

## Faculty Advisers to AS Announced by Provost

Faculty members serving as advisors for the Associated Students board and committees at Santa Barbara College have been announced by Provost J. Harold Williams.

In the cases of committees and boards, the Associated Students constitution provides for the faculty representatives as members or advisers. They assist and advise in student body undertakings by this provision. The Associated Students, however, is student governed and handle their own funds and activities within the framework of the university. Athletic events and many of the cultural activities offered to the public are under their sponsorship.

The following student committee and board faculty and administration representatives were named:

Assembly Committee—Lt. Col. E. R. Maddox, chairman of the Military Science Department, adviser; Dr. Edwin R. Schoell, instructor in speech, Jean Bellinger, assistant professor of physical education, and Stefan Krayk, assistant professor of music, representatives.

Awards Committee—Lyle Reynolds, Dean of Men, and Ellen E. Bowers, counselor of women students.

Election Committee—Dean Reynolds and Miss Bowers.

Finance Committee—Dr. Hazel W. Severy, professor of chemistry, emeritus.

Pre-Audit Committee—J. A. D. Muncy, business manager; Lt. Col. Maddox and Dr. Harold J. Plous, instructor in economics.

Publicity Committee—Dr. John E. Gillespie, assistant professor of music.

Rally Committee—Dr. Jean L. Hodgkins, assistant professor of physical education.

Social Committee—Mrs. Marion P. Alves, assistant professor of home economics; Dean Reynolds and Miss Bowers.

Standards Committee—Dean Reynolds and Miss Bowers.

Activities Control Board—Dean Reynolds and Dr. Helen E. Sweet, Dean of Women.

Athletic Control Board—Dr. Norman E. Gabel, assistant professor of anthropology; John M. Groebli, assistant professor of industrial arts, and Dr. Theodore Harder, chairman of the Men's Physical Education Department and director of athletics.

Music Control Board—Maurice E. Faulkner, chairman of the Music Department.

Press Control Board—Dr. Graham C. Wilson, instructor in English; George Obern, manager, Office of Public Information.

Speech Control Board—Dr. Rollin W. Quimby, instructor in speech.

Red Cross Committee—C. Douglas Woodhouse, assistant professor of mineralogy.

Freshman Indoctrination—Dr. Jerry H. Clark, assistant professor of psychology.

Homecoming Committee—William A. Rohrbach, instructor in art.

Legislative Council—Marion P. Alves, assistant professor of home economics; Dean Reynolds and Miss Bowers.

Blue Key Helps JCC Get Out City Vote

Blue Key, senior men's organization, played an important part in reminding the people of Santa Barbara to vote in the recent elections. Under the co-chairmanship of Don Sherwin and Bill Stoner, Marc Wallace and Bert Pierce also helping, a float sponsored by the Junior Chamber of Commerce was erected and paraded up and down the streets of the city, reminding Santa Barbarans to turn out and vote for their favorite candidates.

## Dr. Kenner to Begin Poetry Series Tues.

The English Department's annual series of poetry readings will be inaugurated next Tuesday. At that time, Assistant Professor of English Hugh Kenner will read selections from the "Cantos" of Ezra Pound in the AWS Room at 4 o'clock.

Prof. Kenner is a widely known authority on Ezra Pound, having published in 1951 one of the only two books now in existence on this subject. Pound has been one of the seminal figures in modern literature. His work began appearing early in this century and is known to have guided the careers of many other poets. The "Cantos" are among his most famous works.

The English Department's poetry series, which is open to students, faculty and public, and for which there is no admission charge, will continue on Dec. 22 with Lawrence Willson, assistant professor, reading "The Waste Land" in its entirety; on Dec. 16, with William Frost, assistant professor, reading parts of Eliot's "Four Quartets," and on Jan. 13, with George Hand, associate professor, reading poems by W. H. Auden.

## Proficiency Tests To be Held Saturday

Proficiency tests will be given on Saturday, Nov. 15, from 9 a.m. to 12:30 p.m. for those students who have failed in any part of these examinations. No new examinees will be admitted at this time.

Students deficient in any section of any division of the test must retake the entire division, and will be held responsible for any part taken whether passed formerly or not.

Each student must see his department chairman or adviser and present evidence, on the blank provided for that purpose, of having prepared for his particular make-up divisions. This statement, signed by the department chairman or adviser, must be presented for admission to these tests.

The doors will be opened only at the beginning of each test and the time for each is as follows: Reading Comprehension, 9; Reading Vocabulary, 9:30; Arithmetic Fundamentals, 9:45; Arithmetic Problems, 10:30; English, 11:15, and Spelling and Handwriting, 12.

No appointment is necessary in advance; students are to appear at the time scheduled above for their particular make-up division.

## Red Shmoos Win Trophy in Berkeley

The Red Shmoos, representing Santa Barbara College, won the first-place trophy for their act at Berkeley during All-Cal Weekend. It was the All-University award for the best production at the All-U rally in the Greek Theater.

Shirley Stockton was appointed by President Fred Wade to take charge of the production, which was under the direction of Pat Williams. Ed Monreal and Bill Kindell had the leading roles, and the chorus was composed of Bob Holland, Bill Myers, Bill Grannis, Bill Smart, John Collister and Jerry McIlvaine.

The trophy is now being engraved in Berkeley and will be sent to the campus soon.

## WSSF Leaders Speak At Council Meeting

Two representatives from the World Student Service Fund spoke to the Legislative Council about the activities of their organization at the meeting Tuesday, Nov. 4.

Miss Beth Mierstedt, graduate student at the University of Southern California, and Paul Denise, secretary to the regional director of WSSF, visited this campus and discussed WSSF with student leaders. They told them of the entire national program and methods for conducting a successful drive on this campus.

In his talk to Council, Denise listed three administrative principles of the organization. They are urgent need, self help, and administrative freedom. WSSF goes in where there is an urgent need by the students. They give the students enough money to help themselves to gain more. They don't go through channels, but go directly to the students. If they cannot have this freedom, they pull out.

"Leadership for two-thirds of the world's people is in those that we help to help themselves," Denise said.

Miss Bierstedt outlined some responsibilities of students. "We are in places of leadership," she said, speaking of university students in the United States, "and we should educate ourselves to better understand other countries."

Both speakers pointed out that participation in this program by students in the United States means that they are concerned about young people all over the world. The Legislative Council did not take any action concerning the World Student Service Fund at its last meeting. For the past two years the Associated Students has given 40 per cent of the money earned at Barbary Coast to WSSF.

## Evolution of Modern Liberalism Topic Of Dr. Harry K. Girvetz At Today's Lecture

Dr. Harry K. Girvetz, associate professor of sociology, is the next lecturer in the series of All-College Lectures. His subject will be "The Evolution of Modern Liberalism." Dr. Girvetz has completed much research in the area of liberalism.

