SANTA BARBARA, CALIFORNIA, FRIDAY, SEPTEMBER 24, 1926

NUMBER 2

## SORORITIES CONDUCT RUSH PERIOD DURING WEEK; MANY SOCIALS

### Pan Hellenic Conducts Choice of New Greek Letter Members

Under stricter supervision than in any previous year, rush week will end Thursday at noon after a period of elaborate entertainment by every Greek Letter sorority on the campus.

The schedule is already complete and opened Tuesday afternoon with the Alpha Theta Chi presiding. Wednesday afternoon the Delta Zeta Deltas entertained, and Thursday evening the national sorority, the Delta Sigma Epsilon, rushed. Tonight the Phi Chi Alphas, the art society, have the schedule and Saturday the Delta Zeta Deltas entertain. The Delta Sigma Epsilon group has Sunday, the twenty-sixth, and the Alpha Theta Chi the twenty-seventh, both planning to rush in the evening. The big night is the twenty-ninth, when the Alpha Theta Chi will give a formal, and the Delta Zeta Delta, Delta Sigma Epsilon and the Phi Chi Alpha will entertain informally.

The Pan-Hellenic has been in charge of the arranging of the rush hours and rules. Grace Miksch, Phi Kappa Gamma, is president, Anna Cowan, Delta Sigma Epsilon, is vice-president, and Ruth Kueffer, Phi Chi Alpha, is secretary-treasurer.

### Large Turnout Applies For Orchestra at Meeting in Gym Wednesday Night

The college orchestra, formed this week under Harry Kaplun, local director, met for its first rehearsal Wednesday evening in the gymnasium. A large turn-out was recorded.

The assembly presented a complete orchestration, according to Mr. Kaplun. There are seven violins, two cornets, two trombones, and one cello, piano, saxophone, French horn, bassoon, clarinet, flute, oboe, and one set of drums. "We want to get as many interested as we can," the director stated yesterday, "and there is plenty of room for anyone. We will be taking more advanced work than the high school, as we believe it can be done and should be."

Efforts are being made to secure the cafeteria for future rehearsals. The influx of new students seems to have brought a large number of musicians to the campus, and, with some from the local high school, the new orchestra has been well benefitted.

A half unit of college credit is to be given this year. Prospective members are still welcome.

Our idea of a broad educated man is a college prof just run over by a steam roller.

### Roadrunner Stuffed for Trophy Case by Annin

An accident netted the college trophy case a stuffed Roadrunner this summer, according to reports brought in by Clarence Annin and Harold Morehead.

The two men were driving by Paso Robles during the summer when they struck a roadrunner, which was killed by the machine. Annin had the bird stuffed, and in his quiet way brought the bird to the trophy case.

Those knowing the roadrunner state that the stuffed bird is an unusually splendid replica of the living creature.

## GLEE CLUBS ORGANIZE FOR BIG YEAR WITH MANY ENROLLED

First meetings of the Men's and Women's Glee clubs were held this week under Helen Barnett in the initial preparations for the coming seasons. Twenty-four women met on Monday to organize and nineteen men signed up in the first men's meeting at the Y.M.C.A. on Tuesday.

Officers for the women's club will be elected next Tuesday. The men chose their officers at the end of the season last Spring. They are: president, James Dinwiddie; treasurer, Paul Means, and librarian, Clayton Sheesly.

An active season will be planned for both clubs. The men will renew their concert work, which was interrupted last year when Mrs. Barnett went to the University of California to obtain a degree. With the return of many of last year's singers, including "Dick" Proud, tenor, the coming concerts promise much under the direction of Mrs. Barnett. Specialty numbers will feature many of the entertainments. A quartet, similar to that one comprised of Dawley, Proud, Wirths and Peters, which found so much favor during the past few years, will probably be formed. Plans for the women's club call for an operetta to be given some time during the season. A few concerts may be given.

### Registration Goes Over 400 Mark One Week Left for New Students

With the registration going over the 400 mark yesterday, the largest student body yet obtained at Santa Barbara State has been realized. Of this registration, 345 had paid their dues up to yesterday noon, with expectations indicating a paid student body of 375 to 400.

One more week remains before registration is closed, Mrs. Miller, registrar, announced Thursday. It is expected that the enrollment will swell materially during the week.

Student body dues are compulsory for those registering for six or more units, or taking more than one course.

