

\$5,000 STUDENT FUND ESTABLISHED

Fred E. Coles, retired Santa Barbara businessman, has given \$5,000 for scholarships at Santa Barbara, it was announced last Saturday by

Marrieds Get Campus Apts.

One hundred apartments for married students—33 two-bedroom units and 67 one-bedroom units—will be built on the western edge of the UCSB campus. This project is awaiting final allocation of loan funds from the Federal Home and Housing Finance Agency.

Appointed to design campus housing units for married students is the firm of Jones and Emmons, Los Angeles. They previously planned the S. B. Biological Sciences Building.

SCIENCE

Named as executive architect for the coming Central Laboratory for Radioactive Material is Albert Martin of Los Angeles. The new science unit will provide facilities for graduate study and research in radioactive materials.

Other new UCSB building projects include landscaping of residence halls' areas. Work now being done around Anacapa and Santa Cruz residence halls and De La Guerra dining commons constitutes the largest single landscaping job on campus to date.

Completion is set for May, 1961. Walks of colored concrete feature a return to the flowing, curving pattern. The more angular, squared-off walk pattern as used around Santa Rosa was found to encourage corner-cutting.

TROPICAL

Special fifteen-minute "pick up" parking areas will be furnished for each residence hall. Ample parking for bicycles is being included.

Plantings will emphasize the semi-tropical types that have earned the campus the nickname of "Guadalcanal." Various types of rubber trees will be supplemented with pines, podocarpus, camphor, evergreen pear and lemon eucalyptus.

A patio area is planned for each residence hall, opening off the recreation rooms.

Clark Kerr, UC president, and Mrs. Fred E. Coles Scholarships, the awards will be given to highly deserving students based on their scholarship, need, character and indications of future achievement. The selections will be made by the UCSB committee on honors and scholarships.

Mr. Coles, whose activities have been mostly in the oil business, has been a resident of Santa Barbara County since 1927.

In presenting the gift he said, "I am very happy to be

FILE REG PACKETS

The Registrar is reminding students that they must file their packets according to the schedule as shown on page 16, paragraph 4 of the Fall Schedule of Classes. Failure to file on time will result in a \$4 fine. Study lists filed after Friday, September 30 will require a cashier's receipt for \$10 late registration fee.

Fines for failure to file according to schedule are set by the University. They can be waived only when the University assumes direct responsibility for this failure. All students have the option of early filing on Monday, September 26, 1960.

part of this great university, particularly the Santa Barbara campus with which I have been familiar for many years.

"I am particularly pleased to provide these scholarships after acquainting myself with the magnificent work Chancellor Gould is doing here. I hope many others will participate in this type of scholarship program."

