RAINBOW REVUE WELL RECEIVED BY BIG CROWD

Capacity House Greets
College Talent
Display

DANCES FEATURED
Funds Raised To Help
"La Cumbre"
Annual

An unusually large crowd of students and townspeople that nearly filled the auditorium showed its approval of the Rainbow Revue, presented last Friday night in the auditorium for the benefit of the La Cumbre.

The Revue, which took its name from the rainbow ballet given by the Gladys Felger Dance studio, kept up a fast-moving, colorful tempo from the time the curtain was raised on the brightly-costumed group of children until it was lowered on the last act, a clever tomboy dance by Dorothy Kleine, of the Bernard-Harris studio.

The College Players were represented on the program with two excellent one-act plays, which were well received by the audience. Of the second, a tragedy by Cottman and Shaw called "Submerged," many have said that it contained the finest work ever seen in the college auditorium. Fred Harrison was the director of this play, while Evelyn Sims directed the comedy, "No More Americans."

Ben Romer proved himself an excellent showman for Cleave Hillman and his assistant, Carmel Leach, in the Black Magic act, directed by William Peters. Carmelita Janssens, Ruth Williams, and Ella Cornwall received much applause for their tap dance numbers.

The Revelettes were popular as always, and Elbert Cochran surprised many by the unusually fine quality of his voice.

Those who took part in the show were: Francina Sjolín, Wanda Felger, Betty Jean Felger, Dorothy Miller, Audrey Hill, Barbara Felger, Betty Sullivan, Dorothy E. Peterson, Anita Cochran, Betty Proctor, Virginia Weber, Mario Casaroli, Roger Casier, Sally Leonard, Clark Stephens, Doris Rodehaver, Walter Powers, Jr., Gerald Smith, Evelyn Sims, Elbert Cochran, Dorothy Kleine, Charles Pierce, Carmel Leach, Ben Romer, Cleave Hillman, Carmelita Janssens, Ruth Williams, Ella Cornwall, Albert Bevis, Lorenze Greeson, F. du Bois Harrison, David Watson, Fred Ines, Cecil Hickman, Fred Harrison, Louie S. Taylor, Paul Hylton, Rollo Elliott, Dave Larsen, and Charles Poore.

D. S. E.'S SELL MOST TICKETS

Delta Sigma Epsilon sorority won first honors in the ticket sale contest of the Greek letter societies held for La Cumbre benefit by a majority of 50 tickets. The prize, a five pound box of candy, was presented to Helen Natuman by Wes Dickenson on the night of the performance of the Rainbow Revue. Members of Delta Sigma Epsilon sold 137 tickets.

SINGERS GIVE CONCERT IN EL ENCANTO

Glee Clubs Appear In
Hotel While Guests
Are Dining

Members of the combined glee clubs of the college gave a concert in the lobby of the El Encanto hotel last Thursday evening during the dinner hour. Selections from the Glee Club Home Concert were repeated. Although the entire program was well-received, special comment was made by members of the audience about "The Long Day Closes," an unaccompanied number sung by the combined clubs.

Each year the management of the hotel arranged for the State College glee clubs to give a concert. The program is given complimentary by the hotel for its guests, and the doors between the dining room and lobby are opened so as to entertain people in both rooms at the same time.

The invitation to sing at Hotel El Encanto during the height of the winter season speaks well for the reputation of the college glee clubs, according to Mrs. Helen M. Barnett, head of the music department. The clubs have been asked to give one more evening concert this season, and will sing carols for the guests of the hotel early Easter morning.

MEN'S CLUB FUTURE DISCUSSED TUESDAY

The executive board of the Men's club met at the home of Oscar Trautz last Tuesday night. The following members of the board were present: "Happy" Day, president of the club; Daniel Britton, vice-president; William McDavid, secretary; Stanley Winters, treasurer, and Oscar Trautz, social chairman.

The budget and the financial standing of the past and present semesters were discussed.

Six meritorious awards have been provided for in the budget. One will be given to John Davis, past president, while the other five will be awarded to the members of the present executive board.

It was also decided that the money left from the Hobo Brawl should be set aside to buy furniture for the new club room. The future plans for the club were considered and the constitution was studied as to the eligibility of next year's officers.

