

NEW COLONEL'S COEDS chosen by ROTC cadets are (top row, left to right) Captain Betty Dorman, Major Jodi Buckle, Major Linda Wallschlaeger, Major Peggy Eagan; (bottom row, left to right) Colonel Eleanor Roberts, Captain Molly Thomas, Captain Virginia Krehbiel. These girls help sponsor ROTC activities.

Development of Dance Is Miss Bellinger's Topic

By Edith Fern Hicks

Miss Jean Bellinger, in her lecture on "Dance as a Contemporary Art," to be given at 4 p.m. in Pine Hall 100, will discuss the development of the present form of modern dance, which took place as a revolt against traditional forms.

In the lecture, dance content will be discussed and examples of the various types of dances will be given. The problem and means of objectifying the inner feelings of the dancer into a movement pattern easily communicated to the spectator will be discussed and illustrated.

Miss Bellinger will demonstrate certain characteristic styles and qualities of modern dance movement and devices of composition as aids in helping the spectator to understand the structure of dance composition.

One group study, inspired by a modern painting, will be given by Miss Bellinger, assisted by the Misses Rena Frabony, Marilyn Childs, Jean Potter and Mrs. June Lane.

Miss Bellinger, assistant professor of physical education, received her M.A. from New York University. Miss Bellinger has been at Santa Barbara College since 1945 and has been conducting classes in modern dance.

Liberalism Discussed

In the All-College lecture last Wednesday on the "Evolution of Modern Liberalism," Dr. Harry K. Girvetz described the emancipation of the individual from his complete submergence in his group. The growth of liberalism is inseparable from the moral evolution of our civilization, he said, because liberalism in its broadest sense stands for the liberation of individuals from arbitrary external restraints which prevent the full realization of his potentialities.

The liberal tradition, according to Dr. Girvetz, is many-sided; its main manifestations are economic and political. On the economic side, historical liberalism bases itself on the view that if individuals are left free to pursue their interests in an exchange economy based upon the division of labor, wealth of the group will result. Moral goals and ethical criteria are invoked in passing ultimate judgment on the system.

On the political side, the guiding principle of political liberalism has been an insistence on limitation of power.

Premises Given

The liberals of today have evolved a program of government action which by consensus of both critics and advocates has come to be known as the welfare state. In defining the welfare state, Dr. Girvetz bases it upon these premises: (1) the acceptance of collective responsibility for providing all individuals with equality of opportunity; (2) responsibility for basic security of those who are prevented from providing such security for themselves; (3) responsibility for themselves; (3) responsibility for themselves.

AMS Steak Fry At Tucker's Grove

With the stimulating aroma of frying steaks, the Associated Men Students will inaugurate its annual steak fry Sunday afternoon. Tucker's Grove will be the scene of the event.

"In addition to having delicious food to eat, there will be trophies awarded to the winning teams playing horseshoes, volleyball and other recreational sports," said Ed Monreal, president of AMS.

Serving the food will be Mr. Mayville S. Kelliher, assistant professor of physical education; Mr. Wilton M. Wilton, assistant professor of physical education, Graduate Manager Bob Lorden and Mr. John M. Groebli, assistant professor of industrial arts.

Dean's Coffee Hour Changed to Thursday

The date for the first Dean's Coffee Hour has been changed to Thursday.

This first hour, which is by invitation only, will honor seven foreign students who are new to Santa Barbara College this semester.

Members of Spurs will assist in the preparation and serving of the coffee hour. The purpose of these hours is to offer the chance for faculty and students to meet informally and socially. Many students on the campus have expressed interest in this kind of opportunity. "We hope that the coffee hours will prove to serve this end and that they can be continued as long as students seem to desire them," says Miss Helen E. Sweet, Dean of Women.

Dean Sweet and Lyle G. Reynolds, Dean of Men, will be hostess and host for the coffee hours.

Job Information For Women Is Available

New information regarding the Army Reserve Officers Corps and Navy Reserve Officer programs for women is available in the office of the Dean of Women.

Data are available for various state positions in teaching, administration, bacteriology, nursing, biology, chemistry, psychology, library, parole officer, physiotherapy, occupational therapy and recreation therapy statistics.

Women students may consult Dean Helen E. Sweet for details on these programs and positions.

Symphony Orchestra To Perform Tuesday

The first appearance of the symphony orchestra next Tuesday promises to be one of the high points of the cultural calendar for this semester. It will be held at 11 a.m. in the Riviera Auditorium and is open to both students and the public.

One of the first major features of the program will be the playing of Greig's Piano Concerto by Dr. Gillespie. This will be the first appearance of Dr. Gillespie with the symphony orchestra here and will also be the initial appearance of the new Steinway piano recently purchased by the University. This is considered to be one of the finest pianos in California.

The orchestra is composed of 60 members and will feature the "pops" concert type of music. The assembly was arranged through the efforts of the Assembly Committee under the leadership of Jean Newham, chairman.

