VOL. 3.

FRIDAY, MARCH 7, 1924

NO. 11

NOJOQUI FALLS TO BE VISITED

OUTING CLUB TAKES AUTO TRIP

The Outing club will leave on its first auto trip of the year tomorrow morning to Nojoqui Falls. The machines will all leave by eight o'clock. The drive to the falls should take about an hour and a half, the route over Gaviota Pass being chosen. The machines will be left at the gate of the Allisal ranch and from there the party will hike the remaining two miles to the falls.

The spot to be visited is of historic importance in the life of the Santa Barbara Indians. Nojoqui was the name of an Indian maiden who loved a brave of the Santa Barbara Mission tribe. She eloped with the young Indian and the two were finally overtaken at the spot which now bears her name. Fearing the anger of her father, who was the chief of her tribe, the young lovers leaped over the falls to their death, locked in each others arms. Since this time the spot has been of romantic interest to those persons who have studied Indian folklore.

The falls tumble abruptly over a one hundred and eighty foot cliff into a crystal pool at the base. The rocks are covered with five-fingered ferns which are found only in this spot.

About fifty people are expected to make the trip, which is a combination of practical science and outing club. Lunch will be cooked at the camping ground near the falls. The woods should be green and fresh, due to the recent rains. Any last minute reservations should be made with Ted Ellsworth before two o'clock this afternoon. Eight hours practical science credit will be given to those students who have signed up for it. The return should be made about five o'clock Saturday afternoon.

MEN'S ATHLETICS SHOWS PROGRESS

Although somewhat hindered by recent rains the men are keeping up the rigorous training in preparation for the coming track meet to be held early in April.

With a large number of colleges participating, competition will be keen. Coach Gilliland is emphasizing the importance of fine points in winning, with the result that the men are rounding out into excellent form. A couple of more weeks will see a wonderful track team all "steaming" to keep the "bacon" home.

The men in the swimming classes are beginning to show quite a bit of style in the aqua activities. Hawley and LeFevre are among the most prominent enthusiasts.

April 7 marks the beginning of baseball training. With the college fans showing quite a bit of interest so early in the season a large turnout is expected. Judging from the available material it is expected that the college will have a strong team that may run their schedule through to a championship.

COMMITTEES PLAN FOR COLLEGE NIGHT MAY 10

Plans are now being made for College Night, which will take place this year on Saturday, May 10, and which will include as a new feature this year, Homecoming Day for the Alumni of the S.B.S.C. According to Mr. Ashworth, who is general director of the affair, all day Saturday will be kept as open house on the campus for the homecoming graduates, and special affairs will be arranged in their honor.

According to present plans for the day, Saturday afternoon will be given over to the homecoming graduates, with a special supper for them at six o'clock, and culminating in the regular College Night entertainment at eight o'clock on Saturday night. This entertainment will be similar to that of the College Night of last year, including the roll-call of colleges, the formal entertainment of music and dancing by the Glee clubs and dancing classes in the patio of the college, followed by a dance in the gymnasium.

Student and faculty committees for the affair have been formed and announced by Mr. Ashworth.

Proceeds from College Night go to the scholarship fund of the college.

HONOR SOCIETY FOR JUNIOR COLLEGE

Plans for the Junior College Honor society are progressing under the direction of Dean Ashworth and President Phelps, assisted by Ted Ellsworth. Formal application for a state charter will be made as soon as the present constitution is accepted. The society should be functioning within a month and will no doubt include about 15 Junior College students. Drawings for the official insignia are being drafted by the committee.

NEW HEAD OF VOCATIONAL ED.

Nicholis Ricciardi, who has been for the past two years president of the San Luis Polytechnic High School, was elected last month to take the place of Dr. Edwin R. Snyder, as state commissioner of Vocational and Industrial Education.

J. E. Beswick, who during the period of resignation of Dr. Snyder and appointment of Mr. Ricciardi, occupied the position of acting commissioner, is now returned to his regular position, that of State Supervisor of Trade and Industrial Education.

?

MARCH SEVENTEENTH

PRESIDENT PHELPS ATTENDS CONFERENCE

President Phelps will spend the week-end in San Francisco and vicinity. While there he will attend the meeting and banquet of the San Francisco branch of the A.S.B.S.C. Alumni Association at the Hotel Steward on Saturday, March 8.

President Phelps will also attend on Saturday the first meeting of the state committee appointed for the revision of the elementary school curriculum, of which he is a member. Superintendent Walter of Salinas is chairman of the committee.