In a recent book entitled "From Wealth to Welfare, An Evolution of Liberalism," he has defined liberalism in a way which dispels much of the confusion surrounding

Dr. Harry K. Girvetz

the word. Contemporary liberalism is defined as primarily the responses to the needs and aspirations of the masses of western Europe and America. Contemporary liberalism stresses the intimate dependence of the individual upon the society of which he is a part. Liberalism seeks to convert "goods" into "good"—wealth into welfare.

The lecture will be given Wednesday, November 12, in Pine Hall 100, and it will be given under the

## Reprimand Issued To Two Students

The Administrative Committee on Student Discipline at Santa Barbara College accepted the recommendations of the student Legislative Council and has issued an official reprimand to two students and one student organization involved in the use of the university's name in connection with the political campaign.

The action resulted from an entry in the college's recent Homecoming parade, an automobile of ancient vintage with a sign referring to one of the Presidential candidates.

Investigation by the student sub-committee on standards revealed that the unauthorized use of the university's name was, for the most part, the result of naivete and inattention to detail on the part of the students involved. The organization which entered the old cars in the parade did not demonstrate a proper sense of responsibility in allowing the sign to be used and one member of the parade committee committed an error in giving permission for its use. Although the parade marshal did not give his permission to the entry and did not know of the use of the sign, he was, nevertheless, responsible.

The error was even more pronounced since another political group, which had proceeded through proper channels, had been denied the same privilege several days before the parade.

The Legislative Council accepted the Standards Committee's recommendations and the Council passed it on to the administrative committee. The latter group in turn accepted the recommendations and issued an official warning to the two students and the organization.

auspices of the Committee on Drama, Arts and Music.

In the All-College Lecture given by Professor Charles G. Miller, assistant professor of physics entitled "The Role of Private Industry in Atomic Energy Development, the development of the place of the scientist in society was traced from being regarded as an ornament through three stages, dilutant, helper, then co-worker. Professor Miller cited three facets of development following the original court patronage: secret and open recognition of individual rights and protection; government annuities for divulging processes for private use; patent protection for individual inventions.

The Atomic Energy Act of 1946 was a radical piece of legislation. There has been no instance in the peacetime of the U. S. wherein Congress established a commission with responsibilities such as given to the AEC; it creates a government monopoly of atomic energy material; it becomes an island of socialism in our country.

The Atomic Energy Act raises a number of issues but settles none. The three principal issues before Congress at the time of presentation of the bill were (1) should government controlled atomic energy be administered by military or civilian; (2) to what extent should scientific activities be controlled; and (3) can private activities in the field be controlled? The one point on which agreement prevailed was complete government monopoly on the use of atomic energy materials.

In 1950 the United States invited interested private firms to propose methods of bringing to its attention means whereby commercial firms may participate in civilian atomic energy production.

It was the opinion of one firm

POET DAVE HODGIN gives out with verse, but comrades Sydney Vilen, George Monk, and Claire Arnold don't seem to appreciate it. This is a scene from the Russian comedy, "Squaring the Circle" playing this week in the Riviera Auditorium.

## 'Circle' Farce Provides Fine Entertainment, Humour

By Harriet Polt

Last weekend saw the first three performances of Valentin Kataev's play, "Squaring the Circle," which will have three more performances, tonight, tomorrow and Friday, in the Riviera Auditorium.

The play is an hilarious farce about Communist youth and marriage. The Russian setting, though certainly providing humor and timeliness, sometimes seems to be almost superimposed on the characters, and the fact that all of the leading players managed to achieve a presentation of personality and

## 'Burning Darkness' To Be Given Dec. 4-6

"In the Burning Darkness," a Spanish play translated by Dr. Samuel Wofsy and directed by Dr. Theodore Hatlen, will give its first American performance Dec. 4, 5 and 6 in the Riviera Auditorium.

The story of "In the Burning Darkness" derives its uniqueness from the setting which is that of a college for blind students. Playing the parts of the male students in this drama will be Arlan Weld, Dick Weston, George Meinke and Larry Drass.

The girl students will be portrayed by Thelma Simpson, Gerry Cox, Barbara Briggs and Jacquie Shutts. Mr. Marsden, president of the school, will be played by Fred Junker, and his wife by Mary Jane Flanagan.

## Student Pop Concert Is Future Assembly

The Music Department has two important functions coming up soon.

There will be a Student Pop Concert at 11 a.m. on Nov. 25. Appearing at the Riviera Auditorium, this concert will have many fine features to present. One of the main features will be Dr. Gillespie playing the Grieg Concerto. This concerto and many others will be performed by the symphony orchestra under the direction of Dr. Faulkner.

The second event will be the Christmas Concert on Dec. 10. This concert will be one of the first Christmas functions.

## AMS to Host Steak Fry on November 23

The annual AMS steak fry will be held on Sunday, November 23, at Tuckers Grove. Tickets are now on sale in the Graduate Manager's Office for those men who have not yet bought theirs. According to the AMS, this year's fry will be bigger and better than ever before.

## Secretariat Meeting Tomorrow at 4 P.M.

There will be a meeting of the Secretariat staff tomorrow in Building D at 4 p.m. Ford Kaiser, office manager, urges all those who are not on the staff and are interested in becoming members to attend, or to contact him in the Associated Student Body Office.

their acting abilities.

Sydney Vilen, as the clinging-vine and somewhat "petty bourgeois" Ludmilla, played her part beautifully, mixing her cooings and temper fits most convincingly. Claire Arnold was completely in character as the serious and devoted party member who shares her (first) husband's view that marriage is based on mutual respect, compatibility, and sharing of labor (we forget the actual wording—it is much better).

George Monk as Vasya, another good solid Communist youth, played his part very skillfully and convincingly.

Certainly the most fiery character in the play was Abram, played by Bob Vogelsang, whose constant worry was, "Is it ethical or unethical?" Vogelsang managed to steal the show most of the time, but in our opinion he might have varied his characterization by being a little less intense in spots.

In all, the principals showed an amazing dexterity and variety of facial expressions, and had none of the physical awkwardness frequently found in amateurs.

Among the minor roles, Dr. Rolf Linn contributed some wonderful bits as the older party member. Especially good was his first appearance, in which, with his usual subtlety, he encourages the newlyweds to "go to it."

Dave Hodgkin as the poet Emilian was a bit rigid and also, we believe, mis-cast in the role, since he does not quite seem to fit into the stereotype of the poet. Maybe he should have let his hair grow.

The boys and girls of the Communist Youth acted a little embarrassed on the first night, especially the girls. Probably they have by now lost their bourgeois prejudices.

The set, which was almost center-staged, with the audience sitting around three sides on the auditorium stage, was well executed and appropriately shabby. The costumes also were good, especially Dr. Linn's high fur hat and Claire Arnold's boots.

The plot of "Squaring the Circle," though slim and not always entirely convincing, provided a vehicle for the excellent comedy techniques of the actors, and is full of laughs. To coin a phrase, "there's never a dull moment." And so, comrades, we heartily recommend the latest college production for an evening of perhaps not the profoundest intellectual penetration but of fine entertainment.

