

THE EAGLE

VOL. I.

FRIDAY, NOVEMBER 23, 1923.

NO. 5

GLEE CLUBS TO GIVE COMBINED CONCERT DEC. 14

INTERESTING FEATURES ARE PROMISED

The combined Glee Clubs will make their initial appearance in a concert to be presented on Friday evening, December 14, in the gymnasium. The concert will represent the work of more than fifty students, for both the Men's and Women's Glee Clubs have been well supported at their weekly rehearsals.

The program will include not only singing by each Glee Club but special feature numbers as well. Special numbers will consist of solo and duet work, a humorous reading, group dancing, and instrumental selections.

Since no provision has been made for Glee Club expenses, a small admission will be charged for the concert. The money made by the concert will be used to defray expenses of the music used by the Glee Clubs.

President Phelps has stated that in his mind the Glee Clubs are the next thing in line on which to lay emphasis. He has declared himself in hearty support of the coming concert as well as other tentative plans which involve several public appearances of the Glee Clubs as well as possible touring trips for this spring.

According to Mrs. Barnett the Glee Clubs are showing remarkable development, and considerable credit is due to the students who have been turning out to rehearsals regularly.

OUTING CLUB HIKES TO INSPIRATION POINT

The Outing Club will go on its second hike this afternoon, a twelve-mile jaunt to Inspiration Point. The start will be made from the school about four-fifteen. A large turnout is expected, notwithstanding the fact that the "Bug" class is to be away on one of its many trips.

If all goes as scheduled, the hikers will eat supper at the Point, where they intend to wait for the moon to rise before starting home. Return will be made by way of Montecito and Eucalyptus Hill, where the bus will be taken to town. It is planned to be back about ten o'clock.

A full moon will no doubt enhance the beauty of this scenic trail, so if you want a good time, put your name on the list and come along.

Everyone bring: supper, water, a flashlight and bus-fare.

THANKSGIVING

A short week from now and Thanksgiving will be upon us. Turkeys and cranberries, and food of all sorts that go to make a true Thanksgiving dinner will be in order. There will be the annual football game, the morning of church, snappy weather like real autumn, and a general feeling of plenty and genialness in the majority of homes.

Sad to say Thanksgiving is only a name to many, and though much is being done to alleviate the suffering of the poor there are only too great a number who will be minus a dinner of any sort. It seems when a day of plenty is to be celebrated that everyone in the country should get at least one square meal.

Charities of all sorts have been instituted to distribute dinners to the poor and it seems as if all of us who can ought to contribute at least a small bit towards someone's square meal.

GEN. PROF. DEPARTMENT OFFERS A. B. DEGREES

Students in the General Professional Department are, for the first time in the history of this institution, offered a four-year course leading to an A. B. Degree.

The standards for the courses were worked out by a committee from each of the State Teachers Colleges in collaboration with representatives from the University of California, Stanford University, Pomona and Mills Colleges. This body based its procedure upon the United States Bureau of Education Bulletin of Standards for the A. B. Degree used throughout the country. The standards agreed upon were then approved by the State Board of Education.

A student, after making 76 of the 128 credits required in the General Professional course, may be fully certified to teach, and upon returning later, may continue towards his A. B. Degree.

This year there are 77 students enrolled in the department. Of this number 33 are doing practice teaching in the Santa Barbara Riviera school, of which Mylitta M. Morris is principal, and one is being supervised in the Mission Canon school.

According to the office records, the department has increased about 300 per cent in the last four years.

The rapid growth together with the splendid spirit of the general professional students, will keep the college among the foremost of its type.

A mantle of colors
Flung over the land:
East,
South,
West,
North,
Colors, colors, colors,
Wonderful!

I wish I had my coal bought.

—Judge.

A.W.S. CANDLELIGHT SERVICE TO BE HELD

The annual Candlelight Service given by the Associated Women Students will take place in the cafeteria Tuesday afternoon, November 27, at four-fifteen o'clock. Mrs. Grace G. Wright of the Presbyterian Church will give a short talk to the women on "The Quest of the Best."

The Candlelight Services, always held immediately before Thanksgiving, have attracted and held the interest of the students because of the simplicity and the sincerity of spirit in which they are given.

