NO. 8

## ROADRUNNERS CLASH WITH SAN DIEGO TOMORROW

### ERECTION OF FRONT ARCADE BEGUN THIS WEEK BY JOHNSON

Work began last Monday on the rebuilding of the front arcade of the main building, which was destroyed by the earthquake last June and will be finished soon after Christmas if the clause in the contract which demands completion of the work within sixty days of the date of beginning, is complied with.

Mr. Grant Johnson, builder of the arcade, arrived Monday with blue prints and began taking measurements for the job. An initial delay encountered by the architect was brought about by the discovery last Monday that the building to which the arches will be fastened at each end of the arcade was slightly out of line. It is believed that the earthquake might have been responsible for this. It was also discovered that the former arcade was not perfectly straight, but Mr. Johnson declares that it will be put up right this time.

The design of the arcade will be essentially the same as it was before, there being eleven arches with ten supporting pillars on each side of the walk in front of the building. The general design of the arches and pillars will be such as to conform with the simple Grecian style characterized by the pillars and arches around the court.

General Superintendent J. W. Dutton of the division of architecture of the state department of public works, was at the College Wednesday to make final arrangements for the replacement. The arcade will be built of reinforced concrete to make it earthquake-proof and the arches will be hollow.

#### Massacre the Aztecs!

Miss May Barrett, instructor of Psychology in the University of Georgia and summer instructor of Psychology in the University of Virginia, visited the College Monday. Miss Barrett is taking a three months trip in the west.

#### NEXT WEEK

- Monday—Night, fraternity meetings; Glee Club meeting.
- Tuesday—Fourth hour, A. W. S. meeting; Men's Club meeting; Faculty meeting. Noon, Forum meeting.
- Wednesday—Night, Social Science Club meeting.
- Thursday—Fourth hour, Student Body meeting; Glee Club meeting.
- Friday—Pomona A. W. S. Convention begins.
- Saturday—Afternoon, Cal Poly football game. Evening, Glee Club dance.

### C. M. Students Entertain At Barbecue Sunday

At El Capitan, Sunday, the C. M. Department will have a barbecue, which is looked forward to by all. This is one of the big events of the year for the C. M. Department, and a large crowd is assured. The party will consist of games, bathing, the feed, which is the most important event of the day, and more games after the dishes are all scrubbed up.

### Football Dance In Gym Tomorrow Nite; San Diego Is Invited

Preparations are being completed for the season's football dance, which is to be held in the gymnasium Saturday evening from 8 o'clock to 11:30. The San Diego football players and rooters, who will be in Santa Barbara for the game during the day, are invited to attend the function, and one of the largest crowds of the season is expected.

Arrangements for the orchestra have not as yet been completed, but dancing will be the main feature of the evening, no program being scheduled. Clara Parrett is in charge of the entertainment committee, and Phil Brotherton is supervising the dance.

Posters have been put up around the campus advertising the dance, and the social committee has been urging that all students who possibly can, attend this dance, as it will be the only football dance of the year.

Let's go to the game!

### 'Frosh Day' Celebration On Campus Next Thursday

"Frosh Day" will be celebrated by the greenhorns next Thursday. At their meeting yesterday, they appointed their crew to put the day over big. According to Charlotte Bellman and Marcia Goodwin, who are in charge of the festivities, "Frosh Day" will positively "take the cake!"

Plans are being rapidly formed for the Frosh stunt to be given next Thursday's assembly. The committees for the event will start work Monday.

In the past years, Dean Pyle stated, "Frosh Day" has always been accompanied by a general prominence of the Freshmen, aided by peculiar costumes, posters, etc. However, they never have "run" the College on that day.

### Archery Court Plans Fail

Because the ground was too rocky, the plan for building an archery court had to be given up. The girls are still persisting with their practices, however, and are gaining in accuracy every day.

### Parade Rally Tonite

Tonight at 7 o'clock a parade rally will be staged for the game tomorrow. Cars for the parade, which will start from the Arlington and go up and down State Street, will meet at the campus, leaving at 7 p. m. for the business district.