## Give a Gaucho a Lift . . .

"Give a Gaucho a lift" used to be a custom at Santa Barbara College. Students used to stop their cars to give others rides up and down the hill. But what is happening to this custom?

Lately the cars haven't been stopping. It's a long walk up the hill every morning, and at the end of the day it's a long walk down. Would you like to do this every day?

Student Council has noticed this gradual change. A large sign has been placed at the exit of the parking lot. It is hoped that this sign will remind people of the custom.

Notice this sign, then obey it. "GIVE A GAUCHO A LIFT."

## Selective Service Announcement Made

An important announcement concerning the filing of applications for the Selective Service College Qualification Test has been received by officials at Santa Barbara College from J. E. Terrall, National Director of Test Administration for the Selective Service Examining Sections.

Terrall states that applications for the Dec. 4, 1952, and the April 23, 1953, examination dates for the College Qualification Tests are now available at Selective Service System local boards throughout the country.

Eligible students who intend to take this test on either date should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out his application and mail it immediately in the envelope provided. Applications for the Dec. 4 test must be postmarked no later than midnight, Nov. 1.

According to the Educational Testing Service, which prepares and administers the College Qualification Test for the Selective Service System, it will be greatly to the student's advantage to file his application at once, regardless of the testing date he selects. The results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student.

## TODAY'S LECTURE

Continued from page one  
 that the government should embark on the building of a pilot plant; after that is built and many questions answered, private funds would be available. To another firm, cost was prohibitive. The cost to the government per pound of purified uranium is \$200. Private funds may be available if the cost were in the neighborhood of \$50. To another firm the production of atomic energy by private firms rises a series of questions, unanswerable presently: How can civilian power be tied in with national defense? How can private firms produce power to compete with coal? What companies may be allowed into the field of plutonium makers, together with buying plutonium beyond our needs.

Professor Miller read a statement of Gordon Dean, Chairman of AEC relative to private industry participation in atomic energy production: "... I think we should build for defense and private use ... Most of the questions revolve around government monopoly. How much monopoly should be relinquished to protect the people? All questions will have to be answered by Congress. The things we do now are vitally preliminary to these questions.

The public should be thinking seriously about them ... No judgment should be made without the benefit of the enlightened public opinion."

## Top State IA Post Given to '47 Alumnus

Another alumnus of Santa Barbara College has taken his place among the educational leaders of the state.

He is Robert L. Woodward, class of '47, who this week was named State Consultant in Industrial Arts by confirmation of Roy E. Simpson, State Superintendent of Public Instruction. This is the top position in the industrial arts field in the State Department of Education. He will assume his new duties early next month, making his home in Sacramento.

In 1946 he served as a lecturer in industrial arts at Santa Barbara College while finishing up work for his degree with a major in industrial arts.

As Consultant for Industrial Arts he will act as co-ordinator for industrial arts education on all levels, elementary school through college, throughout the entire state.

He is a member of Epsilon Pi Tau, industrial arts honorary.

**EL GAUCHO**  
 Published every Wednesday during the school year except during vacations and examination periods by the Associated Students of the University of California, Santa Barbara College, Santa Barbara, Calif. Opinions expressed herein are those of the staff unless otherwise indicated.  
 Entered as second-class matter May 23, 1947, at the post office at Santa Barbara, Calif., under the Act of March 3, 1879. Mailing charge is \$2.00 per year, payable in advance.

## CHRISTMAS CARDS

THE COLLEGE BOOKSTORE

# MESA MEMO . . .

Eleven Mesamen were initiated into Epsilon Pi Tau, national industrial arts honorary, at a recent banquet held at the Fremont Restaurant. Those accepted were Neil W. Berck, Cortland Doan, Herb Harbison, Wandell Hunter, George Kostakis, Jim Marsh, Sam Marsh, Frank Stout, Dave Ward, Art Clark and Andy Moffitt. Following the ceremony Dr. Rollin Quimby spoke on "Radio, Television and Politics."

There are 45 chapters of Epsilon Pi Tau in the United States and others in a dozen foreign countries. The Santa Barbara chapter is the largest. To become a member a student must attain a scholastic average of B in I.A. courses and C-plus in all other subjects. In addition, he must demonstrate professional proficiency and indicate his capability in research.

Dr. Kermit Seefeld was the main speaker at the Kern County Education Institute held last Saturday in Bakersfield. He spoke on "You and Youth," discussing recent technological advancements of phenomenal nature and their part in education. Dr. Seefeld is president of the Santa Barbara-Ventura section of the California Industrial Education Association and was recently selected general chairman for the forthcoming CIEA convention to be held in Santa Barbara on March 20-21.

The I.A. Club is planning two terrific social events. Herb Christian and Cliff Horn have been working hard on a forthcoming barn dance. There will be square dancing, contests and food, set to an appropriate atmosphere. As Christmas will be upon us soon, plans are being started for the

annual Christmas party. There will be a tree with the trimmings, dancing and a gift exchange.

The boys in Alpha Phi Omega really proved their service when the fraternity stuffed 6,000 envelopes with Christmas seals. Everyone had a good time, so the work went rapidly.

## Accident Report Shows College Safe

An injury and accident report compiled at Santa Barbara College shows that the college is a relatively safe place to work, and is getting safer as time goes on.

For the fiscal year 1951-52 there were 24 injuries reported and only three of this number were classified as "lost time accidents." This marks a reduction in the number of accidents by 20 per cent over the previous year.

Only two injuries, neither of which resulted in time lost, were reported for the first three months of this fiscal year, making a reduction of 66 per cent from the same period last year.

The report was prepared by J. A. D. Muncy, business manager and chairman of the Committee on Safety. The records are based on the 370 academic and non-academic personnel on the campus which represents three per cent of all the University of California staff. The report does not include students, who are handled by the Student Health Service on each campus.

## Romantic Language

French, the language of romance, is sadly lacking in men, with only 2 male majors and 6 women.

## CALENDAR

**Wednesday, Nov. 12**  
 Chimes, AWS Room, 4

189 AWARDS LAST YEAR!

## Write a Lucky Strike jingle!

No box tops! NO ENTRY BLANKS! It's easy!  
 Just write a 4-line jingle based on the fact that

**LUCKIES ARE MADE BETTER TO TASTE BETTER!**

Here's your chance to make yourself \$25. Just write a 4-line Lucky Strike jingle, based on the fact that Luckies are made better to taste better.\*

Then, if we select your jingle, we'll pay you for the right to use it, together with your name, in Lucky Strike advertising ... probably in this paper.

Read the sample jingles on this page. Then get the gang together, break out the rhyming dictionary, and start writing. It's fun! And we're buying jingles by the bushel!

Hint—if you can sing your jingle, it's a good one!  
 Hint—the more jingles you write, the more money you have a chance of making.  
 Hint—be sure to read all the instructions!

