"CORD 'N COTTON" SCHEDULED FOR FRIDAY

College Builds Garage

Exact Construction Site Not Officially Determined
Special Ledger Made
Commercial Rates Charged for Bus Use

With the ultimate construction of a garage for the college bus in view, members of the athletic department have been proposing plans for the securing of material to build it.

Houses Cadillac
Fred Allred, student body controller, who is in charge of the plans for the building, says that the exact site for the garage has not been determined as yet.

Accounts for the operation and maintaining costs of the school bus have been transferred to a special ledger in order that the bookkeeping for this new student project may be accurately taken care of.

Commercial Rates
The bus was purchased with football funds, and until this amount can be paid back, organizations taking trips will be charged commercial rates for its use.

To date several trips have been taken and it is possible that the money will be collected within a year. The bus will then be available at a much lower cost.

Leedy Plans Concert Tour

Sectional rehearsals have been started in the band so that the best men might be picked for participation in the annual band tour.

"Because of the limited amount of room on the bus, it will only be possible for 48 men in the combined band and glee club to go on the trip," according to Clifford E. Leedy, band director, "therefore it is necessary to eliminate some of these rehearsals."

Band Manager Lawrence Leslie and "Bud" Lambourne will act as advance guard, leaving next week to book appearances for the coming event. They expect to get far north of San Jose before going over to the valley. In previous years the agents turned east at Paso Robles.

Departments Picnic at Manning Estate

Picnic for the members of the home economics and industrial education departments will be given November 18, at the Dr. John F. Manning estate, 419 San Ysidro Road, Montecito.

"We wish to make it a stag affair, but in order to cooperate with the married wonders, we shall allow them special privileges," according to Dick Lund, social chairman of the industrial education department.

The picnic begins at one o'clock, and all students seeking transportation are to meet on the campus in front of the gymnasium at 12:30.

Industrial education department men may secure tickets from Goldy Goldsmith.

Two Freshmen Pose for Syndicate Snap

As publicity for the city of Santa Barbara as well as the State college, Marjorie Nielson and Dolly Hall, members of the freshman class posed for Monte Monakee, representative of the Santa Barbara Associates, last Wednesday, November 7, at the Santa Barbara Museum in Mission canyon.

The pictures, which featured the cypressanthemum show, were taken in the patio of the museum. Both girls were photographed carrying large bouquets of different species of the flowers.

Important Announcements

Final deadline for payment of laboratory fees has been extended to Friday of this week. Students who do not pay their fees will be asked to leave classes in which they are enrolled. Re-entering the classes can be made possible by paying the required fees.

"Next Wednesday is the deadline on all material for the literary supplement which comes out with the Thanksgiving issue of El Gaucho," says Mary Tomlinson. "Although some material has come in much more is needed, especially poems and stories." Stories are to be given to Dean William Ashworth or put in Mary Tomlinson's box in the Gaucho office.

Grads Report Work in I. E. Dept. Helpful

According to word received by E. E. Ericson, head of the industrial education department, many of last year's graduates have received employment in various fields of work. The men say that the instruction received here is helpful for finding work in a variety of occupations.

Joe Ball, graduate of '34, has sent word that he is now taking charge of his father's garage in Canoga Park.

Charlie Poore
Charlie Poore, also a graduate of '34, is now employed by the May Company in Los Angeles as a clothing salesman. He says that his work in practice teaching has helped him much to understand the people with whom he comes in contact.

Herbert Kling who likewise graduated last year has received positions teaching in Pomona High schools and Chaffee Junior college. He is working with adult education in evening classes; his work in Chaffee is in line of woodworking while that of the Pomona school deals with commercial law and bookkeeping.

Charles Richardson, former Stater, has just received word of his appointment as educational adviser for C.C.C. camps generally. At the present time Richardson is working the Medford district. His experience is varied; several years of his life have been spent in the army's service; another period was spent in practical carpentry, and while going to Santa Barbara State he taught practical carpentry for the men of the industrial education department.

DEAN ASHWORTH ATTENDS MEET IN SOUTHLAND

On November 17, Dean William Ashworth will attend the meeting of Southern California College Teachers of Speech at the Old College, University of Southern California.

The program will consist of reports from Professors Carr and Beason on work of the State Committee, College and J. C. levels. Mrs. Johnson will outline the Speech Arts program for the year and will give a report on the Western Convention.

Guest speakers will be Mrs. Lillian Strack Holmes, author of "Human Beings Being Human" and other books of monologues; Mrs. Alice C. D. Riley, author of "The Mandarin Coat," and several other one act plays.

Class Makes Linen, Silk, Woolen Articles

The weaving class of the art department, under the direction of Mrs. Mary E. T. Crosswell and student teacher Mary Jane Keller, is progressing nicely, according to Mrs. Crosswell.

The students are working with linen, wool and silk. Colorful scarfs, baby blankets, table runners, linen towels and many other articles are being woven.

