

Miss Benson Wins Local Speech Tilt

'Measured Mile' Talk Takes First Place in Contest

• Speaking on "The Measured Mile," Alice Benson was the winner of the Women's Christian Temperance union speech contest held yesterday in Administration auditorium during the meeting of the English and Liberal arts departments.

Because many of the original entrants in the contents dropped out, the preliminary bouts, scheduled for Monday, were dispensed with, and all the contestants were entered in the finals. Other contestants were Vernon Duncan, speaking on "The Evolution of Teetotaler"; Dorothy Daniel, speaking on "Making Morons"; Harry Sloan, and Esther Horner.

Prize Winner

Miss Benson received \$25 in cash, and will take a trip to Glendale to participate in the state contest to be held November 13, if the contest is approved by the speech contest committee of the Women's Christian Temperance union.

Judges for the contest were Miss Elizabeth Sehon, Dr. Harry K. Girvetz and Frederic W. Hile.

With the completion of the speech contest, plans are now under way for an intramural debate contest which is open to anyone on the campus who is interested in debating.

Debate Subject

Any two people may enter a team in the contest, and organizations may enter any number of teams on either side. Early registrants may choose the side on which they will debate. Subject for the debate is, "Resolved, That all the male citizens of the United States should sign a pledge not to take arms except in the event the nation or its colonies are actually invaded." Although the wording of the subject is tentative, and may be changed before the contest, the subject as a whole will remain the same, according to an announcement by W. Charles Redding, speech arts instructor.

Tentative program for the intramural debate contest includes a meeting November 10 for registration, explanation of the subject, and discussion of the rules.

Keane Talks Tomorrow

• Thomas J. Keane, national director of senior scouting of the Boy Scouts of America will speak on the campus tomorrow at 1:40 p.m. in Administration auditorium. In conjunction with the lecture, motion pictures of recent Sea Scout activity will be shown.

Active on the campus in scouting work is the Psi chapter of Alpha Phi Omega.

Keane has been identified with the development of the senior program for older boys since 1927 when the Sea Scout program was first started. Since that time, the movement has grown until today there are almost 23,000 Sea Scouts throughout the United States.

According to Keane, graduate teachers find a community program of scouting a desired pre-requisite and physical education men find it essential to their training.

Planner

• Bill Hoyt, '37, is in charge of plans for welcoming alumni Friday and Saturday at State college's 24th annual Homecoming.

College Plans Welcome for Alumni Return

Schedule of Activities Includes Registration, Turkey Dinner, Breakfast

• State college alumni returning to Santa Barbara for the annual homecoming festivities this weekend will receive one of the most enthusiastic welcomes in years if present plans are successfully carried through.

Under the direction of Zelma Pierce, Santa Barbara district alumni president, and Bill Hoyt, general chairman of homecoming activities, an entertaining Saturday and Sunday has been planned.

Starts Friday

Although not on the official alumni schedule, the celebration will start off on Friday night with the Homecoming parade and rally at 7:30 and 8:30 p.m. respectively. According to Harry Sloan all returning graduates are invited to attend.

Registration on Saturday from 1 to 2:30 p.m. in the Quadrangle will be the first official event. A number of fraternities and sororities are planning to officially welcome alumni members at this time. A turkey dinner, buffet style, is the next scheduled event. Rockwood Women's club in Mission canyon will be the scene and the meal will start at 4 p.m. the same afternoon, lasting until 6.

First Use of Lights

The homecoming game with San Jose follows at 8 that evening in the new stadium, and will see the first use of the field under lights. Between the halves the winners of the homecoming parade float contest and the new name of the stadium will be announced. A dance at the national guard armory follows.

Besides receptions on Saturday afternoon, during and following registration, campus Greek letter organizations are also planning breakfasts in honor of returning members on Sunday morning. In addition the various alumni sections are planning to hold meetings at specified times during the festivities.

Men, Women Attend Recreation Session

• Recreation night, sponsored by the W.A.A. for both men and women students will be held in the college gymnasium tonight from 7 to 8:30 p.m.

Lois Arthur is in charge of arranging the game program for this week. Badminton,

Revue-Rally Ticket Sale Starts

Homecoming Show Features Students In Variety of Acts

• Ticket sales began today for the Homecoming Revue-Rally to be held Friday night at 8:30 in Administration auditorium immediately following the Homecoming parade. Salesmen, under Ted Todd, ticket sales manager, began an active campaign today on the campus and in downtown Santa Barbara with novel entertainment at noon and between classes, to continue every day this week.

The program for Friday night's show has been divided into two parts, according to Harry Sloan, rally committee chairman. The first portion will be composed of a rally under the direction of yell leaders Bud Burdick, Jack Richards and Redman Bealey and song leaders Harrier Ridenour, Gracie Williams and Beryl Davidson.

Student Revue

The revue, or the second section, will feature student talent, gathered from the Artist bureau and from auditions that were given local entertainers the past few weeks.

All float entries from fraternities and sororities on the campus have been turned in, announces Jack Richards, grand marshal of the Homecoming parade. Social organizations will compete for the Sweepstakes Cup, a perpetual trophy awarded by the Ott hardware company to the best float in the parade. Last year, the trophy was won by Alpha Theta Chi sorority.

Prizes Awarded

In addition to the Sweepstakes Cup, first and second prizes will be awarded to the next best floats, in the opinion of the judges. A prize, too, for the best decorated car will be awarded, with any one eligible to compete, according to Richards. Participants are requested to be present at the foot of State street by 7 p.m. Friday, prepared to take part in the parade.

Float chairman of the various fraternities and sororities will be notified today or tomorrow of their organization's position in the parade. Richards requests that all floats be at the foot of State street at 7 p.m. Friday. Any organization, which as yet has not entered a float in the parade, may do so by contacting the grand marshal immediately.

The Revue-Rally, states Sloan, will be an outstanding feature of the 24th Santa Barbara State Homecoming in that it will be an innovation in campus procedure. Tickets to the affair sell for 35 cents.

Mathias Gives Second Recital

• Playing to an audience twice the size of the first, William Mathias, organ instructor, gave the second of a series of five lecture-recitals on the new Hammond model "E" electrical organ in the college auditorium Sunday at 4. This series, instituted for the purpose of better acquainting local music lovers with classical organ selections, has been attracting greater interest with each recital, and a definite increase in attendance is expected at the three programs yet to be presented, according to Mathias.

