RAINBOW REVIEW TO BE PRESENTED FOR BENEFIT OF LA CUMBRE

Tragedy and Comedy
Have Place In
Entertaining

Colorful variety marks the program of the Rainbow Revue, second annual La Cumbre benefit program, which will be presented in the college auditorium Friday evening, March 20. Entertainment has been planned to please all tastes, according to Kay Bishop, editor of La Cumbre.

Featured on the program will be a Rainbow Dance, from which the review takes its name. Pupils of the Felger Studio of Dancing will present this, in addition to exhibitions of tap dancing and toe dancing.

Tragedy and comedy both have their places in the evening's entertainment. "Submerged," a one-act play with tense dramatic moments and an unusual stage setting, is to be given by members of the College Players under the direction of Fred Harrison. The Players will also present "No More Americans," a one-act play depicting the visit of an American family to Paris. According to Evelyn Simms, director, delightfully clever situations occur in this play.

Acts of magic under the direction of Professor Peters, and music by Fred Greenough's orchestra will also be on the program.

Tickets for the Rainbow Revue, to be given under the auspices of La Cumbre staff, will be sold in a competition between the various sororities and fraternities.

A grand prize, donated by downtown merchants, will be given to the Greek letter society selling the most tickets. The presentation will be made the night of the Revue by Martin Bredsteen, business manager of La Cumbre.

This contest among the sororities (Continued on Page 3, Col. 1)

HOBBO BRAWL TO BE HELD AT Y. M. C. A.

A meeting of the executive board of the college Men's Club was held last Wednesday, March 4. The financial situation was discussed and plans are being made for the "Hobbo Brawl," which is to be held soon. The actual date will be made public soon.

The club is trying to secure the Y. M. C. A. for the scene of the brawl, with the alternative of the college gym. If the club succeeds in securing the "Y," the members will be able to stage wrestling and boxing matches, play basketball, pool and miniature golf and go swimming. They will also have access to the "Y" kitchen and banquet hall for serving refreshments.

It is planned to hold the intramural finals on the night of and in connection with the "Hobbo Brawl."

Courses In Summer Session Put In Book

Courses to be offered in the coming summer session to be held in the Santa Barbara State Teachers college have been formulated and are to be announced through the Summer Session Bulletin.

The bulletin is being printed in the college print shop and work on it is planned to be completed this week. It is one of the largest jobs ever attempted in the college printing office, according to Vernley Tice, printing instructor. Two thousand copies of the booklet are to be printed.

FINANCIAL SEC. OFFICE HOUR SET

Miss Lowsley, financial secretary wishes to call students' attention to the following regulations:

Office hours of the financial secretary are from 10:00 to 11:30 A. M. and 2:30 to 4:00 P. M. Windows will be open during the above stated time for the transaction of business and for no account should students attempt to gain admittance at any other time.

Students and others please do not ask to have checks cashed with Miss Lowsley.

Students desiring to obtain loans from the Edna Rich Morse Student Loan Fund should first obtain a permit from Dean Pyle's office and bring it to the office of the financial secretary where the check will be issued.

ARTIST TELLS ASSEMBLY OF WAR HAZARDS

Theatricals In Siberia
Described by Artist
Kebely

Relating what was perhaps one of the most interesting parts of his life, Ferdinand Kebely in Tuesday's assembly told of his experiences while a prisoner in Russia during the late war. He was sent to a hospital after his capture because of wounds. It was thought that both legs would have to be amputated, but a doctor who had been a school-mate of Kebely's arrived in time to prevent this. It was during this time that he began to paint, his first portrait being of a Russian guard. At first the Russians thought that Kebely might be a spy, but later such a thought was done away with and some of the officers offered the sum of three cents for portraits of themselves.

When Mr. Kebely became well he was sent to Siberia where his experiences were varied and many. At one time, desiring a change in the menu, the captives concocted a coffee from the burned bread they were given.

Again, in order to brighten life in the camp, a show was given. Wigs were made from stolen straw and dresses from paper were used as costumes. Although existence during these years was not as joyful as it might have been, according to Mr. Kebely, these and other amusing incidents helped to destroy the monotony.

NEW QUARTET OF MEN SCORES HIT

The Industrial Education Quartet made its second formal appearance of the season at the Swedish Lutheran Church last Wednesday night. The short program was well received by the mid-week gathering, and, thus encouraged, the quartet is enlarging its repertoire to include numbers appropriate for presentation at other affairs of similar nature, as well as at the various service clubs of the city.

Members of the quartet are: Rollo Elliott, first tenor; Louis Taylor, second tenor; Paul Hylton, baritone; and Dave Larsen, bass. They are accompanied at the piano by Charles Poore.

HIGH SCHOOL AUD. SECURED FOR FIRST SYMPHONY CONCERT

The first concert of the Inter-Collegiate Symphony Orchestra will be presented Tuesday night, April 21, in the Santa Barbara High school auditorium at 8:30 o'clock.

This orchestra will be composed of the outstanding college musicians from all parts of Southern California who will come to Santa Barbara under the auspices of the State college.

Henry Eichheim, noted composer and orchestra leader, has consented to direct the student symphony in concert.

It is expected that some of the finest musical talent on the Pacific Coast will be heard in the concert. The musicians will be entertained and feted by the college while in Santa Barbara.

The use of the auditorium has been granted free of charge by the city school board.

S. B. STATE RATED CLASS 'A' AMONG TEACHERS COLLEGES

"Although the standards are constantly being raised, Santa Barbara State still has an A standing," proudly asserted President Phelps in an interview on his trip to Detroit to attend the convention of American Association of Teachers Colleges. Quoting Mr. Phelps, "This was the fifth annual meeting after the adoption of the standards by which the association has gone, and as the association has grown so rapidly the members have felt the need of a new constitution and new standards." President Phelps has been invited to be on this revision committee which will meet in New York in April.

According to Mr. Phelps about 15,000 school executives were at the convention. One of the outstanding entertainments was a program presented by a glee club composed of 600 high school students from all over the United States and under the direction of Hollis Dan.

The weather was good during the entire trip. As an illustration of just how good it was Mr. Phelps said he took his red flannels with him but did not have a chance to wear them.

"The education standards are more advanced here," said the President. "Two years of college work is still the requirement for elementary teachers in the east."

L. S. PRICE GIVES NEW PLANS FOR COLLEGE TRAINING SCHOOL

Tentative plans for the kindergarten-primary department of the new college elementary school were made known Thursday at the meeting of the Elementary Education club in Room 43.

Mrs. Laura Specht Price, principal of the elementary school and head of the elementary education department disclosed the outstanding features to be included in the plans for the building. They include the newest improvements in the line of lay-out and equipment.