Warren Atwood, in charge of the affair, has asked that all cars be decorated with the colors and have all noise-making devices on hand and in tune. He says he wants to advertise the game and it should be done.

### Parade to Bartlett Field Tomorrow

As was done last week, all cars will gather at the campus tomorrow afternoon before leaving for the Polo Field. Transportation facilities will be provided as usual. The cars will not parade on State Street, but will proceed directly to the field.

### A. W. S. CONTEST FOR CONVENTION SONGS WILL CLOSE MONDAY

An A. W. S. song contest, sponsored by the A. W. S., is being held at the present time to stimulate interest among the women in the organization and to provide an association song to be sung at the Pomona Convention, beginning today. The contest opened last Tuesday noon and will close next Monday noon in order to allow the judges an opportunity to decide upon the winning contributions before A. W. S. meeting next Tuesday at the fourth hour, at which time the winners will be announced and the prizes will be awarded.

Dr. Evans, Mrs. Wieler, and Mr. Bayliss of the Community Arts Association will judge the songs and the A. W. S. is appropriating prizes of three dollars for the winning contribution and two dollars for the second best. Contributions must be turned in to Miss Lucile Dexter, head of the song contest, before Monday noon.

It is the intention of the A. W. S. of this College to make a favorable impression upon the delegates of the association from other colleges who will attend the convention at Pomona by singing original songs for their association. Originality and appropriateness will be the deciding issues of the judges in the contest. Aspiring contributors may apply original wording to music already composed; or, what is better, they may compose the music also.

At the A. W. S. meeting to be held next Tuesday, winners will be announced, prizes will be awarded and the new songs will be sung to acquaint the women with them. Following the singing of the college songs, Miss Irma Learned will sing the winning songs of this contest and they will then be practiced by the association.

### SQUAD MEETS AZTECS AT POLO FIELD SATURDAY IN SEASON'S HARDEST GAME

Team Is Showing More Fight Than Ever Before

After being held to a scoreless tie by the strong Cal Christian team of Los Angeles, the locals are all wrought up and are going into the fray tomorrow to do their best and it will take their best to finish with a win unless the dope is all wrong. Never has a Roadrunner squad beaten the San Diego squad of Aztecs, but this year the chances look unusually good, inasmuch as the Loyola Lions beat the Southern teachers by the same number of points as they finished ahead of us.

### Books and Megaphones To Be Sold By Pep Committee Soon

Arrangements were made in Council meeting yesterday for the purchase of five hundred books containing all of our yells and song and 250 megaphones to be used by the rooters at the games. Also Warren Atwood was appointed to look into the matter of purchasing a large pennant or banner with the inscription "Roadrunners" upon it, to be used at games and College celebrations.

The song books will be similar to a sixteen-page booklet issued by the Santa Paula High School. They will contain all of the new songs and yells and will have several blank pages in the back for the insertion of new songs and yells which might be added after the book is printed. The books will sell for twenty-five cents each. This will not quite cover the cost of publication, but the Student Body general fund will make up what deficit there might be.

The megaphones are small, collapsible affairs, in College colors, with a block S on them, and they will be on sale at the Co-op Store for twenty-five cents apiece by next Wednesday, if present plans are carried out.

A banner five feet by eight feet or a pennant similar to the windshield stickers with reversed colors 18x48 inches, will also be purchased soon, if plans now under consideration materialize.

### Outing Club Hikes in Moonlight to Mountain

The Outing Club is planning a moonlight hike to Inspiration Point in the mountains back of the College this afternoon. Oran Booth, president of the club, is in charge of the hike. Any student of the College, whether a member of the club or not, is welcome to come.

The moonlight hike to Inspiration Point is the first short hike to be taken by the Outing Club this year. Many other similar hikes are being scheduled at the present time.

The party will leave the College at four o'clock this afternoon and will return to the city about ten or ten-thirty.

On the same count it is well to notice what records show of the opposition for tomorrow—they beat Redlands University 10-0 and were barely nosed out by Southern Branch. The game will be the hardest on the schedule for this year, because all the men are going out to show that they have developed somewhat during the evenings of long practice that the Coach has seen fit to resort to.