The series continues with the third recital to be given Sunday at 4 in the auditorium. The program will include Dieterich Buxtehude, "Ciaccona"; Henry Purcell, "Suite for Harpsichord VIII"; "Trumpet Tune, Called the Ceblell"; Johann Sebastian Bach, "Sonata No. 1," Allegro moderato, Adagio, and Allegro; Charles Marie Widor, "Symphonic VI, Opus 42," 11 Adagio; Sigfrid Karg-Elert, "Choral Improvisations, opus 65, No. 50," "O Gott, frommer Gott"; Marcel Dupre, "Prelude Fugue in G minor, opus 7 No. 3.

Kappa Omicron Phi Honors Pledges

• Using the Halloween theme at a dinner Monday night, Kappa Omicron Phi, honorary home economics fraternity, honored its new pledges.

Katherine Baxter, Vivienne Hughes, Gail MacMillan and Thora Lindstrom are new pledges.

After the dinner, the active members held a business meeting to make final plans for the homecoming luncheon which will take place Saturday, from 12:30 to 2 p.m. at the Viking restaurant.

Collegians Rally at Broadcast Today, Elect Betty Howell Homecoming Queen

New Titlist Wins Huge Majority

Runners-Up Bass, Parks Place Second, Third in Contest

• Betty Howell, sophomore, representing Alpha Theta Chi, social sorority, was elected Homecoming Queen for 1938 last Friday receiving almost twice as many votes as her nearest rival. Runners-up were Patsy Bass of the freshman class, who took second place with a seven vote margin over Margaret Parks, the Delta Zeta Delta candidate.

As her first official royal duty, Miss Howell will be interviewed over radio station KTMS today at the Homecoming rally. In the Homecoming parade Friday, she will ride in state in a decorated float, accompanied by the ladies-in-waiting, the two runners-up and the seven other women who unsuccessfully sought the title.

Other Candidates

Other candidates included Mary Ellen Putman, Faye Thompson, Margaret Jones, Carolyn Peterson, June Montank, Alberta Adams and Carol Moody.

When Miss Howell receives the crown signifying an outstanding achievement on the State college campus, she will be recognized as "Queen Betty II," succeeding Betty Talbot, the 1937 titlist. The new queen has blonde hair, blue eyes and a fair complexion. She is 5 feet 5½ inches in height and weighs 120 pounds.

Native Daughter

A native of Santa Barbara, Miss Howell attended Santa Barbara High school before coming to the College, with all of her elementary education taking place in her home town. While an active participant in many departments in high school, her greatest achievement to date, the modest queen states, is the winning of the Homecoming crown.

Ticket Head Calls Workers

• Ticket sellers and gatemen who plan to work at the San Jose game Saturday night, should report to Lloyd Borstelmann, ticket sales manager, by Friday morning.

Borstelmann states that it is essential that he knows the number of men who will be at the game in this capacity in order to properly place them. Borstelmann may be contacted in the Student body office; anyone who fails to report will not receive a position.

Gaucha Fans Fly to Tempe

• Four rabid followers of local gridiron activity traveled by air to Tempe for the Gaucha-Bulldog game last week. Pictured are Coleman Stewart, Santa Barbara lawyer, Bessie Owen, world famous aviatrix, who piloted the plane, Elmer Jeffries, State student, and John T. Porter, printing instructor. —Cut Courtesy of News Press

A.S. Council Defers Selection Of Financial Post Chairman For Meeting Tomorrow Night

College Bills Entrance Tests

• Announcing that the college entrance examination for limited students will be given at an early date, Dr. Irving A. Mather of the educational research office today also stated that those students who are not regulars must take the examination in order to receive proper standing in the college.

Regular standing can only be secured by those who hold high school diplomas and by men and women over twenty-one who pass this examination.

There will be only one test of this type given this semester and it will qualify passers for regular enrollment in February, according to Dr. Mather. Those who are required to take the test are asked to see him at the earliest possible date so that arrangements can be made for a test in the near future.

Continuing to straddle a parliamentary fence, the student council again postponed the appointment of a new finance chairman at a special meeting held Monday. The settlement of the problem that has been pending for two weeks was deferred until tomorrow night.

The council declared a three day recess in order to avoid complications in parliamentary procedure that might otherwise result, and will reassemble in Pine hall at 7 p.m. tomorrow. At this time the group will reconsider a number of previous motions and definitely appoint either Bill Russell or Harold Bolas to the position.

Prefer Reconsideration

Before making the decision to handle the matter in this way, and before being reminded that a clause in Robert's Rules of Order would make it imperative to do it in this manner, the council had heard Russell declare that both he and Bolas would prefer to have the whole problem reconsidered. Rather than have either one obtain the job by a fluke resulting from faulty business procedure, both would rather feel that the final appointee held the position with the consent of the entire council, he stated.

Another reason for the postponement of the reconsideration was the absence from the meeting of many members. Of sixteen voting representatives, only nine were present.

Vote on Russell

At the first part of the meeting the council had considered placing Russell in office immediately. The reason had been that in the first vote to select a finance chairman at Wednesday's gathering, Russell was selected. But the discussion that followed concerning the right of another member to cast a ballot had supposedly tied the motion and the President Douglas Duckham voted to defeat it. Then it was discovered, later, after the extra member's right to vote had been found to be illegal, that Duckham's ballot still stood because he was allowed to vote to break a tie.

Thus the vote for finance chairman stood tied 6-6 in the end and a revote is necessary for final selection.

Frosh Class Gives Hallow'en Dance

• Approximately 50 couples attended the freshman class dance, which was held in the cafeteria Saturday night from 9 to 12 p.m.

Dean Paul Jones, freshman class adviser, was one of the sponsors. Jerry Knight, freshman class vice-president had charge of the decorations while Marian Moser was in charge of refreshments. The theme of the dance was "Hallow'en." Music was furnished by recordings.