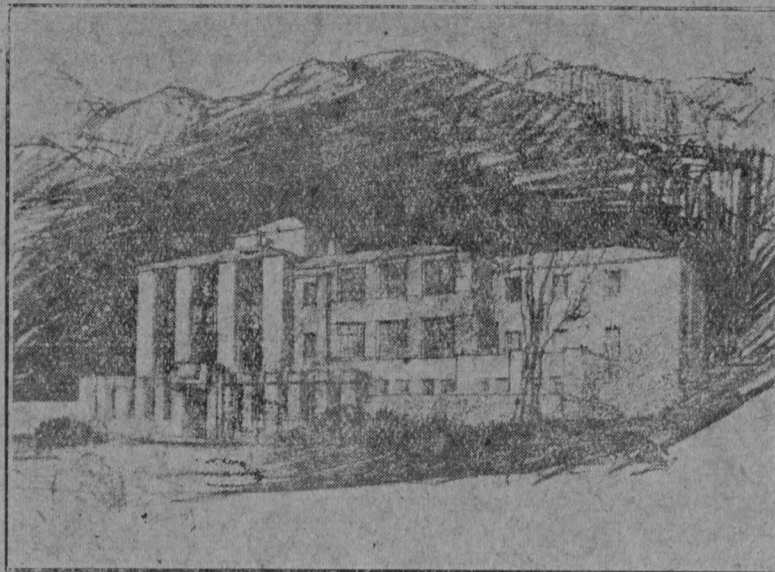

Secrecy Surrounds New College Plays

Although the reading committee of the College Players is keeping the final selection of a three-act play from the press, it has been announced that try-outs will be held Thursday the fifth period, and Friday after 2:40 in the auditorium.

Anyone who wishes to try out, but cannot be present at either of these hours, is asked to see Dean William Ashworth or Doris Rodehaver for a special appointment.

The reading committee states that the play is a good one and has six parts for men and four for women. Try-outs will not be difficult and anyone who is interested is asked to try out regardless of experience.

STATE'S NEW SCIENCE HALL

NEW SCIENCE BUILDING PLANS ARE FINISHED

Plans for the new Science building, shown above, give promise of a splendid addition to the natural charm and architectural beauty of the Santa Barbara State college campus, according to President C. L. Phelps. The \$120,000 structure will be of Spanish architecture similar to that of the Home Economics building.

Erected on the corner of the campus formerly occupied by the old music room and cafeteria, the new building will partially enclose the square formed by the ell-shaped Home Economics building and the central building. This patio will be landscaped in a manner that will add to the Spanish atmosphere of the campus.

Accommodations for approximately two hundred more students at State college will be furnished by the Science building. The

structure, which is to be three stories in height, will contain laboratories for physics, chemistry, physiology, and botany. Lecture rooms will also be provided. The old laboratories in use at the present time will be made into lecture rooms for academic courses.

No definite time has been set for beginning the construction work. Bids for the Science building will not be issued until those on the new training school are ready, so that work on both structures can begin at the same time.

Andrew P. Hill, head of the state School House Planning commission, came down from Sacramento Tuesday to confer with President Phelps concerning plans for the new training school.

TWO BUILDINGS WILL BE BUILT

Construction of two new buildings upon the college grounds that will increase the enrollment possibilities of Santa Barbara State by over three hundred students was announced by President Clarence Phelps, upon his return last week from Sacramento.

A thoroughly modern science building, at a cost of \$120,000.00, will be erected upon the site of the old cafeteria. Plans for this structure are completed and work will be started within sixty days.

The first unit of a new training school will be built, at an estimated cost of \$70,000.00, upon the hill slope facing the Mission. W. A. Edwards, a local architect, is working on the plans which will be completed shortly.

Construction of both buildings will go forward at the same time. It is expected that between two and three thousand dollars can be saved in this way over the cost of erecting them separately.

While no definite date has been set for their completion, work will be rushed upon both buildings as rapidly as possible, in an endeavor to have them ready for occupancy before January first of next year.

Junior Classmen To Have 25 Cent Dues

Stuart Thompson, class president, announces to the junior class members that the assessment for the La Cumbre annual and expenses incurred for class day must be met. He found it necessary to make an arbitrary assessment of twenty-five cents per member, which is due before March 31. Martin Bredsteen, Dorothea E. Peterson, Ella Cornwall, and Helen M. Smith are appointed as deputy-treasurers to collect the dues.

HOBO BRAWL TO BE AT Y. M. C. A.

The annual Men's club Hobo Brawl will be held at the Y. M. C. A., April 15 at 7 o'clock.

The whisker contest will start Monday following the Easter vacation and will be judged the night of the brawl.

Among the events planned, in addition to the whisker contest, are boxing, billiards, chess, checkers, pool, swimming, and ping pong. The members of the Men's club will be extended full privileges of the Y. M. C. A.

Besides the Men's club executive board the following committee will be in charge: Norvall Fast, Howard Bradbury, Dick Waterman, Lewis Fleckenstein, and William Duetchman.

Ballentine Takes Sophomore Office

Ruth Arnold, former secretary of the sophomore class, was replaced by Marjorie Ballentine who was elected at the regular class meeting last week. Ruth left school last semester, making the election necessary.

Plans for sophomore class day which is to be April 21, were begun, nothing definite being decided.

Seniors Discuss Gift To College

The Senior class met to discuss the graduating gift that they would present to the school. Many of the members were in favor of a Telechron clock to be placed in the library. The members who took part in the class day program were thanked for their cooperation. Llewellyn Goodfield is president of the class.