The whole team has speeded up and is now going its best, with the exception of several who are out on account of injuries, and the outcome of the game will depend a lot on whether or not Furman, Martens, Cooper, or Curtis are still on the bench when the time to start the game arrives. Besides them, Captain Linder has been on the bench most of this week nursing a bad cold, and this accounts for some of the added lines in Coach Gilliland's brow. Perry has been playing his usual stellar game all season and the Coach has ample reason to wonder if he can get this valuable end into shape for tomorrow's game.

Keim and Smith have been alternating at right end and seem to be able to take care of any plays that the Aztecs may see fit to send at them. The tackles for this game are sore spots in the chances for a victory, because Martens and Cooper, the best bets to fill the positions, are both busy caring for sprains or worse. The guards are ready to fight to the last line, but will be outweighed about fifteen pounds per man. If Larsen, Gunn, Furman, and Vandam can put up fight enough to make up for the lack in weight the line will compare fairly well with the visitors' line in that Manager O'Reilly looks good against any team. Just what lineup will represent the Roadrunners has not been announced, but the starters will probably be as follows:

Roadrunners	Aztecs
Linder (c)	L E R Garner
Martens	L T R Avery
Annis	L G R Dotson
O'Reilly	C R. McCreery
Larsen	R G L Bichet
Cooper	R T L Barnes
Keim	R E L Robb
Curtis	Q Dille
Anderson	L H R W. McCreery
Vince	R H L Deal
Morehead	F Ruffa-Hester
Roadrunner Subs	Gunn, Smith, Vandam, Heggie, Treloar, Clemore,
Aztec Subs	Fitz, Motts, Stanley, Roth.

Trounce the Aztecs!

## OUR REPUTATION IN THE MAKING

Tomorrow the Roadrunners are going into the biggest game of the season. The San Diego Staters have made for themselves an enviable reputation already this year by becoming a standard for comparison of the other colleges of the southland. San Diego State held the strong Southern Branch Grizzlies to a lone touchdown early in the season and defeated the Whittier Poets 24-0 two weeks ago. Whittier is now tying Southern Branch and Occidental for first place in the Southern Conference. If we hold the San Diego aggregation tomorrow, our reputation is made for all time. The dopesters say we can do it, because Loyola beat the Staters 13-6 last Saturday, and we held Loyola to a six-point margin here several weeks ago without much support from the grand stand.

What could the team do in tomorrow's game if it had good support from the side-lines? Now that we have learned how to yell, let's practice at the game tomorrow. If ever the team needed support, it needs it now. The last time the Roadrunners played on the home gridiron, many students went to see a high school game instead of ours, with the consequence that they missed the best game yet played here this season. First, think what it would mean to be in a class with Occidental, Pomona, Southern Branch, and other such institution in the south, and then support the team one hundred per cent strong tomorrow. You have already purchased your tickets.

## THE LIBRARY PROBLEM

Last year certain students abused the privileges of the library by failing to return books that they had taken out of the library without bothering to check themselves responsible for them, and made their fellow students stand the expense of these books at the end of the year. That is a kind of action that suggests a low mentality and has no place in an institution of higher learning. Already this year several books loaned us by the city library have been removed without permission; and if they are not returned soon, something that will affect the library privileges of every honest student will have to be done. One of these volumes was a piece of a set of books worth over \$100 and the set will be practically worthless without it. If the person who took the book stole it, he stole state property.

The State Teachers' College of Kearney, Nebraska, has had to install a new library system, whereby the books will be partitioned off from the rest of the library, and students wishing to use a book must obtain permission from the person in charge. This is a system that checks the student's freedom in the College and is undesirable from many points of view. Don't compel us to resort to that system in this college.

## THE NEW TELEPHONE

The pay telephone was installed in the hall for the convenience of the students. It was installed because a demand for it was felt since the use of telephones in the main office was forbidden and it was practically impossible to communicate with the city. The installation of the telephone is purely a Student Body venture and for that reason, if for no other, it should receive the support of the students.

