Frankenstein Speaks Tomorrow On Critics

"Art Criticism: What It Is and What It Isn't" will be the subject of a talk by Alfred Frankenstein, critic and lecturer of art and music, tomorrow at 8:30 p.m. in Campbell Hall.

The illustrated lecture is free to the public.

Frankenstein is art and music critic of the San Francisco Chronicle and lecturer in art history at the Berkeley campus. Formerly an instructor at Harvard, his awards include a Guggenheim Fellowship for research on William Harnett.

In the lecture, Frankenstein will first define what art criticism is and the role of art critics in general. Within this framework he will discuss some slides of art works from all periods, styles and types. The commentary will be spontaneous, since the selections made by William E. Dole, UCSB associate professor of art, will not be known in advance.

Frankenstein, also well known as a music critic, has written a number of books, among them "After the Hunt," a biography of William Harnett, and "Angels Over the Altar." He is a frequent contributor to the Magazine of Art, the Musical Quarterly, the New-York Herald-Tribune and other publications.

The visiting lecturer received the bachelor of philosophy degree from the University of Chicago and attended Yale University. Frankenstein, has been a lecturer in American art at Berkeley since 1950, and is program editor for the San Francisco Symphony and a lecturer in American studies at Mills College.

Frankenstein has been manager of the International Society of Contemporary Music. Before joining the staff of the Chronicle, he was music editor of the Chicago American and an instructor in music at the University of Chicago.

On one day and off the next, the special election appears set for May 14 and 15, Tuesday and Wednesday of next week.

In an unusual and brief special meeting Friday, Legislative Council unanimously decided AS President Joe Sorrentino's proposed constitutional revision will

appear on the ballot with the one class and three AS races left unfinished in the last election.

Sorrentino told Council members the initiative petition to place the revision on the ballot had been signed by at least 1,000 students, 300 more than required.

The AS President and 40 co-workers began circulating the

petition early Wednesday morning after Leg Council had thumbed down the move to put the proposal before voters.

Council also voted to shift the regular Tuesday night meeting to Wednesday this week. The AS Constitution states a completed petition must go to the Constitution and By-laws Committee one week before it is presented to Council.

Council acceptance of the petition is merely a formal procedure and involves no approval or vote, Sorrentino said.

A negative, two abstentions and an absence were enough to counter the ten votes approving the constitutional reform plan at the Tuesday night Council meeting.

Briefly, the plan calls for a less cumbersome Leg Council, a revamped executive featuring a new cabinet and an independent judiciary. The complete proposal appears inside this edition.

Opposition to the proposal, maintaining more time was needed for refining it, hit hard on the apportionment issue.

Sorrentino's counter is that apportionment is no issue now. Council members for next year already have been elected under the present apportionment system, which need not be changed until the 1964 election.

He also pointed out approval of the proposal now will allow president-elect Bob Andrews to choose next year's committee and board members in accordance with its provisions.

Though preferring a slower approach, Andrews already has indicated he will support the measure once it is on the ballot.

The proposal needs approval "so student government can have an efficient structure to work with rather than an archaic one we inherited from a teacher's college of 500 students," Sorrentino said.

The AS President will release today or tomorrow a pamphlet he has written to explain changes and clarify reasons for the revision. Pamphlets will be distributed both on and off campus.

The decision scheduling the special election for next week ended a nine day wait for nine candidates. The election had been set for tomorrow when the constitution reform failed to pass Leg Council, but was reset after enough signatures were secured on the petition.

Elections committee chairman Judy de Haan had asked for an early election. Several of those candidates not elected will want to apply for committee positions in next year's government, she explained. Andrews is interviewing applicants this week.

Running for men's non-affiliated rep are Al Arkush and Doug Miller; for women's non-affiliated rep, Pat Hunter and Marcie Rude; for sorority rep, Gretchen Cox, Judy Spruell and Donna Carnahan; and for sophomore class president, Bill Rauth and Terry O'Connor.

The three rep races were voided because of errors by poll workers.

SB Brass Concert Tomorrow Noon

The UCSB Brass Choir will make its only campus appearance of the year tomorrow at noon at the music bowl. Admission is free.

Dr. Maurice Faulkner will direct the 20 musicians who will play trumpet, trombone, french horn, baritone horn, tuba and percussion instruments.

Music in tomorrow's hour long concert ranges from the sixteenth century antiphony of Giovanni Gabrielli to the modern works of Stan Kenton. A feature of the program is the first performance of a new piece by local composer Leonard Norwitz.

The performing group recently completed a tour of schools of Santa Barbara and Ventura counties and Antelope Valley.

apparently by a group opposing his speaking to the campus," said Anacapa Hall President Gary Moselle.

The signs publicized the lecture "Black Muslims: Muhammad of America," by the West Coast representative of the Black Muslim sect tonight in Campbell Hall at 8 p.m.

Shabazz and the Black Muslims advocate a doctrine of segregation of the races and claim Negro supremacy.

Muslim leader, the Honorable Elijah Muhammad, Messenger of Allah, tells of a past Negro civilization on the continent of Africa which was supreme in the world, and how, through exploitation by the white man, the Negro has fallen to his present state.

The Black Muslim sect was begun in 1931 by an ex-Georgia factory worker, Elijah Poole. It amalgamated the elements of Christianity and Mohammedanism and is spiked with a black-supremacy version of Hitler's Aryan racial theories.

Its principal ambitions are freedom, justice, and equality for the Negro people. Elijah Muhammad advocates a "clean up"

of the Negro people morally, mentally, and spiritually.

The cult's aim is to maintain segregation on an "equal" basis. Muslims eventually hope to make a few states, such as Mississippi and Alabama, all-Negro and for them to secede from the Union and form an independent country.

Paganini Quartet To Present Concert

Pagnini Quartet will present its final concert of the year, with Dr. John Gillespie, professor of music, as guest harpsichordist, Wednesday, at 8:30 p.m. in Campbell Hall.

Tickets are available at the door.