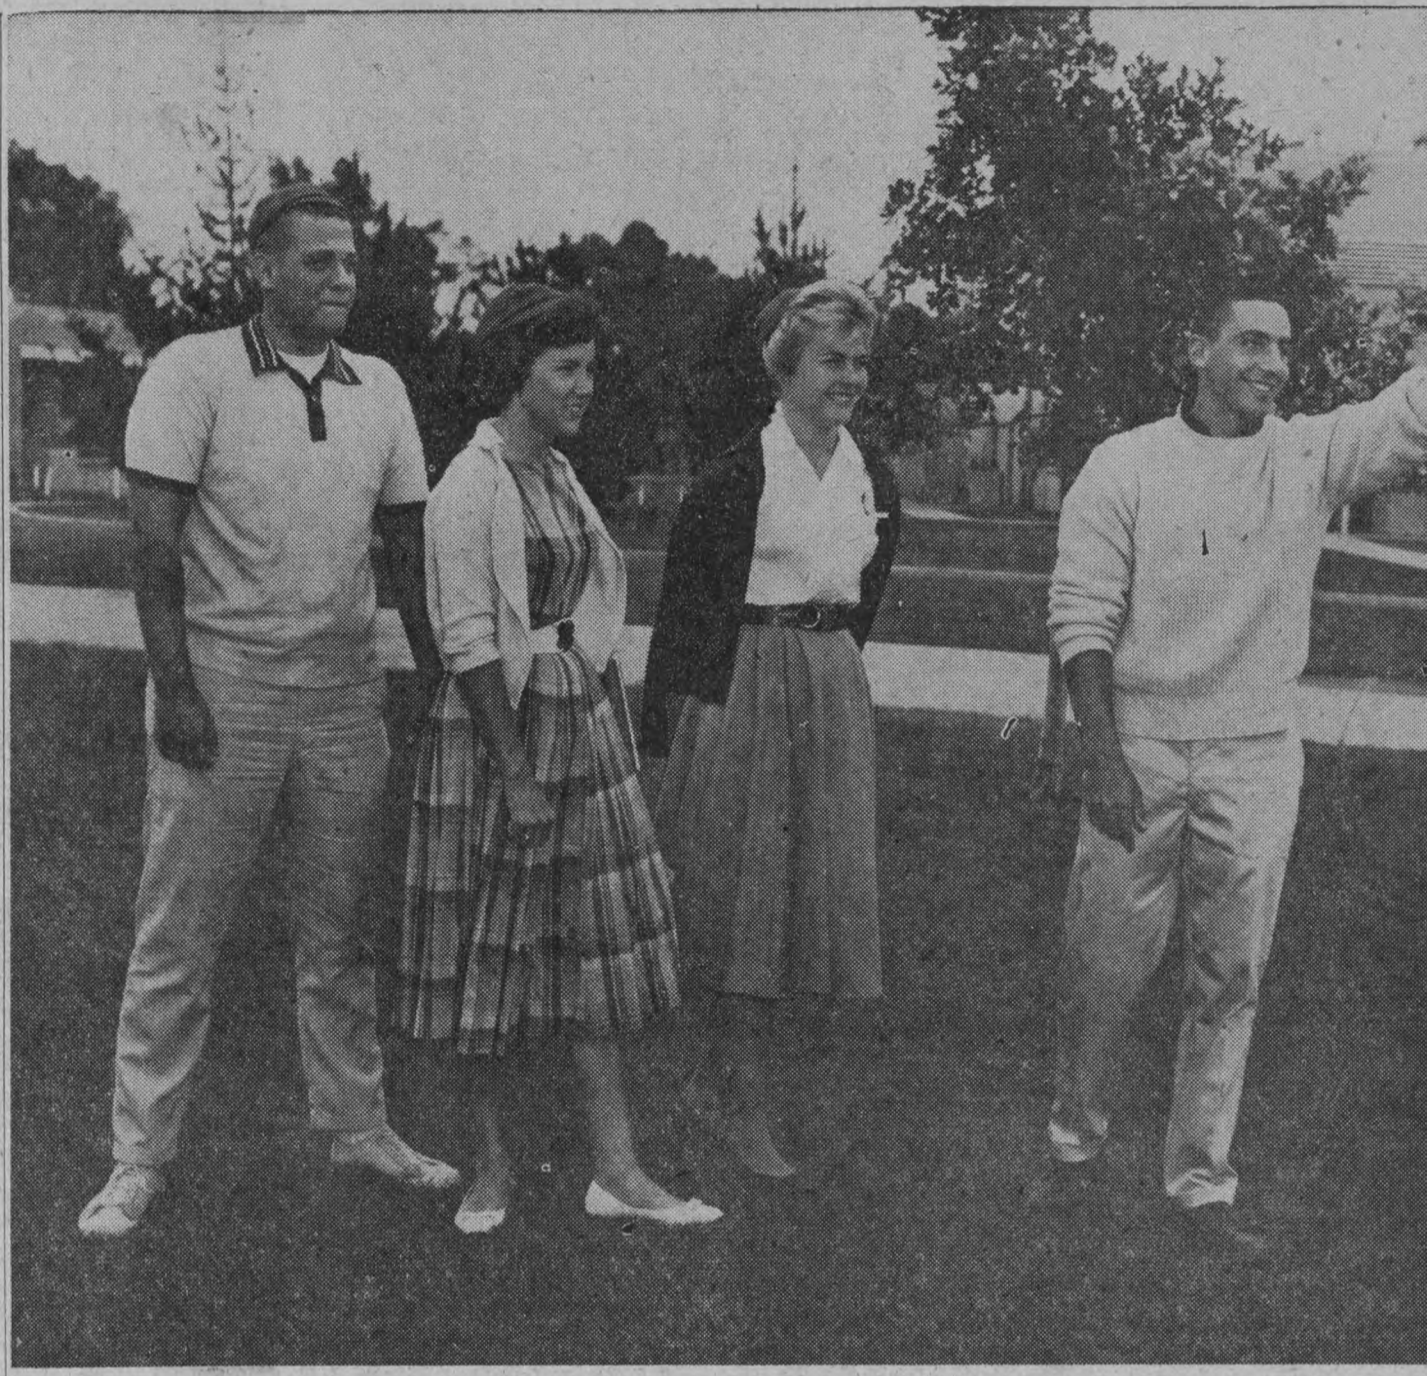

Chancellor Gould, in acknowledging the gift, stated, "We are always pleased to find citizens who recognize our need for scholarships to assist able students. Mr. Coles' help in providing funds for such students gives us great encouragement for the future."

This scholarship gift was given to the University thru the Thomas More Storke Foundation.

Phrateres Party Meet

Phrateres, a service and social organization open to all women with at least a 2.0 grade average, invites all Gaucho women to their annual membership "Huddle Party" on Monday, Sept. 26, at 7:30 P.M. in the Huddle. A pleasant evening of discussion and refreshments is promised.

Phrateres meets every Monday night. Its girls serve at faculty teas and help with many campus events, such as selling refreshments at games and track meets and ushering at theater productions.

STEVE MENDELL, Sophomore Class President, (far right) shows three members of the Freshman Class the fundamentals of rejuvenating the "Big C" on the side of the Santa Ynez Mountains facing the campus. The freshmen are (left to right) Bob Rosenberg, Cathy Diorio and Cindy Keen. The Freshman Class will carry out their task tomorrow at the annual "Big C Workday."

Frosh Workday

The Sophomore Class will supervise the traditional freshman workday in the Santa Ynez Mountains tomorrow. This event perpetuates a large "C" formed with lime on a weeded plot.

All freshmen will meet in front of the Student Union at 10:00 A.M. for the bus trip to the base of the mountain. Cars may be parked in the ROTC parking lot for those who will be leaving them on campus.

It was announced that freshmen can find their tickets to the event in their blue registration packets. The tickets include both the bus trip and refreshments.

UCSB to Hold 'Fun Night'

UCSB students, faculty and staff members will participate in the first annual "Fun Night," to be held on the university campus tonight from 7:30-10:00 P.M.