Radio Show Bills Variety In Program

San Jose Group, Gaucha Mentors Discuss Gridders

• Preliminaries for State college's 24th annual alumni Homecoming and the football game Saturday between the Gauchos and San Jose Spartans will be discussed over radio station KTMS today at 4:30 p.m. when a broadcast and rally sponsored by the Publicity department and Rally committee will be presented. Walt Bradbury, publicity director and Harry Sloan, chairman of the Rally committee are in charge of arrangements.

Featuring the program, representatives from the San Jose and Gaucha camps will weigh the merits of the two teams, reviewing season records and making selections as to the outcome of the contest. Officially representing the northern school will be Dwight Bentel, publicity director, while several San Jose alumni now residing in Santa Barbara are expected to speak.

Interview Queen

Homecoming Queen Betty Howell will be interviewed by Bradbury. Gaucha coaches Spud Harder and Willie Wilton will be requested to give information concerning the status of the local grid machine. Interviewed also will be Don Follett, graduate manager and John Twaddell, State graduate, who has been acting as a scout for the Gauchos this season and who has experienced five Homecomings.

The College band under the faculty supervision of Robert Louis Barron and the baton of John Austin, student director, will present a group of State songs which will be sung by the Men's chorus, composed of Ben Gautier, Jim Lyons, Tom Kelly and Ed McCloskey.

Invites Students

All students, according to Bradbury are invited to the News-Press station to participate in the rally. Yelling will be under the direction of Bud Burdick, Jack Richards, and Redman Bealey, and songs will be directed by Harrier Ridenour, Gracie Williams and Beryl Davidson.

Included on the half hour program will be student talent from the Artist Bureau, including Geraldine Pilling, who will sing "There's a Far Away Look in Your Eyes," McCloskey, who will render the "Donkey Serenade" and Kelly, director of the bureau, who will present "Love, Here Is My Heart."

Stadium Name Entries Due

• Entries for the stadium name contest being conducted through the office of Dr. Charles Jacobs are still being received, according to an announcement made yesterday by the dean of the upper division. Names may be submitted until Friday.

Final choice of the name rests in the hands of three judges and will be announced between the halves of the San Jose-Santa Barbara State game Saturday. The judges are Jacobs, who is chairman of the selection committee, President Clarence L. Phelps and Thomas M. Storke, Santa Barbara publisher.

The quality of names so far entered has not been up to the par that the judges had originally expected, Jacobs states. There is room for much improvement in the selections and he urges more students to submit names for consideration. A hundred word composition must accompany each entry giving the reason for the choice of the name entered. Two reserved seat tickets for the homecoming game will be awarded the winner.

Calendar

Today
 4:30 p.m.—Radio Rally, Station KTMS.
 7:30 p.m.—W.A.A. Recreation night, gymnasium.
 Tomorrow
 7 p.m.—Student council meeting, Room 80, Pine hall.
 7:30 p.m.—Junior high department meeting.

The News in Brief

• LONDON, Nov. 1—Confirmation of the "Easter" trade agreement with Italy was requested of the house of commons today by Prime Minister Neville Chamberlain. The pact was made with Premier Mussolini by the English government on April 16 and needs only the okay of the lower house of parliament to put it into immediate effect.

SAN FRANCISCO, Nov. 1—A fifty-six day retail against thirty-five leading San Francisco department stores was ended today with the signing of a "basis of settlement" by both employers and unions. It was estimated that normal conditions would be restored by the end of the week when all of the strikers have returned to work.

PARIS, Nov. 1—Premier Daladier today appointed Paul Reynaud to the position of minister of finance in the French cabinet, replacing Paul Marchandeau who had resigned just previous to the appointment. Daladier stated that with the change he hoped that financial and economic reforms throughout the country could be speeded.

WASHINGTON, Nov. 1—Due to a dwindling of expense money, the work of the Dies committee may shortly draw to a close, Chairman Dies announced today. The \$25,000 allotment given the committee at the start of its work is running low and because of the amount of adverse criticism directed toward it, popular opinion is that congress will not vote another appropriation.

BUFFALO, Nov. 1—Thomas Dewey, Republican nominee for governor of New York, today stated that he will serve the entire four year term should he win the election next Tuesday, thus removing himself as a possible candidate in the 1940 presidential race.

BALTIMORE, Nov. 1—Seabiscuit won over War Admiral by three lengths today in the long awaited match race between the two most famous horses on the American turf today. In winning the contest Seabiscuit established a new track record traveling the mile and three-sixteenths in 1:56 3-5, lowering the old one by one-fifth of a second.

Consistency, Emerson said, is the hobgoblin of little minds. At Santa Barbara State they don't believe in hobgoblins. This was the decision of State college officials after counting the heaviest straw vote in the history of the college.

Inconsistency of Views Shown in Student Poll

On the state candidates the entire Republican slate won in the poll. Merriam came in 66 votes ahead of Olson, while Franklin led Patterson by 124 votes, and Bancroft surpassed Downey by 43 tallies.

On the national section of the ballot there is little to be learned except that students are appreciative of Roosevelt but are not wanting another four years of his services.

In summing up an appreciation of this vote there are several things indicative of a successful poll. First, there was the excellent operation of the election under the guidance of Robert Scalapino, president of the International Relations club.

Council Shows Need for Parliamentarian

The results of the last two meetings of the council will go unmatched for a long while. After electing one finance chairman last Wednesday to replace Dick McKeon who resigned several weeks ago, and then electing another, the council met again on Monday to wrangle further on the validity of their decision.

At the Wednesday meeting the group got itself into a worse, although less important mess in trying to reconsider a previous motion. The simplicity with which a complicated position resulted definitely showed a weakness of which a high school organization would not be guilty.

This weakness is near illiteracy on the part of all the members of parliamentary law. It proves the needs of a competent parliamentarian for the council. Any club or group holding business meetings needs the services of such a specialist.

But not only is one specialist necessary, the president and officers should have at least a running knowledge of the principles of Roberts Rules of Order. Such a requisite is necessary for the efficient handling of business that comes before any meeting and of the ever-present problem of limited time.

A gold-plated lake bottom is found in Canada's wilds. A question arises whether to dig the stuff up or build a fort on top of it.

Come to think of it, there's something complementary about the work of propagandists. They earn their bread by selling applesauce.

"In the event of a hostile air raid," says a writer, "some of the public statues would be the first things to suffer." Even so, we're still in favor of peace.