A.W.S. WILL HOLD SUPPER ON MARCH 14

The Sun Room Supper which has been promised to the girls for such a long time is finally to come off on March 14 at Recreation Center. The girls will gather about five-thirty, the affair being held early so that there will be a chance to attend any social functions that occur on the week-end.

The supper has had to be postponed for various good reasons and everyone is glad that it is going to really take place.

Announcement of the price will be made on the bulletin board, where the girls are to sign up for attendance.

ACCIDENT OCCURS IN CLASS ROOM

A most peculiar accident happened in one of our class rooms which, following an editorial that appeared in the last issue of The Eagle seems rather significant.

The editorial deplored the lack of proper seating arrangements in room No. 45, where the secondary education class under Dean Westcott assembles. The issue appeared on Friday morning, February 22. On Friday afternoon when the class was in full swing a number of the students were seated on a drawing table which extends the length of the room. There were not enough chairs or stools to go around and other class rooms being full during the same hour, chairs were not to be had.

Suddenly there was a loud crash which was heard all around the school, and the extemporaneous seat was no more. Seven or eight secondary students landed on the floor in rather undignified postures. The incident had its humorous side, of course, and not much would have been thought of it, but unfortunately one of the students, C. W. Wirths, struck a steam radiator in falling and was injured internally. He has had to spend ten days in the Cottage Hospital and several days at home as a result of the fall.

A committee of five has been appointed to investigate the condition of the S. B. Hi weekly, The Forge. In the matter of finance The Forge has "gone in the hole," but with a new business manager in charge there is no doubt that it can be made self-supporting.

'CHINKS' SPORT QUEUES TONIGHT

PARTY IN CAF. UNDER G. P. AUSPICES

The Student Body will give a Chinese party tonight in the cafeteria, under the auspices of the General Professional department. The 'Caf' will be attractively decorated with Chinese lanterns and parasols, bamboo and peach blossoms. Incense burners will be hidden in the remote corners, and promise to lend 'local color' to the affair. The program committee has promised several special features, which will no doubt be in general keeping with the spirit of the party.

The several committee will be dressed in Chinese costumes, and will also speak exclusively in Chinese. Games of many sorts will be played, from Mah Jongg to dominoes, the winner at each table to progress to the table next to him. Ordinary card games will also be played; 500 and bridge and the others.

The refreshments will be the crowning feature of the evening, and will be strictly Chinese. One of the dishes to be served, Chow Mein (translated into English "you can't guess what's in it") promises to be quite an innovation for a student body party. The other refreshments are being kept secret.

Everyone should come to this party, and bring along lots of pep. If you have any game that you like to play, bring it along. If possible, try to come in Chinese costume.

LA CUMBRE WAGES WIDE AD CAMPAIGN

An intensive campaign for advertising has been carried on during the past week by Ted Ellsworth, manager for "La Cumbre," the college yearbook. According to Mr. Ellsworth the State street merchants have been more than generous in the amount of advertising subscribed for the annual, and because of the fact, plans are being made for a larger and better magazine even than last year's annual.

First copy of the yearbook was turned in to Miss Eleanor Zerby, editor, on last Friday, February 29. The magazine will go to press in a couple of months and will come out on the campus in the first part of June.

MANUAL ARTS ASSN. PLANNED

On the evening of February 15 a meeting was held at the home of Mr. C. L. Jacobs. Those present were members of the Manual Arts department of Santa Barbara. All teachers of our college attended. A local chapter of the Vocational Education Federation of Southern California was formed and the following members elected as officers:

Mr. Jacobs, president.
Mr. Denman, vice-president.
Mr. Soules, secretary and treasurer.

OUR OWN GOOD HABITS

Children have a habit of "showing off" when company comes, or when they are away from home, but men and women, on the other hand, usually try to put on "Sunday Manners" in order to appear at their best.

According to reports coming from both officials and patrons of the Street Car Company there must be several children attending the college, as it has been said that conduct on the car is not always such as would indicate that certain individuals are fired with the spark of ambition and aim toward the goal of helping to increase the store of knowledge in the minds of America's young.

Further complaints have come from residents near the campus that students litter the campus, which lies almost in their front yard, with waste papers, and even at times throw rubbish over the fence into flower gardens and on front lawns.

Of course the body politic of the students would justly plead "not guilty" to either of the foregoing charges, but still a certain element of responsibility lies with them, in that they are failing to curb such tendencies among those of their fellows who by their own acts show that they have not yet reached an age of discretion.

The Santa Barbara College has a good reputation as an institution which must be safeguarded against those from within who thoughtlessly do things which reflect discredit upon themselves and the institution of which they are a part. This is not at present a serious matter, but it points in the wrong direction. A little thought, and the application "Do as you would be done by" can easily prevent further justified complaints and at the same time take none of the joy out of any student's life.