"Fun Night," started last year, met with such an enthusiastic response from the UCSB community that it will be continued on a regular basis during this academic year. Participants are offered a variety of activities, including badminton, table tennis, volleyball, gymnastics, trampoline, shuffleboard and folk and square dancing. All events are held in Robertson Gymnasium. "Fun Night" is sponsored jointly by the recreation control board of the Associated Students and the department of women's physical education at the University of California at Santa Barbara. Miss Linda Moore, a sophomore from Burbank, is the student chairman. Miss Kay Brown of the physical education department represents the university faculty.

Homecoming Help Needed

The theme for this year's Homecoming will be "UCSB Gauchos Salute the World of Music." To plan the Homecoming the Special Events Committee will meet every Tuesday at 4:00 P.M. in the Huddle. Members are needed for this committee.

Jean Christian and Linda Barge will direct the Homecoming and parade activities this year. Both are experienced members of Special Events Committee, with two and one years of service, respectively. The GGR program is also being planned by the Committee. This year's show will be produced with the help of Hal Brendle, Gaucho band director.

FRESHMAN QUEEN CONTEST LAUNCHED

With the deadline for entering past, the annual Freshman Queen Contest is under way once more. As in previous years, the contest will be decided by the amount of money received in containers placed around the campus. There will be no fund raising activities of any kind. Deadline for turning in money will be noon, Sept. 30. The winning hall and candidate will be announced the next night at the Freshman Dance.

The halls will be responsible for supplying their own containers and placing them throughout the campus. Containers may be placed on tables in front of the two dining commons, the Student Union, at the library and in the lounges of the various residence halls. To avoid "accidental" loss of money, the halls are urged to have members of their halls watch over the containers.

RHA Calls For Special Ballot

Charlotte Fairbairn, RHA vice-president, will head the RHA special election being held for the offices of RHA executive secretary and Santa Cruz and Anacapa officers Thursday and Friday, Sept. 29th and 30th.

Notices about signups for any of these offices will be posted by committees in Santa Cruz and Anacapa halls. A "C" average for the preceding semester is a requirement for all applicants. The office of secretary is open only to students who have lived on campus for one semester and who are of at least sophomore standing.

Voting will take place on Sept. 29th and 30th at Ortega Commons for Casitas and Santa Rosa residents only, and at De La Guerra for residents of Santa Cruz and Anacapa.

Students May Sign Up For Fall AS Election

Santa Barbara students interested in participating in student government will have the opportunity to sign up between September 29 and October 7 for the Associated Students' Fall Special Election.

Signups will be in the Associated Students' Office behind the Student Union. This election is being held to fill vacancies that have opened in student government.

Offices to be filled, according to Lynn Roseman, election chairman, are: Associated Students' Secretary, Sorority Representative, Non-Affiliated Women's Representative, Non-Affiliated Men's Representative, Sophomore Class Vice-President and Freshman Class President, and Secretary-Treasurer. Actual voting will take place Oct. 13 and 14.

Course Deadline Set

The Registrar's Office wishes to emphasize that the deadline for adding courses for all student programs is Friday, Oct. 7.

Chancellor's Note to Students

To the Students:

May I express my appreciation to all of you for your patience and forbearance during the registration period.

Because of the unusually large number of students enrolled, procedural problems arose which were unforeseen, but which make it apparent that we must now revise considerably our procedures for the future. Such revisions will have as part of their purpose doing away with the long lines and the other discomforts which have been characteristic of registration in the past.

If any one of you has suggestions to make in regard to registration procedures, I would appreciate your sending me a note.

Sincerely,

Samuel B. Gould
Chancellor

Bud and Travis To Sing at SB

UCSB's sophomore class will present Bud and Travis, the popular folk singing group, in concert Tuesday, Oct. 4, in the campus theater at 8 P.M.

In this era of a surplus of folk singers, the unique styling of Bud and Travis has gained them fame throughout the country.

Both boys had worked as singles for many years before they met in San Francisco. Bud was playing at the Purple Onion and Travis, the hungry i.

They met in 1958 and evolved a new concept in folk singing. They specialized in using the guitar, not only as rhythm accompaniment but literally putting it on its own. They are a duo group who consider themselves a quartet. Travis explains in his own words: "We play counter melodic movements against the melodies we sing. Thus the guitars become two other voices."

Tickets are now on sale at the ticket window of the Graduate Business Manager's Office. Student advance tickets are \$1.25. All tickets will be \$1.50 and \$2.00 at the door. Buy now! Seating is limited.

New Sorority Pledges To Be Presented Sun.

The eight national sororities on the Santa Barbara campus will present their Fall 1960 pledges on Sunday, Sept. 25 at 3:00 P.M. at the San Marcos High School Auditorium. Alpha Delta Pi, Alpha Phi, Chi Omega, Delta Gamma, Delta Zeta, Kappa Alpha Theta, Pi Beta Phi and Sigma Kappa will present their pledge class as a group and then each girl will be introduced separately. The new pledges will be escorted by representatives from the UCSB fraternities.

All parents and friends are welcome, and coffee and cookies will be served. There will be open houses at all sororities following the presentation.

Library Calendar For Present Year Listed

The library calendar for 1960-1961 has recently been published, listing about 140 more hours in an effort to compensate for the reduction in study space caused by the construction of Unit II, according to Wendell W. Simons, assistant librarian.

The regular library hours when classes are in session are as follows: Monday-Thursday, 8:00 A.M.-10:00 P.M.; Friday, 8:00 A.M.-5:00 P.M. and 7:00-9:00 P.M.; Saturday, 9:00 A.M.-5:00 P.M.; Sunday, 2:00-10:00 P.M.

