COMMENT

In order to establish closer relationships between the University club, the American association of University Women, and the members of the faculty of the Santa Barbara State college, an evenings entertainment has been planned for December 1.

An interesting program has been planned according to President Clarence L. Phelps, including two piano numbers by Dr. and Mrs. Profant, the reading of a one-act play by Dean William Ashworth, and vocal numbers by the University Women's Glee club.

Dinner will be served at 6:30 but those wishing to attend only the meeting afterwards may arrive at 8 o'clock, according to President Phelps.

State Welcomes You, Delegates

Santa Barbara State college cordially welcomes the dele- phia, where, on December 1, "Bali," gates of Alpha Phi Gamma to its campus and throws open the the last movement of his original doors of the institution for their use during the three day conclave. State college is glad to act as host for the first National under the baton of Leopold Stoko-Convention of Alpha Phi Gamma held in the West, and hopes wski. Mr. Eichheim will discuss the that the visiting delegates find their stay here both pleasant coming program of the All-Southand profitable.

The convention program opens at two o'clock tomorrow afternoon with registration and tea, and continues for three days with a crowded schedule. drawing to a close Saturday night at eleven o'clock at the conclusion of a theatre party. It is our desire that the visiting guests avail themselves of the opportunities open to them, which should offer activities that ed in the idea of gathering togethwill be both stimulating and lasting in their minds.

Santa Barbara abounds in beautiful gardens, winding bridle paths, historical structures, colorful show houses, and interesting restaurants and cafes, avenues which have been opened to the delegates through the untiring work of the officers and cording to available information, wide hook up of the Columbia end. Junior colleges having sent managers of Pi chapter, in arranging the convention program. the type of organization gathered Boadcasting company.

State college at an earlier date was given the opportunity to be host to a divisional convention of Alphi Phi Gamma, having been the location for the western division meet in 1929. By looking back in the records of the local journalistic organization, it is found that Santa Barbara State was the father to the Omega Xi Alpha, journalistic fraternity, which in 1928 consolidated with Alpha Phi Gamma. It holds a warm feeling for the organization of which it is now a part, and again greets the delegates with a hearty welcome.

Football Banquet

With the success of the first annual football banquet and dance as an item of history at Santa Barbara State college, the Roadrunner wishes to commend the Women's Athletic association for the organization and efficiency with which they handled the affair. It is an example of what can be done at this institution if backed by the proper spirit and people. The thought of staging such a celebration was first conceived by a small group of students the latter part of last week, with the first official action being taken at the Student Body Council meeting Thursday evening. Realizing the significance of the function, Cathryn Kitley, president of the W.A.A. and their representative at the council, displayed the cooperative spirit that exists among that group of sudents by immediately endorsing the movement and pledging their support to it. Securing the backing of the group she represented the following morning, Miss Kitley immediately started plans for the banquet and carried them through to a crowning success. The W.A.A. showed'its mettle when it took upon its shoulders the job of sponsoring such a task, fully realizing that it had less than three school days to complete the job. The Roadrunner wonders what men's organization on the campus it could ask to duplicate the job. Not only did the success of the dinner exemplify what could be done on the campus, but it also brought out the fact that the citizens of Santa Barbara are sincere in pledging their support to Santa Barbara State college. At the dinner meeting there were representatives from the Lions club, Rotary club, Chamber of Commerce and other business and professional men and women of the city. Many of the downtown people being compelled to alter early plans in order to attend the college function.

Las Espualas Arranges jor **Xmas Baskets**

DEPARTMENTS

Las Espualas, sophomore service organization for women, has completed the arrangements for the Christmas baskets to be given to two families by the students of the college this year. The gifts are to be brought December 14 and 15.

Donations of food, staple groceries, clothing in good condition, toys and money are requested. The industrial education department has offered their services in repairing the broken toys. Women students are asked to turn their donations in to the Dean of women's office and men students are asked to put their gifts in the baskets which will be placed in the halls.

The families which were assigned to Las Espualas by the Neighborhood House include in each case a mother, father, and several children. In one family the ages of the six children range from six to fifteen, and in the other the children are from eight to eleven. There are six boys and two girls. The

Louise Holden is chairman of the committee in charge of the boxes and she is assisted by Kay Case, Catherine Hacking and Mary Lee Townsend.