Utility of all space, considering appearance as well as convenience, will be partially provided for in the following ways. The space below the blackboards, which is usually wasted, is to be made into individual cubby-holes where the children may keep their books, papers, and writing supplies. This

LA CUMBRE ANNUAL WILL RANK WITH BIG COLLEGE BOOKS

Something entirely different, something spectacular and yet expressive of campus life will be offered in this year's La Cumbre, according to Kay Bishop, editor. Press work has begun and the book will be ready for distribution June 2.

Santa Barbara State will be the first California State college to put out an 8 by 12 inch book, corresponding in size to that of the university of Stanford or California.

The theme this year will be the relation of color to life, as portrayed by the modernistic rainbow. The design and color work done by "Tommy" Woods are likewise modernistic. Even the cover design will be modernistic. Practically every organization on the campus is using full page representation, which includes pictures of officers and snap-shots. The publication will contain more pictures than previous editions. New views of the campus will be used. Seven hundred copies will be printed this year as against the 600 of last year. Anyone who entered this semester may procure a book by purchasing one student body ticket plus \$2.50.

COLLEGE LIBRARY IS ENRICHED BY MANY VOLUMES

Mrs. Cameron Rogers of Glendensary Lane, Mission Canyon, has given a rare collection of History books to the college. Dr. William Ellison, head of the History department was invited to select the books which would be most valuable to his department.

The books were taken from a fine library brought together by her husband, the late Cameron Rogers, who made an extensive collection of literary material dealing with the Civil War period.

Mr. Rogers was the author of the well known "Rosary." He wrote this lovely poem one morning while seated at the breakfast table looking out over his beautiful gardens.

Some of the books that Dr. Ellison selected are "Niles Register," a complete set (1812-1836) that cannot be found anywhere else; "Writings of Washington"; "Works of Jefferson"; Windsor's "Narrative and Critical History of America"; a complete set of "Records of the Rebellion"; and other books of value.

MURDER PLAY CHOSEN BY SENIOR CLASS

Butler Murder Case By
S. S. Van Dine
Mysterious

The "Butler Murder Case," a one-act play by Herbert Fisher, will be presented by the Senior class this year for their Senior class day program to be given Tuesday morning in the auditorium, according to Miss Doris Rodehaver, manager of the Senior class day program.

The play is a satire on S. S. Van Dine and includes a cast of the usual detective story type. Stanley Miller will play the part of Silo Trance, a private detective and master of the situation. Ed. Jacobs will appear as Mr. Lockwood, the lawyer, with Helen Nauman as Mrs. Lockwood, a typical society woman. Marie Miller will take the part of Mary Lockwood, the girl, while the lover will be Wilbur Day. Other characters in the play are George Cutler, chauffeur; Paggeot, butler and Stanley Carr, the detective.

The first rehearsal was held last Monday. Rehearsals under the direction of Nellie Larsen, will be held each day in order that a finished production may be given.

Llewellyn Goodfield, president of the senior class, will act as master of ceremonies. Francis Leech is in charge of campus decorations, with John Davis acting as chairman of properties.

VETERAN TELLS OF CIVIL WAR

A narration of his experiences in the Civil War was given Dr. Nettles' class in American History by Mr. J. D. Stevens last week.

Stevens' life as a soldier began at the age of 13 when he enlisted with the Union army as a drummer boy. Two of the important engagements in which he fought were the Battle of Bull Run and Pickett's charge at Gettysburg. The majority of his time was spent with the Army of the Potomac.

For five months of the war, Stevens was held as prisoner at Libby prison.

The informal lecture which Stevens gave was appropriate at this time for a study of the Civil War period is being conducted by Dr. Nettles.

The veteran also gave his opinions of "State." He was entranced with the view from the campus of the city, ocean and islands, and expressed his enjoyment in associating with the students.

Tuneful Lyrics and Novelties To Be Presented

Friday night of this week, the combined glee clubs of the State college, under the direction of Mrs. Helen M. Barnett, will present their annual spring concert.

Some sixty members of the men's and women's clubs will sing, including the twenty-eight members who recently made a tour of the San Joaquin valley. According to Mrs. Barnett: "The concert to be given by the combined glee clubs of the college gives promise of the finest program ever put on by the glee clubs.

In addition to groups by the combined clubs and by each club, there will be three costume numbers, the Japanese trio, the mixed quartet, and the "Orientale." The male quartet will sing a group of humorous numbers that promises to be a riot. There will be special lighting effects for two of the numbers, "The Long Day Closes," and the Russian "Sleigh Song."

The opening chorus is by the entire ensemble, "Greetings to Spring," by Strauss. This will be followed by two songs by the men's club, "The Song of the Bow," by Aylward, and "The Drum," by Gibson. The Revelettes, Dorothea Peterson, Betty Proctor, and Anita Cochran, will sing a group of popular numbers. The women's club will follow with "Come to the Fair," by Martin and "The Moon Goes Drifting," by Gunn.

The mixed quartet, Rollo Elliott, Chester Tubbs, James Kent, and Albert Bevis will then sing a group of humorous songs. Following this, the women's trio, composed of Mary Louise Dye, Margaret Barnett, and Inez Cash, (Continued on Page 3, Col. 4)

SENIORS DISCUSS IMPORTANT PLANS

"Santa Barbara has placed more of its graduates in the past two years than any other California state college," announced Mrs. J. C. Miller, registrar, in her talk on application for teaching positions which was made at the Senior Breakfast Sunday in Ebetts Dining Hall.

Approximately forty members were present, while representatives of the faculty were Miss Hazel Severy, Miss Edith Churchill, and Miss Ora Willits.

President Llewellyn Goodfield presided at the gathering. He announced that Doris Rodehaver, director of student-body dramatics and editor of dramatics on the Roadrunner staff, is in charge of Senior Class Day and plans are now being made.

Other matters brought up for discussion were the payment of dues, graduation announcements, cap and gown orders, and a class gift to the college.

Two Moving Pictures Billed For Thursday

"Flanders," a three-reel picture of the ruins and reconstruction following the World War, is to be shown Thursday morning, fourth hour in the auditorium through the courtesy of Mr. William Rust and the Visual Education department. "Wild Animals of the Colorado" will also be shown.

These films were secured from the University of California and are being shown free of charge to the members of the student-body by the Department of Visual Education.

FRATERNITIES ~ SOCIETY ~ DEPARTMENTS

TAU GAMMA MAKE FORMAL PLANS

Tau Gamma Sigma sorority held its regular meeting on Monday evening in the home of Betty Proctor, 530 West Michelto-rena street. A candidate for the Queen of the May Day festival was chosen.

Further plans were made and discussed for the sorority formal which is to be held on Saturday evening, March 28, at Samarkand hotel. A large number of alumni have made reservations for the formal and the affair is to be a gala home-coming event.

In a meeting of their own, during the meeting of the active sorority members, the pledges made final plans for their pledge party which will be given Saturday afternoon, March 14th.

