

ELECTIONS SET FOR MONDAY, TUESDAY

FEMALE PASSIONS TOLD IN 'BERNARDA' OPENING

Picture the women of Santa Rosa Hall forced to remain in private confinement for eight years—without seeing or hearing a man. Add to that the natural passion of the Spanish temperament—and you have Freudian frustration at its height. Put the situation into play form and you have Federico Garcia-Lorca's "House of Bernarda Alba" which opened last night for a seven-night run at the Campus Little Theater.

"Bernarda Alba," appropriately presented where their residence ratio is approximately four to one in favor of the men, is the seething story of a houseful of women ruled by Bernarda, a tyrannical matriarch who persists in the belief that everything and everyone must be sacrificed for respectability. Society must not have the chance to frown upon her household.

Rebellion

Her "respectable" daughters, rightfully sick of their imposed virginity, begin to rebel—culminating in the final victory of Adela, the youngest. The explosive passions involved are dramatically understated by the wise old servant Ponia. "... they're just women without men." Blood ties are forgotten. Sisters become merely jealous competitive animals under the watchful eyes of Bernarda. But even the hawk must sometime sleep. . . .

Park Directs

Able presented by an outstanding cast of 15 Santa Barbara College women and directed by H. Winston Park (who proved in "Four Poster" that he can handle the fair sex), "Bernarda Alba" will continue throughout May 10, 11, 15, 16, 17 and 18. Tickets, 50c for students and \$1 for general, may be obtained in advance by calling the Little Theater box office, Ext. 2248, or by personal request at the Speech Department office. Curtain time for all performances is 8:30.

Clark In Lead Role

Leading the talented young ladies in the production will be a veteran performer, Carolyn Clark, as Bernarda. Carolyn, a senior majoring in Elementary Education, has appeared in "The Crucible," "Mr. Roberts," "Twelfth

Rosenthal Recital To Be Held Sunday

Steven Rosenthal, a senior student at Santa Barbara College, will be heard in his senior piano recital Sunday afternoon at 4 p.m. in the choral room of the Music Building. Under auspices of the Department of Music and the Committee on Drama, Lectures and Music, the recital is free to the public.

Rosenthal, a pupil of the late Florence York Stahl, is now studying with Emanuel Bay. Recently one of his own compositions was performed at the Santa Barbara Music Society's Composers' Concert.

His program will include the following works: Fantasia in C minor, Bach; Papillons Opus 2, Schumann; Sonata in D major, Opus 10, No. 3, Beethoven; Barcarolle, Liadov; Ballade in A flat major, Chopin; Impromptu, Chopin; two short pieces by Villa-Lobos, and Ravel's Sonatine.

Night," "Class Menagerie" and numerous one-act plays, but is best remembered, perhaps, for her outstanding performance of Mrs. Zero in "Adding Machine."

Daughters

Her daughters, Angustius, Magdalena, Amelia, Martyrio and Adela, are played by Jeanette Justin, a freshman Speech Arts major from Alameda High School who recently made her college debut in "Adding Machine"; Sylvia Noble, a name well known to many college theater-goers for her contribution to "New Directions"; Julie Felix, who displayed her talents in "Macbeth" and "Slaughter on Fifth Avenue" and who proved her versatility by dancing in the Modern Dance lecture-demonstration; April Hagenbaugh, who, although a freshman, is distinguished by having appeared in the Pasadena Playhouse and the Altadena Penthouse, and Diana Lillie, a discovery of "Adding Machine" and technical director of "Macbeth."

Ponia, the old servant, is portrayed by Sue MacLellan, a first-year student from Santa Barbara High School, majoring in Speech Arts. The older Grandmother, who wants to "marry a manly man and live by the sea," is played by Jean Needham, also a first-year student at UCSBC. Jean is majoring in Early Childhood Education. Both Miss MacLellan and Miss Needham have appeared in Santa Barbara High School productions of "The Late Christopher Bean," "Carousel" and "Cheaper by the Dozen." Other equally talented performers in "Bernarda Alba" include Marilyn Huggins, Maylo Lewis, Gail Flemming, Gail Ziferstein, Jeanne Klein, Pat Marks and Marty Sutcliffe.

