VOL. I.

FRIDAY, FEBRUARY 8, 1924

NO. 9

## GRADUATES GIVEN SPECIAL HONOR

### DIPLOMAS PRESENTED AT LUNCHEON

At a special luncheon given in their honor in the Cafeteria last Thursday thirteen midyear graduates of the college received their diplomas. This Graduate Luncheon, which is given as a part of the affairs of Class Day for the midyear graduates, has become a traditional affair, and was well attended this year by the student body of the college. The graduation of students of this college has become an especially noteworthy affair since the power of granting degrees was given the college last year.

The special luncheon was in charge of the Home Economics Department, and the Cafeteria was prettily decorated for the event.

The program follows:

Song—Miss Jessica Lemmon.  
Song—Miss Madeline Connell.  
Class of winter '24—Miss Anna Roenigk.  
Whistling solo—Miss Bertha Fuller.

Student body Farewell to Class—Mr. Herbert Keeler, Pres.  
Graduate Farewell—Miss Isabel Lyons.

Presentation of Diplomas—President Phelps.  
College song.

Those who received diplomas were: Miss Bullock, Mrs. Ethel Cook, Mr. Caya, Miss Anna Roenigk, Miss Bess Exton, Mr. Kilpatrick, Miss Isabel Lyons, Mrs. Markart, Miss Martin, Miss Merrill, Miss Irene Peterson, Miss Eda Proper and Miss Ivy Seaber.

## GRADUATING CLASS PLACED AS TEACHERS

The graduating class of February has already placed many of its members in teaching positions throughout the state. All but a few are either teaching or doing substitute work.

Rita Martin is teaching at San Gabriel, Marjorie Chapman has a Home Economics class at Burbank High school, Minnie Del Markart has a position in Los Angeles, Isabel Lyons in the Santa Barbara school, Gertrude Merrill is on the substitute list. Howard Kaya has returned to Berkeley for degree work in Arts and Crafts. J. C. Kilpatrick is teaching in Santa Barbara. Ruth Bullock is Librarian in the Calexico Union High school. Miss Exton has remained here to continue working in the cafeteria and for post graduate work. Ivy Seber is teaching at the Santa Barbara Girls school and also taking work at college, and Anna Renig is on the substitute list of Home Economics teachers.

The graduates of the February classes were entertained at a tea given by Mrs. Miller in their honor at her home, 105 East Pedregosa street, on January 30. Alumni affairs were discussed during the afternoon.

The only successful substitute for brains is silence.

## CHAMBER OF COMMERCE TAKES ACTIVE INTEREST IN COLLEGE

Because of the fact that it is now recognized that the Santa Barbara State College exists primarily to serve the interests of this community, the question of the welfare and progress of the college has become one of much interest to men interested in community affairs generally.

The Chamber of Commerce of the city, under the direction of John M. Curran, chairman of the Committee on Education in that organization, is concentrating its efforts on the problems and needs of the college, with a view to its growth and expansion. Since fifty per cent of the college is composed of local students, it is realized that the college is really a local institution, and one which is a definite factor in the growth and development of the community.

Because the college is controlled by the state, the committee has the intention of showing in definite form to the state committee that the community desires and appreciates the college and is anxious for its further development.

It has been pointed out that the Santa Barbara institution has had less money for development than any institution of its kind in the state. It is to remedy this fault, among others, that the committee is working.

There is also a co-operative movement among the newspapers of the city advocating a larger and better college, and favorable editorials have recently appeared approving the general purposes and plans of the Chamber of Commerce committee.

## NEW STUDENTS REGISTERING DAILY

So far thirty new students have registered at the college office and more are coming every day. The old students registered last week. Each class had a separate day for registration, which took place at the noon hour.

The new students who are registered are:

Mabel Ellis, Carl Doerle, Fred D. Briggs, Laura E. Kade, Helouise Boerg, Maud Taylor, Viola Schoen, Bernice Haberlitz, Vlara Lakin, Adelaide Cooley, Thyra Catlin, Gilbert Goldberg, Martha Sherlie, Elizabeth Whetstone, Lovetta Anna Odrezza, Ruth Coolidge, Florence McGimmel, Racine Powell, Charles L. Davis, Walter Reid Gladys Bothin, Marjorie Granger, Carol Hickey, Ebba Franklin, Margaret Patrick, J. F. Garber, Grace Blunt, Miriam Petchner, Frederick Hicks, May Wadsworth, Reid Hollingsworth.

