

EL GAUCHO

Special Christmas Issue

Santa Barbara, California

Friday, December 6, 1968

This issue is being brought to you on the premise that finals study breaks may be used for early Christmas shopping. Try not to get in the red financially or scholastically. See you January 6.

Sig Eps Capture Unprecedented Fourth IM Flag Football Title

Sigma Phi Epsilon, the team most pre-season observers felt would not be able to capture an unprecedented fourth straight intramural football championship, went ahead and did it anyway Wednesday, beating the Delts 26-20 in overtime.

Under the direction of last year's unanimous all-IM quarterback, Craig Rubenstein, the Sig Eps marched 49 yards with less than three minutes left in the five minute overtime, scoring on a seven-yard pass from Rubenstein to end Jim Ahler, who was standing all alone in the Delt endzone.

That touchdown broke a 20-20 tie which had ended the regulation contest, as the Delts had battled back from deficits of 13-0 and 20-14 to even the score with 3:36 remaining.

The Delts opened the overtime period with the ball on their own 20-yard line, and quickly picked up 10 yards and a first down when end Jeff Read was tackled. The next three plays, however, netted only 19 yards, and two Dave Shoji bombs fell incomplete to end the Delt series of downs.

With 2:46 on the clock, the Eps took over at their own 31-yard line. Dan Bungard took in a John Ahler pass for six yards on first down, and on second Rubenstein unloaded a bomb in the direction of Bob Thoe, but it fell incomplete when Shoji batted it down.

Rubenstein faded back on third down as if he were going to throw for distance again, but instead hit halfback Steve Murata on a swing pass. Murata took the ball on the right sideline and promptly reversed field, galloping 36 yards to the Delt seven before Bill Chapman could pull his flag.

Victory was still within reach of the Delts however, as a tre- (Continued on p. 5, col. 1)

Cheadle Statement on Racism Commission

(Editor's note: The following is a statement released by Chancellor Vernon I. Cheadle concerning the Commission to Investigate Problems of Racism, which was formed immediately after the North Hall incident.)

I have been able these past few days to review the work of the Commission to Investigate Problems of Racism, of which Professor Otey M. Scruggs is Chairman, and to consider the Commission's recent recommendation to me that the campus make use of newly avail-

able teaching positions in 1969-70 to increase the number on our academic staff who are members of ethnic minorities.

