CARPINTERIA, CALIFORNIA, FRIDAY, JUNE 17, 1938

NUMBER 16

## Community Cribbage Party to Be Held Next Friday Night

Plans are being made for a\* community cribbage elimination tournament next Friday evening at the Veteran's Memorial building following the conclusion of the tournament tonight which has been in progress for a number of weeks.

Every man, woman or child in the valley who plays cribbage is invited to attend this event for which no charge is to be made, and for which a large collection of prizes has been donated by Carpinteria merchants for the event. The play will start promptly at 8:00 p. m., with all persons entered playing. A time limit will be placed on a certain number of hands and the losers will automatically be eliminated from further play during the evening. This process will be repeated until the final two winners of the evening are selected. The winners of each elimination round will be given prizes so that the skillful or lucky players may annex several prizes during the evening. The committee in charge of arrangements includes Roy Beckstead, Percy Houts, Jr., and E. D. Solari. Refreshments will be served at the close of the evening.

The men's cribbage tournament which has been in progress for six weeks will be concluded tonight and the Chamber of Commerce Cup awarded to the winning team. At the present time the K. P. team appears almost certain to annex the trophy since they wound up last Friday's play with a total of 79 for the tournament. In second place is the Lion's Club with 70 games. The Masonic team is just one game behind the Lion's Club. In next position is the American Legion with 64 games, fifth is the Cribbage club with 63 games and in the cellar is

## MIDGET AIR RACES TO BE HELD AT POLO FIELD JUNE 26

The third annual Chancellor Midget air races will be held on Sunday June 26th at the Fleischmann Polo field. Judging will be held at 7:00 a.m. and flying from 8:30 to 12:00.

The midget races will be a real air show in miniature with thrills, spills, breath-taking flights and beautiful models. The planes are powered with miniature gasoline engines and \$200 in cash awards and trophies will be given to the winners.

Application blanks for entry in this event may be secured at the Chronicle office by local persons who may have model planes they wish to enter.

## SYMPHONIES TO START JULY 2

The Seventeenth Festival Season of Symphonies Under the Stars, conducted in the Hollywood Bowl, will begin July 12 and continue to September 3, according to the Touring Department of the National Automobile Club. The season ticket sale was launched June 10 for the three programs a week.

Percy Houts, Jr., left Wednesday afternoon for Los Angeles on a business trip and returned to Carpinteria last night.

the Chamber of Commerce team with 60 games.

## Health Officer Speaks At Lion's Club

Dr. R. C. Main, director of the County Health Department was the speaker at the Lion's Club dinner last night. He discussed "Milk Production from a Sanitary Standpoint" and showed several motion picture films on the subject. A. C. O'Banion was in charge of program arrangements.

## CITRUS MEET SCHEDULED FOR ONTARIO

Plans have been completed for the annual Summer Citrus Institute and Pest Control school which will be held on Tuesday, June 28, in the Chaffey Auditorium, Ontario, Calif. The Institute has been arranged by the Citrus Department, California Farm Bureau Federation, R. O. Price, Upland, Chairman, and the Agricultural Extension Service.

The program which will be devoted largely to lemon problems is as follows:

Chairman, Morning Session, Director C. J. Booth, Chaffey Junior College.

10:00-10:30—The Importance of Scion Vigor in the Lemon Tree. Professor R. W. Hodgson, U. C. L. A., Los Angeles.

10:30-10:50—Rooted Cutting Lemon Trees versus Budded Trees. Professor F. F. Halma, U. C. L. A., Los Angeles.

10:50-11:15—Discussion led by W. R. Schoonover, Riverside, Calif.

11:15-11:45—Substitutes for Fumigation on Red Scale Control. Do Oil Sprays Affect Quality of Fruit the Following Year? Dr. H. J. Quayle, Citrus Experiment Station, Riverside.

Lunch—Meeting, Citrus Department, California Farm Bureau Federation.

Chairman, Afternoon Session, Director L. D. Batchelor, Citrus Experiment Station, Riverside.

1:30-2:00—Lemon Cost Records. By R. G. LaRue, Assistant Farm Advisor, San Bernardino County.

2:00-2:30—Field Factors Affecting Lemon Quality. W. R. Schoonover, Riverside, Calif.

2:30-3:00—Soil Erosion Problems in the Individual Citrus Grove and in the Western San Bernardino County District, and Cover Crops. H. J. Wilder, County Farm Advisor, San Bernardino County.

## DR. J. B. LAPE TO BE DELEGATE

At a meeting of the directors of the Lion's Club, Dr. J. B. Lape was named as the delegate to represent the Carpinteria Club at the annual convention of Lion's International which will be held in Oakland, California, July 18 to 22 inclusive.

## Local Spelling Team to Get Another Chance Over KTMS

### CARPINTERIANS RECEIVE DEGREES AT S. B. STATE

Three graduates of Santa Barbara State College's graduating class of 220 were Carpinteria students attending the college, which held its traditional exercises Friday, June 10.

Nat Hales, mentioned as one of the five outstanding men of the campus, who has served in various capacities, culminated by his service as Executive Editor of El Gaucho, the college paper, graduated with an A. B. degree in History.

Charlotte Amos Morrison graduated with a similar degree in Elementary Education department.

Paul Alfred Jorgenson, who has been very active in legitimate theatrical production while at the college and served as president of the Players' club during the past year was presented with an A. B. degree in the English department.

### FILLMORE GIRLS CONCLUDE OUTING AT CERCA DEL MAR

Thirty-two members of the Girls Athletic Association of Fillmore high school under the leadership of Miss Blanch Simears concluded a three days outing at Cerca del Mar on Tuesday of this week.

Dr. G. H. Coshaw left Wednesday morning to attend a medical convention in San Francisco. He expects to return to Carpinteria on Saturday morning.

## Cerca Del Mar Proving to be Popular Recreation Center

### Summer Camp To Be Held On Goleta Ranch

Rev. Deane F. Babbitt of the Community Church has been named as one of the directors for the intermediate age summer conference camp, which is being established this summer on the Dos Pueblos Ranch north of Goleta.