There will be no reference service on Friday nights, nor will the Wyles and Bibliography rooms be open for use. Construction of Library Unit II, which is progressing right on schedule, is expected to be complete in March of 1962.

Pick Up '60 La Cumbres

Student body card holders who did not pick up their yearbooks last year may do so now in the Graduate Business Manager's office located in the Student Union. Yearbooks which are not called for will be given away to high school students when they visit the campus on College Day, according to Bob Lorden, associate students business manager.

FOLK SINGING sensations Bud and Travis, who will appear on campus October 4.

DEAN OF WOMEN SPEAKS AT ORIENTATION ASSEMBLY

One thousand new women students were oriented at the Women's Orientation Assembly sponsored by the AWS and the Dean of Women on Sept. 12. AWS president Kay Hubbel gave a welcoming address and introduced the AWS officers and board for the year. First veep is Jean Christian, second veep is Ardis Blackburn, Secretary Lynn Peterson, Treasurer Andra Goble, Judicial Chairman Lyn James, Orientation and Banquet Chairman Elsa-Karen Johnson, Big-Little Sister Chairman Joanne Hinkley, and Publicity Chairman Sharon Sherard.

The AWS Board presented a school fashion show in order to show the new girls the appropriate clothing to wear to campus functions.

Short talks were given on standards, activities and study habits by Marilyn Jacobs, Janis Silver, and Elsa-Karen

Johnson. Also speaking were representatives from Spurs, Chimes, Crown and Scepter and Cal Club.

Dean Bowers, acting dean of women, gave a speech "On Becoming a College Woman." She introduced Anita Wheeler, dean of activities; Mrs. Muriel Engle, secretary to the dean of women; Velma Morrell, housing supervisor, and all the women resident assistants.

Julie Felix entertained with some Spanish Folk Songs and was so warmly received that she was called back for an encore.

Joanne Hinkley invited all the new girls and their big sisters to attend the Big-Little Sister Picnic, Sunday, Oct. 2, at 4 P.M. at Tucker's Grove. Tickets will soon be on sale and may be obtained through the members of the AWS Board. A discount will be given to all AWS card holders.

JOB OFFICE MOVED

The Educational Placement Service, which was formerly the Bureau of School and College Placement Service, is now located in Building 406 after having been located in Building 431 for the past six years, according to E. L. Chalberg, Placement Office Manager.

Students and graduates seeking employment—industrial, teaching or part-time work—are encouraged to register in the Educational Placement Service's new location.

YELL TRYOUTS

This year, for the first time, UCSB will have a Freshman Yell Leader. Tryouts will be Thursday, Sept. 29 at noon in the Student Union patio. Applications, which include name, campus address, phone number and experience, should be left in the Associated Students' office before Wednesday, Sept. 28.

The judging will be based on routine, presentation at microphone, general appearance and audience reaction.

POLITICAL PERSPECTIVES

by Dennis Livingston

If the library seems somewhat crowded this semester while workers hack away at the outside walls, then consider what has gone on at the United Nations during the first week of meetings. Somewhere in the General Assembly hall, room must be found for the several dozen chairs that will seat the members of delegations of the 15 countries admitted to the U.N.

This mass admission will probably be of greater historical importance to the international body than the hot air emitted by the Communist leaders over their disarmament plans. It is thus of some interest to take a brief look at the strange new names that have been thrust (or dragged) onto the world scene.

During this summer new nations were signed into being faster than you could say "Lumumba." This, of course, was a great boon to the companies that provide the shells for the 101 gun salutes which thundered across Africa every few weeks. The makers of flag poles also benefited, and native song writers are being hard-pressed to come up with national anthems.

First to lead the independence parade in the early months of 1960 were the French thrust territories of Cameroun and Togo; when Italian Somaliland became independent ("free" is not quite the appropriate word), British Somaliland across the border got into the act in a fit of brotherly love, and the two merged to become the Somali Republic. It must be reported that the French are holding on to their part of Somaliland and have no intention of letting it go, but then what can you expect from the western imperialists?

In the summer months the dam broke and most of the autonomous members of the French Community went the full way to independence, with a minimum of noise and confusion. Out of the former French West Africa came the Mali Federation, Ivory Coast, Upper Volta, Dahomey and Niger. From French Equatorial Africa emerged Chad, Central African Republic, the Congo Republic and Gabon. It's a great day for stamp collectors.

Rounding out the list in Africa is the Republic of the Congo-Belgium's little contribution to the easing of

THE RUB

by Stephen Davis

Exactly what day it is, I do not know.

I do know that it is Mental Health Year (for the weak), and that last month was Social Security Month (for the tired).

I suppose it appropriate that today and the day after tomorrow be set aside for the incompetent, insecure, frustrated, and adle-pated.

In any case, this will be the decade of the foul movement, one ridiculous and debilitating cause and crusade after another.

Of Principles and Pronouns

In the associated spirit of lunacy, countless clubs, lodges, and fraternities will not only be nationalized, but also internationalized, and galacticed. In keeping with their educational, spiritual, philosophical, and fiscal responsibilities, colleges, universities, and neighboring bars should acquaint their not too fresh men and women (terms euphemistically used) with the two basic principles of healthy movements:

1. The smaller one feels, the larger an organization one should join;

2. The less one has, the more one should try to give oneself to mendicant, starved humanity; and

3. As soon as possible, one should cease saying "it" and substitute for that passe pronoun the talismanic "we."

How proud a red, white, and blue knock-kneed, wax-eared moron may rightfully feel when he realizes that WE have built the greatest plumbing system in the history of man.