## HEALTH BENEFIT IS FAILING; SHORT IN MEMBERSHIP REASON

### Today is Final Day for Joining; Failure Is Permanent

As yet the Health Benefit has failed. There are not enough signees.

Today is the last day and if the students do not flock to the desk in the corridor where Morehead is presiding, they will have no help this coming year when they meet with an accident or become indisposed for any other reason. In Morehead's own words:

"So far only football men have signed up, but don't let that scare you out." The fee is four dollars.

If the organization fails, it is stated, it is very likely that it will never return, as a lack of interest will probably influence the Cottage Hospital to withdraw their offer, which makes the Benefit possible.

Santa Barbara State is the only college with such a benefit. It has been the topic of much discussion at other institutions, and its failure this year might mean the cancellation of any such plans at other colleges.

### Pep Committee Formulates Rally Plans for Coming Student Events

Rally plans for the coming year were roughly formulated by the Pep Committee at their first meeting held Wednesday night.

A parade through the business district on the eve of the first game, which is with Southwestern University here on October 8, is being planned.

The biggest home game is with Bakersfield and the Committee is centering their attention on this event. A beach bonfire is being planned for the eve of the clash. Attempts to secure a band for the game are also being made, together with printed programs containing pictures of both aggregations.

Advertising week, to be scheduled around the first of November, will be put through in an effort to show the merchants of the town the patronage being derived from the college student body. During the week cards will be distributed to the students who will be asked to pass a card to the merchant every time a purchase is made. Promotion of advertising in college publications will also be aimed at.

In order to educate the women of the college in the principles of football, the Pep Committee is arranging to have Coach DeGroot speak to the A.W.S. on the rules of the game.

Corduroy trousers worn by upperclassmen at Pomona College are to become extinct. Examination has revealed that the average cords harbor 20,000 bacteria to the square inch, making some 30,000,000 to the garment.

## Roadrunners Meet Grizzlies In First Grid Battle Tomorrow

Although going out of their class considerably when they meet Southern Branch at Los Angeles tomorrow, Coach DeGroot is taking his Roadrunners south in hope that they may gain considerable experience in preparation for the Fresno game next week, which he is very anxious to win.

Word was received that the Grizzly line averages over 190 pounds,

against the Roadrunner 165-pound forward wall, which is composed of many inexperienced men. Such contrasts will quickly wear out Santa Barbara's line.

"The game Saturday will be treated as a purely practice affair," the Coach stated yesterday. "I don't care whether we win, lose, or draw; but I do want to give the boys some experience. We want no cripples, as a sick list would ruin our chances against Fresno."

The line-up tomorrow has not been definitely decided. For center Vandam or Batchelder will start. Larsen, Clapp, and Furman are in line for the guard positions, with Mead, Hawkins, Stauty, and Furman ready to fill the two tackles. For ends there are Ted Foss, Williams, Martin, Acquistapace, and Lawrence.

Swanson or Brubaker will call signals. For two half positions, O'Reilly, Vince, Morehead, and Curtis will be used. Foss and Clemore are the fullbacks.

\* Three of the best looking prospects, Clemore, Curtis, and Acquistapace, will see little service tomorrow owing to poor condition.

Others who may be used by DeGroot are Mabe, Sheesely, and Evans, guards; Thurmond and Cravens, tackles; Donahue, end; Alberts, Art Hill, Dundes and Kramer, backs.

A fairly large bunch of rooters is expected to accompany the boys on their first venture of the year, according to reports heard around the campus.

Southern Branch has never been played before by Santa Barbara State, but dope last year placed the two schools on a fairly even standing, with the Grizzly eleven holding the edge. This year Coach Spaulding of the southerners has worked up a much better aggregation than ever seen before at that institution.

### Dice Elected Yell Leader; Assistants Nominated

Norvel Dice, '28, was elected yell leader Tuesday at the first student body meeting of the year. He was chosen by a large majority over Philip Kinney and Floyd Kenney, cheer leader last year.

Ardis Sloan, Marjorie Scofield and Edna Fletcher were nominated for college pianist. Phyllis Randall received the lone nomination for song leader. The election is pending tryouts at the next student body meet.

Dice, who led yells for the Roadrunners two years ago, appointed Kenney assistant. He states that plans are underway to work up a snappy yell leading unit.

## BIG BONFIRE PLANNED FOR BAKERSFIELD GRID GAME

Plans for a rally bonfire for the Bakersfield game here on October 23 were formulated by the Pep Committee at their meeting last night.