AWS Gives Awards At Annual Banquet

Four hundred UCSBC women enjoyed the Associated Women Students Installation Banquet held at the Miramar Convention Hall Wednesday evening. Annabelle Rea, '57, turned the AWS gavel over to her successor, Judy Dean, '59. Patti Pratt was installed as AWS first vice president, Maylo Lewis succeeded Pat Johns as second vice president, Trudy Gerry took over the office of secretary from Ann Howard, while Sheila Higbee was installed as AWS treasurer by Judy Dean.

A highlight of the evening was the presentation of certificates and sterling silver hostess sets to the ten outstanding senior women of 1956-57. The hostess sets were provided by the Retail Merchants Assn. of Santa Barbara and the Santa Barbara Chamber of Commerce. Mrs. Helen Keener, SBC Dean of Women and advisor to the Associated Women Students, presented the awards to Carolyn Clark, Carol Fellman, "Tita" Kelly, "Mickey" Knox, Colombe Leinau, (Mrs.) Miriam Birch Pennington, Sally Phillips, Annabelle Rea, (Mrs.) Cynthia Thomas and Robin Walsh.

Thirty-five new members were announced by Spurs, the sophomore women's honorary. Each of these girls was told of her honor by a tap on her shoulder from a 1956-57 Spurs member. The junior women's honorary, Chimes, selected 25 girls, while eight girls were selected for membership in

Annual Steak Fry To Be Held May 19

The annual All-College Steak Fry has been planned for Sunday, May 19, from 1 to 4 p.m. Food will be served at about 2 p.m. and no food will be served after 4 p.m.

All students not living on campus in dormitories will be charged 25c; all tickets must be picked up before the day of the steak fry at the Graduate Manager's office. All students living in the residence halls will be entitled to a free meal.

The committee for this event has arranged a repast of which about 1000 Gauchos will partake. The meal will consist of sizzling, king-sized 12-ounce steaks, baked beans, salad, milk and tasty French bread, and faculty members will act as chefs. Food tables and barbecue pits will be located in the Student Union area.

Following the food, fun and frolic will prevail during the three-hour affair. Relay races will be held on the front lawn of the Union for all athletically inclined. The Union itself will be open for dancing. A special life-guard will be on duty at the swimming pool for all those interested in aquatic sports. The gym will be open for badminton and volleyball games; a hole-in-one contest is being planned.

Feature event of the afternoon will be tryouts for head yell leader and song leader. The judging will start at 1 p.m. before the food is served. Candidates for these positions will perform before the entire student body and will be judged by the members of the Legislative Council.

Object of the steak fry, stated Art Herman, chairman, is to give the entire student body an opportunity to get together for an all-school event on campus.

Crown and Scepter, senior women's honorary.

Entertainment was provided at the banquet by Betty Allen and Jane Minnick of Phi Beta, the national Music and Speech honorary, who sang the Flower Duet from "Madame Butterfly." They were accompanied by Pat Smith, also of Phi Beta. Joyce Lyon, well-known graduating senior in the SBC Speech Department, gave a reading of the Death Scene from Shelley's "Cenci" and of the Potion Scene from "Romeo and Juliet."

Dr. Robert Kelley, instructor in the History Department and Provost's representative to the Legislative Council of the Associated Students, gave the keynote speech at the banquet. His speech was warmly applauded.

Annabelle Rea, the outgoing president, presented a gift to the AWS advisor, Dean of Women Mrs. Helen Keener, on behalf of the members of the 1956-57 AWS Board. Miss Rea then awarded honor keys to five outstanding members of the Associated Women Students Executive Board. Receiving the awards were Diane Allingham, Judy Dean, "E. J." Gonzales, Pat Johns and Annabelle Rea.

The event was considered by all attending to be one of the most successful installation banquets in the history of the Associated Women Students.

Awards Assembly To Be Held May 16

Annual Awards Assembly, providing recognition for outstanding student achievement in all phases of college life, will be held in the campus auditorium on Thursday, May 16, at 8 p.m.

Entertainment will be furnished, in addition to the presentation of awards. Those on the tentative list of performers are included Chi Omega, sweepstakes winner at Spring Sing; Jane Minnick and Betty Allen, singing a selection from "Mme. Butterfly," and Gil Rosas, from El Paseo Restaurant, at the organ.

Highlighting the awards will be the presentation of the Honor Copy of *La Cumbre*, Honor Keys and the AWS and AMS awards to the outstanding Santa Barbara students.

The assembly will also feature the dedication of this year's *La Cumbre*, administration of the oath of office to the new AS president, Jerry Combs, and introduction of the new Legislative Council.