BLOSSOM OUT FOR HOMECOMING WITH BLOSSOMS FROM

912 STATE STREET PHONE 5165

Ham & Eggs? Thirty Thursdays Dollars Not Bad

All this talk of a thirty dollar weekly bonus has us most confused and baffled. We of average intelligence fail to see how this thing could possibly work out... but then when we've degenerated a few points perhaps our weak imbecilic minds can grasp the full meaning and virtue of such seemingly hair-brained legislation.

Whether or not the bill is passed seems to make little or no difference whatever. By the time we're old enough to reap the bountiful harvest sown for us by Santa Claus, the government will have forgotten all about it anyway... but then it is fun to discuss it and argue one way or another and make fun of it even if we don't know very much about it.

Tiresome Diet

The very expression "Ham and Eggs" every Thursday has us all upset. But we would probably be more upset if the thing went through. Just think of eating nothing but ham and eggs on Thursday. The populace would soon get long curly tails and sprout feathers and cackle... if it went on long enough some of the more enterprising of those "over 50" would probably lay an egg or two.

So you see, the entire business is most distressing and complicated. The more we go into it the more baffled we become. It might after all be a far better idea to go to college the rest of our lives and not have to worry about such things. If such a miracle as "thirty Thursday shekels weekly" did come into being the very word "Thursday" would overnight become immortalized. The world would revolve around that one day of the week... "Why I haven't seen you in a month of Thursdays," etc., ohh, it has all kinds of possibilities.

No Good to Student

As to whether or not the bill should be passed we present the following argument which should without a doubt make up your mind against such a thing. Take for instance the college student of voting age... say that he or she is now twenty-two years of age. It will be twenty-eight years before any good for them comes of it. At the rate of 1,360 dollars a year with a few tacked on for those months having five Thursdays, they will, by the time they are sweet, eligible fifty, have missed out on an approximately \$78,432.63 of bonus money.

If you vote "no," what have you lost? Nothing—life goes on as usual and everybody's happy in their own crude way. But if you vote "yes," you lose a fortune in the next twenty years or so... an act so foolish that even I do not care to go into it any further.—B.S.

Officials Crowds Get Better Umps

NEW YORK CITY (ACP)—"Kill the referee" and "hang the umpire" after the present season will be cat-calls of the past for eastern gridiron fans if officials of the Eastern Intercollegiate association have anything to say about it.

E.I.A. leaders have this year instituted a scouting system on football officials that will by the end of the year cut the number of approved officials in half.

Asa S. Bushnell, E.I.A. football commissioner, in describing the ideal officials, said: "The ideal official is the one who notices everything but is seldom noticed himself; who is considerate and courteous without sacrificing firmness; who cooperates with fellow-officials.

JIM-DASH

By JIMMIE FULLERTON

Mr. J. Fullerton... El Gaucho Office, Santa Barbara State College, Santa Barbara, California

While glancing over the various and sundry items of your College paper, I happened to come upon a certain crumbly article edited "Jim-Dash!" I wished later that I hadn't come upon your so-called column, because never in my born days have I ever seen such a masterpiece of literary butchery.

my purpose to tear everything down, and not offer any constructive criticism. With your consideration and patience, I will, in my humble way, try to enumerate a few ways in which you could improve upon your column. (Thank you!)

1. Take Your... picture off the page. It scares the readers away before they get started. (We're sweating.)

2. Take Your... name off the column. Who ever gave you a by-line, anyway? (We're simmering.)

3. Do Away... with that lousy column head. It smells like the column. (We're melting.)

4. Get Rid of... that stuff you call writing that goes under your picture (We're simmering.)

5. Last, But not least (it comes to an end.)—GET THE H— OUT OF THE NEWSPAPER BUSINESS. Go join the G.C.C. There's much more future in it for you. (We're torrid.)

You Can Tell... the editor for me that if he follows this plan, his circulation should increase a hundred per cent. Yours ought to, too. (We're burnt.)

One of the Ex-Readers. We Offer A... reward to anyone who can give us information leading to the apprehension of such a base person. He will be a cowardly person who goes around with one eyebrow in the air and his tongue in his cheek. He won't look you in the eye when you speak to him and will never make a statement that might be radical. His initials are either F.R., B.M., N.H., C.B., or someone of an unknown quantity. If it's a woman, although the style wouldn't connote a lady, she will be of the same feather as the male above.

The Council At Play

Hallowe'en invaded the campus in a big way Monday. The Associated Students Council is still in session officially after deciding on a four day recess Monday

The four day vigil, which should establish some sort of record and should attract the attention of Ripley, if no one else is interested, may end tomorrow night when a finance chairman is supposed to be selected. Twice now, the solons have broken from the barrier, come up with a candidate and thrown him into discard. Monday, after petty bickering, haggling and hair-splitting, they decided to call a recess until tomorrow night, saving the time that might be wasted by a motion of adjournment.

At the first meeting, Mr. William Russell, who has been offered to be the cognomen "I Am The Law," resigned his position from the Welfare board to apply for the finance post. His appointment was brought up and Mr. William Russell, I. A. T. L., was appointed by a six to five vote.

Then Mr. Jimmie Stanley, who has been accused of editing La Cumbre, asked if he too, could cut himself in on the shenanigans. Mr. D. Douglas Duckham said "I think so," the sage councillor nodded in assent and Mr. Jimmie Stanley proceeded to complicate things by voting for Mr. Bus Bolas. To break the deadlock, Mr. D. Douglas Duckham voted for Mr. Bus Bolas and Mr. Bus Bolas offered his hand all round to be shaken in congratulation.

In order to make sure of Mr. Jimmie Stanley's right of franchise, a number of solons assaulted the constitution and discovered that Mr. Jimmie Stanley did not have a vote. The appointment of Mr. Bus Bolas was recalled and a special session was called for Monday. At that meeting, Mr. William Russell, I.A.T.L., who is not a member of the council, decided that he and Mr. Bus Bolas were willing to battle things out for the post on even terms and suggested withholding the appointment until tomorrow night. Mr. D. Douglas Duckham suggested that this might prove a worthy course of action as all sixteen members would then have a chance to vote.