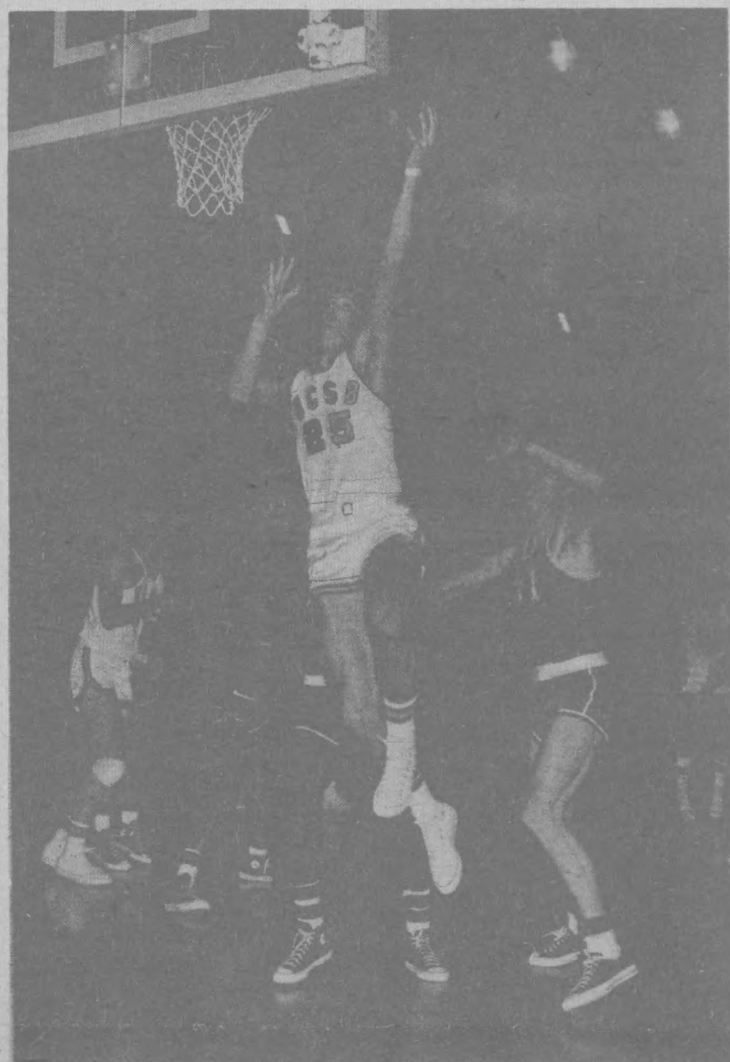

A major implication of this recommendation, it seems to me, will be to enhance the capability of this campus educationally to respond to the differing needs of an increasingly diverse student body. Thus, I consider the recommendation to be sound in principle. There are, of course, legal constraints within which we must work, but nevertheless we can make significant progress, and I am actively seeking faculty support for that progress.

Indeed I have already been exploring with the academic departments ways and means of adding to our teaching staff persons whose cultures are not now substantially represented there in order to broaden the cultural and educational opportunities of our students. I intend also to cooperate fully with the Academic Senate in encouraging curricular innovations to which such teachers can bring a special competence.

The problem of minority representation within the university community is a significant but nevertheless partial expression of the university's broader commitment actively to deal with the problems generated by our nation's rapid urbanization. I am presently exploring administrative options that will enable this campus to organize its human and material resources in response to this commitment. I hope to be able to report progress within the near future.

Dorm Contracts Now Available

Contracts are now available in the Housing Services Office to all off-campus students who wish to live in campus residence halls Winter and Spring Quarters. \$140 is due as a security deposit upon return of the contract. Rent will be \$710 for two-man rooms for the two quarters. Singles run \$35 more per quarter.

DRIVING FOR TWO—UCSB's All-American candidate Steve Rippe (25) flies in for a field goal against Cal Poly (SLO). The Gauchos won (see story below). —photo courtesy of Paul Shanklin

UCSB Cagers To Host Basketball Tournament

Jumping on the national bandwagon of top-flight Christmas basketball tournaments, UCSB will host Texas Christian (TCU), Harvard and Loyola of New Orleans in the California Winter Classic set for December 27 and 28 in Robertson Gym.

Defending Southwest Conference champion TCU tangles with Loyola (La.) in the 7 p.m. opener on Friday, December 27, with the Gauchos facing Harvard in the 9 p.m. battle.

Consolation and championship game times for Saturday are also scheduled for 7 and 9 p.m., respectively.

Student admission prices are \$1.50 per night (for both games), while the public can purchase reserved seats at \$3 per night. Other public prices on a per night basis include \$2 for a general admission ticket; \$1.50 for all students over 12 years of age and \$1 for all children under 12.

"We are very pleased to bring such outstanding basketball talent to UCSB," said tournament director Jack Curtice. "This reflects highly upon Coach (Ralph) Barkey's program in particular and upon our entire athletic department in general."

The Gauchos, who started their 1968-69 campaign with a victory over traditional rival Cal Poly of San Luis Obispo, 72-62, dropped their next battle to a rugged Northwestern squad, 82-73. Barkey's quintet will face Redlands at Robertson Gym on Wednesday, December 18, and then embark upon a weekend trip to Laramie, Wyoming and Fort Collins, Colorado for a pair of tournament tune-up games against the Cowboys and Colorado State University on December 20 and 21.

After a brief Christmas rest they will return to UCSB for the Winter Classic and their first meeting with Harvard of the Ivy League.

"This will be an outstanding tournament with some representative teams and some excellent basketball exhibited," Barkey enthused.

TCU and Loyola of New Orleans, which defeated the Gauchos in New Orleans last year, 85-81, are expected to ignite some explosive fireworks in the opening round of the two day affair.

Harvard, which defeated K.C. Jones' Brandeis five in its opener, also promises a great challenge to Barkey's cagers who are gunning for their first winning basketball season since 1963.

UCSB will be led into action by sophomore center Doug Rex, forwards Steve Rippe and Ron Rouse and guards Bob Emery and Larry Silvelt.

... AND A LITTLE round b - - - - that shook when he laughed like a bowl full of jelly. (With apologies to Clement C. Moore.) —photo by Thom McDonald

VESTED INTEREST IN A BONDED BLEND

A sharp little pocketed vest and slim skirt, to mate with turtle neck tops and blouses. The fabric, a blend of 75% acrylic, 15% fur, 15% cotton, is bonded to acetate for smoothness and body. Hounds-tooth check in tan and white, shown, or herringbone tweed in gray and white.

