Official publication of the Associated Students, Santa Barbara State college, Santa Barbara, California. Edited and published weekly on the State college campus. Practical Philosophy

One of the foremost thinkers of our times, President Nicholas Murray Butler, of Columbia university, in an address to the trustees of that institution, states that, "if humanity is to continue to greater heights of accomplishment, and if the peoples of the World desire genuine happiness, that the service motive must replace the profit motive in our civilization."

"If profit, and profit alone, be the end sought by human effort then society must reconcile itself to steady disintegration, constant conflict between individual groups and nations and eventual destruction."

A more exact dissection of modern ambition has never been made. A suggestion of improvement, other than the service motive has not been made.

Dr. Butler fails to relate how human nature may be diverted from natural channels. He too fails to tell who would remain to serve were government, individuals, etc., all engaged in a servicing capacity. Soon through this plan disintegration would follow.

Were Dr. Butler to have advanced this plan in 1912 when a candidate on the Republican ticket for the vice-presidency he would have been termed a radical.

Today a great public figure, such a statement is not out of order. However, the fact has long been recognized, and long been avoided.

Voice Your Opinions

For several years it has been the policy of the Roadrunner to reserve a space in its columns for student comment, under the heading of "Steam." Due to some unknown reason little use has been made of this space so far this year. It could hardly be possible that student affairs have been operating to such perfection that all students have been completely satisfied.

It is the desire of the editor to encourage all students who have constructive criticisms or suggestions to send them in for publication. The Roadrunner is your paper, published in your plant, by members of your student body, and for the progress and development of your school. If it is worth reading the Roadrunner will print it. Let others share in your worthwhile ideas.

All articles submitted for publication must bear the names of their authors. The signatures will not be printed with the articles unless requested.

Encouraging at Least

Gratifying indeed is the news that the Civilian Works Administration program, an affair much published, but never seriously considered, is actually beginning to function.

In the City of Los Angeles, 1000 unemployed teachers, were put to work. Their duties consist of maintaining classes for illiterates, transients, children of pre-school age, and adults desirous of vocational guidance. In our own city a number of men following varied occupations have been given employment within the last few weeks. On our own campus, during the Christmas vacation, five men were employed by the Civilian Works Administration program to repair a number of campus buildings.

The movement itself does much to improve the profession in which the majority of us are interested. The field of teaching has long been recognized as overcrowded. Now, with the need of competent, efficient instructors brought to light, the calling is once more focused in the lime light.

'Lief Ericson' Braves 'Pond' to Enter State

When Lief Ericson sailed across the Pond he had no thought of the Price of the voyage. When he landed he wanted to Frye some McCray Fish but was rudely interrupted by some Lyons. In he jumped into his sturdy Maxwell and started out on the trail of Lewis and Clark. Upon coming to a clearing he strolled down to the lumber yard (Mr. Griffin proprietor) and asked, "What's Ashworth?" I want to make some skis." He made the purchase and to the shoe repair shop he went to have his Soules fixed but the

cobbler had marry a Bradley. He said they might Rust. He stood still, hearing, he thought, the Sweet blaring of St. Peter's trumpeters. And then a voice saying, "Doolittle my son and you shall never Walker up the golden stairs. He went to the Bishop and was told to come to Santa Barbara State Teacher's college, look up Dr. Jacobs and Leedy of the industrial education department.

Bill Hoyt, former student of the college, was a visitor on the campus this week. For the past few months Bill has been in Stockton working for his uncle.

BAKER WILL TALK ON LIGHT, COLOR

An illustrated lecture on the economic and efficient use of light will be given in the college auditorium Tuesday, January 9, at 1 o'clock by Clark Baker, of the Pacific Coast Electrical bureau, according to plans made by E. E. Ericson with the Southern California Edison company.

Mr. Baker in his talk will tell of the decorative uses of light in the home, store window and on the stage. The effect of light on color and color upon light will be explained from a scientific standpoint. Illustrations will be made from various phases of activity and interests such as home decoration, dress materials, light for reading and defective lights which drain on the nervous system.

