

THE EAGLE

VOL. 3.

MONDAY, JUNE 2, 1924

NO. 17

HAWLEY ELECTED PRESIDENT

LA CUMBRE OUT THIS WEEK

Look for Annual Soon to Appear

The "La Cumbre" college annual will be published and ready for distribution some time next week. The date has not been made definite as it is not certain just what day the magazine will appear.

This college annual under the able direction of Eleanor Zerby and the admirable management of Terence Ellsworth, promises to be the most successful book the college has yet had.

The cover is an important change and a decided improvement. It is very simple, but dignified and artistic. The design was done by Emily Wilson of the Art Department.

Every department has been enlarged and a few new ones have been added which promise to add interest for the readers. There will be many artistic photographs and drawings all done by students and representing a great deal of time and effort.

As a whole the student body has cooperated very well with this year's annual and everyone is looking forward to the result with anticipation.

OUTING CLUB TAKES TRIP TO CABIN

The Outing Club wound up its year's program with a trip to the cabin on the Santa Ynez river, near Paradise Camp. About twenty faculty and students enjoyed the trip which was a welcome variation to the routine of the class room.

The party left the College about seven o'clock Friday morning and reached the cabin about nine o'clock. The Club made camp and then proceeded to enjoy the beauties of nature, a la trout fishing, swimming, etc. The natural science class took advantage of a long-awaited-for opportunity to make their "hours," and have a good time as well.

The party was chaperoned by Professor Guenther and Mrs. Dewlaney. Those who were chaperoned were: Frederick Hicks, Harlan Henderson, Gordon Sawyer, Barbara Dewlaney, Eleanor Zerby, Charles Mansfield, Bob Howe, Frances Lincoln, Frances McClain, Irene McCaleb, Beth Tteall, Helen Culp, Phil Brotherton, Irene Cameron, Spud Sawyers, Ester Janssens, Phil Cook and Ted Ellsworth.

The return was made about six o'clock Sunday afternoon.

The Third Annual Research Conference was recently held at the San Jose State Teacher's College. Among the prominent speakers was Professor E. L. Thorndyke, the nationally known authority on Educational Psychology.

Mrs. Jane C. Miller has a new Dodge coupe.

GLEE CLUB SINGS AT GRANADA

The State College Glee Club appeared at the Granada four days commencing Wednesday, May 28, and rendered several of their best numbers. The Glee Club was received with much enthusiasm and made a decided hit with the audience. People here are beginning to realize that there is a college up on the hill. The college song and college yell went over with "pep" and enthusiasm, and the club is a corking good nucleus for a real cheering section at our local games. Nothing like team work to bring out the best results.

Mrs. Barnett, director of the club, has gotten real results in one year from practically raw material. She has pointed out repeatedly that team work and that alone gets results in any glee club and that, aside from the monetary returns involved, the experience at the Granada has contributed materially toward perfection in training. The entire experience this year has given the club confidence and poise and has established a precedent and background for a bigger and even better club next year.

SENIOR WEEK PLANS OUTLINED

A full program has been arranged for commencement week. The activities will include a baccalaureate sermon by Dr. George E. Burlingame; a tea at the home of Dean Westcott; the president's reception; class day exercises; and the final graduation exercises at which the Hon. Will C. Wood will be the main speaker.

Music for the various events is under the direction of Mrs. Helen Barnett. Dean Ashworth is sponsoring the program for class day exercises which will be held at a luncheon on Thursday noon. The commencement activities are under the general direction of a faculty committee consisting of the heads of the various departments with Dr. Stockton, vice principal, as chairman. The committee includes Miss Ebbetts, Home Economics; Mr. Jacobs, Community Mechanics; Dean Ashworth, Junior College; and Dr. Stockton, General Professional.

The general program for the week follows:

Sunday, June 8, 5 p. m., Campus Court, Baccalaureate Sermon, Dr. George E. Burlingame.

Tuesday, June 10, 4 to 7 p. m., Dean Westcott's Home, Tea in honor of Graduates.

Wednesday, June 11, 8 p. m., President Phelps' home, Reception to graduates and faculty.