Awards will also be presented in speech, music, athletics, scholarship and other specialized fields. Following is a partial list of awards and those making the representations:

Honor Key Awards to outstanding graduating seniors who have given exceptional service to the Associated Students, Provost Noble; Honor Copy of *La Cumbre*, Provost Noble; AS Men Students' Award, Dean Reynolds; AS Women Students' Award, Dean Bowers; presentation of President's Gavel and Life Pass, Jerry Combs, and Legislative Council Award, Dr. Robert Kelley.

RHA APPROVES NEW CONSTITUTION; ELECTION SCHEDULED FOR WEDNESDAY

by Lou Levy

Votes cast by 40 per cent of the members of the Resident Halls Association ratified the new RHA Constitution by a large majority last week.

Under the new Constitution, the major officers of the RHA are to be elected in the spring semester to serve for the following academic year.

The date of this year's elections has been set for Wednesday, May 15. The officers to be elected are the RHA president, vice president, secretary, and treasurer.

Qualifications

The qualifications for these elective positions as set down in the RHA Constitution are "a student must meet the scholastic eligibility requirements of the Associated Students of Santa Barbara College, and a member must have lived within the residence halls of Santa Barbara College at least one semester and be residing therein at the time of election."

Those candidates who wish to apply for these elective positions must contact Toni Saadi at 2265 Santa Rosa Hall. Deadline for filling applications for candidacy is Friday, May 10.

SOPHOMORE COUNCIL

Petitions for Sophomore Council still are available in the ASB office or from new class officers. Deadline for application is 3 p.m., May 15.

Central Polling Place To Be Open From 9 to 3 Both Days

Santa Barbara College students will go to the polls Monday and Tuesday, May 13 and 14, to vote on an amendment to the Associated Students Constitution. At the same time members of the Junior Class will vote for one of two candidates in a runoff election for Junior Class vice president.

Applications For Chairmanships Due

Deadline for AS committee and board chairman applications is next Wednesday, May 15, at 4 p.m.

Applications may be picked up and returned to the AS office, behind the Student Union, at any time. These applications will be acted on by the new Legislative Council at its first meeting on May 15.

Following is a list of the committees and boards which need chairmen:

Assembly Committee, Awards Committee, Charities Committee, Election Committee, Finance Committee, Publicity Committee, Rally Committee, Social Committee, Special Events Committee, Standards Committee and Student Union Committee; Activities Control Board, Board of Athletic Control, and Recreation Control Board.

All committee and board chairmen are non-voting members of Legislative Council. Jerry Combs, '58, president-elect, stated that he hopes many people will apply for positions in order to promote a well-balanced atmosphere of ideas.

Removes Editor

It is designed to remove the *El Gaucho* editor as a voting member of Legislative Council.

The editor was made a voting member only two or three years ago, the intention at that time being to increase the prestige of the position, according to Bob Lorden, '49, Graduate Manager.

Since that time, states McGinn, all *El Gaucho* editors have been dissatisfied with the arrangement, not only because it gives the editor another job but because it involves the editor in politics, confusing his role as a journalist.

Opponents' Views

Opponents to the amendment argue that it at least requires the editor to attend Council meetings, so that he might know what is happening in student government.

In approving the amendment some members of Council stated that this could continue to be the case without the editor being a voting member.

Editor-elect of *El Gaucho*, Ray Ward, '58, has voiced his approval of the amendment, too.

Takes Effect Now

The change, if approved by the student body Monday and Tuesday with a two-thirds majority, will take effect with the first meeting of next year's Legislative Council, to be held within the next two weeks.

Members of the Junior Class will choose between Russ Hoyt and Maureen Mahoney for the office of Junior Class vice president. These two persons were highest in the counting of the April 25 and 26 elections, but neither attained a majority.

Qualifications

Hoyt, a member of Sigma Tau Gamma fraternity, has participated in the *Gaucha* band, *El Gaucho*, and has served as secretary of Pine Hall.

Maureen Mahoney is a member of Chi Omega sorority and has been secretary of Laurel Hall, treasurer of Manzanita Hall, secretary of the Awards Committee, co-chairman of the Rally Committee, secretary of Spurs, and a representative to Panhellenic Council.

Voters will mark their ballots at one polling place, located in front of the Library and open from 9 a.m. to 3 p.m. Monday and Tuesday.