"The demonstration will be of special interest to faculty members and students entering the teaching profession because of the emphasis being placed on visual education and the necessity of conserving the eyesight of the young child," Mr. Ericson said.

This presentation is being sponsored by the industrial education department through the courtesy of the Southern California Edison company.

All those red, green and yellow specks you see in front of your eyes today are merely unfortunate boy-friends and sweethearts trying out the new Christmas ties. The wedding bells TINKLED MERRILY for Thomas "Red" Mahoney and Kathryn Gregg during the later part of the Christmas vacation. Overheard remarks: "Gosh! I just saw Mercedes Berger. There's a girl I could go wrong for." Quick answer: "Yeah? Well I could go right for her!" . . . It seems to me that a certain columnist stated a while back that Mr. and Mrs. Kong were expecting a blessed event. . . Have you seen the new picture, "The Son of Kong?" . . . That's what I call "prophecy!" . . . If the gossip is true, Don Carter and Betty Aul have faced a lover's parting.

We wonder what Dave Larson was doing at THE BARN in Ventura the Saturday before New Year's Eve. . . What did "Doc" Kelliher give Myrna Sorenson for Christmas? . . . They are awfully pretty, I've heard (black and red) . . . Betty Hopkins got some too, only hers are blue. . . Imagine Oxnard sporting a swell feller like Georgia Scott's new boy friend.

Award Will Be Given to Deserving Senior

All seniors in the elementary education department who wish to apply for the scholarship offered by the department should make written application and present it to Mrs. Price by Monday, January 15, according to Bob Serbian, president of the group.

The scholarship, which consists of \$25, will be given to a senior student whose scholarship record and character merit the award. It may be used to cover registration fees for the spring semester. The selection will be made by a committee composed of students and faculty members from the elementary education department.

Social Meeting Held by Local Fraternity

Kappa Delta Pi, national honorary Society in Education, held a meeting Tuesday evening in the Woman's club room. Following a business meeting, a musical program was presented by Maurine Frantz, soprano, accompanied by Marjorie Molter.

A lecture on "The Epic of the Byzantine Empire" was given by Frank Delamarter, which was the subject of his master's thesis.

Art Department Head Receives Invitation

Additional honor has come to Santa Barbara State college in the recent invitation received by Mrs. Mary E. T. Croswell, head of the art department, to become a member of the California Art commission. The invitation was extended by William A. Garland, who is state president of the group.

Mrs. Croswell left for Los Angeles yesterday where she will attend the first meeting of the commission.

Exchange Jobs for Girl Students Open

Dean Lois M. Bennink announces that she has five exchange positions open to women and requests that any students interested in making arrangements to work in return for board and room see her as soon as possible. She also requests that all women now working in exchange positions see her the first or second week in January.

SOCIAL SCIENCE CLUB SCHEDULE TOLD BY SMILEY

Purposes and next semester's tentative meeting schedule of the International Relations club were explained by Mary Smiley, president of the organization, Tuesday morning in the women's section of the dean's meeting. All students interested in taking part in the discussions of the club are invited to attend the club's meetings which are called when a good speaker is obtainable. Each speaker will be an authority on his own subject.

The Carnegie Institute forms these clubs all over the world for the purpose of having young people discuss and offer solutions to current international problems. Next November, according to Miss Smiley, the local group will be hosts to delegates from 15 colleges in southern California for an International Relations conference.

Dean Lois Bennink outlined "The Mark of An Educated Man" by Wiggam. All women on the campus who are employed were asked by Dean Bennink to report to her office.

Snow Seen for First Time During Holiday

Miss Elsie A. Pond, head of the junior high school education department, accompanied by her mother, Mrs. Ada A. Pond and Emily Soares, senior student formerly of Hawaii, during the Christmas holidays drove on a circle trip of 1300 miles through California going north via the ridge route No. 99 and returning via the coast route No. 101.

Points of interest visited were Fresno, snow clad Yosemite, Modesto, Stockton, Sacramento and San Francisco.

While at Yosemite, the three members of the party looked upon snow and all the splendors of "King Winter" for the first time in their lives.

