

SANTA BARBARA COLLEGE
EL GAUCHO
THE PICTURESQUE CAMPUS WITH A VIEW

BIG JOINT RALLY!

Alumni Homecoming Theme Announced

Gala Festival Planned Hailing Homecoming

Gauchos alumni will return to the fold for wide-open Homecoming Weekend on October 31 and November 1, when the present generation of University of California Santa Barbara College students will welcome them with a vaudeville show, parade, dance and — we hope — a victorious football game.

The "Galloping Gaucho" review, a lavish spectacle of student talent will begin the round of festivities on Friday, October 31, in the campus auditorium. Incidentally, Ed Morris, head of the Rally Committee which is staging the show, is still booking acts and should be contacted by anyone who wants to see his name in lights.

Rolling Home

Biggest feature of the weekend is the Homecoming Parade, which will head up State street at 2:00 p.m. next day. Floats and cars depicting the parade theme, "Rolling Home to Harvest Time," will be decorated to show the various ways Gaucho alumni have returned for the annual Homecoming the past. All student organizations will participate in the parade, and should begin planning floats immediately.

The Gaucho gridders will meet Cal Poly at La Playa Stadium Saturday night, and there will be a football dance following the game at the National Guard Armory.

In addition, graduates who used to belong to various campus organizations will be entertained by these groups.

Sponsored by Associated Students, Homecoming is under the direction of Charlie Davis, chairman Virgil Bryans is parade marshal.

Bookstore To Place Handbook On Sale

Containing the student body constitution, general information, and a directory of both Santa Barbara college faculty and students, together with school songs, lists of approved campus organizations and other information greatly in demand on the campus, the El Gaucho Student Handbook will be placed on sale in the near future, Betty Maher, editor of the 1947-48 edition announced this week.

Working with Betty on the handbook are Al Anderson, cartoons, and Junemarie Davidson, Bettie Moore, Beverly Miller, Ruth Ann Groenink, Donna Hill and Sheila O'Conner, who are compiling student information. Cal Reynolds has been handling advertising, and has been working with George Obern, SBC publicity director. Chuck McNeil will handle sales together with graduate manager Bill Russell.

Beat Oxy!

RESERVE SECTION

Students may sit in the first 25 rows only at the football games, according to Cal Reynolds, assistant to the graduate manager.

The rows in back of the rooting section are for the general public who have purchased reserved seats.

To further public relations at the games, Reynolds requests that students refrain from entering the reserved sections.

Gauchos Car Owners Must Register With Campus Police Dept.

All Gauchos owning cars or anything laughingly referred to as such are required to register their vehicles at the Campus Police Department, in order to comply with Safety Committee rules.

Simply bring your operator's (or chauffeur's) license to the Captain of Police, fill out a simple form, and walk away richer by one STUDENT windshield sticker.

TEAPOT TEMPEST

If you don't think the old teapot will stand the added weight, ask for the special tissue-thin windshield sticker. If you haven't a windshield, slap it on the inside of your girl friends glasses, but let's all of us get our STUDENT stickers!

Only mutual effort on our part will tell our parking lot checkers how many guests at El Encanto can't afford the garage fee.

'Squires' Starts On Campus Under Blue Key Frat

In the process of reorganization under the sponsorship of Blue Key, men's honorary national fraternity, the Gaucho organization "Squires," a sophomore activity, will reappear in campus affairs soon, Charlie Jones, fraternity president announced today.

Purpose of the "Squires" is to foster school tradition and freshman activities. Students interested may contact BK officers.

Limited to a roster of 25, membership in the college BK chapter is based on excellence in scholarship, leadership, and service to the school community.

GAUCHO OFFICERS

Officers of the Gaucho BK chapter are Jones, president; Buck Levine, vice-president; Bill Hobbs, recording secretary; and Tom Lyle, corresponding secretary.

An all-school carnival will be a spring campus event, according to Jones. Organizations interested in participating are requested to contact officers of the "Squires" in the near future.

Dean of Men Paul A. Jones is faculty sponsor for the group.