Other selections to be featured are "Promenade" by Anderson, "Euryanthe Overture" by Carl Maria Von Weber and "Air on G String" by Bach. The latter will feature the string ensemble under the direction of Stefan Kravik.

This concert will be a regular feature each month and will be open to both students and the general public.

ACB Policy for Violations Set Up

The policy concerning violations of Activities Control Board regulations was set up at a recent meeting of ACB, according to Melida Horn, chairman.

The informative letter stating ACB policies, which was sent to all organizations with the recognition forms, is considered as the first warning.

Any further violators throughout the academic year will be given a hearing before ACB, and if ACB so rules, the violator will be placed on social probation. The period of time involved will be left to the discretion of ACB pending final approval of Legislative Council.

There is a University ruling that for all social events of recognized organizations which are attended by mixed groups of men and women, ACB forms must be turned in and approved. It is required by the University that chaperones and sponsors must be present at these events and that their names shall have been submitted previously to and approved by the Dean's office.

A copy of the minutes of the Nov. 11 meeting, at which this policy was adopted, is being sent to all campus organizations to notify them of the action which took place.

Fraternities Fined For Parties Held During Homecoming

Fines have been imposed on five fraternities by the Activities Control Board as a result of parties held during homecoming week. According to Melida Horn, ACB chairman, a policy had been set by the board for homecoming that no fraternities should have parties after the game, so that the student body-sponsored dance could be a success. It was thought necessary that the presence of all fraternities would aid in the financial success of the dance.

Five fraternities went against this student body ruling and also against a University regulation that requires a chaperone at mixed parties held in the fraternity houses.

The ACB met Tuesday, Nov. 11, and voted that fines of \$10 should be paid by the fraternities for violating these two rulings. The fines are due December 1 in the Graduate Manager's office. Melida added, "The fraternities were given a chance to appeal the fine at yesterday's meeting of the ACB."

Pre-Basketball Show To Be Given Soon

Coming up soon is the pre-basketball talent show, which will be combined with a rally. This assembly, held at the Riviera Auditorium, will be on the Tuesday before the first basketball game and is sure to be full of fun and pep.

Tryouts for this show are to be held in the near future. Anyone interested is asked to try out and contact either Peggy Gilbert or Jean Newham. Such acts as singing, dancing, pantomimes and impersonations are requested.

Buck-Month Praises Cheerleaders, Band

The Gaucho Buck-a-Month Club recently congratulated the UCSBC band and the Gaucho cheerleaders for the outstanding school spirit they showed at the Homecoming game in a letter to Mr. Theodore Harder of the Physical Education Department.

The letter, which was written by Mr. Endicott Faxon, president of the club, is printed below:

"I wish you would convey to the conductor of the UCSBC band my congratulations for his swell music at the game Saturday evening. Many other persons expressed themselves likewise after the game.

"Also give the Gaucho cheerleaders a pat on the back for something new that enthused the fans. They did a fine job, and everyone left the stadium wondering what caused such a pleasant reversal of form and certainly hope it keeps up, which will greatly add to the attendance at future games."

UN Club to Collect Supplies for Seoul

The United Nations Club will meet tonight at 7:30 in Pine Hall 100.

The main project under consideration of the UN Club will be the opening of a drive to collect supplies for the students at the University of Seoul, Korea.

BIDDLE BENEFIT DANCE

Bonfire Rally Before Season's Final Game; Post-Game Dance to Honor Senior Players

A giant pre-game bonfire rally and post-game dance are being planned for the last game of the season with the San Diego State Aztecs on Friday, Nov. 21. These events will climax Santa Barbara's most successful football season since 1940. The rally will be held at La Playa Stadium and start directly at 7:20 p.m. Song leaders, cheer leaders, the band and Student Body President Fred Wade will all be on hand for the rally.

'Burning Darkness' To Be Next ASB Play

"In the Burning Darkness," the next Associated Students play to be presented, is now daily and nightly under rehearsal to prepare for its performances to be given Dec. 4, 5 and 6 in the Riviera Auditorium.

The play, under the direction of Dr. Theodore Hatlen, was translated this summer from the Spanish by him and Dr. Samuel Wofsy. The setting is that of a college for the blind, and the action centers about a new student who, in refusing to accept the inevitability of blindness, causes dissatisfaction and lack of confidence to rise among the other students.

The male students in the cast will be played by Arlen Welch, George Meinke, Dick Weston and Dick Wilcox. Mr. Carl Zytowski will play the part of the president of the school and his wife will be portrayed by Mary Jane Flanagan. Fred Junker will play the part of the father of one of the students.

The girl students will be played by Thelma Simpson, Gerry Cox, Barbara Briggs and Jacquie Shutts.

'La Cumbre' Contracts Must be Signed Soon

Those organizations which have not as yet signed contracts for their pages in *La Cumbre* are requested to do so as soon as possible, according to Sue Bullis, editor. Payment is not required at the time of signing; it is merely a guarantee to pay.