The Student Body is paying a guarantee of \$5.50 per month for this telephone, and that includes every month of the year. To keep the venture out of the well a minimum of six calls per day must be made on school days to keep the phone going the entire year. Any amount received above \$5.50 will go to the Student Body.

Root for the Roadrunners!

## YE KAMPUS GOSSIPS

AND THE grapes.  
SCORED A hit!  
(AND SEVERAL of them.)  
FOR IN the corridor.  
THE OTHER day.  
A PLENTIFUL box of grapes.  
SUDDENLY APPEARED on a bench.  
AND ON TOP of the box.  
HERE WAS a sign.  
INVITING passers-by.  
TO PARTAKE of said commodity.  
AND THE box became.  
POPULAR.  
AND THE SUPPLY diminished.  
BUT IT WAS a costly penalty.  
THAT MUST be paid.  
TO GET a token.  
FROM THE box.  
BECAUSE.  
THE IMMEDIATE vicinity.  
OF SAID Box.  
WAS BEING LUSTILY bombarded.  
FROM AN ADVANTAGEOUS position  
AND OH! how  
THOSE GRAPES did fly.  
AND IT became.  
A DANGEROUS proposition.  
TO COMPLY with this invitation.  
AND THE casualties.  
WERE high.  
AMONG THOSE who attempted.  
TO ANNEX a bunch of grapes.  
AND SOME WERE hit.  
AND OTHERS were closely threatened.  
WITH disaster.  
AND THE excitement.  
BECAME intense.  
AND THEN a shout.  
PROCLAIMED the discovery.  
OF THE source.  
OF THE flying.  
AND DANGEROUS grapes.  
AND IN THE back of the court.  
STOOD OUR quarterback Curtis.  
SWEATING vigorously!  
I THANK you.

## Instructor From Hawaii Inspects College Monday

Mr. William McClusky, director of training at the Territorial Normal School at Honolulu, visited the College last Monday to study the program used in training teachers in this college. Mr. McClusky is on a five-weeks leave from Hawaii and is studying the methods of teachers' colleges of California.

Mr. McClusky stated while at the College that there is a demand for American teachers on the Hawaiian Islands, there being at present approximately 1800 teachers employed on the isles.

## Art Students See Rugs

The Art Appreciation class visited Mr. Kupelian's studio Thursday afternoon. Mr. Kupelian gave the class a very interesting talk on Assyrian and Babylonian Art as it is shown in his Persian rugs. Tonight the Art Department will go to Oertner's studio to study rugs.

The Seniors advise two things, in order to get through college:  
(1) The faculty of working.  
(2) Working the faculty.

## ? Should We Elect a? Song Leader, Pianist?

Lucile Dexter—"I should say so! It will put more responsibility and pep in this institution."

Paul George—"Yeah, sure! We might learn the words to our songs then and get some real spirit."

Ebba Franklin—"We would, by having a song leader and pianist create a stronger and better organized Student Body. It would serve as a method of obtaining a finer and better College spirit."

Connor Shannon—"Yes, by all means! But why not let the Glee Club orchestra play at the rallies too? You know, I'm in it."

Isabel Vaughn—"Why, yes; I'd go to assemblies then, and I think others would, too, because there would be a better spirit."

Helen Dane—"I think so. Often the pep and spirit of a school is judged by the way the songs are sung. Therefore, we should be able to sing them as well as we possibly can, and we can't do this unless we practice with a good leader."

"Jo" Bolton—"Why, yes! We need a leader in everything to make a success of it."

Cecelia Hauser—"Oh, I guess so. It will give two more people an office in the Student Body."

Norvell Dice—"Of course. If there is no definite leader or pianist, we can never hope to know our songs. Half the school doesn't even know 'Our College Grand' now."

Fred Seegert—"We need something like that around here. Sure, I'm for it."

Wythe Graham—"I think that it would be a fine idea to have a song leader and pianist."

Phil Smith—"It's a very good idea; it'll help pep the College up."

Henry Nicklin—"We need some body; the yell leader can't do it."

Floyd Kenney—"Keen stuff! We need mor pep."