PROFICIENCY TESTS

Attention, all candidates for teaching credentials: If you have not taken your speech proficiency tests yet, contact the Speech Department immediately for instructions. The last oral examination will be held tomorrow, May 11, 9 a.m. until noon, in Bldg. 417, Rm. 201.

'Henry V' To Be Shown Next Week

The cinema spectacular, "Henry V," will be presented at Santa Barbara College next Wednesday, May 15, at 7:30 p.m. The auditorium of the new Classroom Building will be used for the presentation of this motion picture.

Sir Laurence Olivier's production of "Henry V," by William Shakespeare, is a technicolor picture which was filmed in France. Critical reviews regard this effort of Olivier to be his best. Music for the script was written by William Walton and has come into some fame on its own account.

**Page one item:
new Arrow
permanent stay collar**

If you've ever lost a collar stay (and who hasn't?) this smart Arrow shirt with permanent-stay collar is for you. These stays are built right in, permanently and invisibly. They can't get lost—ever! Permanent stays are introduced this season in a trim short-pointed collar model with French cuffs. Yours in "Sanforized-labelled" broadcloth, just \$5.00. Pure silk tie, \$2.50.

MATHEWS RECEIVES FULBRIGHT GRANT GREEKS SPEAK

A Fulbright fellowship has been awarded to Dr. J. Chesley Mathews, associate professor of English at Santa Barbara College, according to an announcement by Dr. Elmer R. Noble, acting provost.

Dr. Mathews will serve as visiting lecturer in American literature at the University of Turin, Italy, during the 1957-58 academic year. The grant is offered under the International Educational Exchange Program conducted by the Department of State. The basic purpose of the program is to promote mutual understanding between the people of the United States and those of other countries. He is one of 26 American scholars selected from various fields of study to lecture in Italy.

2nd In Family

He is the second member of his family to receive a Fulbright award. His wife, Pearl, a teacher at Santa Barbara High School since 1950, was the recipient of a Fulbright grant for the overseas study of Italian culture in the summer of 1954.

The award to Dr. Mathews is particularly appropriate because he is not only an authority on American literature but has become widely recognized for his intensive research on the work of the Italian poet, Dante, particularly on the poet's influence in American literature. He has published some 15 articles on this subject and has given numerous papers before scholarly organizations.

Academic Record

A member of the faculty at UCSBC since 1944 and chairman of the English department from 1951 to 1956, Dr. Mathews previously taught at the University of Texas. He received his A.B. degree from Furman University, his M.A. from Duke University

and Ph.D. from the University of California, Berkeley.

He was arrangements chairman of the 50th annual meeting of the Philological Assn. of the Pacific Coast when it met at Santa Barbara College in 1952 and a member of the executive committee. That same year he was elected a vice president of the American Assn. of Teachers of Italian.

Scheduled Speech

Before leaving for Italy he is scheduled to speak at the national meeting of the Modern Language Assn. at the University of Wisconsin in September, his fifth appearance before this national organization.

Funds for grants under the Fulbright Act are derived from certain foreign currencies owed to the United States. Under this act, separate executive agreements have been signed by the U.S. and 30 other countries. Programs are currently in operation in 23 of these countries.

**Laris To Attend
Physiology Meet**

Dr. Philip C. Laris, instructor in biological sciences at Santa Barbara College, has been invited to be among approximately 25 participants in a two-week workshop on the teaching of undergraduate physiology to be held at University of Oregon, Eugene, in August.

The workshop is one of two such programs to be held in the nation this summer and is sponsored by the education committee of the American Physiological Society. Discussions concern approaches to subject matter, recent advances, worthwhile laboratory experiments and general educational problems.

Two other biological sciences department faculty members have been honored with invitations to conferences and for summer research, but commitments here present their acceptance. Dr. Mary M. Erickson, chairman of the department and professor of zoology, was offered a grant for research in the anatomy department of UCLA's Medical School by the American Physiological Society. Dr. Demorest Davenport, associate professor of zoology, was invited to be one of several Americans in attendance at the Fourth International Ethnological Conference at Freiberg, West Germany, which he helped plan at the third conference, in Holland.

by Jaxon Tap
Hello again from this, your column by an outspoken Greek and one good typist, with Fashion, Formals, beach parties and the usual spring quota of pinning and engagements.

Delta Sig's joined with their chapter at Cal Poly at Pismo Beach on Saturday for a stag beach party. Also reserving a spot on the beach Saturday, home town pebbles this time, were the Chi Omega and Kappa Sig pledges; ditching has never been so good.