In Sacramento, a visit to the capital and rides on river boats climaxed the day. Returning southward, San Francisco was the next stopping place, the trio arriving there New Year's Eve in the pouring rain.

Carpenteria Teacher Speaks to Fraternity

Pi Sigma Chi, national honorary industrial education fraternity, held its regular meeting Thursday night in the faculty dining room of the cafeteria.

The speaker for the evening was Jesse Rathbun of the Carpenteria High school. His subject was Integrated Procedure as Related to Industrial Education, and he also reviewed an article written by himself which was published in the January issue of the Industrial Arts magazine. On the program also were speeches by each of the four pledges on some phase of industrial education.

Sophomore Soliloquies

A la Ted Cooke

Secretary Ickes's son is a member of the Chicago University polo team. Imagine that. Starting out in the cold, hard world with only one string of polo ponies. The poor kid probably has to use the same yacht the year around.

It is rumored that George Schultz bought a candy bar the other day and gave more than half of it away.

"And," says Clara, the cracked chemistry lab cynic, "many a big shot has awakened to find that those pats on the back were merely people wiping their hands."

Lincoln Librarian
The Lincoln library was established on the Santa Barbara State college campus in 1928 by William Wylie of Santa Barbara. We have 4300 books, pamphlets, and magazines about Lincoln and the Civil war period. Two of the most interesting pieces of material that we have are mounted collections of patriotic envelopes and an autograph album with signatures of important political figures of the '60's including Salmon P. Chase, Schuyler Colfax and Charles Fitzmaurice.

BOB MAIN

President of the Men's Club
Plans are going forward for the annual Hobo Brawl to be held in January under the managship of Melville Homfeld. The next meeting of the men's club will see the election of a new vice-president since Don Fisher has had to leave school. Nominations will be made from the floor. I'd like to take this opportunity to wish all members of the student body a very Happy New Year.

KATHARINE BALL

Librarian
Students and faculty had much fun over the special display in the library case the week before vacation. Many guesses were hazarded involving as many members of the faculty. Everyone from President Phelps to the student teachers were accused of being the person who saved his report cards from the grades through college. However, Mr. Peters was the guilty person.

BETTY HOPKINS

President of A.W.S.
When we were in San Diego for the convention of the A.W.S. a few weeks ago we had a splendid time. We went on a sightseeing tour that eventually took us into Mexico where we visited Tia Juana and

AGUA CALIENTE. However, we did gain much from the convention and came away more than satisfied with our own organization here at State.

PETER QUIN

Drum Major
We left Santa Barbara for Pasadena last Sunday afternoon planning to march in the Rose parade, but because of the rain we were unable to do so. On the trip down we went through flooded areas where the water was up to the hub caps. Though the rain dampened our spirits a bit we still had a grand time in Pasadena and Los Angeles on New Year's Eve. During the parade and the game two of the would be musicians in the band entertained the general public with a pair of musettes. We were disappointed at not being able to represent the college in the parade, but otherwise the trip was a most successful one.

BAND MEN SOAKED ON PASADENA TRIP

(Continued From Page One)
in progress, two of the more enterprising musicians spent the energy which they had saved for the six-mile march in playing sour notes from the balcony of their room.

Attend Game
In spite of the inability of the band to march in the parade, the tickets to the game were good, and practically all of the members went to the Rose Bowl to see Columbia's brilliant conquest of Stanford.

The bus left the hotel about 7 o'clock Monday evening for Santa Barbara. The first hour of the trip was spent in a trial-and-error search for an open road from Glendale to Burbank through the maze of detours, wash-outs, and blocked streets. It was due to Howard Bush, who is a native of those parts, that the bus finally found an open road through to Ventura boulevard.

Two Left Behind
After the interesting part of passing through the flooded areas was over, the occupants of the bus for the most part settled down and went to sleep for awhile. Later in the evening the glee club woke up and held an impromptu rehearsal of such classics as "Auld Lang Syne" and "Sweet Adeline." It was at this time that the discovery was made that Dr. Jacobs is quite a lyric tenor.