AIR COURSES TO APPEAR IN STATE SCHOOLS

E. E. Ericson Returns
With Report On
Teacher Meet

Courses in teaching aeronautics will be added to the industrial education courses in the state colleges of California, according to an announcement made by E. E. Ericson, head of the industrial education department of Santa Barbara State college. The decision to add this course to state college programs was reached at the meeting of Teachers Training Conference of Industrial Education held last Friday and Saturday in Sacramento.

One semester's work in either the Boeing School of Aeronautics in Oakland or the Curtiss-Wright School of Aeronautics in Los Angeles fulfills the requirements for graduates to secure credentials to teach aeronautics. Credits in aviation can be obtained by students working toward a B.A. degree by adding to their regular summer session program a course in airplane construction.

Those interested in aviation may choose between training in airplane mechanics or airplane engines. Courses in airplane mechanics deals with the general construction of airplanes, while a study of airplane engines specializes in the operation and construction of airplane motors.

Industrial education departments in State colleges in California will give special stress to

(Continued on Page 2, Col. 4)

WHITTIER MEN WILL SING HERE FRIDAY

Whittier Men's Glee club will present a concert in the auditorium of the college under the auspices of the State College glee clubs Friday, fourth hour.

The Whittier club is an excellent organization and has a good reputation throughout the state. They are making a tour of the state during Easter vacation. Santa Barbara is their first stop on their way north. An interesting and varied program of the regular glee club type will be presented.

A small charge of ten cents is to be made for this assembly to help defray expenses. The nominal price is possible only because the college glee clubs are backing the venture. Tickets will be on sale this week, and may be obtained from any of the glee club members. Those having tickets will be excused from fourth hour class on Friday.

Student Directory Is To Appear Soon

All information for the Student Directory, a supplement to the Student Handbook, has been compiled. This has been done through the leadership of James Kent with Howard Bradbury assisting.

The directory will contain the name, address, phone number, department and number of units completed by each student. A faculty section similar to the students' is also provided. With the above named sections will be a list of the Greek-letter societies and their meeting places and a few pages for programs and memoranda.

GLEE CLUB TO GIVE CANTATA IN M. E. CHURCH

"The Triumph Divine" Is
Title Of Work By
Staters

BARNETT DIRECTOR

Methodist Church Will Be
Scene Of Play
Thursday

Thursday evening the glee clubs of State college, under the direction of Mrs. Helen M. Barnett, will present an Easter cantata, "The Triumph Divine," at the First Methodist church, at the corner of Garden and Anapamu streets.

The cantata was written by the six members of the third year harmony class under Mrs. Barnett. The joint composers are Anita Cochran, Betty Proctor, Dorothea E. Peterson, Irma Starr, James Tucker, and Mr. Vivian. Miss Cochran also will accompany the chorus on the pipe organ.

Preceding the cantata, Anita will play a group of organ selections and Mrs. Barnett will sing "I Know That My Redeemer Liveth," from the "Messiah." The soloists for the cantata are: soprano, Dorothea Peterson; alto, Rachel Burns; baritone, Elbert Cochran, and tenor, Mr. McAllister, band instructor at the Santa Barbara High School and the junior high schools.

The performance is open to the public, and all students and friends of the college are invited to attend.

Daniels Will Speak At Easter Vespers

Easter Vesper services will be held in the music room this afternoon at four-thirty. Dr. E. P. Daniels, minister of the Unitarian church, has been invited as guest speaker, and will give an Easter message. The choir of the Unitarian church will present special music.

Sponsored by the Associated Women students, the Easter Vesper service is an annual event held the week before Easter vacation. Similar services take place at Thanksgiving and Christmas time.

Although the vespers are sponsored by the A. W. S., men students are invited to attend, according to Miss Elsie Tietz, who is in charge of the services.

FRATERNITIES ~ SOCIETY ~ DEPARTMENTS

Sig Alphas Feast On Roast Pig At Barb

The Sigma Alpha Kappa fraternity held its semi-annual barbecue at White Oak Flats, the mountain home of the 4-H club on Sunday.

Those attending the barbecue were: Esther Ibsen, Bernice Smith, Alice Furman, Margaret Teal, Chloris Bixler, Grace Ellen Lee, Marie Miller, Catherine Rogers, Ella Cornwall, Charlotte Mason, Grace Olson, Betty Johnstone, Sally Leonard, Kay Myers, Marie Smith, Helen Smith, Margaret Hellman, Frances Leach, Christine Jennings, Nora Stevens and Marian Hanan. Llewellyn Goodfield, Harold Goodfield, Lovell Paggeot, Walt Barnett, Dudley Buck, Wesley Dickenson, Bernard O'Reilly, Jimmy Dakin, David Watson, Stuart Thompson, Danny Britton, George Harper, Everett Brown, Jimmy Anderson, Patrick McCullough, Bill Bell, Bob Winters, Stan Winters, Bob McClain, Harold Maney, and Larry Cudney.

After they played indoor baseball for a short time, the dinner gong sounded, at which time everyone rushed into the cabin to get his share of the stuffed roasted pig.