The annual Pi Beta Phi "Beau and Arrow Ball" was held Friday and Saturday at the Ojai Valley Inn and how much fun, dancing, swimming and in general successful weekend.

Kappa Alpha Thetas' held their Spring Formal at the Santa Barbara Biltmore Saturday evening, preceded on Friday by a buffet dinner held at the Theta house. Pledge Gail Schulte surprised those attending the formal by announcing her engagement to Kappa Sig, Bill Smith.

Delts seem to have their social calendar well planned for the remainder of the semester Friday night at the Montecito Country Club. A queen and two attendants will be chosen from the three finalists, to reign over the Delt Spring "Hop". Saturday many of the Delt men plan to motivate southward to L.A. and the U.C.L.A. campus for the festivities promised at their Barbary Coast.

A bull session with various faculty members for this and the following Wednesday evenings by the Lambda Chi's have been planned. Also "B-Bar-B for a barbecue" can't be surpassed, several persons who attended the Lambda Chi affair, hosted last Saturday night.

A.D.Pi, Ardell Arrowsmith recently announced her engagement to a Cal Poly man, Lin Murray. Ann Wall also chimed in and announced her engagement to Don Gaines.

More formals are planned, Delta Zeta's at the Beverly Wilshire Hotel in L.A. and of course the S.A.E's formal which is to be held at the Hidden Valley Inn.

Chi Omega wishes to extend a thank you to those girls who modeled in the Carnation Ring Tea which the Chi O's sponsored last Saturday.

In closing a word of congratulation to Pi Phi Roxie Bell and John Patcha Lambda Chi, on their new "type" pinning which was revealed Friday at the Pi Phi Formal.

FINAL EXAMINATION SCHEDULE

	*8 - 11 a.m.	*1 - 4 p.m.	2:30 - 4:30
Thursday, May 23	Music 15	French 1, 2, 3, 4 German 1, 3 Spanish 1, 2, 3, 4 TuTh 4

loves to cut loose and cover the miles!

If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was born with that urge.

If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger.

Chevy's pretty easygoing out on the highway too. Not pokey. Far from it. You find, for example, there isn't a hill around that can make it breathe hard

—not with Chevrolet's high-performance V8 on the pulling end. You've got up to 245* horsepower here for the biggest helping of driving pleasure found in the low-price field!

Chevy's new Positraction rear axle (optional at extra cost) adds still more pleasure. It delivers greater power to the wheel that grips, not the wheel that slips. You have surer control and better traction on any road surface.

Stop by your Chevrolet dealer's before another good driving day goes by.

GET A WINNING DEAL ON THE CHAMPION!

*Optional at extra cost. 270-h.p. high-performance engine also available at extra cost.

COLLINS, ELLINGTON TO FRESNO RELAYS

Bill Collins and Duke Ellington are scheduled to compete in the 31st annual West Coast Relays at Fresno tomorrow.

Coach Carter has entered Collins in the 5000-meter run and Ellington in the broad jump. Collins will face some of the nation's top distance runners in the 5000. The last time Bill ran in such a fast field was the 3000-meter steeplechase in the Olympic trials; in that race he tied for fifth.

Ellington has been steadily improving and last week he jumped 24 ft. 1 in. in the CCAA finals. Duke has done his best against tough competition. Against UCLA he jumped into the spotlight when he upset the favored Dick Karaub with a leap of 23 ft. 8 1/2 in.

The Gauchos' Don Kelliher has been entered in the javelin, but it is doubtful whether he will compete. Coach Carter would rather have him rest his ankle so he will

be in top shape for the NAIA championships June 8.

