GRADUATES GIVEN SPECIAL HONOR

DIPLOMAS PRESENTED AT LUNCHEON

At a special luncheon given in their honor in the Cafeteria last Thursday thirteen midyear graduates of the college received their diplomas. This Graduate Luncheon, which is given as a part of the affairs of Class Day for the midyear graduates, has become a traditional affair, and was well attended by the student body of the college. The graduation of students of this college has become an especially noteworthy affair since the power of granting degrees was given the college last year.

The special luncheon was enthusiastically supported by the Home Economics Department, and the Cafeteria was attractedly decorated for the event.

The program follows:

Song—Miss Jessica Lemmon.

Speaker—Miss Madeline Connell.

Class of winter '24—Miss Anna Roenigk.

Welcoming solo—Miss Bertha Puller.

Song—Student body Farewell to Class.

Mr. Herbert Keeler, Pres.

Mr. Russell Farrell—Miss Issie Lyons.

P r e s s t a t i o n o f Diplomates—President Phelps.

College song.

Those who received diplomas were: Miss Bullock, Mrs. Ethel Coolidge, Mrs. Donald Davis, Mrs. J. K. Fairbank, Miss Bess Exton, Mr. J. K. Fairbank, Mrs. Ethel Guenther, Miss Bess Exton, Mrs. Anna Merriam, Miss Anna Merriam, Miss Irene Peterson, Miss Eda Proper and Miss Ivy Selman.

GRADUATING CLASS PLACED AS TEACHERS

The graduating class of Feb-

ruary is making the majority of its members in teaching posi-

tions throughout the state. A list of these teaching or doing substitute work.

Rita Martin is teaching at San Gabriel, Marjorie Chapman has a Home Economics class at Bur-

bank High school. Minnie Del Markert is in charge of Business Los Angeles. Isabel Lyons in the Santa Barbara school, Gertrude Mertich on the bookkeeping list. Howard Kaya has returned to Berkeley for degree work in Arts and Crafts. J. C. Kilpat-

rick is teaching in Santa Bar-

bara. Ruth Bullock is Librarian in the Cafeteria. Minnie Markert is teaching in Los Angeles. Miss Exton has remained here to continue working in the cafeteria and for post graduate work. Ivy Selber is teaching at the Santa Barbara Girls school and also taking work at college, and Agnes Reine is on the substi-

tute list of Home Economics teachers.

The graduates of the February classes were entertained at a tea given by Mrs. Miller in their honor in the home of 805 New Fig-

redom street, on January 30. Alumni affairs were discussed during the afternoon. The only successful substitute for brains is silence.

CHAMBER OF COMMERCE TAKES

ACTIVE INTEREST IN COLLEGE

Because of the fact that it is now recognized that the Santa Barbara State College exists primarily to serve the interests of this community, the question of the welfare and progress of the college is becoming one of much interest to men interested in community affairs generally.

The Chamber of Commerce of the city, under the direction of John M. Curran, chairman of the Business Class of the Chamber of Commerce, is concentrating its efforts on the problems and needs of the college, with a view to its growth and expansion. In sixty per cent of the college is composed of local stu-

dents, it is realized that the college is really a local institution, and one which is a definite fac-

tor in the growth and development of the community.

NEW STUDENTS REGISTING DAILY

So far thirty young students have registered at the college office and more are coming every day. The old students registered last week. Each class had a separate day for registration, who took place at the noon hour.

The new students who are regis-

tered are:

Mabel Ellis, Carl Doerle, Fred D. Briggs, Laura E. Kade, Helen Hoag, Mani Taylor, Violet Schoen, Harlee Habrilla, Mrs. H. E. Willoughby, T_SYTA Catin, Gilbert Goldberg, Martha Shortle, Elizabeth Wenslo, Lorene Anna O'Conne, Ruth Coldidge, Florence McGinnel, Edna Powell, Charles L. Davis, Walter Reid, Gladys Bon-

th, Marjorie Granger, Gladys Hickey, Euba Franklin, Margaret Pattie, J. F. Garber, Grace Blunt, Miriam Petcher, Fred Tompkins, May Wadsworth, Reid Hollingsworth.