I've heard the same in every class - In history, psych, and ec - For cleaner, fresher, smoother smokes, It's Lucky Strike, by heck!

I like a better-tasting smoke And mildness counts with me. So when I buy I keep in mind That L.S./M.F.T.!

### HERE ARE THE INSTRUCTIONS

1. Write your Lucky Strike jingle on a plain piece of paper or post card and send it to Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y. Be sure that your name, address, college and class are included—and that they are legible.
2. Base your jingle on any qualities of Luckies. "Luckies are made better to taste better," is only one. (See "Tips to money-makers.")
3. Every student of any college, university or post-graduate school may submit jingles.
4. You may submit as many jingles as you like. Remember, you are eligible to win more than one \$25 award.

### \*TIPS TO MONEY-MAKERS

To write a winning Lucky Strike jingle, you're not limited to "Luckies are made better to taste better." Use any other sales points on Lucky Strike such as the following:  
 L.S./M.F.T.  
 Lucky Strike Means Fine Tobacco  
 Luckies' cigarette-tearing demonstration  
 Luckies taste cleaner, fresher, smoother  
 Be Happy—Go Lucky  
 So round, so firm, so fully packed  
 So free and easy on the draw  
 Buy Luckies by the carton  
 Luckies give you deep-down smoking enjoyment

# Dr. Spaulding Does Research on Social Problems

By Edith Fern Hicks

This is one of a series of articles on members of the Faculty. A very cordial welcome is extended to Dr. Charles B. Spaulding, who comes to Santa Barbara College after a teaching tenure of eighteen years at Whittier College, where he was Professor of Sociology and Economics. It is hoped that Dr. Spaulding's stay at Santa Barbara will continue to be delightful and pleasant. The quiet tempo and unusual weather already have made impressions on him. However, Dr. Spaulding seems to have caught on quickly to the myth of the Riviera, namely, that there never is any fog up here. (What is that water dripping off the trees? Liquid sunshine, of course.)

Following his high school work in Portland, Oregon, Dr. Spaulding came to California and attended Long Beach Junior College. He obtained his B.A., M.A., and Ph. D. at the University of Southern California. It will be of interest generally that Dr. Spaulding worked his way through college teaching swimming and serving as a life guard in Long Beach. The Long Beach earthquake and fire forced him to abandon his classes at the pool, and classes were transferred and continued at the Marine Station, where rowing replaced the swimming lessons.

**Publications**  
In addition to his work as Professor of Sociology and Economics at Whittier, Dr. Spaulding served as Registrar on a part-time basis. Also, he has served as the Public Panel Member for the 10th Regional War Labor Board, working towards the settling of labor disputes. Mr. Spaulding has done considerable research in social problems, and some of his publications may give an indication of the range of interests: "Types of Junior College Leaders"; "The Mexican Strike at El Monte"; "Cliques, Gangs, and Networks"; "The Clique as a Device for Social Adjustment among Freshman High School Girls" (in collaboration with Ruth S. Bolin); "Occupational Affiliations of Councilmen in Small Cities"; "Labor Arbitration Reports of the Bureau of National Affairs."

Mrs. Spaulding, too, takes an interest in social and community work, is active in church work and served as president of the local P. T. A. when they lived in Whittier. The Spaulding family includes two youngsters, a son who is in high school and a daughter who is in the fifth grade, here in Santa Barbara.

It's a little unfair to ask Mr. Spaulding for comparisons between Santa Barbara and Whittier, especially after such a long stay at Whittier; but his remarks concerning Santa Barbara so far are most favorable. The very friendly and congenial atmosphere of Santa Barbara has made its appeal, also the easy communication between lecturer and student made possible by the size of classes on this campus.

## Home Ec Club Holds Initiation

The Home Economics Club held its annual candlelight initiation for incoming majors recently. After a beautiful ceremony, cider and doughnuts were served while Marge Adams took charge of the entertainment. Dr. Meshke spoke to the girls about her textile trip to New York this summer. Ruth Hamilton gave a humorous speech of "Her First Year at UCSBC." She was followed by Joan Hemmer, who gave a farewell story by Turner, "Look Homeward Jeanie."

Those initiated were Mary Joan Miers, Valda Weymouth, Joy Backman, Anna Lee Mitchell, Barbara Hatchett, Joanne Meek, Barbara Underwood, Joanne Stanley, Marguerite Downing, Cathy Cunnings, Elsie Surian and Carol Slunberg.

Also, Marty Hopkins, Lee Boeck, Barbara Gelb, Barbara Worley, Kathy Henry, Phyllis Kaufman, Nancey Kralick, Carol Olsen, Ellen Judgensen, Edisene Hanson, Molly Green, Jo Anne Scott, Mary Lee Van De Walker, Virginia Searl, Joan Ortman, Mary Lou Vander, Margie Baumgartner, Janet Jefferson, Barbara Beaumont and Kitty Harder.

## High Ratings Given Speech Students

Five Santa Barbara College students received superior or excellent ratings in the practice speech tournament held Nov. 7 and 8 on the Santa Barbara campus. The tournament was sponsored by the Southern California Collegiate Forensic Association and Dr. Palmer, Assistant Professor of speech was the director.

In the women's upper division events, Gerry Cox received a superior rating in oratory, Teddy Tye received an excellent rating in interpretative reading, and Shirley Kent received an excellent rating in discussion. Joan Reynolds was awarded an excellent rating in the women's lower division events in discussion and interpretative reading. Peter Kane received an excellent rating in the men's upper division event in extemporaneous speaking.

The tournament consisted of three rounds in each of four events, oratory, extemporaneous speaking, interpretative reading and discussion. Each participant was allowed to enter two non-conflicting events. Contest chairmen were Mr. Stansell from Los Angeles State College for the discussion groups, Professor W. Cook from Long Beach City College for extemporaneous speaking, Professor B. Scott from Pomona for interpretative reading and Dale Drum from the University of Southern California for the oratory contest. Coaches from the various schools and businessmen from downtown Santa Barbara judged the participants.

According to Dr. Palmer, the tournament had a larger number of entries this year than ever before. There were 182 students representative of 18 colleges. Students from the University of Southern California, Pepperdine and the University of California at Los Angeles won the most superior and excellent ratings.

## Teachers of Italian Honor Dr. Mathews

Dr. J. Chesley Mathews, associate professor of English and chairman of that department, has been uniquely honored, as an English teacher, by his election to the vice-presidency of the American Association of Teachers of Italian.

Specializing in Dante, Dr. Mathews has conducted intensive research in the Italian poet's writings and is a recognized authority on Dante's influence on American literature. By special invitation Dr. Mathews offered a course on "The Divine Comedy" on the Berkeley campus last summer.

This appointment is not his first connection with a foreign-language group, for he has given three papers at national meetings of the Modern Language Association of America and one of these papers was delivered before the Italian group of that organization.