These classes are held on Tuesday and Thursday afternoons.

McDavid Transferred to Local C.C.C. Camp

Bill McDavid, '33, visited the campus last week. He has been teaching at a C.C.C. camp in Idaho but has been transferred to one near Santa Maria. He is an educational adviser.

When at State, Bill was senior class president. He was a social science major.

Edith Leonard Writes Essays for New Series

Miss Edith Leonard, head of the kindergarten-primary department, received word yesterday that two of her manuscripts have been accepted by the W. F. Querrie and Company of Chicago, publishers of the World Book.

Miss Leonard, working in collaboration with Mrs. Lillian Miles, assistant to the superintendent of schools in San Bernardino, wrote two manuscripts, one on "The Child in the Home From Birth to the Tenth Year," and the other on "Life in the Desert," a complete unit for teachers.

Nine Volumes
These two works will be among the nine volumes in the new "Child Builders" series being published by the company. This new series includes four volumes for teachers and five volumes to be used by the parents in the home. Some of the works will be published before the first of the year and the two contributed by Miss Leonard will appear in March and April of next year.

Accompanying the two manuscripts are photographs of work being done by children in schools throughout California and the activities that have been completed by them.

Miss Leonard and Mrs. Miles have been asked to contribute further material for this series.

Camp Holds Open House

In the observance of national education week, the Los Prietos C.C.C. camp in the upper Santa Ynez valley held an open house last Thursday evening when visitors were shown the educational classes in session. Eight graduates of the Santa Barbara State college are included on the educational staff presenting instruction under the direction of Jerry L. Bennett, camp educational adviser.

Captain Leon A. Whittier, camp commander, conducted the guests on a tour of the different departments of the camp, later presenting a special showing of films which he had taken of various phases of the camp work at Los Prietos camp.

A reception was held later in the evening for the visitors, army officers of the camp, forestry officials, and members of the educational staff. Mrs. Jerry L. Bennett and Mrs. Edward von Seeth presided at the tea table.

Included among the visitors from the State college were Miss Elsie A. Pond, Miss Della Haverland, Roy L. Soules, and Schurer O. Werner. M. J. Bowen, national inspector of C.C.C. camps through out the country and a recent visitor of the Santa Barbara camps, lauded the educational work being done at the Los Prietos camp under the direction of Mr. Bennett.

Peggy Koëpp Plans Affairs for Group

Peggy Koëpp was elected vice-president and social chairman of the Junior High School department at an election held Monday, November 5, in room 43.

A revised constitution which has been up for discussion for several weeks was accepted. According to the regulations, dues will be one dollar per year.

Treasury Reports Accepted

Monthly Statements Will Be Read at S. B. Meets

Treasurer Gives Data

Prexy Asks Students for More Support at Grid Games

Martin Verhoeven, treasurer of the student body, gave a financial report for the month of September at the assembly held Tuesday morning in the auditorium.

These reports will be given each month at the regular student body meetings, according to Mr. Verhoeven.

Following the report, "Bud" Lambourne, presiding president, gave a pep talk and asked for more student support at the games.

Eleanor Mellinger, school pianist, played two piano solos. "Goldie" Goldsmith and Jack Knight led the group in a number of yells and two fight songs.

The treasurer's report, read at the meeting by the student body treasurer, is as follows:

Social Group Sponsors Jig Friday Night

Friday night, November 16, collegians will don their cords and their gingham dresses and travel to Rockwood for the fourth school dance of the year.

This dance will replace the "Farmers' Formal" which was scheduled to be held on this evening. The farmers' dance will be held at a latter date which will be announced some time in the future.

Informal Dress
Fred Lambourne and his college orchestra will tune up their fiddles and burst forth into merry music at eight thirty o'clock.

Everyone is asked to come in the proper dress for the evening as the dance will be strictly informal.

"It is hoped that the sudden change in the plans for the dance will not alter the enthusiasm which has been aroused," stated Dorothy Weber, chairman of the social committee.

Invitations must be in by 3:30 Friday afternoon. Students are urged to sign up in Dean Bennink's office as soon as possible so as to avoid last minute rushes.

Punch will be served throughout the dance and a program is being planned for the intermission.

Sponsors for the evening will be Mr. and Mrs. Harrington "Pop" Wells, Miss Helen E. Sweet, and Dr. William Ellison.

Snap Contest Closes Soon

"The snap shot contest, which is being sponsored by the staff of the La Cumbre, gives those interested in photography a great opportunity to test their ability at taking pictures," states Rea Mc Peak, editor-in-chief of the school annual.

Monetary Prizes Offered
Three prizes will be given for the best pictures. The first prize will be \$200; the second, \$100; and the third, a small camera. The best snap shots will be printed in the snap shot section of the La Cumbre. Those pictures which are good, but do not get into the La Cumbre, will be sent to the Collegiate Digest, the rotogravure section of the paper.

