearance to the stranger within our gates, so that they will not say, "Oh, yes, they win their games, but their campus is a disgrace to the community." Let's get together, institute a clean-up day, and having done this, put it over and Clean Up.

FOOTBALL

The State College is now in a position to take a very live interest in her football team. This sport which is only a year or two old in this institution is now gaining a foothold with creditable rapidity. This limited number of boys in former years made it impossible for the student body to indorse the game, but with the turnout of thirty or forty boys and a good coach The Eagle feels that football is now here to stay.

The boys are doing their part in turning out and training and also winning several games, but the student body has been rather negligent in their support of the games. We know we are a small school but for that reason there should be five times as much pep in its smallness it should contain the very essence of school spirit. So we advocate a bigger turnout to the games that are held here. Tomorrow comes the big game with Loyola, the one in which the boys will need the backing of every student in the College. They should get that support and much outside support as it is possible for the students to secure.

Besides the loyalty standpoint there is always the financial one. In order to get a reputation established the college has to pay more in order to get good games than a larger college would, so that it is very important that expenses be made at the gate. This is not possible without adequate backing. For these two reasons The Eagle makes the plea that you and your friends attend tomorrow's game, and we guarantee that you will enjoy a good exhibition of football.

DR. EVANS

The appreciation of the students and faculty members goes out to Dr. A. Grant Evans who is conducting two philosophy classes here, free of charge. With the severe cut in finances, it would be impossible to offer these courses were it not for the generosity of Dr. Evans. Such splendid service in the cause of education is surely to be commended, and one and all join in thanking Dr. Evans.

The wastebasket and not the floor is the place for scraps and wastepaper.

Back your team while it's winning; back it twice as hard if it's discouraged.

ALUMNI NOTES

Miss Opal Miller, who is teaching at Huntington Beach, Calif., has the honor of being the first alumni subscriber for The Eagle.

Mary Wallace Taft has announced her engagement to Harold Moore of Sutter City. The marriage is to take place on October 20 at Palo Alto.

Joe Simmons, formerly of this college, was married in June. He is now living in Palo Alto.

Florence Rathbun, '23, is teaching at Williams, Ariz.

Lois Doe, who spent the summer in Santa Barbara taking special work at the S. B. S. C., now has a position in Oxnard.

"Billy" Huseman, Lucile Nichols, Katherine Ross and Clara Kalin, all graduates of the S. B. S. C., are teaching in the same grade school at Lompoc. What is more worthy of notice, they claim, is that they all have bobbed hair!

Mrs. Walter Worth (Betty Silver) is the proud mother of a baby girl, born in Chicago.

Dorothy Gurley, who attended the S. B. S. C. last year, has been offered a fellowship at Oregon Agricultural College. She is teaching malnutrition there and studying for her Master's degree.

Miss Janet Kennedy, who received a degree in home economics last year, was married to Mr. Elbridge Melvin Butts of Riverside. The couple will make their home in Riverside.

Marjorie Chapman, who graduated from the home economics department in '22, has returned here to work for degree in home economics.

Miss Florence Gaylord of the class of 1911, visited in Santa Barbara last week-end. Miss Gaylord is head of the home economics department at the Burlingame High School.

Miss Robin Rapp, a graduate of the home economics department in

GOSSIP BUZZES

Just to enlighten a few cloudy minds—

Rudolph Polley is not attending this institution; he is merely a persistent visitor here and the opening of the spring term will find him back at Stanford.

Miss Emma Blum, who was forced to return to her home because of a serious illness, is much improved and hopes to be able to complete her work here, according to a letter received by Dean Westcott.

A marriage of interest to most of the students was that of Miss Grace Copper to Mr. Louis Miratti which took place on Saturday, Oct. 6, at the Church of Our Lady of Sorrows. A wedding breakfast was served at the Miratti home following the morning wedding. After a motor tour, Mr. and Mrs. Miratti will be at home on Arrellaga street.

Dorothy Hitchcock and Helen Erichsen both former members of the art department of the State College, are now attending Southern Branch. The two girls are rooming together in a home conveniently located near the school.

Eleanor Zerby and Frances Lincoln spent the week-end in Los Angeles, visiting friends.

Marvele Miller and Isabel Learned spent the week-end at Lompoc with their respective families.

Fair co-eds of the College are bobbing as fast and as often as possible. A long-haired girl will soon be a curiosity.

Paul Cradler spent the week-end in Los Angeles. He went down in his trusty Chevrolet. Why walk?

Mrs. Scalpino visited Stanford University last Saturday.