As a matter of fact, there are nineteen votes on the student council, but someone seems to have forgotten about three of them. If any legislation had passed Monday with only nine votes present, not even a simple majority and far from a quorum, it would be declared null and void. Even the motion passed to recess until tomorrow was illegal.

But this recess angle interests us. It seems that it is illegal for any minority group of legislators to even bring up the subject while the recess is taking place. If a majority is secured, or ten members, a meeting may be called at any time during this period, a chairman set up and legislation passed. If Mr. William Russell, I.A.T.L., were of a mind, he could get ten councillors together to vote for him and through Machiavellian tactics might conceivably get them to vote for him a salary of \$1000 a week. Or, Mr. Bus Bolas might conceive the same notion.

All that would be necessary to legalize the measure would be to get the rest of the council to pass on the bill. If either of these gentlemen is of a mind to take advantage of the situation, we want it thoroughly understood that we are to be considered at ten per cent.—S.C.

By ROSALIND BRADBURY

SUITS are the main topic for this week, as they are so evident regardless of where we go or the time of day or night. The suits this fall are varied as to type and style. This assures one of being able to find just the right one no matter what the occasion. It is important to note that suits are no longer bulky and loose-fitting, but have become beautiful, tailored, perfectly-fitting, flattering costumes. Those who need slenderizing points here and accentuated details there (as what one of us doesn't?) will welcome the new suits. There are business, sport, and dress suits available for all, and they promise to "suit" your taste and purse. You who want one or two really fine things that will prove serviceable and interesting will be especially caught by the suggestion of a very plain tailored suit and a gorgeous fur neckpiece. These worn together make an outstanding dress suit; and prove to be useful in many other ways, as the suit can be worn minus the fur and offer you as a smartly tailored young miss... while the fur may be worn with countless other dresses and plain coats.

COMBINATION... costumes that is costumes that have several changes or additions making them two, three, or four-in-one ensembles, are steadily gaining in popularity. One of these that is attractive is a black lightweight wool dress with short sleeves and a narrow black patent-leather belt. The neckline is high with a rather large slit opening that fastens at the top. It has shirring at the shoulder line giving a soft fold effect to the blouse. This gown may be made quite dressy by lowering the neckline and adding a large brilliant clip, brilliant bracelets and a dressier hat may also be added. The third change in this outfit may be made by draping a long white silk jersey skirt gracefully about the neckline and allowing it to fall down the length of the left side of the gown. Accessories may be changed according to mood and occasion with the various dress changes, and you will really have several attractive ensembles at a reasonable cost.

TWIN... gowns for afternoon and evening wear are one of the newer details in the field of fashion. An afternoon or street dress has an elaborately beautiful blouse and plain circular or gored skirt. Then there is a long and flowing wrap-around skirt that ties on and transforms the dress into a sophisticated evening gown.

INDIVIDUAL... clothes notes this week are all gleaned from our campus. Friday found Lexie Edmunson attractively garbed in a rosy-rust wool dress and English cut herringbone tweed jacket, with which she wore accessories in the same warm shades of the dress. Kay Kirk (who, by the way, is one of our new co-eds... and very cute) was looking nice in a grey and teal blue fleck tweed jacket, teal blue cashmere sweater, and a maroon skirt.

COLLEGE... song leaders Harriet Ridenour and Grace Williams both especially noticed this week. Harriet's canary yellow sweater and skirt was good looking, and went very well with her dark hair. "Gracie" as wearing a new sport coat that was lovely. It was fitted grey tweed with alternate pin stripes of maroon and blue. Gennie Nordli was catching everyone's eye as she went to classes in an outfit consisting of a gold jacket, brown skirt, and white tailored blouse. Her shoes were harmonizing sport oxfords with which she wore brown socks. Gennie as the typical "young college girl"... and the whole effect was very attractive.

Campus Sororities Plan Program of Events for Welcoming of Alumnae

Delta Zeta Delta, Delta Sigma Epsilon, Tau Gamma Sigma, Alpha Theta Chi, Stage Entertainment for Homecoming

With alumnae returning over the weekend, the campus social sororities meeting Monday night discussed plans for entertainment and float entries in the Homecoming parade Friday night

DELTA ZETA DELTA

Plans for a float which will be entered in the Homecoming parade were discussed at the meeting of the Delta Zeta Delta sorority Monday evening at the home of Alice Boeseke. Further arrangements were made for a breakfast which will be held at the Mar Monte hotel Sunday morning for members and alumni of the sorority.

An old fashioned show will be put on by the group at the homecoming dinner Saturday night.

Instead of a regular meeting next Monday, a shower will be held in honor of Frances Berger, who will be married November 5.

ALPHA THETA CHI

Alpha Theta Chi will honor its alumnae at a Homecoming tea dance, Saturday from 2 to 5 p.m. at the home of Captain and Mrs. Paul Jones, 1620 Grand avenue.

Ellen Seymour and Dorothy Ann Myers are the general chairmen of the affair and they will be assisted by Anna Lou Jacobs, Eleanor Benham and Gerry Pilling.

A southern dinner, which is open to the public, will be sponsored by the sorority on Friday, November 18. A varied program will be presented as entertainment for the evening.

TAU GAMMA SIGMA

Marking the completion of Tau Gamma Sigma Homecoming plans, arrangements for a bridge party to be given Saturday, from 4 to 6 p.m. at the home of Betty Roome were made at a special meeting last night at the home of Francis Hoelscher, 1814 Prospect avenue.

The sorority Homecoming breakfast for alumnae and active members will be given at the Biltmore hotel, Sunday, 9 a.m., November 6. Alberta Adams is in charge of this affair. Homecoming float plans are finished, according to Bobbie Ellis, who is responsible for this project.

DELTA SIGMA EPSILON

Delta Sigma Epsilon sorority was entertained at an informal Halloween house party Saturday night, in Santa Monica and Pacific Palisades. Hostesses were Jean Clausen, Helen Spurrier, and Jean Anglemeyer.

After meeting at Miss Clausen's house for a supper prepared by Mrs. Clausen, president of the Mother's club, the girls went to Miss Anglemeyer's house for an evening of dancing and Halloween games in a cleverly decorated attic. The girls then returned to Miss Clausen's where they spent the night.

After breakfast Sunday, they returned to Santa Barbara.