The whole party arrived in Santa Barbara about 11:30 Monday night—except the two who were left in Los Angeles. Consult Allan Neil for the hour they arrived home.

While it was somewhat disappointing for the band not to be able to march, the trip on the whole was termed a successful and enjoyable one.

WOMEN'S HI-JINX SCHEDULED FOR FRIDAY, JAN. 12TH

Costumes and stunts will be featured at the annual A.W.S. hi-jinx Friday, January 12, when faculty and student women will convene for an evening's fun in the college cafeteria.

The faculty women, the W.A.A., the A.W.S. Board, the Pan-Hellenic and the inter-club councils will present stunts. Prizes will be given for the cleverest costumes. According to Elizabeth Leonard, who is planning the frolic, even pajamas are considered costumes. Dancing and a grand march will conclude the evening's entertainment.

All faculty and student women are invited to attend. No admission will be charged.

Delta Zeta Delta to Gather at El Paseo

Dancing to the music of Frank Greenough's Billmore hotel orchestra, member of Delta Zeta Delta, social sorority, and their guests will gather at El Paseo tomorrow evening starting at 9 o'clock. The event will be semi-formal.

Mr. and Mrs. J. P. Yeger will be patron and patroness.

Miss Aul Comes Here for Vacation Visit

Betty Aul, student at Northwestern university and former student at State college, spent the holidays at her parents, Mr. and Mrs. Elmer Aul of Montecito. "It was surely a pleasure to return to sunny Santa Barbara for a while," said Miss Aul when interviewed on the campus last Wednesday.

Miss Aul said she was still interested in Santa Barbara State and liked to hear about the happenings on the campus. She started on her return trip to Evanston, Illinois, yesterday.

Barbara Rowe Gives Wood Block Display

Barbara Rowe, State college art student, has a group of wood block prints on exhibition at the Mission Paint and Art company, 16 east Canon Perdido street, where they will be for two weeks.

This group of block prints were previously shown at the Art Mart in Los Angeles.

Hui Eleu Plans Sport Dance

Ray Harris's studio on east Carrillo street, will be the scene tonight at 8:30 o'clock of the Hui Eleu, social club, sport dance. Bridge will be provided for those who do not wish to bring guests.

Decorations will be carried out in green and yellow, the club colors. Tickets may be purchased for 25 cents a couple from Barbara Boyd, party chairman, and her assistant Rosemary Habecker.

Party Honors Friends

Betty Roome was hostess at a bridge party Saturday afternoon in her home 2741 Cuesta road. Among those invited were Catherine Westaway, Kathleen Macleish, Connie Cheever, Margaret Mellinger, and others from out of town.

Home Economics Sale Is Successful

Between \$40 and \$45 was made at the home economics bazaar held in the lobby of the Home Economics building December 12, 13, and 14, according to Grace Juhl, president of the home economics department and chairman of the committee in charge of the affair.

Proceeds from the sale will be divided between Kappa Omicron Phi, sorority, Phi Omicron Iota, home Ec club, and the H.E. department. Only articles that would make appropriate Christmas gifts were displayed. The bazaar was under the direction of Jessie Le Baron while the sales were handled by Mildred Ewart.

Instructor Explains Value from Puppets

"Puppets" was the subject of a talk by Mrs. Florence W. Lyons, industrial arts instructor at the college, given before Mrs. Price's elementary procedure class fourth hour on Wednesday.

Mrs. Lyons explained how puppets are made in the elementary grades and how the construction of puppets develops the knowledge of other subjects. "Puppet making correlates especially with language, in that the children learn to dramatize and speak a language well," declared the speaker. Mrs. Lyons presented several puppets made by her pupils to the class for inspection.

Delta Phi Epsilon Sends Delegates

Delta Phi Epsilon, national honorary kindergarten fraternity met Wednesday evening at the home of Helen Honigsberger to form plans for attending the Founder's Day dinner in Los Angeles at the Women's Athletic association building on January 6.

The three delegates from Santa Barbara chapter will be Miss Edith Leonard, Faith Holm, and Helen Honigsberger.