SCIENCE CLASS GOES TO LOMPOC

Students of the Practical Science class are taking their first sixteen-hour collecting trip this week-end, when they will leave for Lompoc at eight-thirty o'clock Saturday morning. The trip will be made in cars, an instructor accompanying each machine. Saturday morning the Celite plant will be visited. A hike to the coast from the camping site will occupy all day Sunday. Series of short talks will be given on the various hikes and visits. Return will be made Sunday evening.

GIRLS BASKETBALL PRACTICE PROGRESS

Girls' basketball season is in full swing, regular practice being held every Tuesday and Friday. More enthusiasm has been shown by the lower classmen than by the upper-classmen, who have only a small turnout.

Interclass games will be played sometime in December. A definite schedule will be worked out in a week or so and teams chosen.

FOOTBALL FOR 1923 SEASON DRAWS TO CLOSE

MAJORITY OF THIRTEEN GAMES WON

The football season has drawn to a close with nine out of thirteen games played won. The season has been marked by enthusiastic support on the part of the Student Body and good clean sportsmanship on the part of the team.

President Phelps, in commenting upon the season stated, "I am very well pleased with the football season. I wish to express my appreciation to the coach and to the men for the way in which they have worked under unfavorable conditions and for the good showing which they have made. They have not won all their games, but they have played real football and have played it like men. There has been no unfairness or unsportsmanlike play. Such a record is always gratifying to the head of an institution."

A summary of the points scored in the games shows 273 points for the college as opposed to 131 for its opponents.

The schedule for the entire season is as follows:

S.B.C. 26—Oxnard 3, (Here).
S.B.C. 55—Ventura 6, (Here).
S.B.C. 31—Lompoc 0, (Here).
S.B.C. 22—S.B.Hi 6, (Here).
S.B.C. 22—Cal. Poly 6, (There).
S.B.C. 13—Loyola 0, (Here).
S.B.C. 12—LaVerne 26, (There).
S.B.C. 20—Taft 0, (There).
S.B.C. 13—San Diego 38, (Here).
S.B.C. 19—Ventura 0, (There).
S.B.C. 21—Cal. Poly 19, (Here).
S.B.C. 6—Mission 9, (Here).
S.B.C. 13—Bakersfield 18, (There).

INTELLIGENCE TESTS GIVEN TO STUDENTS

Last Tuesday the periods were shortened and the regular assembly was held in the afternoon after the seventh period.

The purpose of lengthening the assembly was so as to give time to test the I. Q. of the students. This has been the regular custom in many of the colleges of the state, but the whole college has never been tested before.

The two tests given are in charge of the college faculty. The object is to place the faculty in a better position to help the students, and to give better service to the school.

Dr. Stockton directed and timed the students. The honor system was used and the tests were given on regular printed copies.

OUR APPRECIATION

At this special season the minds of people over the length and breadth of the entire country are turning to the taking of an account of the many things for which they may be thankful. Aside from the many things which every-day life in America give, the students of Santa Barbara College have much upon the credit side of the ledger.

The opportunity to secure an education in a location so full of inspiration and beauty as the college on the hill is enough to fill the mind and heart of anyone with a feeling of gratitude.

When together with the natural beauties of Santa Barbara there is the added advantage which a small institution gives, that of personal contact between students and faculty, and the broadening effect of contact with people from the four corners of the earth, those people who are so selected to partake of the advantage should consider themselves particularly blessed by an ever-kind Providence.

But today, the here and the now is not all that should be considered—the future should also be taken into serious consideration, for what can be the value of today's inspiration if it does not have an effect upon the deeds of tomorrow, that all of the Thanksgiving days that are to come may find Santa Barbara's Alumnae living true to that aspiration that is borne out of their life on the heights, that they may find in after years, in work well done, equal or greater reason to be thankful that they have been a part of Santa Barbara College.

THE ADVANTAGE OF THE ONE HOUR EXAM.

The method of giving examinations in the various colleges is a problem which seldom meets consideration. The Eagle feels that it is really a vital matter to the students whose averages in the subject of transfers and degrees are concerned.

The Santa Barbara State College gives exams by the one hour method. That is, there are four main exams given throughout the year, each one of which counts in the final grade. In this way there is no upsetting of the regular class schedule or college routine at the end of the year. The preparation for each examination is a very simple problem if the student is up in his daily work. There is none of the nervous exhaustion which results from hours of preparation for the three or four-hour examination. The work is thoroughly covered and it is extremely probable that the student knows more when he gets through than if he had taken his exams all in one dose.