'21, has returned to Santa Barbara to do special art needlework with Mr. Edwards. Miss Rapp has been teaching home economics in Moor Park.

COMMITTEE CHOSEN TO ORGANIZE GIRLS' SPORTS

Girls' athletics will be organized by a committee, according to a decision reached by the girls last week. The girls considered two plans, that of a committee which would organize this season's sports and the plan of creating an association. Both the advantages and disadvantages of each plan were presented by Miss Weage and Miss Connell.

The committee consists of a representative member chosen from each class by the girls' athletic manager who acts as chairman of the committee. The committee is composed of Madeline Connell, Philippa Jones, Isabel Lyons, Frances Drew, Frances Dearborn and Barbara Dewlaney.

Tuesday the committee met to consider ways and means of providing for this year's sports. If arrangements for the use of the gymnasium can be made satisfactorily the season will start with basketball. Swimming and tennis will also be scheduled soon. Plans for baseball are suspended until methods of preparing a field for this activity are completed. As the girls were granted two hundred dollars for use in conducting sports much can be accomplished in developing girls' athletics.

CO-OP ENLARGES, ADDS ICE CREAM

Students making their daily trip to the "Co-Op" in search of peanuts, pencils or paper the first of this week discovered an unusual amount of activity in evidence around this favorite gathering place. After the student in pursuit of provisions had stumbled over the new ice cream machine and had delightfully inserted an honest dime and pulled out a Cherry Eskimo Pie and had finally made his way to the counter of the "Co-Op" after a fifteen minute wait in line, his eyes were shocked to perceive an unexpectedly great vista of empty space where before all had been packages, papers, and piles of books. Order had not been brought from chaos. For there had been order before. But now three people could work in a space made for three people, not in a space made for one, as before.

The "Co-Op" was enlarging.

"We found that we had to have more room to hold a larger stock than we have ever had before," say the managers of the store. "Not only do we carry a much larger stock of books, paper, and other supplies, but we have also added a few new things. We now have rings, pins, bookmarks, etc., with the school seal for sale here."

That these last-mentioned articles will be a popular item in the sales of the store is evidenced by the demand for them already. Many of the members of the College are proudly wearing watch-charms, rings, pins, etc. They are of uniform design, with the school seal in gold upon a rectangular background of black. There are also more inexpensive silver rings of the same design.

"Pretty nifty, what?" demands the latest proud owner.

The cabinet-like affair known as an ice cream machine, at the corner next the "Co-Op," was installed by the Crescent Ice Cream Co. free of charge. The student body store receives fifteen per cent of the money deposited for ice cream, which will be used toward paying overhead expenses of the store.

Who ever thought that college students had such a fondness for ice cream? When a certain slot machine appeared in front of the "Co-Op" last Monday the ice cream went so fast that they had to have two loads in one day. Those wooden spoons sure are fascinating.

The home economics department is giving a informal reception at Recreation Center tonight. All home economics women are cordially invited to attend. There are sixty-one of them and they are all expected to be present at the affair which promises to be very pleasant.

The County Fair held in Ventura last week proved to be a great drawing card. Many students from the College took advantage of the opportunity to look over the cows and sheep and ride on the merry-go-round.

Gossip rumors that a dark-haired professor (unmarried) has fallen for some golden locks and blue eyes.

PRESIDENT PHELPS TO ATTEND CONVENTION

President Phelps will attend the annual convention of County, City and District Superintendents at Glenwood Mission Inn, Riverside, October 15-19. President Phelps is to address the convention on the Reorganization of the Elementary Curriculum. Mrs. Miller has been asked to accompany President Phelps and assist in the discussion of training and placement work.

MISS NELSON GIVES UP POSITION HERE

Miss Nelson is giving up her position as financial secretary of the College to become private secretary to Mrs. William T. Carrington of Montecito and New York. Miss Nelson will remain in Santa Barbara.

Miss Marian Kennedy, formerly secretary of the Jewell Steel Corporation of San Francisco, will take Miss Nelson's place.

Miss Nelson's new car is the object of admiration and a source of pleasure to many of her friends. (This is supposed to be a very pointed remark.)

FACULTY MEMBERS SPEAK AT INSTITUTE

The faculty of the College had a big part in making the Santa Barbara County Teachers' Institute, which was held the first three days of this week, a success. Three members, Dean Westcott, Miss Frye and Dr. Stockton all gave addresses. The elementary and high schools of the county have been closed during the institute.

