Volunteers Give The World A Lift

Linda Meneses

Project Director for Special Education
University Service Award recipient

My years in CAB have enriched my experience at UCSB by increasing my personal and professional development. As a volunteer I learned the importance of connecting with the surrounding community in addition to making a significant contribution to helping its citizens. Once in a leadership position, I was able to motivate fellow students to also volunteer and experience the tremendous sensation of sharing that I felt.

CAB has offered me the opportunity to run a project on my own and to deal with the issues that come with such responsibility: organization, making contacts, meeting deadlines, interviewing skills, follow-up and so on.

I have worked with a diverse board of intelligent, dedicated and caring individuals and we accomplished a great deal. I will miss you all and wish you good luck! Thanks CAB... You have made a profound difference in my life by reinforcing in me the value of the really important things.

Sherry Barth

CAB Co-Chair
University Award of Distinction recipient

Being a Cabbie these past years of college has been both a learning experience and an exciting one!! The skills I have developed through CAB are ones that I will always find useful in any career. The people I have met through CAB have been wonderful. I've met so many different types of people through CAB and it's been great! If I had to do it all over — I'd do it with CAB!! It's a great way to feel a part of something and to help others out too!

Kim Gallagher

Project Director for Special Education
University Award of Distinction recipient

Volunteering for the Special Olympics through the Community Affairs Board has been one of my most rewarding experiences at UCSB. Sophomore year, I decided to volunteer a few hours a week to the Special Olympics to "help someone other than myself." I soon found, however, that I often got more out of volunteering than did those I was helping. Over the past 3 years, I have made some great friends and met a lot of very special people. Not only did volunteering provide me with exercise and a break from school, but it allowed me to share enormous amounts of caring and enthusiasm with a lot of great people. I highly recommend volunteering no matter how little time you have to spare, CAB can find something fun and worthwhile for you to do.

Ann Marie Gregg

CAB Co-chair
University award of Distinction recipient

Four years of CAB involvement has been a major turning point for my life. The volunteer and leadership skills have been invaluable to me for both social and career development. As an undergraduate I found the CAB experience to be a wonderful way to make a difference in the university and local communities. It's a great feeling to know that your time and energy are vital to positive change.

As I look to leaving UCSB I am finding that I have learned skills in leadership and non-profit business management that employers find very marketable. It is exciting to realize that I can make a career of serving others and that I already have experience to offer. A vision for public service has become a reality.

There have been many high points as a CAB volunteer. Special Olympics has been one of the greatest experiences for me. I cannot describe the feelings that I experienced coaching these very special athletes. Another great moment was being accepted by the Peace Corps into a program based on my experiences in CAB. It was a good feeling to realize that I am leaving UCSB with both academic and experiential learning.

It is the friendships that I will remember the most. Through CAB I have met some of the most loving and giving people and the friendships are ones that graduation cannot take from me. The comraderie has been the greatest gift of all and I will surely remember and miss it very much.

YOU CAN'T LIVE ON HOPE.

You hope this guy is finally the right guy.
 You hope this time she just might be the one.
 And you both hope the other one is not
 infected with the AIDS virus.

Of course could ask. But your partner might
 not know. That's because it's possible to carry the
 AIDS virus for many years without showing any
 symptoms.

The only way to prevent getting infected is to
 protect your self. Start using condoms. Every time.
 Ask him to use them. If he says no, so can
 you.

 you're dead wrong.*

Commencement 1988 Seniors, Are You Ready?

You must have a Stage Pass to participate in commencement. Your Stage Pass is SPECIFIC to the ceremony which you must attend. NO EXCEPTIONS will be allowed.

Pick up your Stage Pass in the commencement center of the UCen Bookstore as you rent your regalia, June 6 through June 12. You will need to show a picture ID to get your Stage Pass.

Your Stage Pass will gain you entrance into the Events Center for student assembly and that same pass will be read on stage as you receive your congratulations and certificate.

Please make sure you have completed the prior commencement reservation through the Office of the Dean of Students. If you have not done so, don't delay... go directly to the Dean of Students Office, 1005 Cheadle Hall.

UCSB GRADUATES OFFERED FAT BONUSES, NEW CARS!

Your college degree is paying dividends right off the bat. Because, right now, you can save an extra \$400 on a big selection of new cars in stock at your Chrysler-Plymouth dealer. A place with some of the best values on some of the best cars built in America and Japan.

And that \$400 is *in addition to* any incentives already in place.

On economical, fun-to-drive Colts, imported from Japan. On sporty Plymouth Sundances, a car with over 47 standard features. And on great looking Chrysler LeBarons, a car that'll do wonders for your appearance. Plus lots of other new models you can use the cash bonus on. And with prices starting at around \$6,300*, you won't go into sticker shock.

You're eligible for the cash bonus if you'll graduate in the next four months or if you graduated within the last 12 months†

To qualify, head to your nearest California

Chrysler-Plymouth dealer with a copy of your diploma or a letter from the college indicating your graduation date.

You can also take advantage of Chrysler Credit Corporation's College Graduate Finance Plans that'll help keep your payments liveable.

The \$400 savings bonus is good at any California Chrysler-Plymouth dealer now 'til December 31st.

So come in today and pick out your next car.

You'll not only be demonstrating an excellent understanding of economics. Just imagine what you'll do for your image.

CALIFORNIA CHRYSLER/PLYMOUTH DEALERS