"We would like to have the spirit of the campus in our publication, and this can be accomplished if we have many pictures of students in the snap shot section. We would like to have everybody on the campus in the annual this year," further urged Miss Mc Peak.

These pictures are not to be on the list of the students but of the faculty members also. Any unusual scenes around the campus or any other place should also be "snapped."

The contest will be closed shortly before Christmas.

Scout Class Meets at Lincoln School
A training class for prospective scout masters was held for the first time this year on Thursday evening, November 15, at the Lincoln school at 7 o'clock. Calvin McCray, scout executive for the Mission Council, was in charge of the class.

This training is given each year for credit in the college physical education course, according to Fred Allred, controller. "All students interested who missed this meeting may see me immediately about joining," Allred stated.

Students Miss Too Many Meets
Survey of assembly absences shows that 253 seats in the auditorium have been vacant during the four or five assemblies of this year when they should have had attentive students in them; 153 students are offenders, and a total of seven and one-half honor points have been lost.

This is by far too great a percentage of absentees, according to Dean William Ashworth. An investigation is being planned to determine why students do not attend assemblies. An honor point is given for perfect attendance at all assemblies, making an easy way for students to gain these points.

ABRAHAM TAKES TRIP
Mr. and Mrs. Byron Abraham, Miss Bertha Abraham and Miss Mary O. Steele spent the week-end at Boulder dam Saturday and returned Monday night.

Department Plans Collaboration With S.E.R.A.
Plans for collaborating the S. E. R. A. nursery school have been submitted to the state superintendent of schools. If the plan is approved, classes in nursery training will begin next week. "I am greatly gratified at the development of this unit of nursery education at Santa Barbara State college, which will be one of the very few in the state," stated President Phelps.

The aims of the nursery department will be to help parents who must work, to do original work and to establish right habits, appreciation and attitudes in the very young child, and to give employment to teachers in Santa Barbara. The nursery department is under the administration of the S.E.R.A. with Miss Helen Butler as teacher.

Planned in 1932
"Ever since the kindergarten-primary department was organized in the spring of 1932 we have been eager to see the work extended to the nursery. All over the United States nurseries have come to prominence," said Miss Leonard.

A regular 124-unit plan has been set up for nursery school training. (Continued on Page Two)

Ericson Sees Bright Future
In a speech addressed to the Business Men's club of the First Methodist church, Mr. E. E. Ericson, head of the industrial education department, stressed an optimistic outlook for the future of skilled men.

He opened his talk by saying that young men of today are having their spirits dampened because of lack of knowledge and pessimism. The young man of today must be made to realize that he must develop a new philosophy of life, new interpretations of worth-while accomplishments, and new opportunities for obtaining these accomplishments.

New Opportunities
"True it is that some of the old opportunities may have been disturbed or removed, but others have been brought about as substitutes. There must be more free and liberal education, more acceptance of responsibility by the government for the security of the people. Times are turning so that the government will take the responsibility for old age sustenance.

"A survey in Los Angeles has shown that there are practically no young men in many of the mechanical trades. The majority of carpenters and cabinet makers are past 50 years of age. Most of the latter received their training in European countries—the old men will not go into work again. Young men will be needed for the more important phases of technical and mechanical work on the upper levels, but opportunity knocks only for those who prepare themselves."

Graduate Visits Mrs. H. M. Barnett
Mrs. Helen M. Barnett, chairman of the music department, had as guests over the week-end holidays Mr. and Mrs. William Hartshorn and Miss Grace Barnes of Los Angeles.

Mr. Hartshorn is a graduate of this institution and is now head of the music department at Beverly Hills high school. He has recently been appointed chairman of the music appreciation committee for the next national music supervisors conference in 1936.

Calendar Tells Coming Events

- Friday, Nov. 16—Student Body Dance.
Saturday, Nov. 17 — Football Game—La Verne vs. Santa Barbara, at La Verne.
Phi Kappa Gamma informal dance.
Sunday, Nov. 19—Home Economics and Industrial Education picnic.
Monday, Nov. 20 — Fraternity and Sorority meetings.
Tuesday, November 21—A.W.S. and Men's Club meetings.
Wednesday, Nov. 21—International Relations Club, 7:30.
Band meeting, 7:30.
Phi Sigma Chi, 7:30.
College Y, 7 p.m.

Theatre Board Tells Need of Big Patronage

"If attendance at the next Lobero production, 'Goodbye Again,' does not show a decided increase the drama branch will be forced to suspend operations," according to word received from Paul Whitney, director of plays at the Santa Barbara community playhouse.

"Whether community plays can be continued at Lobero under the very adverse conditions which have prevailed the last two years has been a question which has been raised many times, both by the theater staff and by the drama board," Whitney said. "Had it not been for the fiesta play which played to large audiences, the community plays more than likely would have had to have been suspended last summer."

Not Supporting
According to the director the first two plays of the season have not paid for themselves. "It was agreed that at least one more production should be attempted," Whitney stated, "and 'Goodbye Again,' a light and amusing comedy was selected."