The camp is being fashioned after the Pacific Palisades Encampment and will accommodate fifty young people of the 7th, 8th and 9th grades of Santa Barbara and Ventura Counties.

The camp will open June 27 and continue to July 4, and will provide an all-around program of recreation, project work, bible-study and worship.

Paul Allison of Fresno visited with Herb Gordon yesterday.

Although the Carpinteria spelling team scheduled to meet the Castalnoga team over the News-Press radio station KTMS Wednesday evening at 8:00 p. m., failed to appear to the disappointment of many Carpinteria residents who had tuned in on the event, Carpinteria will be given a chance to redeem itself either next Wednesday or the following Wednesday.

With the team apparently all set Wednesday morning, several members were forced to withdraw at a late hour Wednesday afternoon and last minute efforts to round up others to take their places in time to reach the station for the broadcast met with failure.

When the Carpinteria team failed to appear a "mystery team" was drafted from the audience by members of the KTMS staff and made a gallant effort to defeat the Castagnola team which had previously won four matches but the Castagnola team was just a little too good and annexed their fifth match.

Members of the Carpinteria team who arrived late were disappointed in not having been able to enter the match since they felt that they could easily have taken the Castagnola team and are looking forward to carrying off the honors with whatever team they may be matched with next week or the week after.

### ATTEND INTER-COUNTY COUNCIL

Dr. J. B. Lape, Judge C. P. Moore, E. V. Stubbs and Howard Mays attended the inter-county council meeting of the Lion's Club in Simi on Wednesday night.

## Local Children To Take Part In Dance Pageant at S. B.

The pupils of the Gladys Willa\* Bauhaus Dance Studio are this year presenting an interesting dance pantomime entitled "The Queen of Hearts," to be given at the Recreation Center in Santa Barbara Saturday afternoon and evening, 2:00 p. m. and 8:00, June 25.

This program will be given in connection with the Isabelle Mack Studio of Santa Barbara where Miss Bauhaus also instructs dancing. The entire presentation is called "Story Book Tales."

The part of the Queen of Hearts will be taken by Joyce Richardson, who with the Ladies-in-Waiting, Jean Safwenberg and Darlyne Betts present a charming picture and a real acting ability. The Cook is portrayed by Dorothy Rosbro, who lends a little comedy to the ballet. Erlyn Seglie is the Soldierette and does a military tap number. Lila Linky, the petite dancer of the group does a dolly

(Continued on page 8)

### Faulkner Gallery Features Exhibit of Old Masters

The Faulkner Memorial Art Gallery in Santa Barbara now has on exhibition the San Francisco Art Association selection from the Fifty-eighth Annual Exhibition featuring old master drawings from the Sir Robert Witt Collection.

The exhibition will continue to the end of the month and is open to the public. The gallery is open on week days from 10 a. m. to 5 p. m.; Thursday evenings from 7:00 to 9:00 p. m. and on Sunday afternoons from 2:00 to 5:00 p. m.

Eddie Lobero has purchased the house and lot on the southwest corner of 7th street and is preparing the house for occupancy.

The recreational facilities recently made available to the public at the Cerca del Mar Club House in the State Beach Park by Ray Bassett, custodian of the park, are proving popular, particularly with a number of Santa Barbara residents. The facilities provided were used three nights last week by groups of Santa Barbara young people.

Bassett was recently given permission to install various equipment by the state with the provision that sufficient funds must be taken in to cover the cost of this material and the upkeep for lighting, etc.

Bassett is particularly anxious to increase the use of the club house and its facilities by local residents and has sent out a number of letters outlining equipment available and costs for its use.

Three ping pong tables, two inside badminton courts, a radio with recordings for dancing, card

## WEEDS SHOULD BE CLEARED

A very serious fire hazard exists in many parts of Carpinteria due to the failure of owners of lots to clear their property of weeds. The county fire ordinance requires that all lots be cleared by June 1st, and although several lots have been cleaned, a great many lots are covered with dense growths of weeds which could easily catch fire from a carelessly thrown cigarette. Many of these lots are adjacent to houses and garages which would be endangered if a fire should be started accidentally. Not only do the weeds constitute a fire hazard but they make an unsightly appearance which does not leave a favorable impression on visitors to Carpinteria.

Providing proper fire breaks have been made around lots to protect nearby buildings, weeds may be burned off any morning prior to 9:00 a. m. Proper caution should be used in clearing property since the owner is responsible for any damage which might be inflicted on neighboring property if the burning operations should get out of control.

For his own protection and to show a spirit of good citizenship every owner of a vacant lot in Carpinteria should see that it is cleared in the immediate future, particularly in view of the fact that the Fourth of July is but a few weeks away and fire crackers tossed onto weed covered lots might result in serious fires.

## THE ORANGE FORMULA

"I would prescribe the orange formula as industry's answer to the nation's economic ills."

So spoke Walter B. Weisenburger, executive vice-president of the National Association of Manufacturers, when Pacific Coast industrialists gathered in San Francisco recently to discuss means of turning recession into recovery.

What is this magic—"the orange formula?" What are its ingredients?

Listen to Mr. Weisenburger:

"Industry must tell its story and keep it tellable; it must learn how to advertise. In one generation, the California orange industry tremendously improved and advertised its product so that instead of being a luxury it became a part of the daily diet of millions. The orange formula is: A good product, constantly improved and intelligently advertised."

We are glad to see California's great citrus industry get this splendid recognition from men of business—for the citrus growers are richly entitled to it. Any industry which can increase its sales steadily during the worst depression in the history of the country "has something." And business men with dwindling sales might well investigate "the orange formula." There is no magic about it; it's just good merchandising—and good advertising!

## The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

### CHRISTIAN SCIENCE SOCIETY

Christian Science Society, Carpinteria, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 o'clock a. m., Sunday School at 9:45 o'clock. Mid-week meetings every Wednesday evening at 8 o'clock.

A reading room is maintained in the church building, open Tuesday afternoons (except holidays) from 2:30 to 4:30 o'clock.