Sorority Event Marked by Swim and Buffet Supper

The regular meeting of Alpha Theta Chi was held in the form of a beach party last Monday evening at Bradbury's beach cottage at Summerland.

Members enjoyed swimming in the afternoon and a buffet supper was served at 5:30 o'clock. The regular business meeting was held later in the evening.

In addition to the pledges and active members present, the following alumni attended the affair: Mrs. Lorraine Duvall, Mrs. Charles Peteler, Mrs. Walter Marriot, Mrs. Walker Gabbert, Mrs. Kenneth Barr, Mrs. Fred Greenough, Mrs. Jack Gotschall, Mrs. William Canon, Mrs. Philip Bradley, Miss Marcia Goodwin, Miss Christine Hamilton and Miss Margaret Gammill.

Areta Gamma Pledges Give Party for Members

The pledges of Areta Gamma sorority entertained the active sorority members last Saturday evening at the home of Katherine Edwards. The decorations, entertainment and refreshments were carried out in the motif of St. Patrick's Day. The presentation of paddles to the sorority members was a feature of the evening.

Committees in charge were: Katherine Edwards and Margaret Holden, refreshments; Wilma Whitener, Ramona Abel, and Grace Glenn, entertainment.

The following guests attended: Alma Schakleford, Pearl Slater, Rose Telford, Viola Boardman, Millicent Peterson, Ida Mae Reeder, Corrine Bush, Miss Katherine Ball, Miss Wififred Frye, and Dr. and Mrs. Lincoln A. Ferris.

D. Z. D. PLEDGES AMUSE ELDERS

Honoring their "superiors," the pledges of Delta Zeta Delta sorority entertained with a bridge party in the home of Betty Greenwell after the track meet last Saturday evening.

A Japanese motif was carried out in the decorations and refreshments. Marie Miller received the first prize for bridge, Frances Merritt the second prize and Rose Greenwell the consolation prize.

The guests were: Charlotte Mason, Elsie Tietz, Marie Miller, Marjorie Johnson, Dorothy May Gibson, Frances Merritt, Dorothy Merritt, Ella Cornwall, Helen Smith, Margaret Wilson and Rose Greenwell. The hostesses, the pledges of the sorority were the following: Betty Greenwell, Ethel Davis, Betty May, Margaret Teall, Gertrude Bredsteen and Nancy Davens.

Delta Sigs Enjoy Fruits Of Ticket-Selling Labor

Meeting at Emoha, practice house for home economic students, the Delta Sigma Epsilon sorority held its regular weekly business meeting last Monday night at 7:30 o'clock.

The box of candy won as first prize for the ticket-selling contest for the Rainbow Revue was opened and distributed among the members and pledges. Plans were made for the formal initiation to be held on April 12, and Hell week which is to be the first week after Easter vacation.

Fraternity Inspects Washington Art Exhibit

Delta Phi Delta, national art fraternity, received from the Rho chapter at Boulder University in Colorado and Sigma chapter at Pullman College in Washington an art exhibit. Katherine Bishop, president of Xi chapter at State, hung the exhibit Monday. Wednesday at five o'clock a special meeting is called for the members of Delta Phi Delta to see the exhibit. A dinner, in charge of Ida Vizzolini, will be served on the campus. After the dinner the exhibit will be packed and sent to Pullman.

Student Confined at Hospital Improving Fast

Emily Geidner, a student of Santa Barbara State who is confined in the County Hospital with scarlet fever, is expected to remain there several weeks longer. Emily is improving rapidly and it is the sincere wish of fellow students that she return to State soon.

Home Economics To Hold Meeting Here

The California Home Economics Association Executive Council meeting will be held in Santa Barbara during Easter vacation on April second and third, according to Miss Charlotte Ebbets. The meetings will probably be held in Ebbets Hall. This state council, allied with the national council, decides all the policies of the Home Economics work for the following year.

Miss Maude I. Murchie of the Home Economics department of the State Board of Education will be one of the speakers. Delegates are coming from Mills College, San Jose and other parts of the state.

Miss Ebbets, who expects to spend the early part of the holidays in Glendale, will return for the meeting.

Big Shortage In Male Escorts Threatens East

There appears to be a shortage of male escorts at Connecticut Agricultural college. A co-ed recently inserted the following advertisement in the weekly Campus:

"Wanted — An escort for the co-ed formal. Must dance well, must be fairly good looking and must be at least 5 feet, 8 inches in height. Man with good disposition and one who can get along with my friends preferred. Photograph need not be included with application. Apply Box 137 within the next three weeks."

Visitors Inspect Home Ec. Building For Ideas

Three sisters from Santa Barbara Convent and one from the Notre Dame convent at Belmont, California, visited the Home Economics building here last week. They studied the equipment and the furnishings to get ideas for the Home Economics building to be built at the Notre Dame convent. The visitors were most impressed with the modern equipment in the laboratories and the neatness of the rooms.