PETITE BATON TWIRLING Gauchettes set the pigskin parade pace this season. Left to right they are: Lynn Miller, Marjorie Worth and Shirley Robar.
—Photo by Constantino

Team Managers To Use Senior Plan

Openings have occurred in the athletic team manager's department of Santa Barbara College—one of the most interesting divisions in college activities, it was revealed today by Buck Levine, student manager.

A new seniority system has been inaugurated in the team manager department which will open up new possibilities to anyone engaging in this activity. Each class standing will have specific duties, and as graduation into the next class takes place, an advance in seniority rating and duties accompanies.

MEET PEOPLE

Under the new system managers will have less work to do and better opportunity to "learn the ropes" and meet people.

Anyone interested in applying for the vacant manager's positions are urged to contact Levine personally or leave a note with name and phone number in the "L" cubbyhole—student mail box—for Levine.

Ushers Wanted

Student interested in ushering positions for tomorrow night's game are asked to contact Cal Reynolds in the Graduate Manager's Office today.

The pay is \$1.75 for the evening, besides free admission to the Oxy-Gauchos fracas.

FLASH —

Immediately after the Tiger-Gauchos game, Epsilon Theta chapter, Kappa Sigma national fraternity, will open the doors of the Carrillo Auditorium, Carrillo and De la Vina streets, to bring the music of Lino Martino and his "melody makers" to campus hoof and heel experts.

Dubbed the "Stumble Fumble" the fraternities first dance of the season will flood the copious hall at 10:00 p.m.

Air Campus News On Gaucho KIST

Just to make certain that you don't miss any of the campus happenings (in which case you must be immune to posters) Tom Lyle, ably assisted by Nancy Darrer and Ed Morris have generously interspersed the "GAUCHO-KIST SHOW" heard at 9:30 on Thursdays, with news of campus activities. At 10:30, Tom turns disk jockey for 30 minutes and presents an all-request program of your favorites.

Each Monday and Wednesday evening from 6:30 to 6:45 p.m. George Obern, publicity director of the Graduate Manager's office teams up with Jim McBride, Radio KIST Staff announcer, to present the latest and most accurate news from the sporting scene, campus and national. Interviews with players and coaches plus statistical information are regularly included in the broadcast.

CALENDAR

- OCTOBER 13, MONDAY—Columbus Day—holiday.
7:30—Sorority and fraternity meetings.
- OCTOBER 14, TUESDAY—7:30—Pan-Hellenic Board meeting.
7:00-9:00—Nani Lelani "get acquainted" party.
7:00—Phi Delta Kappa meeting in AWS clubroom.
7:30—Lecture "Book of Job" by Mr. Stuurman at Santa Barbara Public Library.
- OCTOBER 16, THURSDAY—Las Espuelas Initiation dinner. (Tentative)..
7:30—Alpha Phi Omega meeting in AWS clubroom
7:30-9:00—Yacht Club meeting in PH 100.
- OCTOBER 17, FRIDAY—San Jose vs. Gauchos at San Jose.
Las Meninas in formal initiation at the college cabin.
- OCTOBER 18, SATURDAY—Faculty Social Club meeting at Rockwood to honor new faculty

Joint Oxy-Gauchos Auto Caravan Will Usher In Second Big Game

The largest car caravan in the history of Santa Barbara will move up State street Saturday afternoon when Gauchos and students from Occidental college join forces in a mass pep rally in preparation for the Oxy-Santa Barbara college football contest at La Playa Stadium Saturday night.

New Parade Law Hits At Gauchos

Enthusiastic Gauchos staging car caravans will hereafter have to "keep their seats."

According to a new state motor vehicle law effective last month, it is illegal for anyone to ride any place in a car except in originally designated passenger seats. From now on, as the festooned jalopies careen down State street, there will be no more draping over fenders, hanging on running boards or perching on the backs of seats.

WINKED IN PAST

As a matter of fact, last week's Pomona-Gauchos parade was illegal, but because official word of the new law had not come through, local cops winked as body-burdened cars tooted through town.

Rally parades won't be as much fun without the thrill of maintaining a toe hold on somebody's bumper and without the lovely Gaucho queen gams decorating the fenders—but it's the law.

REC ASSOCIATION INTRODUCES NEW EVENING PROGRAM

Designed to introduce Gaucho freshmen and stay-at-homes to the campus social whirl, a comprehensive "after the evening meal" program of relaxation will be introduced by the College Recreation Association this week. The program will include music, card playing and related entertainment. The first evening program will be on Wednesday, October 17.

