## I.V. Housing Costs Rising; Mortell Says "Double Up"

By Nancy Brucker

Along with everything else, students can expect to pay more for housing next fall. Rents in Isla Vista are expected to rise anywhere from \$10 to almost \$100 in some places.

According to a comparison study compiled by the Housing Services office, rents in I.V. have been rising steadily for the past two years. Smaller apartments, such as studios and one bedrooms, have averaged only three to six per cent increases, but rents for larger apartments have risen more dramatically.

The Housing Office report shows that the average rental price of a three bedroom apartment has shot up from \$253 in 1971-72 to about \$345 in 1974-75, an increase of over \$100 in just three years.

In the estimation of Housing Supervisor Joan Mortell, students are going to have to decide between "privacy versus economics." In recent years, students have opted more for privacy, preferring their own rooms to sharing with others, but Mortell believes that come next fall, that trend may reverse and students will just have to "double up" more in order to afford the rents.

### MOVING TO I.V.

According to Mortell, more people are moving into I.V. from Santa Barbara and Goleta to be closer to school, and even some families are finding I.V. cheaper than Santa Barbara. Combined with the building moratorium, this puts housing at a premium, and "general inflation" continues to push rents upward.

The Housing Office is currently compiling a new listing

One I.V. realtor feels sorry for the economic status of students.

photo: Don Wilkerson

of I.V. rentals by building, and the 1975-76 figures should be available by early April.

Taxes do not seem to be a factor in the rising rental costs. An appraiser at the County Assessor's office provided the information that the tax rate for I.V. actually decreased slightly for 1974-75. Additionally, no new assessments have been done on I.V. apartment buildings since 1970-71, and while new assessments are scheduled for sometime this year, any resultant tax increases would not affect property owners until July of 1976.

Exact figures for next year are not yet available in all cases, though most rental companies contacted quoted increases of from \$5 to \$15. Many landlords seem to be "sizing up the competition," and waiting to see how others are going up.

Rentals, Inc. is not yet issuing contracts for fall, but indicated increases averaging 3-7 per cent. Ventura Enterprises has been

issuing contracts and quoted increases averaging about \$10, though some beachfront properties may go higher.

Embarcadero Company feels its rents may have been too low before, and expects to raise its rentals in line with others. Mile Saling at IPM quoted increases of "zero, to five, to ten dollars," stating that only a few of IPM's

## Area's Future Up For Grabs Today

By Tom Flagg

Polls will be open 7 a.m. to 8 p.m. today, giving area residents ample opportunity to vote on Santa Barbara City Council candidates, Goleta Valley Annexation, City Charter Amendments, Community College Governing Board Members, and Santa Barbara School District tax rates.

Goleta Valley voters, including those in Isla Vista, will cast their ballots for Santa Barbara School Board members, Goleta Union School Board members, Governing Board members for Santa Barbara Community College Districts No. 3 and No. 4, Proposition A (annexation), and Proposition D (Santa Barbara High School District tax rate).

City of Santa Barbara residents will vote on City Council candidates, Proposition A, Proposition B (City Charter Amendments), Proposition C (Santa Barbara School District tax rate), Governing Board members for SBCC Districts No. 3 and No. 4, and Santa Barbara School Board members.

In short, city residents will vote on all the issues except Goleta Union School Board members; I.V. voter's ballots will contain neither Propositions B and C, nor City Council candidates.

In the City Council race, 16 candidates with a wide variety of qualifications are vying for three Council seats.

Issues facing S.B. School Board candidates include: sex

education; the proposed school tax hike; and the induction of Spanish surname teachers through Affirmative Action.

The only candidates not favoring the proposed school tax increase are Corrine Vause, Lois Bunn, Bob Handy, Ruth Sutton, Armando Vasquez, and Lynn Kinsky.

Bob Handy, Corrine Vause, Marshall Olson, Armando Vasquez, and Lois Bunn tend toward the conservative side on the sex education issue.

Those candidates showing most concern with the disparity in the ratio of Spanish surname students to Spanish surname teachers are: Y.M. Kim, Jeremy Kramer, Margret Connell, Frank Gillette, Jim Marino, and Robert Olsen.

Four candidates have thrown their hats in for two seats on the Goleta Union School District Board of Trustees.

Jean Blois, Ruth Peck, Judith Evered, and Arthur Harris are campaigning on the issues of insufficient school funds, and declining enrollment.

Blois and Peck are most concerned with the Union School's economic problems.

Evered stresses the communication gap between the school system and the public, and she sees implementation of the state program COAL (Goals and Objectives for Authentic Learning) as the solution to this problem.

Harris encourages parents and

## Chicano Studies Dept. Faculty Assert Neglect by Rickborn

By Manuel Madrigal and Cary English

When the term of Chicano Studies chairperson Carlos Ornelas expired in July last year, no one was selected to take his place.

Bruce Rickborn, dean of the College of Letters and Science, declined to reappoint Ornelas over the protests of a unanimous Chicano Studies faculty.

Failure to appoint a chairperson was cited as an example of discrimination and improper affirmative action in a suit lodged against the Regents last summer. The suit, based on the Civil Rights Act of 1964, is still pending.