Up until the present time no definite action has been taken by the drama board but it is understood that if business does not improve on this month's play, the drama branch will be forced to suspend activities.

A slight increase in attendance was noticed at the last performance but due to the decrease in the price of the tickets it was not sufficient to offset the expenditures.

"If we are able to hang on a few months longer I feel certain that our box office receipts will build back, through increased attendance at the plays, to what they were before we cut the price of tickets in order that we might appeal to larger audiences," the director said.

GRAD RECEIVES BID TO HONOR FRAT AT CALIF.
Stuart M. Thompson, a graduate of the history department of State college in 1933, has been elected to membership in Lambda chapter of Phi Delta Kappa, an honorary educational fraternity at the University of California.

Membership is open to graduate students who expect to make education their profession and whose work is superior, according to a letter written to Mr. Thompson by the secretary of the fraternity.

Mr. Thompson is the nephew of Miss Winifred Frye, a member of the home economics department of the State college. He attended the local high school and was an honor student. At State college he was a member of Kappa Delta Pi, honorary fraternity.

Students Miss Too Many Meets

### WE KNOW HOW HE FEELS

## Elaine Walters Tells Plans for Wedding Soon

Entertaining with a bridge party and a buffet supper at her home last Tuesday evening, Miss Elaine Walters, 37, announced her engagement to Albert W. Oakley, son of Mr. and Mrs. William Oakley of Goleta.

Formal announcements printed on white parchment rolls were presented to the guests at an informal afternoon luncheon.

Miss Walters is a former student of the State college and while attending here held the position of college song leader. Mr. Oakley was a student at the University of California.

Guests of the bride-elect were the Misses Dorothy Movius, Lorraine Caldwell, Marjorie Brauns, Jean Townsend, Constance Allen, Frances Kerrigan, Catherine Cornwall, Norma Rezzonico, Mary Alice Halferty, Irene Ayling, Margaret Duncan, Martha Honsberger, Phyllis Woodsford, Stella Mae Smith, Gladys Root, Frances Rae and Mrs. Donald Reid.

## Course in Nursery Training Started

(Continued from Page One) The local S.E.R.A. nursery school will be used as a laboratory.

"Although many people think the kindergarten teacher can handle this work successfully, this idea is erroneous. Nursery training requires very definite and specialized training," stated Miss Leonard. Dr. Emily Lamb of Johns Hopkins university will teach several of the classes in nursery training.

Subjects which will be offered in the nursery training department beginning with next week are: behavior and psychology, including the study of abnormal children, four units; seminar, a study of nursery procedure, parent education case studies and observation in the nursery; introduction to teaching in the nursery, including observation and participation, two units. The studies will be taught by Dr. Lamb.

### Lobero Theater

The financial crisis facing the Lobero theatre and the allied community arts association is significant from other angles than the obvious one that there is, and has been for some time in the past, a depression.

The darkened theatre, if there is to be one, will be the result of lack of patronage. It will not be the result of too heavy overhead, too big salaries, too many or too few productions.

It is significant, too, that Santa Barbara's community theatre is forced to close its doors at a time when the community and little theatre movement is flourishing in other parts of the country. Surely in the last few years the appreciation and interest in the legitimate stage, whether professional or community, has been coming back.

For many years the Lobero has been an outstanding part of Santa Barbara's cultural community life. Perhaps it has been taken for granted. Perhaps our citizenry is so accustomed to having it function that many of us no longer make a definite effort to support its offerings.

But with the positive prospect of a closed theatre in Santa Barbara, let us hope that the interest in the community arts association will be rapidly revived. Without forcing patronage on those who definitely do not care for the legitimate stage or on those whose interest for recreation is elsewhere, there must be enough people in Santa Barbara to keep the doors open for this worth-while enterprise. If each person who is interested in the stage and presentation of drama would make a definite effort to support each monthly production, the theatre should be able to continue its traditions of community service.

The fate of the theatre lies with those of us who are interested in it, not with those who are not. Therefore let each interested individual, personally, support the coming performances.

### I Saw It in the Papers

By DON MacLEOD

Smedley D. Butler in an Armistice Day address set a precedent for American youth. "I will never carry a rifle beyond the borders of the U. S. again," he said, speaking in Temple B'nai Jehshurun in New York. "Wars are all economical, all are fought over an oil well, a coal mine, or some foreign investment, but that isn't the reason given you." U. S. Marines Corps the Butler termed a "debt collecting agency" and war the greatest international racket known.

Last summer when pressure was exerted upon Governor Merriam to give Tom Mooney another hearing, it will be recalled that he flatly refused on the grounds that there was not sufficient evidence of his innocence.

Now the supreme court has ordered the state of California to show within 40 days why a review should not be granted him. Such action will necessarily put Governor Merriam in what is popularly termed "a tough spot", for in point of fact, the only substantial evidence existing is evidence which proves his innocence.