Players Discuss Sale Of Season Tickets

Discussing the advisability of putting season tickets back on sale will highlight the meeting of the Players club tonight at 7:30 p.m. in room 82, Pine hall.

Also to be discussed will be the results of "Kind Lady" from the angles of student interest and finance, and membership pledging and eligibility.

Norman Becchio is president of the organization and Frederic W. Hile, director of "Kind Lady," is the faculty sponsor.

Departments Hold Second Meetings

Campus Course Divisions Make Plans for Term At Monthly Sessions

All of the departments on the campus held second divisional meetings of the year yesterday during second hour. The meeting of the English and Liberal arts group was given over to entrants in the W.C. T.U. speech contest.

Completed plans for the dance sponsored by the Elementary education department in conjunction with the Home Economics and Industrial education departments, to be given November 15 at Rockwood were presented at the Elementary education department meeting.

The dance will be semi-formal with a seven piece orchestra, and extra entertainment will be furnished for those not wishing to dance, according to Mabel Forsyth, chairman of the event.

The pledges for Alpha Delta Chi, Elementary education fraternity, presented a skit entitled "The Grouchy King with Three Daughters" for entertainment.

Mrs. Laura S. Price, sponsor, talked on personality development.

Plans for a definite social program for the semester were discussed during the music department meeting in Room 60. A reception for the orchestra following the concert on December 8 was definitely decided upon. Further organization for the department, which is new this year, was also discussed.

Officers of the Music department are Robert MacDonald, president; Darline Rutherford, vice-president; and Jean Tapie, secretary-treasurer.

Dr. Charles L. Jacobs, dean of the upper division, spoke on the necessity for taking two minors before the Home Economics department. Plans were completed for the semi-formal dance to be given at Rockwood, November 13 in conjunction with three other departments.

Peggy Glassford spoke on art in Buenos Aires and Argentina at the Art department meeting. After the talk department activities were discussed. A dinner to be held at El Cortijo November 15 was announced.

December 3 is the date set for the annual Christmas formal. All students minoring in art, as well as those majoring in it, are invited.

Visual education was the topic of Francis Noel, guest speaker at the Industrial Education department meeting in Room 9, Ridge hall. E. E. Ericson, head of the department discussed plans for next year's programs and the I.E. luncheon to be held in the cafeteria, Saturday to celebrate homecoming.

Due to the over crowded condition and the added subjects in next semester's curriculum for the I.E. department, some of the new subjects to be offered next semester include radio, wood carving and decorating.

Collegians Reveal Diversified Opinions on Local, National, International Affairs in Poll

800 Attend Performances Of 'Kind Lady'

Approximately 800 persons witnessed the State college speech arts department's presentation of "Kind Lady" last Thursday, Friday and Saturday nights. Of this total, 500 were students, according to Frederic W. Hile, speech arts instructor, and executive director of the play.

Cash receipts for the three performances totaled \$75 while sixty season tickets were sold for the department's presentations of other plays this year. As this was the first performance of the year, collegians were admitted free of charge upon presentation of student books. For the remaining plays, a season ticket, which can be bought for \$1 from any member of the Player's club will admit the purchaser to three plays.

Total expense of the production amounted to approximately \$200, of which \$55 was paid as a royalty for the Chorodov work. Permanent equipment purchased cost \$125 and will be used in future performances, Hile pointed out.

Credit for the smoothness of production of the play was given by Hile to his assistants. Particularly lauded were Carl Jorgensen, stage manager; Jed S. Blake, George Booth, and Don Sykes, technical directors; Esther Horner, properties; Robert Campbell, electrician; Margaret Glassford, sound effects and Alice Wheeler, costumes.

Acclaimed also for their work were Jimmie Fullerton, publicity; Jeanne Duran, prompter; Arthur Suffolk, scenery; Carlos Bee, ticket sales; Maxine Sparks, house committee chairman and Norman Becchio, box offices.

Over 532 collegians cast ballots in the straw election conducted by the International Relations club, voting on eleven issues concerning local, national and international affairs Monday. The campus organization which was reorganized this year under the sponsorship of Dr. Harry K. Girvetz, conducted the poll as its main project this semester.

In the balloting for governor of California, incumbent Frank Merriam received 295 votes to 229 for Democratic candidate Cuthbert Olson and three votes for Progressive Raymond Haight. For lieutenant-governor, Dr. Walter Scott Franklin obtained 320 votes to Ellis Patterson's 196.

In the race for United States senator, Philip Bancroft, Republican, received a majority of 49 votes with 277 to Democrat Sheridan Downey's 232.

Proposition Number 1, a resolution which controls picketing was voted in with 279 ballots cast in favor of it, 197 against it and five undecided.

Firm decision marked the voting on Proposition 25, proposing "\$30 every Thursday" for persons over 50 years of age, when 433 students voted it down, while 68 voted for the plan and 29 were undecided.

Opinion was almost evenly divided on the question of Tom Mooney's pardon, 203 students voted for his release, 213 were against it, while 114 were undecided.

President Roosevelt's policies were favored by a majority of 323, repudiated by 145, with 61 undecided. The desirability of a third term for the president was voted out by 353, 127 favored it and 44 were undecided.

A foreign policy of isolation for the United States was supported by 241 students. Collective action was desired by 163, leaving 177 undecided.

Social Fraternities Plan Varied Activities for Homecoming Weekend

Sigma Alpha Kappa, Beta Sigma Chi, Tau Omega, Gamma Sigma Pi Arrange Calendar of Affairs for Alumni

Homecoming plans occupied the meetings of the four campus social fraternities Monday night. Returning alumni will be honored with breakfasts, dinners and dances.

SIGMA ALPHA KAPPA

Final plans for Homecoming float, breakfast and reception were completed at the Sigma Alpha Kappa fraternity meeting, Monday evening at the home of Captain Paul Jones, 1620 Grand avenue.

The float is under the direction of Bill Sears and Vincent Severson. The Homecoming breakfast will be held at the Barbara hotel, Sunday for the alumni and active members. The fraternity pledges have charge of the entertainment.

A Chinese dinner at the Nanking Gardens was given for Sigma Alpha Kappa members by the pledges last night.

TAU OMEGA

Progress made on the construction of the Homecoming float was discussed at the Tau Omega fraternity meeting Monday night at the home of Dr. Charles Pruss, 7 East Valerio Street.