Plans were also made for the next meeting to be held in Carpinteria at Faith Delamarter's home and the work was continued on the kindergarten primary clubroom and reference room which is being made from Miss Leonard's office.

Alpha Theta Alms Give Informal

Sponsored by alumnae members of Alpha Theta Chi, social sorority, a dance will be held Saturday evening at 9 o'clock at La Hacienda, 216 east Carrillo street. Alumnae and active members and their guests are invited to attend.

Tickets for the informal dance may be purchased from Margaret Keeley, ticket committee chairman, for \$1.10 per couple.

Party Is Given for Alumni of Campus Group

Members of the Alumnae association of Delta Zeta Delta were entertained by their patronesses, Mrs. Jane Miller Abraham and Mrs. J. B. Yager at a Christmas party during Christmas week. The affair was given in the home of Mrs. Abraham on upper Santa Barbara street. The chief feature of the evening was an imitation of the Happy Go Lucky Hour with Albert Eaves as master of ceremonies. Other members of the troupe were Evelyn Eaves, Patsy Eaves and Evelyn Sims.

Plans were made during the evening for the packing of Christmas baskets. Announcements were also made of the social activities for January, both for the active chapter and alumnae chapter. Midnight buffet supper was served by the hostesses and gifts were presented to all the guests.

Members present were Mrs. James Anderson, Mrs. George Browne, Mrs. William Campbell, Mrs. Lester Girsh, Mrs. Nelson Treolar, Mrs. Alfred Remp, Mrs. Ester J. Personal History of Local Students By PAUL WOODS

Did you know that:

James Murray, manager of dramatics and debate, and a member of the student body council, was born in Santa Barbara, that he attended grammar, junior high, and high school here, that he came to Santa Barbara State college because he did not want to break his record of schooling here, namely kindergarten through college, that he is enrolled in the English department and that he has not made any future plans as yet, that he doesn't want to enter the teaching profession, that his favorite pastime is driving cars at terrific rate of speed, that he doesn't like athletics in general but does play tennis, that he absolutely loathes social activities, that he doesn't care for musical comedies or anything like them, that his hobby is dramatics, plays, and productions, that he is a member of Sigma Alpha Kappa, social fraternity, that he is a pledge to Alpha Phi Gamma, national honorary journalistic fraternity, that he is president of the Newman club and of the College Players club?

Emily Soares and Chloe Vincent were the house guests of Phebe Steer for several days during the Christmas holidays.

Three Families Cared for by Las Espualas

Due to the generosity of the students of the college three families, instead of the two planned, were taken care of by the A.W.S. this Christmas. Besides the canned goods, clothing and toys donated there was also enough money given to allow an additional supply of meats, fruits and vegetables to be placed in the baskets.

This enterprise was sponsored by Las Espualas, sophomore service organization. The names of the families were received from the Neighborhood House. The Christmas tree used at formal at Rockwood was taken to the Neighborhood House, a civic social organization, where it was used during the holiday season.

Price Visits Former Supervisor at State

Mrs. Laura S. Price, head of the elementary department, visited Mrs. Lillian Gray, former supervisor of third and fourth grade in the State college elementary school.

Mrs. Gray is now teaching several courses at San Jose State Teachers' college. She also supervises 12 student teachers.

An article, "Questions for Progressive Teachers" written by Mrs. Gray, was published in the December, 1933, issue of "Progressive Education." She plans to work for her M.A. degree at Columbia and her doctor's at Yale.

San Jose Student Entertains at Tea

Several Santa Barbara State college students were guests of Barbara Seward, student at San Jose State college, at a bridge tea in her home at 20 Rubio road December 28 from 2 to 4 o'clock.

Santa Barbara State college students attending were Barbara Clarke, Phyllis Cole, Thelma Fent, and Betty Roulston. Other guests were Anita Cochran, Betty Aul, Marjorie Ballantine, Alyce Corbin, Dorothea Kent, Clara Herndon, Betty Procter, Mrs. Seward and the hostess.