This verse from the Psalms: "Our help is in the name of the Lord, who made heaven and earth," is the Golden Text in the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The question, "Is the Universe, including Man, Evolved by Atomic Force?" is the subject.

The Lesson-Sermon includes these verses from Jeremiah: "The LORD hath brought forth our righteousness: come, and let us declare in Zion the work of the LORD our God. . . He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heaven by his understanding." It includes also this verse from the Psalms: "Let Israel rejoice in him that made him: let the children of Zion be joyful in their King."

Among the correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are the words: "The scientific fact that man and the universe are evolved from Spirit, and so are spiritual, is as fixed in divine Science as is the proof that mortals gain the sense of health only as they lose the sense of sin and disease."

**THE CARPINTERIA COMMUNITY CHURCH**  
 Rev. Deane F. Babbitt, Pastor.  
 9:45 Church School for all ages.  
 Del Kent, Supt.

11:00 Common Worship and the Lord's Supper. It is the Feast of a New Covenant that we will observe. The pastor will preach upon "The Divine Invitation," all members of the Church of Christ participating in the observance. As we wait upon the Living Lord, He bestows upon us the gifts and energies of everlasting life. Members of the Youth Fellowship will leave Carpinteria at 2:30 p. m. Sunday for Santa Ynez, where the ordination of Mr. Glenn Lutz will take place at four o'clock. Rev. Deane F. Babbitt is to give the Charge to the People. There will be no 6:30 meeting.

## FIFTEEN CASES OF DRUNK DRIVING REPORTED IN MAY

Sacramento— Driving licenses of 1,374 motorists were revoked, suspended, cancelled or placed on a probationary basis during May, according to a compilation made today by Paul Mason, chief of the division of drivers licenses of the Department of Motor Vehicles.

The record for all counties showed 829 suspensions, 156 revocations or cancellations and 389 probationary licenses. Of the 1,374 cases, 1,029 involved drunken driving.

Santa Barbara county had five suspensions, three revocations and cancellations and ten probations. These actions involved 15 cases of drunken driving.

### Burns for Beans

Bob Burns, star of Paramount's "Tropic Holiday," will shortly beam at housewives from grocery store shelves. His name and picture are being lent to a "Bazooka Brand" of Lima beans canned down home in Arkansas.

## THE GRAND TOUR

Let's get acquainted with America!

Under this auspicious banner, millions of Americans may take to the highways, airways, and waterways next year in a great continent-encircling tour extending from the East Coast to California.

It sounds grandly ambitious enough to be a tour to end all tours! But that was the undertaking outlined by President Roosevelt last week. Federal agencies would seek to work out an inexpensive mass transportation movement enabling legions of vacationists to take in two world's fairs, for little more than the price of one. Who are we to protest?

The net gain, we predict, will be California's. There have been rumors to the effect that New York is going to stage a fair, on Flushing Meadows. Assuming it to be true, California still has the edge, for New York's fair cannot boast the glamorous backdrop of history nor a stage set with scenic wonders as can California's.

Wherefore, we say it looks like California's gain, for this State can offer not only an Exposition, but a wealth of justly celebrated attractions to the tourist and vacationist. With its mountain, desert, and seashore playgrounds and recreational areas, California is better fitted than any state we know to serve up, "Vacations—as you like them!"

Ours is still a fabled land to millions of Americans. Of 7000 visiting motorists quizzed here last year, 55 per cent were making their first visit, and 87 per cent of them had never been here prior to 1936.

That round-trip continent-spanning junket in '39 should bring more of these newcomers westward, and also lead many westerners to take a first look at the East. With East meeting West, and West greeting East—that's getting acquainted with America!

## WOMEN IN THE NEWS

By LEONE BAXTER

When funnier ways of making a living are invented, women probably will invent them!

The latest way—and perhaps the funniest—is raising angle worms! Except these aren't used for bait. According to information gleaned by editors of Independent Woman, able organ of the National Federation of Business and Professional Women's Clubs, worm-culture is the most recent of all the strange vocations to catch the fancy of California women—and to make their Eastern sisters stare.

In the past six months, the public is advised, earthworm culture beds have been cropping up like mushrooms all over the state. Authorities say the worms are apt literally to revolutionize the work of small orchardists and florists, and the home gardening, farming and poultry industries throughout the country.

The "black vegetable mould" manufactured by the spineless, eyeless, earless, toothless little phylum annelida, says Miss Marie Elwell Onions, of the Independent Woman, does the trick. "A set of glands and a gizzard work magic with everything the worm consumes, as it burrows," she reports. "The creature is almost universal in its tastes; it sucks in everything, good, bad and indifferent, even including the rust of tin cans, and turns out the 'super-sixteen,' that is, all the elements necessary for superior vegetable growth!"

"Soil that the earthworm inhabits," says Miss Onions (and the Universities of Oregon and California both concur), "is raised in valuable nitrogen content .444 per cent. A citrus tree planted in that soil will be broader, bushier, sturdier and greener; its fruit will be larger and juicier."

This newest fancy may have started as somebody's hobby, but it's rapidly becoming a lusty infant industry. Mrs. May W. Perry of Berkeley is one of the pioneers. In her residential back yard, it is reported are nicely-housed millions of the squirming invertebrates.

Miss Mary B. Leasure has gone into the business on a grand scale, managing the California Earthworm Farm at Switzer-land, Los Angeles County, for Dr. George Sheffield Oliver, the "father of modern earthworm culture farming."

By the dozens, other women are taking up the work, preparing to cash in on the lowly earthworm's ability to revitalize the soil. So the furore spreads—all because of an angleworm!

And because so many California women like to do things that are new and startling and fun; because, somehow, they're born to pioneer even if people smile a little, perhaps the state's groves and orchards and vineyards and farms will flourish in an even more luxuriant modern Valley of the Nile. Perhaps a real and lasting industry will establish itself, at a time when new industries are vitally needed. Undoubtedly, the feminine worm culturists will make a little money and have a lot of fun in the process.