Dr. Gillespie will perform with the Quartet Padre Antonio Soler's "Quintet No. 6 in G Minor" for string quartet and harpsichord.

Also included in the program will be Alberto Ginastera's "Quartet No. 1", a contemporary work by the well-known South American composer.

Blood Drive Tomorrow

Students may donate blood to the Larry Adams blood drive tomorrow from 9 a.m. to 3 p.m. in the campus auditorium.

Chairmen Post Sign-Ups Open

Students may sign-up for committee and board chairmanships in the AS office. Twenty-five positions are open for next year.

A meeting will be held today at 4 p.m. in the Huddle for representatives of all living groups and interested students to discuss the responsibilities of the various positions.

Committee chairmanships include: assembly, awards, chairities, constitution and by-laws, election, finance, publicity, rally, social, special events, standards, student union policy, and library.

Students are also needed for seven boards: activities control, athletic control, music control, press control, recreation control, speech control and personnel.

Chairmen are also being sought for four special committees: community relations, career planning, student affairs, and speakers bureau.

New Tickets Needed

Editor:

In a recent article in the UCSB El Gaucho there was an accusation by Mrs. Kathryn C. Smith that she was unjustly dealt with by the Campus Police.

We feel that the ticket blew off of her automobile and this was the reason that she never received the citation. The tickets that the Campus Police use are thin pieces of mimeographed paper and they cannot withstand the high winds that this area has without blowing off.

Has the administration not allocated enough funds for substantial tickets? In the opinion of the Committee, the administration should rectify this immediately by providing better quality tickets which would stay on the car even in the high winds.

It might be added that the Goleta Justice Court should also be given a new building. The present court will blow away just as Mrs. Smith's ticket did if the problem there isn't rectified and a more substantial building provided.

Yours truly,

Petty Attitude In Music Controversy

For the past few weeks we have had a certain amount of controversy over the policy of music reviews appearing in El Gaucho.

We appreciate this type of controversy and feel that this type of argument cannot help but improve the intellectual atmosphere on this campus. It is our policy to publish both sides of an issue whenever possible. We assume that persons reading our newspaper have sufficient intellectual competence to digest truth and to reject falsehood.

Views expressed under by-lined articles are the opinions of the writer and are to be judged in that light. A music reviewer is a by-line writer. The review is his personal view of the performance. Contrary to public belief music reviewers are people.

We feel that we not only have a right to review but that we have an obligation to review. Apparently the view of some persons associated with the music department is quite the contrary.

They feel that campus performances are an extension of the classroom situation, and as such should be exempt from public scrutiny. If there must be reviews, they feel that a reviewer should be "qualified."

Now we certainly believe that reviewers should be qualified. The difference between the music department's view and ours is that they define qualified as one who accepts and judges favorably. We get this opinion from the fact that there is never any uproar over favorable reviews. Even the much maligned Mr. Myjesik was not chided for his "lack of ability and tact" until his reviews switched from the positive to the negative.

If these members of the music department were interested in truth, they would chide undeserved flattery with the same emphasis they do undeserved criticism. But they are not interested in truth and they are not interested in quality; they are interested in ego.

We have never heard a word from the music department except for help in publicizing their events or for damning criticism which they feel is wrong.

This petty ego has now degenerated to withholding the customary El Gaucho complimentary tickets for musical events, for reviewers. This will cost our budget 75 cents. This is not very taxing but it does illustrate the level which seemingly intelligent, talented gentlemen will go to protect their thin skins and closed minds.

Our object in presenting reviews is not to give THE view of a concert. It is to present a view. If in doing this the reviewer's position is not strong or his basis false then we expect him to be put to task by our readers. This is justifiable; this is stimulating to all parties concerned.

What we do not expect is for respected professors to lower themselves by advocating muzzling of student views or censorship of student opinion.

Magazine Project

In Southeast Asia Soviet magazines printed in English are given away free. American magazines are scarce and expensive.

To meet the expanding demand for U.S. magazines a people-to-people project was organized in 1959 whereby Americans send their used periodicals directly to persons overseas.

Laboring under the weighty title of "Magazines from a friend in the United States to a friend overseas," the organization has nevertheless collected such a backlog of requests that contributors are desperately needed.

In addition to holding his administrative post Goodspeed is a professor of political science and has written a book on the history and nature of international organizations.

Pros, Cons Of Quarter System For UC Discussed

Editors note: This is the first of a three part series discussing future year round operation of UC campuses. Part I will examine the quarter system.

by Kay Waite

UCSB is in store for a year around academic program. The question is--will a quarter or tri-mester system be adopted?

A year round plan is necessary on UC campuses to meet growing enrollment.

According to President Clark Kerr it would allow the University to handle 40% more students than it now does.

The Plan will also save money in the long run even though there will be initial expense.

"It's more economical to operate the residence halls and parking lots on a year-round basis," Kerr said. "The efficiency of all-the-time-operation may not decrease. . . residence hall rates but it will certainly keep them from increasing."

All Cal campuses must operate on the same schedule and controversy over which system would be best is in full swing.

Academic senate at Berkeley endorsed the quarter system, UCLA students voted for the tri-mester calendar. Cal Club members favor the quarter schedule while UC professors lean toward the tri-mester.

On this campus a poll taken by Legislative Council representatives shows student support for the quarter system.

A quarter system would include 3 quarters of 12 weeks during the regular school year and a summer quarter equal in length to the other terms.

Summer courses could be equivalent in content and quality to courses offered in the other terms.

A quarter calendar would have a fall term ending in December. The "fame duck" aspects of a term which spans the Christmas holidays would be eliminated. Students would finish finals before vacation instead of taking them 2 weeks after they return.

Music Department To Host Convention

The Music Department will host the two California chapters of the American Musicological Society on Saturday, May 11. More than 200 members have been invited to attend the all-day sessions.

Dr. Karl Geiringer, professor of music, will be the main speaker and read a paper on "300 Years in the History of a Protestant Funeral Song."