Others serving as officers with Dr. Mathews are Dr. Ernest H. Wilkins, president emeritus of Oberlin College; Dr. Vincent Luciani, City College of New York; Dr. Angeline H. Lograsse, Bryn Mawr College, and Dr. Alfred Calpin, University of Wisconsin.

## Dr. Woodhouse Judges Mineral Collections

For the second year, Dr. C. Douglas Woodhouse, assistant professor of mineralogy, was invited to Phoenix to judge mineral displays at the Arizona State Fair. Mineral collecting is a popular hobby among children as well as adults in that state, according to Dr. Woodhouse. He has judged several similar events, of which the most recent was at the annual convention of the California Mineralogical Society at Angel's Camp in July.

Dr. Charles B. Spaulding

## Provost Appointed As Liaison Official To State Committee

Provost J. Harold Williams has been appointed by President Robert Gordon Sproul as a liaison official between Santa Barbara College and the State Senate Committee on Un-American Activities, following the pattern of similar routine of appointments by all colleges and universities throughout the state.

At the request of State Senator Hugh M. Burns, chairman of the Senate committee, colleges and universities agreed to appoint representatives to cooperate with the committee. President Sproul has appointed one official from each campus.

## CCUN To Sponsor Assembly Tuesday

Reverend Donald Harrington will speak Nov. 18, at 11 a.m. in the auditorium. The assembly is being sponsored by the Collegiate Council for United Nations.

"Must We Eventually Fight the Soviet Union?" is the title of Reverend Harrington's speech.

Reverend Harrington is a member of the National Executive Council of the United World Federalists, Inc. He has worked closely with the United States Mission to the United Nations.

Recently Reverend Harrington returned from attending the second World Parliamentary meeting which was held in London. His

## ROTC Unit Marches On Armistice Day

Two hundred members of the College ROTC unit participated yesterday in the annual Armistice Day parade up State Street. The cadet battalion, under the command of Cadet Lt. Col. Joseph D'Agostino, marched as the leading unit in a group that included representatives of many local organizations.

Commanding the four companies of the battalion were Cadet Captains Daniel Escalera, Chester Ward, Minor Rootes and Raynor Morrison. The ROTC Band was led by Cadet Robert Giffin, drum major.

The reviewing party, consisting of many distinguished members of both civilian and military organizations, included Dr. J. Harold Williams, provost of the college, and Lt. Col. Edward R. Maddox, professor of military science and tactics.

## Provost, Snidecor Attend College Meet

Dr. J. Harold Williams, provost, and Dr. John E. Snidecor, dean of applied arts, attended the fall meeting of the Western College Association held Saturday, Nov. 1, at Mills College in Oakland. "Higher Education and International Tensions" was the theme for the meeting.

past experience in world affairs gives him a wide background on the subject of Russia.

## Dr. Adams Speaks At Chi A Banquet

Dr. Henry M. Adams, assistant professor of history, was the guest speaker at the banquet and initiation of Chi Alpha Delta, the honorary elementary education organization. Eighteen new members were initiated.

Speaking on the subject of "Education and Elections," Dr. Adams urged the prospective teachers to vote and also to encourage interest in democratic procedures in their teaching activities.

Patricia Seeber, president of the organization, presided at the meeting and Louise Reisner was chairman in charge of the event, which was held at El Cielito Restaurant. Dr. Elizabeth H. Irish, assistant professor of education, is faculty sponsor.

New members initiated were Pat Benko, Mary Jo Bornemann, Mitzi Braden, Joyce Fenstad, Helen Fong, Marjorie Gibson, Virginia Jewell, Sue Andres Jones, Mary Kukura, Nancy Schoonover, Joanne Shearer, Inez Smith, Nadine Stephens, Janet Trittschuh, Lucy Vest, Carol Wells, Sharlee Welsh and Romaine Ringis.

## Faulkner Chairman At USC Music Meet

Maurice Faulkner, chairman of the Music Department, served as chairman of a "conducting clinic" held Saturday at the University of Southern California by the USC School Band and Orchestra Association. Mr. Faulkner arranged for a panel of instrumental teachers from Southern California schools to act as a discussion group.

Serving as the professional specialist in conducting was Dr. Richard Lert, musical director of the Music Academy of the West and conductor of the Pasadena Civic Orchestra.

## Advice to Students: 'Get to Know Dean'

"Get to know your Dean" is the advice of the office of the Dean of Women. Many requests for letters of recommendation by students who have been in attendance at this college are made of this office. Frequently students have not made themselves known to any member of the Dean's staff.

Therefore the Dean's office suggests that any woman student planning on entering any field of employment after college, for her own sake, be certain to become acquainted with either Miss Ellen E. Bowers or Miss Helen E. Sweet, or both, before asking for a letter of recommendation. If a number of years lapse between college and need for a letter, it is helpful if a student will forward information about her activities since college.

AS SADIE HAWKINS man-hunting gets under way Iris Kirkpatrick nabs Carl Read and drags him before Marryin' Sam.

## Girls Will Have a Chance to Catch a Man For the Annual Sadie Hawkins Dance Friday

Howlin' weddin's will be available cheap for any gal who can drag her man to the altar at the Sadie Hawkins dance to be held at the Carrillo Auditorium Friday, according to Marryin' Sam, who will be in charge of all "hitchin'."

This year's Sadie Hawkins Dance will be the fifth annual costume backwards dance, sponsored by Delta Sigma Phi fraternity, which has been held each year at the Carrillo Auditorium. It is the one all-college dance of the year when the women can ask out the men of their choice for an evening of dancing.

Comic-strip characters from Al Capp's famous "Li'l Abner" funnies will provide the theme for costumes. The Shmoos, Wolf Gal, and Lonesome Polecat have been a few of the prize-winning characters in past years, along with the ever-popular Yokum family. Several prizes will be given this year, including those for the best couple, best individuals, and most original. Climaxing the awards will be

the drawing on a door prize, fashioned especially for the occasion.

Music for the Sadie Hawkins Dance will be provided by Skip Wilson and his orchestra, featuring dancing from 9 p.m. until 1 a.m. Joyce Pope will be featured as vocalist for the evening.

Tickets are on sale for \$1.50 per couple and can be obtained from any Delta Sig dressed in Dogpatch attire throughout the week.

### AWS Modeling Tryouts Extended to Nov. 19

AWS modeling tryouts will be extended through Nov. 17, 18 and 19 from 3 to 4:30 in the AWS Room.

Final decisions have not been made yet and models chosen will be notified the evening of the 19th. Blanks may be obtained in the AWS Room and must be turned in no later than 2 p.m., Nov. 17, in the office of the Dean of Women.

### Dr. Muller, Wife Attend Botany Meet

Dr. Cornelius H. Muller, associate professor of botany, and his wife, Dr. Katherine K. Muller, director of the Santa Barbara Botanic Garden, attended a meeting of the Southern California Botanists at California Institute of Technology. Prof. Muller is a member of the society's governing board.