Pledges Amuse Elders With Picnic and Play

Pledges of Tau Omega fraternity entertained the members and their guests with a beach picnic Saturday night. Entertainment consisted of a short playlet and verses of "Parlez Vous," that popular German ditty, adapted to the various members. After a feast of demesiced pups and marshmal-lows, dancing was enjoyed, the board walk being temporarily com-mandered.

At their regular meeting on Monday night, the members and pledges were entertained by mov-ing pictures, procured and project-ed through the courtesy of Albert "Yorba" Eaves. A war-time news reel and a German feature of pre-war days were shown and greatly appreciated.

Delta Sigma Epsilon To Present Examinations

The individual annual examina-tions of Pi chapter of Delta Sigma Epsilon sorority will be held some time this week before March 14th. These examinations are given each year to all members of chap-ers of Delta Sigma Epsilon, na-tional honorary scholastic sorority. They will be sent for correction to Mrs. Orley See, the president of the National Council, who re-sides in Piedmont, California.

ST. PATRICK TO BE THEME FOR DELTA SIGMA EPSILON DANCE

In observance of "wearin' of the Green," the Delta Sigma Ep-silon sorority will give a St. Pat-rick's party on March 14th. The affair is to be an informal dance and will be given in the Girl Scout Club House on San Andres street.

Committee chairmen in charge are: invitations, Helen Nauman; food, Eleanor Barnes and Irene O'Leary; decorations, Dorothy Cronise; and entertainment, Mildred Robinson.

Beta Sigs Frolic At Paradise Camp

Twenty-five couples, including active members, alumni, pledges, and guests, attended the Beta Sig-ma Chi barbecue at Paradise Camp Sunday.

A baseball game in which the pledges were victorious over the members was the outstanding fea-ture of the picnic. Horseshoe pitching was another form of sport.

The barbecue lunch was served by pledges in charge of Teddy Neidermuller.

Those attending were: Dorothy Glasgow, Claude Yeoman, Walter Powers, Katharyn Myers, George Williams, Phyllis Johnson, Paul Hopkins, Jeanette Taylor, Hugh Barnett, Viola Petersen, Marvin Cobb, Iris Cooley, Cecil Hickman, Gertrude Beck, Luke Trimble, Bob Meade, Georgia Lyons, Betty Awl, Tad Foss, Harry Killian, Jess Hathaway, Lucille Kaufman, Charles Ritchie, Alma Rodriguez, Dale Cress, Bob Sawyers, Judy Bredsteen, Ernie Smith, Grove Dolman, Chloris Bixler, "Sparky" Pollard, Carmie Janssens, Kay Lane, Gilbert Martin, Ted Neider-muller, Edytha Barham, Harry Denno, Florence Rundell, Betty Johnstone, Victor Colton, George Greenough, Don Stewart, Muriel Cummings, Tuffy Treloar, Dale Hartly, Margaret Gammill, Dor-othy Hemphill, Jim Kent, Dor-othea Peterson, Mr. and Mrs. Fred Greenough, Mr. and Mrs. Allen Mobley.

Fraternity Has Beach Picnic At Sandyland

Sigma Alpha Kappa fraternity held a beach picnic Sunday at the cottage of Catherine Rogers at Sandyland. The day was spent in swimming, volleyball, and football.

The following attended: Jocelyn Kelly, Stuart Thomp-son, Walter Barnett, Ella Corn-wall, Norah Stevens, Larry Cun-ney, Muriel Goodfield, Jim Day-kin, Esther Gibson, Bob McClain, Thelma Fent, Wesley Dickinson, Harriet Rogers, Gaylord Bour-quin, Catherine Rogers, Llewellyn Goodfield, Harold Goodfield, Dud-ley Buck, Frank Perry.

DELTA ZETA DELTA MAKES PLANS FOR BEACH PARTY

Meeting with their pledges for the first time, the Delta Zeta Del-ta sorority made plans for a beach party to be given near Campbell's ranch at Cabana del Mar on Sun-day, March 14th. The meeting was held at the home of Carmel-ita Janssens, 131 E. Anapamu St., Monday night.

ADVANCE STYLES GIVEN IN TALK

Members of the Home Econo-mics department enjoyed a talk at their last meeting, when Mr. R. E. Coryell, Jr., of the Women's Silk Shop spoke on advance styles, materials and colors.

New ideas as to colors and ma-terials that will or will not be used constituted the main part of the speech. Linen and shan-tung are very good for sport, in the form of brilliantly colored pajamas. Black is not to be used at all, except in combination with white for sport. Afternoon tea and evening clothes will be bright colored, also in the form of pa-jamas with short tight-fitting bol-ero jackets and mutton-leg sleeves as worn by Barbara Stanwyck in "Illicit."

Velvet is being replaced by sat-in, georgette and crepe as material for evening attire. The rather startling statement that hostesses will be receiving in elaborate sat-in pajamas while the true modern sportswoman appears on the golf greens in brightly colored linen pajamas seems to foretell a pa-jama-popular season. A new note in the line of hosiery indicates a lacy but non-run texture in dark and suntan shades, both for day-time and evening wear.

White is still favorite and will be good all season in spite of the prediction that bright prints and flowered material will prevail.

Girls Entertained At Bridge-Dinner

Mrs. Edward Bordeaux (Stella Rathbun) an alumni member of Phi Kappa Gamma sorority, en-tertained her sorority sisters with a bridge-dinner in her home at Ventura last Monday night.

Those who attended were alum-ni members, Gladys Thomas, Mildred Wright, Elsie Le Blanc, and the following active members: Viola Petersen, Jeanette Taylor, Kay Myers, Sally Leonard, Kay Lane, Chloris Bixler, Virginia Horsey, Betty Higbee, Helen Walker, Doris Stanley, and Cath-erine Coy.

Shopmen Choose New Officers For Term

Officers for the Industrial Ed-ucation department were elected at the meeting last week. Those elected were Fred Olson, presi-dent; Ed Jacobs, vice-president; and Oswald Higgs, secretary-treasurer.

Competition for an original idea carried out in woodwork or any phase of industrial art was open-ed to all members of the depart-ment.

Oswald Higgs, treasurer, began a campaign for 100 per cent paid dues. Last semester this payment was achieved and it is the desire of the officers of the department to maintain this record.

A talk on the care of the build-ings in the industrial education department was given by Mr. E. E. Ericson, head of the depart-ment. "We should attempt to better the condition of our build-ings since there is no immediate prospect of new ones," Mr. Eric-son said.

A CHANGE OF WORK
"It is not necessary to be idle to enjoy a rest and a vacation."
—Mrs. Thomas A. Edison.

A. W. S. ROOM PLANS COMPLETE

Edna Blake, who is in charge of completing the furnishing of the Women's Club room, has com-pleted her plans which are await-ing the approval of President Phelps.

Last week local furniture houses were visited in an attempt to obtain information concerning the range of furniture available in Santa Barbara.