The findings of the Wickersham Report concerning the case and the haunting fact (to the present administration) that both the jury which found Mooney guilty and the judge that sentenced him have since admitted their error, are bound to embarrass somebody. It will be interesting to watch the outcome.

Another landslide with democrats gaining in almost every division of the administration, characterizes the recent election. This totally unprecedented outcome would seem to leave Roosevelt's new deal with unlimited power to carry out its cryptic designs for recovery. But what course will the administration take? It has three choices: to the left, to the right, or down the middle with dangerous impediments in each. Here is another interesting, but more serious situation.

### Billet-Doux

Ah, woe is us, or at least some of us, as cinch notices, those beloved (like spinach) reminders that, after all, we do come to school to study, make their first appearance of the fall season.

Despite the kindly (like castor oil) statements of the teachers that cinch notices do not necessarily mean we are going to flunk, terror strikes our hearts and our knees assume the attitude of eucalyptus trees in a wind storm, as we find these missives of ill-tiding in our mail boxes.

Ah, woe is us. Why didn't we study? Why did we go out? Why were we so sleepy in class?

But, then, say we, hope springs eternal in the students' chest! Let us study from now on. Let us make resolutions (not like New Year's) to do today what should be done. Let us keep awake in class and get interested in the work. Let us study . . . and study . . . and study.

And when the final reckoning comes peeping stealthily out of our mail boxes, we won't be the sad one! You may, but we won't.

### L'Allegro

And while we're on the subject, we might mention that it has been rumored that there are some students who didn't get cinch notices. Congratulations to them. We hope they feel sufficiently rewarded by not receiving those delightful (like studying) remembrances.

If only the worst of us were as good as the best of us, what a pleasant time we would have at the semester end.

### Art—Music—Drama

By MARY TOMLINSON

#### Dixie Jubilee Quartette

"Tom Cats Harmonized in the Moonlight" all over the campus last Thursday morning after second period assembly, all on account of the demonstration given by the Jubilee Negro Quartet.

These lively performers rollickingly awoke late-morning-dozers to sit up and take notice of their entertainment. If the Jubilee singers failed to arouse their somewhat sleepy audience by the rhythmic "Jube, jube, jubilee" in "Way Down on the Ol' Camp Ground", they could go away at least knowing they did it with their "Steam Calliope" imitation. The tenor must have been employed solely for the purpose of that rendition. All of us could not help seeing that time-old circus contraption come veering around the corner with a troop of excited children milling around its wheels.

As for the cats, we were glad the quartet had sense enough to refuse an encore. Nothing could compare with their cats—cats that not only yammered and howled but really clawed and scrapped on all fours.

Towards the end of the concert the tenor threw his head back and called up the mountainside, "Little David Was a Shepherd Boy!" while his fellow singers came in with "Little David Play on Your Harp." This number carried touches of mountain scenery, golden harp strings, and a certain delicacy of beauty not expected in negro music. It raised itself upon a higher level from the other songs and made a perfect postlude to the loveliness of the baritone solo offered just before.

"My Old Kentucky Home" sung with a deep feeling of reverence held the audience intensely silent until "The Green Grass Grows All Around, Around" broke through to recreate the prevailing atmosphere of fun. Among the many other songs, "Good News of the Chariot's Comin'" was outstanding for the hushed interlude of close harmony, something which negroes are able to do better than most singing groups. We were somewhat puzzled over "John Brown's Body" and a little annoyed about "Lucky, Lucky Jim," but overlooking these low-humor points we were highly entertained.

# GAUCHO GAB

By BILL HOYT

At last amid a student body of nearly eight hundred lifeless students, there's a group, a team of fellows that fight with tooth and claw till it's physically impossible to lift a hand. Against a far bigger team, practically 15 pounds to the man, the frosh squad fought their hearts out in a losing battle against Black Foxe. Bad breaks and tough luck combined to hand the babes their second defeat of the year in a game that they should have won.

"Sandy" Sanderson received more publicity in the Interscholastic News Service for his long punt than the whole varsity has during the season. To quote: "Harold Sanderson, Gauchos fullback previous to the injury that took him from Oxy-State game made the longest kick of the year. Kicking from his own 10 yard line the ball went out of bounds on the Tiger 12 yard line. The ball actually traveled 88 yards in as much as 'Sandy' was standing on his goal line when he kicked." Toward the latter part of the game "Sandy" received a serious neck injury and a spinal concussion. His condition has improved considerably and there is a possibility of seeing a bit of action this Saturday.

All the southern schools are following the idea investigated here by Nick Carter, State's varsity track coach, in having cross country runs during the half of the football games. Three have been run with Oxy competing in each, Santa Barbara, Whittier, and Cal-Tech. The latter was the first night cross country that has been attempted. Cal-Tech won.