(Continued from Page 1)
 courses in administration and supervision in industrial educational work. Two courses qualifying teachers for departmental supervision and general supervision for all mechanical subjects will be offered in this department, according to a statement made by Ericson. Requirements for departmental supervision can be obtained by completion of a five unit course after B.A. degree work has been completed. Ten semesters' work after obtaining a B.A. degree are necessary to receive credentials in general supervision.

There were representatives at the convention from San Jose, Fresno, Chico, and Santa Barbara State colleges, in addition to heads of the vocational departments from the University of California at Berkeley and its branch, and state educational officials, according to Ericson.

Honorary Home Ec. Group Pledges Six

Kappa Omicron Phi, honorary Home Economics sorority, pledged six members on March 16th in the Colonial Room in the Home Economics building. The pledges are: Norene Cave, Wilda Bray, Catherine Frankfurter, Geraldine Griffin, Austrid Clingwood and Helen Banker. They will be initiated in about five weeks.

Dinner was served in the home of Christine Jennings on Pedregosa street after pledging. Entertainment was provided during the evening by the pledges.

Mildred Mosher Is Chosen May Queen

Mildred Mosher, member of the freshman class and pledge of Tau Gamma Sigma, was elected to reign "Queen of the May" at the annual May Day festival. The election was held at the regular meeting of the A. W. S., Tuesday morning in the auditorium.

The custom heretofore has been to elect the queen from the physical education classes and not make known the results of the election until May Day.

This year's queen was elected from sorority and physical education student candidates.

Ned Porter Recovering From Auto Injuries

Ned Porter, who is in the St. Francis hospital recovering from an injured back which he received in an automobile accident while on the Glee Club trip, is doing well and expects to be out again soon.

Much has been done by friends to make Ned happy during his convalescence. He has a small library from which to select reading material and it includes College Humor, Judge, and even the Police Gazette. He also has a private phone as well as a radio.

Moral—If you pay your seven-fifty cents for hospitalization, you will get lots of flowers and candy.

A.W.S. to Hold Future Teas In Dining Hall

In the A. W. S. meeting the girls were warned not to eat their lunches in the club room, especially now that the warmer weather is approaching, as the crumbs call the ants. Also some girls have been leaving their lunches behind the book cases. Betty Proctor announced that if this continued she would take the lunches to Dean Pyle's office.

Dean Ashworth will read "Green Pastures" at the Thursday tea. In the future the teas are to be held in the dining hall so as to accommodate a larger crowd. Special features are being planned to be presented at these affairs.

Campus Fashions
 DEMAND A SUPPLY OF
Crisp Cotton Frocks

Thrilling new models have just arrived, in the most entrancing colors and sleeveless of course—as were so many of the winter resort showings. Necklines flat or collared—belts of patent leather or matching fabric—skirts pleated or gored to flare.

The linens in color contrast, are rivals of the pin wale piques—both tailoring well for the smart sports type of frock.

Priced to fit the most modest college budget . . .

FRESNO TIGERS WALLOP ROADRUNNERS AT MEET; 107 TO 23 IS FINAL SCORE

Fresno State walloped Santa Barbara State last Saturday night in the first night track meet of the season held in Pershing Park. Although State's men fought hard, they were outclassed by the squad from the north, the final score being 107 5-6 to 23 1-6 for Santa Barbara.

Lewis Fleckenstein captured the only first place for Santa Barbara when he cleared the bar at 11 feet, 6 inches to win the pole vault event.

"Army" Kessler, determined to beat the boys from the north, cleared the high jump at 6 feet 2 inches to take second place. First place was taken by Marty of Fresno who cleared the bar at 6 feet 3 inches.

"Widdie" Ezaki, the local captain, caused the visitors some trouble in the 440-yard run when he raced with them around the track only to be edged out in the finish.

Although the local squad failed to give Fresno much opposition, fine material is to be had at State and with a week of practice ahead the team should make a much better showing against San Jose State next Saturday night when they meet in Pershing Park.

Results of the meet are as follows:

One-mile run — 4 minutes, 47 seconds; Beattie (F.), Anderson (F.), and Eckhart (S.B.).

100-yard dash—10 seconds: Ayers (F.), Jackson (F.), and a tie for third between Winters (S. B.) and Hufford (F.).

Pole vault — 11 feet, 6 inches: Fleckenstein (S. B.), and a tie for second between Greenough (S. B.), Schuyler (S. B.), and Durham (F.).

440-yard dash — 53 seconds: Lomborg (F.), Chism (F.), and Ezaki (S. B.).

Shot put — 46 feet, 8 inches: White (F.), Lewis (F.), and Keyes (F.).

120-yard high hurdles—16 seconds: Bicknell (F.), Denham (F.), and Barnett (S. B.).

High jump — 6 feet 3 inches: Marty (F.), Kessler (S. B.), and Barnett (S. B.).

Two-mile run — 10 minutes, 43.8 seconds; Woods (F.), Anderson (F.), and Holstein (S. B.).

Discus throw — 130 feet, 4 inches; Keyes (F.), White (F.), and Earhart (S. B.).