Those interested in card playing are requested to bring their own cards. Volley ball will be featured in the women's gym. Refreshments will be served. There will be no charge for the occasion, B. J. Winslow, CRA president, emphasized in making the announcement.

EXTENSION COURSE

A University Extension course for lawyers will soon begin in Santa Barbara, and a course for dentists is under consideration, according to Dr. Baldwin M. Woods of Berkeley, director of University Extension.

The new courses are in line with the expansion of University of California, Santa Barbara College, to include courses on a post-graduate level for professional people. A number of the faculty are engaged in extension work.

150 to 200 cars containing some 500 Oxy rooters are scheduled to come from the Eagle Rock college. To meet this number, Ed Morris, chairman of the Rally Committee, asks that every Gaucho with a usable car turn out for the rally.

FORMS AT FOUR

The caravan will form at 4:00 p.m. at the south end of the Bird Sanctuary on East Cabrillo blvd. at the Montecito city limits. The parade will roll up State to a rally at the sunken gardens at the Court House, which will be decorated with the Gaucho bear and the Occidental tiger. Both schools will join in songs and yells, and a skit will be given by Ridgley Muller and Chuck Robertson, two of the "osk-ee-wah-wah" boys who staged the 1913 yells for President Sproul last Friday.

An old tradition will be revived after Saturday night's game. At the final gun the winning cheering section will dash over the railing onto the field and assemble to serenade the losers.

RALLY GADGETS

Morris reminded every Gaucho to bring pom-poms and beanies to the car caravan and rally, and to wear the beanies with the gold side out. Crepe paper for decorating cars will be sold at the Bird Sanctuary. He also reminded students that under a new state law there can be no riding on the fenders or seat tops of the cars.

There will be ample parking space for students on the Mesa campus at the top of the stadium. The lot has been resurfaced and oiled to prevent dust, and there is no parking charge.

SAN JOSE GAME

A big Gaucho rooting section is planned for the Santa Barbara College-San Jose football game — played at San Jose—it was revealed today by Ed Morris, Rally Committee chairman.

In order to make advance arrangements for an adequate rooting section in the San Jose football stadium, it is imperative that all Gauchos intending to attend the game sign up in the office of George Graves, Student Body president.

Graves' office is located in the south end of West Hall, just opposite the entrance to El Gaucho office.

Beat Oxy!

Long Skirts And UN-Planes And Bourbon

At the bottom of a schedule of the Gauchos football games is printed a note, "It Pays to Play." If this is true and prices keep going up, Coach Williamson will be swamped with applications for positions on the team.

The way to beat high prices is to buy less. This means of course, that you cut down on clothing and food. If you eat less you can wear less because less of you will show.

An ad in a recent El Gaucho announced, "Phonographs for every need." This is just an indication of where this atomic age is leading. I am ordering one with hot and cold running bourbon taps, overhead valves, and indirect lighting. The whole thing will be mounted on supercharged pogo sticks, and equipped with radar for night flying. It may even play records.

That "Look!—No Hands!" plane that flew the Atlantic recently, was widely acclaimed in the non-air corps circles on campus, the flight proved that you had to know little or nothing to be an airplane driver. The time may come when we see Pfc's in the air corps.

The problems of the United Nations have been shelved for the moment as a new emergency faces the American people. Should wo-

men wear dresses any longer—or rather, should women wear longer dresses? A coed reports that she thinks the longer skirts would be uncomfortable. That seems reasonable, but if comfort is the prime factor, I would like to suggest the New Guinea one-piece outfit during this heat.

The New Guinea women whose eyes are said to drop out if you pick them up by the tail find this costume the ultimate in comfort the year around. It consists simply of a rectangular piece of cloth, and is guaranteed to fit all sizes from junior to miss to medium stout.

This dress is inexpensive, comfortable and requires no ironing. As the weather gets colder, the wearer simply adds more of them until the requisite insulation is attained. Furthermore, the time saved in changing costumes would be enormous. A fellow could call for his gal at eight, and even if she hasn't started to dress, she could be ready by 8:01.