Due to President Phelps' ab-sence from State, it was impos-sible to complete arrangements sooner.

Anne Hegeman, graduate of the class of 1930, was chairman of the club room last year and began the furnishing which Edna is car-rying out.

300 GUESTS ENTERTAINED AT HI-TEA

One of the most important events of the social calendar was the Associated Women Students' Hi-Tea held last Saturday afternoon in Ebbetts Dining Hall from 4 to 7 o'clock. During the afternoon over three hundred guests were greeted by Dean Mildred C. Pyle and the A. W. S. executive board. Guests included parents of the women students, husbands and wives of the faculty members, house mothers, and also prominent social workers of the city. Guests were presented with corsages into the Dining Hall which sages and boutonnières and then was resplendent with baskets of spring flowers. The tea table was at the north end of the hall with Miss Hazel Severy, Mrs. M. E. T. Crowell, Miss Winifred Frye, Mrs. C. L. Phelps, Mrs. William Ashworth, Mrs. Byron Abrahams, Mrs. Helen Manchee Barnett, Miss Florence Clark, Dr. Elizabeth Bishop, Mrs. Leonard Hodgins, and Miss Alice Bradley pouring during the afternoon.

Entertainment during the tea included cello solos by Harold Van der Voort, harp selections by Eleanor Mellinger, several negro spirituals by Elbert Cochran, and a vocal trio composed of Inez Cash, Margaret Barnett and Mary Dye, singing selections from the Mikado.

The A. W. S. executive board, composed of Betty Proctor, Mary Camp, Carmelita Janssens, Elsie Tietz, Helen Nauman, Irene O'Leary, Phoebe Steer and Dean Pyle and the special committees were responsible for the success of this annual affair.

The committees were: food, Helen Walker; properties, Elsie Tietz; serving, Lucille Hall; clean-up, Irene O'Leary; publicity, Carmelita Janssens; decorations, Betty Awl; invitations, Helen Nauman.

Rainbow Review To Raise La Cumbre Funds

(Continued from Page 1, Col. 1) ties and fraternities replaces the inter-class contest of last year. The contest should be successful because of the large number of pledges this year.

Two features of the program will be Gladys E. Felger's studio presenting their famous rainbow dance and Professor William W. Peters presenting some new magic that has never before been shown in Santa Barbara.

Womens' P. E. Director Returns From Meet

Mrs. Winifred Hodgins, head of women's physical education department, returned to Santa Barbara last Thursday evening after having attended the ninth annual conference of the Western Society of Directors of Physical Education for Women in College and Universities at Los Angeles. Mrs. Hodgins has attended two former conferences of this organization.

The sessions this year, which extended over four days, were held in the Hall of Nations, the President's Suite, and the Administration Building of the University of Southern California.

Some of the high lights of the conference included the addresses, reports, and discussions by Mr. Neilson, state supervisor of physical education; Miss F. D. Alden, and Mrs. Ralph La Porte, the luncheon with President Von KleinSmid, and the visit to the Orthopedic Hospital school.

The fourth day of the conference was spent with Mr. Neilson in discussing the working score card, which rates opportunities provided for high school students by department equipment, programs offered, and teachers.

Mrs. Hodgins said she found the round table discussions particularly interesting.

Flower Garlands Decorate Rockwood

Chiffons and light flannels were again in vogue as the students of Santa Barbara State danced under looped garlands of pink flowers and fern at their annual Spring semi-formal dance given in Rockwood last Friday night at 8:30 o'clock.

Music was furnished by Victor Janssens five-piece orchestra. Virginia Weber, social chairman, was in charge of the affair, and was assisted by Stuart Thompson who handled the advertising, Betty Higbee the decorations, Elizabeth Peacock, patrons and patronesses, and Wesley Dickenson, the music.

Patrons and patronesses were Mr. and Mrs. Byron Abraham, and Mr. and Mrs. William Peters. Among the alumni seen at the dance were Mr. and Mrs. Fred Greenough, Mr. and Mrs. George Browne and Mrs. and Mrs. Verneley Tice, Helen Campbell, Jeanette Sonneyson, Fay Munger and Francis Peteler.

Porter Is Rapidly Improving In Hospital

Ned Porter, a junior, and a member of Sigma Alpha Kappa fraternity, who is confined to the St. Francis hospital, is rapidly improving from injuries received as a result of an accident which happened on the Glee Club trip.

After being examined by a doctor in the San Joaquin valley, he was told that his injuries were slight. He returned to Santa Barbara with the Glee Club and was examined because his back was in much pain. A local doctor pronounced his injuries as four cracked vertebrae, and the fifth, broken in two.

Ned will be in the hospital for about four weeks.

Alumnae From South Visit Santa Barbara

Mr. and Mrs. Richard Glover (Emily Van Wagner) former students at Santa Barbara State, spent Saturday and Sunday visiting Mr. Glover's parents. Mrs. Glover attended the Hi-Tea given in the dining hall by the Associated Women Students.

Injuries Force Girl To Leave School

Friends of Jewell Stephens will be sorry to learn that she will be unable to return to school this semester on account of the injuries sustained in an automobile accident two weeks ago. One of the after effects of the injuries was partial impairment of the eyesight, which will prevent her continuing with studies. It is hoped that she will have completely recovered by fall and will be able to return to the State campus once more.

Eighty-Six Students In Extension Courses

Santa Barbara State college has enrolled eighty-six students in its industrial education extension courses this semester, according to an announcement made by E. E. Ericson, head of the Industrial Education department.

The students are enrolled in nine classes that are divided between the Los Angeles city schools; the Union High school, Glendale; and the Pasadena city schools. The schools in the southern part of the state are working in cooperation with the Santa Barbara State college in making the courses available to students from this college who are teaching on permits.

Two-unit shop courses require four hours of laboratory time per week for seventeen weeks. The credits earned may be applied toward the B.A. degree at this school and toward an Industrial Arts credential granted by the California State Board of Education, according to Mr. Ericson.

MEMBERS OF TAU OMEGA ENJOY MOVING PICTURES

Moving pictures were shown last Monday night in the Tau Omega house for the entertainment of members and pledges of the fraternity. Reels of adventure with hardy explorers in the frozen north started the program, and were followed by two plays acted by German puppets. An exclusive and dramatic newsreel taken during the World War wound up the evening.

The projector used was the property of the first Christian church, and the films were secured through the efforts of Albert Eaves, who managed the projection. Eaves plans to show an eight reel adventure picture next Monday night.

Colored Films To Be Shown Saturday

Pictures of old Mexico taken by the natural color process, are to be shown for the first time in the United States in the college auditorium Saturday night at eight o'clock.

Fifteen years have been spent in the collection of these pictures by Fred Payne Clatworthy, photographer of colored pictures for the National Geographic magazine. His collection is one of the most valuable in the world. He has spent thousands of dollars in his travels over the globe and in taking these pictures.