Since Ornelas' term expired, Rickborn has assumed the responsibilities of chairperson of Chicano Studies.

### DEFAULT

"Junior faculty are indeed running the department by default," says Fernando Padilla, C.S. faculty member.

"The faculty has taken the initiative in developing department curriculum, scheduling classes — everything else the chairperson is required to do, except for budgetary matters," he says.

"The dramatic drop in departmental enrollment is directly attributable to the dean's job performance," says Richard Valencia, another faculty member.

Valencia cites the 75 per cent enrollment drop in C.S. 115, a course on the psychology of the chicano child. The class was not listed in the schedule of classes.

Rickborn says the class was not printed because of a schedule change, adding that it was "not handled in my office."

Chicano Studies enrollment dropped this quarter

Dean Bruce Rickborn

to 265. Last winter quarter it was 303.

However, the fall quarter enrollment increased compared to last year. Some 274 persons enrolled in C.S. courses this fall, compared to 233 the previous fall quarter.

### ABSENCE

Five C.S. faculty members told the Nexus that the physical location of the department (Bldg. 406) has not been visited by Rickborn since last August.

Rickborn says he attended two meetings at Bldg. 406 last summer, but none since. He says he tried to set up meetings in his office.

In violation of policy set down in the Faculty Manual, Chicano Studies faculty were not told if they were going to be rehired or not, according to

(Cont. on p. 12, col. 1)

## Format Change Slated For Open Registration

Open Registration for Spring Quarter will have a new format this year. Instead of three separate sessions, with consideration given to students with less than 12 units of reserved class space, there will be one session, with students admitted according to the first letter of their last names.

Jacqueline Turner, acting Registrar, explained that the change in procedure was an experiment. "We have been catching quite a bit of flak from departments and students complaining about the third session," she said. That session is usually offered for those students with more than 12 units.

Open Registration is held the week preceding classes every quarter. Class space is available through a lack of pre-enrollment, omission from the Schedule of Classes, or because of space loss due to late fee payment.

Usually, only those people who do not receive a minimum of 12 units of reserved class space are allowed in before other students. This method is used primarily to try and insure a minimum unit load for students.

Turner stressed the experimental nature of the change, with no commitment to a permanent, one session method.

Open Reg is scheduled for Fri., March 28, from 8 a.m.-12 noon.

"If you aren't careful, you forget what the outside world is like" — A student

**TODAY'S ELECTION** will decide the future of Santa Barbara, Goleta, Isla Vista and Hope Ranch as voters cast their ballot on the issue of annexation. School tax increases and candidates running for positions on the Santa Barbara City Council, Santa Barbara School Board, City College trustees, and Goleta School Board will also be decided.

**PRESIDENT FORD** told Republican congressional leaders that he has seriously consider a move toward compromise with the Democrats that would delay two new increases in the oil import fee. According to Senate Republican leader, Hugh Scott, "The President did say he was seriously considering several things including the possibility of postponement of oil fee increases, but not an abandonment of the program he proposed." Earlier this year, Ford issued an executive order imposing a three stage, \$3-a-barrel fee on imported oil.

**WILLIAM COLEMAN** a Philadelphia lawyer, has been confirmed by the Senate as Secretary of Transportation. Coleman is the second black man in history to hold a cabinet post. He succeeds Claude Brinegun, who resigned. The Senate confirmed the Coleman nomination by a voice vote, without debate.

**THE 13 OIL PRODUCING NATIONS** of the Organization of Petroleum Exporting Countries (OPEC) are considering summit approval of two plans to keep oil prices high. One would be a special fund which would funnel money to any OPEC nation that finds itself short of money and might be tempted to increase sales by cutting prices. The other, an "indexation" link, would tie the price of oil to the price of several other, perhaps 20 or 30, major commodities in world trade. As the prices of these other items went up, so would the price of oil.

**FOOD STAMP AID** is being denied to more than 20 million needy Americans by the restrictive policies of an insensitive and inefficient Department of Agriculture, according to a Senate staff study. The study reports that by last September at least 20 million persons eligible for food stamps were not receiving them. Only 38 per cent of those eligible were getting food stamp assistance. The committee's staff concluded: "The failure of the food stamp program to meet the goals mandated by Congress can be traced directly to the restrictive policies and practices of U.S. Department of Agriculture, policies that have plagued the poor for years and are now preventing the food stamp program from meeting the needs of the newly unemployed."

**THE WEST GERMAN AUTOMAKER' VOLKSWAGEN** was warned by the Arab organization for the boycott of Israel, that it must sever ties with Israel within three months or be blacklisted in Arab nations. Chairman Mohammed Mahgouh said Volkswagen and its subsidiary Audi Nsu, would be placed on the blacklist automatically and "without deliberation" if they cannot prove in three months that they have cut relations with the Jewish states.

**THE SUPREME COURT** ruled yesterday that a state may not bar publication of a rape victim's name obtained from judicial records open to public inspection in connection with a trial. The Court recognized that the interests in privacy fade when the information involved already appears on the public record.

**LINDA McCARTNEY**, wife of singer Paul McCartney, was booked early Monday on suspicion of possession of marijuana and released on \$500 bail. She was arrested when a California Highway Patrol officer stopped the McCartney car for going through a red light and said he smelled marijuana while writing a ticket.