A ten year old tradition ran true to form last week-end when Cal-Tech downed the Oxy Tiger 6-0. For the past decade the technicians have been winning on the even years and the Bengals take home a victory on the odd years. This year was no exception, '34 reads even so, Cal-Tech was the favorite over the higher rated Occidental squad and won to back it up.

Some more of nothing; Howard Yeager, the frosh football captain in the Black Foxe game, is ahead of the leading Southern Conference

## State Team and Caltech Squad Race

In the next step of an extensive pre-season track program, the Gauchos tracksters hook up with Cal-Tech, when a three mile race will be run between halves of the Gauchos-Tech game on the 23rd of November.

Cal-Tech is sending down the same 12 men that defeated Oxy. Six of these men are varsity, the others, frosh. The Gauchos were defeated by Oxy in varsity competition, but the frosh, paced by Hooper, scored heavily so it is possible that they may get a fifty-fifty break.

The varsity entrants will be Jackson, a veteran from last year's squad and first place varsity man against Oxy, and James Shaug. The frosh will be headed by Hooper, state high school mile contender and winner of the Oxy meet. Roland McDonald, a transfer from Pittsburg who is rapidly rounding into form and may even beat Hooper; Roland, local high school mile ace; Shean, a new comer to track circles but a fellow with plenty of the old fight; Loudenclos, another inexperienced man; and Kirkpatrick, Ventura high school flash, compose the frosh team.

scorer, Johnnie Arrambide of Whittier by 35 points, and he didn't score once in the cadet races; Hooper, the frosh cross-country flash has an athletic field named after him down in the "Olde Home Town"; the varsity basketball team has had two games so far and has had no trouble to win in both due to the added weight of a new system each time; I Got-cho, see you all in La Verne. We should win if all goes according to Hoy-Hoyle.

### How Close the Frosh Came to Winning

BLACK FOXE	S. B. S. C. FROSH	
15	First Down From Scrimmage	18
5	Downs From Running Plays	14

0	Field Goals Attempted	0
0	Field Goals Made	0

## Frosh Outgain Cadets Only to Lose as Black Foxe Fills Air With Passes and Wins 18 to 0

Passes. Passes! Passes! That is the story of the Frosh-Black Foxe game. Scoring twice on long passes and intercepting one of the yearlings wild heaves, the Cadets defeated the Gauchos Babes 18 to 0 in the Ventura high school stadium before a large holiday crowd Monday afternoon.

In the middle of the first quarter Wilson, Black Foxe leftend, faded back from the 32 yard line and shot a long pass over the goal to Moore, right end, who picked the pass out of three Santa Barbara men's hands to score the initial touchdown. The conversion was blocked.

The Gauchitos had the edge during the rest of the first half, holding the military men at bay and making one serious bid for a score. Taking the ball on their own 40 yard line the yearlings drove to the five on a drive down the field which featured runs by Morelli and a long pass to Yeager. This threat was ruined by a fumble which was recovered by a southerner.

The Frosh came back in the second half with more fire than they had shown at any point of the game, but the deadly passing of Peccianti and the uncanny receiving of Moore was too much, for the Cadets scored again on another pass that landed in the arms of Moore right in the middle of a whole group of Santa Barbara men over the final yard stripe.

In the fourth period the Frosh made a valiant attempt to score via the sky route but Hickerson, Black Foxe fullback intercepted one and ran over the goal with four men running interference.

Defensively Tip Willis, end, played a bang up game, while Oldershaw, new guard with only one week of practice under his belt, was in the Foxe's hair all afternoon. Simeral, tackle, turned in his usual brand of high grade football.

Offensively Morelli, halfback, and Swanson, fullback, carried off the honors for the States. Hickerson, fullback; Moore, end, and Wilson, halfback, were outstanding in the lineup of Black Foxe.

The lineups:  
 Black Foxe Freshmen  
 Cummings LER Coy  
 Link LTR Simeral  
 Stagnaro LGR Oldershaw  
 McIntire C Ziegler  
 Wilmot RGL Hayman  
 McGann RTL Glidden  
 Moore REL Willis  
 Molin Q Pollack  
 Dietrick LH Yeager  
 Hickerson RHR Swanson  
 Peccianti FL Kahn

## VARSITY HOOP TOSSERS PLAY OPEN GAMES

With a new system to be installed and put in working order, Coach Hal Davis has been tutoring his basketball aspirants for over a month. Although only a small squad has been practicing thus far, those boys are rapidly rounding into shape.

The varsity, as it stands now, is composed of Hoffer and Lebec, a pair of veterans, at forwards; Johnson, a sophomore, at center; and Nolan and Van Winkle, the latter one of last year's frosh, at guards. This quintet has started in scrimmages with Thureasons All Stars, and the Carpinteria Athletic club. Hoyt, Leister, and De Rosa form the rest of the present squad.

Many of last year's stars and transfers are still out for football and will greatly strengthen Coach Davis' squad when they finish their present duties. Rezzonico, Miller and Lee held down regular positions on last year's team, while Stockel, Keith and Dorn have all played a lot of basketball. Among the transfers who will probably make strong bids for first positions are Voorhees, Stanley and Durham.