The British designers have met the long skirt challenge with a number they call the "spiral dress." That might be something to look into. The next time your gal says, "This is just something I threw on," better look closely and see if she threw a spiral.

Notice to fan club members: Please refrain from addressing correspondence to the "Poor Man's Como Se Va?" Thank you.

WOMEN INVITED TO DANCE CLUB

Women interested in attending Dance Club meetings on Tuesdays and Thursdays in the Gauchos Women's Gym from 3 to 4 p.m. will be welcomed, Mary Lou Lewis, president, pointed out today.

On the agenda for future DC events is an annual Spring Concert and several holiday shows. Miss Jean Ballinger is faculty adviser.

Speech Correction Offered Students

Santa Barbara college students interested in professional work in Speech Correction are reminded that today is the last day on which applications may be submitted to Dr. J. C. Snidecor, Speech Department head, for one of the five hundred dollar Grants in Aid to be awarded soon. A formal application must be filed with Dr. Snidecor of the Speech Department before students can be considered.

Both men and women students are eligible and will be judged on mental and temperamental suitability for the work.

French Club To Meet

Members of the Le Cercle Gauchois, Santa Barbara College French Club, will meet this evening for a barbecue at "Bagatelle" on the Carpinteria beach. The members will meet at the college at 6:30 p.m. Transportation has been arranged.

NON CONFORMISTS DUE CHECK DELAY

An unestimated length of delay in receiving subsistence checks will be experienced by Santa Barbara College veterans who have not presented "blue program cards," or filled out "estimate of earnings forms" this semester, J. D. Woodhouse, coordinator of veterans affairs, announced today.

All veterans experiencing a delay in receipt of "certificate of eligibility," should check with the office, in order that the cause may be determined.

"I really came to college to have fun—but, I want to learn things too!"

Joe Gaucho Speaks!

Letters to the Editor published in El Gaucho do not necessarily reflect the opinion or the policy of the editorial staff.

EDITOR OF EL GAUCHO:

"Our 1947 football team got off to a flying start last Friday night by beating Pomona, 26-13. Along with the team the football rooting section under the direction of the Rally Committee and the yell and song leaders got off to what we hope will be a fine year.

"I wanted you to know that many of the townspeople who attended the game commented on the fine showing of the band, rooting section, and especially the half-time stunt. It is always easy for one to criticize and seldom do the people compliment such activities, but the general feeling and receptiveness of the townspeople at our first football game is very encouraging.

"Rather than attempt to name

the long list of students who assisted in the project, I wanted to pass on to all those who helped a sincere 'thank you' and pat on the back for a job well done. Let's hope we can have more rooters' caps, pom-poms, support for the team, and half-time stunts at our future games this year."

William W. Russell,
Graduate Manager.

Badminton Club Open

A Badminton Club meeting, open to both enthusiasts and regular members, will be held Tuesday, October 14, 7:30 p.m. at the De la Vina street Community Center.

DR. HAROLD SCHOEN RETURNS TO SANTA BARBARA CAMPUS VIEWPOINTS SUBJECT TO GREAT STUDENT CONTROVERSY

By Alain Renoir

Last Monday brought a pleasant surprise to the few scholars in our Student Body who have been misled in the entanglement of a formal education. Dr. Harold Schoen, Ph. D., substitute Social Science Department professor appeared on the campus.

At the end of the last Summer Session, Dr. Schoen had announced his decision of renouncing teaching. He had formulated the opinion that taking care of his jewelry store on State Street may be somewhat more lucrative than the ingrate task of driving the fundamentals of history into the inhibited minds of a freshman class. (After all, even a social scientist is entitled a minimum of venality). This was a blow to the rare students who came to this college with the intention of learning anything.

MUCH CONTROVERSY

Ever since he has been teaching here, Dr. Schoen has been the object of more controversy than any other teacher. More than any other teacher has his name been on the lips of the students, whether on the campus, at home, or behind a glass of beer. And this is because he has dared to reverse all the principles of modern instruction; dared to cast aside the rules so sacred to our Western Caucasian civilization. He has endeavored to make his students think for themselves; a line of action that has been admired by the few, and deemed an irremissible crime by the many.