220-yard run — 22.5 seconds: Ayers (F.), Jackson (F.), and Hufford (F.).

Broad jump—20 feet, 4 inches: Marty (F.), Kennedy (F.), and Keyes (F.).

880-yard run—2 minutes, 4 seconds: Markle (F.), Beattie (F.), and Tubbs (S. B.).

Javelin — 174 feet, 3 inches: Walmsley (F.), Harper (S. B.), and Kessler (S.B.).

220-yard low hurdles—27 seconds: Denham (F.), Bicknell (F.), and Winters (S. B.).

One-mile relay—3 minutes, 36.4 seconds: Won by Fresno, with Beattie, Markle, Chism, and Marty. Santa Barbara runners were Ezaki, Neidermuller, Bevis and Treloar.

Playday Sidelites

Did you notice the weather Saturday after the W. A. A. had practically gathered a bribe to send to the weather man to hold off the rain for another week?

And did you notice the seeming lack of intelligence displayed when they dragged out the meal — how in the name of our Nordic ancestors were we supposed to know that a roll of seemingly unbaked dough was called a Tortilla — and as for the eating of them it just wasn't done, 'cause they didn't serve a lesson plan or even suggest a method of attack.

Funny, isn't it, that the grass is always greener on the other side of the fence, those that had to come the greatest distances so far outnumbered the nearer neighbors that the joke is no longer funny.

I wonder if there is anything in the fact that Meryl Adams seems to be so adept in the art of serenading. Could it be that she has done it before, or maybe that is a custom of the valley she comes from?

Let's go back to the subject of food again. I wonder what the Spaniards ate when the weather turned to be 105 in the shade and no shade. Surely they didn't stop eating during the summer. Maybe that's why them seem to weather so many wars and revolutions. If they haven't killed them off when they're young with the highly seasoned food, nothing like an ordinary bullet or sword can pierce that protective abdominal coating.

I wonder if Helen Furby has forgotten how to rest, she has been working so constantly on the Play Day. That would make a grand looking set of headlines. "Local College Girl Forgets How to Relax." (To the editor: Don't publish it, the Smithsonian Institute will probably inquire!)

Japanese Exhibits Ancient Art Works

Mr. Sogo Matsumoto, general director of the Japan Manufacturing union, came to the college last Monday to exhibit original color print and authentic wood blocks. These were shown in the craft room of the art department. Some of these prints were by Hiroshige and Hokusai, masters of Japanese art, and date from 1700 to 1900.

Last year when Matsumoto visited State, Mrs. M. E. T. Cross-

Playday Program

The annual Play Day of the W. A. A. is now a thing of the past, but contrary to the theory of "pasts" this one was a success and a thing to be proud of. Much credit is due President Helen Furby and her corps of efficient workers. These are Tillie Chamberlain, Winifred Jones, Louise Dunham, Meryl Adams, and Pearl Reiger.

The theme was Spanish, and so was the program. Richard Aguin-aldo favored the girls with music during the meals. This in itself was a necessity, as they served no soup.

The first official number on the program was a dance "La Jota" by Ann Furtado and Ella Cornwall, very gracefully given and very graciously received. Next came another dance. This time it was a solo given by Marjorie Lewis.

The comedy element was introduced in the form of a serenade. The characters were Ethel Hudson, Edwina Elliott, Marjorie Brehm, and Meryl Adams.

The cast then sang "Cielito Lindo" to accompany another dance by Ella Cornwall and Ann Furtado. Marjorie Ballentine accompanied all of the numbers on the piano.

Mrs. Hodgins gave a few words of welcome to the girls and then each of the schools was asked to sing their school songs or give a yell. The day was ended by everyone standing while the girls from State sang Alma Mater.

well, head of the art department, called his attention to the resemblance of the art of the Renaissance to that of the Japanese. This was the result of Italian priests who went into Japan carrying the Renaissance influence and later returning to Italy, taking with them Japanese characteristics.

Mrs. Crosswell's mention of the likeness was the basis of the research done by Matsumoto. He will lecture on the "Resemblance

FOURTH ANNUAL PLAY DAY SUCCESSFUL; ELEVEN HIGH SCHOOLS ARE REPRESENTED

In spite of the unusually hot weather, the fourth annual Play Day sponsored by the Women's Athletic Association, proved a most successful event last Saturday when 160 girls met together at State to participate in a day of games. Eleven high schools were represented. Ventura had the largest number of girls present.

Due to the excellent organization of the games and the efficient planning of the meet, things went like clock work and girls had little difficulty in registering, getting acquainted, finding their way about, and getting started. The morning was spent in playing games and working up a good appetite for the Spanish luncheon which was held at 12:30 in the college dining hall. The luncheon was followed by a Spanish program of dancing and music.

Ventura had the largest number

of girls present followed by Santa Maria, a close second. Oxnard had 22. Other high schools present were Oxnard, Santa Barbara, Santa Paula, Santa Ynez, Antelope Valley, Lompoc, Fillmore, and San Luis Obispo.