## Frosh Win As Hopper Parts Tape in Race

In an effort to regain the somewhat battered prestige of the Gauchos new deal, Nick Carter is holding two interclass track meets. In the first Hopper of the frosh galloped home in first closely followed by McDonald, another frosh, the varsity or upper class managed to get a third and that by the veteran Jackson. The frosh walked off with the remaining seven places. Rather a frosh field day.

The second meet will be held Thursday and Coach Carter hopes to see more upper class men out. Although the frosh have by far the best material, the unusual rather than the usual seems to be the rule in sport circles this year and the second meet may find a complete reversal.

## State's Musicians Play Over KDB

Music for a 15 minute educational broadcast on December 7 at 9:15 p.m. over station KDB will be furnished by the music department of this school.

**H. E. SALE**  
 Committees working on the annual Christmas sale held by the home economics department have begun making the toys, dolls and specialties which will be sold during the week preceding Christmas.

## Hardermen Travel South for Final Conference Game

### Leopards Hold Conference Cellar Position Yet by Comparative Scores Have Slight Edge Over Los Gauchos

The Santa Barbara Gauchos traveled to La Verne Saturday afternoon in an attempt to polish off the Leopards' spots and get back into the win column. After a week's rest, Coach "Spud" Harder's men are in good shape again and should have an advantage over Lee Eisen's crew, who suffered a 14-0 defeat at the hands of Redlands last week. On paper the southerners are a few points better than the Gauchos, but due to the strong showing Santa Barbara made against Oxy, they will enter the game on even terms.

### Frosh Coach Attempts to Sign Games

With prospects for a post season game, Coach Bud Cumming's frosh football squad turned out for practice this week, although their last game on the schedule, that with the Blake Foxe Military academy, was played Armistice day. Coach Cumming has many letters out asking for games with certain schools such as Visalia, Porterville, Santa Maria, and Ventura Junior colleges. Until these offers have been definitely refused, the freshmen will hold their daily practice sessions.

With a few exceptions the injuries sustained with the much heavier military academy eleven, were less than in the past games. Gruel and Glidden, both tackles on the frosh, came out of the game with seriously injured legs. Gruel injured his knee which has been troubling him all season, and Glidden sprained an ankle; Dan Mulock end, suffered a severe cut over his

left eye, and Barney Swanson, fullback, pulled a muscle in his leg, but both will be able to play if the game is scheduled. Howard Yeager and Bob Morelli, received minor bruises, but they also will be ready for play.

Hacking Tells of Engagement at Meet Mon.

Miss Catherine Macking, home economics major, announced her engagement to Arthur J. Staples at the Alpha Theta sorority meeting last Monday night.

Miss Hacking informed the girls that the wedding will take place sometime during this coming March. Mr. Staples is now working at Springfield, Mass., where Miss Hacking will join him to be married.

The customary five pound box of chocolates was presented to the sorority by the bride-to-be, bearing the candy inscription "Kay and Arthur J.—March."

Grads Marry at Riverside

Jocelyn Kelley, alumna of Santa Barbara State college, and Edward Hilmar Carlson, employee of the Santa Fe Railway company, will be married at the Presbyterian church at Riverside at 8 p.m., on November 17.

The bride wore a gown of white satin with a tulle veil and orange blossoms. The bride's sister, Ruth Kelley served as bridesmaid and wore a gown of rose crepe.

Following their marriage Mr. and Mrs. Carlson traveled to Florida, going through Jacksonville, Key West and Miami. From Key West the couple will sail to Havana on board a Dollar liner.

They will return by way of the Panama canal and travel up the Pacific coast. After the 15th of December they will reside at Winslow, Arizona.

Pu Ko How Breakfasts

Pu Ko How breakfasted at El Cortijo on Sunday morning at 10 o'clock.

Those present were Bertha Richards, Violet Barnett, Marion Jobler, Wilma Kiesner, Margaret Laing, Mildred Davis, Esther Goss, Jean Goss, Sophie Hopland, Josephine Newsteiter, Marjorie Mansfield, Agnes Smith and Mrs. Ruth Kinye.

ARTISTS MEET

The Art department will hold its monthly dinner, Tuesday evening, November 20 at 6:15. Members will be allowed to invite guests.

Sorority Holds Party-Dance at Stroller Hall

Alpha Theta Chi sorority held an informal dance Friday evening, November 9, at the Stroller's hall on Loma street. A Thanksgiving theme was carried out in both the decorations and the refreshments. While refreshments were being served the AOX quartet sang two sorority songs, one being "Sweetheart of AOX", the popular sweetheart song introduced at the formal last spring.