Among the alumni members who attended the faculty reception were Josephine Knick, '22, and Margaret Kenyon, and Carl Wynes, '23.

CLASS OFFICERS ELECTED NOW HOLDING POSITIONS

Election of all class officers was held a week ago Thursday at the individual class meetings. The classes are now fully organized and are operating under their new executive directions.

The results are as follows:

Senior Class, President, Dean Smith; Vice President, Ruth Blanchard; Secretary-Treasurer, Irma Starr.

Junior Class: President, J. W. Hawley; Vice President, Jessie Lemmon; Secretary-Treasurer, Rita Martin.

Sophomore Class: President, Linn Unkefer; Vice President, Frances Dearborn; Secretary-Treasurer, M. Hamilton.

Freshmen Class: President, Edmund O'Reilly; Vice-President, Jack DeLand; Secretary, Marjorie Holland; Treasurer, Victor Dunne.

MRS. LIVINGSTON SPEAKS AT ASSEMBLY

Mrs. Marie Burroughs Livingston spoke to the Associated Student Body at general assembly Tuesday. In her informal but thoroughly fascinating talk Mrs. Livingston told of the advantages of a serious study of dramatic art; of its broadening and cultural influences upon those with either professional or non-professional interests. The development of personality through gaining perfect control over a well-balanced mind and body is the great possession that an interested student may win. Mrs. Livingston closed her talk by reading a delightful poem in an inspiring way.

The special course in dramatic art recently added to the curriculum of the School of the Arts is under the direction of Mrs. Livingston.

ART DEPT. OFFERS VARIED COURSES

The art courses from their inception in 1911 supplemented the work of the home economics, general professional and manual training departments. It was only in 1914 that the art work assumed the proportions of one of the major departments in the College.

The spirit which underlies the work now being done is not only "art for art's sake," but also a presentation of the various subjects given in the art department in such a way that they may have a direct relation and value to the curriculum of the College. That a student studying color may carry it into the home, as well as produce a design, pictorial composition, or poster, is the aim of the course in color and design. A student learning to draw may acquire deftness in demonstrating with line, a beautiful gown, a finely designed piece of furniture, or the direct application of drawing to the posed model and to landscape.

Courses are being given in public school art which includes the construction of toys. The looms are busy producing pieces of weaving. Those who saw the needle-work produced last semester will look forward to another class in this work next term.

A course in art appreciation is being given in room 43 on Thursday afternoons at 3:20, which is open to anyone interested in a survey of the arts from the time of the caveman to that of the present day.

Among the courses already planned for the next semester are: Stage-craft, advanced and applied design, and advanced bookbinding.

The aim of the art department is to give students work and theory which will be of practical as well as artistic use in their every day lives, in any community, whatever occupation they may choose.

DeLand to Lead Squad This Fall

Jack DeLand, crack quarterback of the College squad, was elected captain of the team at a meeting of the lettermen held aboard the yacht Caprice last Friday afternoon. DeLand, a freshman, came to the College from Venice High, where he played with the team for two years. He has already shown enough football knowledge to warrant a position on the team.

That cruise aboard the Caprice proved one thing: Not all football players are good sailors. Three of the stars of the team showed violent symptoms of mal de mer, and fourth, a gentleman from the northern part of the county, showed the results of the sail, but refused to admit it.

The following were the unfortunate gentlemen: Lyle Hawkins, Reid Hollingsworth, Dials and Anderson. There were possibly more, but the log of the Caprice does not tell any further details of the cruise.

The lettermen, after considerable discussion, decided to accept the title of "Hilltoppers" as their official nick-name, and wish to be known as such hereafter.

Revised Football Schedule Issued

The revised schedule of football games for the season announced yesterday gives the College four more games, three of them away from home. The game with the San Diego State College has been cancelled.

Tomorrow—Loyola at Pershing Park.

Oct. 20—La Verne at La Verne.

Oct. 27—Taft at Taft.

Nov. 17—Bakersfield at Bakersfield.

STUDENTS PROMISE "PEP" AT GAME

"Join the Howlers' Union" was the cry which greeted student body members early this week. The purpose of the Howlers' organization is to assure rooting at the football games. Each student who signs up, pledges himself to sit in a special reserved section of the grandstand and cheer the team. Al Baranov and Bill Everitt have been recruiting members this week, and the results promise some real pep at the game tomorrow.

Irene Younwen was elected vice-president of the Associated Women Students last week.

COLLEGE TRIMS LOMPOC

(Continued from Page 1)

score of 50 to 7, was purely because of their ability to pass.