G L E E C L U B PLA N S T O U R

The boys' club is preparing eagerly for their coming tour, which includes most of the towns in southern California. This tour will start on April 22 and will continue until the 3rd of May. Arrangements have been made, for performances every evening.

The worshiped apparel that was originally to be sported has been changed to tuxedos.

Because the college is con-

trolled by the state, the commit-

tee has the intention of showing in definite form to the state com-

mittee that the community desires and appreciates the college and is anxious for its fur-

ther development. It has been pointed out that the Santa Barbara institution has had less money for development than any institution of its kind in the state. It is to rem-

edy this fault, among others, that the committee is working.

There is also a co-operative movement among the newspapers of the city advocating a larger and better college, and favorable editorials have recently appeared approving the general purpose and plans of the Chamber of Commerce committee.

EXPECT GUENTHER TO RETURN SOON

A definite date for Mr. Guen-

ther's return to the college has not been set by his physician. It is probable, however, that it will be within the next two days for registration.

Those who have visited Mr. Guenther have found him gruff as well as highly crutches. Mr. Guenther appreci-

ates his ability to move again even if he must be content with a mere amble for the time being.

F OR U M M E M B E R S D I S C U S S ' W O M E N'

"Hall Columbia," by W. L. George, was the subject of the report made by Anna Lincoln at the last Forum meeting held Monday night. The review, being one of the only one made at the meeting, was comprehensive, and many interesting excerpts illustrating the ready wit and geniality of the au-

thor were read by Miss Lincoln. Because of a conflicting Glee Club practice, so men were present— not even Dean Ashworth, so a warm discussion of Mr. George's opinion of the American woman occupied the greater part of the evening. Mr. George was frank in his criticism of the young American girl, but his candor was outdone by the Forum members' use of him—as a connoisseur of women.

STUDENT BODY DANCE TONIGHT

F R E S H M E N I N C H A R G E O F A F F A I R

Members of the student body of the college are expecting to take advantage of the opportunity to celebrate the close of the semester and the beginning of the new tonight when the Freshmen entertain at the student body dance which is scheduled to begin at 8 o'clock, and novel entertainment and a good time are promised.

Since there are so many birthdays of famous men of early this month, the af-

fair will be in the nature of an Old-Fashioned party, and guests are asked to come in costume, although this is not re-

quired. The decorations will be kept with the old-fashioned atmosphere.

This dance, is under the au-

spection of the Freshmen class, with Freshmen as chairman of commit-

tees, and under the general super-

vision of the Social Committee, of which Miss Hoag is presently elected chairman. The freshmen are expected to visit with the Sophomores, and the fol-

lowing in charge of the Juniors. An unusual entertainment, which is being kept secret, is to be pre-

sented by members of the Fresh-

men class, and the rest of the evening will be spent in dancing. A good evening has been set for the occasion.

Committee of committees are: E. O'Reilly, Receiving; Daphne Lat-

tin, Program; Charlotte Mosley, Decoration; Jean Matterson, Refreshment.

A. W. S. TO GIVE

T E A F E B R U A R Y 1 6

The annual High tea given by the Associated Women Students in honor of the women faculty members will be held as usual in the house of Dean Wundt, 626 East Sola street, on Satur-

day, February 16. Marian Or-

den is chairman of the affair, and she has appointed many committees who are looking aft-

er the decoration, entertainment, and refreshments. It is said that the college colors will be used as a keynote for decora-

tion.

The tea which has become an established precedent, is always given in honor of the women faculty members and of the men's members. Every girl in the A.W.S. is expected to at-

tend and act as hostess to these gentle-

NEW CLASS INTRODUCED BY EDWARDS; ART NEEDLEWORK

Mr. Charles Edwards, who was formerly an Instructor in needlework at the college, has opened a new class in Art Needle-

work which will be held Friday, the seventh to the ninth periods, in the sun room.