# Dunlap Bill Would Force State To Consider Social Investments

By Martin Chorch

State Senator John Dunlap has introduced a package of bills which would drastically change the way in which state agencies, including the University of California, handle their investments. Senate Bills 361 through 364 would, in general, cause stockholding state agencies to consider social responsibility in proxy voting on issues before the stockholders.

The introduction of the bills by Dunlap represents the continuation of a long effort by the state senator to require a more responsible investment policy by governmental agencies.

## ADVISORY COMMISSION

SB 361 would set up a State Investment Responsibility Advisory Commission which would study issues subject to shareholder votes by stock owning government agencies.

The commission would not only provide analysis and advice on such issues and could not tell any state agency how to vote its stock.

SB 362 would require that state retirement systems take a position in all proxy votes, even

if that position is one of neutrality. Many times, shares that are not voted can be legally interpreted as votes for the management position.

Elaborating on SB 362, SB 363 would ban this practice of management voting "ghost proxies" for corporations chartered in California.

## YES VOTE MANDATED

SB 363 would require that government shareholders vote in favor of stockholder initiatives to permit cumulative voting for directors. Cumulative voting is a practice which allows minority stockholders to elect a member of a board of directors. Usually in elections for directors, management presents a slate of directors on which the shareholders have the option of voting yes or no. Cumulative voting allows minority shareowners to pool their votes to elect a "write-in candidate" to the boards. John Harrington, Dunlap's administrative assistant, says the bills have a better chance of passage than similar measures

introduced by Dunlap in the past. Even so, the bills are encountering trouble as that two of them have been assigned to the Public Employment and Retirement committee, and the other two have been assigned to the Judiciary committee. Harrington would have preferred that all of the bills be sent to the Government Organization committee, of which Dunlap is the vice-chairman.

Although the bills affect investment policies of the U.C. Regents, they have yet to officially take a position on the bills. Although such measures have been opposed in the past, Governor Brown is said to be in favor of the proposals.

Although the bills have been assigned committees, the hearing dates have not been scheduled.

A proposed screening program to detect Tay-Sachs disease, a birth defect occurring mostly in infants with Jewish parentage will be discussed at an open meeting at the B'Nai B'Rith temple in Santa Barbara Thursday, March 6, at 7:30 p.m.

## Police Still Investigating Death

By Rick Ziv

Sheriff's detectives are still investigating the circumstances surrounding the brutal bludgeoning death last week of Nadine Kopplin, 20.

Kopplin was found by her neighbor in the Sesame Tree Apartments after he heard a scream, several thumping sounds and what appeared to be a scuffle. Detective Roger Best indicated that there were no new developments in the case and that the only lead he has to go on is the description of a man seen fleeing the area at the time of the murder.

Police are asking everyone's help in the case and are urging that anyone knowing a person of medium height, very fat in appearance with size affecting his

to release further details of the crime as these details may be the only clues in solving the case.

Police have requested that anyone seeing the girl, the suspect or the girl's car, a later model medium blue Buick Skylark, between the hours of 1

a.m. and 5 a.m. on the morning of Feb. 22 to please call the Sheriff's Department. Officials are guaranteeing the anonymity of persons who do contact the Sheriff. Anyone not wishing to leave their name is also requested to help police in this case.

Police are looking for clues to the murder of Nadine Kopplin, pictured above.

walk, to please contact either Detectives Roger Best or William Baker or any member of the Sheriff's Office.

The man seen leaving the area at the time was reported to be wearing a dark colored ski-type jacket with a hood, dark trousers, and possibly wearing a "cossack" type fur cap. The police are unsure of the man's age.

Kopplin is described as being about 5'2", 120 lbs., long brown hair parted in the middle, brown eyes, last wearing a beige or tan coat, a white short sleeved shirt and blue jeans.

Preliminary reports indicate that the victim was not raped, leaving police in doubt as to a motive. However, a complete autopsy has not yet been done and the victim was found partially nude in a pool of blood. As yet, investigators do not know what weapon was used in the bludgeoning. Police are reluctant

## KCSB to Air Davis Talk

KCSB will broadcast the entire Angela Davis lecture tonight at 6 p.m.

Davis, a leader of the National Alliance Against Racist and Political Oppression, spoke on campus last Thursday to a sell-out crowd in Campbell Hall.

Davis urged unity against ruling class oppression stating that "blacks and whites must realize that racism is the most effective tool of the ruling class."

# CITIZENS

Today's election is the most important one to date in this community's development.

If you do not vote, and there is a low voter turnout in Isla Vista, the chances of annexation passing increase tremendously. We have only 12% of the vote; we must use all of it.

If annexation is defeated, two local government options will still be available for Isla Vista:

### INCORPORATION WITH GOLETA

A smaller city than annexation would create, in which Isla Vista would have 25% of the vote.

### INCORPORATION OF ISLA VISTA

A city of 15,000 which provides the most authority and funding to this community of all available options.

If annexation is defeated, a new plebiscite will be held in Isla Vista this Spring to determine which option to submit to LAFCO for next November's election.