And that, any way you look at it, is good business!

A giant mural depicting "Conquest of the West" will decorate one of the portico walls in the \$500,000 Federal Building at the 1939 Golden Gate International Exposition.

Your printing orders will be well done and appreciated at The Chronicle office.

# FREIGHT RATES DIFFERENTIAL IS GRANTED FARMERS

The transportation load on California's fruit and vegetable industry was partially lifted this week when the California Railroad Commission granted the petition of the California Farm Bureau Federation, recently established discriminatory rates, it was announced today by Frank G. Doty, State Director to the Santa Barbara County Farm Bureau.

The new ruling by the Railroad Commission applies to all fresh fruits and vegetables originating at any point in California and moving into the Los Angeles Market, and affects all carriers, railroad and truck.

In appearing before the Commission, J. J. Deuel, Directors of the laws and utilities department of the Federation pointed out that rates sought by carriers would entail an irreparable loss to growers; would cause loss of business to transportation agencies; and would force producers themselves to engage in the business of transportation.

"Such action by producers," Deuel said, "would have increased the present transportation equipment in the state, which already is more than sufficient to perform the services required."

The relief now given to the state's fruit and vegetable growers by the Railroad Commission runs into a large sum, rate experts pointed out.

Opposing the action of the Commission were transportation agencies and shippers of non-agricultural commodities, the latter claiming the same rate schedule

should apply to agricultural and non-agricultural commodities alike.

"Our Farm Bureau," Mr. Doty said today, "has taken the position for many years that agricultural commodities, because of the peculiarly distressed economic position in which farmers find themselves, through no fault of

their own, should be given a preferential treatment in fixing of freight tariffs.

"Many hearings have been held before the Railroad Commission on this issue in which the Farm Bureau has taken the lead on behalf of all agricultural groups in the state.

"The decision made by the Railroad Commission May 16 is gratefully acknowledged by our farmers and ranchers."

More than \$500,000 will be expended on the Treasure Island broadcasting system for the 1939 World's Fair of the West.

## To Film Mounties

Film rights to the popular R. C. Fetherstonhaugh book, "Royal Canadian Mounted Police," have been obtained by Paramount and the story will be screened in Technicolor with Dorothy Lamour, Ray Milland and Akim Tamiroff heading the cast.

## SOCIAL & PERSONAL

### CLIPPER SHIP CLUB MEETS TONIGHT

The Clipper Ship Club of the Community Church will meet this evening at the home of Mr. and Mrs. Henry C. Hugo, 204 E. 6th Street. Mr. and Mrs. D. I. Jamerson and Del Kent will assist Mr. and Mrs. Hugo in entertaining the group.

### EASTERN STAR ENTERTAINS NEIGHBORING CHAPTERS

The Vallectio Chapter O. E. S. entertained chapters from Santa Paula, Fillmore, Oxnard and Ojai in the Masonic Hall on Tuesday evening. Following the chapter meeting a program was presented which included accordion selections by pupils of Mr. Bennett of Ventura, several vocal selections by Mrs. Denzell Wharton and a pantomime skit by members of the local chapter.

### MRS. J. C. FURBY ENTERTAINS SEWING CLUB

Mrs. J. C. Furby entertained the members of her sewing club on Tuesday afternoon. At the close of the afternoon Mrs. Merle Shride was presented with a surprise gift.

Guests were Mrs. Henry Sturmer, Mrs. Merle Shride, Mrs. M. F. Lewis, Mrs. J. W. Young, Mrs. Louis Gann, Mrs. Thomas Church, Mrs. J. A. Lewis, Mrs. Henry Motley, Mrs. F. L. Smith, Mrs. C. C. Helman, Mrs. Stanley Lane, Mrs. O. L. Lyman and Mrs. E. V. Stubbs.

### MRS. J. B. LAPE INSTALLS CLUB OFFICERS IN SOUTH

Mrs. J. B. Lape left for San Clemente, Calif., Monday morning and acted as installing officer at the Woman's Club in that City at the annual installation of officers which was held Tuesday afternoon. The installation was followed by tree planting ceremonies and a banquet.

Mrs. Lape was one of the organizers of the Club and served two terms as the first president of the organization. She returned to her home in Carpinteria on Thursday.

J. S. Collins, who makes his home here with his granddaughter, Mrs. Ann Waynflete, is able to be up and around the house after a several weeks illness.

Mrs. Harry Waterman and sister, Mrs. Dwelle of Fresno are visiting with Mrs. Mildred Waterman.

### EDISON WOMEN'S CLUB INSTALLS OFFICERS

Members of the Edison Women's Committee met for luncheon at the Viking in Santa Barbara last Friday noon, with Mrs. Jeanette I. Rees of Los Angeles, who is head of the organization, as honor guest.

New officers elected for the coming year were announced as follows: Miss Dora Sumseri, chairman, Miss May Plambeck, vice chairman, Miss Hazel Spencer, secretary, and Miss Alice Knapp, treasurer. Miss Knapp is the retiring chairman.

Others present at the meeting were Miss Erma Blair, Miss Loucille Jessup, Miss Melba Morgan, Mrs. Irene Zane, and Mrs. Lula Warren.

Mrs. Ann Waynflete moved the first part of the week from the Baillard property on Maple Avenue to 212 E. 8th Street. Judge C. P. Moore and family have moved to the house vacated by Mrs. Waynflete.

Mrs. George R. Bliss left Wednesday morning for Santa Monica to spend several weeks with her husband who is connected with a firm of patent attorneys in Los Angeles.

Mr. and Mrs. Walter Johnson of Serena Park are planning to leave this week-end for their former home in Idaho where they will spend the summer.

Mr. and Mrs. C. E. Furby, Jr., of Hanford have rented the home of Mrs. P. H. Gordon and will spend the summer months in Carpinteria.

Mr. and Mrs. Phil Mills have purchased the house on the Coast Highway near the Richfield tower which was formerly a part of the Jackson Estate and plan to move into their new home in the near future.

Phone 3142 Carpinteria

We represent a number of the oldest and strongest companies in the world.