At the morning session members will hear papers on a variety of subjects devoted to the music of the 16th and 17th centuries.

Sessions, beginning at 10:30 a.m. and 2 p.m., will be held in the South Hall lecture room and are open to anyone interested in musical scholarship.

Coordinator of the meeting is Dr. Roger Chapman, chairman of the music department and the Southern California Chapter of the American Musicological Society.

Coordination with schedules of high schools, junior colleges, and other colleges and universities would be easier under the quarter system than any other mode of year-round operation.

Leading universities now operating on a quarter schedule include Stanford, University of Chicago, Cal Tech, USC, and University of Washington.

Flexibility of calendars has been cited as an advantage of the quarter system. Students or faculty members could take a quarter's leave with the least interruption in their schedule.

A change to the quarter system would require a re-examination of existing course content, inter-course relationships, and departmental offerings and curriculum sequences which could have a beneficial effect on the whole educational program of the university.

In some departments division of courses into three sequences would be more practical than the current two semester division.

Students could concentrate on a smaller number of courses in a given term under the quarter system.

Three courses each meeting five times a week allow greater concentration of effort and continuity of development than the traditional five courses meeting three times a week.

Other benefits of the quarter system include enhanced counseling through increased opportunities for review of student programs, and less faculty and space requirements for year-round operation than other proposed calendars.

On the con side of the quarter system proposal comes the mas-

sive amount of work that would be necessary to reorganize all courses and curriculum.

Year courses would have to be divided into three parts instead of two and semester courses would have to be cut to one quarter or increased to two quarters.

HOW TO SEE EUROPE FOR ONLY \$300 A DAY: NO. 2

Last week we discussed England, the first stop on the tour of Europe that every American college student is going to make this summer. Today we will take up your next stop—France, or the Pearl of the Pacific, as it is generally called.

To get from England to France, one greases one's body and swims the English Channel. Similarly, to get from France to Spain, one greases one's body and slides down the Pyrenees. And, of course, to get from France to Switzerland, one greases one's body and wriggles through the Simplon Tunnel. Thus, as you can see, the most important single item to take to Europe is a valise full of grease.

No, I am wrong. The most important thing to take to Europe is a valise full of Marlboro Cigarettes—or at least as many as

He introduced shortness to France

the customs regulations will allow. And if by chance you should run out of Marlboros in Europe, do not despair. That familiar red and white Marlboro package is as omnipresent in Europe as it is in all fifty of the United States. And it is the same superb cigarette you find at home—the same pure white filter, the same zestful, mellow blend of tobaccos preceding the filter. This gem of the tobacconist's art, this prodigy of cigarette engineering, was achieved by Marlboro's well-known research team—Fred Softpack and Walter Fliptop—and I, for one, am grateful.

But I digress. We were speaking of France—or the Serpent of the Nile, as it is popularly termed.

Let us first briefly sum up the history of France. The nation was discovered in 1066 by Madame Guillotine. There followed a series of costly wars with Schleswig-Holstein, the Cleveland Indians, and Jean Jacques Rousseau. Stability finally came to this troubled land with the coronation of Marshal Foch, who married Lorraine Alsace and had three children: Flopsy, Mopsy, and Charlemagne. This later became known as the Petit Trianon.

Marshal Foch—or the Boy Orator of the Platte, as he was affectionately called—was succeeded by Napoleon, who introduced shortness to France. Until Napoleon the French were the tallest nation in Europe. After Napoleon most Frenchmen were able to walk comfortably under card tables. This later became known as the Hunchback of Notre Dame.

Napoleon, after his defeat by Credit Mobilier, was exiled to Elba, where he made the famous statement, "Able was I ere I saw Elba." This sentence reads the same whether you spell it forward or backward. You can also spell Marlboro backward—Oroblam. Do not, however, try to smoke Marlboro backward because that undoes all the pleasure of the finest cigarette made.

After Napoleon's death the French people fell into a great fit of melancholy, known as the Louisiana Purchase. For over a century everyone sat around moping and refusing his food. This torpor was not lifted until Eiffel built his famous tower, which made everybody giggle so hard that today France is the gayest country in Europe.

Each night the colorful natives gather at sidewalk cafes and shout "Oo-la-la!" as Maurice Chevalier promenades down the Champs Elysees swinging his malacca cane. Then, tired but happy, everyone goes to the Louvre for bowls of onion soup.

The principal industry of France is cashing travellers checks. Well sir, I guess that's all you need to know about France. Next week we will visit the Land of the Midnight Sun—Spain.

New Spanish Language Lab To Open Soon

A new \$25,000 Spanish language laboratory, under the supervision of Dr. Alberto Eraso-Guerrero, will be soon ready for use.

The recently completed facility of 35 students booths, individually

equipped with a tape deck, a head set with an attached microphone, and a program amplifier with an access to eleven sources or "channels" should ease the crowded conditions in the present foreign language laboratory.

A centralized control panel has a build-in monitoring feature which allows the instructor to tune into any or all of the booths and also permits a two-way conversation between student and teacher or laboratory attendant.

A new Spanish Language Laboratory at UCSB is tested by students seeking to improve their proficiency in Spanish, while

laboratory director Dr. Alberto Eraso handles the controls. Looking on is Wayne Phillips, project architect.

Kerr Answers Queries About Discrimination

President Clark Kerr has issued replies to several queries concerning non-discrimination in student organizations and approved housing of UC campuses.

The "quota" system is not required under this policy issued by the Regents of the University of California. But discrimination on the grounds of race, religion or national origin "is specifically forbidden".

President Kerr stated that this policy does not change the "traditional relationships" between the chapters and alumni groups or national organizations, as long as these relationships do not require selection on the basis of the forbidden discriminations.

Regents' policy is not violated by statements in documents of the organization that require "belief in God or in general moral principles of a faith," said Kerr.

The fact that a chapter's status is changed on one campus does not effect the status of a chapter on another campus belonging to the same national organization.

Kerr stated that it is the responsibility of the "Chief campus officer" to handle violations of this policy.