Flotsam and Feathers

It becomes increasingly difficult to write intelligibly about such things as individual integrity, the sanctity of self, and the creative responsibility of the intelligent human being, only because the words one must use are meaningless to only a small audience whose number decreases as each new wave of entering university students comes into contact with the flotsam-laden beaches of group-oriented, boob-centered thought plants and talk factories.

It is not a question of left-wing or right-wing psychological politics, but a problem of infatuation with the tail feathers, of an insistence that are buried deep in the street the regularity and uniformity

Holman's Quintet Plays Tonight at San Marcos High School Auditorium

The Bill Holman Quintet, featuring vocalist Irene Kral, will appear at San Marcos High School Auditorium tonight at 8:30 P.M.

Featured in the quintet will be a group of the West Coast's finest musicians. The leader, Bill Holman, has been an arranger and tenor sax man for Stan Kenton. He is considered one of the leading composers and arrangers of "West Coast Jazz."

Leroy Vinegar, the bassist, has been with the Stan Getz

The Goose and the Dragon

A recent article in the local adventure in journalism (Santa Barbara News-Press, September 8, Page A-10) suggests that one way to judge a student is by his desirability as a son-in-law. Thus, the assumed preference for the "wholesome-appearing youngster" dictates, it seems to me, the strategic distribution of razors, vitamin pills, pabulum, and an occasional orchideotomy. Stuffing our youngsters with bits of the "120 ways in which a person can be intelligent" is obviously necessary to prepare suitable pate de foie gras for our marital and commercial barbecues. Being something of a spiritual vegetarian, this is a form of butchery in which I can not willingly participate.

My most profound objection to the guillotine is that its victim must kneel and bow his head, thereby assuming a position inconsistent with the dignity of the human being for whom "there is much to do," and whose love is like a dragon's, even if its roots are buried deep in the street of la culebra.

Quintet and the Shelley June Christy, Bob Cooper, Frank Rosolino and the Hi-Lo's.

Advanced tickets are available in Santa Barbara at Ferguson's Appliance, Audio-Vison Company at Five Points Center, and the Contempus. These tickets will sell at \$1.90 and \$2.40.

RALLY COMMITTEE

The first Rally Committee meeting will be today, Friday, at 3:00 P.M. in the patio of the Student Union. A chairman for the committee will be chosen at this meeting. All interested students should attend.

Irene Kral, the vocalist, is a relative newcomer to the jazz world. In spite of this, she has already recorded with the orchestras of Herbie Pomeroy and Maynard Ferguson, and has appeared on the Steve Allen Show.

This performance of the Bill Holman Quintet marks the beginning of a series of Jazz Review concerts being planned for the Santa Barbara area. Future attractions will include

THOMSEN RECEIVES U.S. APPOINTMENT

Samuel E. Thomsen, director of the University Religious Conference of Santa Barbara, has received word from Washington, D.C., that he has been offered an appointment by the U. S. Department of State as foreign service officer beginning Oct. 6.

He will leave Santa Barbara at the end of the month for a 12-week training period in Washington, D.C., before being given his first assignment.

Thomsen has just returned from a two-month tour of India with Project India.

THE ARTS

RECENT RECORDINGS

by Jule Noller

For the jazz and popular music enthusiasts on campus, we have three of the latest LPs on review. These albums were recently waxed by Johnny Mathis, Miles Davis and Jaekie and Roy Kral.

The first to catch our eye was Johnny Mathis' new double-record album entitled "The Rhythms and Ballads of Broadway." What makes this LP so exciting is the phenomenal change from the ballad to the rhythm medium. Mathis' versatility in styling is shown by the departure from the melancholy and warmth of the ballads to the coyness and aggression of the swing numbers.

To the Mathis fans who have never seen him in person, the faster tracks will be quite unusual. The changes from the sweet Mathis tempo to a styling more reminiscent of the sultry Lena Horne. This is especially true in "Let's Do It," "Everything's Coming Up Roses," and "Let's Misbehave." However, these rhythm songs do not project as well on records as in person. Mathis' expression and personality are what transform these songs into such "show stoppers" in night club appearances.

The ballad collection includes such favorites as "Spring is Here," "The Party's Over," and "Dancing on the Ceiling." In the modern jazz field we discovered Miles Davis' new release "Sketches of Spain." The LP was arranged and conducted by Gil Evans, who also joined Miles in cutting "Miles Ahead" and "Porgy and Bess." If you enjoyed either of those albums, you will definitely enjoy this latest one.

Miles Davis and Gil Evans' orchestra combine to project a mood comparable to that of a Spanish flamenco guitarist. On several tracks the atmosphere of the Spanish bullfight comes through beautifully, while on others the soothing siesta mood is felt—great for relaxing after exams!

If you have never heard Jackie and Roy Kral and would like to try something light and refreshing on the jazz line, listen to "Sweet and Low Down," their latest Columbia release.

In this album they have added a new touch to some of their older numbers, such as "Mountain Greenery." Throughout the LP Roy Kral plays piano and Arney Kessel is featured on guitar.

If any of these new recordings interest you, we recommend that you stop by the Gramophone Shop, at 9 E. Canon Perdido in Santa Barbara.

WHAT'S HAPPENING IN SANTA BARBARA

by Joseph Buelna

Santa Barbara's Museum of Art, located at State and Anapamu Streets, offers the fall art student a full program of outstanding displays.

Currently showing at the Museum are works by the American artists Harry Nadler and Clarence Hinkle.