Sue requests all organizations to make appointments for their pictures at Zane's, 7 La Arcada Court. The deadline for portraits is Dec. 25. A list of the members in each organization must be sent to the photographer at the time the appointment is made.

AWS Doll-Dressing Contest Progressing

The annual doll-dressing contest is in full swing under the direction of AWS. Each year Santa Barbara College students are given the opportunity to make original clothes for the dolls and are eligible to compete for various prizes offered for this charitable work.

Dolls are available in the Dean's office and may be obtained at any time. These dolls must be completed and in the Dean's office by Dec. 1, at which time the judging will take place. Prizes will be awarded on the basis of best workmanship, the most original costume and the prettiest costume.

Upon completion these dolls are turned over to the Santa Barbara Council of Christmas Cheer for distribution to those in need.

This year's drive is under the direction of Catherine Cox. Any additional information may be obtained at the office of the Dean of Women.

Social Committee To Have Important Meet

There will be a meeting of the Social Committee on Thursday at 4 p.m. This meeting will be held in Ridge Hall, Room 101, and will be for all members and those who are interested in the committee. At this time plans for the Christmas formal, an all-college dance, will be discussed.

The game with San Diego, a traditional rival, is always the last of the season. This year it will decide whether or not the Gauchos take second place in the CCAA.

The dance at the Cabrillo Pavilion following the game will honor the graduating football players. This is an all-school affair and the sponsors, the sophomore and freshman classes, invite everyone to spend an enjoyable evening. Tickets for the dance will be \$1 per couple. They may be obtained at the ticket booth, in the Graduate Manager's office or at the dance. Skip Wilson's orchestra will provide the music.

Dave Daniels and Jack Christofferson, sophomore and freshman class presidents, urge everyone to attend Friday evening's activities. "Let's really get out and support the Gaucho team which has shown us such a great season."

Any proceeds above and beyond expenses will go to Bob Biddle, who broke his leg in the Cal Aggie game. His wife recently contracted lung polio. The Biddles have a daughter three years of age.

1952-53 Directories To Be Sold Next Week

Student Directories for 1952-53 will be on sale next week, according to Lois Jaral, editor. The book contains the names, college addresses, home addresses, and telephone numbers of students attending Santa Barbara College. Names, addresses and telephone numbers of the faculty and college employees are also included.

Staff members include: Ann Hinton, Diana Drake, Shirley Chard, Gwen Lanning, Nancy Steeves, Dick Weston, and Sally Rader. The cover was drawn by Ann Schlegel; assistant artists are Trudy Mulkey, Dorothy Conley, and Judy Couch. Bill Myers is business manager.

The book will sell for 35 cents, which is the same price charged for it last year.

Job-Placement Assembly Tomorrow

February and June graduates interested in finding work after graduation may attend an assembly Thursday at 11 a.m. in Pine Hall 100. Speakers will inform the students on ways to go about contacting people in applying for jobs.

Seniors will be asked to fill out cards with necessary information and type of work desired. Coralyn Godwin, job-placement chairman, is in charge of the assembly and suggests that all students who want help in finding jobs attend the meeting.

BARBARY COAST

Applications are now being taken for chairman of the Santa Barbary Coast Carnival to be held in the spring. Interested students may get their application blanks and more information in the Student Body Office, Bldg. D.

Why Did Feller Die? . . .

The national election is over. The issues brought up are not settled, however. The threat of communism is still breathing down our necks. A new President and administration can't solve this problem alone and completely. We must be ever aware of the signs before us. The things that are brewing now will be our fare tomorrow.

A fresh and living example of the insidiousness of communism is the mysterious suicide leap of Abraham Feller, head of the United Nations legal department. Though this American's death made headlines in newspapers throughout the United States, his story will probably soon be forgotten. However, the facts which give meaning to his death must not be forgotten.

Why did Feller offer orally to resign from his position recently?

Why was he under strain of defending UN employes "against indiscriminate smears and exaggerated charges" before a United States grand jury and the McCarran Committee, as UN Secretary-General Trygve Lie stated?

What made Feller elude his wife's grasp and plunge 12 stories to his death?

Why had he been under the care of a physician for a nervous disorder the past two months?

Of what significance is the fact that Feller was a close friend of Alger Hiss, now imprisoned for perjury?

Is it a coincidence that one of Feller's associates, Laurence Duggan, assistant diplomatic advisor to the UN Relief and Rehabilitation Administration, mysteriously died in the same manner by falling from his 16th-floor office in December, 1948?

Why had Feller become so morose when Lie announced his resignation as UN Secretary-General last week?

What caused this "trusted advisor" to take his life?

Was Abraham Feller being unduly persecuted by questioning or did he have something to conceal?

Why do you think Feller died?

IONE SMITH

'Mesa Day' Features Campus Open Houses

Plans are currently being made by students of the Mesa campus for "Mesa Day." The idea and purpose of this function is to acquaint the students of the Riviera campus with the Mesa students and their classes and activities.