The lab was supposed to be opened Monday. However, due to incorrect wiring it will not be ready for use until the summer session. The laboratory will be operated at least ten hours daily and will accommodate classes and individual students seeking to improve their language skills.

According to Wayne L. Phillips, project architect, the lab is especially equipped to perform multi-services for the students. Recorded programs of language pattern drills, stories and poems will be available to students. One channel will be used exclusively as a "sound library" devoted to cultural programs including music of Spain and Latin America and poems and literature of famous Spanish scholars.

Dr. Eraso-Guerrero particularly emphasizes the value of the laboratory in giving the student conversational experience in the language he is studying. The laboratory director stated that the facility "will accelerate the process of learning and help the student assimilate the structural patterns of the language and thus support classroom work."

Juniors Aid Fund

A \$200 annual scholarship was recently donated by the Junior Class to the Alumni Association scholarship fund.

Juniors with an overall grade point of "B" or better and with sufficient financial need are eligible for the scholarship, which will be presented for the first time next Fall.

The Junior Class already raised \$400 for the fund, which will be matched dollar for dollar by the University Regents, making four scholarships available eventually.

Card Players

The Student Union Policy Committee has requested card-playing students move outside the coffee shop during noon lunch hours.

The request came as a result of "increasingly crowded conditions during the lunch hour and expected increase of these conditions next year".

Sing To Be Aired

Excerpts from the 1963 Spring Sing will be aired from 11 p.m. to midnight on KDB radio today through Friday and May 13 to 17.

The station is found on 1490 AM and on 93.7 FM radio.

'As You Like It'

"As You Like It" will be staged out doors in the Campus Music Bowl by the speech and drama department at 8:30 p.m. May 14-18.

Tickets are available at Campbell Hall box office for 75¢ for students and \$1.25 general admission.

The bowl's semi-circular seating arrangement will provide the setting for the William Shakespeare comedy. Elizabethan songs and dances will be presented from 8 to 8:30.

Section 5: Apportionment of Voting Representatives

The voting representatives shall be apportioned as follows:

- a. There will be two Non-Affiliated Representatives -- one man and one woman.
- b. There will be a minimum of two representatives for the Residence Halls Association and the Greek organizations. From each there shall be at least one man and one woman representative; the number of representatives shall be proportional to the student make-up of these groups, and the number of representatives-at-large shall not be reduced to below two.
 - 1. For every increase of 3,000 regularly enrolled students in excess of 3,000, the base constituency of 400 per unit representative shall increase by 200 students; this form of representation will be continued until the A.S. Membership reaches 15,000.
 - 2. The number of voting representatives of Legislative Council shall be 12; reapportionment of unit representatives shall be achieved by altering the number of Representatives-at-large.
 - 3. The proportioning of unit representatives under Section 4 shall be the duty of the co-chairmen of the Elections Committee before every Spring General Election.

ARTICLE V: JUDICIARY

Section 1. Judicial Authority

All judicial power of the Association shall be vested in the Judicial Committee and in such subsidiary courts to which it confers jurisdiction.

Section 2. Membership

The Judicial Committee shall consist of six members: Chairman, selected by the Associated Students President with the consent of 3/4 of the voting members of Legislative Council; one representative from Pan-Hellenic; one representative from I.F.C.; and two representatives from RHA selected by the chairman with the consent of 3/4 of the voting members of Legislative Council, and one non-voting representative from the Dean of Students.

Section 3: Duties and Powers

The Judicial Committee shall:

- a. Act in an advisory capacity to the Faculty-Administration Committee on Student Discipline, regarding student views on conduct, penalties and procedures.
- b. Review charges of misconduct, determining the guilt or innocence of those involved, and recommend to the Dean of Students of the Faculty Administration Committee on Student Discipline such corrective or disciplinary measures as may seem appropriate.
- c. Coordinate the student judicial efforts of judicial committees in fraternities, sororities, residence halls, and other living groups.
- d. Assist in the development of programs for creating conditions and attitudes in the student body conducive to high standards of conduct.
- e. Have cases referred to them by individual students, ACB, student groups, student judicial committees, and the Dean of Men or of Women.
- f. Rule on the constitutionality of any legislative act challenged by a member of the Associated Students. If the court rules an act null and void a 3/4 vote of the Legislative Council is necessary to revalidate it.

ARTICLE VI: A.S. BUSINESS MANAGER

Section 1: Selection and Term

The Business Manager of the Associated Students shall be an alumnus of the University of California, Santa Barbara. His selection shall be made by the Legislative Council subject to approval of the Chancellor. The A.S. Business Manager's term of office shall be indefinite and shall be terminated by written notice of either the A.S. Business Manager or the Legislative Council at least ninety days in advance. This notice shall be subject to review by the Chancellor.

Section 2: Functions and Duties

- a. He shall be the official representative of the Associated Students in all of its business and financial dealings and shall be responsible to the Legislative Council for the efficient conduct of all matters pertaining to his office.
- b. During the school year, he shall render a complete semi-annual financial report to the Pre-Audit Committee, Finance Committee, and the Legislative Council.

- c. He shall keep a suitable system of accounts, records, and books of the Associated Students and its various activities. All of the accounts of the Associated Students shall be kept in a standard form so that a true statement of the Associated Students' financial status may be drawn up at any time. All expenditures shall be made by requisition through the A.S. Business Manager's Office. The finances of the Association shall be administered on a budget system. The budget for the fiscal year shall be prepared by the Finance Committee during the Spring Semester and shall be presented to the Legislative Council for approval.
- d. He shall present to the Legislative Council a complete annual audit by a certified public accountant for the preceding year. This audit must be approved and published by the Legislative Council.
- e. He shall supervise collection and expenditure of all monies of the Associated Students.
- f. He shall appoint a ticket sales manager subject to the approval of the Legislative Council and shall furnish complete reports on ticket sales as requested by the Legislative Council.
- g. He shall have the authority to borrow money in the name of the Associated Students with the approval of the Legislative Council and the Pre-Audit Committee.
- h. The A.S. The A.S. Business Manager shall supervise the budget and activities of all employees and services.
- i. The A.S. Business Manager shall act as a trustee for the Associated Students in maintaining custodian accounts for various college organizations.