### Hamilton-Shaeffer Engagement Announced

Larry Hamilton, senior, and Valerie Shaeffer, sophomore, recently announced their engagement. Valerie is an elementary education major and comes from Los Palos. Larry is a psychology major and comes from Pasadena. He is a member of the Sigma Phi Epsilon fraternity. Their marriage is planned for some time in December.

## Camp Cooke Will Host Military Ball

"An opportunity to have an enjoyable evening and at the same time to be of service to boys away from home is open to all UCSBC girls," said Gwen Lanning, chairman of the AWS military dance committee. Saturday, Nov. 22, is the date of the first military dance of the year.

The AWS will provide hostesses for the Saturday night dances held once a month at Camp Cooke. Girls will act as hostesses only; it will not be a date affair. Transportation will leave the college at 6 p.m. and will return to Santa Barbara around 1 or 2 a.m.

This year girls will be notified as to the date of dances at least a month in advance. "Every detail will be carried out to make the evening pleasant," said Gwen.

Interested girls may sign up in the Dean of Women's office where there is also a form to fill out. The deadline for signing up is Monday, Nov. 17.

There will be a short meeting in PH 100 Nov. 19 at 7:30 to acquaint the girls who have signed up with each other and with the dance procedures.

## First Dean's Coffee To Be on Nov. 17

The discussion of a Dean's Coffee Hour to be held for the first time on Monday, Nov. 17, climaxed the Spurs meeting this past week. The primary aim of such a coffee hour is mainly to give various groups on campus an opportunity to meet informally. Foreign students will be the guests of Dean Sweet at 3 p.m. in the AWS Room.

Since Christmas is only about a month away, plans were made for trimming the tree which is placed in the administration building, and for ushering at the Christmas program sponsored by AWS. Members of Spurs are also working on the doll-dressing project.

During All-Cal Weekend Kathy Shedd and Joan Quintero attended a tea given by Panile, sophomore women's honorary at Cal, held at the Gamma Phi Beta house.

### Movies Planned for Sailing Club Meet

Movies on sailing and other water sports will be shown at the next Sailing Club meeting tomorrow in Pine Hall 100 at 7:30 p.m. Plans for a day of racing to pick skippers and crews for the school's racing team will be made.

## Crown & Scepter, an Important Honorary

One of the most worthwhile organizations on campus is Crown and Scepter, a group of senior women who have shown outstanding leadership, scholarship and service at UCSBC. Belonging to this organization is one of the highest honors at Santa Barbara College.

The purpose of Crown and Scepter is to advance the spirit of service and fellowship in the university and to develop a finer type of women.

The activities of Crown and Scepter include the following: Working on polls, aiding the independent women's organizations, assisting in frosh indoctrination, revising and adding to "Janie Gaucho," a pamphlet for new freshmen, promoting the big and little sister program, working with the standards committee to check cheating, granting scholarships and a scholarship cup, conducting the candlelight service, making signs for the snack shack, working with the administration on student matters and co-operating with the faculty on the establishment of a Phi Beta Kappa chapter at UCSBC.

At present the 17 members, who meet twice a month, are attempting to develop the Santa Barbara chapter for affiliation with Mortar Board, a higher senior women's honorary.

## AWS Sponsors Doll-Dressing Contest

AWS is sponsoring the doll-dressing contest again this year. Students of Santa Barbara College are offered the opportunity to dress a doll and compete for various prizes in this charitable work.

Upon completion, these dolls are turned over to the Santa Barbara Council of Christmas Cheer for distribution to those in need.

The dolls, and some materials, are furnished by the organization and may be obtained in the office of the Dean of Women any time this week. These dolls must be completed and returned to the Dean's office by Dec. 1, at which time the judging will take place. Prizes will be awarded on the basis of best workmanship, the most original costume and the prettiest costume.

The drive is under the chairmanship of Catherine Cox and any further information may be obtained at the office of the Dean of Women.

## Sigma Pi Fraternity Initiates Members

Alpha Omicron Chapter of Sigma Pi fraternity initiated four new brothers Sunday, Sept. 28, at the chapter house.

Initiated were Bill Bullough, Don McIntyre, Joe Marino and Allan Coates. Coates is back in school after two years in Korea with the 40th Division. Another pledge, Roger Denney, was initiated Sunday at the fraternity's UCLA chapter. He will continue his studies on the southern campus.

Fraternity officers were elected at a recent meeting. They are: Marc Wallace, president; Ed Williamson, vice president; Jim McBride, treasurer; Hart Brown, secretary; Jean Chapvel, sergeant-at-arms, and Des Kincaid, historian.

## Jean Howson Plans Marriage to Navy Man

The engagement of Jean Howson to John Bruce Golden, first-class petty officer in the U.S. Navy, was revealed last Monday to her Sigma Kappa sorority sisters by the traditional passing of chocolates.

Jean is a sophomore. John plans to return to Cal Poly at San Luis Obispo in the April term. They are to be married at the end of February in San Mateo.

### Historians

History, past and present, has a total of 37 majors, of which 20 are men and 17 are women.

## Five Footers Greet and Entertain New Members

Five Footers, the club for women five feet tall or under, held an open house recently to greet prospective members. The girls then were invited to a pledge tea on Sunday afternoon.

Entertaining the new members at Virginia McGee's home were the active members, Carolyn Cox, Helen Kurozumi, Marion Withrow and Mary Molina.

Sunday the club will hold an alumnae breakfast for Five Footers at the home of Mrs. Marie Haider.

## Gerhart Muench Plays For Faculty, Students

An audience of students and faculty members heard a concert by Gerhart Muench, concert pianist, shortly after his return engagement at the Lobero Theater. Muench is considered by some critics as a "master of pianistic techniques on a level with the foremost concert artists of today."

# GAUCHOS BLAST PEPPERDINE WAVES 27-6

## Shoup, Morris, and Gorrie Lead Team To 2nd CCAA Victory

by Arnaldo Solis

Bob Shoup, Gary Morris, and Dave Gorrie paced the Gauchos to their second CCAA victory as they blasted the Pepperdine Waves 27-6 in one of the best Gaucho games this season last Friday night at El Camino Junior College stadium in Los Angeles.

This Saturday the Gauchos tangle with the Pomona Sagehens in a home game at La Playa Stadium. Coach Fuzz Merritt's team has only a 2-3 record for the season and the Gauchos will rate the favorites role in the contest.

The Sagehens are led by a trio of hard-running backs and Miller Lee, Larry Wedel and Marty Smith could give the Gauchos trouble if they get into the open. Quarterback Ced Scott will handle the passing for the Hens.

After an early Wave score the Gauchos took charge of the game repealing all threats and scoring four touchdowns plus three conversions. With Bob Shoup leading the aerial offensive the Gauchos made their major, vital gains. Shoup was credited with throwing for three tallies; two of these to left end George Mattias and the third to Don Steere.