Without ever indulging in the most popular sin of demagoguery, he has shown to us the different sides of life in a fashion that reminds one of Socrates. He has colored his lectures with that sense of paradox that was thought to have perished with Plato, when men's minds were not sterile. Because of his habit of showing the several sides of any question, he has aroused the fury of these romantic persons who refused obstinately to replace sentiment and explanation by logical thinking.

CALLED RADICAL

For this same reason, many a seventeen year old sage has classified him vociferously as a "radical," or as a "plutocratic capital-

ist" without knowing the meaning of either word. Several students have been braying their dislike for his teaching, but nobody who has attended one of his lectures can claim not to have learned. Unless, of course, the said person wishes to expose to the world a great display of stupidity. Dr. Schoen's sarcastic wit is worthy of Swift or Rabelais; of the American "New Yorker," the French "Canard Enchaîne," or the German "Simplissimus." He has used it to express such ideas as the necessity of giving a BA to all registering freshmen. Those who are after a degree would take it and go their way; only those who really want an education would remain, thus reducing the classes to a tolerable size.

Dr. Schoen has taught on this

campus Political Science, Philosophy, and three different History courses.

And in spite of his decision of staying at home to sell earrings to the tourists, he has come back to Santa Barbara College to teach Sociology.

A PHILOSOPHER

Dr. Schoen is not only a teacher, he is one of the last philosophers, he is one of the men who make our school a university; one of the men who make the intelligent students proud of our school. A school where people can still express themselves freely. His desiccated silhouette is as important to Santa Barbara College as the "Unter Den Linden," was to Berlin, as the Eiffel Tower is to Paris, the Golden Gate Bridge to San Francisco.

Indeed, last Monday was a great day for those who are starving for knowledge.

Plan Ceramics Shows

One-man ceramics shows, designed to dress up showcases in the Quad, and to stimulate and develop Art interests on the Gauchos campus, will feature the work of members of Delta Phi Delta, honorary art fraternity, Mr. Jacob Hansen, faculty sponsor announced this week.

THE CAMPUS CORNER

Dear Gerry,

What's cooking in the Speech Department? ogug duh mnph; (phonetic way of saying "haven't seen much of you lately!")

I've been working on a geometric equation with which to confuse your addled brain today.

A—Columbus Day is October 12.

B—Columbus discovered America.

C—I discovered some lush pink sweaters . . . therefore . . .

D—I am Columbus!

No . . . I guess that isn't quite what I mean, but I did find some pink Cashang sweaters in the Campus Corner. The short sleeved pull-overs are 10.95, the long-sleeved are 11.95, and the cardigans are 12.95. If a gal's goal is a man's heart, these woolens should do the trick!

Speaking of goals . . . here's an item for the La Playa events. A choice of a green, fuschia, or yellow variegated scarf. So pretty for so little . . . Wellllll, 2.95 isn't very much! Especially when you see just how popular scarfs are; wrapped up in scarfs. Hmmm, that should be interesting!

Ya' know, Marie Geib looked real ravishing in a green skirt with a pink angora sweater last Monday. It isn't very often that you see that combination, but on her it looked good! And eJan Wright had a beautiful red leather purse. Honestly, have you noticed how many wonderfully-dressed girls there are on campus?

Before I take this to be printed, I'll remind you to tell all the gals on campus to be sure and watch for the Jack Rose Clothes we wear on Friday; tell them to ask us for prices, too.

Luff and keeses,

Patti.

Jack Rose

1117 State St.

Chi Alpha Deltas Plan For Guest Speakers

Although Chi Alpha Delta final arrangements have yet to be made, future activities of the honorary elementary educational fraternity will revolve around appearances of a series of guest speakers, who will lecture at fraternity meetings on various subjects in the near future.

Guiding the fraternity through this year's events will be Frank Hodgson, president; Helen Giles, vice-president; Wanda Preston, secretary; May Alice Abbott, treasurer; Betty Berkins, publicity; All Seller, sergeant-at-arms, and Alice Chard, historian.

Two Air Programs Open To Gauchos For Music & News

Hey Gauchos! Why no response? Here we've got two good radio programs, one daily, one weekly, and they are begging for record requests.