HAPPINESS IS...

... singing Christmas carols in the snow, home-made fudge, hanging up your stocking, mistletoe, jingle bells, surprises on Christmas Morning (maybe something from Lou Rose?) ... that's what happiness is! What could be better than to surprise someone else with a gift from the Annex or Lou Rose's main store? A sweater, a skirt, pants, a nightgown from Lanz, accessories, like scarves, chains, purses ... We've got some great ideas this holiday season, so come on in — take advantage of us! Lou Rose will be open until 9:00 p.m. from December 13 until December 24 for your shopping convenience ... And have the happiest of holiday seasons, ... from the Annex.

Eps in Overtime

(Continued from p. 1)
mendous fourth down rush by Jack Buttery forced Rubenstein to throw on the run, and the ball headed not for a Sig Ep but for three Delts.

But the ball got lost among the six hands trying to get hold of it, and fell harmlessly to the turf.

On last down Rubenstein evaded the rush and calmly hit Ahler to give the Eps their fourth consecutive football crown.

Ahler also tallied another Ep touchdown, as did Bungard and Mike Mathews. The three Delt scores were made by Read, Chapman and Don Gutman.

Holiday Goodies

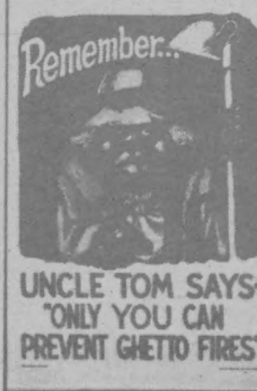

A. MAH FELLOW AMERICANS. The second collection of the fantastic work of Ron Cobb, "one of this country's finest editorial cartoonists" (according to Esquire). For those of you who've never seen a Cobb drawing, Library Journal had this to say about Mah Fellow Americans:

"He is wonderfully competent yet his subject will frighten, anger, or simply puzzle anyone who still thinks cops are good guys, Negroes cause violence, and the Vietnam war is a Holy Crusade against Communism . . . He takes a hard look at America and puts down what he sees, not what he thinks we would like to see."

You get 30 of Cobb's best, printed original size (7x7), one to a page, a 3-page interview, and a list of 34 members of the Underground Press Syndicate, where his work can usually be found. All 8 1/2 x 11 72pp. of this for only \$1.95 plus \$.25 postage and handling per order.

B. UNCLE TOM. Ron Cobb's infamous first poster. This is the poster that someone mounted on a stick and shook at George Wallace at one of his campaign rallies. This is the same poster seen in Jet magazine attributed to the work of Black Militarists. This poster does not belong on your wall, no matter how good it looks there; it belongs in back alleys—on wooden fences, crookedly. See for yourself! You can own one of these huge 23x35 full-color posters for the pittance of \$2.00 plus \$.50 postage and handling per order. (Paste not included)

**There's no law against it.
Yet.**

But handle with care. Olde English "800" Malt Liquor packs a real surprise. Even after we charcoal-filter it for smoothness, the big, bold flavor comes through loud and clear. So don't rush it—split that first bold gold can with a friend. You'll see what we mean.

READING

CLASSES IN ISLA VISTA & SANTA BARBARA
TELEPHONE 962-8181

Did you know that "READING IS THE FASTEST WAY TO PROGRAM THE HUMAN BRAIN"?

Reading Systems offers a unique programming method. We offer the following systems:

1. PERCEPTION — the ability to see all of the printed material at least three times faster!
2. COMPREHENSION — the ability to understand reading matter at least three times faster!
3. RETRIEVAL — the method of remembering what you have read when you need it — five minutes or five years after you have read it!
4. ORGANIZATION — the systematic programming of that unexcelled computer, the human brain, in depth and text material.

How do we do it?

Reading Systems techniques are taught in six 2½ hour lessons. Classes meet once a week.

How do you do it?

Use our techniques in your daily reading an hour a day while you are enrolled in the course.

How can you be sure?

We guarantee to triple your reading efficiency or your money is refunded at the end of the final lesson.

Here's the proof!

Listed below are just a few UCSB students who are reading three to ten times faster with equal or better comprehension after completion of the six lessons.

		Beginning Reading Rate		Ending Reading Rate	
		WPM	COMP.	WPM	COMP.
Garth Cory	History	347	60%	1800	70%