It is evident, however, that the larger colleges do not agree with this point of view, for in most of them the three and four-hour plan exists. This may be because it is easier to organize the classes in such a way as to have their examinations all come at once. The system of grading may be easier too, in this respect. However, from the results as

CONGRATULATIONS, FELLOWS!

Now that the long schedule of thirteen games is over, we can look back and see how really successful this season has been. Our nine victories have been real victories; our four defeats not real defeats, because our fellows have played a clean game, win or lose. Not one blemish mars our record of clean sportsmanship. The true measure of a term comes when it loses. If it plays fair then, it ranks ace high; if it loses hard, its true value is pitifully small.

Just what clean athletics can do for the school is impossible to estimate, for the kind of game we play and the type of sportsmanship that prevails in those games, is the first thing to travel to the schools from which we draw our new students. Once we are established as a school where clean athletics are the rule and not the exception, we will have gained something that the passing years can never take away from the college.

To you, fellows, goes the honor of establishing the precedent, just when athletics are beginning to become an institution in the old S.B.C. As a body, the College salutes you!—Editor.

shown in the small college, we firmly believe that the one-hour plan is the most advantageous to the student individually. And we hope some day to see it adopted all over the state.

GOSSIP BUZZES

Dean Westcott was at home to the faculty on last Thursday from three-thirty to six. The majority of the faculty were there.

* * *

Opal Miller, a graduate of last June, is now teaching the second grade in a school at Huntington Beach.

* * *

Margaret Burke is planning to go to Los Angeles this week-end. While there she will attend the Pomona-Occidental football game.

* * *

Marjorie Caldwell, a member of the home economics department, has been absent on account of scarlet fever.

* * *

Irene Smith, a former student in this college, now attending Southern Branch, has made the freshman basketball team.

* * *

Miss Mable Ellis has been called to her home in Bloomington because of the illness of her father. Miss Ellis will be unable to resume her studies here until the opening of the next semester.

* * *

Mina Ellis will spend the Thanksgiving holidays in Los Angeles.

GOSSIP BUZZES

Lydia Miratti and Elsie Le Blanc are going to Los Angeles over the week-end.

* * *

It is said that Warren Lemmon will enter his Ford in the Speedway classic. Obstacle race.

* * *

Pearl Wynes and Margaret Kenyon, both graduates of this school, were among the visitors on Armistice Day.

HIGH SCHOOL WEEKLY WINS FIRST PRIZE

The Forge, the weekly paper of the Santa Barbara High School, won first place in Class A in the semi-annual journalistic contest held by the High School Press Association of Southern California. Results of the contest were announced two weeks ago at the convention held in Huntington Park.

School papers of Southern California are divided into three classes according to sizes of schools. Class A includes schools having an attendance up to 750. Class AA includes school with between 750 and 1900 pupils. Schools having more than 1900 in attendance were placed in Class AAA.

Papers were judged on the following points: reporting; news valuation; editorial and feature writing; head writing and make-up, and typographical accuracy.

Two different issues of The Forge were submitted. One issue taken from the last school term was issued by Margaret Burke, former editor of The Forge, and now a member of our college. The other issue is one of this year, edited by Virgil Durlin.

Neils Martin, another graduate of last June, visited school on Armistice Day. He was home for the week-end from Berkeley, where he is now going to college.

* * *

Mrs. Lewis Kennedy Morse, nee Edna Rich, is sailing for Europe on December 1, with her daughter, Anna Morse. Mr. Morse will join them later.

* * *

Helen Erichson, a former student here, who is now studying at Southern Branch, was recently pladged by the Sigma Alpha Pi sorority.

* * *

Evans Porter, who is now at U. C., came down to Santa Barbara for the week-end.

* * *

Posted on the bulletin board: "Lost, a Mind in the Making; if found please return to Dorothy Edmonson."

* * *

Eda and Euna Proper entertained Dean Westcott at dinner last Wednesday night.

* * *

Dorothy Edmonson, a member of the Sophomore class, has been very seriously ill for the past week

* * *

It is remored that Frank Greenough's orchestra is to play at the California theatre some time in the near future.