CAN'T COFFEE BE SERVED?

Many persons in the school have expressed their desire that coffee be served with the noon lunch at the cafeteria, and on investigation it is found that some even take the trouble of going down town for lunch just for the sake of making their lunch complete with the usual cup of coffee.

Coffee at five cents a cup would mean a profit to the cafeteria, as well as getting the patronage of those who otherwise go down town.

G. P. DEPARTMENT

A special General Professional meeting was called February 28, at which plans were discussed and committees were appointed for the Chinese Party which is being sponsored by the General Professionals. It was suggested that a program be given in Student Body assembly under the management of the department, and that plans be made for another dance to be held soon.

Marian Ogden, who has been ill the past week, has returned to her studies again.

Frances Drew, president of the General Professional department, who has been suffering from a sprained ankle, expects to return to college soon.

The friends of Mina Ellis will be very glad to learn that she has so improved as to be able to leave the hospital.

We are glad to learn that the General Professional department has seven more new members than last semester. The enrollment now is 87.

The Santa Barbara teachers of the first and second grades have asked Mrs. Price, who is head of the General Professional department, to speak at a meeting to be held March 25.

Miss Florence Miller was a Santa Barbara visitor Saturday. She is a graduate from last year's General Professional department and is now teaching at San Gabriel.

MEN'S CLUB

At the last meeting of the Men's club Mr. C. A. Gorman was elected president to succeed Ralph DeBolt, who has gone to Pasadena to fill a position in the schools there.

Mr. Gorman has been with us during the past two terms and his record here will well support the decision of the men in placing him in the position as president of the club.

It is interesting to know that Gorman is a veteran of the world war, and during his service over seas was wounded in action and in recognition of exceptional conduct was awarded the Distinguished Service Cross and Citation.

Mr. DeBolt served as leader of the club in a most excellent way and the men feel with confidence and in like manner toward their new president.

Plans for the men's club room are being worked out, and at a meeting last Tuesday the plans were submitted by Mr. Elliot and favorably discussed by the members.

The Kern County J. C. Dramatic club has been reorganized this term and expects to present at least on big play and a series of one-act plays.

The home building class, under Mr. Blodgett, is about to tackle an interesting problem. Furnished with plans drawn by two students under Mr. Jacobs, the class will erect a garage for Dr. Evans on Grand avenue. The lot is on a steep slope and the foundation work will be difficult.

Europe has not yet understood what she did in engaging in a war that destroyed ten millions of men, three empires, all conceptions of right and wrong, the humanitarian traditions of two centuries, the wealth laboriously accumulated since three generations.

ALUMNI NOTES

SAN FRANCISCO MEETING

A meeting of the San Francisco Branch of the Alumni Association of the S.B.S.C. has been called at the Steward Hotel in San Francisco on March 8 by Bert Moody, president of the San Francisco organization. The meeting will be in the form of an annual banquet. Alice Kilgo, 1912, secretary of the association, is sending out announcements to all alumni in and around San Francisco.

Plans for the banquet include a speech by Will C. Wood, State Superintendent of Schools, and many other special features, the nature of which has not yet been divulged. President Phelps will attend the meeting, as will also Mrs. J. C. Miller of the S.B.S.C. faculty, General Secretary of Alumni for Alumni affairs.

Special invitations have been sent to Miss Edith Bond, Mills College; the Misses Margaret and Betty Barr, Maurice Brown Dramatic School, and Sally Marcellus, S. F. State Normal, all of whom are former members of the S.B.S.C. It is also expected that there will be present Mrs. Louis Hertz, a former trustee of the college, and Miss Nina B. Forsythe, formerly head of the Domestic Art department.

The San Francisco Branch of the Alumni Association is a live organization, and it is expected, will take great interest in the latest activities and achievements of the S.B.S.C.

Robert Ross, '16, Manual and Fine Arts, has been doing unusually fine work at the A. and A. L. Y. Union High School at Sebastopol.

The meeting of the Stockton Branch of the Alumni Association, which was to have been held on March 7, has been postponed.

Dora Rasmussen, '19, was married to Mr. Aimon Voorhees Smith on February 27, at Fernald, California.

Miss Anna U. Roenigh, who graduated from the Home Economics class last February, will teach in the high school at Callexico, beginning March 10.

According to an announcement in an eastern paper Mr. and Mrs. Lewis Kennedy Morse will soon reach these shores, after traveling in Europe, where they have left their son and daughter. Mrs. Morse was formerly Miss Ednah Rich, founder and first president of the Santa Barbara State College. Mrs. Morse visited the college last June.