Oran Booth—"Just so far as I can commit myself without the advice of my counsel, it's O. K."

Dora says her math prof told her to describe an arc and she just sat dumb through the whole period because she was afraid to ask him if he meant Noah's or Joan's. Her prof told her it was a make-up exam, so she brought all of her cosmetics.

Down with the Aztecs!

## ALUMNI

Mrs. Francis Noel (Helen Covey, '23) is now teaching in San Jose.

Mr. and Mrs. Chester Smith (Amy Sorter, '17) announce the birth of a baby. Chester Smith was member of the class of 1920.

Leona Bowers, '25, spent last week-end visiting her friends in Santa Barbara.

Mrs. H. C. Kentner, former student in the Art Department, who has made seven trips to the Orient in the last two years, visited the department on Tuesday. Mrs. Kentner gave one of the classes a very interesting summary of her trips. She plans to go to the Orient again in December.

## Women's Glee Club Appears First Time Tomorrow

Saturday night will mark the first appearance of the Women's Glee Club this year, when it sings at the Lobero Theatre. The women will sing two numbers: "Come, Ye Fairies" and "In Old Madrid." The trio of the club, composed of Ardis Slone, Madeline Connell, and Irma Learned, will also give some selections.

"Tell me, will it be an offense if I catch fish in this pool?"  
"No, it will be a miracle."

## Tesla Coil Being Made

The Physics class, under the direction of Mr. Peters, is at present constructing a large Tesla coil to conduct experiments with high frequency currents. The coil, which will be completed some time next month, will be used to demonstrate the peculiarities of large sparks.

## Q. E. S. Club Enjoys Party; Elects Officers

The Q. E. S. party was hailed as a great success by all the members who attended it, although they admitted that it was a very spooky affair. It was indeed fortunate that the girls were warned to wear old clothes for they were made to walk over cold macaroni and do all the other things which are guaranteed to make thrills at Halloween. Following the fun a short business meeting was held, at which Ruth Hunt was elected president and Lucille Chandler, treasurer. The other officers are: Dorothy Watts, vice-president; Harrie McKay, social chairman, and Annie Scolari, secretary.

## C. M. Students Go Below In N. Mexico Last Week

The students of the Community Mechanics Department were permitted to substitute for their regular class work on Navy Day last week an organized trip to the battleship New Mexico. Forty or fifty men went over the ship with Mr. Ericson, Mr. Rust, and Mr. Griffin. Before going very far on the boat it became apparent that the upper decks would not sufficiently excite this group, so permission was obtained to go below. The men then went over the ship's hold in two groups.

Big as the ship is, it was found to be literally full of machinery below the deck. So narrow were the passages and doors that some of the larger members of the group could pass through them only with difficulty. The C. M. students also discovered that the machinery was "big," grasping this fact when they stood before electric motors eight feet in height or passed within six inches of a switch that carries 50,000 volts of electricity, and is so labeled. A veritable network of conduits could be seen everywhere, making the class in Home Electrics stagger with the complexity of the systems.

The students enjoyed their trip on the boat very much and one member of the group remarked: "Community Mechanics is a large field, especially if your community is a battleship."

## Students Photographed For State Booklet

As a part of a publicity campaign for the colleges of California, the Student Body of the College was photographed Tuesday after the Assembly. According to the Weaver Photo Service, this picture, which is a panorama, will be published in a booklet describing the colleges of the state.

It is also planned to publish weekly in a Los Angeles newspaper a picture of each college student body in the state.

The same firm also took a panorama of the city business section the day following the earthquake and as a comparison took another the first of this week.

## Sorority Holds Farewell Party For Mrs. Miller

Delta Zeta Delta entertained at a farewell dinner for Mrs. Miller at the Sign of the Cypress last night. Mrs. Miller will leave tomorrow for a two months trip in the east. An appropriate gift was presented to Mrs. Miller on this occasion.

Other guests besides members and pledges of the sorority were Mrs. Miller, guest of honor; Dean Pyle, Miss Bradley, Miss Severy, Miss Price, and Miss Frye.