"We urge those interested in the development of Isla Vista as a laboratory of and for social change in America to reject annexation and keep the spirit of incorporation alive."

-Isla Vista Community Council

# VOTE NO ON ANNEXATION TODAY

### CAB Initiates Program

The Community Affairs Board has initiated a new program whereby student volunteers will provide companionship to residents of Friendship Manor. The first such get-together will occur Saturday March 8 when women volunteers will stage a tea party at the Manor. For further information stop by the CAB office on the third floor of the UCen or call 961-2391.

## Hicks Should Attend Meeting

Editor, Daily Nexus:

This is concerning the article by Tom Hicks, A.S. Rep-at-large, in the Monday, March 3rd Nexus, concerning "UCSB: Pinball, Pauley, Or Gifted Professors?"

According to the contents of his article it seems as though he failed to attend the first of three meetings by William H. Liskamm, concerning the usage of a total sum of 4.5 million dollars. Right on the leaflet that was distributed to all attending persons was stated the purpose of the meeting: "Student cultural, activities, recreation needs participatory programming." There was nothing about educational needs mentioned. You ask, why? Because there is a

certain rule or University law that says the 3.3 million dollars cannot be used for educational purposes (to put it in layman's terms). The 1.2 million dollars is specifically for a UCen II and cannot be used for anything else.

To find out what exactly a UCen II is, you should have attended the first meeting. It would be advisable for anyone else with doubts in their mind about the use of these monies to attend the next meeting. It is this Thursday in the Program Lounge of the UCen. Making unqualified statements is only appropriate to the misguidance of many blind students.

## Inaction on Part of Administration Frustrates Asian American EOP

By Thomas Nishi

I am writing this commentary at the behest of the administration. They feel as though there has been misrepresentation of facts in a letter from Scott Moriyama that appeared in the February 4, 1975 issue of the Nexus concerning the Asian American EOP component. I will attempt in this commentary

Thomas Nishi is the Asian American EOP Coordinator.

to clarify the situation and explain the position of Asian American EOP to the best of my ability, given the strictures placed upon me by the Nexus.

Moriyama's letter concerned the fact that a budget had not been allocated to the Asian American EOP component. At that time, it was true. Six months after the implementation of an Asian American EOP, there was still no budget. Now, the Asian American EOP component has been allocated a budget, which may or may not last through the end of June. There is no allocation for the next fiscal year, and the budget that has been allocated, under the circumstances, was formulated in a very questionable manner.

But the issue at hand is more than simply one of a budget. The issue at hand is the commitment of the administration of UCSB to EOP, and the potentially racist inaction that has been shown in the administration's dealings with EOP.

*"The issue at hand is the commitment of the administration to EOP, and the potentially racist inaction that has been shown in the administration's dealings with EOP."*

First, let me give two recent examples: 1) We were allocated a budget on Feb. 10, 1975. As of March 3, 1975, I have no authority to sign requisitions to spend funds; 2) I have submitted three job descriptions for a full time staff person, the last on Feb. 6, 1975. As of March 3, 1975, a request to have recruitment for the position to be initiated has not been forwarded to Personnel from the Vice-Chancellor in charge of EOP. These are only two examples of the problems that have beset the Asian American EOP component.

I have tried to make public the issues surrounding Asian American EOP because I feel that the operation of Asian American EOP affects the entire University and its community. I have tried to speak to the administration in an orderly and polite fashion. But nothing seems to work except when students and other Asian American concerns on this campus voice their feelings and demands directly to the administration.

The result is that I remain frustrated and puzzled by the action and inaction taken by the administration. Re-classification of the

coordinator's position to a higher level, the lowest priority issue, but the one in which I have a vested interest, was dealt with first by the administration. Is that fact significant? Are the problems that have been encountered in finding adequate office space, and the way the administration has dealt with them due to only a lack of sensitivity on the part of the administration? Why is the Asian American EOP component budget prepared by personnel who have no direct dealings with EOP, who will not answer questions concerning EOP, who will not provide me with simple telephone information, who have shown no sensitivity to Asian Americans, or minority people in general, and who have had but one short consultation with me about the needs of Asian American EOP?

*"The tasks to be accomplished are highly bureaucratic, and monumentally esoteric. No help is offered, no real cooperation is given...At best, information is begrudgingly given."*

I can only conclude that an all too familiar pattern of events is taking place. A move is made to mollify the demands of students, and a position and office is set up, but not without unusual hassles. The token person is set up for failure. The tasks to be accomplished are highly bureaucratic, and monumentally esoteric. No help is offered, no real cooperation is given. Attempts are made to keep the person isolated and individualized, apart from peers. At best, information is begrudgingly given. When the person becomes so angry, frustrated and disappointed that the person quits, or does something that is a basis for dismissal, then the power structure is exonerated from all blame, because the token person existed, and represented all of his peers to the power structure. And the blame for failure goes back everywhere except to the power structure and the cycle begins again.

I feel angry, frustrated, disappointed, and saddened by the similarity of the events I have experienced, and the pattern I have described. I do not know why this state of affairs cannot be changed, I do not know specifically how to deal with them. I will not become a part of the polarity set up by the administration between students and staff. I am a student advocate. Without students, my position does not exist. I will not be used against, in opposition to the people for whom I work. The administration can, and will, defend themselves when that time comes. That is not part of my job description, nor should it be.