Going Away Party Honors Guest

Marie Busengdal was the honor guest at a going away party given by Marjorie Cadwell Wednesday evening in the home of Kathleen Macleish, 1527 Olive street. Dancing and cards were the entertainment for the evening.

Guests invited were Charlotte Pilling, Pattie Popham, June Marie Ryce, Betty Roome, Catherine Westaway, Marguerite Hansen, Connie Cheever, Kathleen Macleish, and others.

Faculty Reviews of Recent Books

"THE EYES OF LOVE" By Warwick Deeping

Warwick Deeping, champion of misunderstood men, has presented in "The Eyes of Love," the simple romance of Ann Wetherrell and Jesse Falconer.

After Jesse, the impractical and unsuccessful owner of Fox Farm, in East Sussex, England, lost his eyesight trying to dynamite an old tree stump, the servant girl, Ann, offered the stumbling and bewildered dreamer the sympathy his impatient and more practical wife failed to give.

The blinded man finally learned of his shrewish wife's love for a prosperous neighbor, who admired the independent and organized management of the farm under the woman's control. Then the husband and wife decide to brave the gossip of neighbors, secure a divorce, divide their property, and pursue their own plans for a happier existence.

The servant girl and Falconer had already fallen in love, though they dared not reveal their emotions. Ann learned that in spite of his handicap the unhappy man planned to leave on a tramping expedition, alone, for he was a born

wanderer, with no ties now to hold him at home. He had decided not to tell the girl of his journey, for he did not dare to ask her to share his life. Ann followed Jesse, however, and after much arguing, persuaded him that he needed her eyes, "the eyes of love," to guide his footsteps.

Deeping, as usual, arouses the reader's sympathy for patient and stoical men who are too often scorned by a world of practical people. The novel shows humor and sympathy; its pathos and tragedy are genuine. The characters are subtly understood and skilfully depicted.

—DELLA HAVERLAND

"PAGEANT" By G. B. Lancaster

This is a long historical novel laid in Tasmania, dealing with three generations of two families which were early settlers in the far-away country. It is an accurate description of the island. The book also tells of the island. The book, also gives island traditions and historical details of the political struggles of the colonial government, the uprisings of the prisoners and the forced immigration of the convicts. Two characters are particularly

well drawn—Madame Comyn and Jenny both being dominating personalities.

To American people in general to whom Tasmania is just a geographical term, the book opens up a new world being created in a far flung colony of Great Britain.

She hopes to make the position a permanent one.

Cheever Exhibits in Santa Barbara Show

Walter L. Cheever, instructor in the art department, is holding an exhibition at the Little Balcony gallery in El Paseo through this week and up until Friday next week.

The exhibition is composed of figure compositions, still life and landscapes in oil. There is also a group of water colors, principally of fishing boats of Santa Barbara and San Pedro.

The gallery is open to the public from 10 a.m. to 4 p.m. daily.

DRAMATICS CLUB PLAN PLAY FOR UPPERCLASSMEN

Giving as the annual senior play the somewhat fantastic, "The Enchanted Cottage," the advanced dramatics class of Santa Barbara high school, under the direction of Miss Catherine Poyntz, is preparing for the opening night of production, Friday, January 12. The play will be repeated the evening of Saturday, January 13.

Written by the famous English playwright, Arthur Pinero, "The Enchanted Cottage" gives poignant insight into the lives of two English World War veterans, Oliver Bashford and Major Murray Hillgrove, who return to their homes shattered, spiritually and physically, by their terrible experiences.

Some 21 members of the class and approximately 25 younger children comprise the cast. The principals are as follows: Oliver Bashford, Ted Hanley; Mrs. Smallwood, his mother, Letha Parrott; Rupert Smallwood, his step-father; Norman Beechio; Major Murray Hillgrove, Jack Lane; the Reverend Charles Corsellis, Jimmy Fullerton; Mrs. Corsellis, Margaret Park; and Laura Pennington, Doris Freeman.

The performance begins at 8:15 o'clock. Reservations may be made by phoning the high school.