The event will be held on the eve of the game, Friday, the 22nd, on the East Beach, where a large fire can be built safely. Objection by Fire Chief A. H. Cooley of the city fire department prevented the use of the hillside for the pyre.

A thirty-foot height is planned. The Frosh will be assigned to its construction and the necessary guarding which must be done at night, as danger of pre-ignition is always present.

### Big Attendance at Alumni Reunion in Bakersfield

Thirty seven attended the Bakersfield region alumni reunion of the Kern County Alumni Association at their annual meeting held in Hotel El Tejon last Saturday. Faculty members who attended were President Phelps, Miss Crosswell, Mrs. Miller, Miss Frye, Miss Clarke, Mr. Peters and Mr. Griffin.

Owing to the large size of the region covered by the association, Mrs. Miller has announced plans for the organization of a new association for the northern section of Kern County. The need for a new organization was shown at the meeting, since all members who would like to have attended could not reach Bakersfield owing to the distance.

Warren Wood was re-elected president of the organization, with Miss Eunice Uebele assuming the office of secretary-treasurer.

The meeting was addressed by President Phelps.

### Cafeteria Gives Rates For Ten Meals

A special offer in price reduction was made at the cafeteria this week, consisting of the sale of tickets for \$3.25 which give to the bearer ten thirty-five cent noon meals.

A few improvements are being made in the interior arrangement of the cafeteria. The changes are resultant of increased patronage at both noon and evening meals.

## THAT LONELY FROSH

You see them in the corridors, these Freshmen, some standing lonesomely in corners to themselves, others in small groups, and a few lucky ones mingling with upperclass students.

These lonely Frosh are not getting all that the college offers. They are gaining intellectual knowledge, true enough, but not getting the benefit and enjoyment that comes with college social contact. Failure to mingle with fellow students means a failure to absorb the spirit and tradition that makes the campus what it is.

The second type is a little better off, for they have their own crowd with which to mingle. But contact with students of their own class only, while it may make for good class spirit, will fail to make the college spirit and loyalty that ranks foremost. Contact with upper-class students will give the Frosh some conception of the ideals that govern college life.

That is what the third type of students get. They number their friends among the upper classes as well as their own class. Through their wider contact with campus life they are gaining the knowledge which will prepare them to take over the positions for which they will be eligible when they, too, are upper classmen. They are getting the full value out of college life, and at the same time are making life-long friendships.

You upperclassmen should see that the Freshmen have this opportunity. You can give it to them. Most of them are suffering from just plain bashfulness, caused by unfamiliarity with their surroundings. You can furnish the human touch which makes the campus friendly.

So the next time you saunter down the hall and see a lonesome Frosh in a corner, don't look into the space over his head. Be human. You were once a Frosh yourself.—V.D.

### MAKING A REPUTATION

The sunny southland has hazy ideas concerning Santa Barbara State. Little is known of the Roadrunner institution around Los Angeles.

Tomorrow Cocah DeGroot is taking his pets into that region and in the afternoon will line them up against one of the south's best-known universities, Southern Branch. The Los Angeles institution has been receiving lots of publicity in the football line so far this year with the consequence that the public has an eye on the university, and will rate other colleges by comparison.

What the Roadrunner squad does to the Grizzlies will mean much to our reputation. If Santa Barbara makes the Baby Bears sweat—if Santa Barbara holds them well—or if Santa Barbara smears their expectations of a snap game, the southern sport world will find another college to watch. That is what we want.

It is only a hundred mile distance to the scene of the game, and all day to make it in. How about a gang there tomorrow?

### HELENA CULP MARRIES

Miss Helena Culp, editor of La Cumbre last year, was married during the first part of the summer to Mr. Sherman Derbyshire, of Fillmore. The couple are residing in Santa Paula.

Miss Culp was well-known on the campus. Besides her journalistic activities, she was a member of Delta Zeta Delta.

The athletic council of the university of Southern California has decided to include golf as a major sport.

### THAT LETTER

A college insignia on the hills around Santa Barbara has always been in demand. Last year plans for a letter on the mountain were halted by the objection of a local civic body, which claimed such an insignia to be unsightly.

Keen disappointment followed. The planting of the letter was to have been one of the major accomplishments of the year.