Thursday, June 12, 11:45 a. m., College Lunch Room, Class Day Exercises.

Friday, June 13, 9:30 a. m., College Court, Commencement Exercises.

Many a man's good reputation is due to what isn't found out about him.

S. B. FAVORS EIGHT DOLLAR PLAN

Students expressed their preference for the \$8 plan at a meeting of the student body held two weeks ago. The amendment which will make it a part of the constitution is to be voted upon with other amendments which will be brought up sometime this week at a meeting of the student body. The most important proposal is the one dealing with separate athletic councils for both men and women. Each council will be composed of the athletic manager, captain and manager of sport in season, president of letters society, and physical education director. The plan provides for the election of the athletic manager of the ensuing year by the athletic council of the current year. The managers of sports in season shall be nominated from the varsity squad by the first team and elected by the entire squad. The captains of the sports in season shall be nominated by the first team and elected by the entire squad. Each athletic council will have general oversight of all athletic activities, members of the council having such duties as would naturally devolve upon managers, captains, etc.

Another amendment which is under discussion is one providing for the power of recalling any student body officer. Other sections and articles are being changed to omit the words "athletic manager" in accordance with the proposed athletic council plan.

DR. SANSUM GIVES FOOD TALKS

Dr. W. D. Sansum, who has been given national recognition as an authority on foods and diseases and disorders arising from the improper use of foods, especially diabetes, has in the past two weeks given a series of three lectures to the college at special assemblies on the subject of foods and balanced diets, especially in relation to the problems of the college student.

Dr. Sansum is now working on the problem of insulin as a cure for diabetes, in the clinic at the Cottage Hospital.

FASHION SHOW

The faculty, students and their friends are invited to a Fashion Show, Wednesday, June the fourth.

This year, instead of an exhibit, plans are being made for the display of dresses made by the Home Economics students.

The Fashion Show will be given in the court from four until five o'clock on Wednesday afternoon. Tea will be served.

S. B. ELECTION HELD MAY 27

Large Number of Votes Cast

Jesse Hawley will be next year's student body president according to election returns of last Tuesday which show a total of 110 votes for Hawley as against 70 for Rene LeFevre. Miss Ester Janssens won the secretaryship over Miss Helen Culp by a slight margin of ten votes.

More students voted and showed interest in the election held this year than in any previous election held at the college according to the heavy balloting. Out of a possible 266 votes, 191 were cast. President Keeer wishes to express his gratitude to all those who assisted in conducting the election.

As other offices were not contested the rest of the officials were elected unanimously. Miss Jesse Lemmon will act as vice-president, while Carlisle Gorman is to be treasurer. The position of publicity manager fell to the lot of Lewis Peters. Margaret Burke will manage debating, oratory, and dramatics which also entails being president of the Literary Forum. Terence Ellsworth secured the editorship of La Cumbre, and The Eagle will be edited by Barbara Dewlaney.

Social Science Group Meets Wednesday

The Social Science Forum will hold its final meeting for the year on Wednesday of this week. At that time the members will decide whether or not they wish to affiliate with the National Student Forum. A permanent name will also be chosen. The general discussion will be led by Maxwell Conklin on the Japanese question.

Large Enrollment Expected for Summer

President Phelps reports that although over fifteen hundred bulletins for the Summer Session at the S.B.S.C. have been sent out, there is a demand for another five hundred at least. Such demand would seem to indicate an unusually large enrollment at the summer session this year, doubtless due to the unusually fine faculty which has been secured for the special session.

Plans for the summer session, both as to academic activities and social recreations are now being made, which will be more definitely announced in the next issue of The Eagle.

President Van Mantra of the Humboldt State Teachers College has resigned as head of that institution.

The Huntington Park Union Hi School is planning to enlarge its part-time department for the next year.

SUPPORT AND COOPERATION

Student body elections are over. New officers for the coming term have been elected.

The student body constitution has been amended in favor of progressiveness.

The plan to raise student body dues to \$8.00 a semester, which was almost unanimously favored at a recent meeting, is to be definitely voted upon this week in order to make it a part of the student body constitution.