## GLEE CLUB PLANS TOUR

The boys' club is preparing eagerly for their coming tour, which will include many towns in southern California. This tour will start on April 28 and will continue until the 3rd of May. Arrangements have been made for performances every evening.

The wearing apparel that was originally to be sport outfits has been changed to tuxedos.

## EXPECT GUENTHER TO RETURN SOON

A definite date for Mr. Guenther's return to the college has not been set by his physicians. It is probable, however, that it will be within the next two weeks.

Those who have visited Mr. Guenther recently have been gratified as well as highly amused to watch the ever active prof. demonstrate his acquired "rolling" walk with the aid of crutches. Mr. Guenther appreciates his ability to move again even if he must be content with a mere amble for the time being.

## FORUM MEMBERS DISCUSS "WOMEN"

"Hail Columbia," by W. L. George, was the subject of the report made by Anna Lincoln at the last Forum meeting held on Monday night. The review, being the only one made at the meeting, was comprehensive, and many interesting excerpts illustrating the ready wit and geniality of the author were read by Miss Lincoln. Because of a conflicting Glee Club practice, no men were present—not even Dean Ashworth, so a warm discussion of Mr. George's opinion of the American woman occupied the greater part of the evening. Mr. George was frank in his criticism of the young American girl, but his candor was outdone by the Forum members' criticism of him—as a connoisseur of women.

## STUDENT BODY DANCE TONIGHT

### FRESHMEN IN CHARGE OF AFFAIR

Members of the student body of the college are expecting to take advantage of the opportunity to celebrate the close of the old semester and the beginning of the new tonight when the Freshmen entertain at the student body dance tonight. The entertainment is scheduled to begin at 8 o'clock, and novel entertainment and a good time are promised to all.

Since there are so many birthdays of famous men of early times during this month, the affair will be in the nature of an Old-Fashioned party, and guests are asked to come in old-time costumes, although this is not required. The decorations will be in keeping with the old-fashioned atmosphere.

This dance is under the auspices of the Freshman class, with Freshmen as chairmen of committees, and under the general supervision of the Social Committee, of which Miss Frances Drew was recently elected chairman. The Freshmen are doing their best to vie with the Seniors, who had charge of the very successful Christmas Party. The next student body dance will be in charge of the Sophomores, and the following in charge of the Juniors.

An unusual entertainment, which is being kept secret, is to be presented by members of the Freshman class, and the rest of the evening will be spent in dancing. A good orchestra has been hired for the occasion.

Chairmen of committees are: E. O'Reilly, Reception; Daphne Latham, Program; Christine Hamilton, Decoration; Jean Matteson, Refreshment.

## A.W.S. TO GIVE TEA FEBRUARY 16

The annual High tea given by the Associated Women Students in honor of the women faculty members will be held as usual at the home of Dean Westcott, 628 East Sola street, on Saturday, February 16. Marian Ogden is chairman of the affair, and she has appointed many committees who are looking after the decoration, entertainment, and refreshments. It is said that the college colors will be used as a keynote for decoration.

The tea which has become an established precedent, is always given in honor of the women faculty members and wives of the men members. Every girl in the A.W.S. is expected to attend and act as hostess to these guests.

## NEW CLASS INTRODUCED BY EDWARDS; ART NEEDLEWORK

Mr. Charles Edwards, who was formerly an instructor in needlework at the college, has opened a new class in Art Needlework which will be held Friday, the seventh to the ninth periods, in the sun room.

All men are born helpless, but some help less than others.

## CONSCIENCE

If we place two sparks, one in the dry grass by the roadside and one on the cement pavement what is the result? The one on the pavement dies out, while the one in the grass grows, multiplies itself, and becomes not a spark, but a flame.

Just so the spark of conscience, that quality which differentiates man from the beast, depends for its existence and growth upon the quality of the surroundings into which it is thrown.

There is no life which has not conscience. We may say of the hardened convict, "Surely a man who would perpetrate a deed so terrible must be wholly without conscience," but the fact is only that the conscience is struggling for life amid poor surroundings. It is there, but has not the opportunity to live, let alone to influence the man's life. In every man, no matter how low, there is some depth to which he refuses to sink, a point at which the half smothered conscience speaks, and speaks in words that he cannot fail to hear and understand.

What the world needs today is an education of conscience, so to speak, or rather, the education of people in the cultivation of their own conscience. From the kindergarten to the college and from the college to the grave, inside or outside of the classroom, as men grow by their contact with life, there should be an influence which would broaden and awaken the conscience more and more, relatively and coordinately with their outward mental growth.