The Spanish theme proved a popular one. Girls with Spanish sombreros and gaily colored sashes transformed State into the scene of a gallant fiesta. Upon registering, the visitors, were assigned to ranchos, there being four in all; and given sombreros and sashes corresponding in color to their rancho. In this way girls were given an opportunity to mix around and make new friends.

Helen Furby was general chairman of Play Day. Maurine Moore was in charge of reception; Meryl Adams, entertainment; Winifred Jones, food; Pearl Reiger, points; Mildred Chamberlain, schedule and activities; information and check room, Louise Dunham, and advertising, Alice Warring.

of Japanese Art and the Art of the Renaissance' in the Art museum in Los Angeles. Several members of the art department of the college plan to attend this lecture.

SUBMARINE CABLES

There are now enough submarine cables laid on the bed of the ocean to encircle the globe 13 times, their cost amounting to more than \$250,000,000.

ROADRUNNERS MEET SAN JOSE STATE

The Roadrunners will meet the San Jose State college track team next Saturday night at 7:30 in Pershing Park.

San Jose is supposed to be tough — tougher than Fresno, but the Roadrunners are all hot to stage a snappy comeback after their defeat last week.

Four Coeds Display Late Spring Styles

Four college girls with the air and ease of professionals exhibited model frocks, coats, and pajamas at a fashion show sponsored by Trenwith's, Incorporated last Thursday afternoon and held during the weekly A. W. S. tea in Ebbets Dining Hall from 3:30 to 5:00 o'clock.

Dorothea Petersen, Sally Leonards, Constance Briscoe and Mary Camp were the college co-eds who presented the sport frocks, informal afternoon dresses, white sport coats, dance frocks, beach pajamas, and formal dinner dresses. Each outfit was complete as to hose, jewelry, gloves and purses—all furnished through the courtesy of Trenwith's.

The fashion revue took up the greater part of the afternoon, although the students were able to spend a short time in dancing to the strains of an orchestra composed of Claude Gotschall, George Greenough, and Harry Denno.

The revue and the orchestra met with the approval of the students and opinion was expressed hoping for the continuation of these affairs in the Dining Hall rather than in the crowded sun-porch of the A. W. S. clubroom.

James Pennington Gives Talk To Men

Mr. James Pennington of the Aetna Life Insurance Company gave an address on insurance to the Men's club last Tuesday fourth hour. Dean Ashworth introduced the speaker who gave the first of a series of talks on different professions.

According to Mr. Pennington, life insurance is beneficial in three ways. In case of death it is a benefit. It serves its purpose to those who are not able to work, and in many cases save the beneficiaries from economic death. Life insurance gives relief and contentment to everyone. Mr. Pennington says that in the last twenty years the total amount of insurance has grown from \$18,000,000,000 in 1911 to \$108,000,000,000 in 1930. He points out that if it were not for insurance the economic depression of the United States would be much worse at the present time.

THE EDITOR SPEAKS

ACTIVITIES VS. STUDIES

FINDING the proper balance between studies and campus activities is a difficult problem, in the solving of which some students tend to go to extremes. Both are essential to a well-rounded education, but determining the correct mixture of the amount of attention each should receive is of primary importance.

Students are here to get an education. Their studies should, therefore, in all cases receive first consideration. If they are not here with the intention of working, and with the definite aim of constant self-improvement, their presence is an insult to the college.

On the other hand, no fair minded person expects to give nothing in exchange for what the institution is doing for him. This is particularly true in a college of this type, in which are offered even better opportunities for learning than in many private schools, and at a nominal cost.

Campus activities keep up the morale of the college. They encourage a closer relationship between the individual and the institution. They promote a more wholesome college spirit by affording a means for students to do something for their Alma Mater.

Anyone who is not compelled to earn his entire way through school can find time to make good in his studies and take part in the extra-curricular activities as well. By thus maintaining an even balance between his college curriculum and campus activities, he will receive a well-rounded training and will leave the institution better than he found it.

-P. H.

HOW ARE YOU HELPING?

"WHAT is happening to our student activities and organizations? Are they doing constructive work and functioning to their full capacity?" These questions are asked by many student critics, yet they are not followed up and the answers found.

State's student body is the main organization on the campus. Let us apply these questions here. We have elected leaders to carry on the work of the various departments. After election we have been willing to sit back and watch these leaders take all of the responsibility, carry the entire burden, while we offer criticism and blame them if their attitude is the same as ours.

No organization can expect productivity unless every member of the group is willing to produce. When we criticize our campus activities and those individuals who are directing them, we are knocking ourselves. These groups represent us and it is our responsibility to see that they grow.

STEAM STUDENTS' BLOWOFF!

This feature offers a medium for the expression of student opinion, constructive criticism, and helpful comment. All communications (for the protection of the editor and the Roadrunner) must bear the signature of the writer, although, if requested, the initials only will be published with the letter. In general, all communications will be published, reserving to the editor the right to suppress any comment which, in her opinion, is detrimental to the best interests of Santa Barbara State College and the Associated Students of that institution.