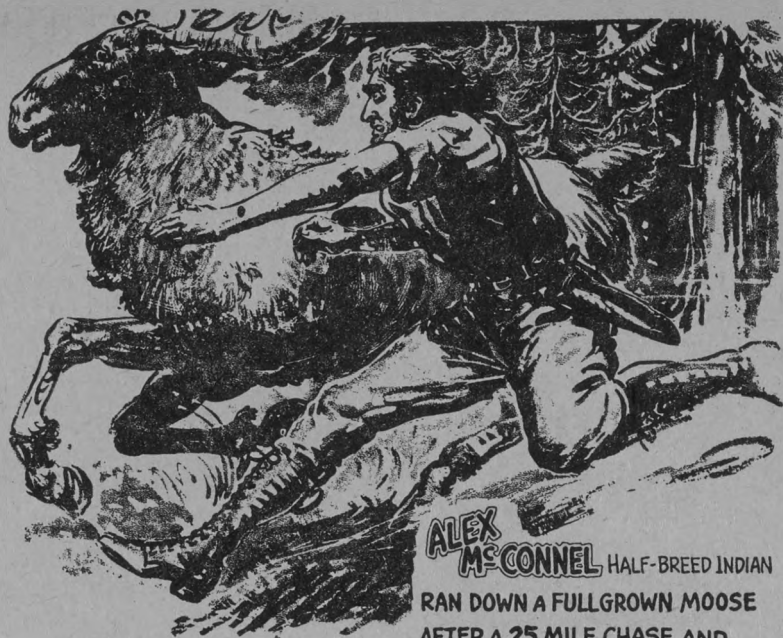

NETMEN TRYING FOR FOURTH TITLE

The Santa Barbara College tennis team is in San Diego participating in the CCAA championships being held yesterday and today.

Having won team honors for the last three years in a row, the Gauchos seek to capture an unprecedented fourth championship in a row.

Representing the team this year are: First singles, George Lederer; second singles, Pete Lederer; first doubles, John Ahern and Ed Phenix; second doubles, Gene Hughes and Barry Bass, Ron Green or Danny Campbell.

This lineup could very well be considered the strongest ever presented by Santa Barbara for CCAA championship play.

ALEX McCONNEL HALF-BREED INDIAN RAN DOWN A FULLGROWN MOOSE AFTER A 25 MILE CHASE AND LOADED IT ALIVE INTO A C.P.R. BOX-CAR

GAUCHO TRACK HOPEFUL to enroll at UCSB next fall. Coach Carter, trying hard to secure this man, says, "He might have great potential."

4 Teams Undefeated In 'Mural Softball

Intramural softball had eight ed Delta Tau Delta, Sig Eps, participating teams, which include SAE, Kappa Sigs, Lambda Chis, Sig Taus, GDIs and Sequoia Hall. At this time there are four undefeated softball teams which, plus the fact they're all fraternity teams, has stimulated much interest as the league progresses. The four undefeated teams are Deltas, SAE, Sig Eps and Kappa Sigs.

This year's talent is surprising-

ly good, which is another reason for the highly successful play in league competition. Some of the more adroit players are:

Delts: Co-captains Gray Baskerville and Dale Colby.

SAEs: Jerry Rocco and catcher Billy Ryan.

Kappa Sigs: Catcher Bruce Varner and pitcher Herb Williamson.

Sig Eps: Infielder Jerry Anderson and outfielder Mickey Dvortzak.

GaUCHO Basemen In Finale Doubleheader Here Saturday

The curtain falls on the 1957 baseball season this weekend as the Santa Barbara Gauchos entertain the Long Beach 49ers in a doubleheader tomorrow at 1 p.m.

The doubleheader will bring to a close the college careers of five GaUCHO seniors. It will also mark the return of two injured players to the lineup.

It has been a long season, with injuries riddling the team at critical periods of the year. Returning for the final two home games will be "Bruno" Brunello, hurt early in the year, and Dave Iman, injured a couple of weeks ago. With the team at near full strength a double win this weekend would bring to a close this interesting and exciting 1957 season. Since this double win is a must, the Gauchos have vowed to defeat the 49ers and revenge a loss dealt by them last week at Long Beach.

Since they are the last two games of the year, Coach Rene Rochelle will throw everything he has to beat the 49ers. Leading this attack will be seniors Pete Walski, Pat Mills, Neil Wright, Ed Coulter and John Osborne. These five fellows will be playing the final games of their college careers for the Gauchos of Santa Barbara.

General opinion has expressed that the Gauchos have the strong-

est hitting team in the CCAA this year. They have shown this power on several occasions, most outstanding being the two defeats they have dealt league-leader San Diego State. These two losses are the only two defeats of the season for San Diego.

Hoping for a large crowd to see the finals of the baseball season, Coach Rochelle has named Ron Heusser and left-handed Bob Pope as starting pitchers. Ready to be called upon at any time, if needed, will be reliefer Jim Hezlep and ever-dependable Pete Walski.

Delts, SAEs Vie For Volleyball Crown

Intramural volleyball highlighted a highly successful year of intramural activities. A record turnout of 14 teams forced Dr. Michael to organize two leagues.