"Open houses will be held on the campus, which will provide Santa Barbara College students with a good opportunity to see 'the Mesa' and the work done in the different classes," says Ray Muhlethaler, who, as Mesa representative, is general chairman of the day's activities.

A definite date for "Mesa Day" is being left up to the decision of Provost Williams. Tentatively, it will be held during the first part of December and open house will be held on the set date from 11 a.m. to 2 p.m. Members of the Industrial Arts Club will conduct guided tours through the different shops of the Mesa campus. The following classes will have projects on display: woodworking, metal work, boatbuilding, free-hand drawing, house planning and design, wood finishing, and photography classes.

Advisor for the Industrial Arts Club is Mr. John Groebli, and president of this organization is Jim Marsh.

Ground-Breaking Ceremony at Goleta

A ground-breaking ceremony for the science building on the new Santa Barbara College campus at Goleta will be held at 4 p.m. on Nov. 26. The entire college community is invited to attend the brief ceremony. The campus will also be open to the public at that time.

The gate at the Goleta Beach entrance will be opened at 3 p.m. for the event, giving visitors an

11 Students Become New Epsilon Pi Taus

Eleven Santa Barbara College students were initiated into Epsilon Pi Tau, national industrial arts honorary organization, at a recent banquet ceremony, it was announced by Dr. Lynne C. Monroe, chairman of the Industrial Arts Department and trustee of the local chapter.

Those accepted for membership were Neil W. Berck, Cortland C. Doan, Herbert R. Harbison, Wandell D. Hunter, George Kostakis, James D. March, Sam B. March, Frank E. Stout, David D. Ward, Arthur B. Clark and Andrew L. Moffitt.

To gain membership in this organization the student must attain a scholarship average of B in the industrial arts department and a C-plus in all subjects. In addition, he must demonstrate professional proficiency and indicate his capability in research.

There are 45 chapters of Epsilon Pi Tau in the United States and others in a dozen foreign countries. The chapter at Santa Barbara College is the largest. In the world-wide membership there are 30 honor members, of whom Emanuel E. Ericson, professor of industrial arts at Santa Barbara College, is one. There are three laureate members in the chapter here, Provost J. Harold Williams, Dr. Kermit A. Seefeld, associate professor of industrial arts, and Dr. Monroe.

At the ceremony Charles F. Temple, president of the organization, presided, and Dr. Rollin W. Quimby, instructor in speech, was the main speaker. He spoke on "Radio, Television and Politics."

opportunity to look around the 408-acre campus area. It is expected that certain of the converted military buildings will be open for visitors at that time.

Imagine My Surprise!

Bon jour my friends. As I pick the dust off my clothes and adjust the toothpicks holding up my eyelids (mid-terms, you know), I endeavor to create another masterful bit for all Santa Barbarans to hash over. So many little things have been happening I just can't decide who to slander first. However, I shall begin . . .

I am sooo happy to see that the old tradition of TGIF is not dead on the campus. It was buried for a long time, you must admit, but the other Friday guess what I heard about. And was it fun! I must confess to you that the place was filled with Alpha Phis and Kappa Sigs. No names today, kids; reasons obvious.

Before rambling on too long, I'd like to rehash some of the All-U events. As was expected, mucho Gauchos traveled up to the fine city, and oh, what they did! Diane Campbell played host to the DGs. Everywhere you went in her abode you ran into Pat Benko, Georgia Baciu, Myra Jacard, Irma and Marian Combs, etc., on into the night.

Bill Brown really played host in style with his parents. They had a suite at the Mark Hopkins and held open house for any and all Santa Barbara students. The highlight Saturday came when two unidentified people climbed up the fire escape to the Top of the Mark. I guess people were really shook to gaze out the window

and look into someone else's face—seventeen stories up. Such scenery few have ever gazed upon.

What-has-happened department. . . . Featured at your local theater is a captivating newsreel of the UCLA-Cal game. In all the crowd scenes of the newsreel you see the great UCLA rooting section as introduced, but someone fouled their switches. The crowd shown is nothing but Santa Barbara rooters. Be sure to see it today. Maybe you had your first screen test and didn't know it.

To the Thetas in the love-and-romance division. . . . Big announcement coming up from two old-timers. Look for it through the mails or in person on or near Thanksgiving. Surprise—plus in store.

Larry Chapman, Ted Troy, Jon Popovich and all members of the Order of the White Camelia were pleasantly surprised by the return of the Colonel. Celebrations followed. Col. Lee Hardy is well on his way to a doctorate at UCLA; only his thesis on "Redistribution of California's Congressional Districts" remains to be done. Good luck.

I heard via the grapevine that Legislative Council is bouncing committee and board chairmen who haven't been showing up at meetings. More power to these kids for removing deadwood before it hampers them too much. This might stimulate some real

competition for the posts available in student government and at the same time make people realize that responsibility goes with a job in council. I wonder if anyone reading this column wants to get into student government. I advise you to get on the ball with applications (available in AS-UCSBC office) for the vacancies most recently made.