Japanese Prints

Beginning Oct. 1, prints by the noted Japanese artist, Shiko Munakata, will be shown. Mr. Munakata is known for his aesthetic influence in the delicate work of prints. This is the first time his works have been shown in America, and are here courtesy of the Smithsonian Institution. Running concurrently with this show will be other Japanese prints.

Modern Furniture

A collection of modern furniture, including chairs, tables and lamps by the contemporary artists Paul Tuttle and Kip Stuart, will be shown Oct. 2. Photographic murals showing this furniture in the home of today will also be shown.

"Ugly American"

Turning to show business, one of 1960's most controversial novels, *The Ugly American*, by Eugene Burdick and William Lederer, will premiere tonight at the Lobero Theatre, Canon Perdido and Anapamu Streets. Briefly, the story deals with the successes and failures of American diplomacy overseas. Reservations for the play may be made by phoning WO 3772. Other plays at the Lobero and also at the Repertory Theater, Arlington Avenue and State, will be announced.

MARX BROS. STAR IN 2nd SUNDAY FILM

"Duck Soup," starring the Marx Brothers—Groucho, Harpo, Chico, and Zeppo—has been announced as the second movie in the University Film Series. The vaudevilian farce will be shown Sunday evening, Sept. 25, at 7:00 and 9:00 P.M. in the Classroom Auditorium.

Produced in 1933, directed by Academy Award winner Leo McCarey, "Duck Soup" concerns the mythical principle of Freedom and its rivalry and eventual war with the neighboring province of Sylvania.

The accompanying feature will be Hal Roach's "High and Dizzy" starring Harold Lloyd. It is also of the fast-paced, slapstick variety.

The film series, to be held each Sunday evening, is open only to UCSB students, faculty, and staff.

Werlick's Sculpture

The Readers' Right

by Sheila Beaumont

"Advise and Consent" by Allen Drury is a vivid political novel, notable not so much for its originality as for its effectiveness in conveying the flavor and atmosphere of life in Washington, D.C. Providing a close-up, personal picture of legislators at work the story is set in the indefinite future, when, as now, the chief problem facing the United States is how to deal with that ever-present menace from the East, the U.S.S.R.

The title of the novel refers to the President's desire that the Senate "advise and consent" to his nomination of a controversial liberal, admired by intellectuals and violently opposed by conservatives, for the position of Secretary of State. Approval of this nomination would result in a basic change in the policy of the United States toward the Soviet Union, in the direction of more flexibility and a more appealing approach. The book deals with the pressures and counter-pressures which develop in such a situation.

The main theme of *Advise and Consent* seems to be that it is men, not abstract ideas, which run our government. These men are convincingly brought to life by author Drury. The President, whose

POINT OF VIEW

by David Bodlak

The right of the University's emblem, the campus gallery, located in the Arts Building, displays a group of seven works by artists familiar to the majority of viewers. The works, though few in number, provide a variety of expressions in line; one of Goya's stark etchings from his Tauromaquia Series, a woman by Rouault, an illustration by Bonnard. A nice representation—each example tastefully displayed.

If the foregoing seems an obviously innocuous bit of writing, it is admittedly because of this reviewer's enthusiasm for the current display of art which may be unfamiliar to many of you.

Thomas Browne Cornell and Stephen G. Werlick are members of the faculty for the first time this semester. Their work has not been exhibited here before.

Mr. Cornell's etchings and drawings evidence a technical proficiency which might explain in part why such seemingly ordinary subjects as paper bags and monkeys become such intriguing pictures. His ability to convey "attitude" is quite remarkable. "Monkey Number 10," for example, will not be fully comprehended in

the light of technical terminology. Between two very solid animal studies, there is the delicate contrast of "Interior Number 1" in line and wash. In each drawing a successful union of delicacy and solidity may be observed.

Much will probably be said about Stephen Werlick's sculpture throughout the semester and after. It is certain that these are works which should be seen. From every vantage point, Mr. Werlick's sculpture is seen to provide an environment of its own. Viewed from any distance, each group is a moving entity; and in detail the components of the human figure are seen to have been apprehended quickly, perfectly, and beautifully in terms of the overall concept.

Enough of succumbing to adjectives. If this column may be said to have a purpose, that purpose is to encourage you to see the art being exhibited. The current display is among the finest ever provided by the gallery of this campus. Not the least of the underlying reasons for my favorable impression is the intelligence and care shown by those who arranged the exhibit.

The knowledgeable strength of Mr. Ptaszynsky as seen in three works adds an ideal

S.B. MODERN DANCE WORKSHOP TO OPEN

The Modern Dance Workshop announces its first meeting Sept. 27 at 7:15 P.M. in the dance studio, Room 1420 of the Robertson Gymnasium. Any student interested is invited to attend regardless of experience. The group is open to both men and women.

The workshop will meet every Tuesday evening and will work on dance technique and original dance compositions—some will be faculty choreography, some student.

This fall the members are planning two major projects for performance. They will be working on short theatre pieces—some satirical, some serious—to illustrate the dance lecture in the University Series, "The Dance in Today's World," and several dances for a "History of Religious Dance" program.

The workshop is under the direction of Mary Tiffany, assisted by Kay Brown of the Physical Education Department and accompanied by Emma Lou O'Brien.

MUSIC RECITAL SET FOR SUNDAY, OCT. 1

The first in a series of student recitals planned for this year will be presented by the Women's Musical Interest Group in the Campus Auditorium on Sunday, Oct. 1 at 8:00 P.M.