Section 3. Contracts

All contracts and other obligations shall be entered into in the name of the Associated Students. The A.S. Business Manager and a representative appointed by the Chancellor shall sign all contracts subject to approval of the Legislative Council.

Section 4. Emergency Replacement

In case of emergency, a temporary A.S. Business Manager may be appointed by the Legislative Council to handle the A.S. Business Manager's position. This appointment shall be subject to the approval of the Chancellor. The temporary A.S. Business Manager is selected and need not be a graduate of the University of California, Santa Barbara.

Section 5. Deposits

The monies of the Associated Students shall be kept on deposit in a bank and drawn out only by checks signed by the A.S. Business Manager, or by one member of the Pre-Audit Committee who shall be authorized by the Legislative Council to function in the capacity in the case of an emergency created by the prolonged absence of the A.S. Business Manager.

ARTICLE VII: ELECTIONS

Section 1. Time of Elections

Regular Associated Students elections shall be held on one day in the Spring Semester a minimum of three school weeks after the beginning of school.

Section 2. Officers

In addition to the officers prescribed in Article III, Section 6 of this constitution, officers shall be selected by the Sophomore Class, the Junior Class, the Senior Class, the Associated Women Students and the Associated Men Students. The Freshmen Class Officers shall be elected in the month of October.

Section 3. Vacancies

Special Associated Students elections shall be held to fill vacancies among the elective officers or as general Associated Students business necessities.

Section 4. Voting Privileges

All undergraduate members of the Associated Students shall be permitted to vote at any election of the Associated Students.

Section 5. Election Procedure

- a. All elections shall be by secret ballot.
- b. A candidate receiving a majority of the votes cast for the office in question shall be duly elected.
- c. In the event no candidate for a particular office receives a majority of the votes cast, the Election Committee within one week shall call another election in which those two candidates receiving the highest number of votes in the previous election shall be the only eligible candidates.

- d. The President, the Vice-President, the Secretary and the women and men Representatives-at-large shall be elected by vote of the entire student body.
- e. The Sorority Representative shall be elected by vote of all women students affiliated with social sororities.
- f. The Fraternity Representative shall be elected by vote of all men students affiliated with social fraternities.
- g. The two women's Residence Hall Representatives shall be elected by vote of all women students affiliated with women's residence halls.
- h. The two men's Residence Hall Representatives shall be elected by vote of all men students affiliated with men's residence halls.
- i. The non-affiliated women's Representative shall be elected by vote of all women students who are not affiliated with a social sorority or a residence hall.
- j. The non-affiliated men's Representative shall be elected by vote of all men students who are not affiliated with a social fraternity or a residence hall.

Section 6. Representation

Each Unit Representative and each Class Officer shall be, and shall remain during the term of office, a member of the unit or class by which he is elected.

A candidate must be a member of the unit he seeks to represent the semester he is running for office.

No one shall be eligible to vote for Unit Representatives other than those of his respective unit. If an individual belongs to more than one unit, he shall be eligible to vote for representatives of one unit only.

ARTICLE VIII: RECALL, INITIATIVE, AND REFERENDUM

Section 1. Recall

- a. Associated Students Officers may be subject to recall by presentation to the Legislative Council of a petition signed by ten per cent of the regular members of the Association.
- b. Within fifteen days after presentation of the petition, the co-chairman of the Election Committee shall hold a recall election. A two-thirds majority of all votes cast shall constitute a recall.
- c. Class officers shall be subject to recall in the same manner by the class which elects them.

Section 2. Initiative

The Associated Students shall have the power to initiate legislation by means of a petition signed by ten per cent of its regular members. Said petition shall be presented to the Co-Chairman of the election Committee who shall call a special election, which shall be held within fifteen days. Initiative election shall be conducted in the manner prescribed for regular elections. A two-thirds majority of all votes cast shall be sufficient to initiate legislation.

Section 3. Referendum

Any legislation passed by the Legislative Council, except emergency or financial measures, shall be subject to the referendum vote of the Associated Students. Upon presentation to the Co-Chairman of the Election Committee of a petition signed by ten per cent of the regular members of the Associated Students, the Legislative Council shall repeal such legislation or submit same to a vote of the regular members of the Associated Students. Referendum election shall be conducted in the manner prescribed for regular elections. A two-thirds majority of all votes cast shall be sufficient to repeal legislation.

ARTICLE IX: AMENDMENTS

Section 1. Amendments to this constitution shall be proposed in either of the following manners:

- a. Upon consent of three-fourths of the voting members of Legislative Council.
- b. By a petition signed by at least fifteen per cent of the regular members of the Associated Students and presented to the Chairman of the Constitution and By-Laws Committee at least one week prior to the Legislative Council meeting to which it is to be presented.

Section 2. The Chairman of the Constitution and By-Laws Committee shall arrange for an election to be held within fifteen days after either (a) or (b) has been fulfilled. Copies of the proposed amendment and notices of the election shall be posted by the Chairman of the Constitution and By-laws Committee. A full statement of the amendment shall be published in the El Gaucho at least one week prior to the election.

Section 3. Voting on amendments shall be by secret ballot and a favorable vote of two-thirds of all votes cast shall be necessary for the adoption of the amendment. Regular election procedure shall be followed.

News In Brief

SYRIA witnessed its most serious political crisis since its two-month-old government came to power following a successful coup in February. The crisis came as a result of the resignation of five pro-Nasser ministers and threatens to disrupt plans for the proposed union of Syria and Egypt. Ending the shaky coalition between the Baathists and three pro-Nasser parties, the resignations were precipitated by a dispute between the socialist Baathists, who claim to be the majority party and the pro-Nasserites who wish equal representation in the government.