A lively thriving college is an asset to any town. In order to obtain such a college there are certain things "collegiate" which are regarded by the students as almost essential. To them a letter on the mountain is a far and wide exclamation announcing the existence of a college. It is pointed to with pride. Around it many traditions form.

Santa Barbara State is struggling hard to develop into a livelier college. The process of planting the letter would be of material help to this end, and when it was denied, a blow was struck.

An emblem in back of the city would not stand out to the extent of ruining the scenery. It would appear small, compact, and neat, lending a human interest appeal to the bare mountain. It would signify life.

Campus opinion is highly in favor of a reconsideration of the letter. It should not be hindered, especially when such a project would snap up the college, which in turn, would benefit the city.

### PHI KAPPA GAMMA MEETS

A house warming tea of the Phi Kappa Gamma was held last Saturday at their new sorority house at Moreno Road and Loma street. Women faculty members and sorority members of other societies were guests.

Bernice Gange, '24, who is now teaching at Inglewood, was present.

## THE EAGLE'S EYE

—An Upper Classmen Observes

THE second week of college is gone and past, and from all indications we are going to have one keen year.

Although the Frosh were a good deal of a bother during the first week, there is a possibility that in time they may lose some of their childish ways.

And, Mon Dieu! There is an awful gang of them—ask any Sophomore.

IT IS a pity that there isn't a larger squad out for football.

We have a real coach, but he is having to work with a squad of about twenty-five when he should have twice that number.

There are plenty of huskies around the quad who aren't out. One wonders what is wrong with some of them. Have we a bunch of cake-eaters in this college?

MONDAY morning a truly marvelous sight awaited our college students when they reached the campus.

Some exceedingly brave Frosh, in open defiance of absolutely no one at all, had succeeded in hanging a thirty flag above that of the Sophomores.

Due to some unexplainable oversight on the part of the brave Freshmen, the Sophomore flag was not taken down.

With the peagreens outnumbering the Sophs about five to one, it is a pity that they couldn't have waited until the twenty-niners had graduated. Then they would have been sure of having the campus to themselves.

## MORE JOSH THAN POETRY

By H.T.S.

### TIED AND DYED

Have you heard the Froshies singing when the Sophies aren't around?

If you haven't, come and listen, and you'll hear the walls resound to a mystic encantation of a surely truthful sound:

"For it's Kramer in the pool, boys,

It's Kramer in the pool:  
Just dripping wet and spirting sweat

And using up the alphabet,  
It's Kramer in the pool!"

\* \* \*

MY ERROR!

'Twas the thirteenth of September, or perhaps a later date,

While the Sophs were turning verdant every tempting Freshman pate,

That there sallied forth a maiden by the well-known name of Miles, Seeking for a head to crown in the latest campus styles.

E'er two steps she'd boldly taken, there before her loomed her prey.

Flapper Toots Says:

When you have your printing done at the

## KAMPUS STATIC

### ADVICE TO THE LOVELORN

HE WAS A BIG Freshman and

SHE WAS ONE of these

FIVE FEET TWO Girls. You know,

A REGULAR knockout.

HE SAT NEXT to her in

CONTEMP. CIV and he

WAS AFRAID to look

IN HER DIRECTION. He wanted

TO TALK TO HER, but he

LACKED THE NERVE, and so he

WOULD PROBABLY have sat

THERE, DUMB, the rest

OF THE YEAR, except that

ANOTHER FRESHMAN—one of

THOSE LITTLE BREEZY Frosh—

CAME DASHING down the

ROW OF SEATS and knocked

HER COMPACT and pen

AND NOTEBOOK off the arm

### OF THE SEAT. And everything

WENT FLYING. So he got

DOWN AND PICKED up her

NOTES AND re-assembled

THE LAYOUT. They talked

TOGETHER AND he found she

WAS QUITE FRIENDLY. That

AFTERNOON HE treated the

OTHER FROSH at the Co-op.

THE NEXT EVENING he took

HER HOME in his little

FORD ROADSTER. And they

SEEM TO be very

GOOD FRIENDS now, which

PROVES THAT a man

MAY BE missing much

BY BEING entirely too

BASHFUL.

ADIEU.

## Resignation of Comstock Accepted; No Successor

The resignation of Edith Comstock from the managership of oratory, dramatics, and debating, was accepted by the students at the student body meeting Tuesday. Miss Comstock did not return to college this year.

Nominations for the office will be made by the council at a later time.