### Waves Score

As the Gauchos took hold of the ball for the second time in the game, they fumbled the ball with the Waves recovering on the Gaucho 19 from where they scored in four downs. Quarterback Hal Decker pitched an eight-yard pass to Bob Schraeger who was waiting in the end zone.

The Gauchos, led by Dave Gorrie and Gary Morris, immediately put on a 76-yard running attack resulting in a Gorrie plunge over the right tackle on the 13th play. Bucky Baird converted through the goal-post putting the Gauchos ahead 7-6.

The Gauchos gave the Waves no rest, and on the third Pepperdine play, Chuck Cravens recovered a Wave fumble on the Pepperdine 43 yardline. On the second Gaucho play Shoup hit Mattias on the 35 from where he churned his way through the Waves and into the end zone.

### Shoup-Mattias Again

Again the Gauchos did not wait. Unable to move quickly on the ground, they took to the air and after an incomplete pass Shoup heaved a long pass to Mattias on the Pepperdine 10 from which he ran into gold dirt. Again Baird converted good and the Gauchos boasted a 20-6 halftime lead.

During the third period both teams showed an effective defense as neither's forces could penetrate the others. Each balanced the other by staying in their own territory. But as the fourth quarter started, the Waves put the heat on the Gauchos as they drove 72 yards in eight plays to the Gaucho two-yard line. Gaucho end Andy Spaan foiled a Waves touchdown play when he intercepted a spot center pass in the end zone which should have been the Wave TD.

### Play of the Game

Being in a potential scoring spot on the Pepperdine 11, the Gauchos

GARY MORRIS was one of the stars in last Friday's game with Pepperdine.

attempted a run but were put back on the 16 on an offside penalty. A Shoup to Bob Hunter pass failed. On the next play Hunter attracted the Wave backfield into the left part of the end zone while Don Steere sneaked quietly into the far right where he caught a clear, easy pass from Shoup for the last Gaucho tally. Baird converted for the third time good.

Not to be forgotten is the vital Gaucho line who has the dirtiest part of all: Minor Rootes and Chuck Miller at tackles and Bud Cravens and Ray Stark at guards plus Marv Ashby at center. Also in the backfield were Les Harris with the punting and aerial defense, and Don Hay on defense who got his left elbow twisted badly while on the job.

Now that the Cal Poly Mustangs have scooped their first CCAA title, the Gauchos have only a chance to take second place if they beat the San Diego Aztecs in the last game of the season.

Statistics:	
First downs	19 10
Rushing yardage	158 45
Passing yardage	241 171
Passes attempted	27 26
Passes completed	16 11
Passes had intercepted	1 4
Punts	4 5
Punting average	37.7 33.0
Fumbles lost	3 2
Yards penalized	60 30

## Sig Taus, SAEs and Delts Undefeated

The Intramural Touch Football program enters the fourth week of play with three undefeated teams fighting for the lead.

Sigma Tau Gamma, Sigma Alpha Epsilon and Delta Tau Delta are all undefeated and the race is touch and go so far with both Lambda Chi Alpha and Sigma Pi standing a good chance in the "dark horse" position.

Two important games will be played this week when the Delts play the Sig Taus and when the Delt and SAE teams clash.

The team standings:

	W	L
Sigma Tau Gamma	4	0
Sigma Alpha Epsilon	3	0
Delta Tau Delta	2	0
Sigma Pi	2	2
Lambda Chi Alpha	2	2
Kappa Sigma	1	3
IA Club	1	3
Sigma Phi Epsilon	0	5

### Scientific Situation

Men outnumber the women by 11 to 5 in the Biology Department, closely followed by the Botany majors who have 10 men and 4 women.

## Al Cox Has High Game in Bowling

Four teams are now tied for first place in the Intramural Bowling League. The Faculty, Downtown Drunks, Sigma Phi Epsilon and Delta Tau Delta, all with 8-4 records, are battling for possession of the first-place spot.

Last week's play saw the Faculty manage to win one game from the Gutter Snipes, the Drunks took one from the Sig Taus, the Sig Eps moved up by downing Sigma Alpha Epsilon four straight, and the Delts took four from Sigma Pi.

Al Cox had the highest game with a 216, while the Gutter Snipes had the highest team game and also the highest series.

Tomorrow the Sig Taus play the Gutter Snipes, the Delts play Lambda Chi, the Sig Pis tangle with the Sig Eps, the Faculty plays SAE and the Drunks play the Delta Sigs.

The standings:

	W	L
Sigma Tau Gamma	8	4
Sigma Phi Epsilon	8	4
Faculty	8	4
Delta Tau Delta	8	4
Lambda Chi Alpha	7	5
Downtown Drunks	7	5
Gutter Snipes	7	5
Delta Sigma Phi	4	8
Sigma Alpha Epsilon	2	10
Sigma Pi	1	11

## Table Tennis Tourney Slated for December

This semester's Intramural Table Tennis Tournament will be held on Dec. 2 and 3 at the Recreation Center, with two trophies to be donated by Lambda Chi Alpha fraternity.

Each team will consist of one doubles and two singles entries. The event will be run by the Delta Tau Delta fraternity, last year's champions.

Tables will be available for practice any night in the week and will be free of charge.

### Baseball Prospects

Baseball prospects desiring to play for the 1952 season are to report to coach Roy Engle as soon as possible within the next few days at 11:00 a.m. in his office in West Hall 110. This is necessary in order to get the sizes of the uniforms to order and to get a batting preference list.

### Good Sports

Physical Education has a total of 121 majors, of which 64 are men and 57 are women.

## Heavin Still Leads With Game Honors At Bowling League

The third night of Co-Ed bowling last Thursday terminated with Lloyd Heavin again winning high game honors with a score of 206. Heavin also took high series with a score of 527.

The results left the standings as follows:

	W	L
Sleep and Eats	9	3
Sig Toos	8	4
Mixed Hits	7	5
Hi Balls	7	5
Alley Cats	7	5
Lofters	7	5
King Pins	5	7
Mabeggel	5	7
Scrobs	4	8
Spastics Inc.	1	11

Clyde Eriksen, the Co-Ed bowling league manager, reminds all league bowlers to be at the Barbara Bowl and ready to start at 6:30. This will make the league better and more interesting for all involved.

## Gymnastics Sessions To Be Held for Men

Practice sessions for men students who have had experience in or are interested in learning gymnastics will be offered each Tuesday and Thursday in the gymnasium at 11, with the first session scheduled for yesterday.

Instruction will include work on the trampoline, parallel bars, tumbling, pyramids and horizontal bar. Performances will be held at all home basketball games if sufficient students are interested in participating. Mr. M. S. Kellier of the Men's Physical Education Department, will be in charge of the training.

### Artistic Women

In the Art Department the women outnumber the men by the grand total of 17 men to 66 women.

## Tri-County Play Day Held Here Saturday

The annual Tri-County Play Day, sponsored by the Women's Physical Education Department, was held last Saturday. "Cartoon Carnival" was the theme of this play day, which lasted from 8 a.m. to 2 p.m.