The guests were Ruth Carter, Catherine Hacking, Mary Bell, Peggy Koeppe, Gennie Jones, Madge Bunch, Dorothy Weber, Catherine Westaway, Carolyn Barr, Connie Bredsteen, Claire Wise, Eva Miratti, Jerrie Walker, Bill Hoyt, Al Scott, Joe Robinson, Harold Hart, Hi Stanley, Bill Pennington, Jack Von Efav, George Barr, Doc Stevens, Tiger Kerrigan, Andy Bredsteen, Edward Smith and Lou Martin.

Fraternity Elects Committee

An executive committee was elected at the organization meeting of the physical education club held last Tuesday morning during the second hour.

Joe Robinson, Mert Miller, Bud Cummings, Harold Hart, Wayne Bartholomew, Don Hart and Tom Mahoney were chosen.

The principal activities of the physical education club will be to further interest in sports, manage the intramural program, and to negotiate with a national P. E. fraternity with respect to organizing a chapter on the State College campus.

Oddzenezz By BARBARA SEWARD

Did you know that this is National Cheese Week? We hope that all the nasty little rodents stuff themselves so they simply die in the nearest gutter before the Pied Piper gets there to play a ceremonious "Taps" for them in their last moments.

"Just a coupla knit-wits," said Georgia Scott, dolefully eyeing Bonnie Criscoe—I mean Connie Briscoe—and really yours knitting, knitting, and knitting, and k-nitting at assembly. Then quoted that subtle-witted, raven-locked lassie, "He who makes so vile a pun would not scruple to pick a pocket." An example of a weak moment of Kipling, Tennyson, or Noyes. If you know which, you might apply for the positions of half the staff.

Sign seen on road: "Alive Lobsters Cooked." Sign seen on theater canopy: DAMES MIDNIGHT ALIBI Well, don't you think that is funny?

Seen in Los Angeles over the week-end: Lieutenant Paul Levan (member assembly three weeks ago?), hords of sailors—many of them very soupy—store windows full of dolls.

Tallyho! Or some suitable English expression! We think it would be a pleasant custom for the Ladies Aid society—or some well-meaning organization—to serve tea between the halves of the football games. About 4 o'clock when the fog is so dense overhead it is practically dark, when your nose is so cold it is red, when your knees begin to shake, and your fingers are so stiff you can't knit during timeout—ahhhh a cup of tea—a cup of tea and thou—even in that cold stadium—Oops, good-bye—the British are after us—hey, hey!!!

Group Invites Alumni to Dance

Active and alumnae members of Alpha Theta Chi sorority gathered at the home of Madge Bunch for a meeting Monday night November 5.

The alumnae were invited to attend a dance to be given by the active members at Stroller's Hall Friday, November 9. After the meeting the girls worked on favors to be given at the rush party. Practically all plans have been completed for the rushing season.

Those present were Ruth Carter, Catherine Hacking, Mary Erickson, Mary Bell, Catherine Westaway, Audrey Gill, Dorothy Weber, Peggy Koeppe, Gennie Jones, Jerrie Walker, Madge Bunch, actives, and the new sorority sponsor Mrs. Faith Harder; Ellen Voss, Eva Miratti, Mary Hicks, Charlotte Mobley, and Carolyn Barr, alumnae.

Sorority Plans Informal Dance on November 7

Caroline Hoefler entertained members of the sorority Monday night at her home on De la Vina street for a special meeting.

Plans for a dance November 17 were made and Tess Williams was delegated to obtain a place. Kathryn Myers and Helen Cooley were appointed to be in charge of food.

It was decided to have a benefit bridge party, date to be decided later. It is to be held at the home of Caroline Hoefler.

Plans for a theatre party to use the tickets won in the rally parade were made. It was decided to invite escorts, and have a progressive dinner preceding the theatre party. Active members present at the meeting were Tess Williams, Mary Me-

GRAD GETS JOB Miss Esther Funk, a graduate in June, 1934 from our home economics department, has a position teaching home economics and Latin in a high school near San Diego.

lano, Marion Call, Dorothy Allen, Caroline Hoefler, Rosemary Habacker and Phyllis Badger. Alumni members present were Kathryn Myers, Betty Johnstone and Helen Cooley.

Did you know our "Bud" is really AL? We notice Miss Sweet with a car. We would like to know which causes the most trouble, a car without a garage or a garage without a car? What has happened to the popular Gnomes? Judging from the enthusiasm of President Phelps over the new plans we should have a new college within three months.

Fair enough—

WE tell you that Chesterfield Cigarettes are made of mild, ripe tobaccos. We've told you about the paper—that it's pure and burns right, without taste or odor.

We have said that Chesterfields are made right. The tobaccos are aged, then blended and cross-blended, and cut into shreds the right width and length to smoke right.

These things are done to make what people want—a cigarette that's milder, a cigarette that tastes better—a cigarette that satisfies.

You can prove what we tell you about Chesterfield. May we ask you to try them—that would seem to be fair enough.

Strictly on their merits the cigarette that's Milder the cigarette that TASTES BETTER