GaUCHO-KIST, on KIST Thursday nights from 9:30 till 10:00 with news and views, and then again from 10:30 till 11:00 with requests. Although limited to about eight requests a week, they are still having a hard time filling that. A phone call during the broadcast, or a note in Box "L" for Tom Lyle will gain your request.

The other program, *Campus Carousel* on KDB each evening from 10:30 till 11:30 is an all-request show, under the direction of Bugs Battelle. This, a newer program, is still good, but it will take student interest to keep it on the air. So, we ask you Gauchos, how's about some requests?

Flag At Half Mast

The Gaucho campus flag flew at half-mast on Monday, October 6, in memory of Stanley Drury, business manager of San Francisco Medical School, who died last week.

The school is a branch of the University of California.

Galloping Gaucho Party After Play

Highlighting the Delta Zeta Delta meeting Monday night was the formal initiation of Betty Moore as a new member. Ardis Adler, president, conducted the impressive candlelight rites.

Plans for a post-Galloping Gaucho Revue Hallowe'en party were discussed, with Katie Frye and Beverly Miller to handle arrangements for the affair. In connection with the Homecoming parade, Bonnie Stratton and Patty Maher reported on ideas for the float, which will follow the theme of "Rolling Home." Barbara Murphy is in charge of the Brunch to which Delta Zeta alumnae will be invited during the Sunday morning of Homecoming weekend.

The affair, an annual luncheon, commemorated the 23rd anniversary of Delta Zeta Delta. President of the local Alpha chapter, Ruthie Rasmussen, presided at the event.

Sorority members voted to put a new plan into effect, according to Miss Adler. On Monday nights dressy apparel and heels will be worn to dinner, and sorority patrons will be invited for dinner in order that the girls may become better acquainted with their sponsors and patrons. Following the meeting, the members adjourned to the Gamma Delta Chi house for the informal open house.

Casing The Campus

by Junie & Betty

Greetings, Tigers! The rally committee plans to sell special yellow beam fog spectacles for tomorrow night's game, so that all Gauchos and Oxy students will be able to view the fracas with ease.

A big, huge orchid to Ziegfield's *Stan Schwartz* and *Jerry Firestone* for putting on such a dynamic half time stunt last week during the Pomona game—even if every-

one's hair did come down. Thanks also to the clowns, *Cal Thacker* and *Jim Schilt*, and to the Alpha Thetas, Tau Gams, Delta Zetes, Potter's Dotters, and all their friends who composed the blue and gold circles. Big question of the day is . . . was *Howard Houck* really the "girl" of the circus?

Stray Chicken

We understand that the blue and white "sagehen" chicken presented at the game is now residing at the Gamma Sig house. It ran away the other day but *Edie* and *Roy Brown* discovered it and brought it back to the boys. Now they're fattening it up for the kill.

Yelling at the game were *Jerry Rose* with *Shirley Moore*, *Ian Young* and *Jackie Campbell*, and *Loris Leedy* with *Skip O'Farrell*. *Katie Frye* and fiancé *Bob Bryant*, down for the weekend from Cal Poly, were there, and *Ray Acevedo* drove up from LA to visit fiancée *Willie Wigger* for the game.

No, it wasn't a poker game out on the lawn the other day, it was just a crowd listening intently to the world series over someone's portable radio. Among the gang were *Don Griffin*, *Mal Eaton*, *Cecil Forbes*, *Jimmie Banuchi*, and *Miss Sehon*. *Nancy Davis* and *Dorothy Sherwin* knit argyles while listening.

Aisle Walkers

Married last summer were *Jack Hulla* and his *Jean*. They went to Michigan on their honeymoon, according to reports. And we hear that *Dee Toone* has been engaged to *Ray Turner* for over a month now. Belated best wishes.

Watching the Santa Barbara High School Dons get massacred by the Santa Monica boys last Saturday night were *Ken Trevey* and *Carolyn Varner*. And seen around of late have been blonde Las Meninas member *Doris Saverud* and *Hank Westcott*.

Delta Sigs walked off with the glory and prize for having the best decorated car for the Pomona-GaUCHO car caravan last week. Congrats, gals!

Oxy Trek

When the 200 Oxy rooters hit town tomorrow afternoon, there will be another caravan and rally. See you all there with your decorated vehicles.