The Visual Education department under the direction of Mr. William Rust is sponsoring the picture, which is free to all members of the student body.

Education Department Replaces Secretary

Dorothy Robinson was elected secretary of the Elementary Education club at a meeting held in Room 43, Thursday. Marie Miller, former secretary resigned because of a teaching conflict in her program.

Dorothy is a member of the senior class, also of Tau Gamma Sigma sorority.

Treasurer Ethel Olson announced that dues were not payable.

COSTLY TAPESTRIES SHOWN IN ART EXHIBIT

Friday, January 13, Mrs. M. E. T. Crowell had an exhibit of Spanish, Mediaeval, and Renaissance hand work for the art and home economic students. The pieces were altar cloths, bedspreads, and hangings made of linen and cotton. They were made by hand and are from 200 to 500 years old. This collection belongs to Mrs. Stackley Byrne of New York and Madrid, and was shown through the courtesy of Mr. Vance, a friend of Mrs. Crowell.

Glee Clubs In Annual Home Concert Friday

(Continued from Page 1, Col. 6) will sing a group of Japanese songs in costume. The songs will be "Three Little Maids from School," from "The Mikado" and "Japanese Sunset" by Dippen. Next, the entire chorus will sing "The Long Day Closes" by Sullivan and "Sleigh Song" (Russian) by Kountz.

Following two piano solos by Anita Cochran, the men's club will sing a Negro spiritual, "Steal Away" and "Mighty Lak a Rose" by Nevin. The next number, "Orientale" by Cesar Cui, sung by the women's club, will feature a solo dance in costume by Margaret Barnett. Elbert Cochran will appear next in a group of solos, "Caro Mio Ben" by Giordani, "The Song of the Flea" by Moussorgsky, and "Deep River," a Negro spiritual. Following the solos, the women's club will sing "Valse Triste" by Sibelius, and "The Moon Market" by Weaver.

The next number will be a musical skit by the mixed quartet composed of Dorothea Peterson, Rachel Burns, Elbert Cochran, and Lawrence Connell. They will give "The Music Master" by Wilson, especially arranged by Mrs. Barnett. The finale will be "My Hero" from Strauss' "Chocolate Soldier," arranged by Mrs. Barnett, and sung by Mrs. Barnett and chorus.

The concert will be given at 8:30 Friday night in the auditorium of the college. Tickets may be secured at any time from members of the glee clubs or from Mrs. Barnett.

KEBELEY TAKES PHOTOS OF ART DEPARTMENT

Mr. Ferdinand Kebeley, instructor in the Art department, last week took photographs of the work done by the students in the department. These pictures will be used in La Cumbre and to illustrate a pamphlet which the department is issuing in order to advertise and show the work that is accomplished during the year.

Mr. Kebeley is offering these pictures to the students at a nominal price. Orders may be placed with Doris Stanley, president of the department.

Deborah Maxwell Returns to Campus

Returning to State, Deborah Maxwell, daughter of Dr. William Maxwell, plans to take a course in portrait painting.

Miss Maxwell has been taking art lessons through the Santa Barbara Community Arts Association this semester, and will attend Choinard Art School in Los Angeles next summer. Next year she plans to go east to study under the Art League in New York city.

STANDINGS OF NEW STUDENTS ARE ANNOUNCED

Records from the office of the registrar show a considerable change in the standings of students who have attended State for one semester. Twenty-five of those students are disqualified, thirty-two are on probation again this semester, and there are thirty-four on provisional standing.

The following forty-eight students have been transferred from provisional standing to recommended standing: Ramona Abel, Ciriaco Barientos, Albert Bevis, Chloris Bixler, Howard Bradbury, Constance Briscoe, Aurelia Bulosan, Elizabeth Casaroli, Elbert Cochran, Guiseppe Curletti, Catherine Conkey, Richard Cooper, Lawrence Connell, Ethel Davis, Grove Dolman, Lloyd Drennan, Marion Ek, Harry Fong, Emily Geidner, Betty Greenwell, Robert Hathaway, George Hay, Patricia Holmes, Katherine Lane, Mary Larco, Douglas Kirkpatrick, Harry Killian, Lewis Kornes, William Maxwell, Loren Meigs, Susumu Nakamura, William Neidermuller, Robert Northway, Harriet Osborne, Ben Palmer, Floyd Park, Irene Parker, Charles Poore, Eunice Record, John Reid, Helene Schoeninger, Clark Schooler, Elvin Smith, Harry Wilbur Smith, Muriel Swanstorm, Nora Stephens, Richard Waterman and Takeo Yoneda.

Any omissions or mistakes made in the office of the registrar will be cheerfully investigated and corrected.

Men's Styles Break Into Color In East

NEW YORK, March 11.—The first models of the new colored host coats went on view last week at the exhibit of the New York Custom Cutters' Club. One was blue with green lapels, the other wine colored with red lapels. Their sponsors believe they will be a boon to human relations.

The custom cutters also have provided a business cutaway for the gentlemen who like to keep their dignity with them all day, and a pocketless, double-breasted vest for those who have no elk's teeth to display.

Ordinary coats are growing a trifle longer and the vent in the back is returning. Pockets are a little higher in the tuxedos and the lines of full dress are a bit easier.

Home Ec. Instructor Attends Convention

Miss Alice Bradley attended a convention at the Woman's Athletic Club in Los Angeles last week to consider a new method of instruction sheets to be used in teaching new material. These sheets, which are given to the students, simplify the teaching, and save time in presenting new work.

Miss Esther Long, a graduate of this school now teaching in Fullerton High school is at the head of this work and expects to have these sheets published in the near future.

Other alumnae present were Helen Donnelly, Mildred Elby, and Gertrude Graham.

Swim Management Is Radically Changed

Lorraine Woolman, manager of swimming, announced that swimming is still a W. A. A. sport, but that it is being run a little differently this semester. Instead of having regularly scheduled practices each girl gets in her own practices in her own time and when the time for testing arrives Miss Dozier gives the regular beginning, advanced and life-saving tests. With warm weather such as we have been having, that shouldn't be hard to do.

Teaching Positions Open In San Bernardino City

Appointments for teaching positions in the San Bernardino city schools are soon to be made, according to word received recently by Mrs. Miller, registrar, from Lewis E. Adams, San Bernardino's superintendent.

Information contained in the letter important to those interested in applying is as follows:

"On March 30th and 31st, and April 1st, 2nd, and 3rd, we shall attempt to register the candidates who wish to be considered for teaching positions in San Bernardino for the school year 1931-32. We should be glad to have candidates from your office apply at that time.

"On the days specified we will give our city teacher's examination twice each day at the hours of 10:00 A. M. and 1:00 P. M.

"At some later date we will arrange interviews for these candidates after we have evaluated their training and the results of the tests.