The evening group of the Woman's Association of the Community Church was entertained at the home of Mrs. Wood last night.

Little Miss Harriett Gann, daughter of Mr. and Mrs. Louis Gann will spend next week with her grandparents, Mr. and Mrs. Milton Gann in Fellows.

The nursery school will be closed today while the floors in the building are being re-painted.

Otis Grinstead has returned from a Santa Barbara Hospital where he recently underwent a minor operation.

Billy Treavor is convalescing at the home of his sister, Mrs. R. J. Ogan, following an operation and several months treatment in a Ventura hospital.

Clarence Cadwell returned Sunday night from a week's fishing trip in the Mt. Whitney district. He was accompanied by A. M. Jennison of Santa Barbara. The men made several very fine catches of Golden trout.

Mr. and Mrs. A. G. Woods were dinner guests at Padua Hills Saturday, their hosts being the F. C. Wootens of Claremont. Also in the party were Mr. and Mrs. Everett Dean Martin and Mr. and Mrs. W. Ament of Claremont. Following dinner, the group saw the popular Mexican Players in their latest comedy success "Calle del Beso."

Wonders of the ocean depths will be dramatically shown as part of the University of California's exhibit at the 1939 Golden Gate International Exposition.

## Most Astounding TYPEWRITER BARGAIN

As Little As  
**10c A DAY**  
buys this new  
**Remington Streamline  
PORTABLE**

ACCEPT this amazing offer of a brand new Remington Streamline Portable, which we can get you direct from the factory. Never before could we offer it on such easy terms. It actually costs you as little as 10c a day to own this Remington. The price and the terms make it the greatest bargain in typewriter history.

Not a used or rebuilt typewriter. Not an incomplete machine. A beautiful brand new regulation Remington Portable. Standard 4-row keyboard; standard width carriage; margin release on keyboard; back spacer; automatic ribbon reverse; exclusive Remington feature—"Self Starter" paragraph key; every essential feature found in standard typewriters!

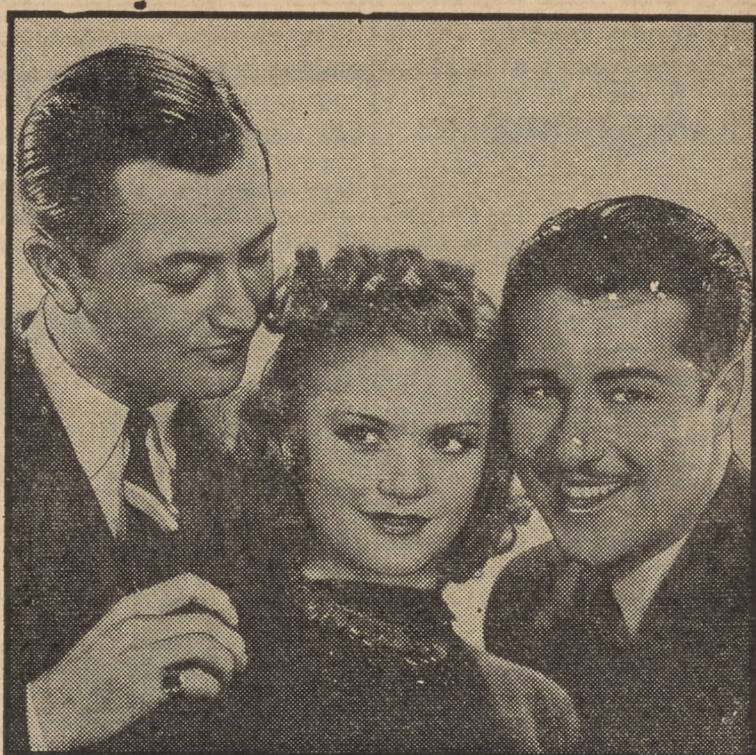

### FREE COURSE IN TYPING

With your Remington Streamline you get ABSOLUTELY FREE a 19-page typing course. Teaches the Touch System. It is simply written and well illustrated. Even a child can understand it. A few minutes of practice a day and you should dash off letters faster than with pen and ink.

### SPECIAL CARRYING CASE

Included with every Remington Streamline Portable you get a Carrying Case sturdily built of 3-ply wood. Covered with heavy DuPont fabric. Top is removed in one motion, leaving machine firmly attached to base. Can be used anywhere—on knees, in chairs, on trains.

## Your Hollywood Correspondent Reports . . .

Hollywood celebrities were conspicuous by their absence at their usual week-end haunts this past Saturday and Sunday because of the opening at the Hollywood Turf Club in Inglewood. Practically everyone of importance attended and those who couldn't get time off from picture work have made reservations for later dates. Bing Crosby and Dixie Lee were there, and Claudette Colbert was the guest of Mr. and Mrs. William Goetz. Bob Burns cut short a trip to Catalina Island to attend, and Martha Raye came back from a San Francisco vacation to be there. Ronald Colman's role in "If I Were King" kept him busy, so his box was utilized by Michael Brooke (the Earl of Warwick), and Benita Hume. Mary Livingstone was with George Burns and Gracie Allen, but Jack Benny and Joan Bennett had to miss the opening day be-

cause of their current picture, "Artists and Models Abroad." Others who attended included Ben Blue (with Miss Franz English, of Chicago), Mary Carlisle, Florence George, Ray Milland, Marsha and Marjorie Hunt, Gail Patrick, in a gown especially designed by Edith Head; Bob Cobb, George Raft, Virginia Pine, and John and Elaine Barrymore.

Harry Ray, make-up man on "Spawn of the North," and Lorraine L'Orange, Shirley Ross' hairdresser, will be married late in the summer. For a scene in "Paris Honeymoon," Franciska Gaal has to slide down a wide stair bannister. Claudette Colbert, Joel Pressman, Arthur Hornblow and Myrna Loy a foursome at the Ice Follies. Isa Miranda takes two singing lessons and two dancing lessons daily, in preparation for her forthcoming role in "Zaza," opposite Herbert Marshall. Edward Everett Horton is all excited about a European vacation he plans, when he completes his role in "Paris Honeymoon."