HAITI was placed under a state of martial law and a strict curfew which emptied the usually jammed streets of Port-au-Prince, left the Haitians with practically no constitutional guarantees. The order was put into effect following the departure of an inter-American investigating commission which had been sent by the Organization of American States following charges against the Haitian government by the Dominican Republic.

THREE THOUSAND LEOPOLDVILLE POLICEMAN mutinied in the Congo's capital city as part of a demand for higher wages. The policemen, virtually comprising the entire police force of Leopoldville, siezed hostages and barricaded themselves in the Lufungula police barracks. The riot was ended when paracommandos, led by Gen. Joseph Mobutu, entered the barracks with rifle butts swinging and quelled the mutiny without firing a shot.

BIRMINGHAM, ALABAMA was the scene of more racial violence as police dogs and fire hoses were used to repulse a demonstration against segregation by Negro students. This demonstration, which was confined to the Negro district, followed by one day the tremendous demonstration by young Negroes which resulted in the arrest of over 700. Many of those arrested were under 15 years old. Attorney General Robert Kennedy warned that the demonstrations, although possibly ill-timed, were inevitable and that "increasing turmoil" will continue as long as Negro's rights are withheld.

SENATOR JOHN McCLELLAN and his permanent Subcommittee on Investigations continued its inquiry into the controversial TFX fighter plane issue which has stirred up great trouble between the Defense Department and Boeing and General Dynamics aircraft companies. The dispute came to a head several days ago when the government awarded the billion dollar contract to General Dynamics of Ft. Worth, Texas, despite claims by Boeing that their bid was several million dollars less. Defense Sec. McMamara has said that he felt Boeing's bid was "unrealistically low."

Seven Records Set In CCAA Meet; Fresno Champs

by Fred Dawson

Seven new records were put in the books Saturday and one tied in the twenty-second running of the California Collegiate Athletic Association Track and Field Meet on the Gauchos oval.

Fresno State won eight of the day's seventeen events and twice placed two men in first places to take league honors for the second time in three years.

Defending champion Long Beach State only managed four firsts in the meet, but it was still good enough for the runner-up spot before a crowd that numbered almost 1,000.

Leading the Bulldogs in their victory was Sam Workman, who took both the 100 and 220 sprints, with times of 9.9 and 21.8. The sprint times were surprisingly slow, as five performers in the CCAA had times of 9.7 or better in the 100 and 21.1 in the 220 in meet competition prior to Saturday's all-league encounter.

Also taking home two wins for the Bulldogs was big Sid Nickolas, who won the broad jump with a 24-1 3/4 effort and blazed to a field record tying time of 14.4 in the 120 high hurdles.

Fresno actually had an eighth first place finish which was not allowed, as their 41.7 clocking in the 440 yard relay was disqualified because a Fresno runner overran the passing zone on the baton exchange.

Two of Fresno's victories set new loop marks, the mile relay and the pole vault. The Bulldogs clocked the relay in 3:15.4, clipping 3.5 seconds off the old mark held since 1949 by College of Pacific.

In the pole vault, Fresno's Bill Allen soared 14-10 1/2 to better the old CCAA standard of 14-6 set last year by another Fresno, Don Schaefer. Allen tried three times at 15-1 but missed on all three attempts.

Of the four firsts that Long Beach coped during the afternoon

FIFTEEN ENTRANTS take off at the beginning of the 880 yard run in last Saturday's CCAA Track and Field Championships. Darryl Taylor of Long Beach won the event in 1:51.9 seconds, tying the league record. Fresno State won the meet for the eleventh time in the history of the school.

two set new league marks and one tied a mark.

Ralph Lee roared across the finish line in the mile run in a 4:11.5 time, erasing by a half second the old CCAA standard of 4:12, set in 1957 by Fresno's Jack Wilcox. Lee also anchored Long Beach's second place mile relay team and finished second in the 880.

The 880 was won by Darryl Taylor, also of Long Beach in a record tying time of 1:51.9. Taylor burst out of the pack with 220 yards to go and showed a tremendous finishing kick as he broke the tape less than a second ahead of teammate Lee.

Dee Andrews, Long Beach's versatile all-around competitor who holds the nation's second best mark in the 330 intermediate hurdles at 36.5, posted a 37.7 time in his specialty for the

third 49'er mark of the afternoon.

The two mile race proved to be the outstanding record setting event as San Diego's Ernie Portee took home his school's only first place finish with a 9:15.2 clocking, good enough to shatter the CCAA mark of 9:29.9 which had stood since 1939, having been set in the first CCAA meet ever held.

UCSB took two firsts in the meet for a third place standing in that department, although they finished fifth overall.

Jim Clark tossed the javelin 204 feet 11 1/2 inches for first place honors in the event. Clark was seconded by teammate Mike Beresford who had a toss of 203-7, his best performance of the year.

Gary Hawthorne took the other Gauchos first and in doing so auto-

matically set a CCAA mark. He triple jumped 46-11 1/2, exactly one foot short of his best this season but far enough ahead of the rest of the field to take the gold medal.

UCSB's defending shot put champion Larry Rocker lost his title to Fresno's Mickey Murray, but in doing so he still set a new school record. Rocker heaved the 16 pound ball 51-5 1/2, breaking the old Gauchos record of 51-4 1/4 set by George Chaplin in 1959. Fred Hokanson took fourth in the event for the Gauchos with a 49-1 effort.

Other Gauchos who garnered points were Jack Burdullis who finished fourth in the 440 with a 48.6 clocking, and Brian Smith, who took a fifth in the high jump at an even six feet.

The Gauchos also placed in the two relay events. The team of John Escovedo, Burdullis, Ed Lacy, and Bill O'Neill took a fourth in the 440 relay, while Escovedo, Clark, O'Neill, and Burdullis combined for another fourth in the mile relay.

Next weekend the Gauchos will send a contingent to Fresno to compete in the West Coast Relays, a meet which is labeled "where world records are broken."

Listed below are the final team scoring and standings and the summary for Saturday's meet.