Gamma Deltas were hostesses to all Greeks on campus last Monday night when they held open house. *John Borie* and *Leorin Crowe* were among the gang dancing-in the library, and *Ina Mae* and husband *Emmery Emmes* kept the guests happy by supplying them with punch and cookies. Good crowd attended.

Something new has been added! The Cabrillo Pavilion, that is, where tonight the AMS will play host to the Student Body for a big dance event. *Dale Scott* says much fun is expected, so see you all there.

New Vaccine

Influenza A and B vaccine is now available.

Students who were not immunized on registration day, are to report to the Student Health Center between the hours of 1:00 and 4:00 p.m., Monday through Friday.

Mail Boxes Hold Many Party Bids

Have you noticed anything strange about the Gaucho student mailbox in the Quad lately? It's being haunted—haunted by freshman girls, that is. With Phrateres "get-acquainted" parties scheduled this weekend, the girls have been as busy as cranberry merchants collecting invitations.

So far they have found them in a variety of clever and unusual shapes: Chinese fans from Pu Ko How; Mexican jackets from SFS, flowers from Nani Leilani, skunks from Las Meninas, while those from Tous Les Temps and Gnomes took on more conventional forms.

It's a lot of fun visiting the boxes, and from a glimpse of fall Phrateres plans, it looks like we'll be doing it often in the future.

BENCHWARMING . . .

With Phil Jacks

I'm going to babble about this just once, and then forever hold my peace. As I sat up in the stands last Friday night, shrouded with the rest of you in fog, there was one thing that was pretty obvious. A good majority of the noise and cheering was coming, not from the Gaucho rooting section, but from the handful of Pomona faithful who had traveled a couple of hundred miles to see their team in action.

Now, not all of you can be blamed for this. Around where I was sitting there was plenty of support for the SB boys, but in other parts of the organized section a sustaining influence was conspicuous by its absence.

Not all of the blame rests on the rooters, however. The cheerleaders by virtue of their performance on Friday, left much to be desired. It seemed as though they had left most of their pep at the rallies that we had earlier in the week.

It is not a good sign when yells are started spontaneously by the rooters, as they were on several occasions. It is the job of the cheerleaders to anticipate when the rooters wish to cheer, and if they fail to do this it gives the rooting section an appearance of being disorganized.

Of course, we must also take into consideration that, like the football team, this was their first game of the season. The "rah-boys" looked mighty good in pre-game practice in the days before the game, and more likely they had a slight case of "first game jitters."

I'm rooting for you boys, so let's make me look foolish next Saturday night by doing the bang-up job that I am sure you are capable of.

That loud noise that you hear from up Berkeley way is the drum beating for the California football team. The Golden Bears, operating for the first year under Lynn Waldorf, have now dumped in successive weeks Santa Clara, Navy, and St. Mary's, and are favored to continue their winning ways against Wisconsin this Saturday.

After their first two games it was generally conceded that the Bears had something, but just what it was could still be considered to be in the realm of the unknown. Well, it is known now, for that adding machine score that the Bears ran up against the Galloping Gaels was the worst defeat handed the boys from Moraga by the Bears since a 49-0 debacle in 1923.

The Bruins, Trojans, et al now have a worthy opponent in our big brothers from the North, and the rest of the PCC race promises to be red-hot.

I had the Underwood all oiled up to write a thesis on why another set of stands should be built on the other side of La Playa Stadium.

I had some pretty good arguments about this too. In the first place, stands on the opposite side of the field would give the stadium a "big-league" appearance.

Next, and certainly most important, it would add infinitely more spirit to the games. It detracts something when both rooting sections are side by side, regardless of how far apart they put them.

After all, one of the primary reasons for a student rooting section to cheer is for someone to hear it. Granted, cheers can be heard to the side and behind, but in La Playa Stadium most of the noise is wasted on the beautiful blue Pacific.

Then, we are unable to have

Occidental Invades SB For Night Game

Roaring into town bent on knocking the Santa Barbara Gauchos from the ranks of the undefeated, the Occidental College Tigers will tangle with the aforementioned Gauchos at La Playa Stadium tomorrow night at 8:15.