Ah, well, soon the college life is over and all is well. For now I bid adieu, farewell, thirty, end, finis, etc. . . . Get the idea? You do? Imagine my surprise!

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

Miss Jean Hodgkins Thinks She Is Lucky Person

By JOAN WOOTTON

"I've been the luckiest person all along the line," said Miss Jean Hodgkins, assistant professor of physical education at Santa Barbara College. Miss Hodgkins stated that from the very beginning of her teaching career she has received a number of fortunate teaching experiences. While she was attending UCLA she was a physical education assistant and when she was obtaining her master's at Columbia University she taught at the Horace Mann Demonstration School. There she was able to watch teachers practicing the newest methods in teaching physical education.

While she was at Columbia she met Miss Rosalind Cassidy, a well-known physical educator today, who was working on her Ph.D. Miss Cassidy's valuable assistance enabled Miss Hodgkins to obtain a physical education position at Mills College.

Hockey in Central Park

From Mills College Miss Hodgkins went to UCLA as a physical education instructor and finally returned to the Horace Mann School where she was in charge of the sports program. When asked about her stay there, she remembers taking the students by bus to Central Park to play hockey. When the war broke out rationing forced them to take the subway to the park, but this delighted the students.

The war interrupted Miss Hodgkins' teaching career when she joined the Navy and became an officer after attending the officers' training center at North Hampton, Mass. After her graduation she became an instructor at the Midshipman's School on the base. Miami was her next stop. There she was in charge of the 7th Naval District welfare and recreation. In response to questions on this job, she said, "I had my office in Miami and went from there to different stations in the area to check recreation facilities." She was the instigator in planning recreation parties for both enlisted men and officers.

She was then transferred to the 3rd Naval District in New York City where an important part of her job consisted in making recreational arrangements for the men on leave. Another one of her many jobs was planning large parties for the men on aircraft carriers, battleships and cruisers. These ships would return from active duty with, and would want to have a dinner-dance for, 2000 men at the Waldorf or the Ritz, with the money they had accumulated during their absence. All of the large hotels were very cooperative and arranged wonderful meals, according to Miss Hodgkins. There was also the responsibility of getting 600 dates, but Miss Hodgkins claims this was "no trick at all." She merely called up the Greater New York Recreation Council and they supplied the girls. "We had a party at almost every hotel in New York," said Miss Hodgkins.

Released from Navy

When Miss Hodgkins was released from the Navy in 1946 she held the rank of Lieutenant Commander. She then came to Santa Barbara College, where she is supervisor of student teachers in physical education. She divides her time by traveling from one secondary school to another and teaching several physical education courses. She is also faculty advisor to the Rally Committee, a member of the Student Discipline Committee and a member of the Applied Arts Advisory Board.

The Navy was responsible for most of Miss Hodgkins' 18 round trips across the United States from Miami and New York to her home in Inglewood. Her traveling was broadened two years ago when she and Miss Whitaker, who is also an assistant professor at Santa Barbara, spent a summer bicycling through Europe. They visited France, Germany, Austria,

Switzerland, Denmark and Italy. Miss Hodgkins refrains from including Sweden in this list because of their short visit of a half-hour. When asked about the trip, Miss Hodgkins could answer only: "It was all such a wonderful trip, it is hard to break it down, but we were inspired by the friendliness of the people toward those who traveled as we did. I think the Bavarian Alps, the City of Vienna, the art treasures of Italy, the beautiful blue Mediterranean Sea, and bicycling along the French Riviera are impressions that we will never forget."

Makes Jewelry

If you happen to notice Miss Hodgkins wearing a piece of modernistic jewelry, it is probably something she has made herself. This relaxing pastime enables her to make beautiful gifts for her friends.

Miss Hodgkins plays a very "wicked" game of hockey, but claims her favorite sport is sailing. Speedball is another of her ardent sports.

Miss Hodgkins' publications include an article for the American Association for Physical Education, Health and Recreation on "Let Your Students Help." This article gives the teacher some clues on how to use students as teachers in large classes. Miss Hodgkins also edits the Speedball Guide of the National Section of Women's Athletics.

Miss Hodgkins has just returned from a year's leave of absence at which time she finished her doctorate at Columbia University. She is now Dr. Jean Hodgkins.

Miss Hodgkins is a favorite physical education teacher on campus and an inspiration to student teachers. Her guidance and patience has helped many a physical education major in becoming an excellent teacher.

When asked about her future plans Miss Hodgkins remarked, "I plan to spend next summer resting on the beach at my home on Balboa Island."

IA Faculty Members Conduct Initiation

Twelve members of the Industrial Arts Department faculty at Santa Barbara College took part in the initiation of new members into the Beta Field Chapter, San Diego, of Epsilon Pi Tau, national honorary industrial arts organization, Friday.