JUNIOR CLASS HOLDS MIGRATING PARTY

The Junior class is giving a dance this evening at Miss Marian Mohler's home, and from there to migrate on a wonderful evening. This may seem strange, but all will be explained to the guests after they arrive.

Each Junior is given the privilege of inviting one guest, so as to swell the attendance. With good eats and music for dancing everyone is looking forward to a good time.

Mr. and Mrs. Verett and Mr. Miller of this school, met with a sad accident while on their way home from attending the Bakersfield football game. A woman driving recklessly along the Rincoa ran them into a bank. Mrs. Verett and Mr. Miller were injured, but Mr. Verett escaped with a few bruises. The car was completely demolished.

* * *

Irene Youngken will also journey to Los Angeles over Thanksgiving.

PHILHARMONIC COMING TO POTTER THEATER

A series of Philharmonic concerts silimar to those of the last winter season will be given at the Potter theater under the auspices of Mrs. C. E. Herbert. There will be four concerts in the series and will feature tenor, contralto, cello, and violin soloists. The first appearance will be in January.

A special reduced price on season tickets will eb accorded students of the college who wish to take advantage of Mrs. Herbert's offer.

Miss Irene Youngken will spend the Thanksgiving holidays at her home in Santa Paula.

* * *

Ailene Barnes is planning to attend the game between Stanford and the University of California this week-end.

* * *

Leona Bowers, Mina Ellis and Jean Matteson are the latest bobs to appear around the campus.

SPECIAL ASSEMBLY ON ARMISTICE DAY

Captain W. R. Mathews, from The Morning Press, gave an interesting talk on the life of the soldiers on the battle front in France in the Great World War and the notable effects on the people when the Armistice was signed. He was in Paris at that time.

Following the talk the children from the Riviera marched in carrying flags and sang songs and pledged the flag. One boy gave an appropriate citation.

"Ma, can I go out and play?"
 "What, Willie, with those holes in your trousers?"
 "Naw, with the kids across the street."

FULL PROGRAM FOR HIKERS ARRANGED

The Outing Club has planned a wonderful program for this year, a program calculated to please the most fastidious of hikers. The scheduled trips and hikes include: a moonlight boat ride, a three-day trip to the Islands, a motor trip to Nojoqui Falls and another to Painted Cave. (Return from the latter to be made by trail by way of La Cumbre). The hikes include: Inspiration Point, Flores Flat, La Cumbre, La Cumbre by moonlight (breakfast at Flores), Gibraltar Dam, the Cabin, Seven Falls, Bothin's Lookout, and Hendry's Beach.

On the hikes each member will be permitted two guests, but on the trips no guests will be permitted. Participation in the longer hikes will be restricted to those who have taken the shorter trips. A plan is under consideration whereby the members fulfilling certain requirements will be awarded pins. The pin will be of an attractive design and well worth earning. Various activities will be undertaken by the Club during the coming year, activities that will put the Club on the map for good. The Outing Club is a coming organization! Identify yourself with it now!

 Maria—John, John, get up, the gas is leaking.
 John—Ah, put a pan under it and come to bed.—Green Gander.

FRONT WALK TO BE MADE MORE SAFE

Considerable mystery has arisen from the changed appearance of the front walk leading up to the college. Some have thought mischievous boys were marring it in the midnight hours. President Phelps has explained the marring of the walk as a humanitarian act. The walk is to be chipped up all over. Cement will be swept over it, leaving the walk rough and consequently much more safe. The walk is unusually slippery and is especially dangerous in wet weather.

Many Sighed
 Mistress: What makes you so sad, Dinah?
 Dinah: Ah specs mah feller ain't true.
 Mistress: So it's the eternal triangle?
 Dinah: Ah fears it am an infernal hexagon.

GLEE CLUBS ADOPT ATTRACTIVE UNIFORMS

Both Glee Clubs have adopted a definite uniform to be worn during public appearance. The women's costumes will be composed of white blouse, black jacket, white skirt, black stockings, and white shoes. This outfit proved very striking when in use before by the local club.

The Men's Glee Club has adopted a uniform consisting of a dark coat, white trousers, white shirt, black patent leather shoes. The college colors, green and white, will be worn on the chests of the songsters.

Nanette—Did you find Archie rather shy last night?
 Minette—A little; I had to pay the fares home.