"Application forms may be filled in at the time candidates present themselves for examination, or they may be filled in before that time. Blanks may be secured by calling in person or we will mail them upon request."

EXCHANGES

Coach Knute Rockne in a speech recently given before the University of Washington students informed his listeners that when and if he retired from his present post, Jimmy Phelan, University of Washington coach, would become Notre Dame's gridiron mentor.

As co-eds are supposed to be the best representatives of what the modern woman is wearing, and as the California Advertising club desires to find out just how much co-eds pay for their clothes per year, a questionnaire is being circulated among the women on the U. C. L. A. campus. Items included are hats, shoes, coats, formal and informal dresses, and the number of sport outfits purchased each year with the average price spent for each. Questions such as these are included: Is the campus co-ed more concerned about what she wears to formal affairs than the clothes she chooses for daytime wear? Are dancing slippers a more expensive item than the oxfords and walking shoes? What shops are the favorite bargain hunting grounds? What three stores are preferred when shopping is done?

Due to misconduct at a recent open house, sororities at U. C. will no longer be allowed to hold open house entertainments later than 8:30, according to the ruling passed by Pan-Hellenic council. The ruling did not surprise many as open houses have been a nuisance for some time.

PI SIGMA PI MEETS

Pi Sigma Pi will hold its regular monthly meeting in the school cafeteria this evening at 7 o'clock.

Women Employed As Detectives and Spies

Women are increasing in usefulness in the world of affairs! Ralph Heinzen tells how beautiful women are being employed by continental bureaus as detectives and international spies.

Women who by their beauty and skilful manipulation of the tactics of Dan Cupid have been found to be effective instruments in the uncovering of new sources of valuable information useful in combating crime and seduction. Because of their beauty and intriguing nature they are able to escape suspicion, and extract secrets from those whom they choose to know.

Prospective school teachers may well consider this as a possible alternative to their most desired profession, and in the event that the decreasing demand for their service as school teachers should leave them in a precarious situation, they would find a new and alluring field to which they might apply their abilities.

This new field for women who desire to become independent, and yet experience romance and adventure, offers excellent opportunities. Cupid's wiles are better than those of the spy who has a cool head and a cold heart.

Women's Play Day Has Unusual Theme

Plans for May Day were discussed at the meeting of the Physical Education department last week and the theme, while not to be announced as yet, is forecast as something different than ever before attempted. The following committees were appointed:

Chairman, Margaret Wilson; properties, Ethel Hudson; program, Pearl Reiger; dancing, Ella Cornwall; seating, Mint Juleff; and costumes, Helen Furby.

Maurine Moore, chairman of registration and reception for the Play Day, March 21, reported on the progress of the other committees and the general progress of plans for that event.

The election of officers for this semester gives the following results; president, Anne Furtado; vice president, Louise Dunham; secretary-treasurer, Pearl Reiger.

Student Body Membership Falls In Spring

This semester there are 598 active Student Body members, whereas last semester there were 635 members. The decrease in enrollment is attributed to the fact that some students found the tests exceptionally hard and flunked out, while others were graduated.

This year there were only eleven refunds, that is, eleven students dropped out the first part of the semester. With the seventy-five special students enrolled, Santa Barbara State now has 673 students on the campus.

REPORT FROM THE HEALTH OFFICE

Dr. Edward Markthaler has finished the re-examination of the men and women students who were on the limited list for physical education last semester. He found an improvement in weight and the general health of students. Examinations will begin Monday for the children of the Elementary school.

FAITH IN HUMAN WORKS UPHELD

Faith in the triumph of right in human society received its impetus very largely from the fact that nearly two thousand years ago a handful of men in Judea, when the whole world was still barbarous beyond our conception, dared to believe that a different sort of world was possible—one in which truth and love and justice should reign. Humanly speaking, there seemed no sort of chance that the ideals of these early Christians could possibly win out. When Jesus was put to death upon the cross, it must have seemed to all of his enemies and to most of his friends, that his teachings, so subversive of the political and ecclesiastical order around him, were effectively crushed. Yet for nineteen hundred years his has been the greatest influence working for the establishment of truth, justice, and love in human relations. All the power of Rome and of the Jewish Church proved insufficient to crush his teachings, while the very memory of the Caesars, the great ones of his day, is becoming obliterated from the minds of men. There are, we believe, scientific grounds for our faith in the possibility and probability of a better human world, in the realization of freedom, justice and love in human relations. — From Charles A. Ellwood's Man's Social Destiny.

It is wonderful, the ingenuity of the human mind for finding reasons to postpone or delay action. It is the most powerful factor in modern politics—Sir Oswald Mosely. (Mosely might visit a few American colleges for really good examples).

SIGMA ALPHA KAPPAS BECOME LEAGUE CHAMPS

Tau Omega and I. E. Cagers Are Defeated In Last Week of Play

BARNETT IS COACH

Independents Forfeit Last Game On Account of Lack of Players

With only one defeat in eight games Sigma Alpha Kappa won the Intramural basketball championship when they defeated Tau Omega and the Industrial Education teams last week. The Crimson lads swamped Tau Omega 29-6 Tuesday night and the Industrial Education, 25-6 Thursday night. Both games were played at the Junior High gymnasium.

Coached by "Varsity" Barnett

WALT BARNETT

Sigma Alpha Cage Coach

The S. A. K.'s were far superior in most of their encounters this year. Working as a unit and passing the ball in their own territory seemed to be their power on offense, while "Deke" Goodfield took care of the defense in good shape.

The Tau Omega won their last game of the season Thursday night when the Independents forfeited to them on account of lack of players.

Much credit should be given Coach Trimble for the success of the first Intramural basketball tournament that has ever been held at the college. Interest was held throughout the entire schedule as the competition was never lacking. Not only does intramural sports develop the men for var-

Those who wish to attend the women's Play Day, to be held March 21, should sign on the bulletin board in the women's gymnasium as soon as possible. According to Miss Helen Dozier, the committees must know how many girls to expect and the number that expects to stay for the luncheon. All women of the college are invited.

THURSDAY, FRIDAY ARE SET FOR INTRAMURAL TRACK MEET

The spring intramural track and field meet will be held this Thursday and Friday at Peabody stadium. The first event will start at 4:00 in the afternoon.

Any member of the college who is not a track letter man is eligible to compete in the events. The classification of teams will be the same as it was in basketball, three fraternity teams, Independent, and Industrial Education. Points will be awarded as follows: 5—first; 4—second; 3—third; 2—fourth; 1—fifth. The points totaled will count toward the grand trophy to be given at the end of the year. The events will be run off in the following order:

Thursday—Pole vault, 880 yd., broad jump, 220 yd., 2-mile, shot put, low hurdles, javelin.

Friday — 100 yd., high jump, mile, high hurdles, discus, 440 yd., hammer, relay.