Heather Thatcher, now working in Frank Lloyd's "If I Were King," does a weekly column for the London Daily Mail in England. Eleanor Whitney distributing salmon to her friends. One of her fans in Seattle sent her a 25-pound one all packed in ice as a gift. So that he won't forget his 'phone number, John Barrymore has had it engraved on the back of his wrist watch. Mr. and Mrs. David T. Arnold, Betty Grable's sister and brother-in-law, of Kansas City, have been the house guests of the young Paramount player and her husband, Jackie Cooper.

Bill Roberts, who has been singing in Los Angeles' Ambassador Hotel supper room for three years, is wearing cowboy clothes and singing "Silver on the Sage" in Paramount's "The Texans."

## "On Borrowed Time" To Open Summer Season At Lobero

Victor Moore, who will be seen in the role of Gramps Northrup in "On Borrowed Time" which Dwight Deere Wiman and Arch Selwyn are producing and which inaugurates Arthur J. Beckhard's summer season of plays at the Lobero Theater beginning July 4, for a weeks engagement, was literally brought up in a trunk. He spent the greater part of his life in nearly all of the big Broadway musicals and comedy hits, aside from touring the United States and Europe many times over in vaudeville. He has conquered every type of theatrical performance from legitimate, "two-a-day," radio and motion pictures. Asked what he likes best, Moore will tell you that he just can't wait to get back to the legitimate stage with a part that has plenty of meat to it. What does he consider a good meaty characterization? Well, the best one of the season by far, he says, is the role of Gramps Northrup in "On Borrowed Time" and Moore goes on to say why.

"Gramps is not just a good part with plenty of stage business and characterization. He is a vital individual; wistful one moment, bombastic the next and even tricky, at times. He runs the gamut of emotions. But above all, he is human."

What does Gramps do to deserve all this praise?

"Nothing," Moore says. "He just sits around all day playing with his six year old grandson, getting into mischief, making up words that have a slightly soiled sound, but innocent meaning and driving Grandma distracted by flirting with ladies in the street. Gramps is no schoolbook model for youth, but if more people in this world were like Gramps, there would be less trouble."

James West, Guy Bates Post, Esther Dale and Leona Roberts appear with Victor Moore in "On Borrowed Time" under the direction of Bretna Windust.

## BEST WAY TO MAKE TRIPS TO YOSEMITE

Motorists from the Southland planning trips to Yosemite National Park are advised by the touring bureau of the Automobile Club of Southern California that the best present route is through Fresno and Wawona.

Leaving Fresno by way of Blackstone avenue, go via Friant, Kelshaw corners, Coarse Gold, Oakhurst and Fish camp. The road is in good condition and with the exception of a short stretch in the vicinity of Kelshaw corners is three-lane highway.

The All-Year highway from Merced is open but under control for twelve miles of one way road between Bryceburg and Indian Flat. With increased travel noted each week-end congestion is to be

Gary Cooper who will be seen on the screen at the California Theatre Sunday in "Adventures of Marco Polo," which is on the same program with Bobby Breen in "Hawaii Calls."

expected at the control stations, hence Southern Californians are advised to take the Wawona route.

The heaviest flow of water in twenty-four years is reported to be cascading over the many falls, according to an Automobile Club scout party which has just returned from Yosemite. The mountains are literally sponges from the heavy rains and are oozing water in many places. Wildflowers are out on the floor of the valley making a spectacular display.

The road to Glacier Point is now open. Heavy snows still block the Tioga pass route over the High Sierra and it is not expected to be open until late June or early July.

WHO PAYS?—A recent survey reveals the rather astounding fact that if everyone had to turn over to the government all income in excess of \$5,000 a year, the sum collected would pay only about 1-5 the annual cost of government, federal, state and local. It points out that the great bulk of the tax bill must be paid by the small wage earner. He pays it in the form of "hidden taxes" without knowing it in most cases. Hidden taxes are a part of the cost of virtually everything that everybody buys—food, clothing, shelter—necessities as well as luxuries. For example, even the simplest item of everyday fare, a loaf of bread, is taxed 57 times, the survey shows. The loaf of bread for which Mrs. American housewife pays eight cents, could be bought for six cents if these hidden taxes were eliminated.

### Dr. Franklin Files As Candidate For Lieut.-Governor

Dr. Walter Scott Franklin of Santa Barbara, distinguished California physician has filed his formal declaration of candidacy for Lieutenant Governor.

Rancher as well as physician and for many years a member of the University of California medical staff, Dr. Franklin bridged party lines and filed for three nominations—Republican, Democratic and Progressive. He is a registered Republican.

"If elected Lieutenant Governor," said Dr. Franklin, "I shall do my utmost to see that government lives within its income. Instead of seeking new ways to raise money, we should look for ways of saving the money we already have. If the individual family can cut its budget to fit its income, the state can do likewise, without eliminating any of the essentials or crippling any worthwhile agency."

"We can have jobs for our unemployed in California when we relieve agriculture, business and industry of excessive tax burdens which divert funds to government that properly belong in pay envelopes."

### LABOR NEEDS CHINESE MARKET

New York—Approximately 4,000,000 workers in American industries would benefit by increased trade with China resulting from maintenance of the traditional "open door" policy, Labor's Committee of the United Council for Civilian Relief in China estimated in a study made public today.

"Only the termination of hostilities and the return to China of complete authority over her territory could bring about an improvement in the trade between China and America," the report stated. "As the first step in the restoration of the Sino-American trade, this country must aid in the rehabilitation and relief of more than 50,000,000 Chinese currently homeless and destitute."

The United Council, which under the chairmanship of Colonel Theodore Roosevelt, Jr., is staging Bowl of Rice parties in more than 1,500 American cities on June 17, declared that the analysis of its Labor member organization showed that "American workers have a decided interest in helping the Chinese people back on their feet so that the open door policy may be kept inviolate."