STATE QUINTET PLAYS WHITTIER

ROADRUNNERS TO MEET LAST YEAR CHAMPIONS IN TWO GAME SERIES

Whittier Expected to Defeat Locals

The Roadrunners open the southern conference with the initial game of the season against the Whittier Poets, this evening at 8 p.m., at the Poet's gymnasium. The Whittier quintet won the conference race last season. Pre-season games have seen the Poets winning all but one engagement.

Enthusiasm on the southern campus is running high for repetition of last year's championship. The Poets have lost, but two regulars from the last winter's squad. The strength of the team has not been hurt through the men graduating. Coach Davis hopes to put his strongest combination on the floor. Graduation took but two men from the State squad: Captain Paul Hopkins and "Pinky" Greeson. The men making the trip are Zapf, Miller, Lee, Lebeck, Keith, Davis, Hofar and Stockel. The starting team probably will be Stockel and Hofar, forwards; Zapf, center; and Davis and Keith, guards.

The outstanding player on the valley tour, Shirley "Swede" Keith, will undoubtedly prove to be the best man Coach Davis can put on the court. Keith's consistent playing has helped to steady the team in all the games State has played up to date.

In the opinion of southern newspapers the Roadrunners should prove an easy mark for the Poets. Coach "Chief" Newman will probably start his reserves in the two games with State on Friday and Saturday. The lack of enthusiasm shown on the campus and by the team itself will no doubt hamper the team in the opening games of the conference schedule.

CWA Workmen Mend Building on Campus

Repairs were made to the roof of the wood shop during the Christmas holidays by men furnished by the C.W.A. New tar paper was put on by a special process and at one place where the ceiling was sagging new beams were added.

This work was done by a foreman and four workmen furnished by the Civic Works Administration, national employment movement, through the efforts of President Clarence L. Phelps.

Requests have been made to the C.W.A. for men to make necessary repairs to the gymnasium. The plans call for the finishing of certain construction work in the building and to line the apparatus room. Requests have been made for four steam fitters to check the heating plant at State, according to E. E. Ericson, head of the industrial education department.

"They had bred in them the quality of fleetness and gameness," he said. "Both won the Derby, even though they were 'bleeders.' One of them lost much blood a month before his race, while the other bled to death a week after his."

Professor Mohr also attacked the indiscriminate campaign of propaganda being carried on in some sections for sterilization.

"We find," he said, "that proponents of criminal sterilization, who are usually not scientists, tend to exaggerate its benefits. Although sometimes it may be desirable, it is inadvisable as a general policy. It is much too dangerous."

MAULERS TO GET UNDERWAY SOON

The third event of the intra-mural season will soon be underway with the announcement by Doc Kelliher of the boxing and wrestling tournament to be staged in the first month of the second semester. Men who are interested in entering either boxing or wrestling should sign up at once so as proper drawing can be made at the earliest date possible.

Dates for individual bouts will be scheduled and announced later by Manager Kelliher, who will make the final arrangements for the tournament. The final bouts probably will be held by the American Legion. The medals will be given by the Legion in the interest of intra-mural activities at the college. The medals given by the Legion last year were well worth the efforts of those who participated.

"Hurry, men, sign up for the tournament. Let's have plenty of fire and enthusiasm," says Kelliher.

A three way tie as a result of the win of Beta Sigma Chi over the strong H-P quintet coached by "Swede" Keith puts the first round of intra-mural basketball in a toss-up.

With the opening of the second half schedule on the ninth of this month the Beta Sigma Chi five meet the Sig-Alpha team. The second round should be interesting to the intra-mural enthusiasts of the college. Manager Kelliher states that the basketball played up-to-date equals the type played by the college varsity.

JUNIOR VARSITY BEATEN IN TILT

In a fast encounter at the old junior high gym Wednesday night the Junior Varsity dropped their second Open League game to the Young Democrats by a score of 33-29. The jayses lost their first league game over the holidays to the San Marcos C.C.C.

The jayses have been thus far handicapped by lack of practice. Coach Harry Killian however hopes to soon remedy this deficiency.