I invite any constructive criticism of myself and of my office from any concerned individual. I would only request that such comments and suggestions be made open to the general campus population in some manner. I am anxious and willing to more fully explain the historical background leading to the present situation in more detail than this space permits.

# Ford's New Budget Axes Vets Program

By Valerie Swanson

The Veterans' Cost-of-Instruction Program, with over 1,000 offices operating on college campuses nationwide, is in danger of termination if Congress approves President Ford's proposals for the 1975-76 economy budget.

In April, 1973, Congress earmarked \$23 million, representing .00680515 per cent of the total budget, for the VCIP encompassing a three year experimentation period, according to Linda Perlin, UCSB's coordinator of veterans' affairs. Congress has until March 17 to decide the fate of the VCIP which, according to President Ford, is an inflationary program.

In the 1973-74 fiscal year, UCSB received close to \$20,780, however, this year, although veteran enrollment has gone up, the program's allocation was cut to \$17,546. This dwindling of funds is due to a five per cent cut in the national budget by former President Richard Nixon, and an increase of schools which are now qualified to receive financial assistance.

The primary goal of VCIP is to inform veterans of their G.I. Bill benefits. Outreach and recruitment are the principle ways veterans are contacted, Perlin explains.

The recruitment phase of the program involves visitation of community colleges and military bases within the state to interest veterans in taking advantage of

post-secondary training. In the fall of 1974, members of UCSB's VCIP visited 27 community colleges in Southern California and talked with over 600 veterans.

"Ninety of them are definitely committed to coming to UCSB," Perlin predicts. "We're trying to help vets get to wherever they want to go. We try to direct them to where their interest lies, and if it's UCSB, so much the better."

## OUTREACH PROGRAM

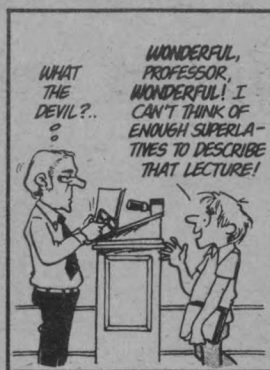

The outreach program consists of each VCIP office contacting veterans who are not in school or on a military base; each office is responsible for its own county area.

"We try to reach vets who are 'beating the pavement' and are looking for jobs," Perlin explains. "We tell them about the benefits of higher education, welfare, free clinics for legal aid, food stamps, and medical benefits. We act as a referral agency."

The VCIP, according to Perlin, is "an on-going thing to serve the needs of the country; it's a program which is really helping vets. By cutting us out of the budget entirely, Ford is not only taking important services away from vets, but also adding to unemployment."

"All the coordinators' and staffers' positions will be wiped out by taking that very miniscule amount out of the national budget. We'll be adding to unemployment, welfare, and

DOONESBURY

by Garry Trudeau

food stamp lines which seems to me will be a bigger burden on the budget."

## 32 PER CENT INCREASE

Since the program began in April of 1973, there has been a 32 per cent increase in the number of undergraduate veterans attending schools nationwide. This quarter, there are approximately 750 veterans attending UCSB, including graduate veterans who are not receiving aid.

"The next few months are crucial to VCIP," says Perlin who urges interested people "to barrage their Congressmen and Senators with letters in support of the program." Along with this massive letter writing campaign, VCIP offices are circulating petitions, and contacting many influential people to help persuade Congress to maintain VCIP's budget.

## Hart Named to Sit On Women's Commission

Assemblyman Gary K. Hart (D-Santa Barbara) was appointed last week to the Commission on the Status of Women which is responsible for studying the changing roles of women in today's society. The appointment was made by Assembly Speaker Leo McCarthy.

Assemblyman Hart is one of six legislators who will serve on the Commission which acts as a clearinghouse for information on

women and their needs. The Commission also works for the elimination of unfair laws and conditions which affect women.

"It is important for the government to keep pace with

## Nonviolent Activist Arrested By FBI on Way to Isla Vista

Nonviolent activist James Douglass was arrested by the FBI in Los Angeles February 22. He was speaking at a forum on nonviolence when the FBI placed him under arrest for violation of probation. He had been scheduled to speak at an "Honor

Resisters" dinner sponsored by the Thomas Merton Unity Center in Isla Vista on the following evening, Sunday February 23rd.

Douglass had been placed on probation and fined \$500 for his act of war resistance at Hickam Air Force Base in Hawaii. On

March 2, 1972, Douglass poured his blood over top secret files relating to illegal bombing in Indochina as part of a lenten campaign by Catholic Action to publicize the key significance of Hickam as the headquarters which directs all bombing raids in Southeast Asia.

Douglass refused payment of the fine and moved to Hedley, British Columbia, to write a book. He has made several trips into the United States since his

disobedience of probation, and was planning to participate in the March 1st surfacing of civilian war resisters at the White House.

James Douglass is a Catholic theologian who has taught at Bellarmine College in Kentucky, Notre Dame University, and the University of Hawaii. He is author of "The Nonviolent Cross" and "Resistance and Contemplation." He is a father and a war resister.