The Women's Musical Interest Group was organized last spring to further musical goals and experience of members. Another aim of the club is to be of service to the music department and the campus as a whole.

Filters for flavor

—finest flavor by far!

THE TAREYTON RING MARKS THE REAL THING!

Here's how the DUAL FILTER DOES IT:

1. It combines a unique inner filter of ACTIVATED CHARCOAL ... definitely proved to make the taste of a cigarette mild and smooth ...
2. with a pure white outer filter. Together they select and balance the flavor elements in the smoke. Tareyton's flavor-balance gives you the best taste of the best tobaccos.

Dual Filter does it!

POETS TO HOST GAUCHOS

Hammer's Eleven Ready For Second Game Against Whittier

Whittier College's football team goes after its second win of the young season Saturday night, meeting the University of California at Santa Barbara on Whittier's Hadley Field in a game which brings together two of the finest small college pass-receivers in the nation.

Game time is 8:00 P.M. Whittier quarterback Billy Vail will aim the majority of his passes at eht Ken Gregory, while Santa Barbara tosser Austin Dias will be trying to throw to flankerback Fred Tunncliffe.

Tunncliffe was the leading small college pass receiver in the nation last year, hauling in 48 tosses for 1087 yards. Both marks were national records. Gregory was the fifth leading receiver, catching 42 passes for 751 yards and seven touchdowns.

The Vail-to-Gregory combination clicked ten times last Saturday night as Whittier's newly-appointed head coach, John Godfrey, made a successful debut. Whittier beat University of San Diego, 20-6, as Gregory snagged eleven passes for 166 yards.

Vail completed 13 of 23 passes for 242 yards, breaking Gary Campbell's record of 232 yards gained passing on one game. Vail also demonstrated he can become a triple-threat quarterback when he gained 41 yards rushing and punted once for 40 yards. The 41 yards rushing brought his total offense for the night to 283 yards, which should be good enough for a spot among the nation's leaders in that department.

The Poets' play as a whole against USD was somewhat sloppy, however, despite several outstanding individual performances by Vail, Gregory, tackles Ed Bain and Mike Oldham, and guard Jim Knapp.

A similarly sloppy showing will undoubtedly cost Whittier a ball game against the strong Santa Barbara team. UCSB.

UCSB YACHT CLUB BEGINS SEMESTER

The Gaucho Yacht Club will have its first meeting of the semester on Tuesday night, Sept. 27 at 8:00 in room 1125 in the Robertson Gym. Elections will be held and a schedule of the semester's activities will be planned. Dues of \$3.00 entitle members to attend club sails and parties, and to use the club's own sailing dinghy, "Blue Moon," which is available at any time to qualified skippers.

In the past, inter-collegiate sailboat racing has been an activity at UCSB. Those interested in such a program are also invited to attend the meeting.

GAUCHO PROFILES

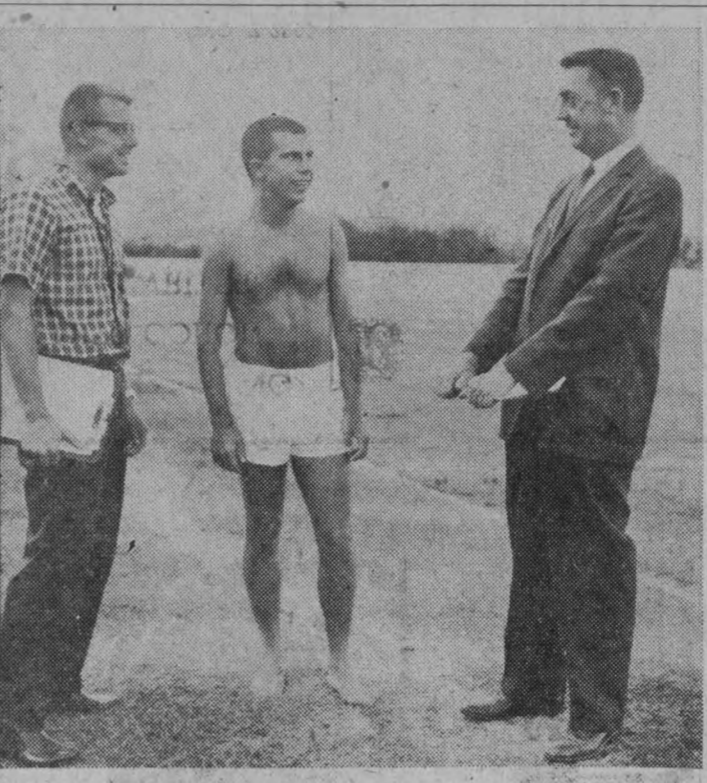

Fred Standifer
5-9½ 170 Sr.

Possessing great natural ability in athletics, Fred came into his own as a Gaucho two years ago and lettered last year. He hits the line with speed and power and is excellent on defense. Fred, a 23-year-old P.E. major, runs from the left half spot.

Pete Westerlind
5-11 180 Sr.

A solid utility back, Pete could see action at either half-back or fullback. He shows good ability on defense, is solidly built, and has adequate speed. A 22-year-old P.E. major, Pete attended both Fullerton HS and JC.

Cross country coach Nick Carter (right) and student assistant Jim McIlwain (left) talk over the team's prospects with Dennis Kavanaugh, one of the top cross country prospects this year. —El Gaucho photo.

