Fotech One Hour Color Labs and Fotech Studios are divisions of Fotech Color Labs

We Make Faces All Day!

Fotech photo printers make thousands of faces every day. We'd like to make some for you.

Have you ever taken your film to a discount photo finisher and got back blue or yellow tinted faces? Maybe your face is blue, but most people's aren't. Fotech photo printers specialize in making faces the color they were supposed to be. We'll even give you a FREE try (use the FREE Photo Reprint coupon on this page). Do you think your discount photo finisher would risk an offer like that? Makes you wonder if...

Test: Which Photofinisher to Use?

1. If the pictures are important and you want them to look good today and next year, use Fotech.
2. If the pictures are not important drop them at your discount photo finisher and pray.

ARE YOU IN PAIN?

IT COULD BE A PINCHED NERVE

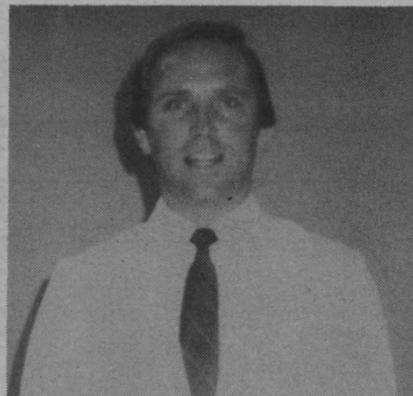

Relieving the pressure on your nerve (at the site of the pinching) causes the pain to go away. That's why a Doctor of Chiropractic adjusts your spine to relieve pain from your head to your feet. The chart below shows where the nerves are located which control the various parts of your body.

If you are taking pain killers, you are covering up the pain, and the pain will usually return. If you have been unable to find long-lasting relief from pain, I urge you to try chiropractic.

This examination will include an orthopedic test, a neurological test, a spinal alignment check, and a private consultation with your doctor. If X-rays or other tests are needed to arrive at a diagnosis, you will be advised of any costs before proceeding.

WORKERS' COMPENSATION AND MOST INSURANCE COMPANIES COVER CHIROPRACTIC CARE TO POLICY LIMITS.

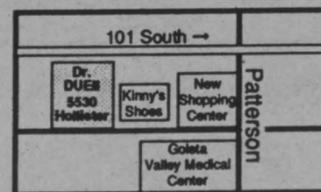

Hi, I'm Dr. Mark L. Duell, Sr., Doctor of Chiropractic. Perhaps gentleness in chiropractic is a new concept to you. It was to me before I began the six years of college training necessary for my doctorate degree. During those years I learned the precise locations where light pressure can bring chiropractic relief to pain.

In addition to my doctorate, I have a bachelor's degree in Human Biology. Since college I have completed courses in Activator, Nutrition and X-Ray. Even now I devote three days every month attending a nationwide seminar on chiropractic.