Plans are completed for the Tau Omega Homecoming breakfast, Sunday at the Barbara hotel, for the alumni and active members. The arrangements for an open house in honor of the alumni on Friday night following the Homecoming parade were also discussed.

BETA SIGMA CHI

Beta Sigma Chi fraternity discussed plans for an open house in honor of the alumni, to be given at the fraternity house on Cheltenham road, Saturday, at a meeting Monday night at the fraternity house. DeWitt Trovhit, Beta Sigma Chi president is in charge of this affair.

Construction has begun on the Homecoming float, under the direction of Harold Bolas, chairman of the float committee.

GAMMA SIGMA PI

Pledges of Gamma Sigma Pi fraternity will construct the Homecoming float and plan the alumni breakfast to be given Sunday morning at the home of Andy McIntyre, 1720 Lassen road, it was decided at the fraternity meeting Monday night at the home of Mr. and Mrs. Mark Davis, 509 East Pedregosa street. This meeting was followed by a Halloween party.

L.A. Requests I.E. Teachers

E. E. Ericson, head of the Industrial Education department, received news last week that several positions would be open for State college graduates in Los Angeles city schools in January. Substitute teachers are now being employed until permanent instructors are selected.

Six industrial education students traveled to Los Angeles Friday to interview Claude E. Nihart, supervisor of vocational and practical arts for that city, concerning possible employment in January after their graduation from State at the semester.

Elbert Phelps, Terry Boyer, Carl Sundquist, Marcellus Jones, Malcolm Woodhead and Paul Funk made the trip. Woodhead and Funk will not graduate until June.

The group visited several schools including Florence Nightingale junior high school where Bob Dunham '37, is teaching general metal work. Dunham already received considerable recognition in his field although out of college only one year.

LOST—one tennis racket, left in the men's locker room in the gym last Friday. A small reward is offered for its return. Finder contact Elbert Phelps.

BECKETS

By FRANCIS BECCHIO

Congratulations, frosh! You have won the distinction of being the first Gauchito athletic team to win a contest in the new beach stadium and in doing so you looked very impressive. We regret that the turnout of fans was so slim and that for the dozen or more students present there wasn't someone to lead a cheer for your splendid efforts, but the principal thing is that you won the game and we're proud of you and your fine coach, Danny Mulock.

DISASTROUS CAMPAIGN

At this stage of the Gauchito varsity grid season it appears as if the Hardermen are headed for one of the most disastrous campaigns in the history of State. And no one seems to be able to figure what is wrong, for if they could fault would have been remedied before this and we would have salvaged a few games from the "suicide" schedule. The consensus of opinion among supporters of the team is that State has the material with which to make a much better showing than they have to date, but that the vital spark necessary to win games has been lacking. In other words, the Gauchos have failed to click up to their potentialities in the majority of their games. No, the outlook isn't very bright, but this writer sincerely makes the predictions that the Hilltoppers are going to surprise in at least a couple of their remaining games and demonstrate their true ability. We look for State to upset one of its three favored opponents remaining, San Jose, Fresno and San Diego State.

EMBARRASSING MOMENT

Imagine the embarrassment of the referee of the Centenary-Loyola game in the south Saturday when the quarterback of the Lions after Centenary had failed to make yards by a scant foot or so said to the official, "It's our ball, isn't it," and the referee caustically replied, "No, it's ours." Real impartiality, we say. Oh yeah! Which brings us to the point that officiating in general has been below par this season. Citing cases we bring forth the Notre Dame-Carnegie Tech incident in which the referee failed to keep track of the downs and misinformed the Tech quarterback, resulting in the loss of the ball for Carnegie and setting up Notre Dame's winning touchdown jaunt... the St. Mary's-U.S.F. contest in which Coach Slip Madigan of the Gaels walked right out on the field in protest to a decision and talked the officials into changing their verdict... then there was the self-implicated partiality of the Centenary. There are many more such cases, too numerous to mention, and we don't have to go far from the new beach stadium to cite a few of them. Indeed, a situation which be remedied immediately by drastic action from the commissioners of the various football leagues and heads of the officials associations.

Hardermen Suffer Fifth Loss of Season at Hands of Tempe Bulldogs, 10 to 0

Heat Affects Play Of Both Teams, But State Weakens Most

Playing under a hot Arizona sun the Santa Barbara State Gauchos went down to their fifth defeat of the season when they fell before the Dixie Howell coached Tempe Teachers eleven 10-0 last Saturday afternoon. The Bulldogs scored in the second and third periods with Hilbert Brady, star end and king of homecoming festivities, accounting for the first three points on a beautiful kick from placement.

Brady attempted a field goal in the first quarter which was short but he made good on his next attempt. Tempe scored their touchdown on a perfectly executed lateral pass play from Fullback Wayne "Ripper" Pitts to Haskell Henshaw who sprinted 11 yards after receiving the pigskin to score standing up.

Heat Botherers

Both teams seemed to be bothered by the heat but the burning rays of Old Sol apparently took the greatest toll on the Santa Barbara players as they weakened considerably near the end of the contest although they came closest to making a score in the closing minutes.

Tempe had a decisive edge in the yardage gained from scrimmage, 243 to 80, but in the air the Gauchos picked up 115 yards to the 23 made by the Bulldogs. Dixie Howell's boys didn't seem to be well versed in the use of aerial warfare which is surprising due to the fact that Dixie sprang to national prominence through its use.

Long Run

The longest run of the game came early in the first quarter when Aker, Bulldog back, broke through the center of the line and raced 61 yards before being hauled down by Bill McArthur. McArthur saved the Gauchos from several sure touchdowns by making spectacular tackles deep in his own territory.

Santa Barbara came closest to scoring in the fourth quarter. End Howard Joham grabbed a pass from Fullback Forrest Gardenhire on the Tempe 41 and smashed his way to the four yard strip where the play was nullified due to blowing of the whistle. The ref ruled it had blown as he snagged the toss.

PANTHERS AT TOP

The weekly poll of Associated Press sports writers again places the Pittsburgh Panthers at the top of the nation's grid teams, a position they've held since the start of the '38 campaign.