In view of future progress and student body welfare, the adoption of this plan will be one of the biggest elements for the making of associated student union.

With good leadership from our newly elected officers, as heads of our activities, and adequate financial backing to carry on the work, there is no reason why, with proper cooperation, that our student body functions should not be right up to the highest possible limit.

Along with financial support is that other big element—cooperation. Not only is cooperation among students important but also cooperation among the faculty equally as important in that it may serve as an inspiration conducive to a greater uniting of the students of our several departments, one with the other.

Let us do all we can to make our college life here full of interest and pep and enjoyment, so that when after we are gone from here we can recall with pride the days we spent at old Santa Barbara College.

Too Many Organizations

It has often been said that we lack spirit at this school. The charge contains a certain degree of truth that can neither be overlooked nor denied. Now just why is this so? The writer of this article thinks that this "spiritless" condition exists because there are too many organizations and clubs on the campus; no student can give adequate support to all organizations at once, and each one of us has the possibility of belonging to that number. The list of the various organizations, committees and clubs follows:

1. Student Body.
2. Class organization.
3. Dept. Organizations.
4. A.W.S. or Men's Club.
5. Social Committee.
6. Either Glee Club.
7. Literary Forum.
8. Social Science Club.
9. Student Council.
10. Outing Club.
11. Honor Society.

The first thing to note about these clubs is this: The majority of them are purely social both in theory and in practice. The second is this: The departmental clubs do not help to build up school spirit and unity in the Student Body. This should not be so, for our primary aim

should be the creation of strong College Spirit.

The elimination of several of these organizations as purely social units would not only strengthen those that were left but would also help to create some of that much desired school spirit. After much deliberation the writer advocates the following propositions:

1. Weekly student body meetings, and a common subjugation of all other organizations interests to the best welfare of the Student Body;
2. Stronger Class Organizations with less social purposes;
3. The abolishment of Departmental Organizations as such;
4. The strengthening of the A.W.S. and the Men's Club as the more Social Units of the Campus;
5. Regular Class time for the meetings of the Glee Clubs.

The first point, weekly student body meetings, is obviously necessary; the need of more frequent meetings has been felt for a long time. The second clause of this proposition, 'a common subjugation of all other organizations interests to the common welfare of the Student Body' as a whole, needs a bit of explanation. For the past several years there has been too much 'departmental conscious-

ness' among the various groups of students. There was no such thing as being a member of the Student Body, or a Student at the State College; one was a G. P. or a J. C. or a C. M. or a Home Ec. This emphasis of department rather than the College as a whole has caused no little ill feeling among the various departments, feeling that at times has exceeded the bounds of friendly rivalry. Next year let us think and act with the best interests of the whole student body in view.

The second proposition that deals with stronger class organizations is not very clear in the original and demands a bit of explanations. The classes in the College, like the majority of the other organizations, have social interests as their ultimate goal. CLASSES SHOULD NOT BE PURELY SOCIAL. They should have the Creation of School and Class Spirit as their chief aims. Rather than make the Class party the sole achievement of the year, make it one of a number of accomplishments. Choose your Class colors, then show them on the Campus. Stand up for your class; make it a matter of personal interest that YOUR class shows the most pep during the year. Put on several Class Days and make the other classes sit up and take notice. Then put up a fight for more frequent meetings.

The third proposition is rather startling at first thought, but can be defended by any number of valid arguments. The abolishment of the departmental organizations in favor of the class organizations would tend toward a beneficial mixing of the students enrolled in the different courses. This mingling of students with different purposes in life would result in the broadening influence commonly attributed only to the larger colleges. Then the doing away with the departmental clubs would also do away with the objectionable features of the aforementioned 'departmental consciousness,' and put in its place the highly desirable School and Class spirit. Then, it is argued, what would one do when a meeting of the G. P's was necessary, brought up that was of interest only to that Department? The answer is easy; call the meeting. Just because there are occasional meetings necessary is no justification for the existence of an organization on a campus that is already overcrowded with Clubs and Societies.

The fourth point is clear without any further explanations; these two clubs should be purely Social in their aims, and have been to a large extent. The writer believes that these two organizations are the natural sources of all Social life.