This initiation team has conducted this ceremony for the San Diego chapter and other Southern California chapters several times previously. The new members of the San Diego group are men who have demonstrated unusual accomplishments in the field of industrial and technical education.

The initiation party included Emanuel E. Ericson, professor of industrial arts, who is an honor member and trustee of the national group; Dr. Lynne C. Monroe, chairman of the Industrial Arts Department, who is a laureate member and trustee, and Dr. Kermit S. Seefeld, associate professor, who is a laureate member.

Others are John M. Groebli, Dr. Ralph K. Nair, Thomas S. Weir, Joseph J. Sayovitz, Dr. Maurice F. Richards, Dr. William F. Holthrop, Dr. John A. McClure, Dr. William G. Knife and Dr. Paul L. Scherer, all assistant professors of industrial arts.

Miss Jean Hodgkins

Pre-Election Survey Made in S.B. County

Using information collected in a pre-election survey, students of the social psychology class here predicted the relative Eisenhower-Stevenson vote in this county by a three per cent error.

Working under the direction of their instructor, Dr. Robert M. Gottsdanker, assistant professor of psychology, the students conducted 69 interviews with voters selected at random in three precincts.

The forecast made was that Eisenhower would receive 63 per cent of the two-candidate vote in Santa Barbara County; according to latest tabulations he obtained 66 per cent. An attempt to predict the national outcome from the county survey was not made since the voting records of Santa Barbara County have not shown a consistent relation to the national vote in recent elections, explained Dr. Gottsdanker.

Students participating in the survey included Nancy McKee, Barbara Newell, John McNamara, Frank Robertson, Ralph Edwards, Donald Rynd, Clayton Brennan, Basil Foeste, Robert Giffin and Ralph Larson.

Criminology Class Hears Chief Cooley

Acting Chief of Police Reginald W. Cooley of the Santa Barbara Police Department was guest lecturer for the college class on criminology last week.

Explaining to the class the structural organization of a police force and the relationship between the community and the force, Chief Cooley told of the care with which the local police personnel are supervised and trained continuously. Methods of police training were explained.

Various theories of crime and punishment in contemporary and other societies are discussed in the criminology course, which is offered in the Department of Social Sciences. The course is taught by Dr. Robert H. Billigmeier, acting instructor in sociology.

Phrateres Initiates New Members at Cabin

New pledges and old members of Phrateres, national service and social organization for college women, spent last Saturday at the college cabin. Informal initiation of new pledges, lunch and a general funfest were enjoyed by all.

Mary Jane Walker, president of Phrateres, announced that the formal initiation will be held on December 7 and celebrated with a dinner at a hotel. Organization plans for the future include attending Camp Cooke dances as hostesses.

Highlight of the meeting held last week was the passing of traditional candy by Dorothy McClure to announce her recent marriage to Bob Conley of the U.S. Navy.

Ladies of Spain

There are 11 women Spanish majors to only 4 men majors.

Development of Dance Is Bellinger's Topic

Continued from page one
 bility for reducing disparities in distribution of wealth, and (4) responsibility for promoting the full employment of our manpower and resources.

Present-day liberalism goes beyond its basic commitment to the dignity and worth of the individual; it reflects an attitude, a state of mind, a way of approaching problems, rather than set and fixed dogma concerning the kind of society in which individuals must fully realize themselves. Liberalism may one day challenge, another day cherish the church. At one time it may seek less government intervention; at another

time, more. Once it may be inseparable with big interests, again it may be hostile. The approach is experimental, as well as tentative; the text pragmatic. If the content of liberalism varies, this is its inherent and distinctive force.

New Series of Books Added to Library

Santa Barbara College has recently added an excellent set of books to its collection. These books comprise the series entitled *Great Books of the Western World*. The collection of 54 volumes has been prepared under the direction of Robert Maynard Hutchins and Mortimer Adler. Included in this synoptic are works of Homer, Aristotle, Euclid, Virgil, Chaucer, Shakespeare, Milton, Adam Smith, Hegel, Melville, Tolstoy and Freud.

Recently *Time* magazine devoted its cover story to Dr. Adler and the work involved in assembling these volumes. Santa Barbara College has one of the complete sets in the limited first edition of 2,000 pressings of the *Encyclopedia Britannica*.

These books are now on the open stacks for circulation to both faculty and students.

Just Your Style!

—In the way of high fashion, special service, and practical price tags . . . that's *Miss Barbara Inc.*—as anyone who has discovered the big white house with the red trimming (on Anapama near Anapamu) will be quick to tell you.

And in the way of *Miss Barbara's* campus horn-blower, I'll be around here on page 3 with the stockroom scoops on outstanding merchandise and bits of fashion news you might miss while buried in *The Wasteland* or *Biology and Life*.

Frinstance: for a preview of "firsts" in the way of glitter touched fashions for the many holiday party times, you are most cordially invited to an informal showing (with its own party atmosphere—door prizes etc.!) on Saturday afternoon, Nov. 22 at 3:00 at the above mentioned white house on Anapama.