BOAST EXPERIENCE

San Jose State's football squad boasts one of the most experienced elevens in the United States. Against San Diego last Saturday, the Spartans started eight seniors and three juniors.

This Lad Shows Promise

Earl Clayton, flashy Gauchito halfback, is regarded as a great prospect for future varsity grid elevens. His play in last Saturday's frosh game with Santa Maria revealed that the former CCC mentor is slated to do great things with the Gauchos. Watch him tomorrow night.

Rivals Capitalize on Breaks, Says Trehwitt of Gauchito Losses

DEWITT TREHWITT

DeWitt Trehwitt . . . a solid bulk of humanity that reminds one of the Rock of Gibraltar . . . "Dewey" as he is familiarly called, stands at 5 feet, 11 inches and weighs 210 pounds . . . Bakersfield claims Trehwitt as a home-town boy and he attended high there . . . he came to State from St. Mary's where he played his frosh year . . . DeWitt plays at the guard position, but last year he played tackle and so this season he is happy to be back to his old stamping grounds at guard . . . sad to relate this is Trehwitt's last season on the gridiron as he graduates this coming June . . . says there were two reasons for State's defeat at Tempe . . . the hot train ride plus the temperature soaring over 100 degrees at game time . . . the second reason he tactfully declined to be quoted on . . . Dewey emphasizes the point that State has been beaten by the opponents capitalizing on the bad breaks against State as witnessed by the fact that no team has steam-rollered the Gauchos.

RAY REGALADO

Ray Regalado . . . roaming Romeo of the gridiron and campus . . .

Ray plays at halfback with all of his 5 feet, 10 inches and 170 pounds . . . and his chief interest outside of football is wine, women and song . . . Los Angeles is Ray's home town . . . he matriculated at Roosevelt high and L.A.J.C. . . . a sophomore in school, he has three years of varsity competition . . . at high and J.C. he played under the strict Notre Dame system and so it was a little difficult to learn the Warner system when he first arrived at State . . . Ray likes the Warner system now that he knows more about it . . . an adept passer, Ray did a lot of ball flinging in his early career and on the practice field, but he hasn't had much chance to pass in the games so far . . . unless the juice can be turned on the power-house before long, Ray agrees that State will have to rely on the air-planes for its major offensive threat.

CRUCIAL GAME

The University of Southern California Trojans and California Bears engage in the most crucial Pacific coast conference football game of the season next Saturday in the Los Angeles coliseum.

Gauchitos Score First Win in New Stadium Play Amigans Tomorrow

Borstelmann Again Leads Grid Pickers

Allison, Glass Finish in Tie for Second Place as Soule, Noble, Will Lose

Lloyd Borstelmann is really clicking as chairman of the Students' Football Selection Committee just as he predicted he would. As a result of the past weekend's prognostications, Borstelmann now is tied for the lead in the race for places on the official committee with George Soule, who was eliminated this week. Borstelmann and Soule each have two firsts and one third to their credit for 11 points.

In last week's selections, Borstelmann tallied 26 points, while two new members, Bill Allison and Joe Glass, remained on the group with 14 points each. Dropped along with Soule, who scored 12, were Chuck Noble (9), and Shirley Willd (6). Borstelmann gained nine points towards his 26 by being the only member to pick Northwestern over Minnesota. Your sports editor also tabbed the Wildcats. In his race with Elmer Schwarzberg of Elmer's cafe, yours truly again came out on top picking eight winners to Elmer's six. Your sports editor has picked 50 winners out of 38 games and has increased his average from .816 to .828.

Hockey Game Ends in Tie

The interclass hockey game on Monday between the Freshmen and Juniors ended in a 3-3 tie. Co-captain Mary Dunham started the ball rolling for the Freshmen by making their first goal in the first few minutes of playing. Hard and well directed drives up the field by the Freshmen gave them the better results over the Juniors during the first half.

The skillful work of the Junior goalie, Vivian Atherton, saved the Juniors from chalking up several scores for the Freshmen.

Though there was much clashing of sticks and hard fighting, the Juniors made their dribbling and passes click in the second half of the game and made the other two goals, thus bringing the game to a tie.

This tie game will probably do much in making the game Thursday between the Freshman team and the Sophomore-Senior team an exciting one.

Frosh Show Great Power; Favorites Over Mexican Club

By CHARLES BERNASCONI

Displaying a terrific amount of power, the Santa Barbara State college frosh football team pushed the highly touted squad from Santa Maria Junior college all over the field to win an easy 12 to 0 victory last Saturday afternoon.

Tomorrow night at the new stadium, the Greenies hope to continue their winning ways by handing the local Los Amigos club their first setback of the current season. This game is regarded as a "natural" by the respective coaches, Ollie Seeley of the Amigans and Danny Mulock of the frosh. The game is set for 8 o'clock and should be one of the hardest fought contests of the year.

The Gauchitos were put in a bad hole early in the first quarter of the Jaysee game when a strong wind against them held back Garcia's punts. The Bulldogs marched to the Frosh 4 yard line where they made a first down. After three line plays failed to put the ball over, Holloway tossed an incomplete pass into the end zone. Then the ball was brought back to the 2 yard line and the one and only Bulldog threat had failed.

Schoenberger Stars

Midway in the second quarter, Charlie "Red" Schoenberger took a poor Bulldog punt on the 50 yard line and raced down the sidelines to the Jaysee 15 before he was tackled from behind by three Bulldogs. Bill McKeever hit the Santa Maria line for 6 yards in three plays and then Schoenberger cracked off his own right guard for the score. "Butcher Boy" Engle's attempted conversion was blocked.

The second Gauchito score started late in the third quarter from the Frosh 8 yard line. After two plays had made only three yards, McKeever plunged up to the 23 yard line. On the next play Earl Clayton carried the ball up to the 35 yard line and then McKeever crashed through the Bulldog line for 12 more yards. As the third quarter ended, a reverse from Garcia to Clayton made four yards.

Rickers Scores

Coach Danny Mulock then substituted Schoenberger and Rickers for Garcia and McKeever. On the first play Don "Powerhouse" Rickers moved up to the Bulldog 37 yard line. Three reverses from Rickers to Clayton carried the ball up to the Santa Maria 9 yard line, where the "Powerhouse" hit the line three times for the score.