The fifth point arises out of a condition that has come to exist this year. The Men's Glee Club has met during the hour scheduled for the regular meeting of the Men's Club, thus depriving the Club of some twenty-five men. Therefore the writer believes that a regular class meeting period should be given to the Glee Clubs in order not to deprive these Clubs of their support.

Consider these points well during the summer vacation. Come back next year prepared to make the old school buzz. Bring back all kinds of pep and use it. Remember: the Student Body first, then all the other Clubs after. Incidentally let's throw out a few of the Clubs and by so doing make the others that much stronger.

(Signed)

TED ELLSWORTH.

Mrs. Miller was away on vacation last week.

G. P. NOTES

On Tuesday the 20th a tea in honor of the supervisory teachers was given at Marian Ogden's. The tea was held from four to six. During the afternoon the guests were entertained with a reading by Anna Lincoln, a dance by Adelaide Abbot and Betsy Dunbar, and a recitation by Ethel Bledsoe.

On Friday the 23rd a beach supper was given by the General Professionals. Games were played until supper was announced and then every one made a rush for the head of the line. Later in the evening dancing was enjoyed. Ted Ellsworth orchestra consisting of a banjo, a dish pan, board and spoons furnished the music. A good time was reported by all.

Alice Bartlett has returned to school again still showing effects of the accident she had some time ago.

A great number of the girls have finished their all day teaching. Those who have are Miriam French, Helen Williams, Helen Linquist, Gertrude Ramsey, Addie Dunn, Gladys Dunbar, Gladys Buck, and Hollis Pratt. Miss Pratt is the last of the all day teachers in Mrs. Johnston's room.

There will be no Riveria Conference this week at Riveria.

On June the 6th Riveria will hold an At Home Day for the parents. On this day the things which the children have accomplished during the semester will be shown the parents.

Community Mechanics

Instructors Announced

Three new instructors in Community Mechanics have been announced for the summer session. Mr. E. I. Carniglia, director of Industrial Education in San Francisco, will offer a course in machine shop practice. Prior to his becoming director of Industrial Education, Mr. Carniglia was an instructor in machine shop practice and for a time in auto mechanics. Before that he held the position of head of the Mechanical Arts department of the San Francisco Polytechnic School.

Mr. Mattern, instructor in the Oakland School of Technology, who is one of the few men in the state who have combined certificate to teach metal work and plumbing, will also teach this summer.

Mr. Charles L. Rose, instructor in sheet metal work in the Pasadena Junior High School, will teach sheet metal work. Mr. Rose is reputed to be one of the best instructors in that field in the state.

Walt Ellis has just completed an elaborate sheet metal project. It is a complete unit for use in motor travel and camping and is conveniently carried fastened to the running board of an automobile. It contains stove, oven for baking, ice chest, and other compartments for storing vitals.

Carl Wirths has just traded his old Ford for a nice Dodge touring car. Carl says it's some car. It sure looks it, the way he has it shined up.

Julia Syllorelpva, who graduated from the Home Economics Department some time ago, has been appointed to teach in the Home Economics Department, Glendale high school.

Mrs. Clow, secretary to the president, is away on vacation this week.

What the world needs is a shortage of long faces.

CALENDAR OF EVENTS

Close of social activities.
 Tuesday, June 3 — Women's assembly.
 Thursday, June 5 — Departmental meetings.
 Tuesday, June 10 — General assembly.
 Thursday, June 12 — Class day.
 Friday, June 13 — Shortened schedule—end of semester.

PERSONALS

Miss Aileen Barnes has returned after a several weeks sojourn in Palo Alto where she has been visiting friends.

Miss Margaret Lincoln, a former S. B. Junior College student, is to be married here next Saturday to Mr. Charles Richardson. The young people plan to make their home in Santa Barbara.

Henry Minetti, who was recently injured in a baseball game between the Lompoc and Celite clubs, is steadily improving and will soon be up and around again.

The Coach spent the last weekend in Glendale. What's the attraction, Coach?

Many of the students took advantage of the brief vacation to return to their homes for a few days. This also applies to the students who live in Santa Barbara.