League I was captured by the SAEs and the Beach Rats took second spot. League II was won by the Deltas with the Sig Eps taking second.

The Deltas and the SAEs will meet in the near future to determine an over-all champion and, in a preliminary game, the Sig Eps and the Beach Rats will play for the third spot. In the fight for the championship the SAEs will rely on Capt. Johnny Osborne and teammates Lee Smelser, Jim Robitaille, Lloyd Haven and Ron Heusser in their try for the league crown. The Deltas, in their try for the championship, will consequently rely on Capt.

Art Sues and teammates Bill Conway, Bob MacInnes, Ron Wilmot, Bob Westlund and Morlan Lewis.

Top performers in the league are as follows: Beach Rats' Capt. Dick Acres along with teammates Jerry Wilmott, Dee Stringham, Glenn Newland and Doug Steward.

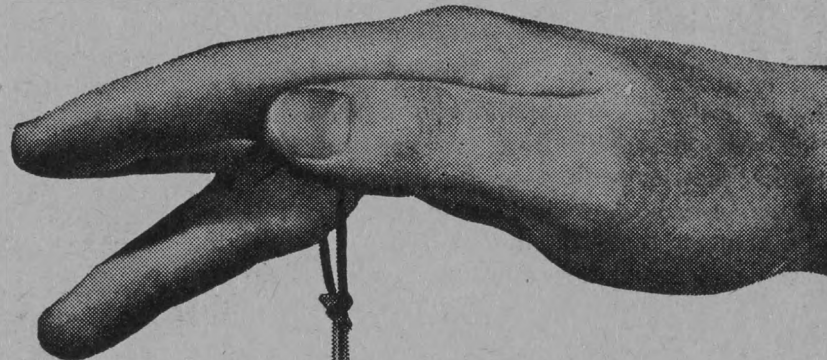

Capt. Neil Rasmussen led the Sig Eps, along with Joe Rank, Greg James and Mick Dvortzak.

Tony Roach and Don Stewart led the Kappa Sigs' volleyball team.

The all-school doubles volleyball tournament was held recently. The double-elimination tournament was held at East Beach with only three teams remaining out of the original 15 starters in the tournament. The tourney had to cease due to bad weather and will be played in the near future.

to
a young
man

with the world on a string

This June, the graduates of our engineering and scientific schools, pockets stuffed with job offers, have "the world on a string."

But there's another "string" attached to this fabulous situation: A man can only accept one job offer.

How can the graduate make up his mind wisely about his vital decision?

We're not going to try to tell you. And we're going to resist the temptation to point out the many advantages of working for IBM—much as our company, like every other, needs top-notch engineering and scientific talent.

We're merely going to leave you with one thought that may help you make your decision:

IBM's President has stated this policy: "... I want this company to be known as the one which has the greatest respect for the individual."

PRE-FINAL BLUES?

You will always feel better if the clothes you wear are freshly cleaned and pressed. We can't help you with the exams, but we can help you to look and feel better.

Guideposts for Next Year . . .

On February 15, 1957, *El Gaucho* presented to the student body of Santa Barbara College a copy of the "Kidder plan," a series of ideas for improvement of the Berkeley campus by Associated Students president on that campus, Jim Kidder.

Kidder took the time to draw up his list of suggestions for improvement with the idea that his campus has not yet reached perfection and that a comprehensive list of needed changes might stimulate thinking and activity on the part of the student body.

Until this time there has been no "Kidder plan" presented for this campus. *El Gaucho*, and the student body, have felt the need for such a plan, and have waited patiently for elected officials to present evidence of their thinking along this line.

It is in the absence of this evidence, then, that *El Gaucho* takes upon itself the burden of delineating those improvements which seem necessary from our point of view. We do so with the knowledge that we are presenting far more suggestions than can be implemented in one year. We also present them knowing that a number of them are not original, and have been recognized for many years, which is in itself strong testimony to the difficulty of getting such ambitions accomplished.

IN THE AREA OF STUDENT GOVERNMENT

1) Revision of the Associated Students Constitution.

The Constitution needs to be revised in many ways. Not only is an improved system of representation a recognized vital necessity, but also the Constitution contains much material which is superfluous, contradictory, and contrary to the best interests of government.

2) Creation of a Judicial Council.

This group would serve both as a final student authority on matters of student conduct and as the official body of interpretation for the Associated Students Constitution. Both functions are not being fulfilled at the present time.