CALENDAR OF EVENTS

Tuesday, March 11—General Assembly.
Thursday, March 13—Class Meetings—Student Body Council.
Tuesday, March 18—Student Body Meeting.
Thursday, March 20—A. W. S.—Men's Club.

A new exchange copy that made its appearance last week on the editor's desk was The Wild Cat, of the Monrovia High School. It is peppy, full of news, and a credit to Monrovia Hi.

The Olive and Gold, annual of the S. B. Hi, has opened an extensive campaign for ads in the book to be published at the end of this semester.

In a whirlwind game S. B. Hi defeated Santa Maria for the county basketball championship by the score of 26-16.

**GRAHAM TAYLOR SPEAKS
IN ASSEMBLY FEB. 22**

Graham Taylor, president of School for Social Service, Chicago, was the speaker at the special assembly, held fourth period, Friday, February 22, Washington's birthday. His subject was "The Civic Obligations Incurred by a College Education." Mr. Taylor pointed out the defects caused by the lack of interest in voting, emphasizing the fact that each individual owes it to his country to vote and to vote carefully.

No doubt it is true, as the Biology professors tell us, that the cod fish lays over a million eggs at a sitting, but we must rejoice, for the gentle fish's sake that he doesn't have to cackle over every egg.

It is only necessary to grow old to become more indulgent. I see no fault committed that I have not committed myself.—Goethe.

**OUTING CLUB ENJOYS
TRIP TO LA CUMBRE**

The Outing Club hike on February 22 proved a very successful affair, both as to numbers and results. Twenty-seven sturdy hikers made the start and twenty-six arrived at La Cumbre before sun-up. The other, a rather corpulent gentleman, was lost en route (which seems to happen every time that the Outing Club hikes to La Cumbre.)

The start was made from the college about eleven o'clock Friday evening, by the light of an almost full moon. A leader and a rear guard were appointed; no one was to get ahead of the leader, and no one was to get behind the rear guard. No one did; the rear guard was lost. A stop was made at Widow's Tears, where a light supper was enjoyed. From there on the party kept on to La Cumbre without a stop. The first group of three arrived a little after two-thirty, and from then on until almost four the rest came straggling in.

The first hikers to arrive built two mighty fires on the summit of our highest mountain, which seemed to act as spurs to those behind. A chill north wind whipped along the ridge of the mountain, making the fires a welcome to those who were on the point of being congealed. After an interminable night spent in trying to keep warm, with little avail, the sun came up, giving the signal for the start to Flores Flat and breakfast.

Breakfast on the flat was a shameful affair. The hikers seemed to revert to the characteristics of the snake; to gorge themselves with food till they could hold no more, and then crawl off into the sun and sleep. About nine o'clock (Saturday morning) the start for home was made. All of the sorry looking company were home about two o'clock in the afternoon. (Sorry looking are the words; dirt, ashes and burnt clothes were the rule).

Those who enjoyed the trip were: Mr. and Mrs. C. L. Jacobs, Miss Weage, Coach Gilliland, Mrs. Jack Bumphrey and Miss Ackers, as the chaperons, and the following students: Jack Vince, Grant Youngs, Reid Hollingsworth, Ted Ellsworth, Hollis Pratt, Beth Teall, Gordon Sawyer, Josephine Bolton, Marjorie Granger, Lucile Dexter, E. Franklin, Mabel Sorem, Barbara Dewlaney, Ivy Seaber, Mary and Edith Higley, Merl Weidemann, J. P. Blodgett, Ruth Hunt, Irene Peterson and Lewis Peters.

**Dr. James McLaren
Gives Impersonations**

Dr. James McLaren entertained the students with one of the most interesting assemblies of the year on Monday of last week, when he impersonated Abraham Lincoln and Theodore Roosevelt. In this double role, Dr. McLaren gave an interesting conception of the powerful personalities of these two men.

Before starting his impersonations, Dr. McLaren made a brief preliminary comment on the two men. Following the singing of "Tenting on the Old Camp Ground" from behind scenes by members of the Men's Glee club, Abraham Lincoln appeared and gave some of the selections which are associated with his presidential term. The students joined in "The Battle Hymn of the Republic," and Theodore Roosevelt appeared.

In spite of the difference in the two men whom Dr. McLaren impersonated, he succeeded in making his audience forget itself and live for a brief time with two of our great Americans.

The college is welcoming back Mr. Guenther this week from his long enforced vacation. Mr. Guenther returned the first part of the week, and has taken up the regular work of his classes again. Although still forced to rely on his crutches for the power to "get there," as far as walking is concerned, students declare Mr. Guenther does not seem to be retarded in the least in his ability to "get there" in other ways, and already has his classes on their toes trying to keep up with him mentally.