The part that the school can play in the development of conscience is by giving to each stage of human development an understandable and applicable code of ethics that will furnish the tinder for the original spark, and the foundation upon which the ever growing conscience may develop step by step on its way to leading of humanity out of the darkness into a new era when, to quote the Scottish bard, "Man and Man the world o'er shall brothers be for a' that."

## NEED OF HONOR SOCIETY

Good news has come to the campus. There is to be an Honor Society formed among the students. This is but one of the many signs that we are going to be, not a big little college, but a little big college. There is an important difference. Some colleges grow to great size, yet in the minds of the people they are still little schools for all their growth. Other colleges do not attain large numbers of students, yet the public classes them as big institutions. Now, why? It is a question of standards and ideals, not of mere members. Ideals we have, our loyal Alumni associations will testify to that. Standards? Yes, we have standards, but are they high enough? We are ranked as a class A institution in the American Association of Teacher's Colleges, which in itself is an honor. Could we not do better

## TO THE STUDENTS:

This year you are looking for the biggest and best number of La Cumbre which has yet been issued. The staff is eagerly doing its part to make it so, but we want the annual to be representative of the entire school. Last year the literary department was filled largely with contributions from two or three Junior College students. This year we want a literary contribution from every department in the school. Short stories, poems and skits are what make a magazine and they should not all be written by one or two students. Funny incidents which occur in practice teaching, in the cooking department, or in the machine shop lend themselves to clever skits which later may be illustrated by the art staff. Literary contributions should be in this month. They may be handed to the literary editor or left in the mail box with her name on them, or they may be turned over directly to the editor, Eleanor Zerby. See if YOU can't represent your department in the literary pages of the annual this year.

MARGARET BURKE,  
Literary Editor.

## COMMUNITY MECH. DEPARTMENT

On Thursday evening, January 24th, a party was given at the residence of Mr. Jacobs in honor of the two graduating members of the Community Mechanics department, Ralph De Bolt and Joe Kilpatrick.

The evening was featured by an intelligence test comedy which was intended for Joe Kilpatrick, but Joe was detained on business in Los Angeles and did not arrive until late. A proxy was chosen by lot, and our mutual friend, Luis Peters, was picked on. Pete responded nobly, however, and got away with it in great style until Ralph De Bolt sprung a few tongue twisters on him and tied Pete in knots.

After this event came a mock trial, Ralph being the victim. The charges preferred against him were "Willfully and knowingly abusing one of Henry Ford's products with malice of forethought." Judge Jacobs sentenced him to Pasadena for six months. Hardly punishment enough for such a heinous offense.

Heckelman's rendering of "Sam McGee" and "Rangerous Dan Magrey" drew a lot of applause. Heck has been keeping his talent buried, but he won't be overlooked at future meetings, you may be sure.

The party was a great success, tinged only with the sorrow that we are to lose such sterling fellows as DeBolt and Kilpatrick.

Happiness isn't scarce. It just isn't being used much.

work? Yes, is the only answer that can be given. Yet you query: what is the incentive to do better? What IS the incentive?

Here the Honor Society stands ready to answer that question, ready to render the college a fine and lasting service; to create a desire, born out of healthy, friendly competition, to excel in one's studies and gain the prestige that comes from identification with such a Society. Students, the college has one more advantage to offer you. Let your next term's record in your studies answer as to whether you want to be among the first to benefit by the organization of a Scholarship Society.

## PHYSICAL EDUCATION CERTIFICATE R'Q'MTS

The latest requirements for a certificate in physical education has just been received from Dr. Stolz, head of the Physical Education department in California.

This certificate is only for men and women taking a degree course and majoring in Community Mechanics and Home Economics.

The requirements are:  
Psychology, 6 units (including general and applied).

Human Physiology, 6 units.  
Growth of The Child, 3 units.  
Hygiene, 2 units.  
Administration and Methods, 6 units (in Phys. Ed.)  
Practice Teaching, 2 units (in Phys. Ed.)

Participation, 6 units.  
Secondary Ed., 3; School Law and Administration, 3; Civic Education, 3.

Those who have already taken Biology will be able to get part credit on the required Physiology.

## A NEW COURSE

Among the leading teachers of the manual arts in the schools there is a growing interest in art metal work. This is due in part to a recognition of the increasing importance of metal as a material of construction in the arts and industries, but chiefly it is due to the fact that art metal work adds to the hand work instruction a valuable means of art expression.