## Cards Due Today

Semester and daily program cards are due today. The semester (white) card is to be turned in to the heads of the departments, and the three daily program (gray) cards must be filed with the registrar. A box will be placed outside the door.

One dollar will be charged for not complying with these regulations.

Tau Gamma Sigma is holding a tea Saturday afternoon for the faculty and presidents of the sororities.

FOR SATISFACTION

**Peabody Stadium Obtained For College Football Games**

Peabody Stadium has been obtained for the four games to be played at home through the courtesy of Principal Homer Martin and Coach Clarence Schutte of the High School. Owing to two conflicts on October 9 and 30, when the High School eleven plays at home, the home college games scheduled on those dates have been transferred to Friday afternoons.

Southwestern University may come north on Friday, October 8, for the first home game. One of the big clashes of the year, Bakersfield Junior College, is scheduled for Saturday, October 23. The following, Friday California Christian is due tentatively at Peabody Stadium to settle the tie of last year. Saturday, November 13, is open.

In an effort to provide games at Peabody Stadium every Saturday next year, Coach DeGroot will adapt his home schedule to the open Saturdays at the stadium. It is believed that bigger crowds can be obtained if every Saturday is filled by either the High School or the College.

**Archery Scheduled for Fall; Women Expect Big Year**

Women's archery has been placed among the fall sports, despite difficulty in finding practice fields and arranging hours. Miss Weage will have charge. It is believed the football field will be used.

Miss Weage and Miss Rogers are optimistic in regard to women's athletics this year. Co-operation with Coach DeGroot has enabled the women to secure the football practice field on Tuesday and Thursday afternoons, when the grid men are using the high school field. This will make it possible for hockey to be placed in the fall and basketball in the winter.

**Hockey is Established as Sport for College Women**

A large number of women reported at the first hockey meeting of the year held Tuesday night, and a record in sport success is expected.

Hockey has never been instituted here before, but there is plenty of material, some of which are experienced players. The rough condition of the football practice field has presented a problem, but it is believed that it can be overcome.

An exceptional turnout of Freshmen and Sophomores, together with good upperclass material, has insured strong competition.

**GRAD GOES EAST**

Charlene Hord, graduate of last year, was sent east during the summer to the conclave of Delta Sigma Epsilon, representing the local division, Pi Chapter, of the organization.

Two delegates will be sent from the Santa Barbara organization two years hence, when the meeting will be held at Yellowstone Park.

"Give me a kiss," he pleaded. She made no reply.  
 "Won't you please give me a kiss?" he asked again.  
 Still no answer.  
 "Please, please kiss me," he begged.  
 And still no reply.  
 "Hey, are you deaf?" he roared.  
 "No," she snapped. "Are you paralyzed?"

**Eighty-one Enrolled In College Elementary; Courses Are Changed**

With an enrollment of 81 pupils, the College Elementary School has begun its term's work on schedule with the college program. In the new bungalows built for the grades by the Community Mechanics men, the school is completely at home.

A few changes in courses offered have made the program more varied. A course in home-making is being given the seventh grade. This is under the supervision of Miss Ebetts of the Home Economics Department and is taught by student teachers, Edna Fletcher and Ruth Cross. Things pertaining to the home, such as cleaning, helping the mother, food and clothing are taught the children taking the course. As something new in elementary grades, the subject is

being worked out this year in the hope that it will be successful enough to warrant it a place in next year's program.

Other new classes include two given by Miss Ramelli of the College faculty in French and Spanish. These may be taken by 4th, 5th, 6th and 7th grade students. Shop work in the college shops is being offered the 7th grade boys. This is taught by members of the Community Mechanics Department.

Besides the two new bungalows, many things have been added to make the school furtherly modern. The 7th grade has entirely new books, the 4th, 5th, and 6th grades are partly supplied with new manuals, and, lastly, a new piano anonymously donated, is occupying the place of the old one.

**Spaulding's Gym Class Receives Many Applicants**

Applications for membership in the new men's Gym Apparatus Class under Seldon Spaulding have been made during the week with the probability that the limited quota will be filled very soon.

The first class was held last night. These will take place regularly on Monday and Thursday afternoons from 4:30 to 5:30. Beginning work will be taken gradually in order to work the men into form for the first monthly examination. An exhibition will be given at the completion of the term's work, with each member of the class taking part.