To the Editor:

On Friday evening of March 20 "The Rainbow Revue," a benefit for La Cumbre, was given at Santa Barbara State college. A very clever program was planned through the untiring efforts of an individual whose name wasn't even mentioned on the program and in its place was the name of another who, although vitally concerned as to the outcome of this benefit, was not responsible for the success of the production. At this time, the writer wishes to announce that the director of the "Rainbow Revue" was Katherine Bishop and not Martin Bredsteen, as was printed on the programs. All credit should go where credit is due and in this particular case, where Miss Bishop actually made the program, there is absolutely

no reason why anyone else should receive the credit that is rightfully hers.

Martin Bredsteen,
Business Manager of
1931 La Cumbre.

"A Junior Man":

In answer to your letter asking for the requisites for a student of provisional standing in order to be classified as recommended standing, the registrar gives the following information: a student of provisional standing may be classified as recommended standing once he makes his honor points equal his units. He becomes a recommended student in the standing of this college but the high school record remains as provisional or unrecommended.

-The Editor.

IT'S WORTH KNOWING

By EDYTHA BARHAM

That Dr. Elizabeth L. Bishop, director of research and instructor of psychology, set out to be a writer; that she was born in a schoolhouse, Perry Academy, Perry, New York; that her father was principal of the Academy at that time; that she received her early schooling in New York at Perry, Chatham, and Buffalo; that she completed her high school and teacher-training course in six years at the Buffalo State Normal Practice school; that after finishing her course she started to teach in the Normal as assistant to her father in the science department; that she taught every phase of science there for 23 years; that she started her first college work after teaching 10 years when she entered Columbia university summer school; that it was 20 years after she began to teach before she received her A.B. degree in applied science and home economics from Columbia; that she was faculty sponsor for the Delta Sigma Epsilon sorority at Buffalo; that she is a member of Pi Lambda Theta, national educational honor society for women; that after the death of her father she became head of the science department in the Buffalo Normal and ranked as associate professor;

that she taught food chemistry at Columbia for two semesters, substituting for Ellen Beers McGowan; that she taught physics in Chautauqua, New York; that she came to California in 1924, went to the University of California of California for a year and obtained her M.A. degree in education; that she keeps house as an avocation and enjoys driving a car; that she came to Santa Barbara State in the fall of 1925 as a physiology teacher, substituted for Dr. Jacobs while he was in New York, and then was made director of research for President Phelps; that she taught growth and development of the child at the University of California on leave of absence from here in the summer and fall of 1928; that she taught the same course at the University of Southern California in the summer of 1930; that she likes to read everything from the Saturday Evening Post to the Atlantic Monthly; that she is fond of animals and owns a cat with a high I. Q.; that her special interest is the all-around study of children from their school records; that she received her doctor's degree in education from the University of California in May, 1930.

I OBSERVED!

Teddy Neidermuller walk into Ott's Sports department barefooted, and calling one of the clerks a "dumb cluck" for giving him two track shoes for the right foot.

Carmie Janssens at the Biltmore Saturday night with a six-foot-four Stanford man. Elizabeth Peacock with another Stanford man of six-foot-five.

James Tucker bemoaning the fact that his name was omitted among those competing in the miniature air meet.

Four of "those terrible college students" getting bounced out of Tucker's Grove for dancing on Sunday.

Jimmy Kent and Dot Peterson leaving the track meet early because the supply of peanuts ran out.

Mrs. Hal Davis at the meet surrounded by a bevy of college lads.

Dick Cooper shedding his blood for dear old State when the Roadrunner proof press was run over his hand.

Frank Kiler counting up on his fingers the number of days remaining before he will see the girl friend down south again. (Not to mention Charles Poore, Lovell Pageot, Freddie Olsen, etc., etc.)

A co-ed giving an exhibition of the Blackbottom on one of the tables at Paradise camp, accompanied by a portable phonograph, and, incidentally, Dick Waterman.

World News

In Lakinville, Australia, a gold nugget has been found that weighs seventy-eight pounds.

A farmers' association in southeastern France is conducting a contest to determine the best housewife in the region. Each contestant must do the following:

1. Cook two kinds of sausage (pork sausage and the ordinary kind).
2. Make a special French cake (similar to English puff-paste).
3. Pick and clean a chicken.
4. Put a heel onto a stocking.
5. Sweep and wash a courtyard.
6. Entertain a child of eighteen months for a quarter of an hour.

Several persons have been injured and considerable property damage caused by recent earthquakes in the Philippine Islands.

A battle over redistribution is looming in the state legislature. Southern California representatives claim that their section of the state has been treated unfairly in the allotment of congressmen, following the 1930 census.

The state of Nevada now grants six week divorces, and by a bill just signed by the governor, gambling has been legalized. According to reports the state is running "wide open."

It has been announced by prohibition director Woodcock that 500 new dry agents will shortly be added to the federal prohibition forces.