Douglass was preparing to address 300 persons gathered for a Day of Nonviolence sponsored by the Los Angeles Catholic Worker community and the L.A. WRL, when seven FBI agents appeared and stated their intention to arrest him. He received permission to deliver his address, and subsequently followed the FBI outside. Twenty-five participants in the nonviolence gathering formed a ring of resistance around the FBI's car, which held James

Douglass. Others stood in silence, sang, and expressed compassion for both Jim and the FBI men. The ring stood 30 minutes before 10 Los Angeles policemen were called in. The local police transferred Douglass into a squad car, and while those attempting to obstruct the arrest regrouped around the second car, several policemen moved against them with billy clubs. The way was cleared and Douglass was taken to L.A. County Jail. There were no other arrests.

Once in jail Douglass refused to cooperate with procedures and was injured in one arm by investigators.

Douglass' arraignment date is not known at this release; nor is it known whether he will be tried for violation of probation in Los Angeles, Honolulu, or Seattle (near his present home in British Columbia and near the Pacific Life Community of which he is a member).

# County Nude Bathing Law May Be Tested for Constitutionality

By Beth Liss

A Santa Barbara county ordinance prohibiting nude sunbathing is being attacked on two fronts. ACLU attorneys are asking the U.S. Supreme Court to determine the constitutionality of the ordinance. On the local scene, Santa Barbara City College students have petitioned the County Board of Supervisors to review the 1973 code.

The controversial law, that was endorsed by Montecito and Summerland citizen groups and condemned by IVCC members, states that nudity is a "misdemeanor at all beaches, parks, and private property exposed to public view or the view of private residences."

Santa Barbara attorney Robert Cutting, who plans to use the Gisela Elis and Ernest Sturm case as a representative model, claims the first and fourteenth amendments are being violated.

Elis and Sturm were cited last February with a \$25 fine for indecent public exposure on a Carpinteria beach. They took their case before the Carpinteria court system and the California State Supreme Court, and lost both times.

Cutting and Melvin Nimmer, UCLA law professor and advisory counsel on the case, will file for appeal of the Elis and Sturm decision in the U.S. Supreme

Court within the next few weeks.

According to Nimmer, under the first amendment's guaranteed freedom of speech are the rights of personal conduct and symbolic speech.

Nimmer also claims the county ordinance prohibiting nude sunbathing violates the fourteenth amendment. He says that the ordinance is too vague for lawyers to interpret it, let alone the Sunday sunbather whose main concern is finding a beach site, and not the legality of the beach he chooses.

Under the code, any number of persons constitutes the "public" and nudity before the public is illegal.

A third criticism was that the code conflicts with the individual's right to privacy under the U.S. and California constitutions. An amendment to the California constitution provides that one of the unalienable rights of man is privacy.

Previously the California State Supreme Court ruled that "mere nudity was not lewd," providing the base for further legal action.

The legal battle over nudity on the beaches began in the sixties when a San Diegoan fell asleep unclothed on the beach he thought was deserted. He awoke only to be arrested by the police.

Today, Black's Beach in San Diego has an optional clothing provision.

Santa Cruz has a topless ordinance, to appease protests of sexual discrimination. Both sexes are allowed to go topless there.

Local ACLU chief, Brad Curry, indicated San Mateo in Northern California has another optional dress site.

Curry doubts if there is an ordinance allowing nudity, but a tacit agreement probably exists between the police and the public that certain beaches are safe.

Such an agreement supposedly exists here in Santa Barbara County. Although Sheriff Carpenter recently said that the law "would be endorsed within our capabilities," the sheriff's department is said to be short staffed.

Citations are issued only when citizens' complaints are received. As one sheriff's department worker said, "We don't go out looking for people bathing in the nude." Last year, an estimated 50 to 100 citations were written.

This year a number of More Mesa citizens have already complained to law enforcement officials. Bathers caught enjoying the sun without conventional dress are usually fined from \$5 to \$25.

The maximum penalty is six months in jail and a \$500 fine. No one has ever been jailed, although one or two arrests have been made.

## THE LOCAL PROTEST

To further fight the ordinance, Santa Barbarans have gathered a petition with 300 signatures, requesting the County Board of Supervisors to review their decision.

Supervisor Frank Frost, one of the two members to vote against the ordinance when it was initially proposed two years ago, gave the petition little chance of success.

In October 1973, Frost commented to a Santa Barbara News-Press reporter that it would be "ridiculous to have sheriff's deputies running around telling nude bathers to move down the beach."

Although his position on nude sunbathing has not changed, he said the replacement of two supervisors on the committee has not altered its voting pattern. "The new supervisors are carbon copies of the old," he said.

## Gaucha Swimmers Edge Burritos

By John Vian

It came down to the next to last race of the day, but the Gaucha swimmers fended off an attempt by the Flying Burrito Brothers to claim UCSB swimming supremacy.

Led by double winners Keith Cruickshank, Tom Tighe and Mark Newton, the Gauchos for once did not pull a "Gaucha" and lose in the clutch. The final score was 57-56, with one highly controversial call by starter Jim Motroni on the last event, the

400 yd. free relay.