**BLANKETS BOUGHT**

Twenty-four sweat blankets to be used during football season have been purchased and were delivered Wednesday. They were ordered from Wartnik Brothers, Los Angeles, at a cost of seventy-five dollars.

## Grizzly Writer Thinks Branch Will Get Walkaway Tomorrow

By MORRIS KAPLUN  
(Sports Editor, Daily California Grizzly)  
(Special to The Eagle)

One hundred miles is a long way to travel just to take a beating, but Santa Barbara's football eleven should carry home enough experience to compensate that. Those words are the quite precise expression of campus sentiment at the Southern Branch in regard to the Grizzly-Roadrunner football melee at Los Angeles Saturday afternoon.

Bill Spaulding, who created an ebullition of athletic spirit last fall similar to what "Dud" DeGroot must have done at Santa Barbara, has just the team he wants this year—a heavy one. He has a bunch of fellows with whom he worked assiduously during the spring, and they are a squad of not only beefy, but smart and experienced pigskinners. It is too much of a truism to repeat the old line: "Give a good coach, such as Spaulding, the material he wants, and you are bound to have a cracker-jack machine."

If Spaulding wishes, he can and probably will throw in a line of reliable strength, like this:

Beck and Sparta, ends, 175 pounds; Stanley and Wentzel, guards, 210 and 180 pounds respec-

### Eleven Works Out Against High School; Prep Players Give Roadrunners Practice

Potential strength was displayed by DeGroot's squad in its first scrimmage of the year against the High School last night in Peabody Stadium.

Playing was ragged on both sides during the early part of the period, the High School's smooth running machine showing the result of more frequent practice. The Roadrunner line had some difficulty in settling down to work, the heavy High School backfield making consistent gains on off-tackle bucks. Once settled down and functioning properly the line consistently stopped the High plunges.

On the offense the Roadrunners showed the effect of steady drill, hitting the line low and hard. After the first few plays the linesmen began opening up holes in systematic manner. The backfield displayed speed and accuracy in finding the holes, and going through them for regular gains. Off-tackle

tively; Bishop and Hudson, both over 180, tackles; Epstein, center, 208 pounds.

Or he may try some of his lighter lads, who range from 155 up. Captain Hastings at center is the smallest man in the forward wall, but he is a terror. He has copped All-Conference booths twice.

As for the backfield, the Grizzlies find themselves pretty well equipped, though lightly, with Fleming, half; Birlenbach, quarter; Fields, full; and La Bucherie, half. In this ground you will see speed, power, and cleverness combined, and though Spaulding has several other good ball-tuckers, such as McCubbon or Kibbe, heavy, fast men, the first four will very likely see the most action.

bucks and long end runs seemed to be the most consistent ground-gaining plays.

Switching to passes, DeGroot's men displayed unexpected power. After preliminary fumbles an attack was launched which carried the ball half the length of the field. Passing was very accurate, and the linemen were under the ball, prepared to complete the throw. The line and backfield both displayed an unusual reserve of speed in this attack.

Furman and Foss out-kicked the High men by a handy margin in the final period of the scrimmage, averaging forty-five to fifty yards, and placing their kicks well. The Road-

### Out of the Line-up

CAPT. CLARENCE "TINY" ANNIN

runners again displayed their speed by invariably nailing the receiver in his tracks.

Coach DeGroot expressed himself as being well satisfied with the work of his men. This was the College's first scrimmage of the year, and aided materially in showing up the weak spots in the line-

"Here lays the body of Samuel A. Green, proposed to Louise and called her Irene."

### GRID SCHEDULE

- Saturday, Sept. 25 — Southern Branch, there.
- Friday, Oct. 1—Fresno State, there.
- Friday, Oct. 8 — Southwestern University (tentative).
- Saturday, October 16— Loyola, there.
- Saturday, Oct. 23—Bakersfield J. C., here.
- Friday, Oct. 29—Cal Christian, here (tentative).
- Saturday, Nov. 6—San Diego State, there.
- Saturday, Nov. 13—Open.

## WHY WRITE A BOOK EVERY WEEK-END?

Save those long detailed letters to the folks by  
MAILING HOME

# "The Eagle"

If you mailed your copy each week, it would cost you between 54c and 72c for postage alone, besides countless trouble and time. Using our plan, one dollar mails a copy promptly every Friday noon, enabling you to omit lengthy details of student activities from your letters and devote more space to other things.

We mail it for you!  
**One Dollar a Year**  
Reduced from \$1.50