All men are born helpless, but some help more than others.
CONSCIENCE

If we place two sparks, one in the dry grass by the roadside and one on the cement pavement what is the result? The one on the pavement dies out, while the one in the grass grows, multiplies itself, and becomes a sparkle, but a flame.

Just so the spark of conscience, that quality which differentiates man from the beast, depends for its existence and growth upon the quality of the surroundings into which it is thrown.

There is no life which has not conscience. We may say of the hardened convict, "Surely a man who would perpetrate a deed so terrible must be wholly without conscience," but the fact is only that the conscience is struggling for life amid poor surroundings. It is there, but has not the opportunity to live, let alone to influence the man's life. In every man, no matter how low, there is some depth to which he refuses to stoop, a point at which the half smothered conscience speaks, and speaks in words that he cannot bear to hear and understand.

What the world needs today is an education of conscience, so to speak, or rather, the education of people in the cultivation of their own conscience. From the kindergarten to the college and from the college to the grave, inside or outside of the classroom, as men grow by their contact with life, there should be an influence which would broaden and awaken the conscience more and more, relatively and coordinately with their outerward mental growth.

The part that a school can play in the development of conscience is by giving to each stage of human development an understandable and applicable code of ethics that will furnish the tinder for the original spark, and the foundation upon which the ever growing conscience may develop step by step on its way to leading humanity out of the darkness into a new era when, to quote the Scottish bard, "Man and Man the world o'er shall brothers be for a' that.'"

NEED OF HONOR SOCIETY

Good news has come to the campus. There is to be an Honor Society formed among the students. This is but one of the many signs that we are going to be, not a little college, but a little big college. There is an important difference. Some colleges grow to great size, yet in the minds of the people they are still little schools. All their growth. Other colleges do not attain large numbers of students, yet the public classes them as big institutions. Why? It is a question of standards and ideals, not of mere members. Ideals we have, our loyal Alumni associations will testify to that. Standards, but are they high enough? We are ranked as a class A institution in the American Association of Teacher's Colleges, which in itself is an honor. Could we not do better work? Yes, is the only answer that can be given. Yet you query: what is the incentive to do better? What is the incentive?

The latest requirements for a certificate in physical education is in art metal work. This is due in part to a recognition of the importance that comes from identification with such a Society. These requirements are:

- General 6 units
- Growth of the Child, 3 units
- Administration and Methods, 6 units
- Physical Education, 2 units
- Practice Teaching, 2 units
- Physical Education, 2 units
- Participation, 6 units
- Secondary Ed., 3 units
- School Law and Administration, 2 units
- Civics, 3 units
- Those who have already taken biology will be able to get part credit on the required physiology.

A NEW COURSE

Among the leading teachers of the manual arts in the schools are those who have taken the course in art metal work. This is due in part to a recognition of the importance that comes from identification with such a Society. These requirements are:

- General 6 units
- Growth of the Child, 3 units
- Administration and Methods, 6 units
- Physical Education, 2 units
- Practice Teaching, 2 units
- Physical Education, 2 units
- Participation, 6 units
- Secondary Ed., 3 units
- School Law and Administration, 2 units
- Civics, 3 units
- Those who have already taken biology will be able to get part credit on the required physiology.

HOME ECONOMICS DEPARTMENT

The requirements for a certificate in physical education is in art metal work. This is due in part to a recognition of the importance that comes from identification with such a Society. These requirements are:

- General 6 units
- Growth of the Child, 3 units
- Administration and Methods, 6 units
- Physical Education, 2 units

THE EAGLE

MISS DREW ELECTED SOCIAL CHAIRMAN

Miss Frances Drew was elected social chairman at the last meeting of the student body. Miss Drew is succeeding Miss Margaret Shager. For various reasons the position of social chairman has been difficult to fill, and the election of Miss Drew marks the fourth election of such a chairman.

Due to the graduation of Miss Isabel Lyons the student body must elect another vice-president. In the near future, Miss Lyons, who was prominent in all student executive circles also leaves a vacancy in the A.W.S. in the form of the presidency.