## Mrs. Miller Leaves College For Two Months In East Tomorrow

Mrs. Jane C. Miller, registrar, leaving tomorrow morning for a two months trip in the east. She is planning to study at Columbia University, taking up registrar work. Mrs. Miller will return to her duties here in January.

Her work at Columbia, she stated, will be a course in registrar work for the Master's degree on Home Economics and Community Mechanics accrediting. She will apply her study to her work at the local institution.

Mrs. Miller is also planning to study at the Iowa State Agricultural College, also taking credit work there. While in Iowa she will be a guest of Mabel Nelson, '12, former instructor here.

While in the east Mrs. Miller will visit Boston, where she will go first. She plans to remain there ten days, going next to Columbia University. After leaving Columbia she will visit her brother in Washington, D. C., and will then travel to Cincinnati, Ohio, to visit another brother. She also plans to visit her sister in Springfield.

## Glesca Marshall In Green Room Frolic

The Green Room Club was formed about a year ago in order that those who had helped with the Community Arts productions might still keep in touch with all that goes on backstage. They have given several entertainments of a very high order and have proved themselves a part of the Community Arts. Saturday they are giving one of their usual splendid programs which will prove to be about the best that they have undertaken. Mr. Clements has written an adaptation of "What Price Glory" and called it "What Price Morning Glories." There will also be given: one-act play, "Waterloo," and several acts of vaudeville. Those in the cast include Glesca Marshall, Samuel Ilseley, Colin Clements, and Mr. McConnell.

## VALUABLE EXHIBIT OF COVERLETS HELD IN HALL LAST TUESDAY

A great many valuable and interesting coverlets were displayed by Miss Camp on Tuesday afternoon in the lower hall of the main building.

There were about forty coverlets of four different types: Double-aced, doublewoven, overshot, and homespun twill. The coverlets were loaned to the College by people of Santa Barbara, Carpinteria and Lompoc.

There were many interesting and historical coverlets displayed. The oldest one was a spread eagle, croll and liberty design and was woven in 1776. It is now owned by Mrs. Brooks of Santa Barbara. Mrs. Poland of Lompoc sent a coverlet to the exhibition that had crossed the plains in an oxcart.

Mrs. E. H. Whitaker loaned a coverlet that had been woven in 1837 in New York. It is especially interesting in that its border is like one described in "Collector's Luck," a book by Mrs. Carrick.

There were examples of many different designs, some of which were: Braddock's Defeat, Lee's Surrender, Fox Trail, Mary Simons, White House, Chariot Wheels, Snowball, and Snowflakes. The students greatly appreciated the efforts of Miss Camp in securing these valuable coverlets for the exhibit. Many townspeople also witnessed the display.

Miss Camp wishes to take this opportunity to thank those who assisted her in making this exhibit a complete success; especially the students in the Art classes, who hung the coverlets, the people who loaned them, those who transported them, and those who co-operated by coming to the exhibit.

## Music Room Gets Mural

A mural for a music room is being worked out by each member of the class in Mural Decoration under the direction of Mr. Brougier. All of the murals are original compositions, many beautiful effects being produced.

## Roadrunners Will Meet Ventura At Oxnard Armistice Day

The Roadrunners are going south to Oxnard next Wednesday afternoon to play Ventura Junior College in the Armistice Day celebration at that city. It is to be understood that this game will be the main attraction of the afternoon at the celebration, and will not be a curtain-raiser for anything else. This will be the game that we were supposed to have played early in the season, but were unable to do so.

Ventura J. C. has already made a name for itself in southern college circles by cleaning up some of the Frosh teams of the larger colleges. The game should prove very interesting for local fans, because Ventura J. C. defeated Cal Poly 10-7 several weeks ago in the north. The lineup will probably be the same as that for the San Diego encounter mentioned elsewhere in this paper.

Teacher: "Will the students please take their seats so I may mark them absent."

What professor was it the other morning that kissed the garbage goodbye and threw his wife out the back door?