One of the students at Santa Barbara State College (Mr. C. W. Wirths) has had many years of experience in the designing and making of art metal objects and will conduct a class during the next semester in the making of copper book ends, desk ends, desk sets, trays, candlesticks, bowls and many other interesting things.

## HOME ECONOMICS DEPARTMENT

The Home Economics students who took part in the program given for the graduating students were Miss Roenigk, Miss Fuller and Miss Lemmon.

Among the new students who have enrolled in the Home Economics department this semester are: Miss Lama Tade, from the University of California; Miss Elizabeth Whetstone from Kansas State Agricultural College, and Miss Clara Lakin, from Wellesley and the University at Lincoln, Nebraska.

The students of the Home Economics department welcome Mabel Ellis.

The basketball dinner was a great success. The enthusiasm of all the members of the teams lasted throughout the evening. Miss Roenigk, captain of the upper-classmen team, planned the dinner. The members of the Home Economics department could all be proud of the delectable dinner that was served.

**MISS DREW ELECTED SOCIAL CHAIRMAN**

Miss Frances Drew was elected social chairman at the last meeting of the student body. Miss Drew is succeeding Miss Margaret Shaper. For various reasons the position of social chairman has been difficult to fill, and the election of Miss Drew marks the fourth election of such a chairman.

Due to the graduation of Miss Isabel Lyons the student body must elect another vice-president in the near future. Miss Lyons, who was prominent in all student executive circles, also leaves a vacancy in the A.W.S. in the form of the presidency.

**MEN'S ATHLETICS**

The San Luis Obispo dance hall was the scene of an exciting basketball game Saturday night, January nineteenth. The game was between the S. B. Varsity and San Luis Poly and what was to be a hard game turned out to be a tame affair for our boys.

The Varsity played a brilliant game and had the signals down to perfection, with expert team work. The final score was, Santa Barbara 44, with San Luis 10.

The Varsity Five nearly lost their perspective in playing Ventura High during the first quarter of the game on Wednesday, January twenty-second. The Ventura Gym is much larger than ours and the boys seemed to be lost as far as making gains was concerned. The result was a score of only 6 to 4 in favor of us in the first quarter.

During a two-minute rest Captain Minnetti injected enough pep into the squad to bring the final score up to 37 to 8 in our favor.

On the same day the S. B. Midgets played the Ventura Lightweights and after running a marathon around the large Ventura Gym Santa Barbara lost to the tune of 32 to 17.

The Varsity team ended the basketball season with a sweeping victory over Santa Maria Junior College on Friday night, February 1. The College played a hard and fast game and won by the most decisive score of the season, 85 to 5.

**Basket Ball Results**

Thanks to Coach Gilliland the College so far this year has enjoyed a wonderful success in athletics, more so in fact that the Coach himself dared hope.

The year opened up with a hard football program. The Varsity played a hard and consistent game throughout the season, showed plenty of punch and form, the results of much training and hard work.

In basketball the squad has not been defeated this season, an unusual record for this college and one which we should all be proud of.

Following are the results of the basketball season:

- S. B. S. C., 68; S. B. Hi, 13—here.
- S. B. S. C. 59; Oxnard 10—there.
- S. B. S. C. 52; Lompoc Hi 12—there.
- S. B. S. C. 42; S. B. Hi 9—here.
- S. B. S. C. 44; Cal. Poly 10—there.
- S. B. S. C. 37; Ventura Hi 8—there.
- S. B. S. C. 85; S. M. J. C. 5—here.

Lucille Humphrey is giving a small bridge tea at her home in Carpenteria on Saturday afternoon.

Mrs. Ethel Cook, a member of the graduating class, left recently for a three months' stay in Honolulu. She and Mr. Cook took a new Buick car with them, a graduating gift from Mr. Cook.

Miss Lollie Anderson, former head of the music department here, has been offered a position in the University of North Dakota.

Mrs. Miller and Mrs. Ashworth gave a tea at the home of Mrs. Millers on East Pedregosa street on February 9. The faculty were among the guests.

**FIRST DANCE GIVEN BY G. P. DEPARTMENT**

The first dance of the season was given by the General Professional Department at the Arlington grill on Friday, February 1. The grill was prettily decorated with acacia bloom and ferns, and credit should be given to Misses Eda and Una Proper. During the evening three feature numbers were given, solos by Madeline Connel and Adelaide Abbott, and a feature dance by Betsy Dunbar and Phil Brotherton, which was enjoyed by all. Greenough's Orchestra furnished the music for the evening. Much credit is due the committee, consisting of Margery Gates, Frances Drew, Gladys O'Shea and Naomi Kasten for the good attendance and the wonderful time enjoyed by everyone.