Those who participated in this play day, from 17 schools in the Tri-County area, were welcomed at the Riviera college campus in front of the Men's Gym lawn. They then went to the play areas at Santa Barbara Junior High School and Santa Barbara High School. Afterwards the participants returned to the Riviera campus for lunch and entertainment on the quad.

The play day included the following sports: basketball, volleyball, tennis, badminton, softball and modern dance. All the department majors and faculty worked to plan the day's activities. Teachers from the visiting schools were entertained by the faculty of the college's Physical Education Department.

Dr. Jean L. Hodgkins had the position of advisor for the whole play day and Rena Frabony was play day chairman. Heads of committees were as follows: Mary Whitney, secretarial; Ann Pilkenton and Marge Mohr, food; Jan Anderson, program; Pat Stoft and Dixie Kucera, entertainment; Harriet Hadley, equipment; Lou Divine, hostess; Betty Ross and Pat Olsen, registration; Kathy Small, officials; Marian Combs, cleanup and rainy day; Maxine Dekker, transportation, and Pat Richardson, red tape.

### Badminton Night Changed

Beginning this week, the Badminton Club will play Sunday nights at 7:30 instead of Wednesdays, at the De la Vina Gym. There will be a brief meeting of club members and anyone interested in joining Thurs. Nov. 13, 4 p.m., in the Men's Gym.

CASHING CHECKS is only one of the many services offered by the Graduate Manager's Office. Assistant Graduate Manager Bill Stoner checks tickets while Barbara Harris helps June Murphy. Bob Lorden, at right, is writing the receipt.

## Graduate Manager's Office Serves Most SBC Students

By Nancy McKee

The office of the graduate manager, located in the hall near the cafeteria, has five able workers ready to serve the members of the student body at SBC. Under the direction of Graduate Manager Robert L. Lorden, these people serve most students either directly or indirectly during their stay here.

The name graduate manager stems from the fact that the man holding the position must be a graduate of SBC. He does not deal with graduates of the school. On the contrary, his position is that of business manager of the Associated Students.

The office is created by the Constitution in which his duties are stated. There it states that "He shall be the official representative of the Associated Students in all of its business dealings and shall be responsible to the Legislative Council for the efficient conduct of all matters pertaining to his office."

The Graduate Manager is appointed by the Legislative Council with the approval of the Provost, according to the Constitution.

The Director of the Associated Students' News Bureau is appointed by the Graduate Manager who also supervises the activities and budget of the News Bureau, and all publication finances.

Besides the constitutionally stated duties the office performs many other services. One of the main ones is the check-cashing service. The 10-cent service charge was set up by Council in 1946 to cover operational costs and allow the continuation of this service. A part-time job-placement service for men students also is available here.

Ticket sales and monies for all Associated Students activities and events are handled here, as well as 130 student body budgeted accounts and as many custodian accounts. These last named include the accounts for those organizations recognized on campus but not provided for in the student body budget.

In speaking of the ticket-sales activities of the office, Bob Lorden emphasized the advantages of buying tickets here instead of waiting until the night of the game. This saves standing in line at the game and, if after having bought the ticket you are unable to attend the

Bob Lorden

### Campus Recognition Forms Due Today

"Deadline for recognition forms for organizations on the campus is today at 4 p.m. in the A.C.B. box," stated Melida Horn, Activities Control Board chairman.

These forms must be filled out completely, listing all officers, the entire membership, sponsors, purpose of the organization, dues and time of regular meeting.

Recognized organizations on the campus have the use of campus meeting space, college publicity facilities, Graduate Manager's office, money-raising activities on the campus, representation in campus by sponsored events, and sponsoring of college events such as speakers and dances.

game, the same ticket may be presented at the game the following week and will be honored.

There is also a student loan available as a service with the student body card. This amounts to a maximum of \$10 for 30 days.

**Patronize Your  
Gauchos  
Advertisers**

### RESERVE OFFICERS

All Reserve Officers are requested to call at the Office of the Dean of Men by Friday, Nov. 14, in order that their military records may be brought up to date.

## Upper Division ROTC Promotions Released

The Department of Military Science has announced the promotion of 16 seniors and 23 juniors in the College ROTC unit effective Nov. 11. Cadet Major Joseph D'Agostino, the ROTC battalion commander, has been promoted to the rank of cadet lieutenant colonel. On the battalion staff, John Closson has been promoted to cadet major and Vincent DiFiore and William Tiernay have advanced to the rank of cadet captain.

The following company commanders have been promoted to the rank of cadet captain: Daniel Escalera, Chester Ward, Minor Rootes and Raynor Morrison. Platoon leaders promoted to cadet first lieutenant are: John Maloney, Melvin Cokeley, Richard Metzger, Robert Westwick, Gerald Read, Andrew Rivera, Karl Haws and Edward Williamson.

### Noncommissioned Officers

Noncommissioned officer promotions brought Ralph Yates and Paul Williamson to the grade of cadet master sergeant, and the following students advanced to the grade of cadet sergeant first class: Kenneth Bernard, Frank Rowley, George Ochi, John Turner, Richard Johnson, Franklin Dumoulin, Allan Coates, Harvey Robins, Hubert Pierce, Kenneth Johnson, Jay Watson, William Herrold, William Campbell, Robert Wayland, Joe Maguire, Harold Friedman, Clifford Horn, Lloyd Heavin, George

## Sigma Tau Pledges For Fall Announced

Due to an omission when fraternity pledges were announced recently, the names of Sigma Tau Gamma pledges were not printed.

Members of the 1952 fall semester pledge class for Sigma Tau Gamma are: Roy Cadwallader, Ralph DeBolt, Mike Feith, Sid Heinsohn, Cliff Horn, Bob Johnson, Al McDonald, Dennis McGrew, Carl Nelson, George Proud, Ben Scaramuzza, Bill Tempel, Michel Temple, Kenneth Trigueiro, John Turner and Chester Ward.

Allen, Robert Dullea and Raymond Peel.

The promotions listed above were based on demonstrated ability by the individuals concerned since the beginning of this semester. Promotion of lower-division students also will be announced in the near future.

## Drill Streamer Won By ROTC Company C

Company C of the College ROTC battalion was awarded the drill streamer for the best appearance at an inspection conducted by Lt. Col. Edward R. Maddox, PMS&T, last Thursday. The red streamer was attached to Company C's guidon and will remain there until another judging is held at a later ceremony.

The company commander of Company C is Cadet Captain Minor Rootes and the first sergeant is Cadet Ted Troy. Platoon leaders are Cadet Lieutenants Andrew River and Gerald Read.

# NOSE, THROAT,

## and Accessory Organs not Adversely Affected by Smoking Chesterfields

**FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE**

**A responsible consulting organization** has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

**A group of people** from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

**At the beginning** and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

**The medical specialist**, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