## Howling Hundred Will Be Revived to Promote Organized Rooting

Steps for the revival of the old, well-known Santa Barbara State College "Howling Hundred" rooting section were taken by Warren Atwood, chairman of the Pep Committee, yesterday, when a call was issued for volunteers for the section. It is expected that the "Howling Hundred" will be organized for the San Diego game tomorrow.

A petition was posted yesterday on the bulletin board for volunteers. These volunteers, upon joining the organization, will be required to attend all games. No dues will be asked. It is expected that a uniformity in clothes will be instituted for the games, white shirts for men and white middie or sweaters for women, with rooting caps for both. It is probable that green ties will be worn, but not for the game tomorrow.

The organization has a song appointed the crew to put the day known as "The Howling Hundred." It was written in 1922 by Dr. Stockton, faculty member of the College who now is on a one-year leave of absence. It became popular immediately. The organization was a decided success that year, and was instituted again the following year. An attempt made to revive it last year failed.

The song follows:

We are the Howling Hundred and we have a plenty of steam,  
We yell because we like it, and we yell to support the team.  
We occupy the bleachers, and we yell to beat the band;  
We mean to be good fellows, and to lend a helping hand.

Chorus:  
Oh Howling Hundred! Start your howling now!  
Oh Howling Hundred! Raise an awful row!  
We pay no dues in money, for we do our dues in sound;  
The air is sonorous whenever we are around,  
mighty they may seem;  
they may seem;  
We'll bet an ornitherinkus they cannot beat our team!

## Women's Basketball Finals Played Soon

The real thrill of the basketball season is now coming when the Freshmen meet the Sophomores and Juniors in the finals. The first game was held last night, the second will be played next Tuesday, and the finals Thursday. Both teams have practiced hard and the final game will be close.

"Art is for everyday use"

Modern girls express it as surely in well-chosen frocks as do artists in paint or clay.

## "Round Robin" Tennis Meet Will Start Next Week To Choose Team

Starting the middle of next week, a men's ladder tennis tournament will be played to select the best ranking men of the team which is being chosen by the elimination tournament now in progress.

The ladder tournament, which is sometimes called a "round robin," will be eligible for the first eight ranking men in the present tournament, according to a tentative plan now being discussed. However another plan is to have the tournament open to all men of the College. This would be a permanent ladder tournament, similar to the one staged here last year.

Plans for a men's doubles tournament, to take place later, are also being discussed. Mixed doubles are also planned.

## Home Economics Studes Hold Party Tonight

A Home Economics party will be held tonight at 8 o'clock in the Music Bungalow. The purpose of the party will be to introduce the new Home Economics girls.

Miss Ebbets, head of the department, will show a series of travel pictures as the feature of the social. Games and stunts will also fill in the evening.

## Art Students Privileged On New Mexico

About forty members of the Art Department visited the battleship New Mexico last week. Mrs. Doolittle, of the department, is a niece of the Secretary of the Navy, so they were well received and every courtesy possible was extended to them. Mrs. Croswell and Mrs. Doolittle had tea with the commander and the captain and their wives.

## Roadrunners, Cal Christian Battle To Scoreless Tie Sat.

The Roadrunners emerged from a fast game with California Christian College of Los Angeles last Saturday on the southern gridiron in a somewhat bruised condition, after having held the preachers to a scoreless tie. The team played a hard game, but was handicapped by the loss of Quarterback Curtis, Tackle Annin, and several other possessors of important positions. For this reason the dope, which gave the Roadrunners a decided edge, was all wrong.

The team is to be congratulated for holding Kal Kris to a goose-egg, because the southerners proved to be much stronger than was expected. In fact several of the players declared that Cal Christian had stronger substitutes than first string men and they were nearly all used.

## Soccer May Replace Hockey for Women

The fact that hockey will not become one of the girls' sports this year has been a great disappointment to all of our hockey enthusiasts. The football field, where the practices were to be held, was seen to be too uneven to play hockey upon with any degree of accuracy, and hockey being too good a game to be played in a half-hearted manner, was decided to be replaced by some other game. This game, it is thought, will be soccer, but no definite plans have been made.

Life's darkest moment comes when the would-be tough Freshman football man discovers that in his tender years he took a prize in a baby's beauty contest.