Marian Smith, a student of the college, is leaving for New York next week to live there with her parents.

Mr. and Mrs. William Ashworth entertained with a Mah Jongg supper on Wednesday evening of last week.

Eleanor Zerby will take part in the first play to be presented by the "workshop" drama class of the School of the Arts, to be presented at the school on Thursday, Friday and Saturday nights of this week.

MEN'S GLEE CLUB ENJOYS PARTY

Tuesday evening, after the regular meeting of the club, Merton Harlow, president, and Fred Seegert, manager, surprised the whole club by serving refreshments to soothe the tired vocal cords of those present. Delicious cookies, cake and hot chocolate comprised the donation. After which Reid Hollingsworth presided at the piano and a hilarious time followed.

Frances Bath was seen on Monday recuperating from a week-end trip to Los Angeles, where she "took the town in."

Ruth Blanchard returned on the last train last Sunday night from one of her frequent flights to that southern metropolis known to the elite as "L.A." Ruth stayed with Dorothy Hitchcock and Helen Erichsen, students here last year, at their now sorority house. A roaring good time was reported.

Miss Louise Mitchell gave a tea on Sunday afternoon for Frances Lincoln to celebrate her birthday, which occurred on February 29. Many friends of Miss Lincoln from the college were present.

MUSEUM OFFERS SPECIAL EXHIBITS

Nestled in a beautiful grove of oak trees, within walking distance of the campus lies the Santa Barbara Museum of Natural History and Comparative Oology.

The little museum, filled with rare and valuable specimens of bird life, is the materialized dream of William Leon Dawson, one of America's foremost Oologists, and a little group of local people who have aided in gathering finance for the carrying on of the work of collecting the rare specimens of bird life.

While much of the effort of the curator of the museum has been in studying local birds, this has not by any means been the sole purpose of the workers, as the collection shows specimens from the world over, which to be seen otherwise would necessitate hundreds of miles of travel.

Attendants are there to show the visitor about the museum and answer questions regarding the various exhibits.

This museum should be one of the leading attractions of the college from an educational standpoint, as a trip through it serves the layman as a fairly complete course in oology, and the student who would go more profoundly into the study, the visit to the museum would serve as a laboratory study for the application of that which he has learned from books.

Seeing much, suffering much and studying much are the three pillars of learning.—Disraeli.

An interesting feature of High Life (Long Beach Poly) is a picture of Poly's Seventeen Hundred Middy Girls.

The Paper Lantern, San Diego S. D. C., announces that their Home Economics department has received the most time, money, and attention, of all their departments, and it is planned to make it one of the best in the state.

According to the Blue and White, Kern County Union High School, by defeating Wasco Hi. 10-5, are the county basketball champions and are in line for the valley championship.

The Antelope (Nebraska Teachers' College) is proud of the fact that its college has the largest enrollment of any of the four State Teachers' colleges in Nebraska. Its student body at present numbers about 500.

A scene of merrymaking and goodfellowship was witnessed, early in the month, at San Pedro Hi, when members of the faculty took the part of "kids" and entertained the Senior class, "Fore n' Aft."

If you want to be miserable think about yourself; about what you want, what you like, what respects people ought to pay you and what people think of you.—Charles Kingsley.

The Fresno Collegian reports that the finances of the student body are not in as healthy a condition as might be possible, and that there is doubt whether a baseball team can be financed for this semester.

RELATIVELY SPEAKING

Relations, relations, most awful creations,
Withholders of money in times of dire need.

Aunt, uncle and mother, dad, sister and brother
Unworthy ancestors of whom I'm seed,

Oh send me, I pray you, dispatch me, I say you,
The lucre I ask for, be quick, much depends,

My money is lowly, my clothes are so holey,
A coming out party, I'll soon give my friends.

I beg of you hustle, make great haste and bustle,
Write quickly your checks, and don't fail, please, to sign,

Send dollars, send sheckle, send quarters, send nickels,
Send something or truly starvation is mine.

Sis, sent me a fiver, dad sent me a twenty,
Mum sent me five more, and Bob sent me a ten,

Uncle sent me a gold back, and, now that I've plenty
Relations are pat with relations again.

—Brown Jug.

GIRLS' VOLLEYBALL PRACTICE STARTED

Regular practices for girls' volley ball are scheduled on Monday, ninth period, and on Friday, seventh and eighth periods. Although a large turnout is not expected, those who are out appear to be full of pep, and enthusiasm, and willingness to back the season up. Miss Weage, who is coaching, is giving particular attention to all details of the game, and a crack team is anticipated.