TWO SUPERVISE ATHLETICS, KEEP SPORTS PROGRAM FIT

Helping to keep this season's athletic program going are two men who have always held an avid interest in sports. Dr. Stephen S. Goodspeed, Vice Chancellor and professor of political science, and M. S. "Doc" Kelliher, Director of Athletics, are contributing a great amount of their time to the supervision of athletics at U.C.S.B.

Doctor Goodspeed Coming to the campus in 1946 following his discharge from the U.S. Navy, Dr. Goodspeed is responsible for the reorganization of athletics on the Gaucho campus and the creation of the Intercollegiate Athletic Commission (IAC) which came into being in 1959. He is now chairman and Chancellor's representative to the IAC which supervises and administers the intercollegiate Athletic program at Santa Barbara.

"Doc" Kelliher A popular man with faculty and students alike, May-

FROSH FOOTBALL Frosh Basketball Team

Under the direction of Coach Dave Gorrie and student assistant Preston Burton, the 1960 freshman football program got underway last Monday, Sept. 19, with approximately 20 men showing up to check out their equipment and get oriented.

Tuesday found the new pigskin men taking to the practice field, after another short orientation period.

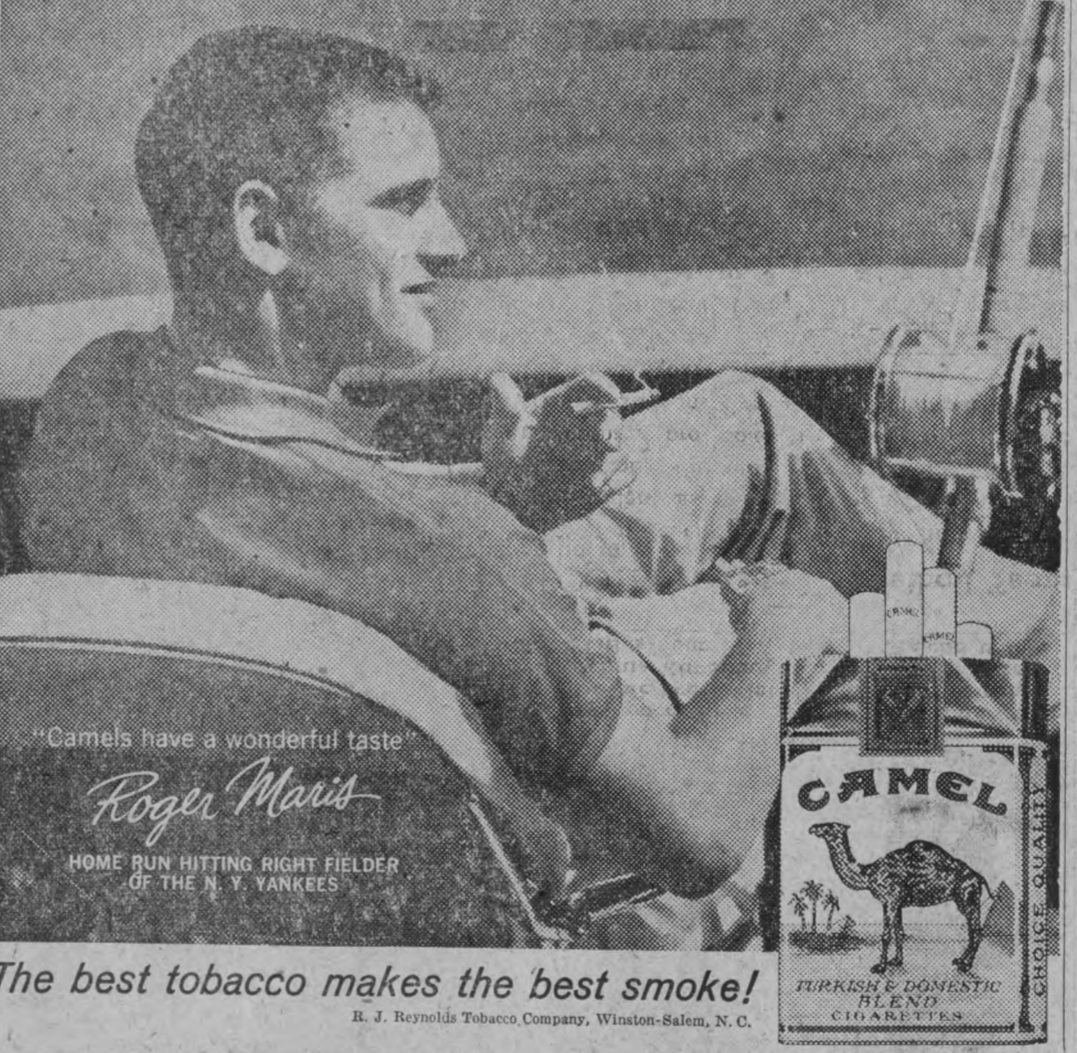

Any other students in freshman standing who are interested in participating in the football program should contact either Coach Gorrie or Preston Burton in the Physical Education Department. With two games already scheduled and two more in the offing, the frosh eleven can count on valuable experience.

Tennis Pro Named To Varsity Coach Post

Edward Doty, a 1943 graduate of UCSB and tennis "pro" at the Biltmore Hotel, has joined the University staff as varsity tennis coach, it was announced today by M. E. "Doc" Kelliher, director of athletics.

The 40-year-old Doty holds a master's degree in industrial arts from the University of Southern California. Prior to taking the position of "pro" at the Biltmore, he taught for 12 years in the Los Angeles City school system.

During the Second World War, Doty served with the Navy in the Pacific Theatre as a lieutenant (jg).