The outstanding men on the floor for the jayses were Bill Morrissey, formerly of Santa Clara, and Allan Garber. These boys playing the guard posts displayed a dazzling passing attack which at times baffled the Young Democrats.

The Junior Varsity line-up consisted of Morrissey, and Garber at forwards, Pensinger and Muegenburg at forwards, and Treloar at center.

Buppy Moore, late comer, went in at forward and dazzled the opposition with his defensive work. With Red Mahoney arranging his work at the Campus Coffee Cup so that he will be able to play next Monday night, the Junior Varsity will be once more a scoring aggregation.

EDITORS ACCEPT

Francis Schreiber and Allen Frick sent in a challenge to any two men on the campus to a handball match, which the Roadrunner editors, Fritz Muegenburg and Ben Palmer, agree to accept next semester.

Frosh Squad Composed of Lanky Players

With a squad of 12 tall men, Coach Ray Denno's frosh basketball team is rounding into shape. In spite of their inexperience, Coach Denno hopes to mold them into a smooth running team.

The frosh will play preliminary games for all of the varsity encounters. They will meet strong opposition in Ventura J.C., Y.M.I., Santa Ynez, Carpenteria High, and Santa Barbara High school.

One of the most promising casaba lobbies is Bob Johnston, who looks down from 6 feet 2 inches. A strong forward combination composed of Dick Nye and Dick Brimer will form a good offensive threat.

Those out for the team are: Bob Johnston, Dick Brimer, Dick Nye, Howard Van Winkle, Don Follett, Leonard Dorn, Julius Deroset, Harry Rupp, and Frank Gilmore.

Locals Are Invited to Whittier Frolic

An invitation to a dance at the Whittier Women's club following the basketball game between the local college and Whittier State on January 5 has been extended by Richard Nixon, president of the Associated students of Whittier college, to students of Santa Barbara State.

Santa Barbara students will be admitted free upon presentation of their student body cards. Dean Lois Bennink has given her approval of the arrangements.

WHITTIER DOPED TO ANNEX CROWN AS CASABA SEASON OPENS TONIGHT

Tough Competition Furnished by Tigers

Losing only one letterman from last year's championship team, Whittier's conquest of the 1934 championship gets under way with two games with Santa Barbara the first week in January. Captain William Duncan, All-Conference guard in 1933, is the only man who finished last year. Bixby, Chisler and Tallman, forwards; Bryson and Gaudio, centers; Halliday and Captain Warner, guards; are the returning lettermen.

Occidental, 1933 runner-up, has also lost only one man, Captain Don Main. Captain Al Pupis, Lund, Jakel and Rueffner, forwards; Gough at center and Beebe, Topping and Howe at guard compose a veteran and experienced outfit. Pupis was high point man in 1933, with a total of 122 points in ten games.

Captain Marty Carter, La Verne captain elect, was selected as forward and captain of the 1933 All-Conference team, and was second high point man in conference scoring, with an opening of 11.9 points per game. The opening practice also found Montgomery, Brooks, Adams, Calvert and Elder on hand from last year's lettermen.

At Redlands a veteran team lined up for the first practice, with Gage at center, Perkins, Pratt, Vancil at forwards, and Smith, Speth and Marshall at guards. Smith's playing last year won him recognition as an All-Conference guard. There is still some doubt whether Gage will be able to continue, for a knee injury received in football is permitting him to take only a light work-out at present. However, Redlands boasted of a flashy frosh team last year, which was as strong if not stronger than their varsity. The

outfit returning now as sophomores, has reported in full strength. It is probable that they will be used in games as a complete unit.

San Diego has just finished work on a new gymnasium and first practice was held there this week. Basketball interest has picked up immensely on the Aztec campus, and a veteran squad expects to be in the thick of the fight in the championship.

Pomona, Cal Tech and Santa Barbara each have only a few lettermen left from last year, but report a strong turnout from last year's frosh squad.

The schedule opens with Whittier playing Santa Barbara on January 5 and 6, and Pomona at Occidental on January 6. The season continues for nine weeks closing on March 3.