And here I make pointed mention of the many dances—Christmas formals, etc., coming up, along with the big night of nights—New Year's Eve. Naturally you'll want to match the holiday sparkle, so *Miss Barbara* has been stocking up for several weeks now on "occasion" dresses of the most sparkling colors imaginable, stressing the combination of beauty and originality.

We're all pretty excited about them, and even more so about getting your reaction on Saturday afternoon. Remember; 3:30 at *Miss Barbara's* for a showing of fashions planned for holiday happenings, in just your style.

Incidentally, there's a Gaucho alum, Pat Johnson (S'51) on the *Miss Barbara* staff who knows what you need, and being a friendly sort of gal will do her best to help you find it. Be sure to have her show you a certain adorable paper taffeta date dress; we both wanted it the minute we saw it—(price only 15.95)—so before we came to blows, Miss Coy (co-owner) settled things: neither of us could have it. So there it is—first come, first gets it.

See you Saturday . . .

Pat Williams
 Campus Representative

GAUCHOS TROUNCE POMONA 26-7

MEET SAN DIEGO STATE IN FINALE FRIDAY

Coach Stan Williamson's Santa Barbara Gauchos chalked up their seventh victory of the year as they downed the Pomona Sagehens 26-7 before a small crowd at rain soaked La Playa Stadium.

This Friday night the Gauchos tangle with the powerful San Diego State Aztecs in what should be the best game of the season. The Aztecs, under Coach Bill Schutte, walloped the Gauchos 40-0 last year and will be out to pull a repeat performance.

Revenge

The Aztecs have a 4-3 record for the season and are tied with the Gauchos for second place in the 2C2A Conference. Friday night's tilt will be the last of the 1952 season and the Gauchos will be out to exact revenge for last year's defeat and to end the season with eight wins as against two defeats. The Gauchos should score that eighth win which will give them their best won-lost record in many years.

The Gauchos built up a 20-7 halftime lead against Coach Fuzz Merritt's Sagehens as Pomona seemed content to play a cautious ground game even though they were behind by 13 points.

Gauchos Score

Taking the opening Pomona kickoff, the Gauchos moved 80 yards in seven plays for the first Santa Barbara touchdown. Gary Morris, Dave Gorrie and Bill Davis teamed up to head the drive toward paydirt. Davis picked up 32 yards on a reverse, and Gorrie pushed through for gains of 11, 16, and 10 yards.

Pomona quickly bounced back and recovered a Gaucho fumble on the 40. Two plays later Cedric Scott pitched a short toss to Herb Hafif who went all the way for the score.

The second quarter saw Bob Shoup engineer a 95 yard drive with Shoup going over from two yards out on the tenth play.

Gorrie Injured

End George Mattias, who played a great game on both offense and defense, put on the clincher a few moments later when he blocked a Sagehen punt and the Gauchos recovered on the Pomona eight yard line. Four plays later Don Hastings, who substituted for Dave Gorrie who was injured early in the second period, went over for the TD.

Don Steere set up the final Gaucho score when he grabbed a punt on his own 22 and raced down field to the Pomona 13. The Sagehens put up a stubborn defense but the Gauchos scored in seven plays with Hastings booming up the middle on fourth down.

Awards Available in Biological Sciences

Several assistantships in biological sciences are available for students completing their undergraduate work in sciences this year. Interested graduates should investigate the opportunities offered students to study further at various universities.

Columbia University offers assistantships, fellowships and scholarships in the field of zoology. The University of Tennessee is awarding assistantships in zoology and entomology. Several National Science Foundations also are available.

PE Club Plans Trip To College Cabin

Swimming, hiking and group singing will highlight the Women's Physical Education Club cabin trip. Leaving Friday for a weekend of fun, the girls will journey to the College cabin.

The new P.E. students will provide the evening's entertainment. Marilyn Child's guitar will lead the songs to top off the program.

Mary Louise Herrmann is general chairman of the trip for the weekend. In charge of the new students entertainment is Pat Olson. Marian Combs is general chairman of entertainment.

Instructors from the P.E. Department also will attend. Miss Anna Horne, Dr. Jean Hodgkins, Miss Elvira Skubic and Miss Gladys Van Fossen will accompany the group.

Sig Tau Is First in Bowling; Sig Eps, LCA Tie for Second

Sigma Tau Gamma is now in undisputed first place this week after winning four games from the Gutter Snipes.

In second place, Lambda Chi Alpha is tied with Sigma Phi Epsilon. Lambda Chi beat the Deltas in four games and the Sig Pis were downed by the Sig Eps.

Last week's high-game honors went to Dick Niemann with a game of 226. His high series bowling score is 517.

Lambda Chi Alpha has the highest team average with 2933.