Somebody got "ruff" with the triangle in the corridor with the result that it fell to the pavement. Grow up, Freshmen!

Let's all follow in the footsteps of the little fellows from the Riviera and go wading in the pond at noon.

GRADUATES PRODUCE
PLAY IN CASMALIA

Dean Westcott attended the play given May 22 by the pupils of two former students of the college, Miss Pearl Wynes '23 and Miss Margaret Kenyon '23, who are teachers in the Casmalia Grammar School. The play entitled "The Return of the Fairies" was very well done according to Dean Westcott.

An exhibit of posters, art tiles, book ends, etc., was also held. Dean Westcott acted as one of the judges of the exhibit.

MEN'S CLUB ROOM

The men's club room idea that started some time ago will soon be a material realization.

The carpentry class under direction of Mr. Blodgett is progressing with the work of putting in the windows and a partition across the end next to the Co-op store.

Thus far the casings are in place and ready for the windows to be installed, and the partition will soon be installed.

The room is to be cleaned out and furnished with tables and chairs as well as other things that go to make up a comfortable lobby for the men students to resort to. One fellow has suggested bringing his Victrola. Others have suggested various things, all of which favor making the proposition a big success.

THE NEW BUILDING

The foundation for the new building, to be erected back of the gymnasium, is being gone ahead with. The foundation and all is to be ready by the time the carpentry class of this summer term will be ready to start work on the erecting of the building. Much of the material such as cement and lumber is already here and ready for use. On the campus above the buildings of the college have been planted many young trees and shrubs.

The cafeteria building looks fine now with its new surface and paint.

"Good morning, Judge," is the American way of being presented in court.

TEA DANSANT
GIVEN BY A.W.S.

The Associated Women's Students acted as hostesses at a tea dansant given in honor of the senior high school girls on Saturday afternoon of May 24. The entertainment consisted of dancing, speeches, and a program. Speeches were made by President Phelps, Dean Westcott, Irene Youngken, president of the A. W. S., and Frances Drew, who is the incoming president of the association. The program included a solo by Frances Jones, a reading by Miss Bledsoe, a whistling solo given by Bertha Fuller, and an original dance done by Adelaide Abbot and Betsy Dunbar. Miss Anita Cook accompanied the soloists.

The cafeteria, which was the scene of the affair, was artistically decorated, and the refreshments consisted of ices and cakes which were olive and gold, colors of the high school.

Preparations are going on at Poly High, Long Beach, for the greatest Alumni day in the history of the school. The day set is June 3rd. and thousands of Poly High graduates are expected to return and take another pledge of loyalty to their Alma Mater.

CO-OP STORE IS PROSPERING

The Co-op store at the college is now on a sound basis and operating at a profit. All profits went back into the store, however, to pay cost of operation and equipment. A new typewriter has recently been purchased.

Anna Cowan, for the past few months, has had direct charge as manager and storekeeper. During this summer session Miss Irene Cameron will be the storekeeper.

A. W. S. INSTALLS NEW OFFICERS

At the last A. W. S. meeting of the year, held on Thursday, May 22, the officers recently elected for the coming year were installed. The officers for 1924-25 will be as follows: President, Frances Drew; Vice-President, Carrie Smith; Secretary, Eleanor Warner; Treasurer, Mary Kat-tikin; Student Councillor, Clara Ziegeler, and Club Room Committee Chairman, Irene Cameron; Social Committee Chairman, Marjorie Low.

The retiring officers were given a vote of thanks for the efficient manner in which they have carried on their work this year. Officers for the past year have been: President, Irene Younken; Vice-President, Frances Jones; Secretary, Clara Ziegeler; Treasurer, Marvele Miller; Student Councillor, Peg Tisdale; and Club Room Committee Chairman, Marjorie Gates; Social Committee, Marian Ogden.

A meeting of the old and the new Executive Boards was held on Wednesday evening, May 28, at the home of Dean Westcott, when plans for the coming year were discussed.

GETTING OUT A PAPER

Getting out a paper is no picnic.

If we print jokes, folks say we are silly.