In addition to the 4,000,000 workers directly affected, the study stated, are their immediate families which probably total another 12,000,000 American citizens. Practically all lines of business, moreover, would be stimulated by the increased domestic purchasing power generated by greater sales to China, the Labor Committee inquiry finds.

### BEKIN'S OFFER 3rd CHANCE TO WIN PIANO TUNNING

The third set of questions in the Bekin's Piano Department free piano tuning contest are given below together with answers to last week's contest.

1. What material are Piano Hammers covered with?
2. What is the meaning of an Octave?
3. Are all the strings on a Piano of the same gauge?
4. Do moths affect the interior of a Piano?
5. Are Ivory keys put on in one piece?
6. Are Celluloid keys put on in one piece?
7. What is meant by a "Checked Piano Case"?
8. Does weather elements affect the finish on Piano Cases?

Answers to Questionnaire of June 10

1. No.
2. Sharps and Flats.
3. Mahognay, Walnut, Rosewood and Ebony.

### MOTOR VISITORS TO SOUTHLAND INCREASES

Approximately 315,000 motor tourists visited Southern California during the first third of this year, it is estimated by the touring bureau of the Automobile Club of Southern California. The figure represents about 16,900 more motor visitors from other states and countries than the tourist influx during the first four months last year.

Estimated total of 222,692 passengers crossed the eastern border on transcontinental highways in private cars and stages in the four months, according to calculations of the automobile club. They entered in 67,788 foreign-registered cars and 2768 stages through the state agricultural department checking stations, Yuma, Blythe, Daggett, Parker and Yermo.

It is estimated by the auto club touring department that of 121,864 motoring visitors entering northern California in private autos and buses during the first four months at least 91,400 persons, or 75 per cent, toured the entire State, coming into the

Southland over north-south highways. This figure also represents an increase over last year.

In addition came scores of thousands of visitors by train, air transport and steamship and the throngs of touring Californians returning to their home state by the various modes of travel.

Display of the proficiency of the American Indian as an artist and artisan is the aim of the Aborigine exhibit at the 1939 World's Fair of the West.

### Mental and Physical Postures

Poise, I have always maintained, is one of the prime essentials of feminine glamour.

But recently I discovered that there exists some confusion when it comes to defining this quality. Scores of widely different answers are prompted by the simple question—"Just what is poise, anyhow?"

More often than not the impression seems to be that if the body is held properly straight and erect, poise automatically results.

There is, however, a great deal more to it than this

### Miriam Hopkins

As it applies to personal glamour, poise is mental and conversational, as well as physical. The mind and the tongue, as well as the spinal column, must be guided toward it.

Our foremost actresses steadily demonstrate this principle, both in their social and professional appearances.

Not so long ago I was discussing this topic with Miriam Hopkins. I had complimented Miss Hopkins on her own superb poise, which she evidences in her action, and in the text and phraseology of all her conversation. We had then gone on into a general consideration of this very desirable quality.

Miriam and I agreed that poise of any variety is usually not an inherited virtue, and that it very definitely could be acquired by the average person. She then went on to outline to me how she herself had acquired it.

### Think First!

An instructor of dramatics at the school which Miriam had attended in her early 'teens had merely advised and trained his pupils never to answer a question or to make a statement without

taking plenty of time to consider the full import of the words they were about to utter.

And the secret of mental and conversational poise, so very important to feminine glamour, is really as simple as that!

Those who seem to be in a frantic hurry to reply to any question which they may be asked, or who are feverishly impatient to make even the most simple and unimportant of statements, are those who are nervously uncertain of themselves. They lack poise.

By doing nothing more complicated than allowing some pause—time to think about a question which has been asked, and what she is actually going to say in answer, a woman may acquire a very large measure of conversational poise.

### Billie Burke

The same principle is true of physical poise. The lady who nervously flurries is the one who knocks over glasses, spills ash trays, and upsets lamps and vases—the kind of lady which the really very poised Billie Burke portrays so adeptly in many of her screen appearances. Poise does not come from trying to make the human hand act more quickly than the human mind.

Think before speaking, think before acting, and poise will come of its own volition.

My readers may observe on the screen of the picture theatres how Miriam Hopkins or any other of the top-ranking stars always show evidences that their physical moves and their conversational ventures are made only after they have been duly thought about and planned, and that an unruffled tranquillity invariably results from this exceedingly simple process.

### Garbo

Some of these same readers may

at this point object to my argument on the ground that this thoughtful and planned progress of their film favorites across the screen is purely the result of their having had a director to guide their every action and every word.

First, I must emphatically declare that such is not the case. The impressive serenity of Greta Garbo, and the cool self-possession of Virginia Bruce—two sample examples which come to mind—are just as much in evidence off the screen as they are on the screen. Miss Garbo and Miss Bruce, like all other stellar personages in Hollywood, know the professional formula for poise, and have carried it into their private lives.

### Directors

Secondly and finally, I must point out that even if this poise of the stars in their screen appearances WAS purely the result of their director's guidance, a great many women could still benefit from following the poise-recipe which I have outlined.

They could become THEIR OWN directors of poise and glamour.

MOON'S PHASES— Last Quarter: June 20, 5:52 p. m.

**AUTO MODELS**— Latest advances from Detroit are that 1939 models, to be shown in November, may not be so radically changed as heretofore expected. Reason is that curtailment of auto buying this year has created a potential demand for new cars which could make itself felt at the first sign of business recovery without recourse to the added sales stimulant that unusual new designs might give. Businessmen watch auto production figures closely. For the automobile industry is the biggest customer of many other industries. Last year, when 5,000,000 cars and trucks were produced, 3,725,000 carloads of freight were provided American railroads. The motor industry buys 18 per-