TOSSING THE CABER

An ancient Scottish game, known as "tossing the caber," has been taken up by German soldiers, the caber being the trunk of a young tree.

sity competition but it also adds to the program of athletics, that which every college needs, combating activity. Intramural is to continue throughout the year including track, baseball, golf, volleyball and horseshoes.

HEARD IN THE SHOWERS

SPORT COMMENT

By "Ace"

At the close of every sport the customary thing for all high-paid writers to do is to pick an All American, so here goes:

All American Intramural Basketball Team

First Team	Second Team
Porter, S. A. K. forward	Dickenson, S. A. K.
Powers, B. E. X. forward	Tubbs, T. O.
Polley, Ind. Ed. center	Larsen, S. A. K.
Grady, Independ. guard	Eckhart, S. A. K.
Goodfield, S. A. K. guard	Maxwell, Indpend.

Simile—As elusive as a negro fullback in a night football game when the lights fail.

Just because Bobby Jones, national golf champion, got his start clipping dandelions in the meadows is no reason why you should always play the course in the rough, Llewellyn.

Have you noticed the sudden interest one of our basketball men has had lately in the fairer sex? At first I thought it must be love, but when he frankly admitted there were three fair co-eds cookoo about him I'm sure he is in a class all of his own, that of a brutal heartbreaker. He drives a new Ford coupe and his favorite shot on the court was from the left sideline. Beware, girls.

Today's track lesson—A discus is a heavy circular plate thrown as a trial of strength by large muscular people.

Moral—If she's a little heavy legged it's all right to discus with her.

They laughed when I said I would crack a joke, but they stopped when I cracked it.

TWELVE WOMEN TURN OUT FOR AQUATIC SPORT

Twelve women are out for swimming which is offered as a W. A. A. sport this semester. They will swim Monday and Wednesday afternoons at the Plaza Del Mar pool. Lorraine Woolman is manager of the sport, while Louise Albaugh is coaching for the two W. A. A. tests which must be passed in order for the women to earn W. A. A. points. The two tests, beginners and intermediate, will be given at three different times so that as many as possible will have a chance to pass them.

The following girls are in the class: Dorothy MacMillan, Jackie Harris, Mildred Mosher, Rose Cicero, Ruth Strong, Catherine Conkey, Shiela Davidson, Grace Brizzalaria, Elaine Lockwood, and Lorraine Woolman, who is the swimming manager.

Eight Are Entered In Frosh Net Lists

Frosh net men who will form the future tennis teams of State are playing in a tennis tournament similar to the tennis ranking tournament of the varsity.

Each contestant is playing two other contestants a week and the ranking is made according to the greatest number of games won.

Tournament lists are open to all freshmen who wish to enter. The frosh out are: Doleman, Fish, Walker, Meigs, Holsteen, Hall, White, and Shultzze.

SOUTHERN CONFERENCE TRACK MEETS TO BE HELD IN L. A.

All conference track meets of the Southern Conference will be held this year in the Los Angeles Coliseum on April 18, according to an announcement made by Fred Allred. Allred attended the convention of coaches and managers of the Southern California Collegiate Athletic Association held on March 1 and 2 in San Diego.

It was also announced by Allred that the freshman conference track meets will be held at Cal Tech in Pasadena on April 17. The golf tournament of the Southern Conference is to be played off in Whittier, with the swimming events going to Occidental.

Meetings of the coaches and managers of the Southern California Athletic Association are held three or four times a year to discuss athletic activities of the Southern Conference and to select places and dates for their competitive meets. Santa Barbara State recently became a member of this conference and this was the first time that it has sent a delegate to the executive board meetings.

One of the interesting events taking place at the conference last week was the annual golf tournament, which was won by Anderson from Occidental college. Through his display of skill, Anderson secured temporary possession of the coaches and managers' golf trophy.

Co-Ed Sports

Something that may interest regular W. A. A. members and those feds out for volleyball is a wienie-bake to be held over at the athletic field Thursday night after the last game, March 26. Every sport season in the W. A. A. ends with a feed of some kind and this is a favorite form. Remember the dogs on March 26!

The elections of captains for class teams last week, has resulted in Betty Lindsay leading the Frosh, Merle Adams the Sophs, and Tillie Chamberlain the Juniors.

THE EDITOR SPEAKS

WHAT'S IN A GRADE?

Last semester's final exams and subsequent grades are long gone—but not forgotten; for many of us they bring back unpleasant memories of nights of frenzied cramming, with the inevitable results. One of the weak spots in human nature is the tendency to let things slide until the last minute. No doubt this is due to the psychological fact that a well-defined and clearly visible goal is a much better energy-releaser than vague good intentions.

Each student can in himself correct his habit. Nearly all of us are desirous of seeing good grades on our cards at the end of the current semester, but we lack the will to dig in and do the work as it comes up—we have zest for reaching the goal, but not for the preliminaries.

A little reflection upon the following list composed by William De Witt Hyde, showing what last term's grades really amounted to, may aid us in settling down to a regime of more earnest application to studies:

A—Means that you have grasped the subject; thought about it; made it your own; reacted upon it; so that you can give it out again with the stamp of your individual insight upon it.

B—Means that you have taken it in, and can give it out again in the same form in which it came to you.

C—Means the same as B, only that your second-hand information is partial and fragmentary, rather than complete.

D—Means that you have been exposed to a subject often long enough and long enough to leave on the surface of your memory a few faint traces which the charity of the examiner is able to identify.

F—Total failure. The F's bring a letter to your parents, stating that if the college were to allow you to remain longer, under the impression that you were getting an education, it would be receiving money under false pretenses.

—P. H.

VIOLA PIPES UP STUDENT BODY OFFICES

The office of cheer leader at the University of Southern California is one which most men in that institution would be proud to hold. Competition is high for the position, which exists not only in name, but has responsibilities which are as important to the student-body as are those of any other officer.

The song leader, too, is an officer of responsibility at this university. As great an obligation rests upon those in this position in carrying out their duties, as rests upon the president of the student body in filling his.

Santa Barbara State has two cheer leaders and three song leaders. What responsibility rests in these individuals? Apparently none. That, at least, is the conclusion we draw when we see the necessity for a member of the faculty to teach us our songs and lead the singing in our assemblies.

Each officer of the student body carries the responsibility of his office. If the duties are too great for the individual, in all fairness to his office and the members of his organization, they should be given up.

In our institution there are many individuals capable of filling the positions of song and cheer leaders and anxious to do so if the opportunity were given them. It is only imposing a hardship on the student body when the inactive officers are permitted to remain.

—V. P.