The team standings:

	W	L
Sigma Tau Gamma	12	4
Lambda Chi Alpha	11	5
Sigma Phi Epsilon	11	5
Downtown Drunks	10	6
Faculty	9	7
Delta Tau Delta	8	8
Gutter Snipes	7	9
Delta Sigma Phi	5	11
Sigma Alpha Epsilon	5	11
Sigma Pi	2	14

Trimmers First in Women's Volleyball

Women's intramural volleyball is held every Wednesday at the De la Vina Men's Gym from 7 to 9 p.m.

Pat Richardson's Garden Trimmers are in first place. Jolly Juggers are in second place and Chi Omega and the Red Hots are running a close third.

Many of the girls are now being rated by the Women's National Official Rating Board.

Any girls interested in playing volleyball are welcome to come to the gym, according to Peggy Davis, chairman of intramural volleyball.

There will be no intramurals next week because of Thanksgiving vacation.

CRA Tennis Meets To Be Held Dec. 6-7

Sponsored by the College Recreation Association, the semi-annual student-faculty mixed-doubles tennis tournament will be held at the municipal tennis courts Dec. 6 and 7.

Partners may be student-student, student-faculty or faculty-faculty. Entrance fee is 50 cents per person and may be paid at the courts. Entrants are requested to bring their own tennis balls for the first rounds.

Those who wish to enter are asked to sign up in front of the Men's Gym by noon on Dec. 3. Those who do not have partners may sign up and partners will be found for them. Trophies will be awarded to the winners.

Further information may be obtained from Patricia Richardson.

Sleep 'n' Eats Lead Coed Bowling League

Lloyd Heavin again had the high score and high series in the coed bowling league Thursday with 223 and 591. His team, the Sleep 'n' Eats, is ahead in the standings.

The Sig Toos and the Mixed Hits tied one of their games and it was necessary to split the score. The standings are listed below.

	W	L
Sleep 'n' Eats	12	4
Mixed Hits	10½	5½
Sig Toos	8½	7½
Alley Cats	8	8
Hi Balls	8	8
King Pins	8	8
Scrubs	8	8
Loafters	7	9
Mabeggel	6	10
Spastics, Inc.	4	12

Sailing Club Race Will Pick Skippers

The Sailing Club will hold inter-collegiate racing to pick skippers and crews to fill the competing team berths Friday at 1 p.m. at the harbor. This team will represent UCSBC in sailing competition with other colleges and universities.

Skippers will be selected according to ability and aptitude. They then will choose their own crews, basing their choice on ability, aptitude for sailing and interest in racing.

Those expected to try for a skipper's berth are Ed Brown, Chet Ward, Dean Moore, Chappy Bortz and Cliff Horn. According to Cliff Horn, anyone else who would like to try out and any interested spectators will be welcome.

A ladies' race also will be held at the harbor on Saturday at 12:30 p.m. Trophies will be presented to those placing. Any girl who can, through ability and aptitude, may beat any person for a skipper's berth.

ROTC Unit Praised For Parade Showing

"Appreciation of the splendid showing" of the College ROTC battalion in the Armistice Day parade was expressed in a letter received by Dr. J. Harold Williams, provost.

The letter, from Col. Louis H. Bell, AUS (ret.), chairman of the Santa Barbara Patriotic Council, was the second such commendation received, marking the second participation by the unit in this

Students Who Took Part in Chest Drive Commended by Dean

Santa Barbara College students who contributed to the 1952 Community Chest campaign were commended in a letter from Dean Lyle G. Reynolds, as follows:

"For the first time in many years Santa Barbara College has gone over the top in meeting our Community Chest quota for 1952. The quota set for Santa Barbara College and Westmont College combined was \$2,000. The total contribution by Santa Barbara College alone was \$2,051 as of November 5, 1952.

"I have been asked to convey the congratulations and appreciation of the Chest to you. Santa Barbara College has been given a special award for this achievement.

"I would like to thank each person who made this possible; especial recognition should go to each worker who solicited among his or her group.

LYLE G. REYNOLDS
Chairman, Community Chest
Santa Barbara College."

ceremony. Congratulations of the Military Science Department were added by Lt. Col. Maddox.

One of the parade highlights was the selection of Company A as the best marching unit of the ROTC battalion. The company is commanded by Cadet Captain Daniel Escalera; Cadet James R. Subject is first sergeant and platoon leaders are Cadet Lieutenants Melvin E. Cokelye and John W. Maloney.

A Social Group
Social Science majors total 37, with 20 men to 17 women.

Fashion Show Given By AWS Is Success

The AWS fashion show was a big success, according to Teddy Tye, chairman. Jo Salmon was in charge of the models and Claire Smith was the mistress of ceremonies. Clothes were sponsored by Lou Rose.

The show, held in the AWS Room yesterday, was divided into two 20-minute periods, starting at 11 a.m. and ending at 11:50 a.m.

"Plans for a bigger and better AWS fashion show are now being formulated," said Teddy.

Psychologically Speaking . . .
Psychology majors total 34, with 18 men to 16 women.