Standouts for the defeated Burritos were Rick Jones, Corey Stanbury, Ron Misiolek, John Burt, and Mark Worden. Jones was on three winning efforts as he won the 100 and 200 yd. freestyles, and was on the questionable 400 free relay. Stanbury won both the 200 yd. individual medley and the 200 yd. backstroke.

Misiolek was on the Brother's medley relay, took second in the backstroke, and was on the 400

free relay. Burt and Worden made up the distance event contingency for the Burritos.

Those adding to the Gaucha effort for the needed second and third places were Tim Tynan, Pete Bobco, Peter McCarty, Scott "shave down" Simmons, Mark Cunningham, Mark Elliot, Alec Strickland, John Vian, Benny Pfeifer, Paul McWhirter, and John Spees.

The Gauchos end their season 3-4 with victories in two of their last three meets.

## Clocks 14:04.2 For 3 Miles

# Schweitzer Sets Record

By Mike Reiter

Track, although scored as a team sport, is made up of individual performances. For those fans who braved the cold Saturday, they were treated to some fine individual marks, as Cal Poly SLO, Cal Bakersfield and UCSB met.

For openers, Scott Schweitzer did it again, and broke Tom Howell's 3 mile record of 14:05, lowering it to 14:04.2. This was the second week in a row Schweitzer has broken a school record, and the victory Saturday was especially sweet. Cal Poly's

Jim Shankel, who defeated Schweitzer in their last meeting during the cross country season, was beaten by a good 75 yards Saturday in finishing second.

John Goldhammer captured the shot put at 47'2" and finished third in the discus at 147', and the UCSB 440 relay team won in a time of 42.7. The team was comprised of Rich Wilson, Jim Walters, James Howard and Rich Curtin.

Cal Poly captured 12 of the 19 events run and had several fine marks. Clancy Edwards took the sprints in 9.7 and 21.3, Kerry Gold won the 440 in 48.4 and finished second in the 220 at 22.1, Ken Haagen vaulted 15'6" to take a first, while the mile relay team won in 3:19.8.

Bakersfield's Andre Kackson leaped 47'5 3/4" in the triple

jump for a win in that event. John Hawkins, competing unattached cleared 7'1/4" to win the high jump, and Bob Morris of Bakersfield threw the javelin 186'9" to win.

For the Gauchos, Jim Walters got a second in the long jump, as did Brad DeMarquette in the 120 highs, Mike Lesh in the 100, and Brady Lock in the pole vault.

As an added attraction, a pentathlon took place, with John Warkentin winning with 3,684 points, followed by Jim Sobiesczyk with 3,453, Jerry Hougren with 3,289 and Rich Watson with 3,150.

There was no score kept on the meet, but Cal Poly would easily have won had it been kept.

Next week, the Gauchos host CSU Long Beach and UC Irvine on Pauley Track.

**BREAKING TAPE AND RECORD** — Scott Schweitzer grimaces upon hitting the tape in his record breaking effort in the three mile run in last Saturday's tri-meet against Cal State Bakersfield and Cal Poly SLO held at Edwin Pauley Track. In clocking a 14:04.2, the hard working senior

broke the old record of 14:05 held by Tom Howell. photo: Al Pena

## Ruggers Split Weekend Pair

UCSB's rugby team split a pair of weekend games at Campus Stadium, crushing UC San Diego 22-6 before losing to UCLA by a margin of 13-3.

Despite the loss to the undefeated Bruins, the game was a hard hitting contest in which the entire Gaucho squad turned in a fine effort.

UCSB's number two squad also split, achieving a 19-0 blanking of UCSD before falling to UCLA 16-4. The women's team lost twice, being shut out by UCSD 22-0 and dropping a 16-4 decision to UCLA.

## Tennis, Basketball Court Lights to be Turned On

Athletic Director Al Negratti has announced that, due to consistent student interest, the lights on the outdoor basketball and tennis courts will once again be turned on for three days a week commencing April 2 and running through June 8.

Night play will be possible Wednesdays, Thursdays and Sundays between 7 and 10 p.m. Reservations for tennis are mandatory at the recreation office and will be restricted to students only — no faculty or staff.

The basketball courts need no reservations.

## Rickborn. . .

(Cont. from p. 1)

five faculty members: Fernando Padilla, Richard Valencia, Jorge Huerta, Carlos Ornelas, and Salvador Rodriguez del Pino.

These faculty members believe Rickborn has not made a sincere effort to work in conjunction with them to find a new chairperson. Nor do they believe that he has established a search committee to do so.

Rickborn refused to comment on whether a search committee has been formed, saying that it was a matter closely related to a point of litigation. According to Leon Panetta, counsel for the lawsuit initiated by Chicanos against the University, the Administration does not have to speak on the lawsuit matter, but is not prohibited from doing so.

"From the very beginning, it has always been proposed by the Chicano Studies faculty that a tenured member should be named to the chair," says faculty member Jesus Chavarria, "in order for the Chicano Studies department to have the stature corresponding to a University department."

"It had been previous policy of Chancellor Cheadle to appoint the person recommended by the department faculty," he says.