CCAA Golf Tourney

LA Golfers First; UCSB Second

by Steve Swatt

Los Angeles State College came from behind last Friday afternoon at La Cumbre Country Club to capture the CCAA golf crown and dethrone defending champion San Diego State.

Trailing the first round leader, UCSB, by five strokes, the Diablos turned in four sub-78 rounds to catch the faltering Gauchos who hung on for second place just two strokes off the pace.

Led by Dick Ferry's pair of 73's, the Diablos totaled 605 strokes to edge out the Gauchos' 607, while defending champion San Diego State had to settle for third place with 610 strokes.

In a match that was billed to be a three-way dogfight between San Diego, LA State, and Fresno State, the Gauchos made a strong bid for the league title.

At the end of the first round, UCSB had totaled only 299 strokes, while the Diablos and Fresno's Bulldogs were tied for second at 304.

The Gauchos scores were so good that Dick Fisher had to be satisfied with fifth best on the club with a "mediocre" 79. Bob Clancy was the team leader with 73 strokes, while Al Bills and Lew Garbutt carded 75's, one stroke ahead of Dave Lynch.

But Gauchos coach "Doc" Keliher was playing it safe. "Some good boys," he commented, "played much worse than expected." And as the afternoon rolled on, it looked like "Doc" was right.

While the Diablos had their troubles on the first round, they were burning up the course on the second. A trio of Los Angeles men started out the day over 80, but on the second 18 holes, only one turned in a card of more than 80 strokes.

LA State's team total was 301 for the afternoon session.

It was here that the Gauchos, who played perhaps their best golf of the season on the front round, finally wakened. As the sun fell, the scores skyrocketed. Both Bills and Garbutt were nine strokes off their morning pace with 84's, while Lynch faltered three strokes to a 79.

When Bills hit four balls out of bounds on his second round, teammate Lynch wasn't kidding when he said that "the course was playing hard today." Not only were the Gauchos having trouble during the afternoon's play, but so were the other teams.

San Diego's Ron Fox, whose 71 led all scorers in the morning, carded a 79. After two-putting the tricky eighteenth green, he hurled the ball two-hundred feet into a clump of trees.

Fox wasn't the only dissatisfied golfer on the course, however. Valley State's Dave Fisher grumbled, "I had a ball stuck in a tree, and I was putting no straighter than I was driving." One of Long Beach's entrants had only this to say after suffering through a bogey-riddled 83, "I worked twice as hard as before; I thought I did better."

The outstanding Gauchos on the course was obviously Bob Clancy, as he was bothered by nothing to card two 73's for a 146 total. Tied with the Diablos' Ferry, he finally lost the sudden death play-off on the fourth hole for individual medalist honors.

Highlighting the tournament were four eagles. Fresno's Pete Culver and John Sirman eagled the first and tenth holes, respectively; while Long Beach State had a pair with Bob Mattis and Dave Elder, the latter holing out a 4-iron shot on the par-4 fourteenth.

If any one player deserves the "purple heart" it is the Bulldog's Sirman. He turned in a fine 75 round in the morning, and after the first nine holes on his second round, he was tearing up the course with a blistering four under-par 32.

Just a "mediocre" 38 on the back nine would have given him the medalist trophy, but the Bulldog ran into a little trouble. As if bogey-ing weren't enough, he had to shoot the works on the thirteenth hole, a 225 par-three over a lake, he hit a poor first shot and landed in six inches of water. After his second and third shots, he was still in the water. Finally recovering, he scored a triple-bogey 6 on the hole and a 41 on the back nine, giving him an 18 ho e total of 73.

Diamonders End Season; Drop Three To San Diego

A sour note ended the Gauchos baseball season over the weekend as the UCSB nine dropped three straight to the host San Diego State Aztecs in the final CCAA action for the locals.

The scores of the three games were 3-1 on Friday and 12-3 and 8-7 in Saturday's double-header.

Coach Dave Gorrie's nine made their strongest bid for a win in the final contest on Saturday when they jumped off to a 7-1 lead in the fifth inning, highlighted by a grand slam home run off the bat of second baseman Gary Pickens.

The big Gauchos fifth, which saw six runs cross the plate, included walks to Jim Grant, John Cole, and Gary Shoop, a single by pitcher Carl Merz, a stolen base, and a double by first baseman Mike Fisher, as well as Pickens' round tripper with the bases full. The Aztecs also contributed two errors in the inning.

But the Santa Barbara lead was short lived as the hosts came back in their half of the fifth with five runs and then pushed across three more in the sixth to sink the Gauchos and give them their eleventh loss in CCAA play against four wins.

In Friday's opener the Aztecs stayed in the game on two clutch double plays and solo home runs in both the fifth and eighth innings. Joe Hendrickson was the losing Gauchos hurler, giving him a 3-5 mark for the season.

The lone Gauchos tally in the first contest came in the third when catcher Joe Morbeto drew a base on balls, was sacrificed to second by Hendrickson, and scored by John Cole's single.

Saturday's opener saw the Gauchos take a one run lead in the first on an error which gave Jerry Crawford life on the bases. Crawford scored on Leroy Pifer's single. The locals scored twice again in the seventh on a triple by Pickens which pushed across Crawford and Shoop.

However, the three Gauchos tallies were far from enough to overcome the Aztec fourteen hit performance off four UCSB mound men, a hitting barrage which netted them twelve big runs. The Aztecs scored three times in both the first and third innings, four times in the fifth, and added two "insurance" runs in the seventh.

The sweep gives San Diego at least a mathematical chance to tie LA State for the league crown and gives them an 18-11 mark for the season.

The Gauchos season mark dropped to 11-17 with a CCAA record of 4-11. It is the last CCAA contest for the Santa Barbara nine as they leave the league, hopefully toward bigger and better times.

A rained out series between UCSB and Long Beach State earlier in the year will not be made up as the outcome of the contests would not alter the standings of the top teams.

LA State Wins Net Title; Gauchos Second

Los Angeles State retained its CCAA tennis title by defeating runner-up UCSB 7-2 last Saturday afternoon in the sixth and final match of the three-day tournament held on the Santa Barbara campus.