We might add that an amendment to the Constitution to create such a body has been drawn up by certain influential members of the Associated Students, and will be presented in the near future to the Constitution Committee.

3) Removal of *El Gaucho* from the control of Legislative Council.

This is one aim that has plagued student government at Santa Barbara for some years, according to back issues of *El Gaucho*. In order to preserve the freedom of the press it will be necessary to create a new body (or use existing ones) that will both hire and fire the *El Gaucho* editor without being involved in the politics of Legislative Council.

4) Passage of a resolution by Legislative Council that will prohibit student recognition of fraternal organizations with restrictive clauses after 1960.

This ambition speaks for itself.

5) Extension of time for campaigning for student offices.

We feel that the main reason for lack of participation by the student body in student government stems from highly restrictive rules on campaigning, which prohibit students from finding out who and what candidates for office are. We believe that if candidates had two or three weeks in which to run for office, instead of the present one week, the student body would be better qualified to elect proper candidates.

SOCIAL-RECREATIONAL PROBLEMS

1) We need a Student Union.

Little or nothing has been done toward the activation of a campaign to raise funds for a new and permanent student union. Construction of such a building will accrue great benefits to both the campus and the student body.

2) Establishment of a Freshman Orientation program.

This need is already being met by next year's Sophomore Class President, Dennis Naiman, an *El Gaucho* staff member.

3) Revision of Special Events.

Members of the student body for some time have felt dissatisfaction with our special events, which are geared around the old Riviera campus and fail to meet the needs and possibilities of this campus. We would urge the estab-

lishment of a special committee to study the problem over the summer, and to come up with ideas that can be used to insure greater student participation in special events.

4) Improvement of the Assembly Program.

Some steps have been taken along this line this year, with a series of high-class motion pictures and several first-rate jabb shows. Much more can be done.

5) Revision of the Recreation Control Board.

Legislative Council has had before it for some time a number of suggestions by RCB Co-chairmen John Wilband, '58, and Harry Weinberg, '57. Published recently in *El Gaucho*, these suggestions would establish a recreational program on this campus designed to meet the needs of almost every student.

IMPROVEMENTS IN ACADEMIC RELATIONSHIPS

Students on this campus can take a much greater part in the formation of academic and administrative policy if they so desire. Contrary to common opinion, most members of the faculty would welcome student suggestions in the area of policy-making. Students who complain about lock-out hours, academic and final exam calendars and the like could exert sufficient influence on the administration to have such matters corrected. In many liberal arts colleges students have made significant contributions in this area.

PROBLEMS OF ECONOMIC INTEREST

1) Management of the College Bookstore in such a manner as to guarantee more equitable prices to students.

This is not intended to imply mismanagement on the part of the current employees. On the contrary, they have done an excellent job thus far, without the assistance of Legislative Council. We feel that prices can be reduced, however, without loss of revenue. This is certainly an area worthy of study.

2) Improvement of Parking Conditions.

Plans for the final campus call for peripheral parking for students. In essence this means that students will park as much as a mile from some of their classes. It is our contention that this need not be the case, but nothing will be done unless our student government asks that something be done.

Vote YES On Constitution Change

This coming Monday and Tuesday the student body will have an opportunity to vote on a constitutional amendment already approved by Legislative Council. This amendment will remove the *El Gaucho* editor from Council.

Not only Council but this year's and next year's *El Gaucho* editors approve of this measure. In effect, the purpose of this move is to separate the journalistic branch from the executive or legislative branch of student government. Under our present system the editor, once defeated in Council on a certain point, can now go to his typewriter and criticize the actions of this legislative body. The editor then not only criticizes the other members of the Council but also himself, since he is also a member of this group.

Under the proposed system, the editor, like any student, would be entitled to attend Council meetings. But he would not be considered a member of Council. He could thus criticize or commend the actions of this group without being considered guilty of backslapping or hypocrisy.

El Gaucho urges a yes vote on this proposed amendment for two reasons: 1) It allows the *El Gaucho* editor to remain objective in his approach to the proceedings of the Legislative Council, and 2) It does not put the editor in a difficult, if not embarrassing, position if he attempts to commend or condemn its actions.

All unsigned editorials reflect the opinion of *El Gaucho*. Signed editorials and letters to the editor represent the viewpoint of the author. *El Gaucho* makes every effort to publish letters from its readers provided they are brief and in good taste.