Former Chicano Studies Chairperson Carlos Ornelas stated, "The department has suffered greatly from racially motivated decisions which have had the practical effect of stifling the day to day functioning as well as the overall potential

growth and development of the department as an integral part of the academic experience at UCSB."

Rickborn refused to make specific comments about the future of Chicano Studies, but when asked if the failure to appoint a chairperson to the department was part of an effort to phase out the program by neglect, he responded, "Absolutely not."

## I.V. Rent Increases . . .

(Cont. from p. 1)

increases would be over that, chiefly "because of being very low to begin with." IPM expects Del Playa properties to take the biggest jumps, but they "considered each property individually," and indicated that any large increases would occur only where there had been "lots of improvements, or new furniture." IPM's new price list, released last week, showed one group of Del Playa apartments up \$90 for next fall.

### STILL "GETTING BY"

Private owners contacted quoted only minor increases, and in some cases, none at all. Marie Wright, who manages several properties, stated that "we already know that there are some students that have had to leave school, or who are not coming back because of a lack of funds. As long as we are getting by, our rents will be exactly the same next fall as they are now."

The most common reasons cited for increased rents were the rising costs of utilities and

## Election. . .

(Cont. from p. 1)

teachers to become more involved in "setting up priorities for those programs that we consider school responsibilities."

A "Yes" vote on Propositions C and D will raise school taxes.

If the increase is not approved, local schools will suffer cutbacks in staff, extracurricular activities, and educational supplies.

maintenance. Costs of maintenance supplies were quoted and utility costs were universally bemoaned. "It just costs more to keep things up these days" was a common complaint.

However, Housing Services states that though they are receiving fewer complaints this year, maintenance, or lack of it, remains the most frequent complaint registered by I.V. tenants. A brief perusal of the Housing Services apartment listing also indicates that the majority of I.V. tenants pay their own utilities.

Students are starting their apartment-hunting early this year, according to nearly all property owners contacted. In many cases, they are catching landlords unprepared, with neither contracts nor definite prices ready. Some landlords have been unable to accept deposits for next fall, and have even resorted to establishing waiting lists pending finalization of next fall's prices. Rising prices or no, demand is definitely tightening.

## Local Polling Places

Polling places for on campus residents: San Rafael, San Miguel, and San Nicolas dorms: San Miguel Rec. Room; Santa Rosa, Anacapa, and Santa Cruz dorms: Santa Rosa Rec. Room; New Married Student Housing: University Homeowners Rec. Room, 7290 Davenport Rd.; Old Married Student Housing: Fire Station, 381 Storke Rd. Isla Vista polling

places: Precincts 1, 2, 3, 4: St. Marks Church, 6550 Picasso; Precincts 5, 6, 7: I.V. Medical Clinic, 970 Embarcadero Del Mar; Precincts 8, 9, 13: Friendship Manor, 6647 El Colegio; Precincts 10, 11, 12: University Methodist Church, 892 Camino del Sur; Precincts 14, 15, 16: Ponedel Residence, 6829 Sabado Tarde.

Polls will be open from 7 a.m.-8 p.m.

# AN HISTORIC DECISION

For at least 15 years, concerned students have pushed for a meaningful voice at the highest level of decision-making—a seat on the Board of Regents. This dream has come to pass. On February 14, in San Francisco, UC student leaders successfully persuaded the Board of Regents to approve a Student Regent with full voting rights. We now need to insure that the BEST student possible is selected to fill the position—someone with a command of University issues, with an ability to speak clearly and forcefully, and with an intimate understanding of how policies and programs affect the daily lives of UC students. There certainly are students on this campus who eminently qualify under these criteria. If you feel you are one of them, please consider applying. It would be a significant and appropriate achievement to have this first Student Regent come from UCSB.

APPLICATIONS ARE NOW AVAILABLE FOR UCSB'S UNDERGRADUATE AND GRADUATE REPRESENTATIVES TO THE SOUTHERN REGIONAL NOMINATING COMMISSION IN THE A.S. AND GSA OFFICES. THEY ARE DUE BY MARCH 28TH. THIS COMMISSION WILL SCREEN APPLICANTS FOR THE STUDENT REGENT POSITION AND WILL RECOMMEND A SET OF FINALISTS TO THE STUDENT BODY PRESIDENT'S COUNCIL.

## STUDENT REGENT APPLICATIONS

Applications for the Student Regent are now available in the Associated Students Office and GSA office. They must be returned no later than APRIL 13TH.

All applications will be seriously considered, but invitations for interviews will be based on your resume and application materials.

The following deadlines apply to the application process:

From APRIL 2ND to MAY 2ND applicants will be screened by the Southern Regional Nominating Commission.

APRIL 18TH—the first slate of interviews will be conducted by the S.R.N.C.

MAY 2ND—the second and last slate of interviews will be conducted by the S.R.N.C.

MAY 9TH—The Student Body President's Council will receive five nominees from the Southern Regional Nominating Commission, four from the North. At

this time, SBPC will then select three nominees to present to the Board of Regents.

MAY 15TH—SBPC will present to the Regents the three nominees.

PAID FOR BY ASUCSB LEG COUNCIL