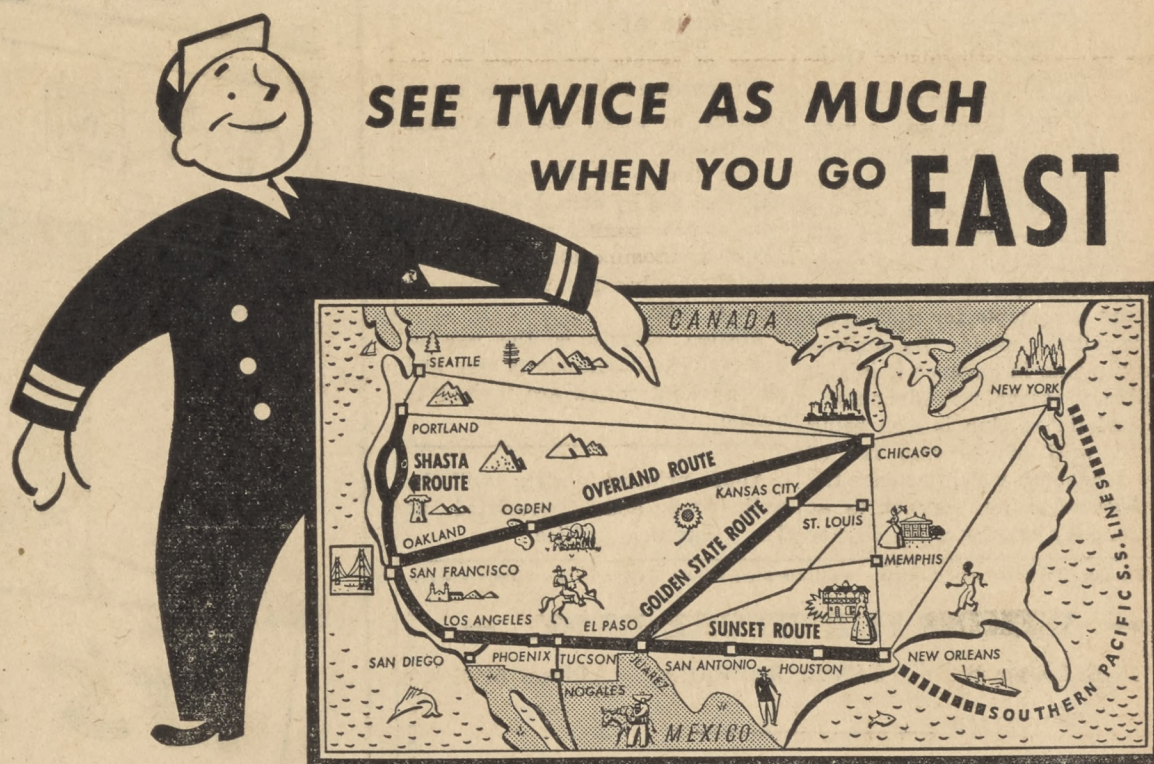

cent of America's steel output, 73 per cent of plate glass, 11 per cent of copper, 36 per cent of lead, 12 per cent of aluminum, 28 per cent of nickel, 46 per cent of upholstery leather and nine per cent of the U. S. cotton output.

### Golfers In Pictures

Both Bob Hope and Jack Whiting, leading men in the new Paramount comedy, "Give Me a Sailor," are expert links amateurs. Hope tours the course in 74 to 76, while Whiting hit within a couple of strokes of this pace.

More than 30 leading California wineries will be exhibitors in the "Temple of Wine" at 1939 Golden Gate International Exposition.

## SEE TWICE AS MUCH WHEN YOU GO EAST

number in which she both sings and dances.

The Knave of Hearts is very ably enacted by little Merlo Seglie, who shows marked talent in the art of pantomime and dancing, although she has been studying less than a year.

Marion Morris is the accompanist. The admission is free and all those interested are invited to attend.

Your printing orders will be well done and appreciated at The Chronicle office.

### PERMITS REQUIRED TO MAKE CAMPFIRE IN NATIONAL FORESTS

Permits are required to build campfires in all national forests, advises the outing bureau of the Automobile club of Southern California. They may be secured without charge through various agencies including all offices of the automobile club. Issued for the calendar year, they are good only in national forests, not in national or state parks or on private lands.

Even fires in trailer stoves come under the classification of campfires and require a permit.

Each person receiving a permit must sign an agreement to abide by the following rules:

To carry a shovel and ax of specified dimensions for each automobile or pack train when camping in national forest.

To clear a space at least ten feet in diameter of all leaves, needles and trash before starting the fire.

To attend it at all times and to extinguish completely all open fires with water and to leave fires in closed stoves on improved camp grounds in such condition that the fire cannot escape.

To maintain a clean, sanitary camp, burning or burying all refuse or disposing of it in provided receptacles.

Not to build fires on national forest lands which are closed to camping or to building of fires.

Not to smoke on lands closed to smoking except in camps, places of habitation or special posted smoking areas and then to extinguish all burning matches, cigarettes, cigars and pipe heels before throwing them away.

To extinguish all small fires discovered, or if too large to report it promptly to the nearest forest officer.

### Johnson Files For Re-election As Treasurer

State Treasurer, Chas. G. Johnson, has this week, filed as a candidate for the office of State Treasurer on the Republican and Democratic tickets. "The state treasury," Mr. Johnson said "has always been nonpartisan in administration and personnel, for which reason I am a candidate on both major party tickets."

Wednesday issue, including Magazine Section: 1 year \$2.60, 6 issues 25c  
and the paper is obtainable at the following location:

Reading Room, Christian Science Society  
Walnut Street, Carpinteria, California

## IT'S AMAZING

★ The convenience and cleanliness of the new gas broilers are really amazing. The finer flavor of broiled foods is now attained with as much ease and speed as bringing water to a boil. ★ There is no smoke to get in the eyes or to fill the kitchen. In these new broilers, which swing out or slide out on roller bearings, fats are drained away from the heat zone. This aids in avoiding smoke. Furthermore, to be absolutely smoke-

less, broiling requires the type of heat which will do away with the inevitable particles of spattering grease. Gas alone, among automatic fuels, gives the necessary flame heat to consume these completely. Remember this when you think of clean cookery. For cleanliness, cook with gas. See the new ranges at dealers' or at the gas company showrooms. Ask about the very liberal terms. SOUTHERN COUNTIES GAS COMPANY