First Dance Given By G. P. Department

The first dance of the season was given by the General Professional Department at the Arlington grill on Friday, February 1. The grill was prettily decorated with acacia blooms and ferns, and credit should be given for Misses Eda and Una Proper. During the evening three feature numbers were given, one by Adelaide Abbott, and a feature dance by Baby Dunbar and Phil Brothers, which was enjoyed by all. Greenough's Orchestra furnished the music for the evening. Much credit in due the committee, consisting of Margery Gates, Frances Drew, Gladys O'Shea and Nona Kasten for the good attendance and the wonderful time enjoyed by everyone.

THE EAGLE

THE MEN'S CLUB

At the last meeting of the Men's Club the resignation of Ralph Debolt as president was read. With much regret the club was obliged to accept his resignation, as Ralph finished his work here and will teach at Pasadena. The election of a new president was deferred until the next meeting.

It was decided to give a stag party at the old Scout headquarters on Wednesday evening, February 13. There is to be a feed and entertainment and a lively evening is expected.

Other business of the meeting included a report from one of the committees on the Men's Club room idea. President Phelps has given his whole-hearted support to this project, and Mr. Cradler, the chairman of the committee, has investigated the possibilities of a location for this clubroom and finds that the only available place in the room whose entrance is now used by patrons of the co-op store. A partition can be placed leaving enough space for the store's patrons. Windows can be installed, the room cleaned up, painted and with the necessary furnishings, such as tables, chairs, etc., a men's club room can be established at very little cost.

OUTING CLUB OFFERS HIKE

The program that the Outing Club has to offer this semester is sure to appeal to everyone. It has been planned with the greatest care to meet the requirements of even the most fastidious lovers of nature. There are to be six long and short hikes, boat trips and automobile trips. There are to be several three day trips to nearby points of interest that will be open only to the members of the club. The following is the program that is offered:

February 22 and 23. To La Cumbre. Leave Old Mission at 9 o'clock Friday night. Arrive at La Cumbre about 2 a.m., and wait there for sunrise. Return via Flores Flat, where breakfast will be eaten. Arrive at Santa Barbara about 12 m. Saturday.

March 8. Motor to Nojoqui Falls. Leave 7 a.m. and return 5 p.m.

March 22. Hike to Gibraltar Point. Leave the Old Mission at 8 a.m. and return by 5 p.m.

April 5. Motor to Painted Cave. Return by trail. Leave the College at 8 a.m., and return by 6 p.m.

April 25. Moonlight boatride. Leave 5 p.m. to 11 p.m.

May 2, 3 and 4. Hike and drive to the Cabin near Camp Floyd. Leave 8:15 p.m. Friday and return 4 p.m. Sunday. May 30 and 31, and June 1. Santa Cruz Island. Leave Friday morning and return late Sunday afternoon. Camp at Valdez Harbor.

The Outing Club welcomes new members, as it wishes to give the opportunities that it affords to all. If you wish to get in on some of these trips, join the club now.

Dickey Hales, who graduated in the class of 1923, has won recognition in business college by becoming a proficient typist and winning a medal for speed typing only six weeks' work.

Katherine Hutchinsen, who has been taking general professional work, is leaving school to return to her home in Alhambra.

Grace Blunt, a graduate of 1912, has returned to the college for some post-graduate work.

Dorothy Hitchcock, a graduate of the college, who is now attending the southern branch, is home for a week.

The faculty and students are interested in the block prints of the Mission which Mr. Wolf has been doing. They are extremely artistic and represent a good deal of time and labor.

Mabel Ellis, who has been absent from school for some time on account of illness in her family, has returned from her home in Bloomington to take up her studies again.

Mr. Guy Stockton speaks in assembly

Mr. Guy Stockton, brother of Dr. Stockton, delivered a lecture of "China of Today" at the assembly held Tuesday of last week. He spoke particularly of the bandit situation in China, of the government, and of the characteristics of the Chinese people. Mr. Stockton is an instructor in a Chinese school for boys in Shanghai. Having lived in China for a number of years, he speaks from a sympathetic viewpoint.