Occidental's entire first team will be varsity lettermen from last year's team, and will be aided by five other lettermen and many college and junior college transfers. Back from last year's squad are Al Fain, All-Conference guard, and Tom Fleischman, All-Conference fullback.

Tigers Use "T"

The Tigers will use a "T" formation, and will feature a passing attack. Head Coach Roy Dennis has seven outstanding ends from which to choose the two who will start. Throwing to these ends will be returning letterman Hugh Tasse and transfer Don Ross. A guy named Joe, Johnson is the rest, might steal the whole show at the

card stunts, or things of that sort with a one sided stadium. Poms and rooters hats are wasted on the blackness of the night.

So, as I started to say a hundred or so words ago, I had it all planned to write something of that sort. That, fellow Gauchos, was before I attended my first game at the aforementioned stadium.

All I have to say, why make it miserable for fans on both sides of the field? You can't see the game from the stands that are already erected, so why build more stands that you won't be able to see from. Instead, let's see if somebody can figure out some way to divert the fog back up to San Francisco, where it undoubtedly originated.

Final thought—Just who had the original idea of building a stadium down by the ocean?

Just where could you find better, or more interesting halftime activities than we had at the game Friday night? Our hats are off to the band, the gals, the guys, and anyone else who participated. A couple of beers to Stan Schwartz and Jerry Firestone for their fine efforts. Let's hope there are more to come.

key spot, but as yet he has not proved his ability.

At halfbacks will be lettermen Johnny Trump and "Dusty" Rhodes. Both of these boys are fast, and promise to cause our boys no end of trouble.

All 2C2A Fullback

At fullback will be All-Conference Tom Fleischman, backed up by ex-tackle Lou Evans. Fleischman will be the man for the Gauchos to watch, and word has it that they had better watch him.

As for the Gauchos, they see a good season ahead, and don't intend to see it spoiled so early. Max Diamond, who ran wild against Pomona, is all set for the Tigers. The rest of the squad is at top mental and physical shape, and your reporter picks Santa Barbara by six points.

LIBRARY HOURS

Having been unable to contact the two habitues of the Santa Barbara College library, we print the following information in the hope that they might see it.

LIBRARY HOURS

7:45 a.m. to 9:00 p.m. Monday through Thursday.

7:45 a.m. to 5:00 p.m. Friday.

9:00 a.m. to 12:00 noon, Saturday.

Reserved books cannot be removed from the library before 3:30 p.m. although departure may be made from this rule on occasion. (Sample occasion: daughter's 120th birthday).

Caf Night Hours

For the benefit of Gaucho students living in housing which does provide meals, which does not provide meals, the college cafeteria will be open Monday thru Thursday from 5:00 p.m. to 6:30 p.m. Mr. J. A. D. Muncy, of the Business Office, hopes that more students will take advantage of the new hours by dining regularly at the cafeteria.

Beat Oxy!

FULLERTON JV DOWNS GAUCHO

A powerful Fullerton College football team ran roughshod over a willing, but outmanned Santa Barbara Junior Varsity team 46-6 at Fullerton last Saturday night. The Hornets, ranked seventh nationally among Junior College teams, were held to a 19-6 advantage at halftime, but the tiring Gauchos could do nothing to stem the tide during the second half.

The Gaucho line play was the outstanding point in their favor, as the Hornets were forced to take to the air to score.

Earl Engman scored the lone SB tally in the first quarter on a ten yard dash around end.

Gaucho Wrestlers Wanted For Squad

Gaucho wrestlers, both beginners and experienced, are urged to contact Coach R. K. Kaywood on Mondays, Wednesdays, and Fridays at 2:00 p.m. in the Men's Gym.

A sufficient turn-out of wrestler hopefuls will enable Santa Barbara college to compete for the 2C2A Championships and other bouts, for the first time since 1939.

This is a brand new department which we will carry on through the rest of the season. Members of the staff, plus guest "experts" will pick the probable winners of the twenty top games of the week. A weekly score will be kept so that you will be able to see just how we are coming along. Three points for a tie, and two points for a win, will be the scoring system. Match your football knowledge with the staff and guest pickers, and see how you come along.

This week, due to circumstances beyond our control, we will be unable to feature any guest experts.