If we don't they say we are too serious.

If we publish original matter, they say we lack variety.

If we stay on the job, we ought to be out rustling news.

If we are rustling news, we are not attending to business.

If we don't print contributions, we don't show proper appreciation.

If we do print them, the paper is filled with junk.

If we print personals, we are showing partiality.

If we don't print them, there is nothing in the paper.

What the heck can we do?

STATE NET MEN DEFEAT LA VERNE 3-2

The College Racketers defeated the La Verne team on the local Y.M.C.A. courts on May 17 by a score of 3-2. Ellsworth and Brotherton represented the College, while the Southern institution was defended by Blocker and Studebaker.

In the opening match of the day, Studebaker swamped Brotherton by the scores 6-2, 6-2. "Flip" could not seem to get started during his first match, and was defeated more through his own errors than the skill of his opponent. In the second match Ellsworth downed Blocker after a long drawn out second set, 6-1, 11-9. Brotherton next met Blocker and after a long three set match won by the score 6-2, 4-6, 6-1. Ellsworth was defeated by Studebaker in one of the longest matches of the day, 6-2, 3-6, 7-5. At noon, after four matches had been played the score stood at 2 all, while Santa Barbara led in actual games won, 50-47.

The doubles, the deciding match, was played during the afternoon, with both teams thoroughly tired out by their morning efforts. The first set went to La Verne, 8-6, and it looked as though the Southerners would take the match and the series. However, the second set was won by Brotherton and Ellsworth, due largely to the efforts of the former. The third set also went to the Hilltoppers, and with it the match. The final scores were 6-8, 6-3, 6-3. Tentative arrangements were made for a return match at La Verne next year.

Block S Society Dance at Arlington

As a climax to its activities for the year, the Block S Society of the college gave a "Varsity Dance" in the ballroom of the Arlington Hotel on Thursday evening, May 29. Special music was obtained for the occasion, and the dance, put on by the "huskies" of the college, under the management of Alvin Baranov, proved an enjoyable affair. Admission was one dollar a couple.

The Varsity Club dance was one of the last social affairs of the season for the college, all social affairs except the Senior dance being barred for the last two weeks of school.

Sophomores Hold Annual Dance at Clubhouse

The Sophomore class held their dance at the Women's Clubhouse instead of on the campus. The affair was given on Saturday, May 24, and was in charge of Edna Dowler.

A fair crowd attended in spite of the fact that it was a very full night as many other things of interest were going on.

FRENCH FETE GIVEN IS GREAT SUCCESS

The French classes of the college are resting after a strenuous time preparing and giving their Fete Francaise, which was given in the college cafeteria on the afternoon of May 16. The program consisted of scenes from the play "Monsieur Perrichon," songs, dances, and pantomimes by a chorus of French dolls, and a short play, "On Ne Badine Pas Avec L'Amour," by Alfred de Musset.

After the program, the time was spent in dancing, and special refreshments distinctly French in tone were served. Admittance to the Fete was by invitation, and those who attended report a very worthwhile and pleasant afternoon.

He: Now let me see, flowers \$4.00, taxi \$1.00, dinner \$5.00, prom \$10.00, and then back to the hotel, \$1.00.

She: What is this, John, mental arithmetic?

He: No, no, Dot—Sentimental arithmetic.

The Forum Entertains With Play Reading

Last Wednesday night The Forum, the Literary society of the college, entertained the students and outside guests with a play, reading, music and refreshments.

The play was an excerpt from "Merton of the Movies" and was pleasingly read by Dean Ashworth amidst a lifelike Hollywood setting.

Refreshments and music completed the evening's affair which was held in the cafeteria.

The Forum, which has been meeting regularly once a month in the public library, are intending to present to the school library several books of modern plays.

NEW BOOKS ARRIVE

In the library a lot of fine new fiction books have been received. They can be found in the shelves on the mezzanine floor. Miss Winham, the librarian, says for everyone to come in and make themselves familiar with them.

Trade Mark is on the sole and lining of every genuine Arch Preserver Shoe. Look for it. All styles for all occasions. A complete range of sizes and widths for Men and Women.