**DR. JORDAN TALKS ON EVOLUTION**

Dr. David Starr Jordan, famous scientist and educator, and president emeritus of Stanford University lectured on "Evolution as It Is Understood Today," at the Presbyterian church last Friday night to an audience in which were many college students and faculty members.

Dr. Jordan declared that the causes, not the theory, of evolution were the elements to be considered in a discussion of the subject. He outlined briefly a few of the fundamental and best understood factors in the conception of evolution.

Frequent suggestions throughout his talk of the dry humor of Stanford's "Grand Old Man" were thoroughly appreciated by his listeners.

All flowers get loved except wall flowers.

### THE MEN'S CLUB

At the last meeting of the Men's Club the resignation of Ralph DeBolt as president was read. With much regret the club was obliged to accept his resignation, as Ralph finished his work here and will teach at Pasadena. The election of a new president was deferred until the next meeting.

It was decided to give a stag party at the old Scout headquarters on Wednesday evening, February 13. There is to be a feed and entertainment and a lively evening is expected.

Other business of the meeting included a report from one of the committee on the Men's Club-room idea. President Phelps has given his whole-hearted support to this project, and Mr. Cradler, the chairman of the committee, has investigated the possibilities of a location for this clubroom and finds that the only available place is the room whose entrance is now used by patrons of the co-op store. A partition can be placed leaving enough space for the store's patrons. Windows can be installed, the room cleaned up, painted and with the necessary furnishings, such as tables, chairs, etc., a men's club-room can be established at very little cost.

### OUTING CLUB OFFERS HIKES

The program that the Outing Club has to offer this semester is sure to appeal to everyone. It has been planned with the greatest care to meet the requirements of even the most fastidious lovers of nature. There are to be both long and short hikes, boat trips and automobile trips. There are to be several three day trips to nearby points of interest that will be open only to the members of the club. The following is the program that is offered:

February 22 and 23. To La Cumbre by moonlight. Will leave Old Mission at 9 o'clock Friday night. Arrive at La Cumbre about 2 a. m., and wait there for sunrise. Return via Flores Flat, where breakfast will be eaten. Arrive at Santa Barbara about 12 m. Saturday.

March 8. Motor to Nojoqui Falls. Leave 7 a. m. and return 5 p. m.

March 22. Hike to Gibraltar Dam. Leave the Old Mission at 4 a. m. and return by 9 p. m.

April 5. Motor to Painted Cave. Return by trail. Leave the College at 8 a. m. and return by 6 p. m.

April 25. Moonlight boatripe. 6 p. m. to 11 p. m.

May 2, 3 and 4. Hike and drive to the Cabin near Camp Paradise. Leave 4:15 p. m. Friday and return 4 p. m. Sunday.

May 30 and 31, and June 1. Santa Cruz Island. Leave Friday morning and return late Sunday afternoon. Camp at Valdez Harbor.

The Outing Club welcomes new members, as it wishes to give the opportunities that it affords to all. If you wish to get in on some of these trips, join the club now.

Dickey Hales, who graduated in the class of 1923, has won recognition in business college by becoming a proficient typist and winning a medal for speed after only six weeks' work.

Katherine Hutchinson, who has been taking general professional work, is leaving school to return to her home in Alhambra.

Grace Blunt, a graduate of 1912, has returned to the college for some post-graduate work.

Dorothy Hitchcock, a graduate of the college, who is now attending the southern branch, is home for a week.

The faculty and students are interested in the block prints of the Mission which Mr. Wolf has been doing. They are extremely artistic and represent a good deal of time and labor.

Mabel Ellis, who has been absent from school for some time on account of illness in her family, has returned from her home in Bloomington to take up her studies again.

### MR. GUY STOCKTON SPEAKS IN ASSEMBLY

Mr. Guy Stockton, brother of Dr. Stockton, delivered a lecture of "China of Today" at the assembly held Tuesday of last week. He spoke particularly of the bandit situation in China, of the government, and of the characteristics of the Chinese people.

Mr. Stockton is an instructor in a Chinese school for boys in Shanghai. Having lived in China for a number of years, he speaks from a sympathetic viewpoint.