CHILDREN FIRST

In the face of danger or disaster on a sinking ship we would strike down anyone who attempted to save himself at the expense of a child. Children come first not only on sinking ships but in our hearts, our homes, our schools, and our churches. They are first. The race can save itself—can lift itself higher—only as children are lifted up. In this unique period of depression with its extreme want on the one side and its extreme fortunes on the other, many schools are carried down to disaster—their doors closed—their funds cut off. Boards of education and other public officials are often hard pressed financially but they cannot afford to give up the idea of children first. To do justice by the child it is necessary to do justice by the child's teacher. Teachers have never had full justice. Their salaries have always been low when compared with their training and their heavy responsibilities. They have never been able to maintain the standard of living which the character of their work calls for. We have never given to our American rural communities the leadership of a stable, well-paid, well-trained teaching profession. To reduce teachers' salaries now would be to weaken our first and last line of defense and to cripple the very institution—the common school—to which we must look for the training in skill and in character to enable us to rise above present conditions. Teachers know this but they do not always make it plain to other citizens of the community. This is the time when the schools need to keep close to the homes; when every teacher needs to realize that he must interpret his service in terms of its human significance and values if he is to save the schools and protect the rights of the children. Copy this editorial and take it to members of the school board, the editor, and other leading citizens. Tell them about your own work—the fascinating story of what you are doing to help young people to become masters of themselves. Let's keep the children first.

THEATRES

GRANADA

In "The Devil to Pay," which is now playing at the Granada, Ronald Coleman attempts with success an entirely different type of character, that of the playboy. Loretta Young is playing opposite him. The cast also includes David Torrence who plays the part of the girl's father. The plot deals with a happy-go-lucky youth who spent his last penny on a girl and a dog, but the latter proved faithful.

Thursday night one may see Constance Bennett in "The Easiest Way." This is an old favorite "Way." This is an old favorite stage play which tells the story of a woman who fights her way out of the mire into which she has been thrown by a misstep. It was one of the first plays to deal with the double standard. The cast includes Adolph Menjou and Robert Montgomery. The scenes are taken in Yosemite.

CALIFORNIA

When I say Will Rogers, I have said enough to sell the show. This is a good story which gives the rope-swinging actor many opportunities for good acting. Louise Dresser, who plays the part of his wife, gives a very good performance. The story deals with "a slick guy" who succeeds in breaking up the home life of the hotel-keeper, Will Rogers. The end, however, shows the old man the master of the situation.

MISSION

Wednesday—Helen Foster and an all-star cast in "Primrose Path"—a story of the temptations

LET US PRAY

—By MARIO CASAROLI

Whoever dreamed that in our midst
There was such an evil sin?
Oh let us thank the righteous good
For repentance to begin!
Repent ye sinners who have stained
The morals of dear State,
By smoking, dancing, playing
Oh what will be its fate!
From evils such we should abstain,
For like a gnawing worm,

They'll waste away our stainless souls
'Till we shall writhe and squirm.
'Till heaven's doors will firmly close
Against our futile knock,
And back to earth will be the fall
With none too gentle shock.
Oh let us thank the virtuous souls
Who've saved us and our kin,
And led us with a beacon light
From the darkened pit of sin.
Amen.

STEAM—STUDENTS' BLOWOFF!

Editor the Roadrunner:

Others before me have suggested another fraternity for our college, but I would like to add another point.

The many so-called "non-frat" men are no doubt losing out on many of the good things in college life which they have a right to enjoy. I should like to suggest that another fraternity based on a set of high ideals would be of great value to our institution.

One or two men can't put a thing like this over, but if interest were shown on a large scale (and I believe it will be), we might realize our ambition—a first class fraternity with a higher set of moral and ethical standards. Let's hear from others.

—Another Interested Man.

to the outsider it will remain only an eye-sore and a sign of negligence. If a stranger should visit only the gymnasium on the campus, and form his opinion of the college from this, he would go away with the wrong impression of the school; and it might be that at first seeing this building, he would not be interested enough to further examine the college.

Surely, the expense of repairing the doors and windows are not too great for the college to finance. However, if that is the case, let us take the needed steps to raise the money to pay for the job. Something must be done about the matter.

—R. P.

Editor The Roadrunner:

Since I have been in Santa Barbara State, I have often wondered why there wasn't a fraternity similar to the one suggested several weeks ago by a Senior. I do not agree with him concerning the other fraternities on the campus, but I sincerely believe that there is room for another fraternity, possibly of a little higher calibre than that of those now existing here at State.

Someone has said that half of one's education comes from his social life on the campus. I believe that a fraternity similar to Areta Gamma sorority would find favor, and give to many more men at our college that which they should get besides their studies.

The person signing himself "F. I." who wrote the answer to the "Senior Man" was no doubt trying to stand up for his fraternity, which is only natural; but don't you think that a new fraternity with higher ideals would tend to raise the standards of the other fraternities on our campus?

May you consider me as one who would boost the idea if carried out.

Sincerely,
—Hal Polley, '32.

IT'S WORTH KNOWING

By EDYTHA BARHAM

That Miss Winifred M. Frye, instructor in the home economics department, taught botany and latin in Wisconsin High school, Menomonee Falls, before attending the Wisconsin College of Physicians and Surgeons in Milwaukee for three years; that she had charge of the medical clinic in that institution for six years; that due to illness she was obliged to give up the profession of medicine; that she obtained her early education in the Minnesota public schools; that her science credits were used in transfer to the home economics department of Milwaukee Downer College; that after graduation from this college she taught in the city schools for one year; that she was a member of the faculty of Milwaukee Downer College for six years; that she has studied at Chicago

University, Teachers College, Columbia, N. Y., and Commonwealth Art Colony, Boothbay Harbor, Maine; that after six months abroad she accepted a position in the Santa Barbara State College in the department of textiles and clothing; that during the first years of the Eagle publication she was faculty sponsor; that the 1927 La Cumbre was dedicated to her; that her hobby is raising sweet peas; that she was twice president of the Santa Barbara Business and Professional Woman's Club and at present she is serving as first vice president of the state federation of that club; that she is a member of the American Association of University Women and of the Santa Barbara Social Service Conference; that she has been teaching at Santa Barbara State since 1918.

WANTED---Wandering Children

Dear Sons:

Come back home, your father needs you. He is aged and neglected, forgotten by those who once honored him. Come back and comfort him in his old age. The College Eagle.

Such an ad would the Eagle run if it were an individual instead of a discarded campus paper. Because such action is impossible, and because the condition of the Eagle needs attention, this ad appears:

WANTED—Two copies of each issue of the Eagle published during 1929-1930. Bring copies to Roadrunners' desk in the controller's office. These copies are necessary to

complete the files of the Eagle. Heretofore it has been the custom of the school publication to present to the library each year a leather-bound volume containing a copy of each issue of the Eagle for that year. A similar volume is kept in the Roadrunner office. During the year of 1929-1930 no files were kept, so copies of the missing issues must be found before these two volumes can be made.

Students having any copies of the Eagle published that year are asked to help in the work of completing the files by bringing these copies to the Editor or by leaving them in the Roadrunner desk in the controller's office.