The pre-tourney favorites from Los Angeles clashed with the Gauchos in the "big match" that decided not only the CCAA championship but the right to the unofficial title of "Best

Small College team on the West Coast."

Both schools owned perfect 5-0 records as the Gauchos number 1 man, Lee Reid, was pitted against the Diablos' Gil Rodriguez. Against LA State earlier this year and in the Ojai tournament, Reid disposed of Rodriguez. But Saturday was a day for the "devils."

Rodriguez battled Reid on even terms during the first set until

the former broke through Reid's service for the third time. Set score: 6-4.

In the second set, Reid was immediately put into a hole as he had problems with his service and Rodriguez's forehand smash. Behind 1-4, the Gaucho fought back to 3-4 and point-game before he succumbed to defeat. Set score: 6-4.

By whipping Reid in straight sets, Rodriguez played six matches without losing a set. He teamed with Marcus Carriedo to put out the last flicker of hope for the Gauchos by downing Reid and Don Gaynor 6-2, 6-2.

The only Gaucho's singles victory came when Bill Carroll defeated Jim Mitchell 6-4, 6-4. Carroll teamed with Mike Garrigan to win their doubles match by default.

Six Diablos won places on the all CCAA team--Rodriguez, 1st singles; John Lee, 2nd singles; Marcus Carriedo, 3rd singles; George Gatsos, 5th singles; Rodriguez - Carriedo, 1st doubles; and Lee-Mitchell, 2nd doubles.

Gauchos Bill Carroll and Jim Loda landed spots on the team for 4th and 6th singles, respectively, while San Diego's twosome of Ron Bronk and John Emrich won a place for 3rd doubles.

Final CCAA Standings:

	W	L
Los Angeles State	12	0
UCSB	10	2
San Diego State	8	4
Long Beach State	6	6
Fresno State	3	9
Cal Poly	3	9
San Fernando Valley	1	11

Frosh Sweep Doubleheader

Coach Bill Shortell and his Frosh diamond company ended their season Saturday by taking both ends of a doubleheader over Hancock College of Santa Maria by scores of 3-1 and 2-1.

Rod Hollander set down the Bulldogs in the first contest with a five hit hurling performance, while Mike Foster allowed the Bulldogs only three hits in the second game.

The two wins give Hollander a 4-0 record for the season and Foster now boasts a 4-1 record.

In the first game a squeeze bunt in the fifth inning with runners on second and third scored two runs for the Frosh and gave them a two run lead good enough for the win behind Hollander's steady mound work.

The second game went into extra innings on a key single by Bill Pardue in the seventh which tied it up at one apiece. Then Gary Brown opened up the Frosh half of the ninth with a triple and scored on Bob Heys' single to give the yearlings the win.

Shortell's squad ends with a 9-4 season mark.

When warm weather comes, should men of tradition abandon Oxford cloth in their shirts? Not so, says Arrow, offering the Gordon Dover Club Batiste Oxford button-down. It has the look, the feel, the luxury of regular-weight Oxford. But it's light—as only batiste can be. Cool short sleeves, tapered shape.

Placement of buttons assures a soft, subtle collar roll. Back collar button and pleat. "Sanforized" labeled. In a wide range of colors, plus white. \$5

Speech Dept. To Give Oral Readings On Love

A program of oral readings of literature on love will be given by speech and drama students Wednesday at 8 p.m. in the North Hall lecture room.

"Some Stages of Love" is sponsored by E. Ray Skinner, visiting professor of speech. The program rehearsal that afternoon at 4 is also open to the public.

Selections will concern four stages of love, budding, blossoming, fading and shattered. Five selections are monologues while the remaining three involve two performers.

Stage one includes presentations of "Cupid Swallowed" by Bonnie Le Blanc, "Sea Moods" by Gene Borio and "Manikin and Minikin" by Bonnie Le Blanc and Gene Borio.

The Blossoming stage features readings of "From the Letters of" by Dimoree Nelson and Wendell Hanks and "The Ancient Beautiful Things" by Fannie Stearns Davis and Janice Hull.

Fading presents Sarah Bernhardt in "The Female of the Species is Hardier Than the Male" and Diana Poe and Philip Piequet reading a portion of "Suppressed Desires."

Shattered, the final stage of love, is expressed by the selection "The Clinging Vine" presented by Diana Poe.

Symphony Auditions

Spring auditions for membership in the Santa Barbara Symphony Orchestra will be held next Thursday from 3 to 9 p.m.

Fall auditions are scheduled for Sept. 5-7. Further information and appointments for auditions can be obtained by contacting Symphony headquarters at Woodland 2-1415.

International Night To Be Held Friday

The annual International Night, sponsored by the International Relations Club, will be staged Friday at 8 p.m. in the old auditorium.

A foreign student's talent show will include music from Kenya, Arabia, and Persia and dances from Turkey and Japan.

Classical guitarist Andre Lipscey, dancers Mary and Jerry Brozik, lute player Marilyn Somville, and the Merhaba folk dancers, led by Louis Higgenbotham, will perform.

Grad Cards Arrive

The engraved cards and special announcements ordered for graduation have arrived at the Student Union bookstore.

Seniors who filled special orders may pick them up.

First Quiz Test Tomorrow At 4

College Bowl applicants meet tomorrow at 4 p.m. in room 102 of the Education Building for preliminary screening.

Candidates who are unable to attend the first trial for the nationally televised quiz show should contact Dr. Lawrence Willson, testing director, in room 202 of Building 405, or telephone Pat Clancy, selection committee chairman, at 79059.

Miss Clancy said more than 60 students have applied for the four posts on the UCSB team which will appear on the September 22 show.

Contestants will be selected on the basis of their ability to recall specific facts with speed during mock College Bowl contests.

Speakers Available

Interest clubs, sororities, fraternities, RHA and apartment dwellers can obtain people to speak on any topic by contacting the community relations committee or chairman Susie Hoover.
